As Georgians, we are privileged to live in a state where the natural resources are plentiful and awe-inspiring. Every year, I have the pleasure of connecting with the sportsmen and sportswomen of Georgia through this publication and it goes without saying that the 2020 hunting season was unprecedented. Despite the uncertainties last year brought, we still saw a tremendous increase in Georgians taking advantage of the state’s natural resources. You escaped to the outdoors for safe distancing and adventure, and many of you gave hunting a shot for the very first time. Wherever you are in your journey, we are glad to have you and thankful for your contribution to conservation.

As a lifelong hunter and outdoorsman, I believe it is key to share the values of our natural resources with our families. This past year, I have been fortunate to spend precious time with my own family outdoors. I am “Pop Pop” to four grandbabies and I look forward to showing them the importance of hunting, fishing and conservation as they grow. As the Commissioner of the Department of Natural Resources, it is also an honor and blessing to be in a position that allows me to connect with so many of you who share that same passion.

Each time you purchase sporting goods or hunting licenses, you directly contribute to the planting of food plots, renovations at wildlife management areas, educational facilities and programs, shooting ranges and wildlife law enforcement. 100% of your license dollars secure federal funding for the state of Georgia and annually, we can accomplish more because of you.

The DNR family works tirelessly toward the mission of enhancing wildlife conservation and associated hunting opportunities. While hunting is great for sport, it is equally important to understand that conservation plays a crucial role in guaranteeing healthy wildlife populations for future generations. Hunting is also a great way to put good and nutritious food on the table. Whether gathered around a table or sitting in a tree stand, there is an opportunity for everyone to enjoy nature.

The family and network that sportsmen and sportswomen have built here is extraordinary. You have shown great commitment and flexibility in embracing and using the new Game Check reporting program, resulting in record participation for 2020-2021! I also want to thank you for your involvement and attention given to the issue of Georgia’s declining turkey population. The voices of thousands of Georgia hunters were heard as DNR diligently considered new actions to address this issue.

Hunting has instilled irreplaceable values in me and a passion for the outdoors. It is our responsibility to contribute to this legacy and I hope it becomes a tradition you pass down to your family and friends for generations to come. In the year ahead, I challenge you to introduce someone new to hunting and encourage you to get your families involved in enjoying everything that the great outdoors has to offer.

**YOUR DOLLARS MAKE A DIFFERENCE!**

The Wildlife Restoration Program creates a direct link among hunters, industries and resources needed to expand and enhance opportunities for hunting and fishing.

**How it Works**

2. Manufacturers pay federal excise tax on guns & ammunition.
3. Revenue from these excise taxes is distributed to state wildlife agencies.
4. State wildlife agencies use these funds to purchase land for wildlife habitat, manage wildlife populations, and create & operate shooting ranges.
5. In turn, millions of acres of important habitat have been secured and actively managed to help ensure future wildlife abundance.

1. 100% of your purchase is going to fund wildlife conservation in Georgia.
2. Your license purchase is an investment bringing $50 back to Georgia wildlife in federal dollars.
3. You’ll join a group of people that have funded conservation for the past 100 years.
4. It’s a great value - A $15 annual hunting or fishing license allows you to hunt or fish for 4 cents a day.
5. It lets you do more than just hunt or fish - every hunting or fishing license also gives you access to all of Georgia’s Wildlife Management Areas (WMA), Public Fishing Areas (PFAs) and WRD shooting ranges.
HUNTING LICENSES

RESIDENCY
RESIDENT means any person who has been domiciled within the State of Georgia (declared Georgia their only state of legal residence) for a period of at least three months. A valid Georgia driver’s license or Georgia ID is required to show residency. Nonresident full time Georgia college students with a valid college ID living in Georgia, and active duty military personnel with a valid U.S. DOD Common Access Card with Uniformed Services affiliation and the dependents of such military personnel may obtain resident hunting and fishing licenses other than resident lifetime, disability and honorary licenses. Nonresident landowners must purchase a nonresident license.

HUNTER EDUCATION
All hunters born on or after Jan. 1, 1961 must successfully complete a hunter education course before purchasing a hunting license. All hunter education courses certified or mandated by any state wildlife agency or Canadian province are accepted. Residents may sign up for online or classroom courses at GoHuntGeorgia.com or by calling 1-800-366-2661.

