FISH WASHINGTON®

*Max towing of 13,500 lbs. available on F-150® SuperCrew® cab 6.5′ box 4x4 with available 3.5L EcoBoost® V6 engine. When properly equipped. Requires Tow/Haul Package and optional Max Tow Axle. Max towing varies based on cargo, vehicle configuration, accessories and number of passengers.

**Max payload of 2,440 lbs. available on F-150® Regular Cab 8′ box 4x2 with available 3.5L EcoBoost V6 engine. Max payload varies and is based on accessories and vehicle configuration. See label on doorjamb for carrying capacity of a specific vehicle. Always properly secure cargo.

WASHINGTON
Sport Fishing Rules
2025–2026

WAC Summary Information

This pamphlet is a summary of fishing regulations (Chapters 220-200, 220-220, 220-300, through 220-303, 220-305, 220-310, through 220-316, 220-320, and 220-330 of the Washington Administrative Code, adopted by the Washington Fish and Wildlife Commission; and Title 77 of the Revised Code of Washington, adopted by the Legislature). This pamphlet does not contain nor is it intended to contain all Department regulations.

This program receives Federal financial assistance from the U.S. Fish and Wildlife Service. It is the policy of the Washington Department of Fish and Wildlife (WDFW) to adhere to the following: Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and Title IX of the Education Amendments of 1972. The U.S. Department of the Interior and its bureaus prohibit discrimination on the basis of race, color, national origin, age, disability and sex (in educational programs). If you believe that you have been discriminated against in any program, activity, services, or facility, please contact the The Civil Rights Coordinator at 833-885-1012, email: CivilRightsTeam@dfw.wa.gov or by mail at P.O. Box 43139, Olympia, WA 98504, or write to: Office of Diversity, Inclusion, and Civil Rights, US Department of the Interior, 1849 C Street NW, Washington DC 20240.

This pamphlet is also available online at *www.eRegulations.com/Washington/Fishing*

Request this information in an alternative format or language at *wdfw.wa.gov/accessibility/requests-accommodation*, 833-885-1012, TTY (711), or CivilRightsTeam@dfw.wa.gov

On the cover, youth angler with 12lb rainbow trout. Caught on opening day at Deep Lake, Stevens County.

HOW TO USE THIS PAMPHLET

This pamphlet is effective **July 1, 2025 through June 30, 2026** and contains information you need to legally fish throughout Washington State (see WAC summary information to the left).

1. **Read the General Information Pages.** Read the Licensing and Catch Record Card information. Read the Selective Fishing and Fish Handling information (page 12). Also be sure to look at the "Update from WDFW" (page 2).
2. **Read the Statewide General Rules (pages 6-10).**
3. **Read the Freshwater, Marine Area, or Shellfish/Seaweed Section.** Read Statewide General Rules pertaining to the section in which you intend to fish.
4. **Read the Special Rules for Area and Species You Intend to Fish.** These rule modifications supersede the General Rules and are listed as they apply to specific areas or species. This pamphlet is a summary of WDFW regulations. Before fishing in a National Park or on an Indian reservation, contact the Park or Tribe to check their regulations (see page 10 for contact information).
5. **Check for Emergency Rules. Emergency rules may occur throughout the year and will supersede the rules contained in this pamphlet. Changes can be found by contacting statewide customer service (360) 902-2700 (8:00 a.m. - 5:00 p.m. Mon. - Fri.), or by visiting the WDFW website *https://fortress.wa.gov/dfw/erules/efishrules/.***

Message from WDFW

KELLY SUSEWIND
WDFW Director

KELLY J. CUNNINGHAM
Director of Fish Program

Washingtonians and visitors alike enjoy the fishing activities across the state's numerous waterways. It's hard to beat recreating in Washington, but it is the Washington Department of Fish and Wildlife's (WDFW) duty to ensure the fisheries we manage are around for the enjoyment of generations to come.

As part of our commitment, WDFW listens closely to public input, finds solutions that best serve all interested participants, and works transparently by keeping an open door when it comes to public expectations. WDFW also works closely with tribal co-managers to provide sustainable fishing and shellfish gathering for all.

A report released in 2025 by the American Sportfishing Association (ASA) showed the growing economic contributions of recreational fishing. The data reflects angler participation and economic impacts in Washington and across all 50 states.

