Our thanks to Mid-South Ford Dealers and Oliver Travel Trailers for supporting wildlife and wildlife conservation through the Tennessee Conservation Raffle. Ford F-150 Truck provided by Mid-South Ford Dealers.

Hunting and fishing license sales and federal excise taxes comprise more than 90 percent of the TWRA's hunting and fishing operating revenues.

Thank you for buying a hunting and fishing license. Without your support, Tennessee would not have fish and wildlife management programs.

This publication is not a legal document. It is a summary of Tennessee's hunting and trapping regulations. More detailed information on hunting and trapping is available from all TWRA offices or at tnwildlife.org.

Equal opportunity to participate in and benefit from programs of the TWRA is available to all persons without regard to their race, color, national origin, sex, age, disability, or military service. TWRA is also an equal opportunity/equal access employer. Questions should be directed to TWRA, Human Resources Office, 5107 Edmondson Pike, Nashville, TN 37211, (615) 781-6594 (TDD 781-6691), or to the U.S. Fish and Wildlife Service, Office for Human Resources, 4401 N. LICENSE FEES

& INFORMATION

General Information

Hunting and fishing licenses are valid from date of purchase until 365 days after purchase for most license types.

Note: A Social Security Number is required by federal law to purchase a Tennessee hunting or fishing license.

Seasons are subject to change. License fees are subject to change. Migratory bird seasons are determined by federal regulations. Most licenses, except the Lifetime Sportsman License and specialty licenses, such as Wheelchair, Disabled Veteran, SSI (Supplemental Security Income) and Blind Fishing licenses, are available from most county clerks, sporting goods stores, hardware stores, marinas, TWRA regional offices and gooutdoorstennessee.com.

Native Tennessean

Nonresidents who were born in Tennessee may apply for Native Tennessean annual licenses. These licenses provide nonresidents born in the state but no longer residing in the state, the op-

portunity to purchase annual Tennessee hunting/fishing/trapping licenses at the same cost as a resident. Details and application available online at www.tnwildlife.org. First time applicants must apply by application only. Native nonresidents who have previously applied can renew their licenses online at GoOutdoorsTennessee.com, through the TWRA OnTheGo app, or at any of our Tennessee license Agents.

Misplaced a License?

All paper copies of hunting and fishing licenses including lifetime licenses may be printed at no cost at GoOutdoorsTennessee.com any time. You can also replace your license at any license agent for a fee of \$8.00. Please verify your address at the time of purchase.

Resident License Purchase Information

Resident licenses can be purchased by:

- Persons who possess a valid Tennessee driver's license or Tennessee state ID issued by the Department of Safety. Tennessee state

law requires drivers to obtain a Tennessee driver's license within 30 days of residency. Out-of-state driver's license only accepted for Military Personnel and Students meeting the criteria below.

- Military personnel on active duty in Tennessee and children under 16 years of age who reside with them, regardless of Tennessee resident status.
- Students who are enrolled in a Tennessee school, college or university for at least six months, with an appropriate student ID.
- Persons who do not drive or do not possess a valid driver's license from another state, but who have lived in Tennessee for 90 consecutive days with the genuine intent of making Tennessee their permanent home, may prove residency by presenting to a TWRA license agent **any two** of the following documents:
 - » Current Tennessee voter registration card;
 - » Current Tennessee vehicle registration or title;
 - » Form I-94 issued by the U.S. Citizenship & Immigration Service;
 - » Current rental/mortgage contract or receipt including deed of sale for property or receipt for payment of Tennessee real estate taxes within last year.

Buy your license online at GoOutdoorsTennessee.com

Lifetime Sportsman

Age determines the cost.

An all-inclusive lifetime license is available only to Tennessee residents and valid for hunting, trapping, and sport fishing without any TWRA supplemental licenses or permits (does not include the Tennessee Guide License). It allows holders to apply for quota permits at no additional fee. This license is available via application only and must be sent in with the required documentation.

Applications must be submitted by email (lifetime.license@tn.gov), mail (address on application), fax (615-837-4262), or to TWRA regional offices.

LICENSE EXEMPTIONS

& HUNTER EDUCATION INFORMATION

License Exemptions

- Residents born before March 1, 1926 (with proof of age and residency).
- Military personnel on leave carrying leave papers.
- Landowners, their spouses, children, and children's spouses who hunt on their own farmland. **The aforementioned must be residents of Tennessee** but need not reside on the land. This license exemption **does not** apply if the farmland is owned jointly or in common by unrelated persons.
- Resident grandchildren (under the age of 16) and resident great-grandchildren (under the age of 16) who hunt on farmland which is owned by their resident grandparents or great-grandparents. (See below, Farmland Owner License Exemption.)
- Tenants, their spouses and their dependent children who hunt on farmland which is owned by an individual or a family. The aforementioned must be residents of Tennessee and must actually reside on the land and have permission of the landowner to hunt. A tenant is a person who, for money, free rent or other consideration, cares for farmland. The tenancy must be agricultural in nature.
- First cousins who own farmland jointly or in common may fish and hunt small game on the farmland. Their children may fish and hunt small game as well.

Persons hunting without a license under a resident farmland owner exemption must complete and sign a statement attesting where the property is located and how this land qualifies for a landowner exemption. Persons may complete the form in advance and carry it with them while hunting or they may complete the form when requested in the field by a TWRA official or when checking game. A form is provided on page 80 of this guide. Additional forms are available at TWRA offices and TWRA's website (www.tnwildlife.org). Landowners and their children hunting on their parent's land under this exemption are also exempt from Hunter Education Certification requirements and blaze orange requirements.

Mandatory Hunter Education

All hunters, resident or nonresident, born on or after Jan. 1, 1969, must possess proof that they have successfully completed a Hunter Education course. Hunter Education certification is accepted from all other states. Those under 10 years of age do not need a Hunter Education certificate, but must be accompanied by an adult at least 21 years of age who must remain in a position to take immediate control of the hunting device. Go to tnwildlife.org to complete hunter education online or find a listing of scheduled classes.

* Only muzzleloading firearms may be used during the muzzleloader season. There are no changes to the muzzleloader season.

1. If using this equipment while hunting during deer, elk or bear season you must be a legal big game hunter (See No. 9 in Miscellaneous section on page 11).
2. Hunting arrows and bolts must be equipped with sharpened broadheads.
3. Waterfowl and sandhill cranes may only be hunted with non-toxic shot of T size or smaller.
4. Furbearers are defined as beaver, bobcat, coyote, fox, groundhog, mink, muskrat, opossum, river otter, raccoon, skunk, and weasel.
5. It is illegal to use rifles and handguns using centerfire ammunition from 30 minutes after sunset to 30 minutes before sunrise.
6. Migratory birds, except waterfowl and sandhill cranes, may only be hunted with ammunition loaded with Number 4 or smaller shot size.
7. Muzzleloading firearms are defined as those firearms in which a projectile (rifle) or projectiles (shotgun) must be loaded from the muzzle (front) end of the barrel and the firearm being of design and manufacture that prevents the projectile(s) from being loaded from the breech (rear) end.
8. Must use a pre-charged pneumatic firing mechanism; in addition, the air gun must be equipped with a built-in manometer (air pressure gauge).
9. (a) Persons possessing a permanent disabled license (Annual Resident Hunting & Fishing Disabled Under 18, Permanent Resident Hunting & Fishing Intellectually Disabled, Permanent Wheelchair Hunting and Fishing, Permanent DAV Hunting and Fishing) may use a pre-charged pneumatic gun which shoots an arrow during the archery, deer, bear and elk season as an accommodation for their disability.
(b) A pre-charged pneumatic gun which shoots an arrow is legal for all hunters to use during modern gun season for deer, bear, elk and turkey.

Prohibited Acts

1. Possession of ammunition except that as specifically authorized is prohibited while hunting.
2. The use or possession and/or the accompanying of anyone using or possessing raccoon calls, squallers, weapons, ammunition, or climbers while training dogs is prohibited during training season, except raccoon calls may be used during authorized field trials.
3. The use of dogs in hunting (TCA 70-1-101) or attempting to take deer or elk is prohibited. Taking or attempting to take deer being pursued by dog, or dogs, is prohibited.
4. Juveniles under the age of 18 are prohibited from using handguns for the purpose of hunting.
5. No person shall make use of bait to hunt (TCA 70-1-101) wildlife unless the bait has been removed and any electronic feeder disabled at least 10 days prior to hunting. Salt and mineral are allowed if the salt/mineral contains at least 51% salt by weight of salt minerals or it does not contain whole grain or other non-refined food stuffs.
6. Possession of firearms prohibited while chasing coyote, fox, and bobcat with dogs from

the first Saturday in November through the end of the deer season.

7. Use or possession of the following equipment is prohibited:
 - » Predator calls while night hunting.
 - » Pod arrows (any pod-type device for holding drugs or chemicals on an arrow) or any drugs or chemicals used in pod arrows while archery hunting.
 - » Explosive arrowheads while archery hunting.
 - » Firearms capable of fully automatic fire.
 - » Firearms or archery equipment with any device utilizing an artificial light capable of locating wildlife.
 - » Any electronic light amplifying night vision scope, thermal imaging device, or device while in possession of a firearm or archery tackle between sunset and sunrise.
 - » Electronic calls or live decoys while hunting wild turkey, foxes, and waterfowl (except electronic calls are legal during the Light Goose Conservation Season).
 - » Rifles or handguns with full metal jacketed ammunition.
 - » Rifles or handguns with centerfire ammunition between 30 minutes after sunset and 30 minutes before sunrise.
 - » Any loose shot other than non-toxic (as approved by U.S. Fish and Wildlife Service) or any shotgun shell loaded with shot other than non-toxic while hunting waterfowl, sandhill cranes, coots, gallinules, Virginia rails, and sora rails.
 - » Centerfire or muzzleloading rifles possessed by an individual 17 yrs of age or older for the purpose of hunting furbearers during the Young Sportsman Deer and Bear seasons.
8. UAV (unmanned aerial vehicles) cannot be used to hunt any wildlife.
9. The use or possession of natural cervid urine while hunting is prohibited unless the product is clearly labeled bearing certification from the manufacturer that the urine was produced in a facility that:
 - » Complies with a federal or a federally approved chronic wasting disease herd certification program and any federal CWD protocols and record requirements;
 - » Does not allow importation of live cervids;
 - » Requires that all cervids exported from the facility be tested for CWD upon death and the results are reported to the facility;
 - » Is inspected annually by an accredited veterinarian, including inspection of the herd and applicable Federal and State records; and
 - » Maintains a fence at least 8 feet high around the facility and, if the facility is located within 30 miles of a confirmed positive occurrence of CWD, is double fenced to prevent direct contact between captive and wild cervids.
 - » Requires an accredited veterinarian to conduct a one hundred percent herd inspection at a minimum of every 3 years; and
 - » Prior to distribution, tests each lot/batch of cervid collected urine used in a scent product via the Real Time Quaking Induced Con-

version (RT-QulC) assay for the presence of Chronic Wasting Disease prions.

