For as far back as I can remember, I have always felt at home in the outdoors. Growing up in North Georgia, I felt extremely blessed to live in a place with such diverse natural resources. After I first experienced the thrill of the hunt at as a young boy, I found my passion for being a sportsman and knew I wanted to hunt all of Georgia’s game animals. Today, I am proud to still call Georgia my home and am thankful to live in the best state in the country for outdoor adventures.

Georgia’s hunters make up one big, unified family of which I am honored to be a member. Georgia’s sportsmen and women are a community dedicated to preserving our state’s natural resources for future generations. You are the original conservationists and spend the most time, money, and effort of anyone in the state to protect and conserve wildlife. On behalf of the entire Department of Natural Resources, I’d like to thank you for what you do.

Furthermore, your overwhelming support for House Bill 208 has had tremendous benefits for Georgia wildlife conservation. DNR has received additional appropriations totaling $13,000,000 because of HB 208 that will directly be put towards improving access, enhancing opportunities, and bolstering conservation efforts. This means DNR will be opening additional miles of road through Wildlife Management Areas, planting more acres of food plots, building additional artificial reefs along the coast, and growing larger trout—and these are just a few of the projects we are excited to get to work on in the coming months! Furthermore, our Law Enforcement Division is on track to fulfill our long term pledge of hiring an additional 40 Game Wardens, many of them in counties that currently do not have one. None of this would have been possible without your support and dedication to our state’s natural resources.

Our state’s natural beauty is a boundless reflection of the wonder and splendor of God’s creation. Our sportsmen and women such as you make our state the unique and special place that it is. I am proud to have built my life and career in the greatest state in the country. Happy trails this year, and I look forward to seeing you all out in the field!

**YOUR DOLLARS MAKE A DIFFERENCE!**

The Wildlife and Sport Fish Restoration Program creates a direct link among hunters, industries and resources needed to expand and enhance opportunities for hunting and fishing.

**How it Works**

2. Manufacturers pay federal excise tax on guns & ammunition.
3. Revenue from these excise taxes is distributed to state wildlife agencies.
4. State wildlife agencies use these funds to purchase land for wildlife habitat & to manage wildlife populations.
5. In turn, millions of acres of important habitat have been set aside to help ensure future wildlife abundance.

### TOP 5 REASONS TO BUY A HUNTING AND FISHING LICENSE

1. 100% of your purchase is going to fund wildlife conservation in Georgia.  
2. Your license purchase is an investment bringing $50 back to Georgia wildlife in federal dollars.  
3. You’ll join a group of people that have funded conservation for the past 100 years.  
4. It’s a great value - A $15 annual hunting or fishing license allows you to hunt or fish for 4 cents a day—24/7/365.  
5. It lets you do more than just hunt or fish - every hunting or fishing license also gives you access to all of Georgia’s Wildlife Management Areas (WMA), Public Fishing Areas (PFAs) and shooting ranges.

### MEET OUR COVER BOYS!

David Kidd and Edwin Pierre Louis met through Field to Fork, a partnership between the Wildlife Resources Division, Quality Deer Management Association, National Wild Turkey Federation, and the Georgia Wildlife Federation that teaches adults how to hunt. Edwin is a PhD student at the University of Georgia who has always had an interest in hunting, but didn’t know how to get started on his own. David began hunting in his early thirties and understands how intimidating it can be. David served as Edwin’s mentor during the Field to Fork program and the two have continued to hunt together ever since. Learn more about Field to Fork and mentor opportunities at georgiawildlife.com/mentor.
HUNTER LICENSES

HUNTER EDUCATION
All hunters born on or after Jan. 1, 1961 must successfully complete a hunter education course before purchasing a hunting license. All hunter education courses certified or mandated by any state wildlife agency or Canadian province are accepted. Residents may sign up for online or classroom courses at gohuntgeorgia.com or by calling 1-800-366-2661.

Hunting education is not required to purchase an Apprentice Hunting License, or short-term license. Persons purchasing a Lifetime License must have hunter education before hunting, unless exempt by age or supervision. Hunter education is not required to hunt on one's own land or land of a parent or guardian (blood or dependent relationship) residing in the same household, or to hunt on public shooting preserves that provide specified hunter educational instruction (see Shooting Preserve License page 12).