LICENSE REQUIREMENTS
Reliable identification and a Social Security Number (SSN) are required to purchase a license (OCCA § 19-11-91). Game Wardens may require positive identification when checking licenses. All required hunting licenses and stamps must be in possession while hunting or while assisting another hunter (electronic copies are acceptable). It is unlawful to obtain, possess, or use multiple licenses for the purpose of circumventing season bag limits.

HUNTER education is not required to purchase an Apprentice Hunting License or short-term license. Persons purchasing a Lifetime License must have hunter education before hunting, unless exempt by age or supervision. Hunter education is not required to hunt on one’s own land or land of a parent or guardian (blood or dependent relationship) residing in the same household, or to hunt pen raised game birds on licensed shooting preserves that provide specified hunter education instruction (see Shooting Preserve License page 12).

To obtain a replacement hunter education card visit GoOutdoorsGeorgia.com or call 1-800-366-2661 Monday–Friday from 8 a.m. to 6 p.m. and Saturday and Sunday 9 a.m. to 5 p.m.

AGE REQUIREMENTS
HUNTERS UNDER AGE 16 are not required to complete a hunter education course. A child under age 16 must be under “direct supervision” or “directly supervised,” which means uninterrupted, unaided visual contact and auditory communication with the child by a licensed adult. It is unlawful for an adult to permit their child or ward (under age 16) to hunt without adult supervision.

Exception: Hunters 12–15 years old may hunt unsupervised after successfully completing a hunter education course. Special restrictions may apply on WMAs and Federal Areas (see pages 46-70).

• Extended Archery Season: Barrow, Bibb, Chatham, Cherokee, Clarke, Clayton, Cobb, Columbia, Decatur, Dekalb, Douglas, Fayette, Forsyth, Fulton, Gwinnett, Hall, Henry, Muscogee, Paulding, Rockdale and Seminole Counties only; in accordance with statewide bag limits and other regulations.

• Chattahoochee NF & Oconee NF: During firearms deer season, archers must follow firearms either-sex dates on the National Forest. All Chattahoochee National Forest land east of I-75 is closed to antlerless deer hunting. Antlered bucks only.

Archery hunting is allowed during primitive weapon and firearm deer seasons. Deer of either sex may be taken, except as otherwise specified on WMAs. Hunting on the Chattahoochee & Oconee National Forests is buck-only except as otherwise specified, see pages 25 and 68-69 for details. Archery hunters must wear at least 500 square inches of daylight fluorescent orange during primitive weapons and firearms deer seasons, except in archery-only counties or WMAs.

Archers may not possess any firearms while hunting during archery deer season, unless the person possesses a valid Weapons Carry License in this state (pursuant to OCGA §§ 16-11-126(f) or 16-11-129), subject to limitations (OCGA §§ 16-11-126 and 16-11-127).

PRIMITIVE WEAPONS
Statewide, excluding archery-only counties. Scopes are legal. Air rifles of .30 cal or larger and air bows are legal. During the statewide primitive weapons deer season and WMA primitive weapons hunts, youth under 16 years of age may hunt deer with any legal deer firearm.

Primitive weapons hunters may not possess any centerfire or rimfire firearm while hunting during the primitive weapons season, unless the person possesses a valid Weapons Carry License in this state (pursuant to OCGA §§ 16-11-126(f) or 16-11-129), subject to the limitations (OCGA §§ 16-11-126 and 16-11-127).

SEASON LIMIT
10 antlerless deer and 2 antlered deer. One of the two antlered deer must have a minimum of 4 points, 1 inch or longer, on either antler or a minimum 15-inch outside antler spread to be legal. (Special county antler restrictions noted in next section).

COUNTY-WIDE ANTLER RESTRICTIONS
Dooley & Macon: antlered bucks must have a minimum outside antler spread of 15 inches to be legal.

Hancock, Harris, Meriwether, Montgomery Randolph, Talbot & Troup: antlered bucks must have a minimum of 4 points, 1-inch or longer, on either antler or a minimum 15-inch outside antler spread to be legal.

CHECKING YOUR DEER
All deer hunters are required to have a Harvest Record for the current season. Additionally, harvested deer must be reported through Georgia Game Check within 24 hours (see Georgia Game Check on page 14).

ANTLERS
Antlerless deer are those having no visible antlers above the hairline (including “button bucks”) and may only be taken during either-sex or antlerless seasons or hunts. During “buck-only” hunts or seasons, a deer must have antlers visible above the hairline to be legal for harvest.

