Greetings:

I

EARY APRIL, one of our wildlife conservation officers sent a text message reporting two individuals had gotten an early start killing spring turkeys. The two outlaws apparently had killed 40 gobblers in the previous year - stolen out from under our hunters before the season even opened, and they killed three gobblers in one day the previous week. But with the information the officer had, it seemed only a matter of time until they were brought to justice. Our officers stay on their cases until they get results.

This is just one example of the work the Pennsylvania Game Commission does to support our hunters, trappers, and our wildlife resource. After all, we are hunters and trappers, too. Our mission, to manage the state’s wild birds and mammals – all 480 species – is a cause to which our staff is deeply committed. And our hunters and trappers make this possible.

As your state wildlife agency, we receive no funding from the governor’s general fund (tax dollars). Our hunters and trappers foot the bill for conservation in the Commonwealth. Combined with federal cost-share grants from the U.S. Fish and Wildlife Service’s Pittman-Robertson grant fund, the Game Commission is able to fund our wildlife conservation officers, conduct the necessary research needed to maximize hunting opportunity by setting appropriate seasons and bag limits, and manage over 1.5 million acres of state game lands and 2.5 million acres of Hunter Access property.

Your purchase of a hunting or furtaker license for 2017-18 represents an investment in our state’s wildlife resource to ensure future generations can experience the hunting and furtaking opportunities we enjoy today.

Pennsylvania offers some of the best and most diverse hunting and trapping opportunities in the nation. Giant whitetails are taken in every county. Bear hunting statewide has never been better. The spring woods always are alive with the excitement of calling in that loudly responding gobbler. The list goes on and on, and we hope it will continue for all time.

Welcome to Hunting and Trapping in Pennsylvania
License buyers should be aware of the following changes taking place this year.

Here are some of the changes this year that hunters and trappers need to know: *Semiautomatic rifles* and *air guns* now can be used for hunting small game and furbearers statewide, and there is no magazine restriction for either. These arms remain prohibited for hunting big game. Please check the small game section of this digest for the caliber requirements. ✴ *A pheasant permit* is required this year for all adult and senior hunters, including senior lifetime license buyers, who pursue pheasants in Pennsylvania. Junior hunters do not need a permit. The permit costs $26.90, with the generated revenue helping to offset costs of the pheasant propagation program. ✴ The statewide archery bear season has been moved ahead. It will be held Oct. 30 through Nov. 4 – the second-to-last week of the statewide archery deer season. ✴ Statewide, *antlerless deer license allocations* have increased since last season. More licenses are available in 14 WMUs. More information, including the dates on which antlerless licenses for each Wildlife Management Unit sold out last year, is found in the deer section. ✴ The firearms deer season in WMUs 5A and 5B has been shifted to the split-season format. Except on DMAP properties within those WMUs, only bucks may be taken from the opening day through the first Friday. Concurrent hunting of antlered and antlerless deer begins the first Saturday of the season. ✴ The boundary between WMUs 2C and 2E has been adjusted. Be sure to review the latest maps and descriptions. ✴ The post-Christmas segment of the *ruffed grouse season* has been eliminated due to recent impacts West Nile virus has had on the state’s grouse. ✴ *Chronic wasting disease* (CWD) continues to impact deer and deer hunting in Pennsylvania. Because of additional CWD-positive animals, *Disease Management Area 2 (DMA 2)* has been expanded eastward significantly into Cumberland and Adams counties. Meanwhile, DMA 1, which was established in 2012 in York and Adams counties, has been eliminated. Deer hunters are reminded to carefully review changes to DMA boundaries because special regulations apply there. The most up-to-date DMA maps always can be found at the Game Commission’s website. ✴ *DMA 2 antlerless deer permits* will not be issued this year. Other measures, including enhanced use of the DMAP program within DMA 2 will be relied on for increased deer harvest there. ✴ An extended *black bear season in WMU 3A* has been restored and will be held Nov. 29 through Dec. 2. ✴ The length of the *fall turkey season has been reduced* in WMUs 4A, 4B and 4E due to declining turkey populations within those WMUs. Meanwhile, a midweek *fall turkey season has been implemented* in WMU 5B, where turkey populations have doubled. ✴ A total of 118 *elk licenses* have been allocated this year. Twenty-five antlered elk licenses and 93 antlerless elk licenses will be awarded by lottery. Application instructions can be found in the elk section of this digest. The application deadline is July 31, and the drawing is Aug. 19. ✴ The *porcupine* has been reclassified as a furbearer. Porcupines can be taken by hunting only (3 daily, 10 per season), but can be harvested by those holding either a hunting license or a furtaker license. ✴ The *restrictions on hunting small game*, except pheasants, within Wild Pheasant Recovery Areas have been lifted. Additionally, the Central Susquehanna WPRA has been reduced in size, and a *permit-based, youth-only pheasant hunt* is being implemented there. ✴ The *bobwhite quail* season has been lengthened and the daily bag and possession limits increased, giving more hunters who encounter released quail an opportunity to harvest them. ✴ And finally, *this Hunting & Trapping Digest* has changed. *Fewer digests are being printed* this year as part of the Game Commission’s initiative to cut costs agency-wide. The digest is available online and can be printed at home, and a limited number are available to purchase.
Deer

One antlered deer per license year, and an antlerless deer with each required license or permit

**Regular Firearms** Nov. 27-Dec. 9

The Regular Firearms season is a statewide season. In most of the state, antlerless deer may be taken only during the second part of the season.

**WMUs 2B, 5C & 5D**

**Antlered & Antlerless** - Nov. 27-Dec. 9

**All Other WMUs**

**Antlered Only** - Nov. 27-Dec. 1

**Antlered & Antlerless** - Dec. 2-Dec. 9

ONE-HALF HOUR BEFORE SUNRISE
TO ONE-HALF HOUR AFTER SUNSET.

**Please note the following exceptions:**

1. During the Regular Firearms Deer Season, it is unlawful to take or attempt to take other wild birds or mammals, except game birds on regulated hunting grounds, migratory waterfowl, coyotes,* feral swine, wild boar and bears.

2. Raccoons, foxes, coyotes*, bobcats, striped skunks, opossums and weasels may be hunted any hour, day or night, except during restricted periods noted in Exception 1 (see furtaking section for more detail).

3. Hunting hours during Spring Gobbler Season are from one-half hour before sunrise until noon during the youth hunt, and from the opening day of the statewide season through the third Saturday. Beginning May 14, hours are from one-half hour before sunrise to one-half hour after sunset.

4. Migratory birds (waterfowl, doves, woodcock, snipe, rails and gallinules) may be hunted from one-half hour before sunrise until sunset, except during the September Resident Canada Goose Season and the Snow Goose Conservation Season, when geese may be hunted from one-half hour before sunrise until one-half hour after sunset.

5. Hunting hours are noon to sunset during the Sept. 1-Oct. 7 segment of Dove Season. Doves are migratory birds. Do not reference the hunting hours table here for the quitting times for migratory birds; check the migratory game birds hunting hours table elsewhere in this digest.

*Note: Outside of any big game season (deer, bear, elk or turkey), coyotes may be taken with a hunting or furtaker license, and without wearing orange. During any big game season, coyotes may be taken while lawfully hunting big game (must follow orange requirements), or with a furtaker license.

**Hunting Hours Table for Migratory Game Birds**
appears elsewhere in this Digest.

---

**Pennsylvania Meridian Map**

Hunting hours begin and end 4 minutes later for each meridian west of the 75th.

---

Daylight Saving Time Begins* Ends**
The Mentored Youth Hunting Program is designed to allow youngsters under 12 years of age to gain hunting experience and learn at an early age about Pennsylvania’s rich hunting heritage. It gives unlicensed youngsters the opportunity to receive one-on-one, hands-on experience and training in the field on ethics, safety, responsibility, enjoyment and all other aspects of the hunting experience by adult mentors who are dedicated to this pursuit. Participating youngsters are not required to take a Hunter-Trapper Education (HTE) class to be eligible for the Mentored Youth Program, however, once they reach their 12th birthday, the mentored youth permit will no longer be valid, and they will be required to successfully complete an HTE course before obtaining a junior license.

General Information
- A mentor (licensed person 21 years or older) who is serving as a guide to a mentored youth must secure a valid, current hunting license or otherwise qualify for a license and fee exemptions prior to engaging in any mentored youth hunting activities.
- A mentored youth planning to participate in the Mentored Youth Hunting Program must obtain a permit, and each youngster will be issued his or her CID number (each youngster will need a Social Security number to receive a CID number). The $2.90 permit can be obtained from any issuing agent and online at the Game Commission’s “The Outdoor Shop.” The Mentored Youth Hunting Program includes big game harvest tags for antlered deer and spring turkey. No big-game harvest tags will be issued to mentored youth applicants who are under 7 years of age at the time of application. Antlered deer or turkey harvests must be reported within five days by using the harvest report cards received with current Pocket Guide, online at www.pgc.pa.gov, or by phone by calling 1-855-724-8681. To hunt doves, mentored youth also need a migratory game bird license.
- A mentored youth who participates in any hunting party shall count as a member of the hunting party for maximum allowed numbers.

Species, Seasons & Bag Limits
- A mentored youth can hunt only squirrels, rabbits (cottontails), doves, woodchucks, coyotes, deer, and turkeys in any of their respective seasons, and must follow daily and field possession bag limits for each species (one antlered deer and one bearded turkey in the spring, per license year). Mentored youth permit holders may follow the same antler restrictions as junior license holders, which is one antler of three or more inches in length or one antler with at least two points.
- A mentor can transfer one valid antlered deer harvest tag to a mentored youth who was under the age of 7 at the time of application. The transfer of the antlered deer harvest tag may not occur until after the mentored youth has harvested the antlered deer, but before tagging the carcass. At that time, the harvest tag is to be transferred to the youngster to complete the tag information and to attach the tag to the ear of the deer. The mentor must report the deer and check the “taken by mentored youth” box on the harvest report card. A mentored youth may not receive by transfer more than one antlered deer harvest tag each license year.
- A mentor can transfer one spring turkey harvest tag to a mentored youth who was under the age of 7 at the time of application. The transfer of the spring harvest tag may not occur until after the mentored youth has harvested the spring turkey, but before tagging the carcass. At that time, the harvest tag is to be transferred to the youngster to complete the tag information and to attach the tag to the leg of the bird. The mentor must report the turkey and check the “taken by mentored youth” box on the harvest report card. A mentored youth may not receive by transfer more than one spring turkey harvest tag each license year.
- A mentor can transfer one fall turkey tag to a mentored youth if the youngster harvests a fall turkey. The harvest information and tag must be attached to the leg of the bird, and the mentor needs to check the “taken by mentored youth” box on the harvest report card.
- A mentor can transfer one valid antlerless deer license and/or one Deer Management Assistance Program (DMAP) permit to a mentored youth. Antlerless licenses are valid within the wildlife management unit (WMU) for which they were issued, and DMAP permits are valid on the specific properties for which they were issued. The transfer of the antlerless license and/or DMAP permit may not occur until after the mentored youth has harvested the antlerless deer, but before tagging the carcass. At that time, the license is to be transferred to the mentored youth to complete the tag information and to attach the tag to the ear of the deer. The mentor must report the deer and check the “taken by mentored youth” box on the harvest report card. A mentored youth may not receive by transfer more than one antlerless deer license and/or one DMAP permit each license year, and is ineligible to make direct application for an antlerless license and/or a DMAP permit.
- A mentored youth is eligible to hunt during any special youth hunting seasons that apply to eligible mentored youth hunt species. This includes the Special Antlerless Deer Only Firearms October season for junior and senior license holders.

Safety
- A mentored youth must be stationary (the state or condition where a person is still, fixed in place or static, indicated by a cessation of all forward, backward or lateral movement, whether in the standing, kneeling, sitting or prone position) and within arm’s reach of the mentor at all times while in possession of any lawful hunting device (any firearm or implement that is lawful to be possessed during the current season and used to harvest the particular species) while engaged in hunting or related activities.
- A mentor may not accompany more than one youngster at any given time while participating in the Mentored Youth Hunting Program. For example, a mentor cannot accompany a mentored youth and a licensed junior hunter at the same time. (A supervising adult can accompany any number of junior hunters outside of the Mentored Youth Hunting Program.)
- A mentor and mentored youth may not possess collectively more than one lawful hunting device at any given time while engaged in hunting or related activities. The mentor must carry the lawful device in transit to and from the spot.
- A mentor and mentored youth must be in compliance with fluorescent orange requirements for the species they are hunting.

Liability
- A mentor is responsible and accountable for all actions of the mentored youth occurring while engaged in hunting or related activities. A mentor who causes or allows a mentored youth to engage in an unlawful act shall be punishable as the principal offender.
The Mentored Adult Hunting Program is designed to allow first-time hunters 18 years old and older who have never held a prior hunting license within this Commonwealth, or another state or nation, to participate and learn about hunting through the experience of a licensed mentor. Mentored adults obtaining a permit through this program would be able to take part in hunting activities without first needing to take the basic Hunter-Trapper Education (HTE) course. The mentored adult hunter must be properly accompanied by a mentor while engaged in all hunting or related activities.

General Information

- A mentor (licensed person 21 years or older) who is serving as a guide to a mentored adult must secure a valid, current hunting license or otherwise qualify for a license and fee exemptions prior to engaging in any mentored adult hunting activities.
- A mentored adult planning to participate in the Mentored Adult Hunting Program must obtain a permit. Each mentored adult will be issued his or her CID number (each adult will need a Social Security number to receive a CID number). The permit ($20.90 for residents and $101.90 for nonresidents) can be obtained from any issuing agent and online at the Game Commission’s “The Outdoor Shop.” The Mentored Adult Hunting Program permit includes a big game tag for spring gobbler. Turkey harvests must be reported within five days by using the harvest report cards received with current Pocket Guide, online at www.pgc.pa.gov, or by phone by calling 1-855-724-8681. Mentored adult hunting permits are available for a total of three consecutive, unbroken, license years, after which the mentored adult will be required to successfully complete an HTE course before obtaining an applicable adult hunting license.
- A mentored adult who participates in any hunting party shall count as a member of the hunting party for maximum allowed numbers.

Species, Seasons & Bag Limits

- A mentored adult can hunt only squirrels, ruffed grouse, rabbits (cottontails), pheasants (pheasant permit required), bobwhite quail, hares, porcupines, woodchucks, crows, coyotes, antlerless deer and wild turkeys. Species must be hunted in any of their respective seasons, and daily and field possession bag limits for each species must be followed.
- A mentor can transfer one valid antlerless deer license and/or one Deer Management Assistance Program (DMAP) permit to a mentored adult. Antlerless licenses are valid within the wildlife management unit (WMU) for which they were issued, and DMAP permits are valid on the specific properties for which they were issued. The transfer of the antlerless license and/or DMAP permit may not occur until after the mentored adult has harvested the antlerless deer, but before tagging the carcass. At that time, the license is to be transferred to the mentored adult to complete the tag information and to attach the tag to the ear of the deer. The mentor must report the deer and check the “taken by mentored adult” box on the harvest report card. A mentored adult may not receive by transfer more than one antlerless deer license and/or one DMAP permit each license year, and is ineligible to make direct application for an antlerless license and/or a DMAP permit.
- A mentor can transfer one fall turkey tag to a mentored adult. The transfer of the fall turkey tag may not occur until after the mentored adult has harvested the fall turkey, but before tagging the carcass. At that time, the tag is to be transferred to the mentored adult to complete the tag information and to attach the tag to the leg of the bird. The mentor must report the turkey and check the “taken by mentored adult” box on the harvest report card. A mentored adult may not receive by transfer more than one fall turkey tag each license year.

Safety

- A mentored adult must hunt within eyesight of his or her adult mentor, and at a proximity close enough for verbal instruction and guidance to be easily understood without the aid of electronic communication devices or sound amplification devices.
- A mentor may not accompany more than one mentored adult at any given time while participating in the Mentored Adult Hunting Program. A mentor may not accompany a junior hunter or a mentored youth hunter in addition to a mentored adult.
- A mentor and mentored adult must be in compliance with fluorescent orange requirements for the species they are hunting.

Liability

- A mentor is responsible and accountable for all actions of the mentored adult while engaged in hunting or related activities. A mentor who causes or allows a mentored adult to engage in an unlawful act shall be punishable as the principal offender.

### Junior Hunting Opportunities

**Youth Squirrel Season:** Sept. 30-Oct. 14 (12-16 years old without a license; and junior license holders, who must have successfully completed an HTE course)

**Junior Pheasant Season:**
Oct. 7-14 (12-16 years old without a license; and junior license holders, who must have successfully completed an HTE course)

**Youth Waterfowl Hunt Days:** (* Junior License holders 12-16; 16-year-olds need a federal duck stamp). One shooting day at Middle Creek and Pymatuning to be designated as a youth-only day, in addition to two statewide or duck-zone specific youth waterfowl hunting days held each year.

**Junior Cottontail Rabbit Season:**
Sept. 30-Oct. 14 (12-16 years old without a license; and junior license holders, who must have successfully completed an HTE course)

**Bear:**
Oct. 19-21 in WMUs 2B, 5B, 5C & 5D (junior license holders)

**Deer:**
Oct. 19-21 (Antlerless only; junior license holders with required antlerless license; statewide)

**Youth Turkey Hunt:** April 21, 2018 (Spring gobbler; junior license holders with required license; statewide)
Mentored Youth Hunting Program

A mentor is responsible and accountable for all actions of the mentored adult while engaged in hunting or related activities. A mentor while engaged in all hunting or related activities.

Mentored adults obtaining a permit through this program would be able to take part in hunting activities without the direct application for an antlerless license and/or a DMAP permit.

Middle Creek and Pymatuning to be designated as a youth-only hunt.

Youth Waterfowl Hunt Days:
- * Junior License holders 12-16; one
- Junior Pheasant Season: one
- Sept. 30-Oct. 14 (12-16 years old and check the “taken by mentored adult” box on the harvest report card. A mentored adult may not receive by transfer more than one
- Oct. 19-21 (Antlerless only; junior license holders with one mentored adult
- hold a valid, current hunting license or otherwise qualify for a license and fee exemptions prior to engaging in any mentored adult hunting activities.

A mentor who is serving as a guide to a mentored adult must secure a valid, current hunting license. Mentors may not accompany more than one mentored adult. In addition to a mentored adult.

General Information

General Hunting Regulations

Baiting

Baiting is allowed in the Southeast Special Regulations Area by permit only. Elsewhere in the state, it is unlawful to hunt in or around any area where artificial or natural bait, food, hay, grain, fruit, nuts, salt, chemicals or minerals, including their residues, are used. Baiting is allowed in the Southeast Special Regulations Area by permit only. Elsewhere in the state, it is unlawful to hunt in or around any area where artificial or natural bait, food, hay, grain, fruit, nuts, salt, chemicals or minerals, including their residues, are used. Baiting is allowed in the Southeast Special Regulations Area by permit only. Elsewhere in the state, it is unlawful to hunt in or around any area where artificial or natural bait, food, hay, grain, fruit, nuts, salt, chemicals or minerals, including their residues, are used.

Use of Decoys

Decoys simulating food — such as artificial corn to attract turkeys or waterfowl — are considered artificial bait and are illegal. Electronic decoys are illegal, unless permitted by exception as outlined in the Electronic Devices section below. The use of live decoys is prohibited for all hunting and trapping.

Disturbance of Game or Wildlife

It is unlawful for any person to drive or disturb game or wildlife except while engaged in lawful hunting or trapping. It is unlawful to dig out or take any wild bird or animal from its den or place of refuge.

Drugs & Alcohol

It is unlawful to hunt wildlife while under the influence of controlled substances or alcohol.

Electronic Devices

It is unlawful to hunt with any electronic contrivance or device except: 1) Electronic callers may be used to hunt bobcats, coyotes, foxes, raccoons and crows, and snow geese in the conservation season. 2) Lighted pins on bow sights and scopes with lighted reticles may be used as long as they don’t cast a beam. Any device used as a sight or scope on any firearm, bow or crossbow that projects a light beam of any kind onto the target is unlawful. 3) Portable, two-way radios and cellphones may be used for general communications with another hunter, but may not be used to direct or alert another hunter of the presence or location of live game or wildlife. The use of electronic communication devices to alert hunters to live game not only is a violation of the Game & Wildlife Code, but violates the concept of fair chase. The use of portable radios does not satisfy the legal requirement of accompanying a junior hunter. The accompanying adult must be close enough to give verbal instructions without the aid of an electronic device.

Electronic sound amplification devices that are incorporated into hearing-protection devices and completely contained in or on the hunter’s ear may be used to hunt or take wildlife. 5) Electronic crow decoys may be used solely for the harvesting of crows. The following devices may be used to hunt or take wildlife: Any manually operated firearm that uses an electronic impulse to detonate the primer or main powder charge of the ammunition, unless such firearms are specifically prohibited devices. Electronic illuminating devices that are affixed at the aft end of a bolt or arrow and used solely for the purpose of locating or tracking bolt or arrow flight after being launched from a crossbow or bow. Electronic rangefinders, including handheld devices and those contained within a scope or archery sight.

Field Possession Limits

It is unlawful on the opening day of a hunting season to 1) possess more than the daily limit; 2) after the second day possess more game than may be legally taken in three days. A Field Possession Limit is the maximum number of legally taken wildlife of a species that a person may legally possess or transport between the place of taking and the person’s permanent place of residence.

Firearms — Handguns

A Sportsman’s Firearms Permit or a License to Carry Firearms permit is required to carry a handgun, or have it in a motor vehicle. Licenses to Carry Firearms permits are issued by county sheriffs or the Philadelphia Chief of Police. The License to Carry Firearms permit only entitles bowhunters or spotlighters, for instance, to carry firearms that fall within this classification. County treasurers issue Sportsman’s Firearms Permits. A person holding a Sportsman’s Firearms Permit may not carry a concealed handgun or a loaded handgun in a vehicle, and may not carry a handgun while bowhunting or spotlighting.