To obtain a replacement hunter education card visit gooutdoorsgeorgia.com or call 1-800-366-2661 Monday–Friday from 8 a.m. to 6 p.m. and Saturday and Sunday 9 a.m. to 5 p.m.

AGE REQUIREMENTS

HUNTERS UNDER AGE 16 are not required to complete a hunter education course. A child under age 16 must be under “direct supervision” or “directly supervised,” which means uninterrupted, unaided visual contact and auditory communication with the child by an adult. It is unlawful for an adult to permit their child or ward (under age 16) to hunt without adult supervision.

Exception: Hunters 12–15 years old may hunt unsupervised after successfully completing a hunter education course. Special restrictions may apply on WMAs (see pages 46–65) and Federal Areas (see pages 66–68).

HUNTERS AGE 16–25 are required to have a hunter education card when purchasing a season hunting license and must be in possession while hunting.

HUNTERS OVER AGE 25 and born after Jan. 1, 1961 must successfully complete a hunter education course but are not required to present their Hunter Education Card when buying a season hunting license or possess it while hunting.

APPRENTICE HUNTER is any person who has not successfully completed a hunter education course or does not possess a hunter education certificate. Apprentice hunters may purchase a short-term Apprentice Hunting License to hunt and fish in Georgia.

LANDS PASS
Any person age 16 and older, entering any WMA or PFA must have a valid license to hunt or fish or a Lands Pass (exclusions apply, visit georgiawildlife.com/LandAccess). WMAs and PFAs that require a license to hunt or fish or a Lands Pass are marked with a sign at the site or area entrance. See page 38 for more information.

LICENSE REQUIREMENTS

Reliable identification and a Social Security Number (SSN) are required to purchase a license (OCGA § 19-11-9.1). Game Wardens may require positive identification when checking licenses. All required hunting licenses and stamps must be in possession while hunting or while assisting another hunter. It is unlawful to obtain, possess, or use multiple licenses for the purpose of circumventing the season bag limits.

RESIDENCY

RESIDENT means any person who has been domiciled within the State of Georgia (declared Georgia the only state of legal residence) for a period of at least three months. A valid Georgia driver’s license or Georgia ID is required to show residency. Nonresident full time Georgia college students with a valid college ID living in Georgia, and active duty military personnel with a valid U.S. DOD Common Access Card with Uniformed Services affiliation and the dependents of such military personnel may obtain resident hunting and fishing licenses other than resident lifetime, disability and honorary licenses. Nonresident landowners must purchase a nonresident license.

RESIDENT HUNTERS UNDER AGE 16 must possess a Harvest Record to hunt deer and turkey. They are not required to possess any of the following: Hunting, Big Game or Georgia Migratory Bird Stamp.

FREE LICENSES

SENIOR CITIZENS: Georgia residents born on or before June 30, 1952 may obtain a Lifetime Sportsman’s License free of charge. An optional Lifetime Sportsman’s Plastic Card may be purchased for $10.

RETURNING GEORGIA VETERANS (ONE TIME ONLY): Georgia resident military veterans who were on active duty for 90 or more consecutive days and were honorably discharged on or after July 1, 2005 may obtain one annual Honorific License free of charge. Such veterans may obtain this license by providing a copy of their DD Form 214 and a completed DNR application.

TYPES OF LICENSES

RESIDENT HUNTING, COMBO OR SPORTSMAN’S LICENSE is required for all resident hunters 16 years of age or older, except when hunting or fishing on one’s own land or land owned by immediate family (blood or dependent relationship) residing in the same household.

All nonresident big game hunters must obtain a harvest record (deer and turkey) and those 16 and older must possess a big game license (included in Sportsman’s License).

HARVEST RECORD (DEER & TURKEY) is required for any person who hunts deer or turkey, regardless of age. A free permit is available for Lifetime Sportsman’s License, Disability Sportsman’s License, Disability Hunting License, Honorary License, and Resident Optional Youth Sportsman’s License holders selected for an Alligator Quota hunt.

BIG GAME LICENSE is required, in addition to a valid Hunting License, for hunting deer, duck, or bear. A Harvest Record is required to hunt deer or turkey.

Archery

- **Archery Only Counties**: Clayton, Cobb, DeKalb and Fulton (north of GA Hwy 92) Counties in accordance with statewide bag limits and other regulations.