Legal Trapping Devices and Definitions

1. Steel foothold traps used for water sets must have an exterior jaw measurement of nine (9) inches or less measured at the hinge of the trap. Steel foothold traps used for ground sets must have an exterior jaw measurement of seven (7) inches or less measured at the hinge of the trap. Steel square instant-kill traps must have an exterior jaw measurement of sixteen (16) inches or less measured at the widest point, and steel circular instant-kill traps must have an exterior measurement of twelve (12) inches or less measured at the widest point.
2. Live traps are legal for taking any species of wildlife listed as having a trapping season. Live traps are defined as those traps that act as a cage after capture.
3. Steel cable snares having a minimum cable diameter of five sixty-fourths (5/64) of an inch and a maximum cable diameter of three thirty-seconds (3/32) of an inch are legal for all legal furbearer species during the legal trapping season. Spring activated snares other than Collarum snares are prohibited.
4. Commercially available dog-proof traps, also known as species-specific traps, are legal for trapping.
5. For ground sets, a trapper may use cushion-hold traps, laminated jaw traps, offset wide jaw traps, offset laminated jaw traps, and wide jaw traps with an exterior jaw measurement of seven (7) inches or less measured at the hinge point and with a minimum jaw thickness of one-fourth (1/4) of an inch. For water sets, a trapper may also use double-jaw traps with an exterior jaw measurement of seven (7) inches or less of the upper and lower jaws combined and a minimum jaw thickness of one-fourth (1/4) of an inch. For water sets, a trapper may use cushion-hold traps, laminated jaw traps, offset wide jaw traps, offset laminated jaw traps, and wide jaw traps with an exterior jaw measurement of nine (9) inches or less measured at the hinge point. For water sets, a trapper may also use double-jaw traps with an exterior jaw measurement of nine (9) inches or less of the upper and lower jaws combined.
6. For trapping purposes, "water set" is defined to mean traps set in water adjacent to and part of streams, ponds, lakes, wetlands, or other water courses and includes floating sets.
7. Trappers shall mark all traps and snares with their name or TWRA ID number.
8. Steel traps placed inside a hole, cave, den, hollow log, hollow stump, or any like place shall be placed at least twelve (12) inches inside the entrance of such place, and it is unlawful to place steel traps in the open, except for water sets and trap types listed in paragraph five (5) above.

9. Lethal sets such as instant kill traps and water set ("drowning") traps must be inspected every seventy-two (72) hours. All other traps must be inspected every thirty-six (36) hours and any wildlife caught in the traps shall be removed.
10. For ground sets adjacent to waterways and no more than fifty (50) feet from the shoreline, a trapper may use a 110 body grip trap, or its equivalent, with a maximum exterior jaw measurement of six (6) inches wide by six (6) inches tall. Such a trap shall be a single-spring trap with a factory spring designated for that trap. The lowest point of the trap closest to the ground shall be no more than one-half (1/2) inch above the surface of the ground. The trap shall be used as a non-baited or lured set unless it is set at a minimum of twelve (12) inches inside a hole, den, or cubby. For trapping seasons, see page 22.
11. All traps shall be attached to a stake, drag or anchor, with chain, wire at sixteen (16) gauge or larger or cable of one-sixteenth (1/16) inch size or larger.

Legal Hunting Hours

1. All big game and small game species (except bullfrogs, raccoons, opossums, and the chasing of foxes and rabbits) are daylight hours only (30 mins before legal sunrise to 30 mins after legal sunset) except turkey and migratory birds which ends at official sunset. Exceptions under the migratory birds are sandhill cranes which end at 3 pm. Along with opening day of dove season opens at noon.
2. Hunting of bullfrogs, raccoons, opossums, the chasing of foxes and rabbits, and the trapping of furbearers is permitted day or night unless restricted by Proclamation. No foxes or rabbits may be shot while chasing/training at night.
3. Hunting of migratory birds is to comply with federal regulations for migratory birds, unless restricted by proclamation.

Migratory Bird Regulations

1. Federal regulations relative to baiting, firearms, bag and possession limits, wanton waste, tagging, and methods of hunting are hereby adopted and will be applicable to hunting and/or taking of species listed.
2. No person shall hunt migratory game birds, except crows, with a shotgun of any description capable of holding more than three (3) shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three (3) shells.
3. All persons who hunt migratory game birds are required to have in their possession a valid Tennessee Migratory Bird Permit in addition to other required Tennessee licenses and permits, with the following exceptions:
 - » Disabled veterans;

- » Landowners hunting on their own land;
 - » Lifetime license holders;
 - » Residents of Tennessee under 13 years of age;
 - » Residents of Tennessee who are 65 or older;
 - » Military personnel on leave or furlough.
4. Refer to federal regulations 50 CFR Ch. 1 (21.41 and 21.43) for conditions and restrictions applicable to the taking of crows in certain depredation or health hazard situations outside of the crow sport hunting season.
 5. Pursuant to federal regulations, during the Light Goose Conservation Season, waterfowl hunters may use unplugged shotguns and electronic calls.

Miscellaneous

1. Where hunting is allowed from vessels, it is legal to hunt from any vessel, so long as the vessel is not under forward motion from any influence of mechanical means or sail. On private property, it is legal to hunt from any motorized vehicle (to include ATVs, golf carts, etc.), provided the vehicle is stationary (engine may be running). Nothing in this subsection (1) shall be construed as authorizing hunting from a vessel, automobile or other motor vehicle while under power. Nothing in this subsection permits hunting from or across a public road or right-of-way.
2. Hunters who have filled their seasonal or daily bag limit for any species may continue to accompany other hunters provided they are not in possession of any ammunition or any weapon. This person must also comply with all other legal requirements. Access for hunters accompanying may be limited on some WMAs. A bear hunter who has filled the daily or seasonal limit may continue to carry a firearm and take hogs where incidental taking is allowed.
3. Every game animal, wounded or unwounded by hunting and/or trapping and taken into possession by the hunter or trapper shall be immediately slain and become part of the daily bag limit. No person shall, at any time, or by any means, possess or transport live animals taken under the authority of hunting season proclamations.
4. Gigs, angling equipment, archery, rimfire and air firearms are legal for taking bullfrogs.
5. Archery equipment is permitted during the archery, muzzleloader and gun seasons. Muzzleloader equipment is permitted during the muzzleloader and gun seasons.
6. In accordance with state and federal law, persons may possess handguns in addition to legal weapons used for hunting the entire year while on the premises of any TWRA refuge, public hunting area, state owned wildlife management area or, to the extent permitted by federal law, national forest land maintained by the state, and private land. For other federally managed properties hunters should contact that specific facility or location. Nothing in this subsection shall authorize a person to use any handgun to hunt unless such person is in full compliance with all wildlife laws, rules and regulations.
7. During a deer archery only season, a fall turkey hunter may not be in possession of both archery equipment and shotguns and/or rifles.
8. During archery deer/bear seasons a properly licensed big game hunter may use air guns .25 caliber or smaller to hunt small game while archery hunting for deer/bear. During the muzzleloader and gun deer/bear season, a legal deer or bear hunter may use rimfire or airguns .25 caliber or smaller to hunt small game.
9. During an archery only or muzzleloader/ archery only deer, bear or elk season, furbearers may not be taken with rifles and handguns using center-fire ammunition. During the gun/muzzleloader/ archery seasons, furbearers may be taken by legal big game hunters licensed for the weapon they are using.
10. The use of suppressors/silencers is legal for persons possessing the required federal license from the United States Department of Treasury. Hunters using these devices must have proof of such license on their person.
11. A falconry permittee whose hunting raptor accidentally kills wildlife out of season, or the wrong species or sex, shall leave the dead wildlife where it lies; except that the raptor may feed upon the wildlife prior to leaving the site of the kill.

YOUNG SPORTSMAN HUNTS

& INFORMATION

Help the hunting tradition stay alive by sharing your passion for the outdoors with a youth.

Youth ages 6–16 may participate in Young Sportsman Hunts (excluding elk hunts—see the elk hunting section). Each young sportsman must be accompanied by a non-hunting adult, 21 years of age or older, who must remain in a position to take immediate control of the hunting device and who must also comply with fluorescent orange regulations as specified for legal hunters during deer and bear hunts. Multiple youth may be accompanied by a single non-hunting adult.

Ages 6–9 are not required to have a license or hunter's education certification. Youths 10–12 must meet hunter education requirements or have a Apprentice Hunter Education Permit. In addition to the requirements for youth 10–12, youth 13–15 must have a valid hunting license and a Migratory Bird Permit if hunting waterfowl. In addition to the requirements for youth 10–15, youth 16 must have the appropriate supplemental license (Waterfowl, Gun, Archery, or Muzzleloader) and a Federal Duck Stamp if hunting waterfowl. Everyone who hunts on a WMA is required to have a WMA permit except Sportsman License holders and youths under

16 hunting small game and waterfowl when accompanied by an adult with a valid permit.

Deer Hunts

Oct. 28–29, 2023 and Jan. 13–14, 2024

Antlered limit: 2 in Units A, B, C, D, and L; Antlered limit 3 in Unit CWD, no more than 1 per day, (counts toward statewide limit). Antlerless bag: Units A,B,C, D = 2; Units L, CWD = 3/day.

Bear Hunt

Oct. 28–29, 2023

Limit 1 per year, either sex. Bear Hunting Zones 1, 2, and 3 only. No dogs allowed.

Waterfowl Hunts

Feb. 3 and 10, 2024

Same as regular season daily bag limits. Adults and other persons accompanying youths shall not hunt during these youth waterfowl hunts.

Geese, coot, gallinules, moorhens, and ducks may be taken by youth during the Young Sportsman Waterfowl Hunts. WMAs with special closing times are open all day, each day of the Young Sportsman Waterfowl Hunts.

Spring Turkey Hunt

April 6–7, 2024

Statewide. One (1) bearded turkey per day, which counts toward the statewide bag limit. Only one can be a jake.

Wildlife Management Area Youth Hunts

Various TWRA Wildlife Management Areas offer young sportsman hunts. These hunts are for a range of different wildlife species like deer, turkeys and doves. Check the various WMA listings located in the back of this guide for information on these special hunts.

GENERAL REGULATIONS

Possession of Live Animals

No person shall, at any time or by any means, possess or transport live animals taken under the authority of the hunting and trapping season proclamations. No native species may be taken out of the wild and kept as pets.

Protected Species

The taking, killing and/or illegal possession of hawks, owls, songbirds, endangered species or any other species (i.e., snakes) for which a season is not set is prohibited.

There is evidence cougars and alligators are expanding their territories into Tennessee. Species expanding their ranges into Tennessee are protected and may not be taken until a hunting season is proclaimed. Alligators and cougars are protected by state laws in Tennessee.

Roadkill Law

TCA 70-4-115 allows wild game animals, except for non-game and federally protected wildlife species, accidentally killed by a motor vehicle to be possessed for personal use and consumption. However, possession of a deer killed by a motor vehicle is permitted only if the person notifies the TWRA or any law enforcement officer and supplies his/her name within 48 hours. Personal possession of bear accidentally killed by a motor vehicle is only lawful once a TWRA enforcement officer issues a possession tag for it.

Hunting Hours

All big game and small game species (except bullfrogs, raccoons, opossums, and the chasing of foxes and rabbits) are daylight hours only (30 mins before legal sunrise to 30 mins after legal sunset) except turkey and migratory birds which ends at official sunset. Exceptions under the migratory birds are sandhill cranes which end at 3 p.m. Along with opening day of dove season opens at noon.

Hunting and Trapping on Private Land

In Tennessee, state wildlife laws require hunters and trappers to obtain permission from landowners to hunt or trap on private property. In fact, it is advisable to get written permission to hunt and is required to trap. With the passage of TCA 70-4-106 in 1990, a "Hunting By Written Permission" law went into effect. Simply, the law states that if private land has been properly posted by the owner with signs that include his or her name and address plus the wording "HUNTING BY WRITTEN PERMISSION ONLY," a hunter or trapper must carry the owner's written permission. (Form available on page 80 of this guide or at www.tnwildlife.org). If a hunter or trapper is found without that written permission, that hunter or trapper is subject to prosecution.

