From the Florida Fish and Wildlife Conservation Commission: A message of appreciation for hunters

Hunters’ commitment to conservation and the future of hunting is essential, and the FWC’s staff and Commissioners deeply appreciate the many ways they contribute. Their love of the outdoors inspires them to protect our resources whether it’s by hosting clean-up days at a wildlife management area or reporting wildlife violations to Wildlife Alert. They provide critical information about threats to habitat and the status of wildlife populations. For example, last summer, hunters reported sightings of wild turkeys in Florida. We hope even more people report wild turkey sightings this summer, particularly hens and poults, to help the FWC build its knowledge base about nesting success, brood survival, and distribution and abundance of wild turkeys. Learn more at MyFWC.com/Turkey.

Hunters also champion conservation by taking part in the FWC’s rule-making process for hunting and FWC-managed lands. From participating in harvest surveys to attending Commission and stakeholder meetings, Florida hunters show they care about the future. Others expand their level of giving by becoming members and volunteers of one of Florida’s many conservation groups. Another important way hunters give back is by volunteering to teach hunter safety courses and hosting Youth Hunting Program weekends.

We’re particularly thankful about how hunters are joining forces to protect Florida deer by supporting efforts to reduce the risk of chronic wasting disease (CWD) spreading into Florida. CWD is a highly contagious brain and central nervous system disease that is always fatal for deer. It’s believed to be caused by an abnormal protein called a prion. Prions shed into the environment by deer with CWD persist for many years, even when exposed to harsh conditions, and are capable of infecting healthy deer for years. Studies have shown infected deer populations are significantly impacted. CWD deer die at three times the annual rate of deer without the disease. It would be particularly concerning in Florida, where deer populations are already lower due to less fertile soils and lower quality habitat.

CWD has been found in 26 states now, most recently in Mississippi and Tennessee. The good news is the FWC, with help from hunters, has tested over 14,000 deer for CWD since 2002, and the disease has not been detected in Florida. While early detection through active monitoring is critical, disease prevention is a top priority. Understanding CWD is an important first step in reducing the risk to Florida deer. You can play an important role by letting fellow hunters know about the disease and why it’s a concern. You can learn more about CWD at MyFWC.com/Deer.

We hope the upcoming hunting seasons give you a chance to listen to the woods wake up, see soft rays of sunlight filtering through the trees, and experience nature as a participant. It’s moments like these that stir hunters to conserve Florida’s wildlife resources and create a future so others can experience the great outdoors. And for that, we salute you!

Florida has one of the largest wildlife management area (WMA) systems in the country at nearly 6 million acres. WMAs are managed for conservation and recreation, and offer diverse public hunting opportunities. The FWC is lead manager or landowner on about 1.4 million acres of these public lands. The remaining 4.5 million acres is open for public hunting thanks to partners and cooperators including:

- Florida Forest Service
- Northwest Florida Water Management District
- Suwannee River Water Management District
- St. Johns River Water Management District

How Wildlife Is Thriving Because of Guns & Hunting

**How It Works**

1. Hunters and target shooters purchase guns and ammunition.
2. Manufacturers pay federal excise taxes on guns and ammunition.
3. Revenue from these excise taxes is distributed to state wildlife agencies.
4. State wildlife agencies use these funds to purchase land for wildlife habitat and to manage wildlife populations.
5. In turn, millions of acres of important habitat have been set aside to help ensure future wildlife abundance.

**Then & Now**

- **White-Tailed Deer Population**
  - 1900: 500,000
  - Today: 32,000,000
- **Ducks / Waterfowl Population**
  - 1911: FEW
  - Today: 44,000,000
- **Rocky Mountain Elk**
  - 1947: 41,000
  - Today: 1,000,000
- **Wild Turkeys**
  - 1900: 100,000
  - Today: 7,000,000
- **Pronghorn Antelope**
  - 1937: 12,000
  - Today: 1,100,000

**Quick History**

**Early 1900s**
As many wildlife species are dwindling in numbers or disappearing, firearms industry steps forward and asks Congress to redirect excise tax on sale of guns and ammo to help fund wildlife conservation.

**1937**
Congress passes and President Franklin D. Roosevelt signs the Pittman-Robertson Federal Aid in Wildlife Restoration Act into law.

**1938 to today:**
Revenue from this act has purchased millions of acres of prime habitat that is maintained by state wildlife agencies. These lands, where game and non-game species flourish, are purchased with sportsmen’s dollars but used by all Americans.

**Other Ways Sportsmen Contribute**

Excise taxes combined with revenue from hunting and fishing license sales fund the majority of state wildlife agency budgets.

- **Duck Stamp Proceeds**
  - Used by the government to buy or lease wetland habitat for ducks, geese and hundreds of non-game birds and animals.

**Some Heroes of the Most Successful Conservation Model in the World Are:**

- Theodore Roosevelt
- Aldo Leopold
- Key Pittman
- Willis Robertson

**Where the Money Goes**

- Buy, develop, and operate wildlife management areas
- Research projects focused on wildlife conservation
- Hunter safety and education programs
- Construction and maintenance of public target shooting ranges

Our European tower shoots are genuinely one of a kind. Our course is both challenging and exciting, boasting 11 shooting stations around a 30-foot tall tower. One or two guns will man each station. Pheasants will then be released one at a time. Every 10 to 20 birds, we will rotate stations, giving every shooter the opportunity at a different angle each time. If all stations are full, we will release 220 birds. They are providing fast action and multiple shooting opportunities for everyone. Our tower shoot offers a unique outdoor activity for all, including corporate entertaining and fundraising. Tower shoots are a relaxing and social alternative to traditional Hunting.