- **Extended Archery Season**: Clayton, Cobb, Forsyth, Fulton, Gwinnett, and Rockdale Counties only; in accordance with statewide bag limits and other regulations.

- **Chattahoochee-Oconee NF**: During firearms deer season, archers must follow firearms either-sex dates on the National Forest. Archery hunting is allowed during primitive weapons and firearms deer seasons, except in Archery-Only Counties or WMAs. Archers may not possess any firearms while hunting during archery deer season, unless the person possesses a valid Weapons Carry License in this state (pursuant to OCGA §§ 16-11-126(f) or 16-11-129), subject to limitations (OCGA §§ 16-11-126 and 16-11-127).

Primitive Weapons

Statewide, excluding archery-only counties. Scopes are legal. During the statewide primitive weapons deer season and WMA primitive weapons hunts, youth under 16 years of age may hunt deer with any legal deer firearm. Primitive weapons hunters may not possess any centerfire or rimfire firearm while hunting during the primitive weapons season, unless the person possesses a valid Weapons Carry License in this state (pursuant to OCGA §§ 16-11-126(f) or 16-11-129), subject to limitations (OCGA §§ 16-11-126 and 16-11-127).

Season Limit

10 antlerless deer and 2 antlered deer. One of the two antlered deer must have a minimum of 4 points, 1 inch or longer, on one side of the antlers. (Special county antler restrictions noted below and on pages 22-23)

County-Wide Antler Restrictions

- **Dooley & Macon**: antlered bucks must have a minimum outside antler spread of 15 in.
- **Hancock, Harris, Meriwether, Montgomery Randolph, Talbot & Troup**: antlered bucks must have a minimum of 4 points, 1 in. or longer, on one side of the antlers.

Checking Your Deer

All deer hunters are required to have a Harvest Record for the current season. Additionally, all harvest must be reported within 72 hours through Georgia Game Check or before leaving the deer with a processor.

Cell Phone Handy?

If you have a cell phone, enter the harvest date and county on the Harvest Record through the GA Outdoors App, online at gooutdoorsgeorgia.com or by calling 1-800-366-2661 before moving the deer from the site of the kill.

You can now report your harvest through the GA Outdoors App when your phone has no service. Enter your harvest date and county on the Harvest Record through the App. When you get to a location with service, access the App and sync to receive your confirmation number.

No Phone? No Problem!

- **Log It**—Enter the harvest date and county on your paper Harvest Record before moving the deer from the site of the kill.
- **Report It**—Within 72 hours of the kill or before taking your deer to the processor, report your harvest by going online to gooutdoorsgeorgia.com or calling 1-800-366-2661.

ANTLERS
Antlerless deer are those having no visible antlers above the hairline (including “button bucks”) and may only be taken during either-sex or antlerless seasons or hunts. During “buck-only” hunts or seasons, a deer must have antlers visible above the hairline to be legal for harvest.

HEAD OF DEER
It is unlawful to remove the head of a deer until the deer is processed or surrendered to a storage facility for storage or processing.

TRANSPORTING DEER HARVESTED BY ANOTHER HUNTER
Persons transporting deer harvested by another hunter must possess, in writing, the complete name, address, telephone and hunting license number of the person who harvested the deer, and the Game Check confirmation number.

COOLER LOCKERS
Whole or field-dressed deer received by a cold-storage or meat processing facility must be marked with the hunter’s name, date, county of harvest and sex of deer. A list of processors is available at gohuntgeorgia.com.

LAKES, STREAMS AND PONDS
It is unlawful to take a deer by any means while it is in a lake, stream, or pond.

RIGHTS-OF-WAY/TRANSMISSION TOWERS
Hunting from a stand or platform attached to a transmission tower is trespassing and is prohibited. Written permission must be obtained from the landowner to hunt on power line, gas line, railroad, or other rights-of-way.

HUNTING OUT OF STATE?
If you harvest a white-tailed deer, mule deer, elk, moose or caribou in a state having a documented case of Chronic Wasting Disease (CWD), you may bring back only the following carcass parts:
1 – boned-out meat;
2 – processed cuts of meat;
3 – clean skull plates with antlers attached (not the entire skull);
4 – clean antlers;
5 – finished taxidermy mounts; and
6 – clean upper canine teeth (aka buglers, ivories, whistlers).