Firearms — Loaded in Vehicles

A firearm is considered loaded when there is live ammunition in the chamber or attached magazine. It is unlawful to 1) have a loaded firearm in, on or against any motor vehicle (or any attachments to the vehicle), regardless of whether the vehicle is moving or stationary; and 2) have a loaded firearm in watercraft under power, or shoot from a powered watercraft until the motor has been shut off and the craft has come to a complete stop. Holders of License to Carry Firearms permit are exempt, but keep in mind that most sporting firearms are not authorized by the permit. It is prohibited to have any muzzleloading firearm that has a live charge of ammunition in its firing chamber and a primer, flash powder or a battery, whichever is applicable, properly positioned in the firing mechanism of the firearm rendering it capable of discharge, in, on or against any conveyance propelled by mechanical power. Any crossbow that has been cocked and has a bolt affixed onto the string or positioned into the firing mechanism of the device is prohibited in, on or against any conveyance propelled by mechanical power. For safety, a loaded muzzleloader or crossbow should be fired into soft ground before those devices are transported in a vehicle.

Firearms — Magazine Capacity

Manual or autoloadung shotguns to hunt small game, fur-bearing animals, waterfowl or game birds must be limited to a 3-shell capacity in the chamber and magazine combined. A plug must be a one-piece filler installed so it cannot be readily removed without disassembling the gun or magazine. There is no restriction on magazine capacity for semiautomatic rifles used to hunt small game and fur-bearing animals.
General Hunting Regulations

Firearms & Devices — Unlawful & Permitted

It is unlawful to hunt with automatic firearms. Semiautomatic (auto-Loading) rifles, and air- or gas-operated rifles and handguns may be used for hunting small game and furbearers. Semiautomatic rifles may not be used for hunting deer, bear, turkey or elk. Hunting with semiautomatic handguns is prohibited.

Fluorescent Orange

Those hunting waterfowl, furbearers (some exceptions with coyotes), doves, spring turkeys or crows, and hunters participating in the after-Christmas flintlock muzzleloader deer season, are not required to wear fluorescent orange. Archery hunters also carrying a muzzleloader during any muzzleloader season must meet the fluorescent orange requirements for the muzzleloader season. See the two-page Fluorescent Orange Requirements section in this digest for more information.

Injury Reports

If you are involved in an incident resulting in injury by a firearm or bow and arrow, either as a victim or the person causing injury (including self-inflicted), you must report the incident to the Game Commission within 72 hours. Obtain the proper forms from a Game Commission officer, complete in duplicate and return them to the officer, or mail to the Game Commission’s Harrisburg Headquarters. It is unlawful not to submit this report, or to flee, fail or refuse to render immediate and full assistance to an injured person.

License Information

It is unlawful to hunt or trap wildlife without first obtaining the required hunting or furtaker licenses. All hunters should be sure they have the proper and applicable licenses and tags in their possession for the seasons and species they intend to hunt or trap before heading afield. It’s unlawful to carry the license of another person while hunting, or in transit to or from hunting. The possession of expired, fulfilled, revoked, suspended or invalid licenses or harvest tags while hunting or trapping also is unlawful. While afield, in addition to their licenses, hunters are required to have in their possession additional cards or papers that must be shown to an officer or landowner upon request to confirm identification.

Littering

It is unlawful while hunting or trapping to leave or deposit any garbage, bottles, cartons, containers, glass, paper or debris, except in a receptacle for that purpose.

Lures & Scents

Except in CWD Disease Management Areas, estrous scents and lures, or other non-food source cover scents are legal for deer. Scents and lures that contain any form of natural or artificial food stuff, including, but not limited to, corn, apple and acorns are not legal. Use of drip devices is legal, with legal scents and lures, as long as they don’t violate the prohibition against electronic devices. The use of scents or lures while hunting bears is prohibited.

Mistake Kill

Any person who kills any wildlife while hunting or trapping by accident or mistake shall immediately field-dress any edible game and deliver the carcass to a Game Commission officer in the county where it was killed. Big game killed by accident or mistake must be tagged with the appropriate big-game tag that is attached to the license before moving the carcass from the kill location. Use the tag you would have used for the animal you are legally licensed to take. Examples: An antlerless deer killed in mistake for an antlered deer must be tagged with the antlered deer tag; an antlered deer killed in mistake for an antlerless deer must be tagged with an antlerless deer tag; a hen turkey killed by mistake during the spring gobbler season must be tagged with a spring gobbler tag. Antlered deer that are killed by mistake and do not meet the minimum points requirements must be tagged with an antlered deer tag. (See the big-game regulations section for more details on how to handle a mistake deer kill.) If you have previously used a tag for a prior legal kill and need that tag for a mistake kill, use the tag you have remaining that entitled you to hunt legally.

Recovering Dead or Injured Wildlife

It is unlawful for a hunter to refuse or neglect to make a reasonable effort to retrieve any killed or injured game or wildlife. Hunters attempting to recover wildlife are not permitted to enter private property without permission. A hunting license does not give you the right to trespass on private property. In fact, a wildlife conservation officer can issue a citation for trespassing on private property to hunters in violation of the Game & Wildlife Code or regulations.

Road-killed Deer/Possessing Wildlife

It is unlawful at any time to possess live wildlife, except foxes for which a permit has been issued, or animals, or parts of animals, killed on highways. Pennsylvania residents may possess deer or turkeys killed by a motor vehicle for personal consumption only if they secure a permit number from the Game Commission within 24 hours after taking the deer or turkey; call the appropriate region office. It is not legal to kill or “put out of its misery” any injured wildlife; again, call the region office. It is unlawful to give to another person the whole or edible parts of a deer killed on a highway. It is not lawful to keep, for example, antlers from road-killed deer or the beard or spurs from a road-killed turkey. It is unlawful to sell inedible parts from game or wildlife lawfully taken (including taxidermy mounts), unless such parts are disposed of by the original owner within 90 days after the close of the season in which the game or wildlife was taken. It is unlawful to take a road-killed deer into possession to be used to bait coyotes. Holders of a valid furtaker license may possess a furbearer killed on a highway, except for bobcats, fishers or river otters. Persons taking possession of any furbearer killed on a highway during the closed season for taking that furbearer shall within 24 hours contact any Game Commission region office to make notification of said possession. A fee will be charged to possess a road-killed furbearer picked up during the closed season.

Road Hunting

It is unlawful to 1) hunt from a vehicle; 2) aid or assist another while hunting from a vehicle; 3) shoot at wildlife on a public road or right-of-way open to public travel; 4) shoot across a road unless the line of fire is high enough to preclude any danger to road users; and 5) alight from a vehicle and shoot at any wildlife until the shooter is at least 25 yards from the traveled portion of the roadway. NOTE: These provisions do not prevent an individual, who may not qualify for a Disabled Person’s Permit, but who has health concerns or problems to sit in or near a legally “parked” vehicle and watch for game. Loaded firearms may never be placed in, on or against any motor vehicle, its trailer or other attachments, at any time.
Safety Zones
It is unlawful to hunt for, shoot at, trap, take, chase or disturb wildlife within 150 yards of any occupied residence, camp, industrial or commercial building, farmhouse or farm building, or school or playground without the permission of the occupants. It is unlawful to shoot into a safety zone, even if you are outside of the zone. Driving game, even without a firearm or bow, within a safety zone without permission is unlawful. For comparison, think of a safety zone as about one and a half football fields. Hunting on hospital and institutional grounds, and in cemeteries, also is prohibited. It is unlawful to discharge a firearm within 150 yards of a Game Commission vehicle if its occupants are releasing pheasants. The safety zone for archery hunters statewide, including those using crossbows, is 50 yards. Archery hunters carrying muzzleloaders during any muzzleloader season must abide by the 150-yard safety zone regulation. Around playgrounds, schools, nursery schools or day-care centers, the safety zone remains 150 yards.

Spotlighting Wildlife
It is unlawful to 1) spotlight wildlife while in possession of a firearm, bow and arrow, or other device capable of killing wildlife. Individuals who have a License to Carry Firearms permit are excepted, but only regarding their carrying of firearms authorized by the permit. Most sporting arms are not authorized. 2) spotlight wildlife during the regular firearms deer seasons, including those days separating the seasons, as well as any late extended firearms deer seasons in the Special Regulations Area counties; and 3) cast an artificial light upon any building, farm animal or photovoltaic cell. Recreational spotlighting is lawful between sunrise and 11 p.m., except as previously noted. Spotlighting includes handheld lights, accessory spotlights on vehicles and vehicle headlights when intentionally used to locate or view wildlife. A person hunting raccoons, skunks, opossums, bobcats, weasels, foxes and coyotes on foot may use a handheld light, including a gun-mounted light. Fur bearer hunters may not use a flashlight or spotlight that projects a laser light beam.

Sunday Hunting
It is unlawful to hunt wildlife, except foxes, crows and coyotes, on Sundays.

Additional Regulations & Restrictions
Many landowners (federal, state and local governments) open areas to hunting and trapping, but apply more restrictive regulations. An example is the Erie National Wildlife Refuge in Crawford County, where the use or possession of toxic shot is prohibited for shotgun hunting for all species, except turkeys and deer. Hunters and trappers are responsible for knowing rules and regulations on lands they intend to hunt or trap.

Dog Training Regulations
Dogs are not permitted to hunt big game, except for turkeys during the fall. All State Game Lands are closed to all dog-training activities from the Monday prior to the start of the youth pheasant season until the opening day of the statewide pheasant season. On Wild Pheasant Recovery Areas, dog training is prohibited from March 1 through July 31 each year.

- There is no closed season for training dogs, see exceptions above.
- A hunting or furter license is not required for dog training.
- Dogs may not be trained on private land on Sunday without the landowner’s permission.
- A person may not carry a rifle, shotgun or bow and arrows while training dogs.
- Dogs are not permitted to injure or kill wildlife. Owners are liable for any wildlife killed or injured by dogs. When training dogs, hunters need to be aware of and avoid areas, especially wetlands, where birds are nesting.
- All hunters are urged to respect dog owners and their sport. Dogs can be attracted by electronic calling devices, as well as turkey calls. Be sure of your target. While the law requires dogs to be under the control of their owner or handler at all times, dogs often are not within sight of their handler while tracking game. Dogs cannot read no-trespassing signs and do not heed fences. If you see a hunting dog running or barking, its handler probably isn’t far behind. It is unlawful for dogs to chase or pursue big game, however, the Game Commission recommends that dogs not be shot unless they are actually in the act of attacking a big-game animal and there is no other option. If you see a dog or dogs chasing any deer, bear, elk or turkey, please contact the Game Commission and report the violation. Hunting-dog owners have significant amounts of time and money invested in their dogs, and they consider their dogs hunting partners and friends. Please do not shoot hunting dogs just because you do not immediately see their handler.
- There are appropriate penalties in the Game and Wildlife Code to deter owners from permitting their dogs to chase big game. If you shoot a dog that is not attacking a big-game animal you could be subject to prosecution under the Crimes Code as a misdemeanor offense, with penalties of up to $5,000 and two years imprisonment, as well as civil liability for the restitution of the dog. Any person who destroys a dog (licensed or unlicensed) attacking a big-game animal must report the incident to the dog’s owner or a Game Commission officer within 48 hours, as required by law.
- Electronic devices may be used for locating dogs while training or hunting, including such devices as e-collars, radio-telemetry dog tracking systems and beeper collars.
- In areas that are identified as woodcock habitat management areas, dogs are prohibited for any reason from April 1 to July 15.

Dogs should be handled in a safe and humane manner, with adequate consideration to temperature and ventilation in transportation cages and compartments.
State Game Lands Regulations

State Game Lands are public hunting grounds.

Lawful hunting and trapping is permitted on game lands during open seasons. And many other rules are in place regarding game lands use.

Game Lands users may not:

- Camp or use campsites.
- Contaminate, pollute or degrade groundwaters or surface waters or any waterways.
- Graze or permit the grazing of domestic livestock; place or maintain beehives or beeking apparatus.
- Solicit or place private advertisements, signs or posters.
- Plant, gather, cut, dig, remove or otherwise injure any plants or parts thereof, including trees, shrubs, vines, flowering plants and cultivated crops. (Mushrooms and fruits of berry-producing plants may be picked.)
- Travel on lands by means of any vehicle or conveyance propelled by motorized power. (Exemption for individuals with Disabled Person Permit for battery-powered motorized wheelchair.)
- Ride a non-motorized vehicle, conveyance or animal, except on roads normally open to public travel, or designated routes as posted, or while lawfully engaged in hunting, trapping or fishing.
- Ride a non-motorized vehicle, conveyance or animal from the last Saturday in September until the third Saturday in January, and prior to one hour after close of lawful hunting hours for spring turkey season from the second Saturday in April through the last Saturday in May, inclusive, except on Sundays or while lawfully engaged in hunting, trapping or fishing.
- Drive motor vehicles with or without attachments having a registered gross vehicle weight in excess of 12,000 pounds.
- Use boats propelled by a motor. Battery-powered electric motors may be used on waterways unless otherwise posted.
- Fish from dam breasts posted against fishing.
- Swim in any dam, pond, lake or stream.
- Injure, destroy or cause damage to property, real, personal or mixed.
- Remove or attempt to remove any manmade or natural object, except wildlife and fish lawfully taken. Objects that may not be removed include animals, rocks, minerals, sand and historical or archaeological artifacts.
- Participate in, become part of, contribute to or engage in disorderly conduct.
- Travel on roads open to vehicular travel with vehicle or conveyance propelled by motorized power that is not licensed or authorized for operation on a public highway.
- Violate, fail or neglect to follow instructions posted on signs authorized by the Executive Director.
- Destroy, mutilate or remove any sign or placard.
- Travel by mechanical or motorized conveyance or ride animals on newly constructed, seeded or planted roads, or other areas, when posted against travel.
- Consume, possess or transport any alcohol, liquor, beer, malt or brewed alcoholic beverage.
- Use or possess any controlled substance or drug paraphernalia.
- Occupy, use or construct, place or maintain structures or other tangible property, except that portable hunting blinds and stands may be used, provided no damage is caused to trees.
- Feed wildlife or place any food, fruit, hay, grain, chemical, salt or other minerals.
- Release any domestic animals, captive-bred or captive-raised game or wildlife.
- Operate a motor vehicle in willful and wanton disregard for the safety of persons or property or in excess of posted speed limits, or where no speed limit is posted, in excess of 25 mph.
- Target shoot with firearms, bows and arrows, or devices capable of launching projectiles, unless the person is in possession of a valid hunting or furtaker license signed by its holder. Exercise of privileges shall be done in a manner as to not cause injury to persons or property, or on areas not otherwise posted closed to those activities.
- Except as provided on established shooting ranges, discharge any firearm, bow and arrow or device capable of launching projectiles that is not a lawful device to hunt game or wildlife. Shoot clay birds anywhere except areas designated by the Executive Director by signs stating that clay bird shooting is permitted.
- Engage in any activity or event involving more than 10 persons, which may conflict with the intended purposes or uses of property, or poses a potential environmental or safety problem.
- Sell, distribute, deliver, service, guide or rent any equipment, material or commodity or otherwise transact or engage in any commercial activity. Such activity is when a person directly or indirectly accepts consideration of value as compensation for the provision of goods or services, including transportation.
- Use State Game Lands for any personal, organizational or commercial purpose other than the intended use of the property.
- Operate an unmanned aerial vehicle (drone) of any size, design or specification for any purpose whatsoever over lands or waters designated as state game lands.
- Operate under authority of a contract, lease, agreement or permit and fail to abide by the terms and conditions set forth.
- Except on Sundays, to be present on State Game Lands from Nov. 15 through Dec. 15 inclusive when not engaged in lawful hunting or trapping and fail to wear a minimum of 250 square inches of fluorescent orange material on the head, chest and back combined, or, in lieu thereof, a hat of the same colored material. Orange material must be visible 360 degrees. Persons using shooting ranges are exempted.
- Small open fires for cooking or warming purposes are permitted, except when the Fire Index Rating used by the Bureau of Forestry, DCNR, is high, very high or extreme. Fires must be contained and tended at all times.
- Snowmobiles, as defined in the All Terrain Vehicle Act of 1985, may be driven beginning the third Sunday in January through April 1, only on designated areas, roads and trails marked with appropriate signs. Snowmobiles must display a valid registration decal.
Prohibited Acts

• Discharge a firearm from any location on the range other than an established shooting station on the firing line.
• Discharge a firearm at any target other than a paper target placed on a permanent backboard mounted by the Game Commission. Users are prohibited from intentionally shooting at or damaging the frames or stands to mount permanent target backboards.
• Discharge armor-piercing, incendiary, explosive, tracer or multiple-projectile ammunition.
• Be intoxicated, use or possess alcohol or a controlled substance.
• Discharge an automatic firearm.
• Load or discharge a firearm that contains more than six rounds of single-projectile ammunition.
• Shoot clay birds anywhere except in designated areas marked with signs stating that clay bird shooting is permitted.

Prohibitions apply at rifle and handgun ranges located on land under Game Commission ownership, except when authorized.

Range Permits

Permits are required for individuals who use Game Lands shooting ranges, including designated clay-bird shooting areas, but who don’t possess a valid Pennsylvania hunting or furtaker license.

Range permits will be issued to persons 16 years of age or older. A permitted person is allowed one guest. Permits must be in possession, but do not have to be displayed. Permits are $30 and must be purchased by credit card through The Outdoor Shop at the Game Commission’s website, or at Game Commission region offices or the Harrisburg headquarters. Permits are effective from July 1, 2017 through June 30, 2018.

Appalachian Trail & Delaware Water Gap Recreation Area

Hunters are reminded that hunting or discharging firearms, and use of off-road vehicles, including ATVs, are prohibited on National Park Service (NPS) lands acquired for the protection of the Appalachian National Scenic Trail.

Individuals can now possess firearms on national park or refuge lands if they are legally permitted to carry a firearm in the state and municipality where they are located.

Sections of the Appalachian Trail that run through State Game Lands are not subject to the listed regulations.

Please be advised that State Game Lands regulations require any group consisting of 10 or more people using the game lands, including trails, to obtain a Special Use Permit.

Maps that show the NPS lands where hunting is prohibited are available for viewing at the Appalachian Trail Conference Regional Office in Boiling Springs, Pa. (717-258-5771).

Small open fires for cooking or warming purposes may be kindled, used and maintained by persons exercising the privileges of a valid hunting, furtaker or fishing license and through-hikers within the corridor of the Appalachian Trail.

This exception to the prohibition on fires is applicable only where the small fires are located at places where adequate precautions are taken to prevent the spread of fire, and the index rating used by the state Department of Conservation and Natural Resources is not High, Very High or Extreme for that area.

The Delaware Water Gap Recreation Area (DEWA) is a unit of the NPS. Trapping, hunting over bait, hunting in standing unharvested crops, Sunday hunting and spotlighting are prohibited. Only portable tree stands can be used and must be removed each day. A PA hunting license is required to hunt in the PA portion of the park. A NJ license is required to hunt in the NJ portion of the park.

Most areas of the DEWA are open to hunting. Check the Compendium of Regulations for any closures at www.nps.gov/dewa/learn/management/compendium.htm

Green Means Go

On State Game Lands, recreational riding of horses and bicycles is allowed only on designated trails, marked by the GREEN signs above. Trails that are closed are marked with YELLOW signs. Recreational off-trail riding is not permitted.
Lawful Arms & Ammunition

DEER AND BEAR, REGULAR SEASONS
- Manually operated (pump, lever, bolt actions, single-shot) centerfire rifles, shotguns (shotguns do not have to be plugged when hunting deer, bears or elk) and handguns (revolvers or single-shots) with all-lead bullet or ball, or bullet designed to expand on impact;
- Muzzleloading long guns of any type, 44 caliber or larger, or a muzzleloading handgun 50 caliber or larger, and;
- Long, recurve, compound bows (minimum draw weight of 35 pounds) or crossbows (minimum 125-pound draw weight), with a broadhead that has an outside diameter or width of at least 7/8 of an inch and may not exceed 3.25 inches in length. The use of buckshot is not legal, except in the Southeast Special Regulations Area.

BOW & ARROW EQUIPMENT DEFINITIONS
Arrow - A projectile shot from a bow with an overall length exceeding the brace height of the bow with fletching designed only for guidance at the aft end and a broadhead mounted on the fore-end. No electronic tracking device shall be part of or attached to the arrow. No device, material or system capable of causing damage or injury to the animal in excess of that inflicted by the cutting edges of the broadhead shall be part of or attached to any arrow. A projectile for a crossbow is known as a bolt.

Bow - A device for launching an arrow, which derives its propulsive energy solely from the bending and recovery of two limbs. The energy used to propel the arrow may not be derived from another source. These limitations shall not exclude the mechanical leverage advantage provided by eccentric wheels orcams so long as the energy stored in the bent limbs of the bow is the sole result of a single, continuous and direct pulling effort by the shooter. The bowstring must be drawn and released as a direct and conscious action by the shooter. Release shall be accomplished by either relaxing the tension of the fingers or triggering the release action of

BOW & ARROW EQUIPMENT DEFINITIONS (continued)
a manually operated release aid.

Broadhead - Must have a fixed or mechanical tip having sharpened cutting edges consisting of metal or naturally occurring stone. The broadhead must have an outside diameter or width of at least 7/8 of an inch, and the length may not exceed 3.25 inches.

Crossbow - Must have a draw weight not less than 125 pounds.