The ASA report with 2022 data showed 716,370 resident and non-resident anglers who fished in Washington waters spent around $2.4 billion. Statewide contributions by anglers in Washington generated $3 billion, supported 16,930 jobs, and produced $272 million in state and local taxes. National contributions generated $230.5 billion, supported more than one million jobs, and produced $17.5 billion in federal taxes.

The data was compiled through both previous estimates from past ASA studies and data collected by the U.S. Fish and Wildlife Service's National Survey of Fishing, Hunting and Wildlife-Associated Recreation (FHWAR). To learn about the 2022 FHWAR and better understand the scale and scope of outdoors, fishing- and wildlife-related recreation in Washington, please visit WDFW's website.

Turning to the water, Washington has numerous waterways from rivers, lakes, bays, inlets, and coastal areas that make it a top pick not only for fishing but to enjoy what the great outdoors has to offer.

The 2025–2026 North of Falcon salmon season setting process concluded this past spring with the collaborative effort by tribal co-managers, other West Coast fishery managers, federal fishery representatives, and stakeholders. We also take the public's feedback seriously to help inform our current and future management strategies.

During this process, WDFW worked to manage sustainable fishing opportunities that span the entire year for all Washingtonians and visitors. The Department strives to make decisions while using science to meet conservation goals to aid the recovery of salmon and steelhead, including constraints under the federal Endangered Species Act.

The adopted seasons should provide a summer of fun, from an expected strong Puget Sound pink forecast to sockeye fisheries in the Upper Columbia River, Lake Wenatchee, and Baker Lake. There will also be ocean summer salmon fishing, and freshwater salmon anglers will find numerous places to fish this summer and fall.

In late April, our statewide lowland lakes trout fishery got underway with more than 14.5 million trout stocked, offering a diverse number of places to fish throughout the year.

Adding to the excitement, 2025 marks the 10th Anniversary of the WDFW Trout Derby, which runs through Oct. 31. The derby is our biggest yet with more than a thousand prizes for those who catch a tagged trout in hundreds of stocked lakes. The success of the derby wouldn't be possible without our ongoing partnerships with license dealers and vendors statewide.

As you read this pamphlet, we'd like to thank you for your commitment to keeping these time-honored activities alive and appreciate everything you do to support fisheries conservation in our great state. We hope to see you on the water soon!

For more information about the 2025 ASA report, please visit the ASA's website.

Update from WDFW

NEW FOR 2025–2026

- A 2.9% surcharge is now added to any purchases made online or over the phone.
- License fees are current at the time of publication. During the 2025 legislative session, the legislature adopted SSB 5583 which increases recreational license costs by 38% beginning July 1, 2025; SB 5390 which increases the cost of a Discover Pass beginning Oct. 1, 2025; and HB 2003 which re-establishes the Columbia River Salmon and Steelhead Endorsement fee beginning Jan. 1, 2026. Refer to ***https://fishhunt.dfw.wa.gov*** for up-to-date information.

kalkomey™

About This Guide

This high-quality reference guide is brought to you by the Washington Department of Fish & Wildlife through a partnership with Kalkomey, a trusted leader in outdoor safety education since 1995. In addition to producing this guide, Kalkomey also offers a suite of educational courses to help people enjoy the outdoors safely.

The revenue generated through ad sales in this publication significantly lowers production costs and generates savings. These savings translate into additional funds for other important agency programs and we thank the advertisers for their support.

BOARD OF PILOTAGE COMMISSIONERS WASHINGTON STATE

pilotage.wa.gov

CLEAR THE LANES FOR SHIPS

Fishing is legal in the ship traffic lanes if the lanes are kept clear for ships.

Clear the lanes when ships are 5 minutes away (about 2 miles) to avoid impeding traffic.

Be aware of your surroundings and monitor vessel traffic on VHF channel 14.

In this example, a ship (green) in traffic lanes near Kingston, is 2 miles from fishing boats (red) and will reach the boats in 6 minutes.

U.S. Inland Navigation Rules and COLREGS Rule 10 state:
VESSELS LESS THAN 65 FEET IN LENGTH SHALL NOT IMPEDE THE PASSAGE OF VESSELS TRANSITING THE TRAFFIC LANES.

Statewide General Rules

See pages 23-25 for Freshwater-specific rules and pages 108-109 for Marine Area-specific rules.