Recreational license, permit information and requirements

Most recreational hunting and fishing licenses and permits, including reprints, are available at GoOutdoorsFlorida.com, tax collectors’ offices, license agents, or by calling toll-free 888-HUNT-FLORIDA (486-8356). For purposes of hunting in Florida, a resident is defined as any person who has declared Florida as his or her only state of residence as evidenced by a valid Florida driver license or identification card with both a Florida address and a Florida residency verified by the Department of Highway Safety and Motor Vehicles (HSMV). A valid Florida driver license or ID Card is needed for resident license or permit purchases made online or by telephone. If a Florida driver license or ID card is not on record with HSMV, a Florida voter information card, declaration of domicile, or homestead exemption may be used as proof of residency.

Active duty military personnel stationed in Florida, including spouse and dependent children residing in the household, are considered residents. Except as noted under License and Permit Exemptions, the following licenses and permits are required:

Hunting license
Required when taking or attempting to take game or furbearing animals (by methods other than trapping).

Deer permit
Required, in addition to a hunting license, when taking or attempting to take deer.

Turkey permit
Required, in addition to a hunting license, when taking or attempting to take turkeys.

Migratory bird permit
Required, in addition to a hunting license, when taking or attempting to take ducks, geese, coots, common gallinules (moorhens), rails, snipes, woodcocks, mourning doves and white-winged doves.

Florida waterfowl permit and Federal duck stamp
Required, in addition to a hunting license and migratory bird permit, when taking or attempting to take ducks and geese.

Archery season permit
Required, in addition to a hunting license, when hunting during archery season.

Crossbow season permit
Required, in addition to a hunting license, when hunting during crossbow season.

Muzzleloading gun season permit
Required, in addition to a hunting license, when hunting during muzzleloading gun season.

Management area permit
Required, in addition to a hunting license, when taking or attempting to take wildlife on wildlife management areas. Permit may also be used on wildlife management areas where a daily-use fee is required.

Limited entry/quota permit
Required to hunt, or access for recreational purposes, some management areas during specified periods (see Limited Entry/Quota Permits on page 39).

NOTE: In addition to a hunting license, management area permit and any other related permits, additional permits or tags may be required for all or parts of a season when hunting on a wildlife management area. Requirements and exemptions vary by area. Please consult the specific brochure for the WMA you wish to hunt at MyFWC.com/WMAbrochures.

Furbearer trapping license
Required of anyone, except residents age 65 or older, when taking or attempting to take furbearing animals (raccoons, beavers, bobcats, otters, opossums, coyotes, skunks, nutrias) using live traps or snares and when selling furs to licensed fur dealers.

How to order
Hunting licenses and permits can be ordered online at GoOutdoorsFlorida.com or by calling 888-HUNT-FLORIDA (888-486-8356) 24 hours a day. Purchases can also be made in person at tax collector’s offices or license agent locations. Visit MyFWC.com/License for more information on handling fees. All license and permit sales are final.

License and permit exemptions
Exemptions from hunting license and permit (including Florida waterfowl, migratory bird, deer, turkey, management area, and archery, crossbow and muzzleloading gun season) requirements are:
- Persons hunting in their county of residence on their homestead or homestead of their spouse or minor child; or minor child hunting on the homestead of their parents.
- Florida residents age 65 or older possessing proof of age and residency (a valid Florida Driver License or Florida ID Card meets this requirement) or a Florida Resident 65+ Hunting and Fishing License. Also exempt from furbearer trapping license. Residents age 65 or older may obtain these complimentary hunting and fishing licenses at county tax collectors’ offices and at GoOutdoorsFlorida.com.
- Florida residents possessing a Florida Resident Persons with Disabilities Hunting and Fishing License. Information for this license is available at MyFWC.com/ADA, and applications can be submitted at GoOutdoorsFlorida.com.
- Florida residents in the U.S. Armed Services not stationed in Florida, while home on leave with orders for 30 days or less.
- Children under age 16 (also exempt from federal duck stamps).

### Lifetime Licenses

Lifetime Licenses are available to Florida residents only but remain valid even if you move out of state. Funds generated from sales of these licenses are invested in an endowment to support long-term conservation of Florida’s fish and wildlife resources. Lifetime license holders may be exempt from any licenses or permits that are created in the future, or be exempt from the permit fees.

Hunter safety requirement

Anyone born on or after June 1, 1975 must complete a hunter safety course before purchasing a hunting license enabling them to hunt without supervision. Children under age 16 may hunt with adult supervision without having to take a hunter safety course. Persons 16 and older who have not completed a hunter safety course can request a deferral from the hunter safety certification requirement when purchasing their hunting license. This enables them to purchase a license and hunt within the supervision of a mentoring adult who is at least 21 years old. Persons needing proof of course completion can print a duplicate certification card at MyFWC.com/HunterSafety.

Hunter safety course

Everyone born on or after June 1, 1975 must pass an approved hunter safety course before purchasing a Florida hunting license that enables you to hunt without adult supervision. To learn more about these and other programs, visit us at MyFWC.com/HunterSafety.