Muzzleloader Deer Seasons
October Antlerless Deer Season - Any single-barrel muzzleloading long gun with flintlock, in-line or percussion ignition 44 caliber or larger, or 50 caliber or larger handgun. Scope sights permitted.

 Flintlock Season - Flintlock-ignition, single-barrel long guns manufactured prior to 1800, or a similar reproduction of an original muzzleloading single-barrel long gun 44 caliber or larger, or 50 caliber or larger handgun, using a single projectile. It is unlawful to use telescopic sights. Late-season flintlock hunters are permitted to take an antlered deer or an antlerless deer anywhere in the state with their unused antlered deer tag.

Fall Turkey Season
- Manually operated rifles and handguns, including rimfires;
- Manually operated and semiautomatic shotguns limited to no more than three shells in the chamber and magazine combined;
- Muzzleloading shotguns, rifles and handguns, and;
- Long, recurve, compound bows (minimum draw weight of 35 pounds) or crossbows with legal broadheads (see deer and bear stipulations for deer below).

Spring Gobbler Season
- Manually operated and semiautomatic shotguns limited to no more than three rounds in the chamber and magazine combined;
- Muzzleloading shotguns of all types and gauges; and
- Long, recurve, compound bows (minimum draw weight of 35 pounds) or crossbows with legal broadheads (see deer and bear section to the left). Single-projectile ammunition or shotgun pellets no larger than No. 4 lead, No. 2 steel or No. 4 of any other composition or alloy of nontoxic shot approved by the U.S. Fish and Wildlife Service.

- During any fall season in WMU 2B, as well as in Special Regulations Area county, Allegheny, only shotguns and long, recurve, compound bows or crossbows with broadheads of cutting-edge design are permitted.

Spring Turkey Season
- Any single-barrel muzzleloading long gun with flintlock, in-line or percussion ignition 44 caliber or larger, or 50 caliber or larger handgun. Scope sights permitted.

- During any fall season in WMU 2B, as well as in Special Regulations Area county, Allegheny, only shotguns and long, recurve, compound bows or crossbows with broadheads of cutting-edge design are permitted.

Spring Gobbler Season
- Manually operated and semiautomatic shotguns limited to no more than three rounds in the chamber and magazine combined;
- Muzzleloading shotguns of all types and gauges; and
- Long, recurve, compound bows (minimum draw weight of 35 pounds) or crossbows with legal broadheads (see deer and bear section). Shotgun fine shot pellets only, no larger than No. 4 lead, No. 2 steel or No. 4 of any other composition or alloy of nontoxic shot approved by the U.S. Fish and Wildlife Service. Rifle/shotgun combinations may be used if ammunition is confined to shotgun shells. Possessing or using single-projectile ammunition, rifles, handguns, dogs, electronic callers or live decoys is unlawful. It is unlawful to conduct drives for turkeys. Hunting by calling only. Hunting hours are one-half hour before sunrise until noon from the opening day through the third Saturday (including the Youth Spring Turkey Hunt), and then to one-half hour after sunset for the remainder of the season. Hunters are asked to be out of the woods by 1 p.m. when closing time is noon.
Big Game Regulations

ELK SEASON

- Manually operated centerfire rifles and handguns at least 27 caliber using all-lead projectiles or bullets of at least 130 grains designed to expand on impact;
- Shotguns at least 12-gauge;
- Muzzleloading firearms (including handguns) at least 50 caliber propelling a single projectile weighing at least 210 grains;
- Bow with a minimum draw weight of 45 pounds;
- Crossbows with a minimum draw weight of 125 pounds
- Any arrow or crossbow bolt with a broadhead that has an outside diameter or width of at least 1 inch with at least two cutting edges located on the same plane throughout the length of the cutting surface, and may not exceed 3.25 inches in length.

Restrictions

BEAR SEASON

It is unlawful to 1) kill a bear in a den; 2) use a radio to locate a bear to which a radio transmitter has been attached 3) use scents or lures.

BLINDS

Blinds can be used for big game (see turkey section for specifics for blinds while turkey hunting), however, a minimum of 100 square inches of fluorescent orange material (orange alert band will suffice) must be displayed within 15 feet of the blind and visible in a 360-degree arc during the firearms deer, bear and elk seasons. This is in addition to wearing orange while in the blind.

DOGS

It is unlawful to use dogs to hunt elk, bears, deer or spring turkey.

ORGANIZED DRIVES

It is unlawful to drive or herd elk, or drive turkeys. For deer and bear, an unlicensed person who has never held a hunting license in Pennsylvania or any other state may participate in a drive for a properly licensed hunter providing the following requirements are met: The person remains in sight and close to a hunter at least 18 years of age; the unlicensed person does not possess any firearm, bow or other hunting device; and the person complies with requirements for wearing fluorescent orange. The ratio of licensed hunters to non-licensed hunters must not exceed 1:1.

HUNTING PARTIES

It is unlawful to hunt deer, elk or bears in a party of more than 25 persons.

TREE STANDS & BLINDS

It is unlawful while hunting or preparing to hunt to 1) damage any tree on public or private property by constructing a tree stand or using a portable tree stand or device to climb a tree; 2) use or occupy a tree stand that, when constructed, damages a tree. This does not apply to landowners constructing stands on their own property, or persons who have received written permission from a landowner to build or use a tree stand; 3) tree stands on state land can be placed out not more than two weeks before the first and must be removed no later than two weeks after the final deer season in that area. Placing a tree stand does not reserve the area for its owner; other hunters can hunt there. Tree stands and portable hunting blinds left on state game lands and other Hunter Access properties under the Game Commission’s management now need to be conspicuously marked with a durable and legible identification tag that includes the owner’s first and last name and legal home address, or bears the CID number that appears on the owner’s hunting license or a number issued by the Game Commission to the stand or blind owner. Identification numbers can be obtained at The Outdoor Shop on the Game Commission’s website.

SHOOTING AT RANDOM

During the open seasons for deer and bears, it is unlawful to shoot at any target other than legal game. Target shooting is lawful only when done: 1) on property owned by the shooter or by a guest of the property owner; 2) within 200 yards of a camp or headquarters where the shooter is either quartered or an invited guest; 3) at an established shooting range. The target must be protected by a natural or artificial barrier so that the bullet or arrow cannot travel more than 15 yards beyond it.

Reporting Big Game Harvests

Each hunter who harvests a deer or turkey must report it to the Game Commission within 10 days (five days for turkeys or deer taken by mentored hunters, or persons required to make a homemade tag) by sending in a postage-paid report card received with current Pocket Guide, or making a report online or over the phone. Be sure to read report cards thoroughly before filling out. Use one report card per animal harvested. For second-license turkey and DMAP antlerless deer, where reporting is required regardless of harvest success, be sure to check the “no harvest” box if no game is harvested. Hunters also can report their big-game harvests online at the agency’s website: www.pgc.pa.gov by following instructions given there. Hunters and trappers also can report their deer, turkey, bobcat, fisher and otter harvests over the telephone through the Interactive Voice Response (IVR) system by calling 1-855-PAHUNT1 (1-855-724-8681). Hunters will need to have their license and their copy of the carcass tags attached to harvested animals available to complete the call; along with the data captured for particular animals, such as number of points or beard length.

Hunters should record the confirmation number supplied by the IVR system for each animal reported. Harvests submitted through the IVR system will be available for review on the Game Commission’s Internet harvest reporting site; go to www.pgc.pa.gov and follow the link labeled “Report Your Harvest.” Within 24 hours, each person who harvests a bear or elk must take the animal, along with hunting license and bear or elk license, to a Game Commission check station for examination. Bear check stations are maintained at Game Commission offices and at other locations listed elsewhere in this digest. The Elk Check Station is located at the Old Benezette School House in Elk County located on the north side of Route 555 in Benezette, on the west side of Trout Run.

Transporting Big Game

Deer, bear, elk and turkey under transport, including those taken outside of Pennsylvania, must have an appropriate tag completed and attached. Unmarked parts of a big-game carcass taken in Pennsylvania may be transported. Upon request of any Game Commission law-enforcement officer, the name and address of the person who killed the animal must be furnished, along with other information necessary to properly establish legal possession.
**Mistake Kill**

Any person who by accident or mistake kills any deer (an antlerless deer in mistake for an antlered deer, an antlered deer in mistake for an antlerless deer, or an antlered deer that does not meet required antler restrictions) shall immediately, but no later than 24 hours after the kill, deliver and surrender the entire carcass, less entrails, to any Game Commission officer in the county in which it is killed and make a written, sworn statement explaining when, where and how the accident or mistake occurred. Each licensed person who kills any deer shall immediately, and before moving the carcass, fully complete the proper tag in compliance with printed instructions and attach only the tag to the deer’s ear. The deer will be turned in to the officer, restitution of $25 for each mistake deer shall be paid, and the hunter will be issued another tag to pursue another deer. Failure to report and deliver a deer killed by accident or mistake is punishable with a fine up to $1,500 and license revocation. For information on where to deliver a deer killed by accident or mistake, contact the Game Commission region office servicing the area.

**Tagging Big Game**

Hunters who harvest a deer, bear, elk or turkey must follow instructions printed on tags supplied with licenses. Big game must be tagged immediately after harvest and before carcass is moved. The tag must be attached to the ear of a deer or bear, or the body of an elk and remain attached until the animal is processed for consumption or prepared for mounting. Turkey tags must be attached to the bird’s leg.

When multiple harvests of deer per day are authorized, only one deer at a time may be taken. Before attempting to take an additional deer, the first deer shall be lawfully tagged (This doesn’t apply in the Special Regulations Areas).

Tagging requirements for persons authorized to hunt without a license are identical, except that a homemade tag must be used listing the hunter’s name, address, game harvested and date, time, WMU, county and township where it was taken.

It is unlawful to possess an expired, fulfilled, revoked, suspended or invalid big-game harvest tag or hunting license while engaged in hunting or trapping activities.

**Unfit for Consumption**

Any person who legally harvests any big-game animal and discovers the flesh was unfit for human consumption at the time of harvest shall, within 12 hours following the discovery, deliver the entire carcass, less entrails, but including the head and hide, to any Game Commission officer who, being satisfied that the game was unfit for human consumption at the time of harvest, shall issue written authorization to the person to harvest a second animal or bird of the same species during the unexpired portion of the season for that species.

**Feral Swine**

Feral swine have no place in Pennsylvania. They pose a very real threat to native Pennsylvania wildlife and wildlife habitats. Not only do they damage wildlife habitats, they will kill birds, the young of many mammals, and transmit a host of dangerous diseases. Because they have no natural predators, they can live anywhere, and reproduce rapidly, and are difficult to control in the best circumstances.

In some areas of the state, protection may be removed from feral swine by an executive order of the director; however, to increase the efficiency of eradication efforts, protection may be applied to townships or counties where eradication trapping operations are being actively conducted. If you think you may encounter a feral swine, refer to the Game Commission’s website, www.pgc.pa.gov, for specific details on townships or counties that may have restrictions on incidental shooting of feral swine.

Feral swine may be hunted during lawful daylight hunting hours, except Sundays, with a hunting or furtaker license. However, feral swine may be taken from the first day to the last day inclusive of any big-game season only by persons lawfully engaged in hunting big game who have a valid tag. Those hunting feral swine with a firearm are required at all times to wear 250 square inches of fluorescent orange material on the head, chest and back combined.

Firearm and archery equipment is restricted to lawful arms and ammunition identified in the Game & Wildlife Code Sec. 2308. If you kill a feral swine, contact the nearest region office within 24 hours, so samples can be collected for disease testing.

---

**State Forests & State Parks**

Firearms and archery equipment may be uncased only in designated hunting areas during the seasons state recreation areas are open to hunting.

In park areas not open to hunting, or during closed hunting seasons, firearms and archery equipment must be kept in the owner’s car, trailer or camp.

Hunting, trapping, pursuing or intentionally disturbing wildlife in state parks is prohibited, except that hunting and trapping by licensed hunters and furtakers is permitted in designated areas in compliance with Game Commission regulations. Trapping may be permitted in areas not designated for hunting, but only upon written approval, which is granted only when effective wildlife administration of the area requires trapping.

Dog training is permitted from the day following Labor Day through March 31 in designated hunting areas. Groundhog hunting is prohibited in state parks.

The Bureau of Forestry welcomes hunters and trappers to more than 2 million acres of state forests. Only small areas around occupied buildings are posted. Overnight camping is permitted only in areas designated by the district forester.

Required permits are available from local forestry offices. For more information about hunting on state parks, contact the Bureau of State Parks, 1-888-PA-PARKS, visit www.dcnr.pa.gov, or write State Parks, 8th Floor, P.O. Box 8551, Harrisburg, PA 17105-8551, or call your nearest state park.

For more information or maps concerning hunting and recreational activities on state forests, contact the Bureau of Forestry, 6th Floor, P.O. Box 8552, Harrisburg, PA 17105-8552. Phone: 717-783-7941, or your nearest forestry office.
Wildlife Management Units (WMUs) are designed to improve wildlife management and, at the same time, simplify hunting and trapping regulations. Pennsylvania uses WMUs to manage all game, except elk, waterfowl and other migratory game birds. When using the Hunting & Trapping Digest, refer to this section whenever an unfamiliar WMU is referenced.

From the N.Y./Pa. state line, US Rt. 62 south to US Rt. 6 near Warren. US Rt. 6 west to Pa. Rt. 27 at Pittsfield. Pa. Rt. 27 south to Pa. Rt. 8 at Titusville. Pa. Rt. 8 south to US Rt. 322 at Franklin. US Rt. 322 west to US Rt. 6 to Conneaut Lake. US Rt. 6 west to Ohio/Pa. state line.
Hunters & Trappers are advised

The boundaries of WMUs 2C and 2E have been adjusted since the last license year.

PA Rt. 113 south to US Rt. 30. US Rt. 30 west to PA Rt. 82. PA Rt. 82 east to the Delaware/PA state line near Yorklyn.
Hunters are limited to 1 antlered deer per license year, and 1 antlerless deer for each antlerless license or permit.

Regular Firearms  Nov. 27-Dec. 9

The Regular Firearms season is a statewide season. In most of the state, antlerless deer may be taken only during the second part the season.

WMUs 2B, 5C & 5D
Antlered & Antlerless - Nov. 27-Dec. 9

All Other WMUs
Antlered Only - Nov. 27-Dec. 1
Antlered & Antlerless - Dec. 2-Dec. 9

ALLEGHENY, Bucks, Chester, Delaware, Montgomery & Philadelphia Counties
Dec. 26-Jan. 27

Junior & Senior license holders, Mentored Youth, active-duty military and certain disabled persons

License Requirements

A general hunting license is required to hunt in any season. One antlered deer per license year can be taken with a general hunting license.

An unused, antlered deer harvest tag from a general hunting license can be used to take an antlerless deer during the after-Christmas flintlock muzzleloader season.

This is the only season in which the antlered tag can be used for antlerless deer, and each participant in the flintlock muzzleloader season must have a muzzleloader license in addition to a general license.

A muzzleloader license also is needed to participate in the October muzzleloader season for antlerless deer.

With the lone exception of the flintlock muzzleloader season, each hunter must possess an antlerless deer license, DMAP permit or Disease Management Area permit in order to hunt or harvest antlerless deer. One antlerless deer may be taken with each valid license or permit.

Each hunter is limited to a maximum of three antlerless licenses in total, however, there is no limit on the number of licenses that can be obtained for WMUs 2B, 5C and 5D. For any WMU, sales of antlerless licenses end when the total number of licenses allocated for that WMU is expended.

The Special Firearms season for antlerless deer is open to junior and senior license holders, mentored youth, active-duty military and certain disabled persons. Resident and nonresident hunters who hold a valid hunting license or qualify for fee exemptions, and who are 65 or will reach their 65th birthday in the year of the license application, are eligible to hunt in the season.

Participants in any archery deer season must possess an archery license in addition to a general license.
Deer Hunting Regulations

Arms & Ammunition

Archery Deer Seasons
- Long, recurve, compound bows (minimum draw weight of 35 pounds), and crossbows with broadheads of cutting-edge design. An arrow and crossbow bolt must be equipped with a broadhead.
- Magnifying scopes and red-dot sights can be used on crossbows.
- A broadhead is a fixed or mechanical tip affixed to the fore end of an arrow or bolt having sharpened cutting edges consisting of metal or naturally occurring stone. The broadhead must have an outside diameter or width of at least 7/8 of an inch, and the length may not exceed 3.25 inches.
- Persons hunting deer in the archery seasons may not possess a firearm, except those individuals who have a License to Carry Firearms permit, and then only those firearms authorized by the permit (most sporting arms are not authorized). Muzzleloading firearms also can be carried by bowhunters during any muzzleloading season, providing the hunter has an archery license and a muzzleloader license and meets the fluorescent orange requirements of the muzzleloader season.

Firearms Deer Seasons
- Manually operated centerfire rifles, handguns and shotguns with all-lead bullet or ball, or a bullet designed to expand on impact
- Muzzleloading long guns of any type, 44 caliber or larger, or a muzzleloading handgun 50 caliber or larger; and
- Long, recurve or compound bows and crossbows with broadheads of cutting-edge design.

Fluorescent Orange Requirements

Antlered & Antlerless
- During the regular and special deer seasons, and any extensions of these seasons, all hunters must wear at least 250 square inches of fluorescent orange on the head, chest and back combined (example: orange cap and coat/vest visible 360 degrees). Camouflage fluorescent orange may satisfy this regulation if the total orange content is at least 250 square inches.

Archers
- When early archery season overlaps with the October muzzleloader/special antlerless firearms season, archers are required to wear 250 square inches of fluorescent orange clothing while moving about or relocating. They may remove their orange clothing providing 100 square inches of fluorescent orange material is placed within 15 feet of their location and is visible 360 degrees when on stand. Finally, during overlap with fall turkey season, archery deer hunters (and bear hunters during the designated archery bear season) must wear a hat containing a minimum of 100 square inches of solid fluorescent orange material while moving about or relocating. The orange hat may be removed when the hunter is stationary, or on stand. See the Special Regulations Areas section for more details.

Muzzleloader Deer
- During the late flintlock deer season, muzzleloader hunters are not required to wear or display fluorescent orange. However, during the October antlerless muzzleloader deer season, hunters are required to wear the same 250 square inches of fluorescent orange required of all big-game season hunters. See the Special Regulation Areas section for more details.

Tagging Deer
This photo shows the proper way to tag a deer. After harvesting a deer, a hunter must detach the deer harvest tag from his or her license, fill it out using a ballpoint pen and attach it to the ear of the animal as shown. Be sure to use the correct tag and be careful not to attach the actual hunting license. The harvest tags have animal icons on them. There are two holes in the center of the tag that can be punched to insert a string, twist tie or safety pin to attach it to the animal. Big game must be tagged immediately after harvest and before the carcass is moved. The tag must remain attached until the animal is processed for consumption or prepared for mounting. Note that the bar code on the right edge of the tag should be unobstructed so Game Commission personnel can scan it.
STATEWIDE, junior license holders, mentored youth, disabled hunters with a permit to use a vehicle, and resident active duty U.S. Armed Services personnel, can harvest antlered deer with two or more points on one antler, or a spike three or more inches in length.

All other hunters must abide by additional antler restrictions

Senior license holders must abide by antler restrictions, as well.

- A point is defined as any antler projection (including the brow tine) at least one inch in length from base to tip. The brow tine is the point immediately above the antler burr.
- The main beam tip shall be counted as a point regardless of length.
- An antlerless deer will remain defined as a deer without antlers, or a deer with antlers, both of which are less than 3 inches in length. A protected deer is one not defined as an antlered deer or an antlerless deer.

In most of the state

hunters are required to abide by three points on one side.

In WMUs 1A, 1B, 2A, 2B & 2D

hunters are required to abide by “three up”; three points, including the main beam counted as one of the points, on one side, excluding the brow tine (the point immediately above the antler burr).

</tr>
</tbody>
</table>

- By mail only, prior to the start of over-the-counter sales.
- One application per hunter in first round, except after Aug. 7 in WMUs 2B, 5C & 5D. Up to two applications per hunter in first round unsold if hunter did not receive license in first round. Up to three applications per hunter in second round unsold if hunter did not receive license in the previous rounds.
- Over-the-counter sales are sold only at county treasurer offices.

## Application Instructions

- Application forms can be obtained on:
  - The yellow panel issued with the license;
  - The Game Commission website;
  - The Pocket Guide given out with the purchase of a hunting or furtaker license.

- Cost for each antlerless license is $6.90 for residents and $26.90 for nonresidents.

- On the application form, the hunter must enter at least one Wildlife Management Unit (WMU) preference where he or she desires to hunt.

- The hunter may select up to three WMU preferences on the form. If the first WMU preference is sold out, the County Treasurer will issue the second, or if necessary, the third preference based on license availability.

- A guide to WMUs, including boundary maps, is found elsewhere in this digest.

- Please print plainly and remember to sign and date your application.

- Include a check or money order, which must be in U.S. dollars and payable to “County Treasurer.”

- The completed antlerless deer license applications and check or money order must be placed in the official pink envelope described above and mailed directly to any County Treasurer of your choice (addresses listed in this section).

- Do not mail applications to the Game Commission.

## Group Applications

- If you are applying with others as a group (limit of three individual applications per envelope) for the same WMU preferences, submit one check or money order for all applications.

- If two or three applicants apply together in the same envelope, and one or more of the applications is not complete, all of the applications may be rejected and returned.

- If each of the applicants selects different WMU preferences, a separate check or money order for each application is strongly recommended.

- All applications could be rejected if one cannot be processed because a selected WMU sold out.

## Application Status

- County Treasurers will accept applications on a first-come, first-served basis. No drawings will be held.

- Successful applicants will receive their antlerless deer licenses after the 2nd Monday in September.