Hunting From a Stationary Vehicle

On private property, it is legal to hunt from any motorized vehicle (to include ATVs, golf carts, etc.), provided the vehicle is stationary (engine may be running). Nothing in this subsection (1) shall be construed as authorizing hunting from a vessel, automobile or other motor vehicle while under power. Nothing in this subsection permits hunting from or across a public road or right-of-way.

Assisting Hunters

Hunters who have filled their seasonal or daily bag limit for any species may continue to accompany other hunters provided they are not in possession of any ammunition or any firearm or archery equipment. This person must also comply with all other legal requirements.

Handgun Carry General Regulations

A person may possess a handgun at any time while lawfully on the premises of any TWRA refuge, public hunting area, state owned wildlife management area, or, to the extent permitted by federal law, national forest land maintained by the state. For other federally managed properties hunters should contact that specific facility or location. Nothing in this subsection shall authorize a person to use any handgun to hunt unless such person is in full compliance with all wildlife laws, rules, and regulations.

* Only youth hunters from ages 6–16 years may harvest coot, gallinule, moorhen, ducks, mergansers, and geese during the Youth Waterfowl hunt days. Youth aged 16 are still required to possess a valid Federal Migratory Bird Hunting and Conservation Stamp (Federal Duck Stamp). Non-hunting adults at least 21 years of age shall accompany the youth hunter(s) into the field during the youth waterfowl season and must remain in a position to take immediate control of the hunting device. Multiple youths may be accompanied by a single qualifying adult; however, **adults and other persons accompanying youths shall not hunt** during these youth waterfowl hunts. Adults not accompanied by youths 6–16 may still harvest geese during those dates. Geese, coot, gallinule, moorhen, and ducks may be taken by youths during the Youth Waterfowl Season. WMAs with special closing times are open all day, each day of the Youth Waterfowl Season.

** Veterans (as defined in section 101 of title 38, United States Code) and members of the Armed Forces on active duty, including members of the National Guard and Reserves on active duty (other than for training), may participate and harvest coot, gallinule, moorhen, ducks, mergansers, and geese. During the Veterans and Active Military Personnel waterfowl season, non-veteran or non-active duty personnel may be present; however, only veterans or active military persons may hunt. When other migratory gamebird seasons are open during the Veterans and Active Military Personnel waterfowl season, any properly licensed youth or adult not accompanied by veterans or active military may harvest legal game.

Sandhill Crane Seasons and Bag Limits

SPECIES	STATEWIDE	SOUTHEAST CRANE ZONE SOUTH OF INTERSTATE 40 AND EAST OF HIGHWAY 56	DAILY BAG LIMIT AND POSSESSION LIMIT*
Sandhill Crane	Dec. 2–Jan. 30. Statewide tags are valid statewide, including the Southeast Crane Zone, except during the three day closure in that zone from Jan. 12–14.	Dec. 2–Jan. 11 Jan. 15–30	The daily bag, season bag, and possession limit for sandhill cranes is based on the number of tags awarded to an individual.

* Each harvested crane must be accompanied by a completed kill tag (each tag allows harvest of 1 crane) and be checked in by the end of the calendar day of harvest by any Agency approved check-in method. Also, hunters issued sandhill crane tags **MUST** fill out and return a post-season survey at GoOutdoorsTennessee.com before February 10, regardless of whether they hunted or harvested a sandhill crane. Failure to return the post-season survey may result in hunters not being eligible to apply for a sandhill crane tag in future draws.

The Southeast Crane Zone is south of Interstate 40 and east of Highway 56

Light Goose Conservation Season* (Blue, Snow & Ross's Geese)	The following provisions apply during the Light Goose Conservation Season only: Unplugged shotguns, electronic calls, shooting from 30 minutes before official sunrise until 30 minutes after official sunset. Feb. 12–Mar. 31	no limit	There is no possession limit for blue, snow and Ross's geese during the Light Goose Conservation Season.

* A free Light Goose Conservation Season Permit is required to hunt during the Conservation Season, available at [GoOutdoorsTennessee.com](https://www.GoOutdoorsTennessee.com). No Federal or state waterfowl stamps are required to hunt during the Conservation Season. Hunters must possess a Tennessee Light Goose Conservation Season Permit and have a valid hunting license, but the license may be from any state. A post-season survey is required.

SANDHILL CRANE

HUNTING REGULATIONS

Only individuals with a Tennessee Sandhill Crane Tag may hunt.

Be sure the bird you intend to shoot is a sandhill crane. Accidental or intentional shooting of a whooping crane is considered a dual violation and subject to state and federal laws. Don't shoot unless you're sure.

Sandhill Crane Tag Drawings: Applicants must be at least thirteen (13) years of age to compete in the drawing. Each application must be accompanied by a non-refundable handling fee, except Sportsman License holders, Lifetime Sportsman License holders and persons possessing an Annual Senior Citizen Sportsman License. Tags are non-transferable.

Computer Draw: A total of 2,500 tags (2 tags/hunter) will be issued for statewide use through a computerized drawing. The application period for the statewide drawing is Sept. 6–Sept. 20. These tags will be valid statewide, including the SE Crane Zone. Hunters can apply through any TWRA license agent or at GoOutdoorsTennessee.com.

Sandhill Crane Identification Test: All sandhill crane hunters must pass an internet-based crane identification test each year before hunting. All tags issued are invalid until the "Sandhill Crane Test" validation code is written on the tag. The purpose of this test is to improve hunter's awareness and ability to distinguish between sandhill cranes and other protected species which may be encountered while hunting. The test is available at twra.state.tn.us/SandhillCraneTest.

Harvest Reporting: Each harvested crane must be accompanied by a completed kill tag (each tag allows harvest of 1 crane) and be checked in by the end of the calendar day of harvest by any TWRA approved check-in method.

Also, hunters issued sandhill crane tags MUST fill out and submit a post-season survey at GoOutdoorsTN.com before Feb. 10, regardless of whether they hunted or harvested a sandhill crane. Failure to submit the post-season survey results in hunters not being eligible to apply for a sandhill crane tag in future draws.

Hunting Hours: Hunting hours for sandhill cranes are from sunrise until 3:00 pm local time.

Federal Regulations: No shotguns larger than 10-gauge or capable of holding over 3 shot shells. Federally approved non-toxic shot is required.

FEDERAL MIGRATORY BIRD

REGULATIONS

In addition to state regulations, the following federal rules apply to taking, possessing, shipping, transporting, and storing migratory game birds. This is only a summary. Each hunter should also consult actual regulations, which may be found in Title 50, Code of Federal Regulations, Part 20.

Restrictions

No person shall take migratory game birds:

- With a shotgun capable of holding more than three shells, unless it is plugged with a one-piece filler which cannot be removed without disassembling the gun.
- From or with the aid or use of a car or other motor-driven vehicle, or any aircraft, except that paraplegic and single or double amputees of the legs may take from any stationary motor vehicle. "Paraplegic" means an individual afflicted with paralysis of the lower half of the body with involvement of both legs, usually due to disease or injury to the spinal cord.
- From or by means of any motor boat or sail boat unless the motor has been completely shut off and/or the sail furled and its progress therefrom has ceased.
- By the use or aid of live decoys. All live, tame or captive ducks and geese shall be removed for a period of 10 consecutive days prior to hunting and confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such tame birds from the sight of migratory waterfowl.
- Using recordings of migratory bird sounds, or electronically amplified imitations of bird calls.
- By driving, rallying or chasing birds with any motorized conveyance or any sail boat to put them in range of hunters.
- By the aid of baiting (placing feed such as corn, wheat, salt or other feed to constitute a lure or enticement), or on or over any baited areas.
- Hunters should be aware that a baited area is considered to be baited for 10 days after the removal of the bait, and it is not necessary for the hunter to know an area is baited to be in violation.

Closed Season

No person shall take migratory game birds during the closed season.

Shooting or Falconry Hours

No person shall take migratory game birds except during the hours open to shooting and falconry as prescribed.

Daily Bag Limit

No person shall take more than one daily bag limit per day.

Field Possession Limit

No person shall possess more than one daily bag limit while in the field or while returning from the field to one's car, hunting camp, home, etc.

Wanton Waste

All migratory game birds killed or crippled shall be retrieved, if possible, and retained in the custody of the hunter in the field.

Tagging

No person shall give, put or leave any migratory game birds at any place or in the custody of another person unless the birds are tagged by the hunter with the following information: The hunter's signature, address, the total number of birds involved by species and the dates such birds were killed. No person or business shall receive or have in custody any migratory game birds belonging to another person unless such birds are properly tagged.

Possession of Live Birds

Wounded birds reduced to possession shall be immediately killed and included in the daily bag limit.

Dual Violation

Violation of state migratory bird regulations is also a violation of federal regulations.

Dressing

No person shall completely field dress any migratory game bird (except doves and band-tailed pigeons) and then transport the birds from the field. The head or one fully feathered wing must remain attached to all such birds while being transported from the field to one's home or to a migratory bird preservation facility.

Shipment

No person shall ship migratory game birds unless the package is marked on the outside with: (a) the name and address of the person sending the birds, (b) the name and address of the person to whom the birds are being sent, and (c) the number of birds, by species, contained in the package.

Importation

For information regarding the importation of migratory birds killed in another country, hunters should consult 50 CFR 20.61 through 20.66. One fully feathered wing must remain attached to all migratory game birds being transported between a port of entry and one's home or to a migratory bird preservation facility. No person shall import migratory game birds killed in any foreign country, except Canada, unless such birds are dressed (except as required above), drawn and the head and feet are removed. No person shall import migratory game birds belonging to another person.

Federal Migratory Bird Hunting and Conservation Stamp

The law requires that each waterfowl hunter, 16 years of age and over, must carry on his or her person a valid Federal Migratory Bird Hunting and Conservation Stamp (Federal Duck Stamp) signed in ink across the face.

Caution

More restrictive regulations may apply to National Wildlife Refuges open to public hunting. For additional information on federal regulations, contact:

REDI FOR EVERY DAY

THE NEW HAVALON REDI

It took over three years of R&D to create the first Havalon EDC. The REDI features the all new REDI-Lock replaceable blade system, which lets you easily swap between styles of semi-permanent AUS-8 steel blades. Unlike the original Piranta line, REDI blades are designed for extended use and abuse, and can even be re-sharpened. The REDI is also the first Havalon to have spring assist for smooth, one hand opening, further proving that it is REDI for any adventure.

ATTENTION HUNTERS

Reporting Banded Birds

The USGS Patuxent Bird Banding Laboratory (BBL) encourages hunters to report banded birds. Band reports must be submitted through the mobile-friendly website, www.reportband.gov, by persons in the US and other countries, aside from Canada.

The BBL encourages everyone reporting a band to use www.reportband.gov. After a report is submitted, the date and location where the bird was originally banded is provided and a Certificate of Appreciation along with additional banding details (date, location of banding) will be sent via email.

Capturing and banding birds requires considerable effort, and documenting recovery or re-sighting of banded birds is essential to profit from that effort. Band recovery data are the basis for improving the conservation and knowledge of bird populations in North America. Please help the BBL and its many partners, by continuing to report your band recoveries.

Special Regulations

PLUGGED SHOTGUNS

No person shall hunt migratory game birds, except crows, with a shotgun of any description capable of holding more than three (3) shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three (3) shells.