To protect Georgia’s deer herd, the importation of whole carcasses or parts not listed above is prohibited from any CWD-positive state or Canadian province. For an up-to-date list of positive states and other information about CWD, please visit www.cwd-info.org.

DEER URINE AND CHRONIC WASTING DISEASE
While Chronic Wasting Disease (CWD) prions are known to be present in urine of infected deer, there has been no documented spread of the disease through the use of natural urine deer attractants. However, to minimize the potential risk through use of these products hunters are strongly encouraged to use only those natural urine products bearing the Archery Trade Association (ATA) Deer Protection Program Checkmark, or use synthetic urine products.

BAITING
Bait: corn, wheat, other grains, salts, apples, and other feed that has been placed, exposed, deposited, distributed, or scattered so as to constitute a lure, attraction, or enticement to game animals or game birds.

IT IS UNLAWFUL FOR ANY PERSON TO:
• Hunt any game animal (except as noted below) or game bird upon, over, around, or near bait.
• Hunt any area for a period of 10 days following complete removal of all bait.
• Hunt any big game or feral hog over bait or place bait on any State or Federal managed lands.
• Place bait in a manner that will cause hunting on an adjacent property to be prohibited.

Taking of any big game over bait is subject to a fine of $5,000 and/or imprisonment up to 12 months.

NEW EXCEPTIONS FOR DEER:
• Deer may be hunted over or near any bait on private lands in all counties, provided the hunter has written permission from the landowner. It is unlawful to hunt deer over bait or place bait on any state or federally managed lands.

EXCEPTIONS FOR FERAL HOGS (STATEWIDE):
• Feral hogs may be hunted over or near bait on private lands year round in every county provided that the bait is not placed within 50 yards of any property ownership boundary.
• Placing bait for hogs may make a property (or portion of a property) un-huntable for other species, such as turkeys. Hunters are urged to communicate with others who may hunt other species on or near an area where baiting for deer or hogs is being considered.

Good nutrition is key to growing big, healthy deer. **Frosty Berseem and FIXatioN Balansa** have the protein that deer need to reach their maximum potential.

In recent trials at Mississippi State University, Frosty and FIXatioN placed #1 and #2 for drawing in deer.

FEDERALLY REGULATED MIGRATORY BIRDS

The U. S. Fish and Wildlife Service (USFWS) regulates the harvest of migratory birds by establishing framework (opening and closing dates, maximum season length, and maximum bag limits) within which states can set their migratory bird hunting seasons. Georgia annually proposes waterfowl and late-season migratory bird hunting season dates and bag limits that maximize opportunity within the framework adopted by the USFWS.

In addition to State regulations, Federal rules apply to the taking, possession, shipping, transporting, and storage of migratory birds. Each hunter should also consult actual Federal Regulations, which may be found in: Title 50, Code of Federal Regulations, Part 20.

View, download and print at: www.gpoaccess.gov or www.gohuntgeorgia.com

WILDLIFE MANAGEMENT AREAS
Each WMA offers unique hunting opportunities based upon factors such as climate, topography, access, wildlife population dynamics and public desires. Therefore, each WMA has specific rules and regulations. You should be familiar with the rules and regulations for a specific WMA before visiting.

Maps: Interactive maps for all WMAs are available at georgiawildlife.com/AllWMAs. Maps may also be found at check stations, kiosks, and region offices.

Land Access: Any person, age 16 and older, entering any WMA or PFA must possess a valid license to hunt or fish or a Lands Pass (exclusions apply). Visit www.georgiawildlife.com/LandAccess for a list of all public properties and access requirements. Areas that require a valid license to hunt or fish or a Lands Pass are marked with the posting of a sign at the site or area entrance. A Lands Pass and all hunting and fishing licenses may be purchased at gooutdoorsgeorgia.com, by calling 1-800-366-2661, or through license vendors.

Any individual(s) or organization(s) desiring to sponsor or conduct an event, activity, or series of events or activities involving more than eight individuals on a WMA or PFA may be required to obtain a “Right of Entry” agreement (ROEA) from the Department. Contact the respective Game Management office (see page 4) for more details.

VOLUNTARY PUBLIC ACCESS (VPA) PROPERTIES
Since 2014 through a USDA grant, the DNR Wildlife Resources Division (WRD) has been able to enhance and add to its WMA program through additional temporary agreements with private landowners for public hunting opportunities. Some of these VPA opportunities are listed from pages 46-65, but others could not be included due to deadlines. For an accurate list of properties, please visit gohuntgeorgia.com.