- Hunters can check on the status of an antlerless deer license application by visiting the Game Commission’s website at www.pgc.pa.gov, clicking on Buy a License, then (PALS) and selecting the first option, which includes checking on application status.

- If the license allocations for all WMU preferences are sold out, the application will be returned to the hunter. The hunter may apply to another WMU where licenses are available by using a new pink envelope.

---

All antlerless deer license applications must be mailed in the official pink envelope. In most WMUs, hunters may submit only one application per hunter in first round. But up to three applicants can submit using the same envelope.

**WMUs 2B, 5C & 5D**

In WMUs 2B, 5C and 5D, hunters can apply for and receive an unlimited number of antlerless licenses beginning Aug. 7. No more than three applications can be sent in the same envelope. Beginning Aug. 28, antlerless licenses that remain unsold for WMUs 2B, 5C and 5D can be purchased over the counter.
Antlerless Licenses

Incomplete Application
- If an application is not complete and/or proper remittance is not enclosed, it will be rejected and returned to the applicant.

Insufficient Postage
- If the applicant failed to provide return postage, no license will be issued and the envelope will be placed in a dead letter file in the County Treasurer’s office. Hunters can retrieve their dead letters by contacting the County Treasurer for instructions.

Antlerless Deer License Regulations
- Antlerless deer licenses are WMU-specific. An antlerless deer license is valid only in the WMU for which it is issued. The use or attempted use of an antlerless license in another WMU is a violation of the law. County Treasurers may issue licenses for any WMU, not just units within their county.
- Applications are limited to no more than three per envelope.
- Applications will not be accepted by County Treasurers prior to the start of the application period. Applications will be rejected and returned.
- A person may apply for and receive no more than three antlerless licenses in a license year (1 regular antlerless license and 2 unsold antlerless licenses), with the exception of WMUs 2B, 5C & 5D. Elsewhere in the state, obtaining more than three licenses is against the law and carries a $100 fine.
- All hunters must have a valid antlerless deer license or permit to harvest an antlerless deer. Exception: During the after-Christmas flintlock season, a properly licensed flintlock hunter may use his or her unused antlered tag to harvest an antlerless deer anywhere in the state. A WMU-specific antlerless license, or valid DMAP permit, is required for each additional antlerless deer harvested.
- Archers must have a valid antlerless license or permit to harvest an antlerless deer. Muzzleloader hunters must have a valid antlerless deer license or permit to participate in the antlerless-only muzzleloader deer season (Oct. 14-21).
- Junior and Senior license holders, Disabled Person Permit (to use a vehicle) holders and Pennsylvania residents serving on active duty in the U.S. Armed Forces must have a valid antlerless deer license or permit to participate in the Special Antlerless Only Firearms season (Oct. 19-21).
- Once obtained, a properly licensed hunter may use an antlerless deer license in any season in which it is legal to harvest an antlerless deer.
- Each antlerless deer license includes its own ear tag.

Landowner Antlerless Deer Licenses
Qualified resident and nonresident applicants for landowner antlerless deer licenses (see license section in the back of this digest for qualifications) must apply directly to the County Treasurer of the county where the qualifying acreage is located. These licenses must be applied for prior to the start of the regular application period, which begins the second Monday in July. If the qualifying acreage is located within a county with two or more WMUs, the applicant selects the WMU he or she desires.

If the applicant or his or her agent cannot apply in person, the applicant should mail his or her antlerless deer license application, proper remittance ($6.90 for residents, $26.90 for nonresidents), proof of ownership and a Landowner Antlerless Deer License Application/Affidavit (available from Treasurers, Game Commission offices, or the agency’s website) to the Treasurer in a plain envelope marked “Landowner Antlerless Application.”

Applicants who apply by mail must include a self-addressed, stamped return envelope. Do not use the pink Official Antlerless Deer License Application Envelope or mail the material to the Game Commission.

Disabled Veteran Antlerless Deer Licenses
Qualified resident applicants who have a service-incurred 100% disability, or the loss of use of one or more limbs, may apply to any County Treasurer for the WMU in which they desire to hunt. Regardless of allocations or application deadlines, only one antlerless deer tag is guaranteed.

If an applicant or his or her agent cannot apply in person, the applicant should mail the antlerless deer license application, $6.90 remittance and supporting documents (Veterans Administration form letter) directly to a County Treasurer in a plain envelope marked “Disabled Veteran Antlerless Application.”

Applicants who apply by mail must include a self-addressed, stamped return envelope. Do not use the pink Official Antlerless Deer License Application Envelope or mail the material to the Game Commission. Application for these licenses may occur at any time during the license year. Resident disabled war veterans with a service-incurred disability rating between 60% and 99%, do not qualify for this license.

Armed Forces Antlerless Deer Licenses
Qualified residents serving on active duty in the U.S. Armed Forces, or within 60 days from honorable discharge, may apply to any County Treasurer for the WMU in which they desire to hunt. Regardless of allocations or application deadlines, only one antlerless deer license is guaranteed.

If the applicant or his or her agent cannot apply in person, the antlerless deer license application, $6.90 remittance and supporting documentation (official orders) may be mailed to a County Treasurer using a plain envelope marked “Armed Forces Antlerless Application.”

Applicants who apply by mail must include a self-addressed, stamped return envelope. Do not use the pink Official Antlerless Deer License Application Envelope or mail the material to the Game Commission. Application for these licenses may occur at any time during the license year.

Replacement Antlerless Deer Licenses
Applicants who lose their antlerless deer license may obtain a replacement by applying to any County Treasurer.

If the applicant or his or her agent cannot apply in person, their completed, mail-order Application/Affidavit for Replacement of a Lost Antlerless Deer License (form available on the Game Commission’s website) and $6.90 remittance may be mailed to a County Treasurer using a plain envelope marked “Replacement Antlerless Application.” Applicants must include a self-addressed, stamped return envelope.

Do not use the pink Official Antlerless Deer License Application Envelope or mail the material to the Game Commission.
2017-18 ANTLERLESS DEER LICENSE ALLOCATION

This year’s allocation, the increase or decrease from last year, and 2016 sell-out date provided.

WMU 1A – 52,000 (+6,000) 8/19
WMU 1B – 35,000 (+6,000) 7/18
WMU 2A – 50,000 (+7,000) 10/4
WMU 2B – 60,000 (-1,000) 12/7
WMU 2C – 31,000 (+/- 0) 7/20
WMU 2D – 55,000 (+/- 0) 8/3
WMU 2E – 22,000 (+1,000) 8/1
WMU 2F – 24,000 (+2,000) 7/18

WMU 2G – 25,500 (+4,500) 7/18
WMU 2H – 7,000 (+1,000) 7/18
WMU 3A – 20,000 (+5,000) 8/1
WMU 3B – 30,000 (+2,000) 8/3
WMU 3C – 42,000 (+6,000) 8/5
WMU 3D – 25,000 (+/- 0) 8/3
WMU 4A – 30,000 (+/- 0) 8/26
WMU 4B – 26,000 (+/- 0) 8/1

WMU 4C – 29,000 (+4,000) 7/20
WMU 4D – 34,000 (+/- 0) 8/1
WMU 4E – 27,500 (+2,500) 8/1
WMU 5A – 22,000 (+3,000) 8/3
WMU 5B – 57,000 (+7,000) 8/5
WMU 5C – 70,000 (+/- 0) 8/22
WMU 5D – 30,000 (+/- 0) 8/24

ANTLERLESS LICENSE APPLICATIONS

Can be found on the Game Commission’s website & printed, or removed from the Pocket Guide.

Pennsylvania, South Dakota, Texas, Utah, Virginia, West Virginia, Nebraska, New Mexico, New York, North Dakota, Ohio, Oklahoma, Kansas, Maryland, Michigan, Minnesota, Missouri, Montana, Wyoming, and other states are responsible for the disease may be spread both directly (animal to animal) and indirectly through contaminated food sources.
CHRONIC WASTING DISEASE (CWD) HAS BEEN DETECTED IN PENNSYLVANIA IN CAPTIVE AND FREE-RANGING DEER.

What is Chronic Wasting Disease?

Chronic Wasting Disease (CWD) is a neurological (brain and nervous system) disease found in deer and elk in certain geographic locations in North America. CWD belongs to a family of diseases known as transmissible spongiform encephalopathies (TSE) or prion diseases; it attacks the brains of infected deer and elk and produces small lesions that result in death. While CWD is similar to mad cow disease in cattle and scrapie in sheep, there is no known relationship between it and any other TSE of animals or people.

Is it dangerous to humans?

There is no evidence that the agent of CWD affects humans. However, public health officials recommend that human exposure to the CWD agent be avoided as research about the disease continues. Hunters are advised not to consume any deer that tested positive for CWD.

How can I tell if a deer has CWD?

Infected animals may not show symptoms in the early stages. However, as the disease progresses, infected animals begin to lose body functions and display abnormal behaviors, such as staggering or standing with poor posture. Many diseases can look like CWD, or can occur at the same time as CWD. At this time, the diagnosis only can be made after death.

What should I do if I see a deer with CWD symptoms?

You should accurately document the location of the animal and immediately contact the nearest Game Commission Region Office. Do not attempt to disturb, kill or remove the animal.

How is it spread?

While it’s not known exactly how CWD is spread, the agent responsible for the disease may be spread both directly (animal to animal contact) and indirectly (soil or other surface to animal) through various excretions and secretions (saliva, urine or feces).

Where has it been found?

CWD has been found in Arkansas, Colorado, Illinois, Iowa, Kansas, Maryland, Michigan, Minnesota, Missouri, Montana, Nebraska, New Mexico, New York, North Dakota, Ohio, Oklahoma, Pennsylvania, South Dakota, Texas, Utah, Virginia, West Virginia, Wisconsin, Wyoming, Alberta and Saskatchewan.

What can hunters do?

Follow all regulations and requirements in the Disease Management Areas (DMAs). Hunters also can tell political leaders of their concerns about CWD. Indicate your support for increased financial assistance to state wildlife and agricultural agencies to combat CWD. Encourage state officials to support the important steps taken to manage the spread of CWD. And finally, because any concentration of deer or elk assists in the spread of diseases, stop supplemental feeding programs and the use of urine-based lures. Hunters also should immediately report deer that have ear tags.

What precautions should hunters take?

Wildlife officials have suggested that hunters in areas where CWD is known to exist follow these guidelines to prevent the spread of the disease:

- Do not shoot, handle or consume an animal that appears sick.
- Wear disposable gloves when field-dressing, and thoroughly wash your hands and instruments after field-dressing.
- Bone out the meat from your animal, and minimize the handling of brain and spinal tissues. Ask your deer processor to process your meat individually, without meat from other animals, or process your own meat.
- Consider having your animal tested, and do not consume meat from any animal that tests positive for the disease.

Where can I learn more?

Hunters are encouraged to contact state wildlife agencies where they plan to hunt for more information on the status of CWD in that state. Most states, including Pennsylvania (www.pgc.pa.gov), now have up-to-date information on CWD on their websites. The Chronic Wasting Disease Alliance website (www.cwd-info.org) is frequently updated with new information.
Disease Management Areas

Disease Management Areas (DMAs) have been designated by the Game Commission and are depicted and described here.

Within a DMA, the following acts are prohibited:

- Removal or exportation of high-risk cervid (deer or elk) parts
- Rehabilitation of cervids
- Use or possession of cervid urine-based attractants in any outdoor setting
- Feeding of wild, free-ranging cervids

Additionally, the possession and removal of any vehicular-killed cervids, and/or cervid parts, from within DMAs to locations outside the DMAs, except to sites as approved by the Game Commission, are prohibited. Further, the issuance of any new Game Commission permits to possess or transport live cervids is prohibited in the DMAs.

All cervids killed within the DMAs are subject to CWD testing. This testing may require hunters to present cervids, or cervid parts, for examination and sampling at prescribed locations pursuant to conditions announced in advance of or during the hunting season. This process will be announced through press releases, website notices and other means to reach the widest possible audience. The cost of any such testing and reporting to the hunter will be borne by the Game Commission.

DMA 1 ELIMINATED

Disease Management Area 1 (DMA 1) was established in York and Adams counties in 2012 after chronic wasting disease (CWD) was detected at a captive deer facility.

It was Pennsylvania’s first-known case of CWD. But through five years of rigorous sampling, no additional cases of CWD have been detected within this DMA.

Since there is no evidence CWD exists in the areas of York and Adams counties that have comprised DMA 1, the Game Commission in early 2017 dissolved DMA 1.

With the change, hunters and residents within the former DMA 1 no longer needed to comply with additional requirements enacted in 2012.

However, all hunters should be aware that Disease Management Area 2, once again was expanded significantly in 2017 due to new cases of CWD within and outside DMA 2.

In fact, part of the eastern border of DMA 2 was expanded to the former border of DMA 1.

Because new Disease Management Areas are established when new cases of CWD are detected in new areas, and the boundaries of existing DMAs might be adjusted as well, all people affected by DMA requirements are asked to go to www.pgc.pa.gov for the most-up-to-date DMA maps.

DMA 3

Clearfield, Indiana and Jefferson counties

Clearfield, Indiana and Jefferson counties, bounded and described as follows: Beginning in the northwestern extent of the DMA at the intersection of Interstate 80 and State Route 36 in Brookville, proceed east on State Route 36 for about 33.5 miles to the intersection of U.S. Highway 219. The DMA boundary follows U.S. Highway 219 north for 22.4 miles to U.S. Highway 322, then east along U.S. Highway 322 for 4 miles to Home Camp Road. Follow Home Camp Road north for 2.6 miles to Anderson Creek Road. Take Anderson Creek Road 1.8 miles northeast to the intersection of Interstate 80. Follow Interstate 80 west for 27.1 miles back to the starting point.
Beginning in the Southeastern extent of the DMA at the intersection of Taneytown Road (State Highway 134) and the Maryland State Line, proceed north on Highway 134 for approximately 7.4 miles to the intersection of Steinwehr Avenue in Gettysburg. Follow right on Steinwehr Ave to Baltimore Street. Follow left on Baltimore Street through downtown Gettysburg. Proceed halfway around the traffic circle at the square unto Carlisle Street (State Highway 34). The DMA boundary follows Highway 34 north for approximately 23.1 miles to the intersection of the Baltimore Avenue (State Highway 94). Follow Highway 94 north for approximately 3 miles to the intersection of W. Old York Road (State Highway 174). Turn left and follow Highway 174 west for approximately 18.1 miles to US Highway 11 in Shippensburg. Follow US Highway 11 south for approximately 1¼ miles to US Highway 11 in Shippensburg. Turn right the DMA boundary follows Highway 533 for approximately 4.6 miles to the intersection of State Highway 433 in Orrstown. Turn right and the boundary follows Tanyard Hill Road (State Highway 433) north for approximately 1.75 miles to the intersection of State Highway 997. Follow route 997 north for approximately 3.1 miles to the intersection of State Highway 641. Turn left and the boundary follows State Highway 641 (Forge Hill Road) for approximately 17.5 miles to the intersection of US Highway 522 near Shade Gap. The DMA boundary follows US Highway 522 east for approximately 5.6 miles to the intersection of State Highway 994 (Elliot Street) in Orbisonia. Proceed left on route 994 and follow westward for approximately 8.2 miles to the intersection of State Highway 655. Turn right and the boundary follows Highway 655 north for approximately 16.9 miles to the intersection of US Highway 22. The DMA boundary follows US Highway 22 west for 16.6 miles to State Highway 453, then north along State Highway 453 for 20.5 miles to intersection of State Highway 253. Follow State Highway 253 south for 8.1 miles to State Highway 53 in Van Ormer. The DMA continues on State Highway 53 south for 1.7 miles to Marina Road. At Marina Road the boundary follows for 5.5 miles to the intersection of Glendale Lake Road. Continue left on Glendale Lake Road and in 3 miles join onto State Highway 36. The DMA boundary follows State Highway 36 west into the town of Patton and then straight onto Magee Ave to the intersection of 5th Avenue. Continue south on 5th Ave for about .3 miles where the road becomes Mellon Ave. Continuing on Mellon Ave for .4 miles the road becomes Carroll Road once in East Carroll Township. The boundary continues south on Carroll Road for 3.7 miles to State Highway 219 in Carrolltown. The DMA boundary follows State Highway 219 south for 26.7 miles to State Highway 56 East and then follows State Highway 56 east for 3.9 miles to State Highway 160. Following State Highway 160 southward the boundary continues for 26.5 miles to the borough of Berlin, then west through downtown Berlin on State Highway 2030 (Main Street) for 0.44 miles to the intersection of State Highway 219. Finally south along State Highway 219 for 20.6 miles to the Maryland border.

DMA 2 permits won’t be issued in 2017-18

For the past few years, hunters within Disease Management Area 2 have been able to apply for DMA 2 antlerless deer permits, which could be used to hunt and harvest antlerless deer within DMA 2 during any established deer season. The permits are not being issued this year. The Game Commission instead is relying on expanded use of the Deer Management Assistance Program and other methods to address the disease at sites where it is present.

For the most up-to-date maps, visit the CWD Info page at www.pgc.pa.gov
**Hunters: Help Us Detect Tuberculosis**

We want to prevent TB from being introduced into the wild white-tailed deer and elk herds in Pennsylvania. The bacteria known as Mycobacterium bovis can cause infection in most mammal species. Some wildlife species susceptible to bovine TB include: white-tailed deer, elk, bison, mule deer, black bears, bobcats, coyotes, opossums, raccoons and foxes. We are asking hunters who observe anything that resembles this photo to contact the Game Commission immediately. These abscesses may be found in tissues throughout the body, as well as in the tonsils and lymph nodes. When cut open, these nodules contain yellow-green or tan pus. Tan or yellow lumps may be found throughout the chest cavity and in the lungs. The lungs also may develop dark and firm areas. Read more about TB on the Game Commission’s website at www.pgc.pa.gov.
Deer

All Special Regulations Area counties are now contained within the Wildlife Management Unit system. Seasons and antler restriction requirements are based mostly on these units and general deer seasons. However, certain laws and regulations in regards to arms and ammunition still apply to specific counties in Special Regulations Areas. Also, the regulation: when multiple harvests of deer per day are authorized, only one deer at a time may be taken; before attempting to take an additional deer, the first shall be lawfully tagged, does not apply when hunting in Special Regulations Areas. Baiting for deer without a permit (see below) is not permitted on private lands in the Southeast Special Regulations Areas.

Deer & Bear Season, Arms & Ammunition

- Allegheny County – Muzzleloading long guns 44 caliber or larger, bows and arrows, crossbows, manual or semiautomatic shotguns, .410 or larger using slugs. Buckshot is not permitted.
- Philadelphia County – Only bows and arrows, including crossbows.
- Remaining Counties – Muzzleloading long guns, 44 caliber or larger, manual or semiautomatic shotguns, .410 or larger, using slugs; 20-gauge or larger, using buckshot, bows and crossbows. Crossbows must have a minimum draw weight of 125 pounds. Ridley Creek and Tyler state parks – Manual or semiautomatic shotguns 20-gauge or larger using buckshot during special regulated deer hunts only, bows and arrows and crossbows.

Small Game, Furbearers & Crows, Arms & Ammunition

Manually operated or semiautomatic shotguns plugged to a 3-shell capacity; manually operated 22-caliber or less rimfire rifles and; and bows and crossbows. Buckshot is not permitted.

Lawful While Trapping

Manually operated 22-caliber or less rimfire rifles and handguns, except as noted under specific “Furtaking” regulations elsewhere in this digest.

Fluorescent Orange Requirements

DEER ARCHERY SEASON (ANTLERED AND ANTLERLESS)
- No fluorescent orange required, unless during the October muzzleloader, special firearms or fall turkey seasons.

OCTOBER MUZZLELOADER ANTLERLESS SEASON
Oct. 14-21
- 250 square inches of fluorescent orange on the head, chest and back combined, and visible from 360 degrees, is required at all times.

SPECIAL FIREARMS ANTLERLESS SEASON (STATEWIDE)
Oct. 19-21
Junior, senior license holders, disabled person permit holders and PA residents serving on active duty in the U.S. armed forces
- 250 square inches of fluorescent orange on the head, chest and back combined, and visible from 360 degrees, is required at all times.

DEER FIREARMS SEASON (ANTLERED AND ANTLERLESS, STATEWIDE)
Nov. 27-Dec. 9
- 250 square inches of fluorescent orange on the head, chest and back combined, and visible from 360 degrees, is required at all times.

FLINTLOCK SEASON (ANTLERED AND ANTLERLESS)
- Fluorescent orange is not required, but keep in mind a firearms deer season is open and it is suggested that orange be worn.

EXTENDED ANTLERLESS FIREARMS SEASON
Allegheny, Bucks, Chester, Delaware, Montgomery and Philadelphia counties: Dec. 26-Jan. 27
- 250 square inches of fluorescent orange on the head, chest and back combined, and visible from 360 degrees, is required at all times.

