This year Maine is reducing the number of trail signs we distribute to clubs. Most trails are on private land and in order to cooperate with landowners, reduce the cost of trails, help the declining trail maintenance volunteers, and follow the International Guidelines for minimal snowmobile trail signing. We are notifying riders to ride the conditions they see ahead of them at all times using caution and take responsibility for your safety by driving at reasonable speeds for the conditions you see ahead. Join a club where you ride and help support the quality trails we all enjoy.

This is not a trail riding map. It is designed to help you find local Snowmobile Clubs and locate Snowmobile trail systems.

Please be aware that trails may change at any time due to wood harvesting or other landowner activities.

A Special Thanks to all Cooperating Landowners without whom these trails would not exist!