Hunter safety deferral

Anyone 16 years old or older and born after May 31, 1975 can purchase a hunting license and hunt under the supervision of a qualified hunter without having to complete the state’s hunter safety certification. When purchasing your hunting license, check the box requesting a deferral from the hunter safety certification requirement. Hunters requesting this deferral need to be supervised by an adult, 21 years old or older, who has a valid hunting license and has met the hunter safety requirement.

New and experienced hunters are encouraged to take a hunter safety course to learn more about conservation and safe, responsible hunting. In addition, successfully completing a hunter safety course is required before anyone 16 years old and older is allowed to hunt without being under the supervision of an adult 21 years old or older.

Minors Under 16 — Florida law

Anyone under 16 years of age can hunt with an air gun (air or gas-operated) or firearm only when supervised by a parent or an adult who is acting with consent of the minor’s parent or guardian.

See Section 790.22, Florida Statues for additional info.

Legal methods of taking game mammals and resident game birds

Definition of take

The term shall include taking, attempting to take, pursuing, hunting, molesting, capturing, or killing any wildlife or freshwater fish, or their nests or eggs by any means whether or not such actions result in obtaining possession of such wildlife or freshwater fish or their nests or eggs.

Resident game birds and game mammals

Rifles, shotguns, pistols, air guns, longbows, compound bows, recurve bows, crossbows and birds of prey (falcons, hawks and great horned owls) may be used. Longbows, compound bows, recurve bows must have minimum draw...
weights of 35 pounds. Hand-held releases may be used. Arrows or bolts used to take deer or turkeys must be equipped with broadheads having at least two sharpened edges with minimum widths of 7/8 inch. Only pre-charged pneumatic (PCP) air guns firing single bullets or bolts/arrows of at least .30-caliber and at least .20-caliber may be used to take deer and turkey, respectively. PCP air guns are commercially-manufactured air guns that are charged from an external high compression source, such as an air compressor, air tank or external hand pump and are specifically designed to propel a bolt, arrow or other projectile commonly used for hunting.

**Hunting deer with a muzzleloader**

Muzzleloading guns firing single bullets must be at least .30-caliber or larger. Muzzleloading guns firing two or more balls must be 20-gauge or larger.

### Prohibited methods and equipment for taking game mammals and resident game birds

- This document doesn’t address or advise persons as to local ordinances prohibiting the discharge of firearms or as to the validity of such ordinances.

- Centerfire semi-automatic rifles having magazine capacities of more than five rounds
- Nonexpanding full metal case (military ball) ammunition for taking deer
- Firearms using rimfire cartridges for taking deer
- Fully automatic firearms
- Air guns that are not pre-charged pneumatic (PCP) air guns when taking deer or turkey
- PCP air guns firing single bullets that are less than .30-caliber and less than .20-caliber when taking deer and turkey, respectively
- Explosive or drug-injecting arrows
- Taking or attempting to take with live decoys, recorded game calls or sounds, set guns, artificial lights, nets, traps, snares, drugs or poisons
- Shooting from vehicles, powerboats or sailboats moving under power. Motors must be shut off or sails furled, and progress must cease from such motor or sail before taking game.
- Herding or driving game with vehicles, boats or aircraft (including drones)
- Hunting turkeys with dogs
- Taking turkeys while they are on the roost
- Taking turkeys when the hunter is within 100 yards of a game-feeding station when feed is present
- Taking spotted fawn deer or swimming deer
- Hunting game using bows with draw weights less than 35 pounds
- Using dogs without collars that identify the owners name and address
- Using dogs on private lands without written landowner permission (see Statewide registration on page 16)
- Placing, exposing or distributing soporific, anesthetic, tranquilizer, hypnotic or similar drugs or chemicals; preparation by baits; or by other means where game birds or game animals may be affected
- Shooting or attempting to shoot or harass any bird, fish or other animal from aircraft (including drones), except as specifically authorized by a Federal or State issued license or permit

**Areas closed to hunting**

- Taking or attempting to take wildlife is illegal on, upon or from rights-of-way of federal, state or county-maintained roads, whether paved or otherwise, except reptiles and amphibians may be taken without the use of firearms and raptors may be taken per Rule 68A-9.005, F.A.C. Casting dogs from rights-of-way is considered attempting to take wildlife and constitutes violation of this regulation.

**Trespassing**

The possession of a hunting license does not authorize a person to trespass onto private land. Obtain landowner’s permission before entering private land. Trespassing while possessing a firearm or other dangerous weapon is a felony punishable by imprisonment up to five years and/or a fine of up to $5,000.

**Florida’s CWD Watch**

866-CWD-WATCH (293-9282)

Chronic wasting disease (CWD) is a contagious disease of the brain and central nervous system that causes deer to die. CWD has not been detected in Florida. You can help guard against CWD by reporting sick or abnormally thin deer or deer dead of unknown causes to the CWD hotline at 866-CWD-WATCH (866-293-9282).

Learn more at MyFWC.com/CWD.

**Wildlife Alert Reward Program**

You can play an important role in conserving our fish and wildlife resources and maintaining public safety. Report hunting, fishing or boating violations to the FWC by calling 888-404-3922 (*FWC/#FWC by cell phone) or at MyFWC.com/WildlifeAlert.

The Wildlife Alert program provides financial rewards to concerned citizens when their information leads to citations or arrests for violations related to hunting, fishing or boating in Florida.

Callers reporting violations can remain anonymous while providing valuable information such as: personal/vehicle/ vessel descriptions, tag or registration numbers and specific locations.