SMALL GAME
WMUs 2B, 5C & 5D
- 250 square inches of fluorescent orange on the head, chest and back at all times is required. Furbearer and crow hunters do not need to wear fluorescent orange. Woodchuck hunters must wear a solid fluorescent cap visible 360 degrees.
Turkey

**Fall season** 1 bird, either sex

- **Oct. 28 to Nov. 4**
  - WMU 1B
- **Oct. 28 to Nov. 4; Nov. 23 to 25**
  - WMUs 1A, 2A, 4A & 4B
- **Oct. 28 to Nov. 11; Nov. 23 to 25**
  - WMUs 2D, 2E, 2F, 2G, 2H, 3A, 3B, 3C, 3D, 4C, 4D & 4E
- **Oct. 28 to Nov. 17; Nov. 23 to 25**
  - WMUs 2B & 2C
- **Nov. 2 to 4**
  - WMU 5A
- **Oct. 31 to Nov. 2**
  - WMU 5B
- **Closed to fall hunting**
  - WMUs 5C & 5D

**Arms & Ammunition**
1) Manually operated rifles and handguns, including rimfires;
2) Manually operated and semiautomatic shotguns limited to a three-shell capacity in the chamber and magazine combined;
3) Muzzleloading shotguns, rifles and handguns; and 4) Long, recurve, compound bows (minimum draw weight of 35 pounds) or crossbows with a broadhead that has a fixed or mechanical tip affixed to the fore end of an arrow or bolt having sharpened cutting edges consisting of metal or naturally occurring stone. The broadhead must have an outside diameter or width of at least 7/8 of an inch, and the length may not exceed 3.25 inches.

Single-projectile ammunition or shot no larger than No. 4 lead, No. 2 steel or No. 4 of any other U.S. Fish & Wildlife Service-approved nontoxic shot. **The fall seasons in WMU 2B (and the Allegheny County portion of 2A)** are limited to shotguns and long, recurve, or compound bows or crossbows.

**Fluorescent Orange**
Fall turkey hunters must wear at least 250 square inches of fluorescent orange on the head, chest and back combined, visible 360 degrees at all times when moving. Orange material may be removed at a stationary calling location, providing a minimum of 100 square inches of fluorescent orange is posted within 15 feet of the location and is visible 360 degrees.

- **Exception:** In WMU 2B (and the Allegheny County portion of 2A), which is limited to hunting with shotguns and archery equipment, hunters must wear a hat containing a minimum of 100 square inches of solid fluorescent orange material, visible 360 degrees at all times when moving. While fluorescent orange is not required in this zone at stationary calling locations, it is strongly recommended.

**Mentored Hunters**
Mentored Youth and Mentored Adult hunters may participate. Harvest tags are provided to Mentored Adults and Mentored Youth older than 7. Birds taken by Mentored Youth younger than 7 must be tagged with a harvest tag transferred from the youth’s mentor. Each mentored hunter may take only one turkey during the spring.

**No Stalking**
Hunting by calling only.

**Bearded Birds**
Only turkeys with visible beards are legal. It is suggested, though, that hunters refrain from knowingly harvesting bearded hens because they nest and raise broods.

**Dogs**
Dogs may be used during the fall season.

**Spring season** Up to 2 bearded birds, (1 per day) with proper licenses.

**SPRING TURKEY HUNTING IS OPEN STATEWIDE**

**YOUTH HUNT**
**April 21, 2018**

**STATEWIDE SEASON**
**April 28 to May 31, 2018**

**Hunting Hours**
Hunting hours during the **April 21 youth hunt, and from April 28 to May 12** of the statewide season begin one-half hour before sunrise and end at noon. Hunters are asked to be out of the woods by 1 p.m. during those periods. From **May 14 to May 31**, hunting hours begin one-half hour before sunrise and end one-half hour after sunset.

**Arms & Ammunition**
1) Manually operated and semiautomatic shotguns limited to a three-shell capacity in the chamber and magazine combined; 2) Muzzleloading shotguns of all types and gauges; 3) Long, recurve, compound bows (minimum draw weight of 35 pounds) or crossbows with legal broadheads (see broadhead requirements in fall season section).

Fine shot no larger than No. 4 lead, No. 2 steel or No. 4 of any other approved nontoxic shot. Rifle/shotgun combination guns may be used if ammunition is limited to shotgun shells. Carrying or using single-projectile ammunition, rifles or handguns is unlawful.

**Mentored Hunters**
Mentored Youth and Mentored Adult hunters may participate. Harvest tags are provided to Mentored Adults and Mentored Youth older than 7. Birds taken by Mentored Youth younger than 7 must be tagged with a harvest tag transferred from the youth’s mentor. Each mentored hunter may take only one turkey during the spring.

**Youth Hunt**
Only licensed junior hunters and properly permitted Mentored Youth may participate, and must be accompanied by an adult as required by law (see License Information section). Each hunter may harvest only one bearded bird during the Youth Hunt. Birds harvested by Mentored Youth under age 7 must be tagged with a harvest tag transferred to the Mentored Youth from his or her adult mentor.

**No Stalking**
Hunting by calling only.

**Bearded Birds**
Only turkeys with visible beards are legal. It is suggested, though, that hunters refrain from knowingly harvesting bearded hens because they nest and raise broods.

**Dogs**
Dogs may not be used during the spring season.
Blinds

The use of turkey blinds is legal under the following definition:

Any artificial or manufactured turkey blind consisting of all manmade materials of sufficient density to block the detection of movement within the blind from an observer outside the blind.

Artificial or manufactured turkey blinds consisting of all manmade materials means blinds must be constructed of plastic, nylon, canvas, cotton cloth, plywood or other manmade materials.

Blinds made by piling rocks, logs, branches, etc. are unlawful. The blind must completely enclose the hunter on all four sides and from above to block the detection of movement within the blind.

Turkey-hunting blinds that represent the fanned tails of gobblers are illegal to use in Pennsylvania because they do not hide all hunter movement from behind or within.

When fluorescent orange is required at a stationary calling location in fall seasons, at least 100 square inches must be displayed outside the blind and within 15 feet of the blind, visible 360 degrees.

Portable hunting blinds left on state game lands and other Hunter Access properties under the Game Commission’s management now need to be conspicuously marked with a durable and legible identification tag that includes the owner’s first and last name and legal home address, or bears the CID number that appears on the owner’s hunting license or a number issued by the Game Commission to the blind owner. Identification numbers can be obtained at The Outdoor Shop on the Game Commission’s website.

Tagging, Reporting Requirements

Successful turkey hunters must follow all instructions printed on tags supplied with licenses.

Separate tags are provided for fall and spring seasons. The turkey must be tagged immediately after harvest and before the carcass is moved. The tag must be securely attached to a leg until the bird is prepared for consumption or mounting. Once you have used your tag, it is unlawful to possess it in the field. Also, please remember to remove your old hunting license from your possession while in the field. It is unlawful to possess old licenses while hunting.

Within 10 days of harvest (five days for mentored hunters), turkey hunters must report harvests to the Game Commission, either by going online to the Game Commission’s website, www.pgc.pa.gov, or by using a postage-paid report card supplied with the current Pocket Guide, or calling toll-free

 Hunters reporting their turkey harvests over the telephone through the Interactive Voice Response (IVR) system can call 1-855-PAHUNT1 (1-855-724-8681). Hunters will need to have their license and their copy of the carcass tag attached to the harvested turkey available to complete the call.

Hunters should record the confirmation number supplied by the IVR system for the turkey reported.

All hunters reporting harvests are asked to identify the WMU, county and township where the bird was taken.

Hunters who purchase a second spring gobbler license have a mandatory reporting requirement, regardless of whether they harvest a bird using this special license. For more details, see the “Tagging, Transporting & Reporting” section under “Big Game Regulations” in this digest.

Live Decoys, Drives and Electronic Calls

In both spring and fall turkey seasons, it is unlawful to possess or use live turkeys as decoys, or conduct drives for turkeys or use electronic callers or devices.

Pennsylvania’s Big Game Scoring Program

Each year, deer, bear and elk that are among the largest ever to be harvested in Pennsylvania are added to the Pennsylvania Big Game Records book.

Now those hunters and trophy owners who have a listing in the record book also may purchase an Exclusive Member Big Game Records patch.

Patches are $9.43, plus shipping, plus sales tax. Funds from the sale of these patches are used to support the state’s Big Game Scoring Program.

To order, call 1-888-888-3459.

The 2017 records book becomes available in October, and costs $6, plus shipping, plus 6 percent sales tax.

To enter a big game animal, or for more information about the Game Commission’s Big Game Scoring Program, contact Boone & Crockett Club certified scorer and coordinator of Pennsylvania’s program Bob D'Angelo at rdangelo@pa.gov or call the Game Commission Harrisburg Headquarters.
It is unlawful to “intentionally lay or place food, fruit, hay, grain, chemicals, salt or other minerals that may cause bears to congregate or habituate in an area.” In addition, if nuisance bears are being attracted to an area by any other wildlife feeding, wildlife conservation officers can issue written notice to temporarily halt the activity.
Bear Check Stations

Check stations statewide are open each day through the regular firearms bear season. Hours are:

- **Saturday, Nov. 18** – 10 a.m. to 9 p.m.
- **Sunday, Nov. 19** – 10 a.m. to 12 p.m.
- **Monday, Nov. 20** – 10 a.m. to 8 p.m.
- **Tuesday, Nov. 21** – 10 a.m. to 8 p.m.
- **Wednesday, Nov. 22** – 10 a.m. to 6 p.m.

**NORTHWEST REGION**

- **Forest County**: Allegheny National Forest, Marienville Ranger Station, Rt. 66 approx. 1.5 miles north of Marienville – 41.48806 N, 79.1025 W
- **Jefferson County**: Friendship Hose Company #1, Interstate 80 Exit 97, Rt. 830 W (Slab Run Road/First Street), right on 1st Street in Falls Creek, then 600 feet on right – 41.1458166 N, 78.7985611 W
- **Venango County**: Northwest Region Office, 1509 Pittsburgh Road, Franklin – 41.36734 N, 79.85974 W
- **Warren County**: Tidioute Borough Fire Hall, 228 Main Street, Tidioute – 41.68278 N, 79.40444 W

**SOUTHWEST REGION**

- **Indiana County**: Homer City Fire Department, 25 West Church Street in Homer City – 40.54189 N, 79.16193 W
- **Somerset County**: New Centerville Rural Fire Dept., on Rt. 281 in New Centerville – 39.9420 N, 79.1950 W
- **Westmoreland County**: Southwest Region Office, Rt. 711, 7 miles north of Ligonier – 40.3140 N, 79.1480 W

**NORTHCENTRAL REGION**

- **Clearfield County**: PGC Maintenance Building along the Quehanna Highway, about 3.5 miles south of the intersection with Wykoff Run Road about 4.5 miles north of Karthaus – 41.1901 N, 78.14954 W
- **Clinton County**: Chapman Twp. Fire Hall, four miles south of Renovo on Rt. 120 in North Bend – 41.34861 N, 77.70038 W
- **Lycoming County**: Antes Fort Fire Hall, 1/4 mile south of NC Region Office on Rt. 44 – 41.1909 N, 77.22612 W
- **McKean County**: Mt. Jewett Fire Hall on U.S. Rt. 6 – 41.7241 N, 78.64347 W
- **Potter County**: Coudersport Fire Hall on U.S. Rt. 6, west of town – 41.76788 N, 78.02842 W
- **Tioga County**: Wellsboro Fire Company Social Building, U.S. Rt. 6 in center of town – 41.74858 N, 77.29642 W

**SOUTHCENTRAL REGION**

- **Fulton County**: Buchanan State Forest Bldg., 5 miles east of Breezewood on Rt. 30 – 40.017185 N, 78.150533 W
- **Huntingdon County**: Huntingdon Nat’l Guard Armory, 10034 Raystown Rd., Huntingdon – 40.4889 N, 78.0499 W
- **Snyder County**: Beavertown Hose Company, 222 S. Sassafras Street, Beavertown – 40.75133 N, 77.16654 W

**NORTHEAST REGION**

- **Carbon County**: Beltzville State Park Main. Bldg., 2950 Pohopoco Dr., just east of Exit 74 PA Turnpike NE Ext. (I-476) – 40.863781 N, 75.628489 W
- **Lackawanna County**: Lackawanna State Park Maintenance Bldg., behind park office on Rt. 524; from I-81 take Exit 199 and go 3 miles west on 524 – 41.56555 N, 75.7026 W
- **Luzerne County**: Back Mountain Regional EMA Building, 3593 Route 118 (half-mile west of the intersection of routes 118 and 415), Dallas – 41.335226 N, 75.997755 W
- **Monroe County**: SGL 127 Bldg., Rt. 423, 2 miles south of Tobyhanna – 41.168317 N, 75.439614 W
- **Pike County**: SGL 180 Shohola Bldg., Rt. 6 at Shohola Falls, 13 miles south of Hawley – 41.3862 N, 74.9758 W
- **Sullivan County**: DCNR Loyalsock State Forest Resource Management Center, 6735 Rt. 220, 7 miles south of Dushore – 41.439228 N, 76.4646 W

**SOUTHEAST REGION**

- **Berks County**: Southeast Region Office, 253 Snyder Road, 7 miles north of Reading – 40.440840 N, 75.911236 W
- **Dauphin County**: PGC Headquarters, 2001 Elmerton Ave., Harrisburg – 40.2934 N, 76.8553 W
Check stations are open in select WMUs during the extended bear season. Dates and hours of operation vary.
See preceding page for specific location information if not provided.

**Northwest Region**

- **Venango County** – Northwest Region Office: Monday-Friday 8 a.m. - 7 p.m.; Saturday Noon - 7 p.m.
- **Warren County** – State Game Lands 143 Building: 375 Moore Lane, Pittsfield - 41.823172 N, 079.435473 W; Saturday Noon - 7 p.m.

**NEW SITE**

- **Tioga County**
  DCNR Wilson Point Maintenance Headquarters, Ansonia, a half-mile south of Rt. 6 on Colton Road - 41.7415 N, 77.4320 W: Wednesday & Saturday Noon - 7 p.m.

---

**Prepping For the Check Station**

At the time of a harvest, successful bear hunters should place a 3- to 4-inch stick into the bear’s mouth, before rigor mortis or freezing temperatures set in, making it extremely difficult for check-station staff to open the mouth to remove a tooth for aging.
DESIGNED, MACHINED, TESTED FINISHED AND PACKAGED IN THE USA

Reinvesting in our company and encouraging employee innovation gives us a competitive advantage. Our newest additions include an Image Dimension Measuring System and an automated parts counter, which allow our employees to use their time more efficiently. These philosophies allow us to maintain our prices and quality, along with remaining on the cutting edge of technology and design.

SCOPE MOUNTS
We carry scope rails for over 100 applications including:
- Remington
- Savage
- Browning
- Winchester
- Marlin
- Mossberg
and more

CHAMBER CHECKERS
Perfect for the reloader. Ensure your reloads are properly sized with our chamber checkers. Available in many calibers including:
- 12 / 20 Gauge
- 223
- 308
- 30-06
- 243
and more

1911 PARTS
- Bushings
- Safeties
- Slide Stops
- Sears
- Disconnectors
- Hammers
- Beavertails
- Front Sights
- Triggers

### Small Game

**Squirrel**
- 6 daily, 18 possession
- Combined Species

**Pheasant**
- 2 daily, 6 possession
- Cocks only in some WMUs

**Rabbit**
- 4 daily, 12 possession

**Grouse**
- 2 daily, 6 possession

**Bobwhite Quail**
- 8 daily, 24 possession

**Snowshoe Hare**
- 1 daily, 3 possession

**Woodchuck**
- No Limit

**Crow**
- No Limit

---

#### Arms & Ammunition
1. Manually operated and semiautomatic 10-gauge or less shotguns with a capacity of no more than 3 shells in the chamber and magazine combined; 2. Manually operated and semiautomatic rifles and manually operated handguns 22-caliber or less; 3. Air-guns for small game in calibers from .177 to .22, for woodchucks at least 22-caliber, that propel a single-projectile or bullet. BB ammunition is prohibited. 4. Muzzleloading rifles and handguns 40-caliber or less, and shotguns 10-gauge or less; and 5. Long, recurve and compound bows and arrows, and crossbows. Single-projectile ammunition, or fine shot pellets no larger than No. 4 lead, bismuth-tin, or tungsten-iron, or other approved non-toxic shot or No. 2 steel. **Note:** Rifle and handgun caliber restrictions do not apply when hunting woodchucks.

#### Fluorescent Orange
Small game and porcupine hunters must wear at least 250 square inches of fluorescent orange at all times on the head, chest and back combined. Woodchuck hunters must wear a solid fluorescent orange cap on the head. Orange must be visible 360 degrees. No orange is required for crow hunters.

#### Hunting Parties
It is unlawful to hunt small game in a party of more than six persons. This does not apply to waterfowl or dove hunters when hunting from a blind or other stationary positions.

---

**Pheasant Hunting**

**No open season**
Hungarian partridges, pine martens & sharp-tailed grouse.

**No closed season**
English sparrows and European starlings. No limit, but cannot be hunted during the regular firearms deer seasons.

**Transporting Small Game**
Small game may be transported untagged by the owner. Small game unaccompanied by the owner must be labeled with the owner’s name, address, license customer ID number and signature of the owner.

**Pheasant Stocking**
It is unlawful to discharge a firearm within 150 yards of a Game Commission vehicle if its occupants are releasing pheasants.

**Wild Pheasant Recovery Areas**
No taking of pheasants in any Wild Pheasant Recovery Area in any season, except the Game Commission executive director can authorize permit-based youth-only pheasant hunting opportunities in the Central Susquehanna WPRAs. **All other small game species, except pheasants, when in season, can now be hunted in WPRAs.** Dog training is prohibited from March 1 through July 31 in WPRAs.

**PHEASANT PERMIT REQUIRED**
All adult and senior hunters, including senior lifetime license holders, who pursue pheasants in Pennsylvania are required to purchase a pheasant permit in addition to a general hunting license. Junior hunters do not need a permit to hunt pheasants. The permit costs $26.90 and must be signed and carried while hunting for pheasants.

---

**Arms & Ammunition**

**1) Manually operated and semiautomatic 10-gauge or less shotguns with a capacity of no more than 3 shells in the chamber and magazine combined; 2) Manually operated and semiautomatic rifles and manually operated handguns 22-caliber or less; 3) Air-guns for small game in calibers from .177 to .22, for woodchucks at least 22-caliber, that propel a single-projectile or bullet. BB ammunition is prohibited. 4) Muzzleloading rifles and handguns 40-caliber or less, and shotguns 10-gauge or less; and 5) Long, recurve and compound bows and arrows, and crossbows. Single-projectile ammunition, or fine shot pellets no larger than No. 4 lead, bismuth-tin, or tungsten-iron, or other approved non-toxic shot or No. 2 steel. **Note:** Rifle and handgun caliber restrictions do not apply when hunting woodchucks.**

**Fluorescent Orange**
Small game and porcupine hunters must wear at least 250 square inches of fluorescent orange at all times on the head, chest and back combined. Woodchuck hunters must wear a solid fluorescent orange cap on the head. Orange must be visible 360 degrees. No orange is required for crow hunters.

**Hunting Parties**
It is unlawful to hunt small game in a party of more than six persons. This does not apply to waterfowl or dove hunters when hunting from a blind or other stationary positions.

**Wild Pheasant Recovery Areas**

**Pennsylvania is working to restore wild ring-necked pheasant populations.**

Wild pheasants trapped in other states have been released in each of the state’s four Wild Pheasant Recovery Areas (WPRAs). These areas were selected because the habitat there provides the best chances of supporting a self-sustaining population.

It is unlawful to hunt pheasants in any WGRA, except the Game Commission executive director can authorize permit-based youth-only pheasant hunting opportunities in the Central Susquehanna WGRA. It is unlawful to train dogs from March 1 through July 31 within any area designated as a WGRA. Small game hunting, except for pheasants, is now permitted in any WGRA. It is unlawful to release artificially propagated pheasants in any WGRA, and no Game Commission-raised pheasants are released in any WGRA.

**Franklin County WGRA**

That portion of WMUs 4A and 5A in Franklin County from PA Rt. 30 on the northern border to the PA/ Maryland border on the southern border, and from Cove Mountain on the western border to the towns of Laurich and Williamson and the Conococheague Creek on the eastern border. The WGRA is bounded on the north by Rt. 30 (Lincoln Highway). Beginning at the town of Fort Loudon at the intersection of Rt. 30 and Rt. 75, proceed east on Rt. 30, through St. Thomas and continue east to Laurich. Just east of Laurich, proceed south on Back Creek to Rt. 3012 (Jack Road). Proceed west on Rt. 3012, then south on Weber Road. Continue south and southwest on Weber Road to the intersection of Weber, Grapevine and Jacks Mill roads. Proceed southwest on Grapevine Road and then northwest to intersection with Rt. 3013. Turn south onto Rt. 3013 (St. Thomas Williamson Road) and then west onto Rt. 995. Proceed west and then south on Rt. 995 through Williamson to the West Branch of the Conococheague Creek (northeast of Welsh Run). Proceed along the West Branch Conococheague Creek to the confluence with Conococheague Creek. Follow the Conococheague Creek south to the PA/MD border. Proceed west along the PA/MD border to Rt. 456. Proceed northeast on Rt. 456 to Rt. 16. Proceed east on Rt. 16 to Mountain Road. Proceed northeast on Mountain Road to Rt. 75. Proceed northwest on Rt. 75 to the intersection of Rt. 75 and Rt. 30 at Fort Loudon.

