WHAT’S NEW FOR 2017?

NEW LAW TO DETER POACHING OF CALIFORNIA’S TROPHY CLASS WILDLIFE

Fish and Game Code (law that As of July 1, 2017, there is an increase in penalties associated with poaching a trophy class deer, elk, pronghorn, bighorn sheep or wild turkey. The law, FGC section 12013.3, increases the punishment for a conviction of poaching the trophy while taking out of season, spotlighting, baiting, waste of meat, or take without a tag. The fine for a poaching conviction related to trophy deer, elk, pronghorn, or bighorn sheep shall be not less than five thousand dollars ($5,000), nor more than forty thousand dollars ($40,000), and with wild turkey, a fine of not less than two thousand dollars ($2,000) nor more than five thousand dollars ($5,000), or imprisonment in the county jail for not more than one year, or both that fine and imprisonment. For trophy characteristics defined, go to California Code of Regulations (CCR), Title 14, section 748.6.

The California Fish and Game Commission has developed regulations to define trophy characteristics. Commissioners worked with the Department and outdoors, conservation and hunting organizations to define the characteristics in California Code of Regulations (CCR), Title 14, section 748.6.

T14 Section 748.6 (a) For purposes of implementing the penalty enhancements set forth in Fish and Game Code section 12013.3, the following are designated as trophies:

1. In deer hunting zones A, B1-B6, D10, D11, D13, D15, and D16, any deer with four or more points on either antler (excluding eye guards) or with an outside antler spread of at least sixteen inches. In all other deer hunting zones (all X zones, all C zones, and zones D3-D9, D12, D14, D17, and D19), any deer with four or more points on either antler (excluding eye guards) or with an outside antler spread of at least twenty-two inches.

3. Any pronghorn antelope with a horn that is at least fourteen inches in length;
4. Any bighorn sheep ram defined as a male bighorn sheep (Ovis canadensis) having at least one horn, the tip of which extends beyond a straight line beginning at the front (anterior) edge of the horn base, and extending downward through the rear (posterior) edge of the visible portion of the eye and continuing downward through the horn. All reference points are based on viewing the ram directly from a 90-degree angle from which the head is facing.
5. Any wild turkey with either a spur that is at least one inch in length, or a beard (measured by the longest strand of one or more beards) that is eight or more inches.

HUNTER EDUCATION PROGRAM

BASIC: PASS ON THE TRADITION: BE A HUNTER EDUCATION INSTRUCTOR!

Do you love to hunt? The California Department of Fish and Wildlife needs volunteer Hunter Education Instructors. Pass on the tradition of hunting to future generations! For more information on becoming a Hunter Education Instructor, visit our website at www.wildlife.ca.gov/Hunter-Education or call (916) 653-1235.

ADVANCED: TAKE BASIC HUNTER EDUCATION TO THE NEXT LEVEL

Advanced Hunting Clinics focus on the “how-tos” of hunting and are designed for both the novice and experienced hunter. The clinics expand on what is taught in the basic Hunter Education and provide one to two days of training in specialized areas at a level that time does not allow for in the standard hunter education course. You will learn more about biology, habitat needs, hunting regulations, game care and safety, blackpowder hunting, wilderness navigation, and more. Additionally, participants will discuss hunting techniques and hunter ethics. All clinics include some form of field demonstration or hands-on training. What happens after you pull the trigger? Students are taught the proper way to field dress an animal and how to butcher and prepare for the table.

For additional information about the Advanced Hunter Education Program as well as clinic dates and locations, visit www.wildlife.ca.gov/Hunter-Education/Advance or Contact Lt. Alan Gregory at alan.gregory@wildlife.ca.gov.

The purchase of licenses or tags during the term of the suspension is a violation of the law and may result in prosecution. Licenses or tags purchased prior to or during a suspension are not refundable. **DEER HUNTING**

**GENERAL DEER TAG INFORMATION**

Only a First-Deer Tag Application may be used to apply for the Big Game Drawing. Exception: junior hunters may apply for apprentice hunts on their Second-Deer Tag Application. You must purchase a First-Deer Tag Application before purchasing a Second-Deer Tag Application.

It is illegal to submit more than one First-Deer Tag Application and one Second-Deer Tag Application in the same license year. Persons convicted of a deer violation during the 2015 license year may not apply for deer tags in 2016.

**DEER TAGS ISSUED ON REQUEST**

Deer tags are issued on request for A, B, and some D zones until tag quotas fill. You can purchase and obtain a deer tag directly from your local license agent. You can also purchase these tags online but must wait for the tag to arrive in the mail before you go hunting. Tags purchased online or by telephone will be delivered within 15 days.