CHECK-IN HUNT VS. SIGN-IN HUNT:

CHECK-IN HUNT
For managed hunts, hunters must check-in prior to hunting. Hunters may check-in starting at noon one day prior to the hunt, anytime during the hunt, or online at gooutdoorsgeorgia.com. Check-in is required once for each check-in period.

Two deer of either sex may be harvested during any one check-in hunt, unless otherwise specified, except on Quality Buck WMAs. See specific WMA listing for hunt details.

All game or feral hogs harvested at a check-in hunt must be checked-out at the check station on the day of the harvest and should not be recorded on your Harvest Record or reported through Georgia Game Check.

SIGN-IN HUNT
All big-game and small-game hunters must sign-in prior to hunting. Sign-in is available beginning at noon one day prior to hunt at check station/kiosk and is also available online at gooutdoorsgeorgia.com. Sign-in is required once per hunt for big-game hunts and once per season for small-game hunts.

Two deer may be harvested during any sign-in hunt lasting less than ten days. During a sign-in hunt lasting 10 days or longer, the bag limit is the statewide season. Bag limits for other species are the same as statewide limits, unless otherwise noted under the specific WMA (see pages 46-65).

All deer and turkey harvested during a sign-in hunt must be checked using GA Game Check. See pages 20 and 30 for details.

Mandatory WMA Bear Harvest Requirements: All bears must be reported and tagged. See page 30 for specific requirements by Bear Zone.

GATE CLOSURES
There are a number of reasons why roads may be closed to motor vehicles. Some roads are only intended for WRD personnel to perform management related activities on a WMA (such as timber harvest, habitat management, prescribed fire or emergency response). Roads that are typically closed may be open during managed hunts or during certain high-use periods to provide better access and evenly distribute hunters.

Before visiting a WMA:
• Go to gohuntgeorgia.com for notices of road closures
• Obtain a WMA map that denotes area specific access
• Contact the region office regarding questions pertaining to the specific status of roads or access features

YOUTH HUNTS AND SUPERVISION
Youth under age 16 must be accompanied by or “directly supervised,” which means uninterrupted, unaided visual contact and auditory communication with the youth by an adult when hunting on a WMA.

Big Game Hunts: One adult shall supervise no more than one child. Only the youth may hunt. Adult may not hunt. All Youth Big-Game hunts are firearms hunts unless specified otherwise.
The target shooting and hunting community prides itself on being safe and responsible with firearms in all situations—from using them outdoors to storing them safely at home. Sometimes, however, unusual conditions such as extremely dry environments require an extra level of awareness and safety on the part of shooters.

Wildfires have many possible causes. The National Shooting Sports Foundation, the trade association for the firearms and ammunition industry, reminds all shooters that during dry and hot weather conditions their use of certain ammunition and targets could accidentally ignite a wildfire. NSSF reminds all target shooters and hunters, as well as other outdoor enthusiasts, to consider the potential consequences of their activities in fire-prone environments.

- Make it a point to know the regulations and rules related to shooting in areas experiencing dry and hot conditions, whether on public or private land or at shooting ranges. Many national forests, for example, do not allow recreational shooting when fire restrictions are in effect.

- Consider the type of ammunition and targets you are using. Minimize the risk of fires by not using steel-jacketed ammunition, ammunition with steel-core components, tracer rounds or exploding targets in fire-prone areas.

- Remember that equipment, such as cars and ATVs, can have extremely hot exhaust systems that could ignite dry vegetation, so park only in designated areas.

- Extinguish and dispose of smoking materials safely.

- Follow guidelines to extinguish campfires.

- Warn others of potential dangers and behaviors for starting wildfires.

- Report any wildfire you see to authorities.

- Spread this message to other target shooters, hunters and outdoor enthusiasts.
**Small Game Hunts:** One adult may directly supervise no more than two children (17 years old and under). Adults and children may hunt, provided that the adult is directly supervising a child who is actively participating in the hunt, unless otherwise noted on specific WMA (see pages 46-65).