HEAD OF DEER
It is unlawful to remove the head of a deer until the deer is processed or surrendered to a storage facility for storage or processing.
TRANSPORTING DEER HARVESTED BY ANOTHER HUNTER
Persons transporting deer harvested by another hunter must possess, in writing, the complete name, address, telephone and hunting license number of the person who harvested the deer, and the Game Check confirmation number.

COOLER LOCKERS
Whole or field-dressed deer received by a cold-storage or meat processing facility must be marked with the hunter’s name, date, county of harvest and sex of deer. Hunters must provide the Game Check confirmation number to the facility when dropping off a deer. A list of processors is available at GoHuntGeorgia.com.

LAKES, STREAMS AND PONDS
It is unlawful to take a deer by any means while it is in a lake, stream, or pond.

RIGHTS-OF-WAY/TRANSMISSION TOWERS
Hunting from a stand or platform attached to a transmission tower is trespassing and is prohibited. Written permission must be obtained from the landowner to hunt on power line, gas line, railroad, or other rights-of-way.

CHRONIC WASTING DISEASE PREVENTION
If you harvest a white-tailed deer, mule deer, elk, moose, caribou, or any other species of deer in a state having a documented case of Chronic Wasting Disease (CWD), you may bring back only the following carcass parts:
1. boned-out meat;
2. processed cuts of meat;
3. portions of meat with no part of the spinal column or head attached;
4. hides with no heads attached;
5. clean skull plates with antlers attached (not the entire skull);
6. clean antlers;
7. finished taxidermy mounts; and
8. clean upper canine teeth (aka buglers, ivories, whistlers).

To protect Georgia’s deer herd, the importation of whole carcasses or parts not listed above is prohibited from any CWD-positive state or Canadian province. As of the time of this printing that includes: Arkansas, Colorado, Illinois, Iowa, Kansas, Maryland, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Mexico, New York, North Dakota, Ohio, Oklahoma, Pennsylvania, South Dakota, Tennessee, Texas, Utah, Virginia, West Virginia, Wisconsin, Wyoming, and the Provinces of Alberta, Quebec, Saskatchewan.

CARCASS DISPOSAL
Although CWD has not been detected in Georgia, hunters can help minimize the spread of disease by following these guidelines on carcass disposal:
• Field dress deer on the property they were killed on.
• Return any unused carcass parts (bones, hide, trimmings, etc.) to the property where the deer was killed or bag them and send them to a landfill as you would handle household waste.
• Never dispose of carcass parts in a lake, stream, or river or on a road side or property other than where the deer was killed.

DEER URINE AND CWD
Hunters are strongly encouraged to only use synthetic urine products or natural urine products bearing the Responsible Hunting Scent Association’s Deer Protection Program Checkmark.

Fallow fields are an important component of a healthy and diverse ecosystem. These fields provide food and cover to many types of birds, small and large mammals, reptiles, and insects. There are many different techniques that can be used to maintain and enhance these fields for wildlife, and prescribed fire is one of them. Fire sets back succession and removes undesirable trees while promoting the growth of beneficial wildlife plants.

BAITING

Bait: corn, wheat, other grains, salts, apples, and other feed that has been placed, exposed, deposited, distributed, or scattered so as to constitute a lure, attraction, or enticement to game animals or game birds.

IT IS UNLAWFUL FOR ANY PERSON TO:
• Hunt any game animal (except as noted below) or game bird upon, over, around, or near bait.
• Hunt any area for a period of 10 days following complete removal of all bait.
• Hunt any game or feral hog over bait, or place bait, on any State or Federal managed lands.
• Place bait in a manner that will cause hunting on an adjacent property to be prohibited.

Taking of any big game, other than deer, over bait is subject to a fine of $5,000 and/or imprisonment up to 12 months.

EXCEPTIONS FOR DEER AND FERAL HOGS:
• Deer and feral hogs may be hunted over or near any bait on private lands in all counties, provided the hunter has written permission from the landowner. It is unlawful to hunt deer over bait, or place bait, on any state or federally managed lands.
• Placing bait for deer or hogs may make a property (or portion of a property) un-huntable for other species, such as turkeys. Hunters are urged to communicate with others who may hunt other species on or near an area where baiting for deer or hogs is being considered.