**Somerset WGRA**

That portion of Somerset County, WMU 2C, bounded on the western side starting at the intersection of Coleman Station Road and Stutzmantown Road, proceeding south on Coleman Station Road, crossing Rt. 31, to Brotherton Road, continuing south to Round Hill Road, then east onto Wills Church Road then to Archery Road. The boundary then follows Berlin Plank Road (U.S. Rt. 219) south into the town of Berlin where it joins the Mason Dixon Highway (U.S. Rt. 219), proceeding south to Pine Hill Road to Walker School Road then east on Maple Valley Road to Sawmill Road to the Cumberland Highway (Rt. 160). The boundary then follows the Cumberland Highway (Rt. 160) south to Salco Road and then proceeds north on Salco Road to Huckleberry Highway (Rt. 160) in Berlin. The boundary follows Huckleberry Highway (Rt. 160) north, crossing Rt. 31, to the intersection of Roxbury Road then north to Shanksville Road. The boundary then proceeds north to Stutzmantown Road, and then west to the beginning at the intersection of Coleman Station Road.
Wild Pheasant Recovery Areas

Central Susquehanna WPRA

Portions of WMU 4E in Northumberland, Montour and Columbia counties, bounded and described as follows: Beginning in the southwestern extent of the WPRA at the intersection of Interstate 80 and Interstate 180, proceed north on Interstate 180 for about 7.2 miles to the intersection of Hughes Road. The boundary follows Hughes Road east for 0.2 mile to Susquehanna Trail. Follow Susquehanna Trail south for 0.2 mile to Schmidt Road. Follow Schmidt Road for 1.6 miles to Miller Road. Follow Miller Road east for 1.1 miles to intersection of Hockey Hill Road. Go right on Hockey Hill Road then left onto Pugmore Lane. Follow Pugmore Lane for 0.7 mile to Harrison Road. The boundary follows Harrison Road south for 0.7 mile to Showers Road. Follow Showers Road for 1.2 miles east to intersection of Gearhart Road. Turn right on Gearhart Road and go south for 0.6 mile to the intersection of Hickory Road. The boundary follows Hickory Road east for 0.6 mile then left onto Mingle Road for 0.9 miles until rejoining Hickory Road for another 0.8 mile to the intersection of Muncy Exchange Road. The boundary follows Muncy Exchange Road south for 1.4 miles to bridge over the West Branch of Chillisquaque Creek near the intersection of State Highway 44. The boundary follows the West Branch of Chillisquaque Creek south for about 2.1 miles to the bridge on Arrowhead Road. The boundary follows Arrowhead Road west for 0.8 mile to the intersection of State Highway 54. Follow State Highway 54 south for 2.6 miles to the intersection of State Highway 254. Follow State Highway 254 east for 5.9 miles to the intersection of State Highway 44. Follow State Highway 44 south for 1.1 miles to the intersection of State Highway 642. Follow State Highway 642 southwest for 2.3 miles to the intersection of Billhime Road. Turn right onto Billhime Road and go 1.1 miles to the intersection of East Diehl Road. Turn left on East Diehl Road then right onto Camelot Hill Road. Follow Camelot Hill Road for 1 mile to the intersection of Blee Hill Road. The boundary follows Blee Hill Road northwestward for 0.6 mile to the intersection of Hillside Drive. Turn left onto Hillside Drive and follow west for 3.2 miles until State Highway 54. Cross State Highway 54 onto Steckermill Road and go 0.4 mile to the intersection of Keef Mill Road. Turn right onto Keef Mill Road and follow north for 0.8 mile to the intersection of Mexico Road. Turn right onto Mexico Road for 0.1 mile and then left onto Keef Mill Road for 0.6 mile to the intersection of State Highway 254. The boundary follows State Highway 254 west for 5.5 miles to the intersection of Interstate 80. Follow Interstate 80 west for 3.4 miles to the intersection of Interstate 180 and the point of origin.

Hegins-Gratz Valley WPRA

That Portion of Management Unit 4E in Schuylkill and Dauphin counties from SR 1007 (Matterstown Road) to PA Rt. 901 at Taylorsville. The WPRA is bounded on the north by the Mahantango Creek. Beginning at the town of Pillow in Dauphin County, proceeding east on SR 1026 (Market Street) to the Mahantango Creek, which is the Northumberland and Dauphin county border until entering Schuylkill county at Klingerstown. Continuing northeast along the Mahantango Creek in Schuylkill county to SR 4039 (Taylorsville Road) at Haas, to Taylorsville and then proceeding south on PA Rt. 901. Proceeding south and southeast on PA Rt. 901 to I-81. Proceeding southwest on I-81 and then west on PA Rt. 25. From PA Rt. 25, proceeding south and west on Dell Road and then northwest and west on State Highway 4009 (Pine Drive) continuing west on Pine Drive, T593 and north on T592 to Pine Creek. The southern boundary then follows Pine Creek west along the northern side of Broad Mountain to Spring Glen. From Spring Glen, continuing west on PA Rt. 25, crossing into Dauphin county, to Gratz. Then proceeding southwest from Gratz on State Highway 1014 (Specktown Road) to PA Rt. 1009 (S. Crossroads Road). Proceeding south on PA Rt. 1009 (S. Crossroads Road) to PA Rt. 209 and southwest to Elizabethville. From Elizabethville continue west on PA Rt. 209 (Main St). Turn north onto T462 (Botts Road). At the first intersection turn north onto T461. (Feidt Rd). Turn East onto SR 4008 (West Matterstown Road). Turn north on to SR 1007 (Matterstown Road). Turn Right or east onto PA Rt. 25 (Berrysburg Rd) which turns into Market Street. Turn left (north) onto Lykins Street. Turn right or East onto T639 (Mountain Road). Turn left (north) on PA Rt. 225 into Pillow on PA Rt. 225, ending at SR 1026 (Market Street).
Junior hunters have early chances to pursue squirrels, pheasants and rabbits. The Junior rabbit and squirrel seasons run from Sept. 30 to Oct. 14, and Mentored Youth may participate. The Junior pheasant season runs from Oct. 7-14.

- Junior hunters may participate and must be accompanied by an adult as required by law.
- A hunting license is not required, but youngsters must have successfully completed a Hunter-Trapper Education course.
- Hunters must abide by the same bag limits and regulations governing “Male-Only Pheasant Wildlife Management Units” during the regular season.
- Note that pheasants are not included in the species that can be hunted by youngsters under 12 who participate in the Mentored Youth Hunting Program.

**Junior Pheasant Hunt Stocking Locations**

15,000 pheasants stocked statewide

**NORTHWEST REGION**
- **Butler County:** SGL 95, from Butler Rt. 8 to Rt. 308 north. Just before Moniteau High School turn right on Brimstone Rd. Proceed to Swope Rd. and turn left. Muddy Run in Martic and Drumore townships, in agricultural areas and fields at the end of Hilldale Rd., and Old River Rd., and south of River Rd. **Lebanon County:** SGL 145 around Cavalry Dam north and west of Rt. 241, south of Rt. 117, and east of Rt. 341. Swatara State Park, the portion east of Rt. 72, south of Rt. 443, and bordered by I-81. **Lehigh County:** SGL 205. **Montgomery County:** SGL 234 **Schuylkill County:** SGL 227, along Taggertsville Rd. across from Tuscarora State Park. SGL 229, south of Newton on Rt. 209 approximately 1 mile to access road on left and parking.
License Requirements

A general hunting license is required in all seasons.

To hunt waterfowl, persons 16 and older are required to have a federal duck stamp, and it must be signed across the face and carried by the hunter.

The Electronic Duck Stamp, or E-Stamp, is valid in Pennsylvania, and stamps can be purchased through “The Outdoor Shop.”

In addition, all licensed hunters ages 12 and older must have a Pennsylvania Migratory Game Bird License to hunt ducks, geese, doves, woodcock, brant, coots, gallinules, rails and snipe. This license may be obtained from any license issuing agent, or through the Game Commission’s website.

When hunting light geese in the conservation season, hunters also need a free permit and harvest report card, which can be obtained online at the Game Commission’s website, www.pgc.pa.gov, or by calling the Harrisburg Headquarters at 717-787-4250.

Purchase of a voluntary Pennsylvania Duck Stamp helps to finance wetland acquisition and development, and waterfowl education.

Arms & Ammunition

1) Manual and semiautomatic shotguns no larger than 10-gauge with a capacity limited to no more than three shells in the chamber and magazine combined; 2) Long, recurve and compound bows and arrows; and crosbbows. Only non-toxic fine shot up to and including size T (.20 inches) is lawful for waterfowl. It is unlawful to hunt waterfowl with lead shot.

Fluorescent Orange

Not required for waterfowl and dove hunters.

Legal Hunting Hours

Hunting hours during the first segment of the dove season are noon to sunset. Hunting hours during the September Canada goose season, and the snow-goose conservation season, are from one-half hour before sunrise until one-half hour after sunset. However, hunting hours for all waterfowl end at sunset on Youth Waterfowl Days. Hours for all other migratory bird seasons are from one-half hour before sunrise until sunset.

See page 14 for a larger version of map.

The U.S. Fish & Wildlife Service adjusted the schedule for selection of migratory bird seasons and bag limits, which allows all seasons to appear in this digest.

Restrictions

No person shall take migratory game birds:

- With a shotgun capable of holding more than three shells, unless it is plugged with a one-piece filler that is incapable of removal without disassembling the gun.
- From a sink box (a low-floating device, having a depression affording the hunter a means of concealment beneath the surface of the water).
- From or with the aid or use of a car or other motor-driven land conveyance, or any aircraft.
- From or by means of any motorboat or sailboat unless the motor has been completely shut off and/or the sail furled, and its progress thereafter has ceased.
- By the use or aid of live decoys, or decoys powered or operated by batteries or any other source of electricity. Electronic crow decoys can be used for the hunting of crows.
- By using records or tapes of migratory bird calls or sounds, or electrically amplified imitations of bird calls.
- By driving, rallying or chasing birds with any motorized conveyance or any sailboat to put them in range of hunters.
- By the aid of baiting (placing feed such as corn, wheat, salt or other feed to constitute a lure or enticement), or on or over any baited area. Hunters should be aware that a baited area is considered to be baited for 30 days after the removal of the bait.

Hunting Parties

Waterfowl and dove hunters can hunt in a party of more than six persons as long as they are hunting from a blind or stationary position.

Daylight Saving Time Begins* Ends**

Add the minutes from the Meridian Map to the begin/end times on this table.
Ducks, Mergansers & Coots

Seasons for Ducks, Sea Ducks, Coots and Mergansers run concurrently, but each of the state’s four zones has its own opening and closing dates.

Ducks & Sea Ducks

6 daily, 18 in possession

The daily bag limit of six ducks or sea ducks is combined for any species with an open season, except for the following restrictions:

Daily limit may not include more than:

- 4 mallards
  - including 2 hen mallards
- 2 scaup
- 2 black ducks
- 3 wood ducks
- 2 redheads
- 4 eiders
- 2 canvasbacks,
- 1 pintail
- 1 mottled duck
- 1 fulvous whistling duck
- 4 scoters
- 4 long-tailed ducks

Possession limits are triple the daily limits.
There is no open season for Harlequin Ducks

Mergansers

5 daily, 15 in possession

Not more than 2 hooded mergansers daily, 6 hooded in possession.

Coots

15 daily, 45 in possession

DUCK ZONE BOUNDARIES

Lake Erie Zone
Lake Erie, Presque Isle and the area within 150 yards of the Lake Erie shoreline.

Northwest Zone
The area bounded on the north by the Lake Erie Zone and including all of Erie and Crawford counties and all of Mercer and Venango counties north of I-80.

North Zone
The area east of the Northwest Zone and north of I-80 to Route 220, north from I-80 to I-180, north and east of I-180 from Route 220 to I-80, north of I-80 from I-180 to the Delaware River.

South Zone
All of state not in the Lake Erie, Northwest and North Zones.
Canada Geese hunting is open statewide, but season lengths and bag limits vary by zone. Seasons for Canada geese include white-fronted geese.

**Southern James Bay Population Zone**
- Sept. 1-25*
  - 1 daily, 3 possession
- Oct. 7-Nov. 25
  - 3 daily, 9 possession
*In western Crawford County, the season runs from Sept. 1-16

**Resident Population Zone**
- Sept. 1-25
  - 8 daily, 24 possession
- Oct. 28-Nov. 25
  - 5 daily, 15 possession
- Dec. 12-Jan. 20
  - 1 daily, 3 possession
- Jan. 27-Feb. 24
  - 8 daily, 24 possession

**Atlantic Population Zone**
- Sept. 1-25
  - 8 daily, 24 possession
- Nov. 15-25
  - 5 daily, 15 possession
- Dec. 18-Jan. 20
  - 3 daily, 9 possession

**GOOSE ZONE BOUNDARIES**

**Southern James Bay Population Zone**
The area north of I-80 and west of I-79 including in the city of Erie west of Bay Front Parkway to and including the Lake Erie Duck zone (Lake Erie, Presque Isle and the area within 150 yards of Lake Erie Shoreline).

**Atlantic Population Zone**
The area east of SR 97 from Maryland State Line to the intersection of SR 194, east of SR 194 to intersection of US Route 30, south of US Route 30 to SR 441, east of SR 441 to SR 743, east of SR 743 to intersection of I-81, east of I-81 to intersection of I-80, south of I-80 to New Jersey state line.

**Resident Population Zone**
All of Pennsylvania except for the Southern James Bay Population and the Atlantic Population zones.

---

**EXCEPTIONS**

**September Season** Detailed maps of described areas available at www.pgc.pa.gov

1.) In the area south of SR 198 from the Ohio state line to intersection of SR 18, SR 18 south to SR 618, SR 618 south to US Route 6, US Route 6 east to US Route 322/SR 18, US Route 322/SR 18 west to intersection of SR 3013, SR 3013 south to the Crawford/Mercer County line. The season is Sept. 1-16. The daily bag limit is 1, possession limit 3; except on SGL 214 where the season is closed to September goose hunting.

2.) In the area of Lancaster and Lebanon counties north of the Pennsylvania Turnpike I-76, east of SR 501 to SR 419, south of SR 419 to Lebanon-Berks county line, west of Lebanon-Berks county line and the Lancaster-Berks county line to SR 1053 (also known as Peartown Road and Greenville Road), west of SR 1053 to Pennsylvania Turnpike I-76, the daily bag limit is 1, possession limit 3; except on SGL 46 (Middle Creek Wildlife Management Area) where the season is closed.

**Note:** These exceptions do not apply to youth participation on youth waterfowl days, when regular season regulations apply. Hunting hours for all migratory birds, including Canada geese, close at sunset on youth waterfowl days.

**Regular Season**
Areas outside of the controlled goose hunting areas at the Middle Creek WMA and SGL 46 in Lebanon- Lancaster counties have a daily limit of one, and a possession limit of three during the regular Canada goose season. Areas inside the goose hunting areas at the Middle Creek WMA and SGL 46 have a season limit of one.
**Light Geese, Brant & Webless Birds**

**Light Geese** (Snow Geese & Ross’ Geese)  
25 daily, no possession limit

**LIFE JACKETS REQUIRED BY LAW**  
**NOV. 1 TO APRIL 30**

All boaters, including waterfowl hunters, must wear life jackets on boats less than 16 feet in length, or on any canoe or kayak during the cold-weather period from Nov. 1 through April 30.

Recreational boating fatalities that occur in Pennsylvania from November through April are primarily caused by the effects of cold-water immersion.  

When water temperatures are less than 70 degrees Fahrenheit, cold-water shock is a major factor in boating fatalities.

Victims who wear a life jacket when exposed to cold water have potentially life-saving advantages, such as insulation from the cold, buoyancy for victims who are unable to tread water and reduced risk of aspiration of water.

In an effort to reduce the number of fatalities related to cold-water immersion, the Fish & Boat Commission has amended regulations to require life jackets to be worn on small and unstable boats during the period most noted for cold-water temperatures.

For other times of the year and on other types and sizes of boats, all boaters are required to have properly fitted personal flotation devices readily accessible. For more information on boating laws and safety, visit www.fishandboat.com.

**Youth Waterfowl Days**

Licensed junior hunters ages 12-16 can hunt ducks, mergansers, Canada geese, coots and gallinules during a series of Youth Waterfowl Days. Sixteen-year-olds need a federal duck stamp to participate. Regular season bag limits and other restrictions apply. Check the Game Commission website for more details. This season, Youth Waterfowl Days will be held:

Mute Swans

Mute swans are non-native and not protected under state or federal law. Hunters may harvest mute swans and they do not count as part of the daily bag. Taking mute swans on private property requires landowner permission. Mute swans have an orange bill with a black fleshy knob on top at the feather line. Mute swans do not feed in fields and are encountered only in wetlands. Native tundra and trumpeter swans are protected. They have a black bill and commonly are found in fields and wetlands. Sandhill cranes are likely to be present in certain areas and are protected.

A furtaker license is not required to hunt coyotes, but is required to trap them. Porcupines also may be hunted with a hunting license. A furtaker license is required to take any other furbearer by hunting or trapping. In addition to a furtaker license, permits are required for bobcat, fisher and otter.

**Firearms While Trapping**

- To dispatch trapped animals during deer season, trappers are limited to semiautomatic or manually operated 22-caliber or smaller rifles, manually operated 22-caliber or smaller rimfire handguns, or air- or gas-operated firearms that are 22-caliber. Persons under 12 may use only a manually operated 22-caliber or smaller rimfire rifle, and only when accompanied by an adult.

**Firearms for Hunting Furbearers**

- It is unlawful to take furbearers, including bobcats, with shotguns using shot larger than size number 4 buckshot, or implements that are not lawful firearms, bows or crossbows. Semi-automatic and manually operated rifles or manually operated handguns of any caliber, manual or semiautomatic shotguns and, bows and crossbows can be used. Air- or gas-operated firearms of at least 22-caliber and propel a single-projectile pellet or bullet can be used. Persons hunting furbearers, including coyotes, foxes, bobcats, raccoons, striped skunks, opossums and weasels, may use gun-mounted lights that do not project a laser-light beam.

**Foxes & Raccoons**

Foxes can but raccoons cannot be hunted on Sundays. Foxes and raccoons may be hunted any hour, day or night, except during the regular antlered or antlered/antlerless deer seasons, and during that time they may be hunted only after the legal hours for deer.

**Unlawful Devices**

It is unlawful to take furbearers through the use of fish hooks, snagging hooks or any other hooks of similar design, or implements that are not lawful traps. A furtaker’s license is needed to trap all furbearers, including coyotes.

**Coyotes**

While there is no closed season for the hunting of coyotes, and coyotes may be hunted on Sundays, there are additional requirements for hunting coyotes during big-game seasons.

- **OUTSIDE OF ANY BIG GAME SEASON**
  - Coyotes may be taken with a hunting license or a furtaker license and without wearing orange.

- **DURING ANY BIG GAME SEASON**
  - Coyotes may be taken while lawfully hunting big game (big-game orange requirements must be followed) or with a furtaker license.

**Bait and Devices**

- Natural or manmade nonliving bait and any electronic or mechanical device can be used to attract coyotes for hunting or trapping.

- **Bait Visible From the Air**
  - The law allowing trappers to use any natural or manmade nonliving bait to attract coyotes does not permit the bait to be visible from the air. It is unlawful to bait a trap with meat, animal products or their facsimiles if the bait is visible from the air. Those hunting coyotes, however, may hunt over bait visible from the air.

**Dogs**

Dogs are permitted to hunt furbearers.

**Sunday Hunting**

Coyotes and foxes may be hunted on Sundays during open seasons, but other furbearers may not.
**Setting Traps**

It is unlawful to 1) stake or set traps prior to 7 a.m. on the first day; 2) set traps within 5 feet of a hole or den, except for underwater sets; 3) use pole traps, jaw-toothed traps, deadfalls, poison, explosives, chemicals, or traps with a jaw-spread exceeding 6½ inches; 4) set body-gripping traps outside a watercourse, waterway, marsh, pond or dam; 5) set a trap not marked with a durable identification tag attached to either the trap or chain showing the first and last name and address of the trapper, or a number issued by the Game Commission; 6) set a trap with bait visible from the air; 7) smoke or dig out a den or house or cut den trees; 8) disturb traps or remove any wildlife from the traps of another without specific permission; and 9) on the closing day, fail to remove traps by sunset.

**Possession**

It is unlawful to 1) possess green pelts (not dried, cured or tanned), except during open season and for 10 days thereafter; 2) possess live, wild furbearers, except foxes, for which a permit must be issued by the Game Commission; and 3) buy, sell or possess furbearers or parts unlawfully taken, transported, imported, exported or improperly tagged.

## TRAPS

### Foot-Encapsulating Trap

A device that has all triggering and restraining mechanisms enclosed by a housing that, once set, allows access to the triggering and restraining mechanisms through a single opening not to exceed 2 inches in diameter or diagonally and is anchored by a swivel-mounted anchoring mechanism. Encapsulating traps may be used to harvest furbearers during legal seasons.

### Cage and Box Traps

It is unlawful to 1) use a cage or box trap in water; and 2) use a cage or box trap capable of capturing more than one animal at a time.

### Artificial Cubby

A baited enclosure constructed of natural or artificial material that is designed to house and corral a furbearer into a body-gripping trap. Furtakers are permitted to trap furbearers using body-gripping traps set in artificial cubbies when all of the following conditions are met: 1) The artificial cubby is placed within an established watercourse, waterway, marsh, pond or dam. 2) The entrance to the artificial cubby does not exceed 50 square inches. 3) Traps no larger than 6½ x 6½ inches can be used. 4) The triggering mechanism of the trap is recessed within the artificial cubby at least 7 inches from the entrance. 5) The artificial cubby is anchored in a manner that it cannot be moved or rolled. Note: Requirements 2 through 5 shall not apply to body-gripping traps that are 5½ inches or less and set in artificial cubbies to target mink or muskrat.

### Tending Traps

Traps must be visited by the owner once every 36 hours, and each animal removed or released.

### Exporting Furs

It is unlawful to ship furs or harvested furbearers outside the state unless an official “Shipping Tag” is properly attached. Tags are available from Game Commission offices and licensed fur dealers.

### Importing Furs

Furs and furbearers taken outside of Pennsylvania must be tagged according to laws of the state or country where harvested.

### Cable Restraint Captures

Trappers eligible to use cable restraints for foxes and coyotes can keep non-target furbearers that are incidentally captured in a cable restraint if there is an open trapping season in which those furbearers are legal for harvest, and the trapper has license or permit for that furbearer.