A, B, and D Zone Deer Tags: These tags allow hunting during the archery season with archery equipment and during the general season with a muzzleloading or centerfire rifle, shotgun, authorized pistol or revolver, crossbow or bow. Tags are valid for a specific zone except:
- B zone tag is valid in all B zones;
- D3-5 tag is valid in zones D3, D4 and D5; and
- D11, D13 or D15 tag may be used in any of these three zones.

Archery-Only Deer Tags (AO Tags): These tags allow hunting with archery equipment only during the archery and general seasons in zone A; any B or D zone; and during Additional Hunt G-10 (restricted to military personnel only). You may not possess any firearm or crossbow when hunting with an Archery-Only deer tag except as otherwise provided. Archery Only deer tags are NOT valid in any C or X zone. To hunt during a C or X zone archery season, you must have the appropriate Area-Specific Archery Hunt tag for that area.

**PREMIUM DEER TAGS**

Any hunt that filled on or before the first business day after July 1, of the previous year is a premium deer hunt. Premium deer hunt tags are issued through the Big Game Drawing. C; D6; D9; D12; D17; all X zones; Additional Hunts, including most Area-Specific Archery Hunts are premium hunts. For a complete list of deer hunts and their classifications, please refer to the 2015 California Big Game Hunting Digest, available online at www.dfg.ca.gov/publications/digest. To apply for a premium deer tag issued through the Big Game Drawing, applicants must use a First-Deer Tag Drawing Application, except for junior hunters (see below).

**C Zone Deer Tags**

These tags are valid in zones C1, C2, C3 and C4 during the general season only. To hunt with archery equipment during the archery season in any C zone you must apply for an A-1 Area-Specific Archery Hunt tag.

**X Zone Tags**

These tags allow hunting during the general season only, in a specific zone using a muzzleloading or centerfire rifle, shotgun, authorized pistol or revolver, crossbow or bow.

**Additional Hunt Deer Tags**

Additional deer hunts offer antlerless, either-sex and buck hunting opportunities in a variety of locations throughout the state. They include junior deer hunts, military lands hunts, and special equipment hunts.

**Apprentice Deer Hunts**

Applicants must be at least 12 years of age on or before July 1 of the license year for which they are applying or at the time of application if they are applying after July 1, and must possess a valid California junior hunting license for the year they are applying. Eligible junior license holders may use either a First-Deer or Second-Deer Tag Drawing Application to apply for Apprentice Deer Hunts; however only one application may be submitted for Apprentice Hunts. Juniors receiving tags must be accompanied by an adult 18 years of age or older while hunting. For 2016-2017, there are no Apprentice Hunts in Alpine County.

**Military Lands Hunts**

Additional hunts G8, J10 and A33 are held on military installations and offer limited numbers of tags for the public and military personnel. Public tags are issued through CDFW’s Big Game Drawing. Military personnel must apply directly to the Base. Additional Hunts G7 (Beale Air Force Base Either-Sex Hunt), G10 (Camp Pendleton Air Force Base Either-Sex Hunt), and G11 (Vandenberg Air Force Base Either-Sex Hunt) are for military personnel only.

**Area-Specific Archery Hunts**

These tags allow archery hunting in designated areas throughout the state, including X zones.

HELP PREVENT CHRONIC WASTING DISEASE (CWD)

HUNTING OUT OF STATE?
It is the responsibility of out-of-state hunters to be aware of all laws and regulations pertaining to the state in which they are going to hunt. Proof of Hunter Education is required. Take note that the California equivalency certificate will not be accepted as evidence of hunter education.

CHRONIC WASTING DISEASE
Chronic Wasting Disease, a fatal disease that affects deer and elk, has been detected in wild herds in 21 states and 2 Canadian provinces. To prevent the introduction of Chronic Wasting Disease into California, the CDFW has imposed tight restrictions on the importation of hunter-harvested deer and elk into California.

FOLLOW OTHER STATES’ CWD REGULATIONS
If you will be hunting out of state in a known CWD endemic area, you should receive information at the time you receive your hunting tag(s) regarding disposal of the carcass remains and mandatory or voluntary CWD testing.

HANDLE GAME WITH CAUTION
• Wear rubber gloves when field dressing carcasses;
• Bone out meat from the animal;
• Minimize the handling of brain and spinal cord, eyes, spleen, and lymph nodes and avoid consuming these tissues;
• Wash hands and instruments thoroughly after field dressing is completed.