**RESTRICTIONS**

**QUALITY BUCK**
Several WMAs are managed for Quality Bucks, which place restrictions on the buck you may harvest. These WMAs will define a Quality Buck in one of three ways:

- **Point Restrictions:** Requires a minimum of 4 points on one side and points must be 1 inch or longer.
- **Spread Restrictions:** Requires a 15 inch outside spread OR 16 inch main beam.
- **Point or Spread Restrictions:** Requires a minimum of 4 points on one side and points must be at least one inch long OR a 15 inch outside spread.

On hunts having antler restrictions, only one antlered buck may be harvested per hunt. Always refer to the specific WMA to determine if it is managed as a Quality Buck area and to see the applicable restrictions.

**HUNTING FERAL HOGS AND COYOTES**
Feral hogs and coyotes may be taken during any small or big game season with the appropriate lawful weapons. In addition, a feral hog and coyote season will be held from May 16-31 on all WMAs, unless otherwise specified in the WMA listings on pages 46-65. Hunter orange is required. Electronic calls may be used. No night hunting or baiting allowed. Dogs are not allowed unless otherwise specified.

**TREE STANDS AND HUNTING STRUCTURES**
Hunting structure: any portable tree stand, ground blind, stool, chair, bucket, waterfowl blind, or other similar device used for the purpose of hunting.

Hunters may not construct or hunt from any tree stand that is not portable or natural. Tree stands may not be placed on utility poles or other structures supporting utility lines. For big game and feral hog hunts, hunting structures shall not be placed any sooner than one day prior to the hunt and shall be removed from the WMA no later than 12 noon the day following the hunt. For small game hunts, hunting structures may be placed and shall be removed from the WMA only on the day of the hunt.

**WMA ACTIVITIES**

**CAMPING**
All camps shall be in designated campgrounds unless otherwise posted at the check station. Camping, or establishment of a campsite, shall be limited to a maximum of 14 consecutive days, after which the campsite shall be vacated and all personally owned property or physical features of the camp must be removed for a period of not less than 7 days. During that 7-day period a new campsite may not be established within the boundaries of the same WMA or within 1 mile radius of the vacated campsite by the same person(s).

- No musical instruments, radios, televisions, generators or other noise making devices after 10:00 p.m. daily are allowed in such a manner that such devices may be heard by other WMA users. (Note: Medically needed devices or aids to disabled persons are permitted.)
- No camping or driving motor vehicles on wildlife openings.
- No carving, cutting, chopping or damaging of live or standing trees.

Loaded firearms are prohibited in camping areas, except that any person possessing a Weapons Carry License that is valid in this state pursuant to OCGA §§ 16-11-126(f) or 16-11-129 may carry such firearm subject to the limitations of OCGA §§ 16-11-126 and 16-11-127, except where prohibited by federal law.

Camping is allowed anywhere on National Forest Lands unless otherwise indicated or signed. Forest Service regulations govern outdoor recreation on WMAs located on National Forest Lands.

**COLLECTING FIREWOOD**
Only trees that are dead and down may be cut and used for firewood on WMAs. Annual firewood cutting permits are issued for personal use by the region office. On National Forests, firewood permits are available from the district US Forest Service offices.

**FISHING**
Fishing is allowed on WMAs unless otherwise posted. A fishing license is required to fish on all WMAs (a trout license is additionally required to fish in mountain trout waters).

**OPERATING MOTOR VEHICLES AND ATVS**
All motor vehicles are restricted to improved roads open for vehicular access. ATVs may only be operated on open improved roads within WMAs during the period between 2 hours before sunrise and 2 hours after sunset one day prior to and during big game, small game, and hog hunts by hunters actively participating in the hunt (except where otherwise specified). However, on National Forest Lands, including WMAs on the National Forest, ATVs are restricted to designated trails unless posted otherwise. “Improved Roads” are roads that receive maintenance for the purpose of public access, and “Open Roads” are roads not closed with a gate, sign, earthen berm or similar device intended to prevent vehicular access. Motor vehicles (including ATVs, dirt bikes, utility vehicles, golf carts, and other off-road vehicles) must meet applicable safety, licensing, insurance and registration requirements for use on public roads. Vehicle and ATV operators must be at least 16 years old. Roads may be closed at the discretion of DNR. Vehicles may not be parked in such a way as to block an open or closed roadway.

**Fees on National Forest Lands:** Fees may be charged for camping, ATV/ORV trails, shooting ranges, and boat ramps on the National Forest. These fees apply to all users. For more information, visit www.fs.fed.us/conf or contact any US Forest Service Office.