### CABLE RESTRAINTS

A cable restraint is a highly specialized trapping device designed to restrain foxes and coyotes without injury. Cable restraints employ modern modifications, such as flexible multi-strand cable, relaxing locks, and breakaway stops and hooks to restrain animals in winter conditions where traditional trapping methods are less effective.

Trappers use cable restraints to capture foxes and coyotes by suspending the loop within a pathway used by the species of interest. The loop is usually held in place by a piece of light wire.

As the animal enters the device, its own forward progress draws the loop tight around the body. The animal is then held alive until the trapper arrives to check the set.

The legalization of cable restraints in Pennsylvania was based on data collected during one of the most ambitious trap research projects in the history of wildlife management—the development of Best Management Practices for Trapping (BMPs) in the United States.

Trapping BMPs identify techniques, traps and cable restraints that maximize the welfare of trapped animals and allow for the efficient, selective, safe and practical capture of furbearers. Cable restraints have been field tested by experienced trappers during legal land trapping seasons throughout North America. Animals harvested during these studies were sent to wildlife veterinarians who used international guidelines to examine and evaluate them for capture-related injuries. The animal welfare performance of cable restraints was outstanding.

**TRAPPERS MUST BECOME CERTIFIED TO USE CABLE RESTRAINTS**

Cable Restraints Regulations

The use of cable restraints by certified trappers in Pennsylvania is highly regulated.

Cable restraints are permitted only for foxes and coyotes during late winter periods (Dec. 26-Feb. 18), when freezing conditions render traditional methods ineffective.

Everyone who traps in Pennsylvania must follow strict guidelines established and enforced by the Game Commission.

Regulations dictating the species that may be harvested, seasons, trap types and where traps can be placed are reviewed annually by Game Commission biologists and law-enforcement personnel. In addition to general trapping regulations, these specific regulations have been instituted for using cable restraints in Pennsylvania.

Cable restraints must be made of a galvanized stranded steel cable with a diameter of not less than 3/32 of an inch. The cable must be constructed of 7 bundles of 7 wires per bundle (7x7), 7 bundles of 19 wires per bundle (7x19), or 1 bundle comprised of 19 wires (1X19). The cable may not exceed 7 feet in length from the anchor point to the lock contacting the fully closed loop stop, must be equipped with at least one swivel device (which allows for 360-degree rotation) between the loop and the anchor, and must have stops affixed to the cable to ensure that the circumference of the cable that makes up the loop may not be greater than 38 inches when fully open, or less than 8 inches when fully closed. Cable restraint loops must be set so that the bottom of the loop is no less than 6 and no greater than 12 inches above the first surface beneath the cable restraint. Cable restraints must be equipped with an approved lock, and the lock may not be constructed with moving parts.

A cable restraint must include a breakaway device affixed between the lock and cable or at the end of the cable that is rated at 375 pounds or less. The cable must be maintained in good condition so that all components operate properly.

Approved Cable Restraint Locks Include:

- Reichart 180-Degree Reverse Bend Washer
- Kaatz “Relax-a-Lock”
- Berkshire 90-Degree Bend Washer
- Micro Lock
- BMI Slide Free Lock
- Penny Lock

CABLE RESTRAINT CERTIFICATION

To use cable restraints, trappers must first complete a certified cable restraint training course. To view course schedules, check the Game Commission’s website at www.pgc.pa.gov, or contact the agency’s Hunter-Trapper Education Division at 717-787-7015.

Trappers shall keep the certificate from the training course in possession while setting or checking sets using cable restraints, and present the certificate upon the request of an officer.

In addition to the certificate, those using cable restraints must possess a valid furtaker license, qualify for license and fee exemptions under section 2706 of the act relating to resident license and fee exemptions, or qualify for trapping exceptions under section 2363 of the act relating to trapping exceptions for certain persons.

A cable restraint must be anchored to prevent the animal from moving the restraint from place of capture. Cable restraint may not be set where entanglement may occur or where the animal may become suspended.

Trappers eligible to use cable restraints for foxes and coyotes can keep non-target furbearers that are incidentally captured in a cable restraint if there is an open trapping season in which those furbearers are legal for harvest, and the trapper has a license or permit for that furbearer.

Bobcats may not be taken in cable restraints during the bobcat hunting season. Other wildlife mistakenly killed with cable restraints must be reported to any Game Commission officer in the county where the kill occurred. Call the appropriate region office to have an officer respond.
Season length is used to regulate bobcat taking in specified WMUs in the state. Because fisher populations have increased dramatically in many areas of the state, the Game Commission has adopted a fisher trapping season in select WMUs. To assess interest, effort, and harvest success rates during these seasons, the Game Commission requires that hunters and trappers possess bobcat and/or fisher permits to pursue these species. All furtakers may purchase one permit for each species during the 2017-18 season, and successful permit holders must report their harvest.

Who Can Attempt to Harvest A Bobcat?
Licensed furtakers (hunters and trappers) who possess a valid bobcat permit can harvest one bobcat per license year in WMUs 2A, 2C, 2E, 2F, 2G, 2H, 3A, 3B, 3C, 3D, 4A, 4C, 4D or 4E (combined) from Jan. 13-Feb. 7, 2018, by hunting only, or Dec. 16-Jan. 7, 2018, by trapping only, using lawful devices and methods.

Who Can Attempt to Harvest A Fisher?
Licensed furtakers who possess a valid fisher permit can harvest, by trapping, one fisher per license year in WMUs 1B, 2C, 2D, 2E, 2F, 2G, 2H, 3A, 3B, 3C, 3D, 4D or 4E (combined) from Dec. 16-27 using lawful devices and methods during the trapping season.

If You Harvest a Bobcat or Fisher
A permitted person taking a bobcat or fisher shall, immediately before removing the animal from the location of the taking, fully complete and attach to the animal the carcass tag furnished with the permit. The tag shall remain attached to the animal until it is mounted, tanned, made into a commercial fur or prepared for consumption. A CITES tag automatically will be issued for bobcats that may be exported or sold. A CITES tag is not required for a fisher pelt. A permitted person taking a bobcat or fisher shall report the harvest to the Game Commission within 48 hours of the taking by using the agency website (www.pgc.pa.gov), by using the Interactive Voice Response system by calling 1-855-PAHUNT1 (1-855-724-8681), or calling the nearest region office (phone numbers for region offices are listed in the front of this digest).

In addition to general trapping regulations, it is unlawful to: 1) destroy, disturb or interfere with a beaver dam or house; 2) use other than raw, native wood and stone materials to direct the travel of beavers or otters (manmade materials may be used only to support traps or snares); 3) place, check, reset or tend a trap or snare on an established beaver dam or beaver house, or within 15 feet of either a dam or a house. Measurement shall be from directly above the trap or snare, across the water, ice or land to the nearest point of the structure; 4) check or maintain a beaver or otter trap, or remove a beaver or otter unless the person who owns the trap is present; 5) set body-gripping traps larger than 10 inches tall by 12 inches wide.

Special Otter Regulations
Licensed furtakers must purchase a river otter permit to participate in the season. Before removing an otter from the location where it was caught, successful permit holders must immediately complete and attach to the otter the carcass tag furnished with the permit, and report their harvest within 24 hours to the Game Commission’s Northeast Region Office by calling 570-675-1143. The harvest tag must remain attached to the otter until a plastic Convention on the International Trade in Endangered Species (CITES) tag is attached, if applicable, or the animal is mounted, tanned, made into a commercial fur or prepared for consumption. For research purposes, the Game Commission may ask some successful otter trappers to surrender the carcass of their otter within 30 days.
Trapping Device Limitations
The number of trapping devices allowed for beaver and otter trapping differs depending on furbearer species, WMU trapped, and beaver/otter season overlap.

Otter Trapping
- It is unlawful for otter trappers to set, tend or operate more than a combined total of five traps or snares, no more than two of which may be body-gripping traps.

Beaver Trapping During Otter Season - WMUs 3C & 3D
- Where beaver season overlaps with otter season by calendar date within WMUs 3C & 3D, it is unlawful for beaver trappers to set, tend or operate more than a combined total of five traps or snares, no more than 10 of which may be traps. No more than two of the traps may be body-gripping traps, except in WMUs 1A, 1B & 3C, where up to 10 body-gripping traps may be used.

A legal snare for beaver and otter trapping must be looped galvanized stranded steel cable 3/32 inches in diameter, equipped with a mechanical sliding metal release lock. A metal ferrule shall be crimped on the cable to prevent the snare loop from closing to a circumference less than 7 inches. It is unlawful to equip snares with a spring-activating mechanism or any device designed to aid in closing the snare loop. Snares used for taking beavers must be set completely or partially submerged in water within a waterway, watercourse, marsh, pond or dam. There must be one durable identification tag attached to each trap or snare by means of an extension wire of sufficient length so that the name tag or identification number is completely above the water or ice level and totally visible. The tag must list the owner’s first and last name and legal home address, or a number issued by the Game Commission.

Avoiding Accidental Otter Captures
Trappers are urged to learn to identify otter sign and, where otters exist, to adopt the following recommendations to avoid the accidental capture of otters while trapping beavers:

- When using snares, set snare loops at 10 to 12 inches in diameter.
- Use baited sets for beavers where feasible.
- Avoid main channels in ponds and primary crossings where otter sign is present.

If an otter is captured accidentally, report it to your local wildlife conservation officer by contacting your Game Commission region office.

Beaver Season Limit
Trappers may legally take up to 65 beavers with the combined harvest in multiple Wildlife Management Units in a season. When trapping in multiple WMUs, a trapper may set or tend up to 10 traps, up to 20 snares, and not more than a total of 20 devices statewide. Beavers or pelts do not need to be tagged.

ASK PERMISSION BEFORE ENTERING PRIVATE PROPERTY.

Dear Landowner: Thank you for allowing me on your property. Because of your generosity, I’ve been able to enjoy Pennsylvania’s rich hunting and trapping heritage.

PERMISSION TO HUNT/TRAP
I hereby grant permission to the person named below to hunt and/or trap on my property located at: ____________________ on the following dates: ________________________________________

Signed: ______________________________________________

In return for the privilege of hunting/trapping on this property, I agree to obey the laws, to observe all safety precautions, and to assume all responsibility and liability for my person and my property while on the landowner’s property.

Signed: ______________________________________________

Address: ______________________________________________

License CID # _________________________

Date: _______________________

The Recreational Use of Land and Water Act provides liability protection to landowners who allow recreational use (hunting, fishing, swimming and hiking) on their unimproved property to the public without a fee.
The Pennsylvania Conservation Heritage Museum... needs YOUR help.

This Museum is slated to be added to the Visitors Center at the Middle Creek Wildlife Management Area in Lancaster County, which hosts roughly 100,000 visitors annually.

Help celebrate Pennsylvania’s conservation history by making a tax-deductible contribution today. Every donation brings us closer to construction.

Checks should be payable to Conservation Officers of Pennsylvania Association (COPA), a 501(c)(3), and mailed to:

COPA - PA Conservation Heritage Museum
100 Nature Way
Milroy, PA 17063
Fluorescent Orange Requirements

Woodchuck Hunting
A hat made of solid fluorescent orange, visible 360 degrees.

All Small Game Seasons
A minimum 250 square inches, on head, chest and back combined, visible 360 degrees.

Deer, Bear or Elk Firearms Seasons
A minimum 250 square inches, on head, chest and back combined, visible 360 degrees.

October Muzzleloader Antlerless Deer Seasons
A minimum 250 square inches, on head, chest and back combined, visible 360 degrees.

Fall Turkey Seasons
Where open, except WMU 2B, Allegheny County
A minimum 250 square inches, on head, chest and back combined, visible 360 degrees at all times when moving. May be removed at a stationary calling location, providing a minimum 100 square inches of daylight fluorescent orange material is posted within 15 feet of the location, and is visible from 360 degrees.

Fall Turkey Seasons
WMU 2B, Allegheny County
Hat containing a minimum of 100 square inches of solid fluorescent orange material, visible from 360 degrees at all times when moving. May be removed at stationary calling location.
Fluorescent Orange Requirements

**Archery Deer & Bear Seasons**

When hunting in an area with a concurrent fall turkey season, a hat containing a minimum of 100 square inches of solid fluorescent orange must be worn when moving. The hat may be removed when archer is stationary or on stand.

**Archery Deer Season**

During the overlap with the October Muzzleloader and Special Antlerless Firearms Season a minimum of 250 square inches on head, chest and back combined, visible 360 degrees at all times when moving. May be removed when archer is stationary in a tree or ground stand providing 100 square inches of fluorescent orange material is posted within 15 feet of the location and is visible 360 degrees.

**Blinds**

A minimum of 100 square inches of fluorescent orange material (orange alert band) must be displayed within 15 feet of a blind and visible in a 360-degree arc during the firearms deer, bear and elk seasons. This is in addition to wearing orange while in the blind. See turkey section for specifics on blind use while turkey hunting.

**No Orange Required**

No fluorescent orange is required when hunting waterfowl, doves, spring gobblers, crows and furbearers*

None is required during the regular archery deer season, except during overlaps with turkey seasons and the October muzzleloader and special firearms antlerless deer seasons.

Hunters participating in the after-Christmas flintlock muzzleloader or archery deer seasons are not required to wear fluorescent orange (See Special Regulations Areas section for additional information.)

None is required during the archery bear season, except during the overlap with turkey seasons.

Hunters participating in the spring gobbler season no longer are required to wear a fluorescent orange hat while moving.

*Fluorescent orange is required when hunting coyotes during any big game season, if orange is required during that season, including from one hour before sunrise to one hour after sunset.*

---

**Camouflage Fluorescent Orange**

Camouflage fluorescent orange may satisfy orange regulations when 250 square inches of safety material is required if the orange content is at least 250 square inches. When a hat containing 100 square inches of orange is specified, the cap must be solid fluorescent orange.
**Reganar Season**
**Oct. 30 - Nov. 4**
In designated Elk Hunt Zones within the Elk Management Area

**Arms & Ammunition**
Manually operated centerfire rifles and handguns at least 27 caliber that propel single-projectile ammunition 130 grains or larger. Manually operated shotguns at least 12-gauge firing a single projectile. Muzzleloading firearms at least 50 caliber propelling a single projectile weighing at least 210 grains. A bow with a minimum draw weight of 45 pounds. Any arrow, or crossbow bolt, with a broadhead that has a fixed or mechanical tip having sharpened cutting edges consisting of metal or naturally occurring stone. The broadhead must have an outside diameter or width of at least 1 inch, and the length may not exceed 3.25 inches. Crossbows must have a minimum peak draw weight of 125 pounds.

**Driving Elk**
It is unlawful to drive or herd elk.

**Feeding Elk**
It is unlawful to feed elk at any time of year.

**Fluorescent Orange Requirements**
All elk hunters and those accompanying them must wear at least 250 square inches of fluorescent orange, visible 360 degrees, on the head, chest and back combined. Camouflage-fluorescent orange may satisfy this regulation if the total orange content is at least 250 square inches.

**Tagging, Reporting Requirements**
A successful hunter must attach the tag to the ear of an elk immediately after harvest and before the carcass is moved. In addition, within 24 hours, each hunter who harvests an elk must take it, along with his or her hunting license and elk license, to a Game Commission check station for examination.

**Elk Guides**
Elk guides are an optional service available to licensed elk hunters. Elk guides are regulated by the Game Commission and the state Department of Conservation and Natural Resources and offer various services to the hunter.

**Extended Season**
**Nov. 6-11**
Antlered or Antlerless Outside of the Elk Management Area

**Apply for an Elk License**

An Elk License is required to hunt elk.

There are 13 established Elk Hunt Zones for which antlered and antlerless elk licenses may be allocated each year. Licenses are awarded by lottery.

Those who obtain an antlered or antlerless elk license are permitted to participate in the regular season, within a designated Elk Hunt Zone. Hunters are limited to harvesting one antlered or one antlerless elk, depending on the license they obtain, during the hunting license year.

Hunters who do not harvest an elk during the regular season may participate in the extended season, in which they are permitted to take either an antlered or antlerless elk outside the state’s Elk Management Area.

**How to Apply:**

1) To apply for an elk license online, go to www.pgc.pa.gov, click on “Buy a License” icon. Applications on the e-commerce site will be accepted through midnight July 31, 2017. It costs $10.90 to apply, and application fees are nonrefundable. Hunters also can use the website to check on the status of an elk application and review their preference points.

2) Application also may be made at Point of Sale (POS) locations through the PALS system.

Nonresidents have an equal opportunity in the drawing. If drawn, a Pennsylvania resident may purchase an elk license for $25; nonresidents $250. Individuals drawn for an antlered license are not eligible to apply again for five license years; individuals drawn for an antlerless license can continue to apply. Successful applicants must obtain a Pennsylvania general hunting license for the appropriate license year. Unsuccessful applicants earn preference points for future drawings. Licenses are assigned according to the drawn hunter’s selected antlered/antlerless preferences. If a hunter selected the “either sex” field and is drawn after all antlered licenses have been assigned, he or she will be assigned an antlerless license. Maps of the elk hunt zones can be found on the website. If a hunter is drawn and his or her preferred elk hunt zone already is filled, he or she will be assigned to another elk hunt zone. If a person submits more than one application, all of his or her applications will become ineligible, and he or she will be subject to prosecution. This year’s elk license drawing is on Aug. 19 at the Elk Country Visitor Center near Winslow Hill in Benezette Township.
Elk-hunting opportunities exist within the management area, and hunting licenses may be allocated within the 13 Elk Hunt Zones that have been established there. Hunters who receive a license, but don’t harvest an elk within their selected zone can hunt outside the Elk Management Area during the extended season.

**ELK CHECK STATION**

The Elk Check Station is located at the Old Benezette School House in Elk County located on the north side of Route 555 in Benezette on the west side of Trout Run. The GPS coordinates are 41.3154 N and 78.3874 W. Check station hours are Monday 10 a.m. - 7 p.m. and Tuesday - Saturday 10 a.m. - 6 p.m.

**ELK ZONE MAPS**

Maps of the zones are available at the Game Commission’s website www.pgc.pa.gov
THE PENNSYLVANIA AUTOMATED LICENSE SYSTEM (PALS) allows hunters and trappers to purchase licenses online, but provides a number of other services, as well.

FIRST ...

If you have already purchased a hunting or fishing license through PALS, you were assigned a Customer Identification Number (CID) that is printed on your license. Use this number to access the following information on our website.

THEN ...

Select the option that will provide the information you’re looking for. More details at right.

Automated Revocations

Another feature of the electronic license sales system is that persons who have had their hunting and furtaking license privileges revoked are automatically prohibited from buying a license.

License revocation can occur for the following reasons: failure to respond to a citation issued for a violation of the Game and Wildlife Code; failure to pay fines assessed by a court within 180 days of adjudication of the charges; revocation ordered by the court for Game and Wildlife Code violations; failure to pay child support or for other lawful purposes; revocation ordered by the Game Commission for certain Game and Wildlife Code violations; revocation mandated by the Game and Wildlife Code; and failure to complete a remedial HTE course, if mandated.

Anyone who may be affected by one or more of these situations may contact the Game Commission’s Bureau of Wildlife Protection at 717-787-4024 to verify the status of his or her hunting privileges.

Pennsylvania Game Commission
License Information

License Required
A current hunting license is required and must be in possession to hunt, take or kill any wildlife in Pennsylvania not classified as a furbearer. A current furtaker license is required to hunt, trap, take or kill any furbearer (coyotes are the exception). A license is valid July 1 to the following June 30. Licenses are not required to be displayed on an outer garment.

Proof of Residency
Proof of Pennsylvania residency must be shown to obtain a resident hunting of furtaker license. Persons must be domiciled in Pennsylvania at least 30 consecutive days prior to application. Valid Pennsylvania driver’s license, certain Pennsylvania and local tax receipts, and other positive means indicating residency may be used.

Validity of Licenses
Only one hunting or furtaker license shall be valid during any license year. Any replacement license, or purchase of a second or subsequent license shall immediately invalidate any license of the same kind that had been previously issued.

Uncollectible Checks
If a check issued in payment of any fee or fine is returned uncollectible, the person who makes, issues or presents it will be charged a $25 fee. This fee is in addition to any costs of prosecution or penalties assessed as a result of the collectible check. Any license, permit or privilege granted by an uncollectible check shall be invalid until all applicable fees are paid.

License Transfers
Hunting and furtaker licenses are nontransferable and nonrefundable. It is unlawful to possess another’s hunting license or big game tags.

Training Certificate – Hunting
Persons who have not held a hunting license issued in Pennsylvania or another state or nation, or do not possess a training certificate, are required to attain certification in an accredited hunter-trapper education program before applying for a hunting license. These provisions do not apply to a person presenting 1) evidence of service in the U.S. Armed Forces, including the Coast Guard and discharge or separation under honorable conditions within six months of application, or 2) evidence that the person is currently serving in the U.S. Armed Forces or U.S. Coast Guard.

Training Certificate – Trapping
Persons applying for a furtaker license must present to the issuing agent one of the following: 1) evidence that the applicant has held a trapping or furtaker license issued in Pennsylvania or another state or nation; 2) a certificate of training; 3) an affidavit that applicant completed a voluntary trapping course sanctioned by the Game Commission, or 4) the applicant has previously hunted or trapped furbearers within the last five years. These provisions do not apply to persons under 12 who trap furbearers under direct supervision of a licensed adult furtaker at least 18 years old.

Replacement Training Certificate
Information about obtaining a replacement Hunter Education Training Certificate, can be found online at www.pgc.pa.gov or www.ilostmycard.com.