DISPOSAL OF CWD POSITIVE MEAT
If you are notified that your out-of-state animal tested positive for CWD, the Department will help you dispose of the meat properly. Contact your regional CDFW office (see page 2) or the Wildlife Investigations Lab at (916) 358-2790 for information.

CALIFORNIA’S CWD REGULATIONS
No hunter harvested deer or elk (cervid) carcass or parts of cervid carcass shall be imported into the State, except for the following body parts: boned-out meat and commercially processed cuts of meat, portions of meat with no part of the spinal column or head attached, hides with no heads attached, clean skull plates (no meat or tissue attached) with antlers attached, antlers with no meat or tissue attached, finished taxidermy heads, upper canine teeth (buglers, whistlers, ivories).

CCR T14-712. The California regulations can be summarized in one phrase: “NO SKULL, NO BACKBONE.”

LACEY ACT
Transporting illegally taken game across state lines is a violation of the federal Lacey Act (T16, US Code 1406). Such transport, if done in connection with commercial activity, may be classified as a felony.

HUNTING AND ATV’S

RIDER LICENSING
A driver’s license is not required for adult riders, but a person with a suspended or revoked license may not operate any motor vehicle, including an ATV (VC 14601(a)). Riders under 18 years old must have completed an ATV safety course and have a certificate of completion in their possession while riding (VC 38503) or be supervised by an adult with an ATV safety certificate. Riders under 14 must also have direct supervision by an adult (VC 38504). Parents of youth riders who permit them to ride without a safety certificate may also be cited (VC 38504.1). ATV safety courses may be obtained by calling ASI at 800-887-2887, and motorcycle safety courses may be obtained through the Motorcycle Safety Foundation’s Dirt Bike School at 877-288-7093.

VEHICLE REGISTRATION
All OHV’s that are transported on the highway or parked or operated on public land must be registered through DMV (VC 38020). Vehicles may be issued either a “green sticker” or a “red sticker.” Red sticker vehicles may only be operated during certain times of the year in some locations (CCR T13-2412(f)). Current Red Sticker riding seasons can be found on the California State Parks Off-Highway Motor Vehicle Recreation Division website at www.ohv.parks.ca.gov. You will need to purchase a special “Non-Resident OHV Permit” if you are not a California resident AND your off-highway vehicle or snowmobile is not registered in your home state. For more information and to find out where these Non-Resident OHV Permits can be purchased and to get more information on the program, please see the California State Parks Off-Highway Motor Vehicle Recreation Division (OHMVR Division) website at www.ohv.parks.ca.gov.

EQUIPMENT
No person shall use, operate, or allow to be used or operated, any off highway motor vehicle on any forest-covered land, brush-covered land, or grass-covered land unless the vehicle is equipped with a spark arrester maintained in effective working order (VC 38335(a)). OHV’s also must have a working muffler (VC 38365(a)) and brake system (VC 38335(a)). A headlight and taillight are required for night time operation (VC 38335/38345).

OPERATION
The operator of an off-highway motor vehicle shall be able to reach and operate all controls necessary to safely operate the vehicle (VC 38304). No person shall operate, ride, or be otherwise propelled on an all-terrain vehicle on public lands unless the person wears a safety helmet meeting requirements established for motorcycles and motorized bicycles (VC 38305). No operator of an all-terrain vehicle may carry a passenger when operating on public lands, unless the ATV is designed to carry a passenger (VC 38506). It is also unlawful to ride in the bed of a pickup truck, unless the bed is equipped with seats and safety belts (VC 21712). The speed limit is 15 mph for ATV’s and motorcycles when operated within 50 feet of a campground, campsite, or congregation of people or animals (VC 38305). ATV’s may not be ridden at any speed that is unsafe for the conditions. It is illegal to operate an ATV in a wilderness area (FGC 10740 or VC 38301.3) or any other closed area (VC 38301), or in a manner likely to cause damage to land, wildlife habitat, or vegetation (VC 38319).

ALCOHOL
Laws concerning alcohol and ATV’s reflect alcohol laws for regular motor vehicles. The same standard for driving under the influence of alcohol applies when riding an ATV (VC 23152). Also, open containers of alcohol are not permitted on ATV’s and alcohol must be transported in a locked container (VC 23225(a) (3)).

FIREARMS
It is illegal to possess a loaded firearm on an ATV while on a public road or other way open to the public (FGC 2006). It is illegal to shoot at game from an ATV (FGC 3002) or to shoot from a public roadway (PC 374c).