LEGAL SHOT

All federally approved non-toxic shot (bismuth-tin, steel, tungsten-bronze, tungsten-iron, tungsten-matrix, tungsten-nickel-iron, tungsten-polymer, tungsten-tin-bismuth or tungsten-tin-iron-nickel) are legal for waterfowl and sandhill crane hunting. A complete list is available at www.FWS.gov

Possession or use of any loose shot other than non-toxic shot or any shotgun shells other than non-toxic while hunting waterfowl, sandhill cranes, coots, gallinules, Virginia rails and sora rails is prohibited.

SMALL GAME

HUNTING AND TRAPPING REGULATIONS

Hunting Seasons

All hunting seasons are closed unless opened by specific Tennessee Fish and Wildlife Commission proclamations.

Possession limit is twice the daily bag limit, except for migratory game birds and except on opening day. Dogs allowed for hunting all small game species, except on specific WMAs where indicated.

Dog Training

Training of bird dogs and squirrel dogs is permitted year-round on private lands, during daylight hours only. Training of rabbit dogs is permitted year-round on private lands day and night. The chasing of foxes with hounds is permitted year-round, day and night. A hunting license is required while training dogs except when a person is competing in recognized field trials. When training on a WMA, a small game permit (see page 6) is required. Refer to specific WMA listings for WMA dog training seasons. See page 33 for other bear dog training. The taking of animals during dog training is prohibited.

Raccoon Dog Training

Year-round except where regulated by Private Acts. The following counties are regulated by Private Acts: DeKalb County is open for year-round training except in the portion lying south and west of State Hwy. 96 and U. S. Hwy. 70 where the training season will open 30 days prior to the hunting season. Refer to specific WMA listings for WMA raccoon dog training seasons. The taking of animals during dog training is prohibited.

Raccoon and Opossum Hunting

Opossum can be taken during the raccoon hunting season. Night is defined as one 24-hour period beginning at sunset.

Private Land Season - Open sunset July 1 through sunrise Sept. 16, 2023. Bag limit is 2 per person per night. WMAs and all other public lands are closed during this period. Closed in Scott, Morgan, Roane, Rhea, Hamilton counties and all other Tennessee counties east of those counties.

BIG GAME

HUNTING REGULATIONS

Big Game: Big game animals include deer, turkey, bear, and elk

Fluorescent Orange: Hunters must wear on the upper portion of their body and head a minimum of 500 square inches of daylight fluorescent orange (blaze orange), visible front and back while hunting big game except on archery-only and turkey hunts. A hat and vest fulfill requirements. Blaze orange camo is legal if it contains 500 square inches of fluorescent orange. In those areas where the archery-only deer season dates overlap with another big game gun season (i.e., bear) archers are required to wear 500 square inches of daylight fluorescent orange. Fluorescent orange is required during the August Hunt in Unit CWD.

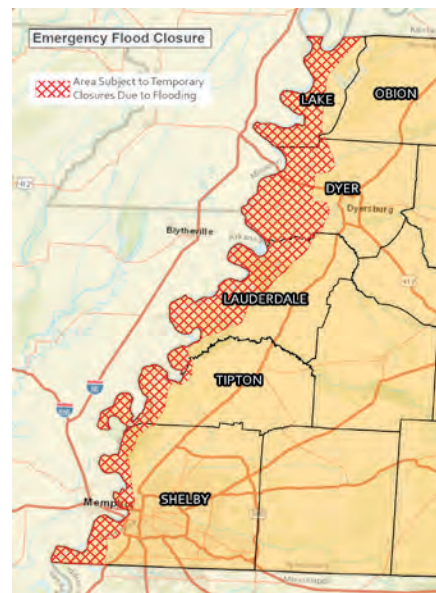

Field Dressing Big Game: Evidence of species or sex of big game animals and antlered status (if applicable) must not be destroyed and remain with the animal while afield. Normal field dressing, quartering, and icing down of the meat is permitted. Turkeys must remain intact until tagging and check-in are complete.

Big Game Found Dead: All big game found dead should be left where found and do not need to be reported unless someone wants the game for personal use or consumption. Persons wanting to possess big game, except bear, accidentally killed by a motor vehicle for personal use or consumption are required to notify TWRA or a local law enforcement agency within 48 hours. Personal possession of bear accidentally killed by a motor vehicle is only lawful once a TWRA enforcement officer issues a possession tag for it. Reporting of sick deer or deer behaving strangely is not required, but it is encouraged. Reports may be made at tn.gov/twra/sickdeer.

Any vehicle in which an illegally possessed big game animal is found is subject to confiscation.

Albino Deer: Hunting, trapping or possession of albino deer is prohibited as set forth in TCA 70-4-130. An albino deer is a deer with a lack, or significant deficiency, of pigment in the skin and hair, and has pink eyes.

Mississippi River Flood Closure: When the Mississippi River at Caruthersville gauge reaches 34 ft. all big game hunting will close in the Mississippi River Floodwaters Zone (on private and public land) and will remain closed until the Mississippi River drops below 34 ft. at the Caruthersville gauge.

TAG BEFORE YOU DRAG

BIG GAME CHECK-IN PROCEDURES

Before moving your harvested big game, you must either check it in on your smartphone or physically tag the animal and check it in before midnight. These procedures are a requirement for **everyone**, including landowners and those exempt from license requirements.

- Big game must be checked in by midnight on the day of harvest and before being gifted to another person or leaving the state.
- Temporary Transportation Tag must remain affixed to the animal until it is checked in.
- Evidence of the animal's sex, species, and antlered status (if applicable) must remain with the animal while afield and until checked in.
 - » Bears may be whole or field dressed but must weigh 75 lbs. or greater when possessed afield. If bears are quartered or boned out, the total of the meat, hide, etc., must equal or exceed 75 lbs.
 - » For elk checking requirements see page 31.

Where to get temporary transportation tags?

Tags can be found at the bottom of your license, or they can be printed by logging into your account at GoOutdoorsTennessee.com.

The harvest confirmation number is important!

After check-in, it must be available for inspection by TWRA personnel until time of final processing. It must accompany an animal taken to a taxidermist, meat processor, or gifted to another person.

It is a violation of the law to provide false information during the check-in process. By completing the required check-in information,

whether on paper or electronic form, the hunter is affirming that the information as it appears on the permanent record is valid and correct.

TWRA ON THE GO - Mobile App

Available in the Apple App store and on Google Play. It stores your license information and allows you to electronically tag/check-in your harvest in the field. You don't need to carry any paper while you're hunting!

The TWRA On The Go app works even when you're out of cell signal range. Just check-in your harvest on location, and a harvest confirmation number will be generated. Your information will be automatically submitted to TWRA when you are back in range of a signal.

Tagging & Check-in Instructions

Have the TWRA on the Go mobile app?

YES

Electronic Tag/Mobile Check-in
(The EASIEST way)

Tag your harvest in the field using your smartphone by checking it in on the TWRA On the Go app (works even without a signal). Once the app generates a harvest confirmation number, all tagging and check-in requirements are completed.

YOU ARE FINISHED.

NO

Temporary Transportation Tag (No phone? No problem)

Fill out a pre-printed paper tag. They are at the bottom of your license and are available by logging in at GoOutdoorsTN.com. Cut out the tag and attach it to the animal. (Try using a zip-tie and sealable plastic bag). Then, Check-in Your Harvest before midnight on the day of harvest. Check-in one of three ways:

1. Check-in Station: <https://bit.ly/TagBeforeYouDrag>
2. On the Internet
3. Mobile App

(For all three methods, keep record of your harvest confirmation number).
YOU ARE FINISHED.

Deer Definitions and Bag Limits

Antlered Deer: Male or female deer with at least one (1) antler that is a minimum of three (3) inches in length.

Antlerless Deer: Male or female deer with no antlers or with antlers that are less than three (3) inches in length.

Antlerless deer hunters may harvest up to the unit antlerless bag limit in each unit. Moving to a different county within the same deer hunting unit does not increase the hunter's bag limit.

Archery equipment is legal during muzzleloader and gun seasons, muzzleloading equipment is legal during gun season.

Antlered Bag Limit: Units A, B, C, D, L - Two (2) antlered deer (one per day, not to exceed 2 for the season). The bag limit of two (2) antlered deer may be exceeded if taken as a bonus deer, or if harvested within Unit CWD.

Unit CWD - Three (3) antlered deer (one per day, not to exceed 3 for the season). The bag limit of three (3) may be exceeded if taken under the Earn-A-Buck Program in Unit CWD (see page 30), or if taken as a Replacement Buck (see page 30).

NEW NEXT SEASON!

The TWRA is in the process of developing **NEW DEER and TURKEY HUNTING UNITS** for the **2024-25 seasons**. These new units will better account for differences in populations and stakeholder values when setting hunting regulations.

More details to come this fall, with informational public meetings to follow.

- 2 Youths 6–16 years of age may participate. Participating youth can use gun, muzzleloader, and archery equipment (G/M/A). Young sportsmen must be accompanied by a non-hunting adult, 21 years of age or older, who must remain in a position to take immediate control of the hunting device and who must also comply with fluorescent orange regulations, as specified for legal hunters. Multiple youths may be accompanied by a single, qualifying adult. Antlerless bag limits for Units A, B, C and D are not to exceed a total of 2 antlerless deer for the four days combined.
- 3 Hunting is allowed on all privately owned lands in Unit L (including leased land and lands owned by individuals). It is the responsibility of all hunters to obtain verbal or written permission to hunt on privately owned lands. No public lands or WMAs are open during this period. No antlered deer may be taken during this period in Unit L.

CWD IN TENNESSEE

CWD Management Zone Feeding & Carcass Transport Regulations

These restrictions have been put in place to reduce the spread of Chronic Wasting Disease. Carcass transport restrictions reduce the chance that an infected deer carcass becomes a source of infection in a new area. Wildlife feeding restrictions reduce deer exposure to potential infections in other deer and in areas where deer unnaturally congregate due to supplemental feeding.

Deer carcass transportation and wildlife feeding restrictions apply to the CWD Management Zone. Therefore, if a new county becomes positive (based on CWD test results) these restrictions will automatically apply. Visit www.cwdintennessee.com for the most up-to-date map of the CWD Management Zone. **All other regulations (e.g., deer hunting unit, season dates, bag limits, etc.) remain the same unless changed by TFWC.**

- CWD Management Zone
- Outside CWD Management Zone
- Tennessee River

Carcass Transport Restrictions

Only approved parts may be moved out of the CWD Management Zone.

- Deer carcasses can move within and between counties in the CWD Management Zone.
- Once a carcass is brought into the CWD Management Zone, it cannot be moved out of the zone.
- Approved parts are free to be transported anywhere statewide.

APPROVED PARTS

- Deboned meat
- Antlers, antlers attached to cleaned skull plates, cleaned skulls (where no meat or tissues are attached to the skull)
- Cleaned teeth
- Finished taxidermy and antler products
- Hides and tanned products

EXAMPLES OF UNAPPROVED PARTS

- Whole and field-dressed carcasses
- Organs

- Guts
- Uncleaned (meat and/or tissue are present) heads/skulls/skull caps
- Non-muscular tissue

Feeding Restrictions

Within the CWD Management Zone the placement of grain, salt products, minerals, and other consumable natural and manufactured products is prohibited.

Feeding restrictions do not apply if the feed or minerals are:

- placed within one hundred (100) feet of any residence or occupied building; or
- placed in such a manner to reasonably exclude access by deer; or
- placed as part of a wild hog management effort authorized by the agency; or
- present from normal agricultural practices, normal forest management practices, or crop and wildlife food production practices.