HARVEST AND POSSESSION RULES

You May:

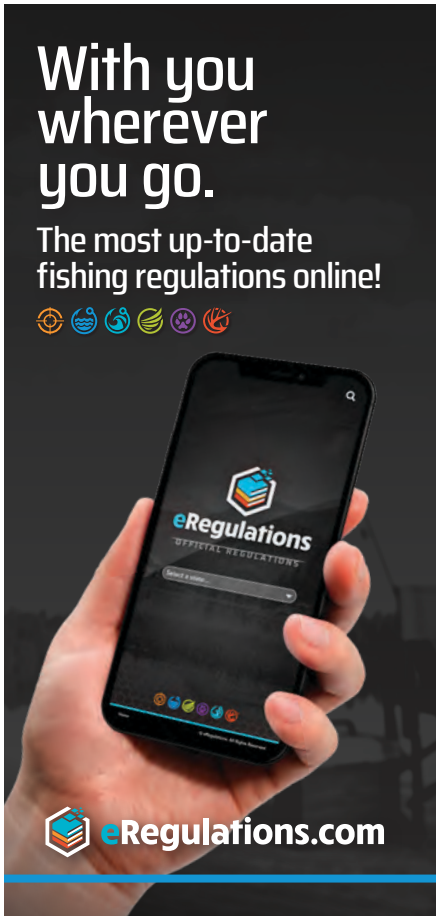

- Clean or portion fish or shellfish while in the field with the following exceptions: It is unlawful for an angler to fail to retain proof of compliance with species, size, number, weight, sex, or wild or hatchery origin restriction, if such restrictions apply, until the angler is ashore and has finished fishing for the day. For all rockfish species and for fish with a length restriction, anglers must retain the fish carcass until coming ashore to comply with the above rule. This does not apply if the catch is in the process of being prepared for immediate consumption.
- Use a rodholder.
- Leave your rod in a rodholder while playing or landing a fish if the rod can be easily removed from the holder.
- Use an electric powered reel attached to a pole.
- Use a downrigger if the line releases from the downrigger while playing or landing the fish.

You May Not:

- Fish in closed waters.
- Retain wild steelhead.
- Retain Dolly Varden/bull trout except where specially authorized in the special rules.
- Take, fish for, or possess Pacific lamprey, western brook lamprey, or river lamprey, or use any species of lamprey for bait.
- Harvest in freshwater any fish not classified as a Food Fish or Game Fish except for Northern pike.
- Fish for, retain, or possess canary rockfish (except in Marine Areas 1-3 and 4 West of Bonilla-Tatoosh line), green sturgeon, yelloweye rockfish, sixgill, sevengill, or thresher sharks, pygmy whitefish, margined sculpin, or Olympic mudminnow.
- Fish for, retain, or possess eulachon (Columbia River Smelt) unless specifically open under emergency regulation.
- Fish for, or harvest fish or shellfish in an area with catch in your possession that does not meet the rules of that area. However, you may pass through such an area without stopping to fish. Also, you may catch fish in one area and land them at a port in a different area even if that different area is closed or has different rules, with the exception of landing halibut in a closed area (page 108), or landing bottomfish caught in Oregon (page 10). Additionally, see Fish and Shellfish caught in Canada (page 10).
- Intentionally waste fish or shellfish. This includes: The intentional killing of fish and shellfish and then returning to the water. The removing of claws from live crab, or mutilating or clipping fins from live fish (such as dogfish) and then returning the fish or shellfish to the water.
- Use salmon, herring, or halibut for anything other than human consumption or fishing bait.
- Continue to fish for salmon after the adult portion of the daily limit has been retained.
- Fish for (unless authorized by Special Rules) or harass fish within 400 feet downstream of a man-made dam, fish ladder, or other obstruction, or in rearing, holding, or passage facilities.
- Harvest any part of another person's daily limit, except for persons who possess a Designated Harvester Companion Card unless otherwise specified.
- Chum (broadcast feed) to attract Game Fish unless authorized by Special Rules.
- Remove eggs from a salmon to use or preserve them for bait without retaining the carcass from which the eggs were removed.
- Transport live fish or relocate shellfish or shells into state waters without a permit.
- Possess fish or shellfish that do not meet the minimum and maximum size limits, weight limits, or sex restrictions, or that are in excess of the daily or possession limit.
- Possess sturgeon eggs in the field without having retained the intact carcass of the fish from which the eggs were removed.