**RIDING HORSES AND BIKES**
Horses and bicycles are allowed on open improved roads, designated trails, or designated areas. Bicycles may be used on closed improved roads for the purpose of hunter access. Horses may be used off roads and trails during permitted field trials. Horses and bicycles may be used on National Forest Lands not otherwise closed. Horses and bicycles are prohibited on the Appalachian Trail. All WMA laws, rules and regulations, unless otherwise specified, must be followed on Public Fishing Areas and State Parks open for hunting. Visit georgiawildlife.com/LandAccess for a list of all public properties and access requirements.

Camping, hiking and other recreational uses are allowed year-round, unless otherwise posted at the WMA check station or at a specific recreation site. All WMA visitors are encouraged to wear hunter orange during open hunting seasons. Specific recreation sites may be closed as needed for management purposes.

PUBLIC HUNTING OPPORTUNITIES

MIGRATORY BIRDS

CROWS, SNIPE, SORA, RAILS AND WOODCOCK may be hunted on small game dates during the statewide seasons for each species unless otherwise specified. Statewide bag limits and restrictions listed on pages 34-35 apply.

Duck hunting on managed impoundments at Altamaha (Butler Island), Cordele Hatchery, Evans PFA, Oconee WMA, Rum Creek WMA, and West Point WMA - Grovers Creek is by quota only. Hunters must hunt from assigned areas or ponds, as specified. Shooting hours end at 12 noon, except the last Saturday of the season, when hunting is allowed until sunset. See pages 18 and 75 for quota hunt information.

Waterfowl on all other WMA locations may be hunted any day of the waterfowl season that the area is open for small game hunting or as otherwise specified.

GOOSE hunting is allowed on WMAs except on managed waterfowl impoundments and managed dove fields. On managed waterfowl impoundments, geese may be taken by drawn hunters during the statewide goose season.

SMALL GAME, FURBEARERS, FALCONRY

ALLIGATORS may be taken on small game dates and big game dates, day or night, during statewide alligator season by quota permit holders only, unless otherwise specified in the WMA listings on pages 46-65. See page 31 for more information.

COYOTES may be taken anytime a season is open on a WMA, but hunters may only use weapons legal for the game species for which the season is open. In addition, on WMAs where feral hogs and coyotes can be taken during May 16-31, any legal weapon may be used. During the May season, hunters are required to wear florescent orange.

FALCONRY: Small game may be taken on WMAs (including field trial and archery only areas) by permitted falconers at any time during the state falconry season except during managed big game hunts or as otherwise specified on the specific WMA (see pages 46-65).

FURBEARERS: Raccoons, opossums, foxes and bobcats may be hunted within statewide seasons during small game and furbearer dates, unless otherwise specified in the WMA listings on pages 46-65. Furbearers may not be hunted during firearms deer hunts. Night hunting is allowed, unless otherwise specified, but is restricted to small game weapons only (no centerfire rifles). Hunters must pick up their dogs by 12 noon on the day following the hunt. No electronic calls.

SMALL GAME: Hunters are allowed to hunt any small game with an open season (see page 33) during the small game dates specified in the WMA listings on pages 46-65, unless otherwise specified. No small game or furbearer hunting is allowed during a deer hunt lasting less than 10 days, except that migratory birds may be hunted during archery deer hunts during open state season unless otherwise specified. Small game species with specific hunt dates for a WMA, (ex. Dove), may only be hunted during those open dates and not during state small game dates for that species.

TRAPPING

Limited opportunities to trap on certain WMAs are available by permit only. Such opportunities are available on: Albany Nursery, B. F. Grant, Big Lazer Creek, Blanton Creek, Bullard Creek, Clayhole, Crockford-Pigeon Mtn, Dawson Forest, Dixon Memorial, Elmodel, Joe Kurz, Penholoway, Rum Creek, Tuckahoe, West Point, and Yuchi WMAs. Contact the appropriate region office for further details or to apply for a permit.

