

COLUMBIA RIVER ZONE

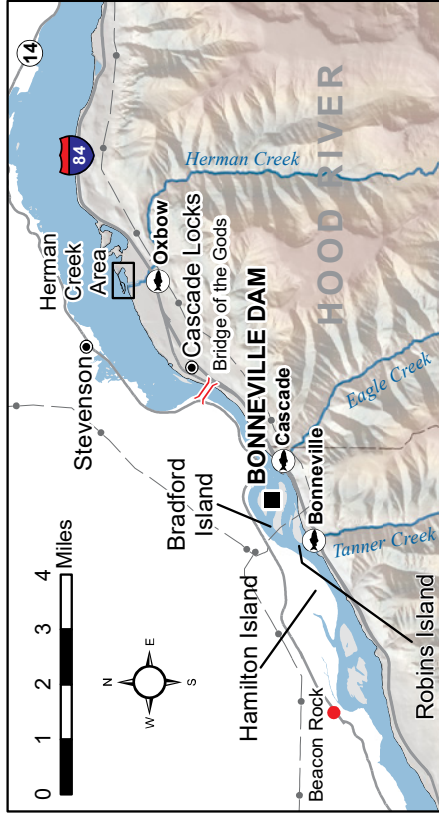

The map shows the Herman Creek Area with a lagoon and a peninsula. Key features include the Lagoon, Peninsula Boundary, Jetty Boundary, Youth Area, and Herman Cr. A scale bar indicates distances in feet, ranging from 0 to 1,000.

This map shows the Umatilla River and its tributaries, including the John Day River, Hood River, and Deschutes River. The river flows from the north (top) towards the south (bottom). Key locations marked include Umatilla, Irrigon, Arlington, Roosevelt, Maryhill, Biggs, Rufus, The Dalles, Lyle, and Hood River. The map also shows the Oregon-Washington border, the Umatilla Dam, and the John Day Dam. The surrounding areas are labeled as Morrow, Gilliam, Sherman, Wasco, Hood River, and Clackamas. The map includes a scale bar (0 to 1,000 feet) and a north arrow. An inset map shows the location of the Umatilla River within the larger context of the Pacific Northwest, highlighting the Umatilla River, Hood River, and Deschutes River.