Information about off-highway motor vehicle laws and riding opportunities can be found online at www.ohv.parks.ca.gov or at 916-324-4442.

GRAY WOLF STATUS AND PROTECTIONS

Gray wolves are native to California and up until very recently, had not been present in the state since the 1920s. With the recent expansion of this large carnivore in the western United States, gray wolves are re-colonizing California. This species is wide ranging and as a habitat generalist, can be found in many different habitats. Currently, gray wolves are known in the northernmost parts of the state (southern Cascades and Modoc Plateau areas).

For additional information, please see: https://www.wildlife.ca.gov/Conservation/Mammals/Gray-Wolf or fws.gov/mountain-prairie/species/mammals/wolf/

To report wolf activity or sightings please contact the California Department of Fish and Wildlife (530) 225-2300 or the U.S. Fish and Wildlife Service (916) 414-6660 or https://www.wildlife.ca.gov/Conservation/Mammals/Gray-Wolf/Sighting-Report

Gray wolves are listed as an endangered species under both the federal Endangered Species Act and the California Endangered Species Act and as such there are prohibitions against lethal take and harassment for the species.

METHODS TO REDUCE CONFLICT BETWEEN WOLVES AND HUNTING/COMPANION DOGS

Wolves and domestic dogs have the potential to come into contact with each other in rural or remote landscapes where wolves have re-established. Wolf packs are often highly territorial and protective around dens, rendezvous sites, and feeding locations. Thus, domestic dogs may be attacked by wolves defending their territory or pups. Methods to avoid wolf and domestic dog conflicts include:

Hunting dogs (hound breeds)
- Avoid releases in areas with fresh evidence of wolves.
- Release hounds only on fresh sign of the target species to avoid long chases.
- Yell or make noise when releasing hounds and going to tree.
- Reach hounds at trees as quickly as possible so they are not unattended for long periods.
- Leash dogs at trees to control them.
- Place bells or beeper collars on hounds.

When hiking or camping with companion dogs in areas occupied by wolves:
- Consider leaving dogs at home.
- Do not allow dogs to roam at large. Dogs running loose may attract wolves.

IF YOU ENCOUNTER A WOLF:
- Bring the dogs to heel at your side or put them on leash as quickly as possible.
- Pick up small dogs to minimize potential contact.
- Stand between the dogs and the wolf, which often ends the encounter.
- Do not attempt to break up a fight between a wolf and a dog, which could result in injury to you.

COYOTE OR GRAY WOLF: KNOW THE DIFFERENCE?

Coyotes
- Coyotes are shorter, sleeker, and light on their feet.
- Weight: 15-45 pounds
- Shoulder Height: 1 ½ feet
- Snout/Muzzle: Long and Pointed
- Ears: Long and Pointed

Wolves
- Wolves are larger, bulkier, and stout on their feet.
- Weight: 70-130 pounds
- Shoulder Height: 2 ½ feet
- Snout/Muzzle: Large and Blocky
- Ears: Short and Rounded
The target shooting and hunting community prides itself on being safe and responsible with firearms in all situations—from using them outdoors to storing them safely at home. Sometimes, however, unusual conditions such as extremely dry environments require an extra level of awareness and safety on the part of shooters.

Wildfires have many possible causes. The National Shooting Sports Foundation, the trade association for the firearms and ammunition industry, reminds all shooters that during dry and hot weather conditions their use of certain ammunition and targets could accidentally ignite a wildfire. NSSF reminds all target shooters and hunters, as well as other outdoor enthusiasts, to consider the potential consequences of their activities in fire-prone environments.

- Make it a point to know the regulations and rules related to shooting in areas experiencing dry and hot conditions, whether on public or private land or at shooting ranges. Many national forests, for example, do not allow recreational shooting when fire restrictions are in effect.

- Consider the type of ammunition and targets you are using. Minimize the risk of fires by not using steel-jacketed ammunition, ammunition with steel-core components, tracer rounds or exploding targets in fire-prone areas.

- Remember that equipment, such as cars and ATVs, can have extremely hot exhaust systems that could ignite dry vegetation, so park only in designated areas.

- Extinguish and dispose of smoking materials safely.

- Follow guidelines to extinguish campfires.

- Warn others of potential dangers and behaviors for starting wildfires.

- Report any wildfire you see to authorities.

- Spread this message to other target shooters, hunters and outdoor enthusiasts.
