

BRAGGING BOARD

Angler Award Program

Catching a big fish is always a thrill and usually requires exceptional fishing skill. Each year, DNR recognizes the achievement of anglers who catch trophy fish by presenting them with an Angler Award. Fish do not have to be a state record to qualify.

New! Georgia Bass Slam

The Georgia Bass Slam recognizes anglers with the knowledge and skill to catch 5 different species of black bass in a variety of habitats across the state, and to stimulate interest in the conservation and management of black bass and their habitats.

WHAT WILL YOU GET?

Anglers that successfully catch five eligible species, and submit all required information will receive the following:

- Personalized certificate
- 2 passes to the Go Fish Education Center
- Window/bumper decals to brag with
- Drawing for an annual grand prize!
- Website & social media recognition

Applications, minimum weights/lengths for species and full program details are available at any Fisheries office as well as gofishgeorgia.com/fishing/anglerawards.