**Use of firearms by felons**

It is illegal in Florida for convicted felons to possess firearms, including muzzleloading guns, unless the convicted felon has had his/her civil rights restored by the state’s Clemency Board or the firearm qualifies as an antique firearm under Florida Statute 790.001(1). Properly licensed convicted felons may hunt with bows, crossbows or antique firearms per Florida Statute 790 during hunting seasons when such devices are legal for taking game. The 2015 Florida Statutes Title XLVI, Section, 790.001(1) states "Antique firearm means any firearm manufactured in or before 1918 (including any matchlock, flintlock, percussion cap or similar early type of ignition system) or replica thereof, whether actually manufactured before or after the year 1918, and also any firearm using fixed ammunition manufactured in or before 1918, for which ammunition is no longer manufactured in the United States and is not readily available in the ordinary channels of commercial trade." Convicted felons should be aware that being in a location where a firearm is present may constitute constructive possession of that firearm. Constructive possession occurs when the person knows about the firearm and is in a position to exert control over that firearm or where they have concealed the firearm. Possession may also be joint, that is, two or more persons may jointly possess a firearm, exercising control over it, each person is considered to be in possession.

**Antlerless Deer Permit Program**

Persons who own, lease or otherwise have written permission to take deer on properties of at least 640 contiguous acres, or not less than 150 contiguous acres if adjoining land with a current permit, may apply for antlerless deer permits and tags to authorize the harvest of a specific number of antlerless deer on the enrolled property during the established deer hunting season. A group with adjoining lands may apply together, provided the total combined acreage meets the acreage requirements. For more information, visit MyFWC.com/Deer.

**Wild hogs**

On private property with landowner permission, wild hogs may be hunted year-round day or night without restriction (i.e., by all lawful methods with no bag/possession limits, no size limits and no licenses/permits required). They also may be trapped but cannot be transported alive without a Feral Swine Dealer Permit from the Florida Department of Agriculture and Consumer Services by calling 850-410-0900. Wild hogs can only be taken on WMAs during specified seasons, where permit, method of take and bag limit requirements may apply. For more information on hunting wild hogs on WMAs, consult the specific WMA brochure for the area you want to hunt.
Florida Wild Turkey Registry

The Florida Wild Turkey Registry recognizes quality wild turkeys taken in Florida.

• To qualify for an “Outstanding Gobbler Certificate,” the beard must be 11 inches or longer and both spurs must be 1¼ inches or longer.
• A “First Gobbler Certificate” also is awarded to hunters under age 16 for harvesting their first gobbler, regardless of beard and spur measurements.

Applications are available at MyFWC.com/Turkey.

Florida Buck Registry

The Florida Buck Registry recognizes hunters for taking quality deer in Florida. A minimum Boone and Crockett score of 100 for typical antlers and 125 for nontypical antlers is required for entry into the registry. To get your antlers officially scored, contact an FWC regional office (see page 5).

Shooting hours for resident game birds, crows and game mammals

One-half hour before sunrise to one-half hour after sunset except when hunting turkeys during spring turkey season. Shooting hours during spring turkey season on private lands and most WMAs are one-half hour before sunrise to sunset. On some WMAs, spring turkey shooting hours are one-half hour before sunrise to 1 p.m.

**General Information**

**Hunter orange requirement**

It is unlawful to hunt deer or to accompany another person hunting deer on public lands unless each person is wearing a minimum of 500 square inches of daylight fluorescent orange material as an outer garment. Such clothing must be worn above the waistline and can include a head covering. This rule does not apply during an archery-only season, or when hunting on private lands at any time.

**Hunting dogs**

Dogs may be used as an aid in taking game mammals and birds, wild hogs and furbearers, unless otherwise prohibited. Persons owning or using dogs shall not knowingly or negligently permit such dogs to trail, pursue or otherwise molest wildlife during closed seasons. When using archery equipment and muzzleloaders during their respective archery, crossbow and muzzleloading gun seasons, the taking of deer by the use or aid of dogs is prohibited. Dogs on leases may be used to trail wounded game mammals during all seasons. Taking turkeys by aid of dogs at any time is prohibited. Hunters, who use dogs for hunting, including bird dogs or retrievers, are required to have their dogs wear collars that identify their owner’s name and address. This regulation also requires dog hunters to possess landowners’ written permission before using their dogs to pursue game, wild hogs or furbearers on private property. On private land rabbit, raccoon, opossum, skunk, nutria, beaver, coyote, wild hog, fox and bobcat may be chased throughout the year with free running dogs. For more information, contact an FWC regional office (see page 5).

**Deer dogs:** Deer dogs can be trained during closed seasons when dogs are constantly attached to leashes or ropes in the hands of their trainers for training purposes. Deer dogs are permitted to run free for training purposes only during deer-dog training seasons (see page 19). Taking deer or any other wildlife with a gun is prohibited while training deer dogs.

**Statewide deer-dog registration:** Deer hunters using dogs on private properties in Florida must obtain a no-cost registration from the FWC. Registration requirements apply to the deer-dog training season and during any open deer hunting season when it is legal to take deer with dogs. Applications must be submitted no later than 30 days prior to the final day of general gun season in the hunting zone where the property is situated. To comply with the registration rule, deer-dog hunters on private lands must have registration numbers on their dogs’ collars; possess copies of the registration; and keep their dogs on registered properties. For more information and to apply go to MyFWC.com/Deer.