FALLOWS FIELDS ARE AN IMPORTANT COMPONENT OF A HEALTHY AND DIVERSE ECOSYSTEM. THESE FIELDS PROVIDE FOOD AND COVER TO MANY TYPES OF BIRDS, SMALL AND LARGE MAMMALS, REPTILES, AND INSECTS. THERE ARE MANY DIFFERENT TECHNIQUES THAT CAN BE USED TO MAINTAIN AND ENHANCE THESE FIELDS FOR WILDLIFE, AND PRESCRIBED FIRE IS ONE OF THEM. FIRE SETS BACK SUCCESSION AND REMOVES UNDESIRABLE TREES WHILE PROMOTING THE GROWTH OF BENEFICIAL WILDLIFE PLANTS.

The target shooting and hunting community prides itself on being safe and responsible with firearms in all situations—from using them outdoors to storing them safely at home. Sometimes, however, unusual conditions such as extremely dry environments require an extra level of awareness and safety on the part of shooters.

Wildfires have many possible causes. The National Shooting Sports Foundation, the trade association for the firearms and ammunition industry, reminds all shooters that during dry and hot weather conditions their use of certain ammunition and targets could accidentally ignite a wildfire. NSSF reminds all target shooters and hunters, as well as other outdoor enthusiasts, to consider the potential consequences of their activities in fire-prone environments.

- Make it a point to know the regulations and rules related to shooting in areas experiencing dry and hot conditions, whether on public or private land or at shooting ranges. Many national forests, for example, do not allow recreational shooting when fire restrictions are in effect.

- Consider the type of ammunition and targets you are using. Minimize the risk of fires by not using steel-jacketed ammunition, ammunition with steel-core components, tracer rounds or exploding targets in fire-prone areas.

- Remember that equipment, such as cars and ATVs, can have extremely hot exhaust systems that could ignite dry vegetation, so park only in designated areas.

- Extinguish and dispose of smoking materials safely.

- Follow guidelines to extinguish campfires.

- Warn others of potential dangers and behaviors for starting wildfires.

- Report any wildfire you see to authorities.

- Spread this message to other target shooters, hunters and outdoor enthusiasts.

The U.S. Fish and Wildlife Service (USFWS) regulates the harvest of migratory birds by establishing framework (opening and closing dates, maximum season length, and maximum bag limits) within which states can set their migratory bird hunting seasons. Georgia annually proposes waterfowl and late-season migratory bird hunting season dates and bag limits that maximize opportunity within the framework adopted by the USFWS.

In addition to State regulations, Federal rules apply to the taking, possession, shipping, transporting, and storage of migratory birds. Each hunter should also consult official Federal Regulations, which may be found in: Title 50, Code of Federal Regulations, Part 20.

### FEDERALLY REGULATED MIGRATORY BIRDS

The U.S. Fish and Wildlife Service (USFWS) regulates the harvest of migratory birds by establishing framework (opening and closing dates, maximum season length, and maximum bag limits) within which states can set their migratory bird hunting seasons. Georgia annually proposes waterfowl and late-season migratory bird hunting season dates and bag limits that maximize opportunity within the framework adopted by the USFWS.

In addition to State regulations, Federal rules apply to the taking, possession, shipping, transporting, and storage of migratory birds. Each hunter should also consult official Federal Regulations, which may be found in: Title 50, Code of Federal Regulations, Part 20.

### GA WATERFOWL AND MIGRATORY BIRD STAMP

A Georgia Migratory Bird Stamp is required for any person age 16 and older who hunts migratory birds (ducks, geese, woodcock, snipe, coots, sora, rails, or gallinules). A free Georgia Migratory Bird Stamp is available for all resident Landowners hunting their own land and also for any Sportsman’s License, Youth Sportsman’s License, Disability Sportsman’s License, Disability Hunting License, Honorary License or Lifetime Sportsman’s License holder.

### FEDERAL DUCK STAMP

Federal Duck Stamp is required for all waterfowl (ducks and geese) hunters 16 years of age or older, including resident landowners and their immediate family. The stamp is valid from July 1–June 30 and must be signed in ink across the face. The Federal Migratory Bird Hunting and Conservation Stamp is available at US Post Offices, 1-800-STAMP24, [www.GoOutdoorsGeorgia.com](http://www.GoOutdoorsGeorgia.com) or usps.com.

Wildlife license plates fund wildlife work that benefits trout, bobwhite quail, marine habitat, conservation law enforcement and non-game animals and plants.

Upgrade your license plate at any county tag office, with mail-in registration, or online. Learn more about the conservation programs these plates support at GeorgiaWildlife.com/LicensePlates.
Since the late 1930s, hunters, target shooters and the firearms industry have been the nation’s LARGEST contributors to conservation, paying for programs that benefit America’s wildlife and all who love the outdoors.