(Continued on page 8)

Vitamin D-stress

When time on your boat is like medicine for the soul, rest assured that every precious moment is protected by America's #1 boat insurer—day after day, cast after cast.

1-800-PROGRESSIVE | PROGRESSIVE.COM

PROGRESSIVE®

Get a quote in as little as 4 minutes

Progressive Casualty Insurance Co. & affiliates. #1 rating based on 2022 boat market share. Data is sourced from Ratefilings.com.

You May Not:

- Possess Dolly Varden/bull trout in the field in such condition that the species and total length cannot be determined.
- Possess another person's Food Fish, Game Fish, or shellfish unless it is accompanied by a statement showing the name, address, license number, date, county, and area where it was taken, and the signature of the angler who harvested it.
- Hold recreationally-caught fish or shellfish in storage by a custom canner, hotel or restaurant, or a cold storage plant without tags listing the name and address of the owner of the fish or shellfish.
- Trespass on private property (which often includes the bed of a stream) regardless of whether there is an open season.

You are Required to:

- Cooperate with data collection or other sampling of fish, shellfish or seaweed upon request of Department of Fish and Wildlife personnel. This includes relinquishing any part of a salmon, steelhead, or other species of fish containing coded-wire tags.
- Stop at mandatory check stations established by the Department of Fish and Wildlife.
- Show fish, shellfish, and seaweed in your possession and required licenses, Catch Record Cards, and gear being used, upon request of a Fish and Wildlife officer.
- Fill out your Catch Record Card immediately upon retaining salmon, steelhead, halibut, or sturgeon. For Puget Sound Dungeness crab, fill out immediately when fishing from a boat or dock, or upon returning to shore when wading or diving.
- Return your Catch Record Card when you are done fishing or by the date printed on your card, even if nothing was caught.

GEAR RULES

You May Not:

- Snag or attempt to snag fish.
- Use a net, except when using a dip net to land legally-hooked fish, a forage fish dip net to harvest forage fish, or a forage fish cast net to harvest sardine and or anchovy (within Marine Areas 1-4 only).
- Use drugs, explosives, or poison that may kill or injure fish and wildlife.
- Use any type of chemical irritant to harvest fish, or shellfish unless a special exception has been made by the Director.
- Fish with a rod not under your immediate control, or leave your gear unattended.
- Fish for Game Fish, salmon, sturgeon, shad, octopus, crab, or other shellfish with bow and arrow, spear, or spearfishing gear unless authorized by Special Rules.
- Use a gaff hook, except to land lingcod (in Marine Areas 1-3 and 4 West of Bonilla-Tatoosh line), halibut, tuna, or dogfish shark that will be retained.
- Use a crossbow to harvest fish or shellfish.

(Continued on page 10)

Get The Lead Out

Lead is a toxic metal that, when ingested, can be lethal to waterfowl and other animals. Commonly found in fishing weights and lures, this metal is poisoning wildlife such as loons and eagles.

Many anglers are now using fishing tackle made from non-toxic materials such as tin, bismuth, steel, and tungsten. As lead alternatives are becoming more available, WDFW encourages anglers to try them to help protect our fish, wildlife, and fragile ecosystems.

Non-toxic alternatives:
Tungsten, bismuth, steel, tin, glass, stone, metal composite

Photo courtesy of Minnesota Pollution Control Agency

Prescribed fire is a management tool used by public land managers to increase public safety, improve wildlife habitat, create a more fire resilient landscape and a better experience for those who use public lands.

There is a small window in the spring and fall each year when prescribed fires are safe as the weather is cool but not too wet. That window often falls during hunting seasons.

If you plan to hunt public land, please research in advance to make sure your hunting spot isn't within a burn area. Windows of time for safe and effective implementation of prescribed fire often occur on short notice.

Please visit
dnr.wa.gov/prescribedfire or
twitter.com/waDNR_Forests or
The Washington Department of Fish & Wildlife

Thank you for your patience; we understand these fires can be an inconvenience while underway.

BUYING AND SELLING FISH & SHELLFISH

You may not offer any recreationally-caught fish or Shellfish for sale or barter.