**Bird dogs:** On private lands during closed seasons, bird dogs may be trained with pistols firing blanks or balls or by taking pen-raised quail (with shotguns only), when birds have been banded with owners’ names prior to releasing them.

**Fox dogs:** Foxes cannot be killed, but may be chased year-round with dogs (see Furbearer regulations on page 28).

**Feeding game**

Taking game on lands or waters upon which corn, wheat, grain, food or other substances have been deposited by means other than normal agricultural harvesting or planting is prohibited, except as noted below.

- Non-migratory game may be hunted in proximity of year-round game-feeding stations on private lands, provided the feeding station has been maintained with feed for at least six months prior to taking game.
- Wild turkey may not be taken if the hunter is less than 100 yards from a game feeding station when feed is present.
- Placing, offering or allowing the placement of feed or garbage that is likely to create or creates a public nuisance by attracting bears is prohibited after receiving written notification from the FWC. The intentional feeding of bears is prohibited.

**Buying or selling game**

Selling or purchasing game is prohibited except for game produced on licensed game farms that is lawfully identified and handled. When lawfully taken, the feathers or skins of resident game birds or the skins of deer, squirrels, or rabbits may be sold.

**Deer harvest reporting requirement**

After harvesting a deer and prior to moving it from the point of harvest, all hunters must record the harvest in their harvest log and report it to the FWC’s harvest reporting system within 24 hours of harvest and prior to final processing of the deer, any parts of it being transferred to a meat processor or taxidermist, or the deer leaving the state. Hunters can obtain printable harvest logs and get more information on harvest reporting at MyFWC.com/HarvestReport. Harvest may be reported online at GoOutdoorsFlorida.com or through the FishHunt FL mobile app. Hunters can also choose to report harvest by calling 888-HUNT-FLORIDA (486-8356) anytime day or night. Reporting is not complete until a confirmation number is given and recorded. An FWC Customer ID number is needed when reporting deer harvest and can be found by logging into a customer account or creating a new account at GoOutdoorsFlorida.com.

**Sex evidence**

Positive evidence of sex identification, including the head with any antler or antlers, shall remain on deer taken or killed within the state and on all turkeys taken during any gobbler season when taking of turkey hens is prohibited, so long as such deer or turkey is kept in the field or camp or is in route to the domicile of its possessor or until such deer or turkey has been cooked or stored at the domicile of its possessor.

**Transport of game**

- A person may transport the possession limit of lawfully taken game.
- A person may at any time possess mounted specimens of lawfully taken game, including the heads, antlers, hides/skins, feathers or feet.
- Lawfully taken game may be shipped by the person who took such game provided that each package shall be marked on the outside to show the names and addresses of both the shipper and the addressee, and the numbers and kinds of game contained therein.

**What is legal to bring back when hunting out of state for deer, elk, moose or caribou**

It is illegal to bring into Florida or possess whole carcasses or certain carcass parts of any species of the family Cervidae (deer, elk, moose, caribou) originating from anywhere outside of Florida, with limited exceptions. Visit MyFWC.com/Deer for more information, details and to follow updates on these requirements. Visit MyFWC.com/CWD for more information on chronic wasting disease.

**Motor vehicles**

All-terrain vehicles (ATVs) and off-highway motor vehicles (OHMs) purchased after July 1, 2002 must be titled with the Department of Highway Safety and Motor Vehicles. ATVs and OHMs must be titled when used for recreational purposes on lands within the state that are available for public use and that are owned, operated or managed by federal, state, county or municipal governmental entities. Applications for title may be made at county tax collectors’ offices.

Must have migratory bird permit (no cost) as well as hunting license to hunt all above listed species, except crow.

**Shooting hours:** One-half hour before sunrise until sunset, unless otherwise noted

Taking or attempting to take harlequin ducks, brant and purple gallinule is prohibited.

**W** Must have $5 Florida waterfowl permit and $27.50 Federal duck stamp in addition to hunting license and migratory bird permit when hunting waterfowl.

* Shooting hours is one-half hour before sunrise until one-half hour after sunset. No hunting license or permit is required.

** Only youth 15-years-old and younger are allowed to hunt ducks, light geese, Canada geese, mergansers, coots and common gallinules (moorhens), while supervised by a non-hunting adult 18-years-old or older. Bag and possession limits for each species are listed in the above table.

*** Only veterans or members of the Armed Forces on active duty, including members of the National Guard and Reserves are allowed to hunt ducks, light geese, Canada geese, mergansers, coots and common gallinules (moorhens). Bag and possession limits for each species are listed in the above table.

**Limited hunting days:**

In Leon County and on Lake Miccosukee, waterfowl hunting is permitted only on Wednesdays, Saturdays and Sundays during the Regular Duck Season (Nov. 21 – 29 and Dec. 12 – Jan. 31) and on Nov. 26 and 27, Dec. 25, and Jan. 1 and 18. However, Lake Talquin and the Ochlockonee River are open to hunting every day during the Regular Duck Season. During open seasons, hunting ducks, geese and coots is permitted only on Wednesdays, Saturdays and Sundays in the state waters of the Gulf of Mexico in Hernando County north of Raccoon Point and east of Saddle Key as designated by posted signs.

Special regulations for Leon County and Lake Miccosukee:

**Boat motor restrictions** - During Regular Duck Season (Nov. 21 – 29 and Dec. 12 – Jan. 31), the use of internal combustion engines is prohibited on Lake Iamonia (except as authorized by permit from the Executive Director) and Carr Lake. The use of internal combustion engines of more than 10 horsepower on Lake Miccosukee is also prohibited during these dates. However, internal combustion motors and airboats may be used on these lakes during the September Duck Season and during the Youth and Veteran’s/ Military waterfowl days.