**HOW IT WORKS**

1. Hunters and target shooters purchase guns and ammunition.
2. Manufacturers pay federal excise taxes on guns and ammunition.
3. Revenue from these excise taxes is distributed to state wildlife agencies.
4. State wildlife agencies use these funds to purchase land for wildlife habitat and to manage wildlife populations.
5. In turn, millions of acres of important habitat have been set aside to help ensure future wildlife abundance.

**THEN & NOW**

- **White Tailed Deer Population**
  - THEN: 500,000
  - NOW: 32,000,000

- **Ducks / Waterfowl Population**
  - THEN: FEW
  - NOW: 44,000,000

- **Rocky Mountain Elk**
  - THEN: 41,000
  - NOW: 1,000,000

  - THEN: 100,000
  - NOW: 7,000,000

- **Pronghorn Antelope**
  - THEN: 12,000
  - NOW: 1,100,000

**Quick History**

- **Early 1900s**
  - As many wildlife species are dwindling in numbers or disappearing, firearms industry steps forward and asks Congress to redirect excise tax on sale of guns and ammo to help fund wildlife conservation.

- **1937**
  - Congress passes and President Franklin D. Roosevelt signs the Pittman-Robertson Federal Aid in Wildlife Restoration Act into law.

- **1938 to today:**
  - Revenue from this act has purchased millions of acres of prime habitat that is maintained by state wildlife agencies. These lands, where game and non-game species flourish, are purchased with sportsman’s dollars but used by all Americans.

**OTHER WAYS SPORTSMEN CONTRIBUTE**

- Excise taxes combined with revenue from hunting and fishing license sales fund the majority of state wildlife agency budgets.

- Duck stamp proceeds are used by the government to buy or lease wetland habitat for ducks, geese and hundreds of non-game birds and animals.

**SOME HEROES OF THE MOST SUCCESSFUL CONSERVATION MODEL IN THE WORLD ARE:**

- Theodore Roosevelt
- Aldo Leopold
- Key Pittman
- Willis Robertson

**Where the Money Goes**

- Buy, develop, maintain and operate wildlife management areas
- Research projects focused on wildlife conservation
- Hunter safety and education programs
- Construction and maintenance of public target shooting ranges

This System Has Provided MORE THAN $12.5 Billion For Conservation So Far
WILDLIFE MANAGEMENT AREAS (WMAS)

Each WMA offers unique hunting opportunities based upon factors such as size, habitat, topography, access, wildlife population dynamics and public desires. Therefore, each WMA has specific rules and regulations. Being familiar with Unlawful Actions (pg. 43), information that follows, and regulations for a specific WMA can ensure you have an enjoyable experience.

Land Access: Any person, age 16 and older, entering any WMA or PFA must possess a valid license to hunt or fish or a Lands Pass (exclusions apply). Visit www.georgiawildlife.com/LandAccess for a list of all public properties and access requirements. Areas that require a valid license to hunt or fish or a Lands Pass are marked with signage at the site or entrance. Passes and licenses may be purchased at GoOutdoorsGeorgia.com, by calling 1-800-366-2661, or through license vendors.

Any individual(s) or organization(s) desiring to sponsor or conduct an event, activity, or series of events or activities involving more than eight individuals or are engaged in commercial activities on a WMA or PFA may be required to obtain a “Right of Entry” agreement (ROEA) from the Department. Contact the respective Game Management office for more details.

Maps: Interactive maps for all WMAs are available at georgiawildlife.com/AllWMAs. Maps may also be found at check stations, kiosks, and region offices.

Fees on National Forest Lands: Fees may be charged for camping, ATV/ORV trails, shooting ranges, and boat ramps on the National Forest. These fees apply to all users. For more information, visit www.fs.fed.us/conf or contact any US Forest Service Office.

WMA ACTIVITIES

CAMPING is allowed year-round. Camping and campfires must be in designated campgrounds unless otherwise posted at the check station. Camping, or establishment of a campsite, is limited to a maximum of 14 consecutive days, after which the campsite must be vacated and all personally owned property or physical features of the camp must be removed for a period of not less than 7 days. During that 7-day period a new campsite may not be established within the boundaries of the same WMA or within 1 mile straight-line radius of the vacated campsite by the same person(s).

Designated DNR-managed campgrounds may have a fee and/or require reservations. Payments and reservations may be made online at GoOutdoorsGeorgia.com or by calling 1-800-366-2661.