Transportation Rules for CWD

TN residents hunting out of state - Only approved parts (i.e., deboned meat, clean skulls, skull plates and teeth, antlers, finished taxidermy, hides, and tanned products) from deer, elk, moose, and caribou may be brought back into TN.

Nonresident hunters - Be aware of potential restrictions on taking your TN deer and elk carcasses back to your home state. Check your home state regulations and regulations of those states you travel through to return home.

CWD MANAGEMENT INCENTIVE PROGRAMS

TWRA HAS SEVERAL PROGRAMS TO ENCOURAGE HUNTERS TO ASSIST WITH CWD MANAGEMENT BY HARVESTING ADDITIONAL DEER AND SUBMITTING THEIR DEER FOR CWD TESTING:

CWD Replacement Buck

- Hunters will receive a replacement buck if they harvest a CWD positive antlered deer, upon official notice from TWRA.
- There is no limit on the number of replacement bucks.
- Replacement bucks must be harvested in Unit CWD or in the county where the qualifying CWD-positive antlered deer was harvested.
- Replacement bucks must be harvested in the current deer season or during the following year's deer season. The next antlered deer harvested counts as the replacement buck.

Unit CWD Earn-A-Buck

Unit CWD hunters can earn additional bucks by harvesting antlerless deer and submitting them for CWD testing.

- Tennessee's antlered deer bag limit for Unit CWD is 3. The rest of the state has a 2 buck limit.
- An additional antlered deer is earned for each, and every single antlerless deer harvested in Unit CWD which is submitted for CWD testing.
- Unit CWD hunters may earn an unlimited number of antlered deer for harvest in Unit CWD in addition to the bag limit.
- Earned antlered deer must be harvested in Unit CWD.
- Valid for 2023-24 hunting season only. Earned buck available immediately upon check in and submission for CWD testing.

Fight CWD Incentive Program

TWRA is helping hunters who harvest CWD-positive deer.

- Hunters who receive a CWD-positive test result for a harvested deer will receive a voucher redeemable for \$75 of processing fees at participating processors.
- Any resident hunter who harvests two or more CWD-positive deer will be given an Annual Sportsman license for the next hunting season.
- If hunter has a lifetime license, the earned license may be gifted to another TN resident.
- If a hunter has an Auto-Renewal Annual Sportsman's License, the earned license may be gifted to another TN resident.

ELK

HUNTING REGULATIONS

2023 Elk Hunting Dates: Sept. 30–Oct. 20

(Permits were drawn Feb. 2023)

During Oct. 7–20, Archery deer hunters must wear blaze orange.

Incidental Take of Elk

A legal deer hunter may harvest an elk (either sex) incidental to deer hunting on all private and public lands open to deer hunting except for public and private lands located in Anderson, Campbell, Claiborne, Scott, and Morgan counties and except for Big South Fork River and Recreation Area,

Scott State Forest, and Obed National Scenic River Corridor. Only one elk per year may be harvested incidental to legal deer hunting. Elk harvested via incidental take must be reported to the TWRA on the day of harvest by calling 1-800-831-1174 to allow physical checking by TWRA personnel.

Special Regulations

1. All elk harvested by elk quota permit holders must be checked in at the North Cumberland WMA office on the day of harvest.
2. The location must be adequately marked so that TWRA employees can identify the harvest site, which can be accomplished by either providing GPS coordinates or accompanying a TWRA employee to the harvest site.
3. Use or possession of electronic radio-tracking equipment is prohibited.
4. Bugling or calling of elk is prohibited within the Elk Hunting Zones during all elk hunts except by permitted hunters and their assistants.

Elk Quota Hunts - 2024

Elk harvest is regulated by a quota permit system. The application period for the elk quota hunts is Feb 7–28, 2024. Applications available at TWRA license agents and online. Nineteen (19) quota permits will be issued in 2024. Each permit holder will be allocated an Elk Hunt Zone.

One of 19 quota permits will be issued to a qualifying non-profit wildlife conservation organization with all proceeds benefiting the TWRA's Habitat Management Program. The permit will be

available through an online raffle. To purchase tickets for the raffle, visit the Tennessee Wildlife Resources Foundation website at www.twrf.net.

Another one of the 19 quota permits will be issued to a resident Young Sportsman, who is able to hunt all open EHZs. A Young Sportsman quota permit holder may hunt any EHZ designated open by the TWRA and private lands in designated open counties.

Elk permits are valid for designated EHZs on North Cumberland WMA and on private lands in Anderson, Campbell, Claiborne, Morgan and

Scott counties. All public land other than North Cumberland WMA is closed to elk hunting. It is the responsibility of elk permit holders to obtain verbal or written permission to hunt on private property. TWRA does not guarantee hunter access on private lands. Landowners are not exempted from this permit requirement and must be drawn for a quota permit to hunt. For legal hunting methods, see page 9.

50 TENNESSEE CELEBRATES Years of Bear Hunting

Black bear hunting is a time-honored tradition for many Tennesseans. Old-time bear hunters can recall the days when getting to run one bear per year was considered a good season, while now it's common to run several bears each hunting trip.

While hunters have been chasing bears in Tennessee for well over a half-century, 2023 marks 50 years since the season was reopened after a three-year hiatus. Why was a break in hunting necessary? It's hard to discuss bear hunting without a look into bear management, so let's take a walk down memory lane.

Once found from Memphis to Mountain City, black bears were reduced to the remote mountainous areas of east Tennessee following the chestnut blight, land use changes, persecution, and unregulated harvest. Were it not for the creation of the Great Smoky Mountains National Park (GSMNP) and the Cherokee National Forest (CNF) in the 30s, bears might have been eradicated from the state. The establishment of the Tennessee Game and Fish Commission (TGFC) in 1949 created stricter hunting laws but the population was continuing to diminish. The earliest Tennessee bear harvest on record was in 1951 when hunters reported harvesting 29 bears, while the lowest recorded harvest was 7 bears in 1962. It's been said that by the end of the decade, it's believed there were as few as 50 bears within GSMNP borders. The TGFC closed bear hunting from 1970–1972 hoping the population would recover but when the season resumed in 1973, only 16 bears were harvested.

Where Are We Now?

These efforts have produced a continuously growing Tennessee black bear population now estimated at 6,500 individuals and a record harvest of 782 being taken in 2018. The GSMNP continues to harbor multitudes of black bears with a population estimated at 1,900 residing within the park's 800 sq. mi. boundary. This equates to over two bears per square mile, one of the highest black bear densities in the world. Bears are protected inside the park, but the surplus population often leaves park boundaries providing hunting opportunities in surrounding areas. Hunting bears with hounds is the traditional method, but still-hunting has seen a recent surge with expanded archery hunting opportunities in new places including a transitional zone, as well as the Cumberland Plateau, making bear hunting legal in about 1/3 of the state. The Cumberland Plateau now boasts an estimated population of about 500 bears. While the harvest is low across most of this area, biologists say the population is growing 18–20% every year.

Headed West!

Bears aren't just reserved for the mountains of East Tennessee anymore. TWRA has received reports of bears near Nashville and Memphis in recent years, which has certainly made news headlines. Will the population recover to the point that hunting seasons may be expanded further west? Time will only tell but either way, bear education will be a priority for TWRA. Our main focus as bears recolonize their former range is to educate the public on how to live responsibly with them. The fate of bears now will revolve around how humans deal with bear conflicts. It's truly in all of our hands. Visit [BearWise.org](https://www.bearwise.org) to learn more.

A Three-Piece Puzzle

Today's bear biologists credit a three-pronged approach to population recovery: 1) The need to reduce poaching, 2) The need to protect female bears and, 3) The need to provide sanctuaries. Bears are a shared resource prompting Tennessee, North Carolina, and Georgia to form the Tri-State Black Bear Study Group in 1976. The group continues to meet to discuss regional bear issues and has evolved into the Southern Appalachian Black Bear Study Group adding Kentucky, South Carolina, and Virginia. Their early work involved focusing on strategies to address the three-pronged approach.

To rectify poaching, "Operation Smoky," the largest undercover bear-hunting sting in history, was carried out in Tennessee, North Carolina, and Georgia in the 80s. Forty-three individuals were charged with 130 state and federal violations involving poaching and the selling of bear parts. To better protect female bears, hunting seasons were moved later in the year to favor the harvest towards males as sow bears typically den earlier than boars. The third focus involved the establishment of black bear reserves within the CNF to provide source populations of breeding sows. Combining reserves with the Tennessee portion of the GSMNP equals over 450,000 acres where bears are protected in the state.

Bear Reserves, Mt. Roosevelt WMA, State Parks, Scott State Forest, National Parks and Recreation Areas are closed to bear hunting unless otherwise stated.

Bear Season Regulations Legal Hunting Equipment

- **Bear limit:** One (1) bear either sex per year.
- The bear bag limit for any person participating in the statewide or Bear Party-Dog hunt or both shall not exceed one bear per license year. This bear may be either sex.
- Cubs or female bears with cubs at side may not be taken at any time. A cub is defined as a bear weighing 75 pounds or less.
- Bears may be whole or field dressed but must weigh 75 pounds or greater when checked in.
- If bears are quartered or boned out, the total of the meat, hide, etc. must equal or exceed 75 pounds.

See page 9.

Taking Wild Hogs During Bear Dog Hunts: Individuals licensed to hunt bears may take wild hogs during any proclaimed bear dog hunt.

Bear Dog Training Season

The following areas are open for a bear dog training season during daylight hours only. No bears may be taken or attempted to be taken. (Bear reserves closed to dog training):

- **BHZ1 and BHZ2:** Aug. 19–Sept. 24
- **BHZ3:** Sept. 6–15
- **BHZ4 and Transitional:** Closed.
- **North Cherokee:** Sept. 5–30
- **South Cherokee:** Sept. 6–15

Restricted Bear Reserve Hunt

Open area: Private property located within the proclaimed boundaries of the Kettlefoot and Laurel Fork Bear Reserves. September 16–22. Archery, Muzzleloader, Gun, Dogs allowed. One bear either sex. Does not count toward statewide bag limit. Electronic check permitted.

ATTENTION BEAR HUNTERS**It is now MANDATORY that a tooth sample from harvested bears be submitted.****WHY SHOULD I SUBMIT THIS INFORMATION?**

Bear hunting seasons are now established in 37 counties with Bear Hunt Zone Seasons running anywhere from 28 to 66 days. These long seasons and electronic check in make it impossible for Agency personnel to physically collect enough teeth from harvested bears to monitor population and harvest trends.

HOW DO I COLLECT A TOOTH?

The upper premolar is the tooth behind the canine (see photo). Using a knife or screwdriver, push the gum line toward the top of the head exposing more of the tooth. Loosen the tooth with the knife or screwdriver using the canine for leverage. This is an important step, trying to immediately pull with pliers usually results in a broken tooth. Once loose, use pliers to finish the job. Note: the entire tooth, roots included, is needed. View an instructional video on how to correctly remove and submit a bear tooth at <https://youtu.be/gbq3P2AIY6I>

Note: Collect both premolars and save 1 in case your first submission is lost in the mail.

SUBMITTING THE TOOTH

Once you have collected the tooth, fill out the form below and attach it and the tooth to an index card (or similar). Note: This is an important step that reduces the number of teeth that are lost in the mail due to sorting. Drop it in an envelope and send to:

WILD HOG

REGULATIONS

Wild hogs are invasive exotic animals that cause extensive damage to crops and wildlife habitat, contribute to erosion and water pollution, and carry diseases harmful to livestock and humans.

In Tennessee, they are classified as a species deemed destructive and it is illegal to possess, transport, or release live wild hogs.