**Duck blinds** - It is illegal to hunt from or within 30 yards of a permanent duck blind on Lake Miccosukee, and lakes Iamonia, Jackson and Carr. The use of temporary duck blinds, including those made with vegetation, that are removed at the end of each hunt is allowed.
2020–2021 Migratory bird hunting regulations

**Daily bag limit:** The maximum number of migratory game birds of a single species or combination (aggregate) of species permitted to be taken by one person in any one day during the open season in any one specified geographic area for which a daily bag limit is prescribed.

**Possession limit:** The maximum number of migratory game birds of a single species or a combination of species permitted to be possessed by any one person when lawfully taken in the United States in any one specified geographic area for which a possession limit is prescribed.

**Dressing:** No person shall completely field dress any migratory game birds (except doves) and transport them from the field. The head or one fully feathered wing must remain attached to all such birds while being transported from the field to one’s home or processing facility.

**Personal abode:** One’s principal or ordinary home or dwelling place, as distinguished from one’s temporary or transient place of abode or dwelling such as a hunting club, or any club house, cabin, tent or trailer house used as a hunting club, or any hotel, motel or rooming house used during a hunting, pleasure or business trip.

**Tagging requirement:** No person shall put or leave any migratory game birds at any place (other than at a personal abode), or in the custody of another person for picking, cleaning, processing, shipping, transportation, or storage (including temporary storage), or for the purpose of having taxidermy services performed, unless such birds have a tag attached, signed by the hunter, stating his or her address, the total number and species of birds, and the date such birds were harvested. Migratory game birds being transported in any vehicle as the personal baggage of the possessor shall not be considered as being in storage or temporary storage.

**Custody of birds of another:** No person shall receive or have in custody any migratory game birds belonging to another person unless such birds are properly tagged.

**Transportation of birds of another:** No person shall transport migratory game birds belonging to another person unless such birds are properly tagged.

**Wanton waste of migratory game birds:** No person shall kill or cripple any migratory game bird without making a reasonable effort to retrieve the bird, and retain it in his or her actual custody, at the place where taken or between that place and either (a) an automobile or principal means of land transportation; or (b) a personal abode or temporary or transient place of lodging; or (c) a migratory bird preservation facility; or (d) a post office; or (e) a common carrier facility.
Unlawful means and methods
No persons shall take migratory game birds:
- With a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than 10 gauge, punt gun, battery gun, machine gun, fish hook, poison, drug, explosive, or stupefying substance
- With a shotgun of any description capable of holding more than three shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three shells
- From or by means, aid, or use of a sinkbox or any other type of low floating device, having a depression affording the hunter a means of concealment beneath the surface of the water
- From or by means, aid, or use of any motor vehicle, motor-driven land conveyance, or aircraft of any kind, except that paraplegics and persons missing one or both legs may take from any stationary motor vehicle or stationary motor-driven land conveyance
- From or by means of any motorboat or other craft having a motor attached, or any sailboat, unless the motor has been completely shut off and/or the sails furled, and its progress there from has ceased
- By the use or use of live birds as decoys; although not limited to, it shall be a violation of this paragraph for any person to take migratory waterfowl on an area where tame or captive live ducks or geese are present unless such birds are and have been for a period of 10 consecutive days prior to such taking, confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such birds from the sight of wild migratory waterfowl
- By the use or aid of recorded or electrically amplified bird calls or sounds, or recorded or electrically amplified imitations of bird calls or sounds. This restriction does not apply during dates States have selected under the Conservation Order for light geese (i.e. greater and lesser snow and Ross’s geese) or those selected for the control of resident Canada geese. Taking or attempting to take any game species in Florida with recorded game calls or sounds is prohibited (68A-12.002).
- By means or aid of any motor driven land, water, or air conveyance, or any sailboat used for the purpose of or resulting in the concentrating, driving, rallying, or stirring up of any migratory bird
- By the aid of baiting, or on or over any baited area, where a person knows or reasonably should know that the area is or has been baited

Nontoxic shot
No person may take ducks, geese or coots while possessing shot (either shellshots or as loose shot for muzzleloading) other than approved non-toxic shot. For a list of approved non-toxic shot, see www.fws.gov/birds/bird-enthusiasts/hunting/nontoxic.php.

**Furbearer regulations**

- Bobcat and otter may be trapped statewide Dec. 1 – March 1. No bag limits.
- Raccoon, opossum, coyote, beaver, skunk and nutria may be trapped statewide year round. No bag limits.
- Minks, Everglades minks, weasels and round-tailed muskrats cannot be taken or possessed.

**License requirements**

A furbearer trapping license ($26.50) is required:

- When taking or attempting to take furbearing animals using traps or snares.
- To sell the pelts or meat of furbearing animals to licensed fur dealers, whether taken by trap, snare or gun.

**Methods of take**

Furbearers may be taken with guns (including air guns), live traps, snares (including power snares) and recorded game calls. Live traps and snares must be checked every 24 hours. Hunting raccoons or opossums at night is allowed, but only .22-caliber rimfire firearms (other than .22-magnums) or single-shot .410-gauge shotguns (using shot not larger than size 6) may be used.