No musical instruments, radios, televisions, generators or other noise making devices may be used after 10:00 p.m. in a manner that they may be heard by other WMA users. (Note: Medically needed devices or aids to disabled persons are permitted.)

Loaded firearms are prohibited in camping areas, except that any person possessing a Weapons Carry License that is valid in this state pursuant to OCGA §§ 16-11-126(f) or 16-11-129 may carry such firearm subject to the limitations of OCGA §§ 16-11-126 and 16-11-127, except where prohibited by federal law.

No carving, cutting, chopping or damaging of live or standing trees.

NATIONAL FOREST LANDS: Camping is allowed anywhere unless otherwise indicated or signed. Forest Service regulations apply on WMAs located on National Forest lands.

HIKING & OTHER RECREATIONAL USES are allowed year-round, unless otherwise posted at the WMA check station or at a specific recreation site. All WMA visitors are encouraged to wear daylight fluorescent orange during open hunting seasons. Specific recreation sites may be closed as needed for management purposes.

COLLECTING FIREWOOD: Only trees that are dead and down may be cut and used for firewood on WMAs. Annual firewood cutting permits are issued for personal use by the Game Management region office. On National Forests, firewood permits are available from the district U.S. Forest Service offices.

MOTOR VEHICLES, ATVS, HORSES & BICYCLES

All motor vehicles are restricted to roads open for vehicular access. ATVs may only be operated on open roads within WMAs during the period between 2 hours before sunrise and 2 hours after sunset one day prior to and during big game, small game, and hog only hunts by hunters possessing a Weapons Carry License that is valid in this state. Loaded firearms are prohibited in camping areas, except that any person possessing a Weapons Carry License that is valid in this state pursuant to OCGA §§ 16-11-126(f) or 16-11-129 may carry such firearm subject to the limitations of OCGA §§ 16-11-126 and 16-11-127, except where prohibited by federal law.

“Open Roads” are roads not closed with a gate, sign, earthen berm or similar device intended to prevent vehicular access. Motor vehicles (including ATVs, dirt bikes, utility vehicles, golf carts, and other off-road vehicles) must meet applicable safety, licensing, insurance and registration requirements for use on public roads. Vehicle and ATV operators must be at least 16 years old. Roads may be closed at the discretion of DNR. Vehicles may not be parked in such a way as to block an open or closed roadway.

ON NATIONAL FOREST LANDS, including WMAs on the National Forest, ATVs are restricted to designated ATV trails unless posted otherwise.

HORSES AND BICYCLES

Horses and bicycles are allowed on open roads, designated trails, or designated areas (some specific area restrictions may apply). Bicycles may be used on closed roads for the purpose of hunter access. Electric bicycles (750 watts or less) may be used the same as pedal powered bicycles. Those exceeding 750 watts are restricted to roads open for vehicular access. Horses may be used off roads and trails during permitted field trials.
WARNING!
COGONGRASS IS CREEPING INTO GEORGIA!

To prevent loss of forestland and wildlife habitat, report sightings to the Georgia Forestry Commission.

In spring - cogongrass produces fluffy white seedheads.

Leaves have finely serrated margins (often light yellow-green in color) and prominent, off-center white mid-veins.

Root system is a dense, thick root mat with extremely long, scaly and sharp pointed rhizomes.

Cogongrass may not look dangerous, but it is one of the world's worst weeds! It grows in full sun or shade, is spread by wind-blown seeds and underground rhizomes and chokes out all native vegetation. Most ground-dwelling animals such as quail, turkey, and deer do not travel through cogongrass.

FOR HELP WITH COGONGRASS IDENTIFICATION AND ERADICATION, REPORT SIGHTINGS ONLINE AT GATREES.ORG, CONTACT YOUR LOCAL GFC FORESTER OR CALL 229-869-8592.
PUBLIC HUNTING OPPORTUNITIES

GENERAL WMA REGULATIONS

ON NATIONAL FOREST LANDS, horses and bicycles may be used on lands not otherwise closed. Electric bicycles are restricted to roads open for motor vehicles. Horses, bicycles, and electric bicycles are prohibited on the Appalachian Trail.