Private Land Control

Landowners have these options on their private properties:

- Shoot wild hogs without limit, year-round, during the day, with any weapon and ammunition legal for taking big and small game.
- Trap with bait outside of big game seasons.
- Obtain a landowner wild hog exemption from their TWRA regional office. It allows extra methods of take like using a spotlight at night and allows family members and tenants that qualify under the Farmland Owner License Exemption (page 8) and up to ten additional designees to help with control efforts. For properties over 1,000 acres, an additional designee per 100 acres may be assigned. Landowners are required to report take at the end of each year for annual exemption renewal.
- Acquire technical assistance by contacting USDA Wildlife Services at 615-736-5506 or a regional TWRA office.

Bear hunters - Individuals licensed to hunt bears may take wild hogs during scheduled bear hunts where dogs are allowed.

Public Land Control

Wild hogs can only be taken on designated public areas, summarized below. Refer to specific regulations for individual WMAs for more details.

Public Land Control

TURKEY

HUNTING REGULATIONS

General Regulations

Hunting Hours

Thirty minutes before legal sunrise to legal sunset.

Legal Hunting Equipment

- Shotguns using ammunition with No. 4 shot or smaller. No restriction on number of rounds in the magazine.
- Archery equipment (longbows, recurve bows, compound bows, and crossbows).
- Sighting devices including scopes are legal. Night vision, infrared, and other devices using artificial light to locate wildlife are illegal.
- A pre-charged pneumatic gun (airbow) which shoots an arrow is legal for all hunters to use during statewide turkey gun seasons.

Prohibited Acts

(see page 9 for more details)

Baiting, possessing rifles, using handguns, possessing or using electronic calls, using live decoys, and loaded ammunition larger than No. 4 shot are prohibited. Turkeys may not be shot or stalked from a boat in Dyer, Haywood, Lauderdale, Obion, Shelby or Tipton counties.

Special Regulations

- A licensed turkey hunter who has filled his/her bag limit or does not possess a valid permit for a quota hunt, may accompany another turkey hunter who has a valid permit (except on WMAs where prohibited) and assist them in calling, but may not have turkey hunting weapons in their possession.
- On a Young Sportsman Hunt, youths must be accompanied by a non-hunting adult 21 years of age or older, who must remain in a position to take immediate control of the hunting device and is not required to have a license. Multiple youths may be accompanied by a single qualifying adult.
- Turkeys must remain intact while afield until checked in.
- All turkeys harvested on public land hunts count toward statewide bag limits. There are no bonus turkeys (see WMA section for details).
- **Fanning or reaping turkeys on WMAs is prohibited. See page 40.**

Wildlife Management Areas

- Many WMAs are open with statewide seasons and bag limits, though some have restricted dates or quota hunts (see WMA section for details).
- Calling or attempting to call turkeys using any means to mimic the sounds made by turkeys is prohibited from March 1 to opening day of spring turkey hunts on all WMAs.
- WMA spring turkey quota hunt application period is from Dec. 20, 2023–Jan. 10, 2024.

Fall Turkey

Open in all counties, **except** Bledsoe, Bradley, Crockett, Dyer, Giles, Haywood, Lake, Lauderdale, Lawrence, Lincoln, Loudon, McMinn, Monroe, Polk, Shelby, Tipton, Unicoi, and Wayne counties are closed.

During the fall turkey season, a turkey hunter may not be in possession of both archery equipment and shotguns and/or rifles. Any turkey harvested during the fall season counts toward the county bag limit of one (1). Hunters may hunt in any county they have not filled their fall bag limit.

Archery

Sept. 23–Oct. 27 and Oct. 30–Nov. 3, 2023 (same as deer archery-only season)

Shotgun/Archery

Oct. 14–27, 2023

Fall Turkey Bag Limit

One (1) bearded turkey per county.

Spring Turkey

All counties are open to spring turkey seasons, however there are some exceptions on public land (see WMA section for details).

Statewide

Young Sportsman¹: April 6–7, 2024
Shotgun/Archery: April 13–May 26, 2024

Spring Turkey Bag Limit

One (1) bearded turkey per day, not to exceed two (2) per season, only one can be a jake. An adult gobbler is defined by having one of the following: wing feathers have white barring all the way to the tip, tail feathers are the same length, beard is longer than 6 inches, or a spur is at least 1/2 inch long.

¹Any turkey harvested during the Young Sportsman Hunt counts toward the statewide spring season limit of two (2).

ATTENTION

Identifying Adult Gobblers

An adult gobbler has at least one of the following:

1. The beard is longer than 6 inches.
2. Tail feathers are the same length.
3. A spur is at least 1/2 in long.
4. Wing feathers have white barring all the way to the tip.

WILDLIFE MANAGEMENT AREA

GENERAL REGULATIONS

There are over 100 WMAs and refuges across Tennessee managed by the Tennessee Wildlife Resources Agency. Varying in size from 53 to 625,000 acres, all WMAs are available to the public for various outdoor activities, although certain regulations do apply.

On WMAs open with statewide seasons, the season dates, bag limits, weapon types, and ammunition types that pertain to the county where the WMA is located apply to that WMA except special regulations listed specifically for those WMAs still apply.

General Regulations

Prohibited Acts

Acts of disorderly, obnoxious or boisterous conduct, including acts which interfere with the orderly process of hunting, are prohibited. Violators shall be removed from the area and/or prosecuted.

Alcoholic beverages: Possession of any alcoholic beverage, narcotic drug, barbiturate or marijuana while hunting within the management area is

prohibited. No individual may be under the influence of these substances at any time while within a management area. The use of any alcoholic beverage is prohibited on these areas year round: Catoosa, Cheatham, Chuck Swan, Forks of the River, Laurel Hill, Pea Ridge and Prentice Cooper, except in designated camping areas.

Bag limits: Statewide bag and possession limits apply unless special exception is indicated.

Baiting: The placement or depositing of any type of food to feed or attract wildlife on WMAs is prohibited.

Dog training: Year round unless otherwise indicated.

Firearms: Persons may possess handguns in addition to legal weapons used for hunting the entire year while on the premises of any TWRA refuge, public hunting area, state owned wildlife management area or, to the extent permitted by federal law, national forest land maintained by the state, and private land. For other federally managed properties hunters should contact that specific

facility or location. Nothing in this subsection shall authorize a person to use any handgun to hunt unless such person is in full compliance with all wildlife laws, rules and regulations.

Horses permitted on roads and trails open to motorized traffic and other trails or routes established for their use, except as otherwise indicated. Riding off roads into fields, woods or on foot trails is prohibited unless otherwise provided.

Access Hours: Hunters (except raccoon, opossum, and turkey hunters) may not enter prior to two (2) hours before sunrise and must be out of the area by one (1) hour after sunset or legal closing time. Raccoon and opossum hunters must be out of the area one (1) hour after sunrise, except on the Cherokee Wildlife Management Area. Public access is prohibited on Barkley-Unit 1, Beech River WMA, Big Sandy, Bogota (Pool 1), Camden Units 1 and 2, Chickamauga (Shelton Bottoms, Mud Creek, New Bethal, Moss Island, Cottonport, Washington Ferry, Goodfield Creek, Gillespie Bend, Agency Creek, Ledford Island, Sugar Creek, South Mouse Creek Units), Gooch WMA (Unit E), Hiwassee Refuge, Horns Bluff Refuge, Lick Creek Bottoms (Region IV), South Fork Refuge, Thorny Cypress WMA (Pools 10, 11, 12), Three Rivers WMA (East and West Units), Tigrett WMA, West Sandy, and White Oak WMA from two hours after legal waterfowl shooting has ended until 4:00 a.m. the following day during late duck season(s).

Hunting near private dwellings: It is unlawful to hunt, shoot at, chase or kill with or without dogs any wild animal, wild birds or waterfowl on **public lands and waters** within 100 yards of a visible dwelling house, without the owner's permission, whether or not such a dwelling is on public or private lands.

Litter: No litter or sewage may be deposited in the area.

Motorized vehicles: All motorized vehicles must be muffler equipped to suppress noise and be spark-arrestor equipped to prevent fires. Operation of motorized vehicles is confined to roads not designated as closed. Off-road vehicles are restricted to roads open to other motorized traffic (except where prohibited by state or federal statute) and designated trails only. ORVs may be operated during daylight hours and at other times when participating in authorized activities. Driving off roads into woods, fields or utility right-of-ways is prohibited for all motorized vehicles. Motorized vehicles may be prohibited on any agency-owned wildlife management area if deemed necessary to protect wildlife, vegetation

ATTENTION

Summer feeding of deer could be hurting turkeys. Consider abstaining from summer wildlife feeding.

We all are aware that wild turkey numbers have been in decline across the Southeast US. Research has confirmed that declining populations are primarily due to poor reproduction and recruitment, not overharvest. Supplemental feeding of wildlife, which has grown as a common practice in Tennessee and elsewhere, may be contributing to these declines. Wildlife managers are concerned that corn put out for deer, especially during the summer, is hurting turkey numbers. A fungus called *Aspergillus flavus* grows in feed exposed to hot, humid conditions. This fungus produces toxins, known as aflatoxins, that are highly toxic to game birds, especially turkey poults and quail. New research has shown that in the summer, aflatoxin levels in feed can reach deadly levels to wild turkeys after only a few days (read the full report at: <https://doi.org/10.7589/JWD-D-21-00052>).

Besides the risk of aflatoxin poisoning, other consequences to wild turkeys from feeding wildlife may include:

- Boosting population numbers of small mammal nest predators;
- Concentrating nest predators near nesting sites and brooding cover which may lead to higher predation rates;
- Unnaturally concentrating game animals (e.g., deer and turkeys) which increases the chances of disease outbreaks and spread.

Please consider these potential unintended consequences as you make decisions about wildlife feeding, especially during the hot, humid summer months. Contact Regional offices with questions.

and/or property. Some exceptions apply. See individual WMAs for specific restrictions.

No person shall damage or remove any trees or other plants, dirt, gravel or sod from any wildlife management area or other Tennessee Wildlife Resources Agency-controlled lands without specific authorization.

No species of wildlife may be harassed except those authorized to be harvested and no animal killed shall be dismembered to the extent that its species and sex cannot be identified before checking out of the area.

Access to all caves on agency controlled lands is closed except to authorized personnel only, unless designated differently through signage or agency brochures.

Overnight camping may be permitted on designated areas by permission from area manager, park ranger, lake manager, park superintendent or national forest supervisor. Such camping is

subject to the limitation prescribed in the permit, if required. Camping shall not exceed three (3) weeks in length from the beginning to the end of the camping stay. Owners contact information (name, phone number, address) or TWRA ID number and date of arrival must be displayed on camper, tent, vehicle, etc. at all times. On areas where overnight camping is allowed, firearms and archery equipment must remain in camp except during legal hunting hours.

Pen-raised game birds: The release of pen-raised game birds on WMAs is prohibited unless otherwise specified.

Safety zones: Hunting is prohibited in safety zones except where provided.

Target practice is prohibited except on designated ranges.

Unauthorized persons are prohibited from being in the area during big game hunts except when indicated. Unauthorized persons are pro-

hibited from being in the wildlife management area during managed turkey hunts, except on the Cherokee, North Cumberland, and Tellico Lake wildlife management areas. Only persons having valid turkey hunt permits for the hunt date are authorized to be on the management area. *Exception: A licensed turkey hunter, who has filled their bag limit or does not possess a valid permit for a quota hunt, may accompany another turkey hunter (except on Oak Ridge WMA) and assist him/her in calling, but may not have a gun or bow in his/her possession.*

Fanning or reaping wild turkeys: On WMA lands, the practice of fanning or reaping is prohibited. Fanning/reaping is defined as hunting or stalking wild turkeys while holding or using for hunter concealment any of the following items: a tail fan, a partial or full decoy with a tail fan, or a tail fan mounted to a firearm. Tail fans include those made of real or synthetic feathers or an image or likeness of a tail fan applied to any material.