**Prohibited**

The use of steel leg-hold traps, dog-proof raccoon traps and body-grip (conibear) traps is prohibited, except when permitted by FWC. It is illegal to transport wild-trapped live raccoons within, into or from the state, except by FWC permit or authorization. Hunting raccoons or opossums by displaying or using lights from moving vehicles, vessels or animals is prohibited.

**Feeding**

The intentional placement of feed or garbage in a manner that is likely to create or creates a public nuisance by attracting foxes, coyotes or raccoons is prohibited.

**Closed season on fox**

Trapping or shooting foxes is prohibited, but foxes may be chased with dogs year round.

**Commercial furbearer requirements**

One must possess a fur dealer’s license ($100.00) to buy or sell meat or fur from furbearing mammals for commercial purposes, or to solicit business by mail or advertising.

**CITES tag requirements**

Bobcat and otter pelts taken for commercial purposes must be tagged with a CITES tag. Licensed fur dealers and their agents must tag otter and bobcat pelts immediately upon receipt. CITES tags are also required when transporting pelts of bobcat or otter across state lines. The possession of pelts of bobcat and otter is prohibited during the period of April 1 to Nov. 30 unless pelts have been tagged. Tags are distributed to trappers and dealers upon request. To obtain CITES tags, call FWC at 850-488-5878. Fur dealers are held accountable for disposition of tags and are required to return unused tags by April 15.

* Falconers may also hunt during the established seasons for each species. Daily bag and possession limits of three and nine, respectively, apply while hunting migratory game birds with falcons.

** The falconry daily bag limit is three migratory game birds singly or in the aggregate.

For more information on falconry regulations, contact the FWC’s Waterfowl and Small Game Program at 850-488-5878.
General prohibitions
No wildlife or their nests, eggs, young, homes or dens shall be taken, transported, stored, served, bought, sold or possessed in any manner at any time, except as specifically permitted by Title 68A, F.A.C. No one shall take, poison, store, buy, sell, possess or wantonly or willfully waste wildlife, unless specifically permitted or authorized to do so.

- The use of gasoline or any other chemical or gaseous substances to drive wildlife from their retreats is prohibited.
- It is prohibited to take or assist in taking wildlife by the remote control aiming and discharge of a gun when that person is not physically present with that gun.

Birds
State and federal laws protect birds. Birds (or their parts, nests or eggs) may not be taken, possessed, imported, exported, transported, sold, purchased, bartered, or offered for sale, purchase or barter, except as permitted by State and Federal regulations. See title 68A, F.A.C. at www.flrules.org and 50 C.F.R at ecfr.gov for more information.

Non-protected birds and mammals
House (English) sparrows, European starlings, armadillos, Norway and black rats, and house mice may be taken throughout the year. See Rule 68A-4.001 at www.flrules.org for more information.

Amphibians (e.g., frogs, toads, salamanders, newts, and mudpuppies)

- Wilderness survival
- Archery
- Outdoor cooking
- Target shooting
- Fishing
- Boating
- Hunting
- Canoeing/kayaking
- Nature photography
- And more!

Visit MyFWC.com/BOW for more information.
Wildlife management area permit requirements

- To hunt on wildlife management areas (WMAs), you must possess a management area permit and a hunting license, unless exempt (see License and permit exemptions on page 12). A management area permit is not required to hunt on Eglin, Avon Park and Tyndall military bases, Apalachicola River Wildlife and Environmental Area and Kissimmee River Public Use Area and Kissimmee Chain of Lakes Area.
- Limited entry/quota permits are required on WMAs during certain time periods (see Limited entry/quota permits on this same page).
- Permits for ADA accommodations are available under certain conditions for some WMAs. Visit MyFWC.com/ADA for more information.

Wildlife management area regulation changes

- Hunters should obtain WMA brochures for the area in which they intend to hunt. The latest rule changes are noted by bold print in these brochures. WMA brochures are available only at MyFWC.com/WMAbrochures.

Public small-game hunting areas

These small-game public hunting areas offer the opportunity to hunt wild hogs, doves, waterfowl and small game. WMA brochures are available only at MyFWC.com/WMAbrochures.

Hunting Florida’s national wildlife refuges (NWR)

Eight national wildlife refuges in Florida are open to public hunting. These refuges are operated by the U.S. Fish and Wildlife Service. Hunting permits for some of these areas are issued by the FWC (see National Wildlife Refuge hunts on this same page).
- Chassahowitzka NWR, 1502 Southeast Kings Bay Dr., Crystal River, FL 34429; 352-563-2088.
- Ten Thousand Islands NWR, 12085 State Road 29 South, Immokalee FL 34142; 239-657-8001.
- A.R.M. Loxahatchee NWR, 10216 Lee Road, Boynton Beach, FL 33437; 561-732-3684. Waterfowl only.
- Lower Suwannee NWR, 16450 NW 31st Place, Chiefland, FL 32626; 352-493-0238.

- St. Vincent NWR, 3100 County Road 30A, Apalachicola, FL 32329; 850-659-8808.

Limited entry/quota permits

Reference individual WMA brochures to determine if or when a limited entry permit is required. Applications for limited entry/quota permits can be submitted at GoOutdoorsFlorida.com or by completing a worksheet and having a license agent submit it for you. You may find information and worksheets at MyFWC.com/License under “Limited Entry/Quota Hunts” for a complete list of details for each of these quota permit types:
- Archery
- Dove
- General gun
- Family hunt
- Mobility impaired hunt
- Muzzleloading gun
- Quail hunt
- Spring turkey
- Track vehicle
- Wild hog
- Youth hunt
- Youth spring turkey

* Guest permits are available for these permit type. For more specific information and worksheets, go to MyFWC.com/License under “Limited Entry/Quota Hunts.”