ROAD CLOSURES

There are reasons why roads may be closed to motor vehicles. Some roads are intended for Official Use Only (e.g., timber harvest, habitat management, emergency response). Roads that are typically closed may be open during managed hunts or during certain high-use periods to improve access and evenly distribute hunters. Before visiting a WMA:

• Go to GoHuntGeorgia.com for notices of road closures
• Obtain a WMA map that denotes area specific access
• Contact the region office (page 4) regarding questions pertaining to the specific status of roads or access features

HUNTING, FISHING & TRAPPING

Sign-in required for all bear, deer, and turkey hunts unless otherwise noted for a specific area listing. Sign in only once for each hunt segment or season. Sign-in can be done online at GoOutdoorsGeorgia.com except for some State Park Hunts and some coastal island WMA hunts. Sign-in available the day prior to the hunt.

Bag limits are the same as statewide limits unless otherwise specified below or for a specific area listing. All alligator, bear (Northern Zone), deer, and turkey are to be recorded on your harvest record and reported in Georgia Game Check (pg. 14) except as otherwise specified below.

DEER

All deer hunts or seasons are either-sex unless otherwise noted in the area listing. On areas with antler restrictions in effect, all deer hunts are quality buck and antlerless unless otherwise noted in the area listing.

BONUS DEER HUNTS: No more than two (2) deer may be killed unless otherwise noted in area listing. On areas with antler restrictions in effect, no more than one (1) of the two (2) deer may be an antlered buck. Deer killed are not to be recorded on your deer harvest record or reported in Georgia Game Check. Deer are to be taken on day of kill to the check station where agency staff will tag the deer. Deer can be brought to the check station whole, field dressed, or quartered.

TURKEY

Bag limit is statewide limit except that no more than one (1) gobbler per season may be taken per a single WMA, department-managed land, or National Forest lands outside of WMAs unless otherwise noted in the specific area listing.

BEAR

All bears must be reported and tagged. See page 32 for specific requirements by Bear Zone. Bear killed during bonus deer hunts are not to be recorded on your bear harvest record or reported in Georgia Game Check. These bear are to be taken on day of kill to the check station where agency staff will tag the bear.

MIGRATORY BIRDS

CROWS, SNIPE, SORA, RAILS AND WOODCOCK may be hunted during the statewide seasons (pages 36-37) for each species unless otherwise specified.

DOVE: On managed dove fields on opening day, legal hours are 1/2 hour before sunrise to noon unless otherwise noted in area listing. Dove hunters may not enter the field prior to 1 hour before sunrise.

DUCK hunting on managed impoundments at Altamaha (Butler & Champney Islands), B.F. Grant, Oconee, Rum Creek, and West Point (Glovers Creek) WMAs and Cordele Hatchery is by quota only. Hunters must hunt from assigned areas or ponds. Shooting hours end at noon, except the last Saturday of the season when hunting is allowed until sunset. See page 74 for quota hunt information.

Waterfowl on all other WMA locations may be hunted any day of the waterfowl season or as otherwise specified.

GOOSE hunting is allowed on WMAs when the area is open for small game, except on managed waterfowl impoundments and managed dove fields. On managed waterfowl impoundments, geese may be taken by drawn hunters during the statewide goose season.

SMALL GAME, ALLIGATORS, FALCONRY

Small game and furbearers may be hunted subject to statewide seasons and bag limits (page 35) except as otherwise specified below and noted for a specific area listing.

Small game and furbearer hunting are not allowed during quota hunts unless otherwise noted in the specific area listing.

Daylight fluorescent orange is required on small game hunts (except dove and waterfowl) concurrent with firearms deer or bear hunts.

ALLIGATORS may be taken on small game dates and big game dates, day or night, during statewide alligator season by quota permit holders only, unless otherwise noted in the specific area listing. See page 33 for more information.

COYOTES may be taken anytime a WMA is open to hunting, but hunters may only use weapons legal for the species for which the area is open. During small game hunts and dates, centerfire firearms are not allowed. Additionally, coyote season is May 16-31 on all WMAs with any legal weapon, unless otherwise specified in the WMA specific area listings. Hunters are required to wear fluorescent orange and no night hunting or baiting is allowed. Electronic calls may be used.

FALCONRY: Small game may be taken on WMAs (including field trial and archery only areas) by permitted falconers during the state falconry season unless otherwise noted in the specific area listing.

During small game hunts and dates, centerfire firearms are not allowed. On some WMAs during the May 16-31 coyote season, feral hogs may be taken unless otherwise noted in the specific area listing. On WMAs where feral hogs can be taken during May 16-31, any legal weapon may be used and hunters are required to wear fluorescent orange. Electronic calls may be used. No night hunting or baiting allowed. Dogs are NOT allowed unless otherwise specified.