UNLAWFUL ACTIVITIES on WMAs

- Man-drives during deer hunts. A man-drive is defined as an organized hunting technique involving three (3) or more hunters using a coordinated effort to drive deer or feral swine from cover to another hunter for the purpose of shooting.
- Placing bait or wildlife food and hunting any game species or feral hog over bait.
- Target practicing, except on an authorized shooting range.
- Driving a vehicle around any gate, sign, earth berm, or similar device intended to prevent vehicular access.
- Hunting within 50 yards of any road opened for vehicular access. (Possession of a loaded firearm within 50 yards of a road opened for vehicular access is considered hunting.)
- Hunting within a posted safety zone.
- Consuming alcohol except at camp sites (this regulation does not apply on National Forest Lands).
- Camping or operating a motor vehicle upon any permanent wildlife opening.
- Using motor vehicles, signage, flagging tape, or any other method(s) to close or restrict access to roads, trails or any other access features.
- Using metal detectors or collecting artifacts.
- Using paintball equipment (this regulation does not apply on National Forest Lands).
- Trapping except that special permits may be issued for certain WMAs.
- Possessing alcohol while hunting on National Forest lands.
- Possessing a cocked crossbow in a motor vehicle.
- Possessing a firearm during a closed hunting season for an area, except on designated shooting ranges, unless such a firearm is unloaded and stored in a motor vehicle so as to not be readily accessible, except that any person possessing a Weapons Carry License that is valid in this state pursuant to OCGA §§ 16-11-126(f) or 16-11-129 may carry such firearm subject to the limitations of OCGA §§ 16-11-126 and 16-11-127, except where prohibited by federal law.
- Possessing a loaded firearm (a gun is considered loaded if a shell is in the chamber or magazine, a percussion cap is on the nipple, or powder is present on the frozen pan) in a motor vehicle, except that any person possessing a Weapons Carry License that is valid in this state pursuant to OCGA §§ 16-11-126(f) or 16-11-129 may carry such firearm subject to the limitations of OCGA §§ 16-11-126 and 16-11-127, except where prohibited by federal law.
- A Weapons Carry License does not allow the holder to carry a loaded firearm, other than a handgun, in a motor vehicle on a WMA.
- Dogs are not allowed for pursuing or catching hogs on WMAs, unless specified otherwise.
Cogongrass is considered to be the “seventh worst weed in the world” and can grow so dense in forests that many ground-dwelling animals such as quail, turkey, and deer find it nearly impossible to travel through.

If Cogongrass is allowed to go unchecked, it will choke out all native vegetation.

The Georgia Forestry Commission has an eradication program to control Cogongrass, but we need your help. Please report sightings of Cogongrass online at GaTrees.org, contact your local GFC Management Forester or call 229-430-5122.

Remember: The loss of Cogongrass is your gain.

## Wildlife Violator Compact

Georgia, along with 45 other states, is a member of the Wildlife Violator Compact (WVC). This allows Wildlife Officers to treat non-residents hunting in WVC member states as if they were a resident of that state in regards to wildlife violations. All wildlife law violators will be held more responsible due to the fact that their illegal activities in one state can affect their hunting privileges in all WVC member states.

For more information visit [gadnrle.org](http://gadnrle.org).

For $500 per night, per person, we take you on the ultimate Hog Hunt! We use highly modified 4x4 vans equipped with long range FLIR on the roof and large screens and comfortable seating. This allows us to take up to 4 hunters in comfort and cover 1000’s of thousands of acres a night in search of wild hogs to kill. Once we spot them from the van, it turns into ‘bowhunting with an AR’. We foot stalk into 60 yards and you try to kill every pig in front of you with an AR with a top of the line Armasight thermal scope. How many will ya get?

QUOTA HUNT - A hunt that allows a predetermined number of hunters to participate. A QUOTA is used to conserve the natural resources (wildlife and their habitats) and to provide a high quality hunting experience.

PRIORITY POINTS

An applicant is awarded one priority point if not selected for the QUOTA hunt. Each person listed on a group application that is not selected is awarded a priority point. Priority points may be used on an application to increase the likelihood of selection. You may wager as many points as you have when applying for a quota hunt, not exceeding the lowest held by any group member. Only the number of points needed to win the hunt will be taken if you are selected. Visit the quota hunt page at gohuntgeorgia.com to determine how many priority points may be required to get selected for your favorite hunt.

APPLICATION DEADLINES

The official application deadlines are 11:59 p.m. (EST) on the dates listed in the tables below. No applications will be accepted after the deadline.

Submit QUOTA hunt applications: GoOutdoorsGeorgia.com