QUOTA HUNTS

WHAT EXACTLY IS A QUOTA HUNT?

TWRA realizes that on some WMAs, the number of hunters must be limited to increase hunter satisfaction and so there will not be a major impact on wildlife. In these areas, the agency uses a quota hunt system, limiting the number of permits.

WHAT TYPES OF QUOTA HUNTS ARE THERE?

Bear, deer, elk, sandhill crane, turkey and waterfowl hunts.

HOW DO I APPLY FOR A QUOTA HUNT?

You may apply online at <https://quotahunt.gooutdoorstennessee.com> via the TWRA mobile app, at a TWRA Regional Office or at any TWRA License Agent.

WHAT IS "PRIORITY"?

Tennessee has a priority point system in place for several of its quota hunts. An applicant is awarded one point for each year they apply and are not drawn, i.e., WMA Big Game, Spring Turkey WMA, etc. Applicants with the highest priority are more likely to be drawn first.

PRIORITY FACTS:

- If applicants in a party have varying priority points, the points will be averaged.
- Each applicant's priority is individual; it is only in the drawing that an applicant's party priority is considered. When a party is unsuccessful, each applicant's actual current priority points balance will increase by one point.
- Priority points only apply to the hunt category in which they were earned, i.e., WMA Big Game, Spring Turkey Waterfowl, etc.
- When a person is drawn for a hunt, their priority points will be reset to "0" the following year.
- Spring Turkey WMA: No limit.
- Youth Spring Turkey WMA: No limit

- Elk and Youth Elk: No priority. An applicant successfully drawn may not reapply for 10 years.
- WMA Big Game: No limit.
- Youth WMA Big Game: No limit.
- Cherokee Bear Hunts: No priority.
- WMA Season Long Waterfowl: No priority.
- WMA Early Season Waterfowl: No limit.
- WMA Mid-Season Waterfowl: No limit.
- WMA Late Season Waterfowl: No limit.
- Sandhill Crane: No limit.

HOW MUCH DOES IT COST TO APPLY?

A \$12 non-refundable application fee is required for each drawing requested, except individuals possessing a valid Annual, Lifetime or Senior Sportsman License.

Example: The "Maximum Awarded Permits" for WMA Big Game is two, meaning two drawings are held for the same pool of applicants. You may choose to enter one drawing, you will only be eligible for one permit and the cost will be \$12.00, plus any applicable fees. If you enter two drawings, you will be eligible for two permits and the cost will be \$24.00, plus any fees. You must choose the number of drawings, party information and hunt choices on one application.

WMA QUOTA HUNT APPLICATION PERIODS

- WMA Big Game: June 14–July 26, 2023
- WMA Waterfowl (All periods): See Page 44
- Sandhill Crane: Sept. 6–Sept. 20, 2023
- WMA Spring Turkey: Dec. 20, 2023–Jan 10, 2024

Any questions regarding Quota Hunts, please call (615) 781-6621.

Calling or attempting to call wild turkeys using any sound that mimics those made by a wild turkey is prohibited from March 1 to the opening day of the spring turkey hunts on all WMAs.

Wanton waste: Hunters are required to retrieve all crippled or dead game, if possible, and are prohibited from disposing of dead wildlife on WMAs.

Wheelchair-bound hunts: Zones, or blinds are open to hunters who are totally and permanently confined to a wheelchair as certified by a physician. On wheelchair-bound big game hunts, each wheelchair-bound hunter must be accompanied by a non-hunting assistant (age 16 years or older), except on Cordell Hull WMA where the assistant may also participate in hunting. On wheelchair-bound waterfowl hunts, each wheelchair-bound hunter must be accompanied by at least one, but not more than three assistants (at least one of whom must be age 16 years or older), who may also participate in hunting.

Big Game Hunting on WMAs

Permits: WMAs with a “BG” after the name require a *Big Game WMA Permit* in order to hunt big game, in addition to the regular hunting and big game licenses. There are two types of big game WMA permits for all WMAs depending upon the hunt: *Quota* and *Annual Non-quota WMA Big Game*. *Quota Permits* must be obtained by application to the Tennessee Wildlife Resources Agency, and are allocated based upon a computer random drawing. *Annual Non-quota WMA Big Game Permits*, or *Annual Senior Citizen Sportsman Permits* are available at all license agents and offices of the TWRA and are valid for all non-quota big game hunts, including the Cherokee WMA, for the entire license year. Lifetime Sportsman and Sportsman License holders do not need to purchase the non-quota permit, and may apply for quota permits at no charge.

On the Cherokee WMA, a WMA Non-quota Big Game Permit, Cherokee WMA Big Game Non-quota, or an Annual Senior Citizen Sportsman Permit is required to hunt big game and is valid for all non-quota Cherokee WMA big game hunts. Cherokee WMA Big Game Non-quota permits are not valid for any other WMA.

Cherokee party dog hunts: Applications are online at GoOutdoorsTennessee.com. Application dates are June 14–July 26 2023.

WMA permits are not transferable.

Youths hunting big game on a WMA: Proof of hunter education certificate is required for youths 10 years of age and older. An appropriate hunting license is also required for youths 13 years of age and older. All youths, age 6–16, are required to have a WMA Non-quota Big Game

Permit or a quota permit where applicable, unless they are hunting with a Lifetime License. Youths age 6–16 may also apply for WMA quota hunts. Youths age 6–16 must be accompanied by an adult, 21 years of age or older, who must remain in a position to take immediate control of the hunting device, who is not required to have a license (if not hunting) but must wear 500 square inches of fluorescent orange.

Young Sportsman’s Hunts: Young Sportsman’s deer hunts are for youths age 6–16 unless otherwise noted. Proper licenses and permits required. Each youth must be accompanied by a non-hunting adult 21 years of age or older. Both adult and youth must wear 500 square inches of fluorescent orange.

WMA Big Game Quota Hunts: Deadline for applications is midnight July 26, 2023.

Muzzleloading firearms are legal on all gun hunts except where indicated under the individual WMA listings.

Antlered and Antlerless Defined: Deer taken on antlered deer only hunts must be male or female with antler protruding three (3) inches above the hairline unless otherwise specified. Antlerless deer are defined as those deer with less than three (3) inches of antler protruding above the hairline.

Big Game Check-In Procedures: See page 25.

Treestands: The use of wire, nails or other metal material is prohibited in the building or attaching of climbing devices or hunting stands. Portable devices or stands that do not injure trees can be used. Hunting from permanent, attached stands is prohibited. Leaving any personal property, including treestands, unattended for more than 24 hours is prohibited without prior approval of the area manager. WMAs require that treestands must be marked with the hunter’s TWRA ID number.

August Deer (Archery) Season: This season is closed on WMAs that are open to statewide big game seasons, except for certain WMAs in Unit CWD. Check listings starting on page 50.

Small Game Hunting on WMAs

On WMAs open with statewide seasons, the season dates, bag limits, weapon types, and ammunition types that pertain to the county where the WMA is located apply to that WMA except special regulations listed specifically for those WMAs still apply. Small game hunters hunting on public lands must comply with blaze orange requirements during big game gun and Young Sportsman hunts on specific WMA’s where noted.

Permits: In order to hunt or trap small game on WMAs with a “SG” after the name, individuals are required to have one of the following permits in addition to the regular hunting or trapping license: Annual Senior Citizen Permit; Annual Small Game only; 1-Day Small Game and Waterfowl; or Annual Small Game and Waterfowl. (Lifetime Sportsman, Sportsman License holders or youths age 6–15 who are accompanied by an adult with a valid permit are exempt from purchasing a permit.)

Closures during big game hunts: Closures may apply, see specific WMA listing for those closures.

Quail: On WMAs open with the statewide seasons, quail season runs from the 1st Saturday in November until January 15, unless otherwise noted.

Crow may be taken on small game hunt days that coincide with the statewide crow season (see page 20).

Falconry open with statewide falconry seasons.

Raccoon and opossum hunting is open on sunset of opening dates to sunrise of the next day. Raccoon dog field trials permitted Sept. 1–April 30 unless prohibited.

Field Trials: Small game (except raccoon) and retriever field trials permitted year-round with approval of the area manager unless otherwise specified.

Dogs are allowed for small game hunting unless special exception is indicated. A permit is required for dog training on areas which require a small game permit. On Cherokee and LBL management areas, dogs are allowed on improved roads and in permitted camping areas. All dogs must be detained by chain or leash if not being legally used for hunting.

Dogs are allowed during spring squirrel season except where noted.

Youth hunting small game on a WMA: Youths, ages 6–16, must be accompanied by an adult, 21 years of age or older, who must remain in a position to take immediate control of the hunting device except as otherwise noted.

Trapping on WMAs

Other TWRA lands not proclaimed as a WMA or refuge are open with statewide seasons unless otherwise indicated.

Permits: A WMA small game permit is required to trap on all areas that require a small game hunt permit.

Waterfowl Hunting on WMAs

Permits: WMAs with a “WF” after the name require either an Annual Small Game and Waterfowl permit; or a 1-Day Small Game and Waterfowl permit in addition to a regular hunting license and Waterfowl license. There are three exceptions: Lifetime Sportsman, Sportsman License holders and youths age 6–15 who are accompanied by an adult with a valid permit, do not need a permit. Nonresidents, however, must have either a WMA Small Game and Waterfowl Permit or 1-Day Small Game and Waterfowl Permit in addition to their license.

Tier System: A designated waterfowl hunt location is a marked location (via physical stake or Global Positioning System [GPS] coordinates) established by the TWRA upon which a permanent blind may be constructed, depending on Tier designation as determined by TWRA, at Barkley Unit I, Big Sandy (including Gin Creek Unit), Camden Units I and II, Cheatham Lake, Gooch Unit A, Haynes Bottom, Old Hickory Units I and II, Tigrett, AEDC (Woods Reservoir), West Sandy, and Reelfoot.

- Tier 1 designated hunt location is a marked location with a permanent blind assigned by a random drawing to a permittee for an entire waterfowl hunting season.
- Tier 2 designated hunt location is a marked location with a TWRA constructed and maintained permanent blind assigned by a random drawing to a permittee for a period of time during the waterfowl hunting season.
- Tier 4 designated hunt location is a marked location that may be hunted on a first-come, first-served basis.