FISHING IN OREGON WATERS

May not retain, possess, or land bottomfish from Oregon that do not comply with the regulations for the area where the fish are landed. See bottomfish definition page 18.

FISHING IN CANADIAN WATERS

In determining the location of the U.S./Canada border, U.S. (not Canadian) navigation charts apply to anglers fishing from vessels registered in the State of Washington.

CANADIAN SALMON TRIP NOTIFICATION

Anglers who plan to fish for salmon in Canadian marine waters and return in their boats with their catch to Washington are required to notify the Washington Department of Fish and Wildlife (WDFW) before leaving state waters by completing the form at ***https://wdfw.wa.gov/licenses/fishing/canadian-trip-reporting***.

FISH AND SHELLFISH CAUGHT IN CANADA

It is lawful to possess Canadian-origin fish or shellfish if you have a Canadian license and salmon conservation stamp (for salmon), except it is unlawful to possess Canadian-origin yelloweye or canary rockfish.

There are special rules for Canadian halibut and salmon. If you only fish in Canada, contact the Department of Fisheries and Oceans (DFO) or visit their website at ***www.dfo-mpo.gc.ca*** for updated Canadian regulations. If you fish for halibut in Washington, the daily limit is one halibut, and the possession limit is two halibut, regardless of where they are taken. No more than one daily limit of halibut may be possessed aboard the fishing vessel.

You may not land both a Canadian and a Washington limit of salmon on the same day (one or the other, but not both).

It is unlawful to possess in marine waters, or deliver into Washington, any fresh salmon taken for personal use from Canadian waters, unless such salmon meet current regulations for the waters of the applicable Washington Catch Record Card area. However, anglers aboard a vessel may deliver Canadian-origin salmon into Washington that are lawfully taken in Canada, regardless of whether the salmon meet the current regulations for the area where delivered, provided anglers meet trip notification requirements. See Fishing in Canadian Waters (same page).

Anglers are subject to WDFW Enforcement and dockside sampling inspection when landing Canadian catch in Washington waters.

FISHING & SHELLFISHING RULES IN STATE AND NATIONAL PARKS, FEDERAL LANDS, INDIAN RESERVATIONS AND CANADA

Contact Olympic National Park at (360) 565-3000 or ***https://www.nps.gov/olym/index.htm***, Gifford Pinchot National Forest at (360) 891-5000 or ***https://www.fs.usda.gov/giffordpinchot/***, Mt. Rainier National Park at (360) 569-2211, or North Cascades National Park at (360) 854-7200. For rules and other information that apply within State Parks call (360) 902-8500.

State licenses and rules apply on National Forest lands.

Before fishing on Indian reservations, contact the tribe for the necessary permits and rules. Quinault Indian Nation (360) 276-8211; Colville Confederated Tribes (509) 634-2110; Puyallap Tribe of Indians (253) 845-7747; Puyallup Tribal shellfish permits and rules (253) 573-7909; Yakama Nation (509) 865-5121; Swinomish Indian Tribal Community (360) 466-3163; Makah Tribe (360) 645-2201; Kalispell Tribe (509) 445-1147; Quileute Tribe: (360) 374-2248.

An access permit is required to fish waters on the Joint Base Lewis-McChord Reservation. For fishing Nisqually River on base, call: (253) 967-6277. For fishing waters on McChord field call (253) 982-2206 or (253) 967-7744.

General inquiries about Canadian fishing regulations and licensing, call (604) 666-0384 or fax (604) 666-1847.

ACKNOWLEDGING THE INDIGENOUS PEOPLE OF THE PACIFIC NORTHWEST

Since time immemorial, Indigenous People have lived in the Pacific Northwest and hunted, fished, and gathered natural resources, traditional foods, and medicinal plants to support their diverse cultures. They were the original occupants and stewards of this land that all Washingtonians enjoy today.

The very survival of the Pacific Northwest Tribes is a testament of resiliency of what they have endured and continue to endure throughout generations on this landscape. Through many historical encounters of massacre, renunciation of religious freedom, systemic racism, cultural assimilation of native children through institutional residential schools, and the fight for their inherent rights and liberties, they have prevailed. Throughout this painful history brought by colonization, abrogated treaties, infringement of civil rights, and the salmon protests of the 1960s, the Northwest Tribes and the Washington Department of Fish and Wildlife (WDFW) have founded a commitment of respect, unity, and alliance informed by the realities of the past.