Unlicensed Persons
An unlicensed person may accompany a properly licensed hunter or trapper provided that the unlicensed person acts as only an observer and does not, in any manner, participate in hunting or trapping. Any unlicensed person accompanying a licensed hunter must wear the required amount of fluorescent orange. An unlicensed person who has never held a hunting license in Pennsylvania or any other state may accompany a properly licensed hunter or trapper and participate in these activities providing the following requirements are met: The unlicensed person remains in sight and close to a hunter at least 18 years of age; the unlicensed person does not possess a firearm, bow, or other hunting device; the unlicensed person complies with fluorescent orange requirements; and the unlicensed person who accompanies any hunting party shall be counted as a member of the hunting party for maximum allowed members. The ratio of licensed hunters to non-licensed persons must not exceed 1:1.

Identification Required When Hunting
While afield, in addition to his or her hunting or furtaker license, hunters or furtakers are required to have cards or papers that must be shown to an officer or landowner upon request to confirm identification and residency.

Purchasing Licenses Online
Individuals may apply for most licenses online, with the exceptions of antlerless deer licenses and military licenses. Visit online at www.pgc.pa.gov and click on “Buy a License.” Licenses are not valid until they are received and signed by the license holder. Each general license is mailed with a Seasons & Bags Pocket Guide, antlerless license applications and two antlerless deer application envelopes (additional envelopes are available at any issuing agent). Add-on privileges purchased online, such as archery, muzzleloader and migratory game bird licenses, can be printed by the applicant. These add-on privileges (images if printed by applicant) are not valid unless the applicant has his or her general license in hand.

Junior Licenses and Hunters
Persons under 17 years of age must have their parent or legal guardian’s approval to purchase a general hunting, combination or furtaker license. Junior hunters who wish to hunt in the archery and/or muzzleloader seasons, must purchase a combination license. These add-on licenses may not be added to a general junior hunting license. Eleven-year-olds who have successfully completed a required Hunter-Trapper Education course may apply for a Junior License if they will be 12 years old by June 30 of the license year. They may not lawfully hunt with the license prior to their 12th birthday. Persons 12 and 13 must be accompanied by an adult member of the family (at least 18), or by an adult serving in place of a parent. Persons 14 and 15 must be accompanied by any adult 18 or older. Sixteen-year-olds may hunt alone. Persons who turn 17 after purchasing a junior license can still hunt that year with the Junior License. It is unlawful while accompanying junior hunters under 16 to be out of sight of or unable to physically or verbally control the junior hunter or fail to comply with the fluorescent orange requirements. Verbal instructions given through the use of an electronic or other sound amplification device does not meet this requirement.
Senior Lifetime License Holders
Lifetime licenses must be renewed each year. If you have not purchased or renewed your Senior Lifetime License through PALS, you will need to provide your SSN when applying. This is a one-time only requirement, and will not be needed again unless you do not have or cannot remember your CID. Senior Lifetime License ID cards are no longer issued or required because PALS will recognize your record through your SSN or CID. You still need to provide proof of residency when renewing your license, usually through a valid Pennsylvania driver’s license.

Resident Landowner Hunting License
An eligible landowner who owns 80 or more contiguous acres open to public hunting in a Cooperative Hunter Access Program, or a designated immediate family member living in the same household, is entitled to a Landowner hunting license. Applicants must have their PGC Cooperative Hunter Access Program agreement number when applying.

Landowner Antlerless Deer License
An eligible landowner who owns 50 or more contiguous acres within a county is entitled to one antlerless deer license for the WMU where the land is located at the prescribed fee ($6.90 for residents, $26.90 for nonresidents). If the qualifying acreage is located within a county with two or more WMUs, the applicant selects the WMU he or she desires. A landowner must keep his or her property open to public hunting and trapping year-round to qualify. These licenses are allocated in advance of the regular licenses. The Landowner Antlerless Deer License Application/Affidavit is available from county treasurers, PGC offices, and online. Applicants must apply directly to the county treasurer of the county where the acreage is located. Landowners must apply for these licenses prior to the start of the regular application period, which begins on the second Monday in July.

Resident Military Personnel License
To qualify for a general hunting license for $2.90 applicants must meet all of the following requirements: 1) be a resident of Pennsylvania; 2) be on active and full-time duty in the U.S. Armed Forces or the U.S. Coast Guard; 3) be currently assigned to a facility outside Pennsylvania; and 4) be on temporary leave in Pennsylvania.

Resident National Guard/Reserves
Reduced fee $2.90 general hunting licenses are available to residents serving in the Pennsylvania National Guard and the Reserves who, within the previous 24 months, were deployed overseas for a period of 60 consecutive days or more, or were released early from such service because of injury or disease incurred in the line of duty. Only one reduced-fee license may be issued for each qualifying deployment.

Resident Prisoners of War
Reduced fee $2.90 general hunting licenses also are available to residents who are former Prisoners of War imprisoned by enemy forces while in the service of the armed forces of the U.S. as certified by the appropriate branch of the armed forces of the U.S.

Required Armed Services Personnel Documentation
Residents applying for any of the Armed Services licenses must provide official documentation, from the branch in which they serve, to prove eligibility in the form of orders, leave documents, military ID, and in the case of POWs, a DD214. All of these licenses, except for the POWs (county treasurers and PGC offices sell POWs), are available from any issuing agent. If the applicant cannot apply in person, he or she may submit to the Game Commission office or county treasurer a written request, including full name, legal address, telephone number, date of birth, height, eye color and documentation verifying Pennsylvania residency and military orders and, for the POW license, a copy of DD214 stating prisoner of war status. Applicant must include a self-addressed, stamped, return envelope with the request.

Disabled War Veterans
Resident disabled war veterans with service-incurred 100 percent disability, or the loss of use of one or more limbs, may qualify for free hunting and furtaker licenses. Resident disabled war veterans with a service-incurred disability rating between 60 percent and 99 percent may qualify for a reduced fee $2.90 hunting and furtaker license. Applicants must provide documentation from the Veterans Administration. Call your county treasurer.

Migratory Game Bird Licenses
All persons are required to have a Migratory Game Bird License to hunt waterfowl and migratory birds including doves, woodcock, brant, coots, gallinules, rails and snipe. The license must be signed in ink and carried by the hunter.

Federal Duck Stamp
All persons 16 and older are required to have a federal duck stamp to hunt waterfowl. It must be signed in ink across the face and carried by the hunter. It is not necessary to display the stamp. These stamps can be purchased at any issuing agent, at the post office, or by visiting www.pgc.pa.gov and clicking "Buy a License.”

Bear Licenses
Hunters may purchase this license online or over-the-counter at any issuing agent from the start of the license sales (approximately mid-June) through the end of bear season.

Special Second Spring Gobbler License
Hunters may purchase this license online or over-the-counter at any issuing agent from the start of the license sales (approximately mid-June) until the day before (April 27) the spring gobbler season.

Replacement Licenses
If a hunting or furtaker license has been lost or destroyed, a replacement license may be purchased for $6.90, per privilege, over-the-counter at any issuing agent or online at www.pgc.pa.gov by clicking on "Buy a License.” A lost or destroyed antlerless license can only be replaced through a county treasurer. County treasurers can issue replacement antlerless deer licenses for any WMU.

Elk License Application
Hunters may apply to enter the drawing for an Elk license one time per license year, either online or at an issuing agent. The Elk application can be purchased from the start of the license sales (approximately mid-June) until the application deadline. Refer to the “Elk Section” in this Digest for detailed information.
The following licenses, permits and special-draw applications are available from all issuing agents including county treasurers, Game Commission offices and online.

Questions about licenses should be directed to the License Division at 717-787-2084.

Licenses

Resident Junior Hunting (Ages 12 through 16) $6.90
Resident Junior Furtaker (Ages 12 through 16) $6.90
Resident Junior Combination (Ages 12 through 16) $9.90
Resident Landowner Hunting (Ages 12 & older) $4.90
Resident Adult Hunting (Ages 17 and older) $20.90
Resident Adult Furtaker (Ages 17 and older) $20.90
Resident Senior Hunting (Ages 65 & older) $11.90
Resident Senior Lifetime Hunting (Ages 65 & older) $51.90
(All licenses must be purchased each year.
Resident Senior Lifetime Combo (Ages 65 & older) $101.90
Resident Senior Lifetime Combo Upgrade $51.90
Resident Senior Furtaker (Ages 65 & older) $13.90
Resident Senior Lifetime Furtaker (Ages 65 & older) $51.90

Nonresident Adult Hunting (Ages 17 & older) $101.90
Nonresident Junior Hunting (Ages 12 through 16) $41.90
Nonresident Junior Combination (Ages 12 through 16) $51.90
Nonresident Adult Furtaker (Ages 17 & older) $81.90
Nonresident Junior Furtaker (Ages 12 through 16) $41.90
Nonresident 7-Day Small Game $31.90
Mentored Youth Hunting Program Permit $2.90
Resident Mentored Adult Hunting Program Permit $20.90
Nonresident Mentored Adult Hunting Program Permit $101.90
Resident Military Personnel, National Guard, Reserves Licenses $2.90

Add-on Licenses

Resident Archery $16.90
Nonresident Archery $26.90
Resident Muzzleloader* $11.90
Nonresident Muzzleloader* $21.90
Resident Migratory Game Bird License $3.90
Federal Duck Stamp $28.40
Nonresident Migratory Game Bird License $6.90
Resident Bear License $16.90
Nonresident Bear License $36.90
Resident Second Spring Gobbler License $21.90
Nonresident Second Spring Gobbler License $41.90
Resident DMAP Harvest Permits $10.90
Nonresident DMAP Harvest Permits $35.90
Elk License Drawing (See elk section in this Digest) $10.90
Bobcat Permit (See bobcat section in this Digest) $6.90
Fisher Permit (See fisher section in this Digest) $6.90
River Otter Permit (See otter section in this Digest) $6.90
Pheasant Permit (Adult) $26.90

Available Only from County Treasurers

(See “Antlerless and Unsold Antlerless Deer License” sections elsewhere in this Digest for additional information)

Resident Antlerless Deer License $6.90
Resident Unsold Antlerless License $6.90
Resident Landowner Antlerless Deer License $6.90
Resident Disabled Veteran Antlerless License $6.90
Resident Armed Forces Antlerless License $6.90
Nonresident Antlerless License $26.90
Nonresident Unsold Antlerless License $26.90

Available from County Treasurers & PGC Offices

Resident POW Hunting $2.90
Resident Disabled Veteran Hunting License (annual or lifetime, if qualified) Free
Resident Disabled Veteran Furtaker License (annual or lifetime, if qualified) Free
Resident Reduced Disabled Veteran Hunting License $2.90
Resident Reduced Disabled Veteran Furtaker License $2.90

Resident Disabled Lifetime hunting and furtaker licenses can be renewed at any issuing agent, or online.

All combination licenses include hunting, furtaker, archery and muzzleloader privileges. (Bear hunting privileges, antlerless deer license, migratory game bird license and federal duck stamp not included.)

Senior resident hunting and furtaker (annual and lifetime, including combination) licenses are available to those who will be 65 years old by June 30 of the current license year.

Nonresident of Pennsylvania – 12 years of age and older. Seven consecutive days and license includes waterfowl, but not valid for coyotes or big game, including turkey. To hunt waterfowl, applicants 16 years old and older need a federal duck stamp and a Migratory Game Bird License.

* Muzzleloader firearms, bows and arrows, and crossbows may be used during the firearms deer hunting seasons without purchasing muzzleloader or archery licenses.

Firearms Regulations for Non-Immigrant Aliens

Since the events of Sept. 11, 2001, the U.S. Bureau of Alcohol, Tobacco and Firearms has enacted new permit requirements for bringing firearms and ammunition across the U.S. border. Any resident of another country who intends to import a firearm and ammunition into the U.S. for the purpose of hunting or recreational target shooting should contact the ATF’s Firearms and Explosives Imports Branch. Provide yourself ample time for the processing of the import permit application. It could take six weeks or more to receive the required permit. The ATF can be contacted at 304-616-4550. Visit the ATF website at http://www.atf.gov. An application for the Permit for Importation of Firearms can be found at ATF F6 NIA (5330.3D).
Violating the Game & Wildlife Code can result in serious penalties, including the loss of hunting privileges.

A person charged with violating the Game and Wildlife Code will have the charges adjudicated before a Magisterial District Judge or Court of Common Pleas having jurisdiction. In addition to imposing fines, the court may also order the revocation of hunting and furtaking privileges. Absent a court order, the Game Commission may suspend the hunting and furtaking privileges of persons convicted of violating the Game and Wildlife Code. While revocation can be assessed for any violation, it’s generally reserved for significant violations that affect the safety of people or property, or impact the valuable resources of the commonwealth.

Act 54 of 2010 significantly increased fines and revocation periods for serious violations. The following is a list of the most common revocations, but revocation may be applied to other violations, too.

Revocation Period Required By Law:

- Failure to respond to a citation – Indefinite revocation or until adjudicated
- Failure to pay a fine in full within 180 days after adjudication – Indefinite or until paid
- Hunting or trapping under the influence of alcohol or a controlled substance – 1 year
- Refusal to submit to a chemical or blood test – 1 year or second/subsequent refusal – 3 years
- Shooting at another person resulting in no injury or minor injury – 2 years; causing serious injury – 5 to 10 years; killing another person – 15 years
- Failure to render assistance or fleeing after shooting (nonfatal incident) – 10 years; failure to render assistance or fleeing after shooting (fatal incident) – 15 years/Second offense – additional 10 years

Revocation Periods for Other Game & Wildlife Code Violations:

- Assaulting an officer – 3 years
- Resisting or interfering with an officer; failure to stop on signal by an officer; turning off lights to avoid arrest or detection – 2 years
- Unlawful use of lights to take wildlife – Big game – up to 5 years for first offense; other wildlife – 3 years for first offense
- Buying or selling wildlife or edible parts contrary to law – Threatened or endangered species – 7 years first offense; big game – up to 5 years first offense; other wildlife – 3 years first offense
- Take, injure, kill, possess or transport big game during closed season or beyond daily or season bag limits – up to 5 years first offense
- Hunting or furtaking while on revocation – 5 years
- Killing or attempting to kill game through the use of bait as an enticement – bear or elk – 3 years; all other game – 2 years
- Killing, wounding or attempting to kill a deer with a firearm during the archery season – 2 years
- Unlawfully taken big game (in season) – Bear or elk – 3 years; deer or turkey – 1 year
- Disturbing traps of another; trapping/furtaking during closed season; multiple violations in 2-year period; refuse to produce identification to an officer; killing protected wildlife; hunting small game in a closed season; taking over the daily bag limit of small game or migratory birds – 1 year

**Interstate Wildlife Violator Compact**

In 2011, Pennsylvania became the 36th state to join the Interstate Wildlife Violator Compact (IWVC). The IWVC is an agreement that authorizes states to recognize the suspension of hunting and furtaking privileges in member states. A person’s conviction and suspension in one state may affect his or her hunting and furtaking privileges in all states participating in the IWVC. A person, who commits a violation in Pennsylvania and, as a result, is placed on license revocation, also may be suspended in all member states.

All persons convicted of a violation in Pennsylvania that results in the suspension of their hunting and furtaking privileges will receive, in addition to the Pennsylvania revocation notice, an additional notification if the terms of the suspension will be shared with other states cooperating in the IWVC.

Persons having a license suspension in Pennsylvania, which is subject to the provisions of the IWVC, and who plan to hunt or trap in another state, must contact that state to determine their eligibility to purchase a license.

The IWVC also establishes a process whereby wildlife law violations by a nonresident from a member state are handled as if the person were a resident, meaning he or she can be issued a citation rather than being arrested, booked and bonded. This process is a convenience for hunters and trappers of member states, and increases efficiency of wildlife officers by allowing more time for enforcement duties, rather than violator-processing procedures.

For more information on the Interstate Wildlife Violator Compact, visit the Game Commission website at www.pgc.pa.gov.
If you have witnessed activity you suspect violates the law, immediately note as many details as possible. The more information you provide, the faster a violator can be caught and prosecuted. Transmit this information as quickly as possible to the Game Commission region office serving your area. A list of counties comprising each Game Commission region, as well as telephone numbers and addresses of the region offices is in the front of this digest.

Here are some tips:

- Gather as much information as possible about the subject.
- Get an accurate physical description and any other pertinent information. Try to secure names and addresses of other witnesses, and any information they may have about the violation or suspect.
- What type of violation was it, and when, where and what time did it occur?
- What wildlife was involved (species, how many and where are they now)?
- Describe the suspect’s vehicle: license number, make, year, color and any other distinguishing features such as dented fenders or other noticeable damage.
- Note other physical evidence, such as hides, entrails, firearms, cartridge cases, etc. Note type and make of firearms involved. Do you know if the illegal game will be moved soon – when and where?
Getting Involved

BECOMING A DEPUTY WCO

Deputy Wildlife Conservation Officers are local representatives of the Pennsylvania Game Commission. Individuals selected for these positions perform their duties under the supervision of a District Wildlife Conservation Officer. Deputies do not receive regular salary or wages. They may receive compensation at a Commission-approved per diem rate, in lieu of wages and expenses, on certain approved days. Deputies are recruited locally on an as-needed basis. Applicants must be in good physical condition, have a good knowledge of hunting, trapping and other outdoor activities, and be able to maintain a good working relationship with fellow officers and the public.

Deputies should be prepared to function in all phases of Commission activities, including law enforcement, hunter education and other educational exhibits/programs, wildlife management and land management.

For more information about the qualifications needed and becoming a deputy, visit www.pgc.pa.gov and click on “Careers.” Those who are interested also may write 2001 Elmerton Ave., Harrisburg, PA 17110-9797; or call 717-787-4250.

Advertising within this digest

The advertising within the Pennsylvania Hunting & Trapping Digest is handled under a contract agreement with Liberty Press Publications.

Advertising revenues have enabled the Game Commission to save thousands of sportsmen’s dollars in publication and distribution costs.

Advertising does not constitute endorsement by the Pennsylvania Game Commission or Liberty Press, and does not necessarily reflect Pennsylvania laws and regulations.

Among the paid advertisements have been several ads for ATVs. The operation of ATVs on State Game Lands and other properties open to public hunting remains a violation of the law and continues to be aggressively enforced by our wildlife conservation officers and their deputy WCOs. It is unlawful to ride ATVs on State Game Lands, except on designated roads open for persons issued a Disabled Persons Permit, and who have a valid registration from the Department of Conservation & Natural Resources (DCNR).

It is unlawful to ride ATVs on private land open to public hunting without the permission of the landowner. It is unlawful to have a loaded firearm on an ATV. Individuals issued a Disabled Persons Permit may hunt from a parked ATV. For ATV-use regulations on state forests and parks, contact the DCNR. For information on using an ATV on the Allegheny National Forest, contact the ANF.

To inquire about placing an ad in the digest, contact Liberty Press Publications at 1-800-296-6402.

HELP PERPETUATE OUR HUNTING AND TRAPPING TRADITIONS

TEACH HUNTER-TRAPPER EDUCATION

More than 2 million new hunters have become certified since Pennsylvania conducted its first hunter-education course in 1959.

And 35,452 students received their basic Hunter-Trapper Education certification last year.

None of it would be possible without a dedicated corps of instructors, and you could become the next of them.

The Game Commission is seeking knowledgeable and experienced individuals to teach both basic and advanced hunter education training programs.

As a volunteer hunter education instructor, you’ll be teaching students with an easy-to-use, standardized curriculum for which all teaching aids and materials are provided.

Courses average six hours for a classroom format and eight hours for a skills station format.

To qualify, instructors must:

• be at least 18 years old;
• attend and complete training;
• pass a background investigation, and;
• meet minimum education levels.

Volunteer instructors should have the ability to give 12 to 16 hours each year. Annual instructor training events and the opportunity to teach advanced classes, such as Successful Bowhunting and Successful Furtaking also are available.

Statistics show hunting fatalities and injuries from firearms have declined by more than 80 percent over the years, showing that hunter education is working and working well.

For more information about becoming an instructor, visit the Game Commission education page at www.pgc.pa.gov or call the Game Commission Hunter-Trapper Education Division at 717-787-7015.
A private landowner who permits hunting or trapping does not extend an assurance that the premises are safe and hunting or trapping does not extend any right to trespass on private lands. Hunters and furtakers may be entitled you to trespass on private lands. Hunters and furtakers may be prosecuted for trespassing, whether or not a property is posted against hunting or trapping.

Always ask permission to hunt or trap, and make sure you are a welcomed guest of the landowner.

Hunting & Trapping Digest

This digest is not the Game & Wildlife Code or its attendant regulations and should not be considered final on legal interpretation. The digest simply is a summary of the more important and frequently misunderstood hunting and trapping regulations.

Review the digest carefully. If there is anything you do not understand, contact your nearest Game Commission office. Hunting and trapping are privileges in Pennsylvania. Remember, a license does not entitle you to trespass on private lands. Hunters and furtakers may be prosecuted for trespassing, whether or not a property is posted against hunting or trapping.

Always ask permission to hunt or trap, and make sure you are a welcomed guest of the landowner.

Hunters Sharing the Harvest coordinates the distribution of donated venison to a statewide network of meat processors and food banks. Donate an average sized deer and you will help feed up to 200 people. Monetary donations go directly toward the cost of meat processing and storage with every $25 helping us to provide 100 meals. For more information call (866) 474-2141 or visit www.sharedeer.org.

At Range Resources, we've long been committed to helping the hungry and are proud to support Hunters Sharing the Harvest. We encourage you to participate in this worthwhile program that has already provided millions of meals for fellow Pennsylvanians who don't have enough to eat.

Please...GIVE A BUCK TO THE POT

Mail to: Hunters Sharing the Harvest
John Plowman, Exec. Director
6780 Hickory Lane, Harrisburg, PA 17112

As our thanks for your kind donation, we will send you this decal you can proudly display.