Tier 1 Blind Sites: Tier 1 permits will be valid for the entire regular waterfowl season. Hunters can apply through any TWRA license agent or at GoOutdoorsTennessee.com from June 28–July 19, 2023. Tier 1 Locations shall have a permanent blind at the location built or maintained (if a permanent blind already exists) at the location, by the permittee(s). The maximum hunt party size for Tier 1 Locations is eight (8) adults, but there is no maximum party size for youth hunters. However, youth hunters (ages 6–15) must be accompanied by an adult at least eighteen (18) years of age while hunting a Tier 1 Location. All Tier 1 Location permanent blind construction and/or placement must be complete by the fourth Monday in October. To be considered complete, a permanent blind structure must be at least four (4) feet wide, four (4) feet high, and eight (8) feet long, but may not exceed thirty (30) feet in length and may not exceed three hundred (300) total square feet. The walls of the permanent blind structure must be solid material to which camouflage may be attached. A permanent blind structure at a Tier 1 Location must be in place and remain in place throughout

the regular waterfowl season. All camouflage must be completed by opening day of regular waterfowl season. Any Tier 1 Location with a permanent blind structure not in compliance with the above requirements will result in the Tier 1 Location Permit being cancelled and the Tier 1 Location being designated as a Tier 4 Location for the remainder of the waterfowl season. Tier 1 Locations redesignated as Tier 4 Locations may be drawn as Tier 1 Locations the following year. If adverse environmental conditions prevent the construction and/or placement of a permanent blind at the site by the deadline, as determined by the TWRA, the area manager may grant an extension. The area manager must receive a written request for an extension, from a permittee, prior to the fourth Monday in October. Should these adverse environmental conditions persist and completely prevent the construction and/or placement of a blind on the site, as verified by the area manager, a permittee shall not be denied the opportunity to participate in the drawing the following year. Blinds rendered unusable or destroyed may be repaired or replaced at the discretion of the area manager. Permanent blinds built on Tier 1 Locations must be within five (5) feet of designated stakes or GPS coordinates. Permittee(s) must remove all associated blind materials, including all litter and trash, stakes, weights, and lines within fifteen (15) days after the last day of the regular waterfowl season or the last day of a special youth or military hunt, whichever occurs later. All blinds must be removed from Tier 1 locations by April 30, but an area manager may allow more time for removal upon written request. Any blind not removed will become the property of the TWRA for future use and/or destruction. If a Tier 1 Location permittee does not meet the deadline for having the blind on site, or violates any other provision of this rule, the permittee forfeits the permittee's opportunity to participate in any waterfowl quota hunt drawing the following year. Successful applicants drawn for a Tier 1 Location are prohibited from applying, as an individual or in a party, for a Tier 2 or quota permit.

Tier 2 Blind Sites: Typically, Tier 2 permits will be valid for a two, three, or four-day hunt period. Hunters can apply through any TWRA license agent or at GoOutdoorsTennessee.com during three separate application periods (Early Segment Sept. 27–Oct. 17; Mid Segment Oct. 25–Nov. 14; Late Segment Nov. 15–Dec. 5). Tier 2 Locations shall have a permanent blind at the location built and maintained by the TWRA. The maximum hunt party size for Tier 2 Locations is eight (8) adults, but there is no maximum party size for youth hunters. However, youth hunters must be accompanied by an adult at least eighteen (18) years of age while hunting a Tier 2 Location. A Tier 2 Location permittee must be present any time a Tier 2 Location is hunted. No other individual may hunt a Tier 2 Location even if a permittee is not in the blind by the legal daily opening shooting time. No access is allowed until 4:00 a.m. on the day of the drawn hunt. Permittee(s) are responsible for removal

of all decoys, litter, and trash on the last day of the hunt period.

Tier 4 Locations: Tier 4 Locations may or may not have permanent blinds. Any permanent blinds at Tier 4 Locations are structures leftover from Tier 1 Sites that have become Tier 4 Locations because the successful applicant failed to construct a blind by the deadline. No person may construct new permanent blind structures at Tier 4 Locations. Temporary blinds may be used at Tier 4 Locations, but the blinds must be removed at the end of each day. Any temporary blinds and decoys must be removed from the area at the end of shooting each day. All temporary blinds must be within twenty-five (25) feet of designated stakes or GPS coordinates. No permit is required to hunt Tier 4 Locations, but the first person or party to the location before the legal daily opening shooting time has priority use (exclusive and uninterrupted use) of the location until the end of the shooting hours that day. Exclusive and uninterrupted use entitles the person or party to the right to exclude all others from the location, at the person's or party's option, except for law enforcement personnel engaged in the performance of their duties. The maximum hunt party size for Tier 4 Locations is eight (8) adults, but there is no maximum party size for youth hunters. However, youth hunters must be accompanied by an adult at least eighteen (18) years of age while hunting a Tier 4 Location. Any person or party hunting a Tier 4 Location is responsible for removal of all decoys, litter, and trash at the end of each day.

“Blind hopping”: A waterfowl hunt permittee, an individual to whom the TWRA issued a permit for Tier 1 blinds, must occupy his/her blind or hunt location by the legal daily opening shooting time on days he/she wishes to hunt, and if the blind or hunt location is unoccupied at that time by the permittee, the first person or party occupying the blind (“blind hopper”) shall be entitled to the privilege of its exclusive and uninterrupted use until the end of shooting hours that day. Exclusive and uninterrupted use entitles the person or party the right to exclude all others from the blind or hunt location at the person's or party's option, except for law enforcement personnel engaged in the performance of their duties. The permittee has priority use (exclusive and uninterrupted) only if he/she is at the blind or hunt location on or before the legal daily opening shooting time, even if the blind or hunt location is occupied by another person or party, provided the permittee produces identification and his/her permit. **The “blind hopping” allowance does not apply to Tier 2 blinds.**

Temporary hunt locations: Hunting will be permitted from permanent draw blinds and temporary blinds on Camden-Unit II, Big Sandy (including Gin Creek Unit), Barkley Unit II, Cordell Hull, Reelfoot, Tigrett, and West Sandy in accordance with statewide rules and regulations. Any temporary blinds and decoys must be at least two hundred

(200) yards from any Tier 1, 2, or 4 waterfowl hunt locations blind and must be removed from the area at the end of shooting each day.

Application periods: Hunters can apply for Tier 2 Sites through any TWRA license agent or at GoOutdoorsTennessee.com during three separate application periods (Early Segment Sept. 27–Oct. 17; Mid Segment Oct. 25–Nov. 14; Late Segment Nov. 15–Dec. 5). *All waterfowl drawings require a party application of 4 persons minimum, 8 person maximum. See Page 44.*

Claiming Your Permit: Successful applicants that are drawn for a Tier 1, Tier 2, or Quota Permit must log into their GoOutdoorsTennessee.com account to **claim their permit**. **Claiming your permit** will meet the requirements formerly known as the NOI (notice of intent). Successful applicants for Tier 1 sites will need to **claim their permit** by August 14, 2023; Tier 2 permits must be claimed by the following dates: Early Segment Oct. 30, 2023; Mid Segment Nov. 27, 2023; Late Segment Dec. 18, 2023). Each party member must claim their own permit. Permits will be available to print after the permit has been claimed. A confirmation number will be issued upon completion. Successful parties drawn for Tier 1 sites who do not claim any permits will result in the Tier 1 Site location being forfeited. Individuals in the party that fail to claim their permit will forfeit their individual permit. Any unclaimed or forfeited Tier 1 Site will be re-allocated at the respective regional office for that Tier 1 Site. For Tier 2 and Quota Permit sites, any license holder may enter for a leftover drawing, but any applicant drawn must be present at the prescribed time and location to claim the permit (see page 45).

Reelfoot and West Sandy (Springville Bottoms) permanent registered blinds: Reelfoot blinds must be registered with the TWRA from February 18 through July 31 and require the purchase of a Reelfoot Duck Blind Permit. To register a permanent blind at West Sandy an individual must purchase a combination waterfowl and small game annual WMA permit or a sportsman's license on or before July 31. By the first Saturday in August, the TWRA will verify whether a permanent registered blind site was renewed. Registration of permanent blinds at West Sandy will be in-person at Henry County Fairgrounds on the first Saturday in August. Individuals claiming blind sites on these areas may not compete for blind site drawings on other areas.

All blind sites will be given a registration number, which must be displayed, using lettering 2 inches or larger inside the blind, or on a stake at floating blind sites. When floating blinds are moved to designated blind stakes, the number must be immediately transferred from the stake to the blind. No blind may be constructed, repaired or any floating blinds moved onto the area that have not met the deadlines for registering the blind and displaying the registration number. Unregistered and/or unnumbered blinds are subject to removal.

No blind may be locked or barricaded to deny entrance to other hunters when the blind is not in use.

Wheelchair-bound blind sites: Certain WMAs have special blind sites established for wheelchair-bound hunters. See specific WMAs for regulations, if applicable. Properties with accessible blinds:

- Camden
- Cheatham Lake
- Cordell Hull
- North Chickamauga Creek Varner Unit
- Old Hickory Unit 1
- Reelfoot
- West Sandy

Youths hunting waterfowl on a WMA: Youths, ages 6–16, must be accompanied by an adult, 18 years of age or older, who must remain in position to take immediate control of the hunting device, except as otherwise noted.

Veterans and active military waterfowl on a WMA. Veterans and members of the Armed Forces on active duty, including members of the National Guard and Reserves on active duty (other than for training), participate in the special Veterans and Active Military Personnel Waterfowl Season on WMAs, see page 14.

TWRA Public Hunting Areas (PHAs)

TWRA has established numerous PHAs; see list below. A PHA is an area established for the protection of wildlife species and public use by both consumptive and non-consumptive users, but is not intensively managed. PHAs are generally small and isolated from other TWRA managed lands. General WMA Regulations (pg. 38–43) also apply to PHAs. However, WMA Permits are not required on these lands.

For information on these areas and exact locations, search the interactive map (go to www.tnwildlife.org and search for Wildlife Management Area Maps).

Open with statewide seasons: Cowan Swamp (Franklin Co.), Shady Park (Robertson Co.), Battle Creek (Marion Co.), Whites Creek (Rhea Co.), Mullins Island (Cocke Co.)

Open with statewide seasons except archery equipment only for deer hunting: Anderson Pond (White Co.), Hampton Crossroads (White Co.), Long Branch (DeKalb Co.)

Open with seasons same as North Cherokee WMA: Big Springs (Sullivan Co.), Henderson Swamp (Washington Co.)

Hunting on TWRA Lakes

Hunting: Hunting is permitted during the regular hunting season on the following lakes and adjacent state lands, except on areas posted as safety zones: Garrett Lake, VFW Lake, Whiteville Lake, Coy Gaither Bedford Lake, Laurel Hill Lake, Carroll Lake (no big game hunting allowed on Carroll Lake and State owned land adjacent thereto), and Reelfoot-Indian Creek Watershed Lakes. **Note:** On the Oak Dain Wetland portion of Whiteville Lake deer seasons follow Unit CWD dates and bag limits, including August G/M/A Hunt. See page 28.

Trapping: Trapping is allowed on Reelfoot-Indian Creek Watershed Lakes as set out in statewide regulations.

Waterfowl Hunting: Waterfowl hunting is permitted from temporary or natural blinds only on Garrett Lake, Laurel Hill Lake, Whiteville Lake, and Reelfoot-Indian Creek Watershed Lakes. Blinds and decoys must be removed daily from Garrett Lake, Whiteville Lake, and Reelfoot-Indian Creek Watershed Lakes. Boats may be used for waterfowl hunting on Garrett Lake, Laurel Hill Lake, Whiteville Lake, and Reelfoot-Indian Creek Watershed Lakes. See Laurel Hill WMA section regarding the waterfowl hunt at Laurel Hill Lake.

HOW TO GUIDE

Using the WMA Icons:

Icons indicate that a season is open. If an icon is listed in a WMA, that season is open with possible restrictions that will be listed. If there is no icon listed in the WMA, the season is closed.

If the Big Game and/or Small Game icon is listed, then all Big Game and/or Small Game species are open with the statewide season unless otherwise noted.

The top line of each WMA is a quick reference guide to see what species are open to hunting during the statewide season.

The WMA summaries supply hunt dates, bag limits and special regulations. There are general regulations that may not be listed but apply to all WMAs (pages 38-41). **Read ALL regulations before visiting a WMA.**

If there are special managed hunts or seasons, these will be listed separately underneath each WMA. Specific dates, bag limits, and or restrictions will be listed here.