Recreational use permits

Recreational use permits are designed to provide revenue to private landowners in the Wildlife Management Area (WMA) System. These permits include a management area permit that may be used when hunting other public lands not in the recreational use program. Recreational use permits are only valid on the area designated on the permit and may not be used on other recreational use program areas.

The three recreational use areas and their annual permit fees are:

- **Flint Rock WMA**
  - Jefferson and Wakulla counties
  - $206

- **Grove Park WMA**
  - Alachua County
  - $595

- **Gulf Hammock WMA**
  - Levy County
  - $417
Waterfowl and snipe hunt permits

Waterfowl permits are available for early and regular seasons on the following areas:

- T.M. Goodwin and Broadmoor Marsh Unit
- Ocklawaha Prairie
- Guana River
- Stormwater Treatment Areas (STAs)
- A-1 Flow Equalization Basin (A-1 FEB)

Youth waterfowl permits are available on STAs.

Snipe permits also are available at Goodwin/Broadmoor Marsh and Ocklawaha Prairie.

Merritt Island NWR offers waterfowl permits for regular season hunts for $27.50.

Antlerless deer permits – wildlife management areas (WMAs)

Antlerless deer permits are available in limited numbers on special-opportunity hunts and firearms hunts on some WMAs. These permits are transferable and mailed in September. To be eligible for antlerless deer permits:

- Check “Yes” to the antlerless deer question on your phase I quota permit application.
- If awarded a quota permit during the phase I random drawing for an area that allows antlerless deer permits, you will be included in an additional drawing for antlerless deer permits.
- Special-opportunity and recreational use permit holders will automatically be included in the antlerless deer permit drawing (if permits are available for that area).

Special-opportunity permits

The FWC has a number of special-opportunity hunts for sportmen. These provide excellent chances to bag turkeys and quality deer. Hunters can submit as many applications as they want but a $5 nonrefundable application fee must be submitted with each separate application. The cost of the permits ranges from $50 to $175. For more information, visit MyFWC.com/License and see details under “Limited Entry/Quota Hunts.”

Limited entry/quota permits – application periods

Application periods for Florida’s many limited entry/quota permit opportunities are available throughout the year. For up-to-date details, visit MyFWC.com/License and see information under “Limited Entry/Quota Hunts.”
Youth and family hunting opportunities

The FWC offers several opportunities for adults to take youths (age 15 and under) hunting:

• The FWC offers two deer/hog hunts at Camp Blanding WMA and two deer/hog hunts at Andrews WMA. During these hunts, permitted youths and their nonhunting supervisors are the only persons allowed on the area.

• A youth waterfowl day is held Saturday, Nov. 14, a week before the start of the regular waterfowl season, and another is held on Saturday, Feb. 13, two weeks after the season ends. Only those 15 years old and under are allowed to hunt while supervised by an adult, 18 years or older.

• Youth waterfowl hunts are held on Ocklawaha Prairie, Guana River, the stormwater treatment areas, A-1 FEB Impoundment and on T.M. Goodwin and Broadmoor Marsh Unit.

• Youth small-game hunts are held at Caravelle Ranch, Ross Prairie and Jennings Forest WMAs. Quota permits are not required for these hunts. Additional information is provided in the specific WMA brochures.

• Family hunts are offered on many WMAs. These hunts provide opportunities for a permitted supervisor to hunt with up to two youths.

• Youth spring turkey hunts are held on many WMAs the weekend before the spring turkey season begins. Only those 15 years old and under are allowed to harvest a turkey while supervised by an adult, 18 years or older.

• New information for beginning hunters can be found at MyFWC.com/NewHunter.
The alligator hunting season runs Aug. 15 – Nov. 1 each year. Over 7,000 alligator harvest permits are available this season. Each permit allows the harvest of two alligators.

Random drawings are held to distribute all available alligator harvest permits. Visit MyFWC.com/Alligator for details on how to apply. Applications may be submitted at any county tax collector’s office, license agent (retail outlet that sells hunting and fishing licenses) or online at GoOutdoorsFlorida.com. There is no cost to apply, but credit card information must be submitted with each application, as applicants will be charged automatically if successful in the drawing. Those awarded a permit will be charged for an alligator trapping license and hide validation tags totaling $272 for residents and $1,022 for nonresidents. The cost for those with a Florida Resident Persons with Disabilities Hunting and Fishing License is $22. The fee for additional alligator harvest permits, if available, is $62 regardless of residency or disability.

All persons seeking a harvest permit must be at least 18 years of age by Aug. 15, 2020. Exemptions for senior citizens do not apply to alligator trapping licenses. All sales are final; no refunds will be provided for any reason. Alligator harvest permits are not transferable. No other hunting licenses or FWC-issued permits are required. Permits and tags will be mailed within six weeks of drawing results and charges.

An alligator trapping agent license also is available for $52 and allows a person to assist a permitted trapper with taking alligators. Those with a Florida Resident Persons with Disabilities Hunting and Fishing License are exempt from paying the fee but still need the license to hunt alligators. An alligator trapping agent license is not required for youth under 16 years of age. Exemptions for senior citizens do not apply to alligator trapping agent licenses.