RACCOONS, OPOSSUMS,FOXES & BOBCATS may be hunted at night unless otherwise noted in the specific area listing but is restricted to small game weapons only (no centerfire rifles). Hunters must pick up their dogs by noon on the day following the hunt. No electronic calls.

AFTER YOUR SUCCESSFUL HUNT

All hunters must make an effort to properly dispose of all portions of deer carcasses after processing. Please do not discard carcasses within 1,500 feet of any campground or within 125 feet of any road or trail. Do not dump multiple deer in one spot. Spread carcasses out so scavengers across the WMA can access the carcasses, facilitating quick clean up.

FISHING

Fishing is allowed on WMAs unless otherwise posted. A fishing license is required to fish on all WMAs (a trout license is additionally required to fish in mountain trout waters).

TREE STANDS & HUNTING STRUCTURES

Hunting structure: any portable tree stand, ground blind, stool, chair, bucket, waterfowl blind, or other similar device used for the purpose of hunting.
Hunters may not construct or hunt from any tree stand that is not portable or natural. Tree stands may not be placed on utility poles or other structures supporting utility lines. For big game and feral hog hunts, hunting structures shall not be placed any sooner than one day prior to the hunt and shall be removed from the WMA no later than noon the day following the hunt. For small game hunts, hunting structures may be placed and shall be removed from the WMA only on the day of the hunt. Exception: Opening day of dove season hunters shall not enter a managed dove field and hunting structures shall not be placed on a managed dove field prior to 1 hour before sunrise.

TRAPPING
Limited opportunities to trap on certain WMAs are available by permit only. Such opportunities are available on: Albany Nursery, B. F. Grant, Big Lazer Creek, Blanton Creek, Bullard Creek, Clayhole, Crockford-Pigeon Mtn, Dawson Forest, Dixon Memorial, Elmodel, Joe Kurz, Penholoway, Rum Creek, Tuckahoe, West Point, and Yuchi WMAs. Contact the appropriate region office (page 4) for further details or to apply for a permit.

YOUTH HUNTS AND SUPERVISION

Youth under age 16 must be accompanied by an adult 18 years or older and “directly supervised,” which means uninterrupted, unaided visual contact and auditory communication with the youth by the adult when hunting on a WMA.

Big Game (bear, deer, turkey) Hunts: One adult shall supervise no more than one child. Only the youth may hunt. The adult may not hunt. All Youth big game hunts are firearms hunts unless specified otherwise.

Small Game Hunts: One adult may directly supervise no more than two children (16 years old and under). Adults and children may hunt, provided that the adult is directly supervising a child who is actively participating in the hunt, unless otherwise noted in the specific area listing.

VOLUNTARY PUBLIC ACCESS (VPA) LANDS

Since 2014, through a USDA grant, the DNR Wildlife Resources Division (WRD) has been able to enhance its WMA program through temporary agreements with private landowners for public hunting opportunities. Some of these VPA opportunities are listed on pages 65-66, but some may not be included due to deadlines. For an up-to-date list of properties, please visit GoHuntGeorgia.com.

RUM CREEK WMA

While it may seem like gates restrict use of a WMA, in many cases they create more opportunity. By closing a road, huntable acreage is increased due to the restriction on hunting within 50 yards of an open road. This is especially beneficial during small game and turkey season when hunting from a road can be a very productive tactic.

WILDLIFE VIOLATOR COMPACT

Georgia, along with 48 other states, is a member of the Wildlife Violator Compact (WVC). This allows Wildlife Officers to treat non-residents hunting in WVC member states as if they were a resident of that state in regards to wildlife violations. All wildlife law violators will be held more responsible due to the fact that their illegal activities in one state can affect their hunting privileges in all WVC member states. A list of Mobility Impaired Quota Hunts is on page 73. A list of General Quota Hunts is on pages 75-76.

PRIORITY POINTS

An applicant is awarded one priority point if not selected for the quota hunt. Each person listed on a group application that is not selected is awarded a priority point. Priority points may be used on an application to increase the likelihood of selection. You may wager as many points as you have when applying for a quota hunt, not exceeding the lowest held by any group member. Only the number of points needed to win the hunt will be taken if you are selected. Visit the quota hunt webpage at GoHuntGeorgia.com to determine how many priority points may be required to get selected for your favorite hunt.

APPLICATION DEADLINES

The official application deadlines are 11:59 p.m. (EST) on the dates listed in the tables below. No applications are accepted after the deadline.