Today, tribal governments and WDFW work collaboratively to conserve and manage aquatic and terrestrial resources statewide and practice sound science to guide management decisions. The Tribes and WDFW work together to ensure the sustainability of fish, wildlife, ecosystems, and culture for the next seven generations and beyond.

CO-MANAGEMENT

Washington's natural resources are managed cooperatively by the state of Washington and Indian tribes, whose rights were reserved in treaties signed with the federal government in the 1850s. In those treaties — considered the "supreme law of the land" under the U.S. Constitution — the tribes reserved rights to hunt, fish and gather shellfish and plants in traditional harvest areas.

In Washington, there are 29 federally recognized Indian tribes. Each has hunting and fishing rights within their reservations. Of these tribes, 21 also possess off-reservation hunting and fishing rights. Two tribes in Oregon and one in Idaho also have treaty-reserved rights to hunt and fish in the state.

These tribes and the state consult through a variety of co-management forums to develop joint natural resource management agreements through a shared commitment to meet one another's objectives. The long-term health of natural resources depends on the tribes and state working cooperatively to achieve common goals.

For more information on the tribes, visit the Governor's Office of Indian Affairs at ***https://www.goia.wa.gov***.

Tribes that have off-reservation treaty rights in Washington:

PUMP OUT, DON'T DUMP OUT!

Protect Puget Sound from Vessel Sewage

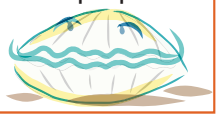

IS YOUR Y-VALVE CLOSED?

Get to know your boat's Y-Valve and keep it secured to protect Puget Sound

Why it matters:

Vessel sewage contains pathogens and viruses that can harm shellfish, close beaches, and make people sick.

Learn more at PumpoutWashington.org

This product is supported by funding from the Washington State Parks - Clean Vessel Act Grant Program, in partnership with the U.S. Fish & Wildlife Service. Funding is provided through the Sport Fish Restoration and Boating Trust Fund from taxes on recreational vessels, boat fuel, and fishing gear.

Salmon, Dolly Varden/Bull Trout, and Steelhead Handling Rules

FRESHWATER:

It is unlawful to totally remove salmon, steelhead, or Dolly Varden/bull trout from the water if it is unlawful to retain those fish, or if the angler subsequently releases the salmon, steelhead, Dolly Varden/bull trout.

EXCEPTIONS:

- The Columbia River between the Buoy 10 line and the Rocky Point/Tongue Point line
- The Columbia River from the Rocky Point/Tongue Point line upstream to Hwy. 730 OR/WA border the rules apply only when fishing from vessels less than 30 feet in length during Feb. 15-June 15.

Selective Fishing

Selective fisheries for hatchery-produced fish and catch-and-release fisheries are increasingly important to providing recreational fishing opportunities in Washington. To ensure these fisheries are successful, it is absolutely essential that participating anglers comply with all regulations and take great care in releasing unmarked fish to ensure the greatest chance for survival.

MARINE AREAS 5 THROUGH 13:

It is unlawful to bring wild salmon or a species of salmon **aboard** a vessel if it is unlawful to retain that salmon (aboard means inside the gunwale of a vessel).

MARINE AREA 2-2:

It is unlawful to totally remove salmon from the water if it is illegal to retain those fish, except anglers fishing from boats 30 feet or longer as listed on either their state or Coast Guard registration, are exempt.

FISHNET CHARTERS

CAPE COD - BUZZARDS BAY

Targeting all species of gamefish • Sea Bass - Stripers - Tautog

How to Release Fish

When you need to release a fish, there are some special precautions you can take to give it the best chance of surviving:

- Minimize handling by leaving the fish in the water.
- Do not net your fish – but if you must, use a soft, knotless net or rubber mesh net. Knotless nets are now required in fly-fishing only areas and freshwater areas with selective gear rules.
- Use a hook remover (dehooker) when hooks are imbedded in the mouth or jaw.
- If a fish has swallowed the hook, cut the leader.
- Keep fingers away from the eyes and gills of the fish.

Photo shows the proper technique of releasing a fish with a dehooker without bringing the fish aboard the vessel.

Do You Use Lampreys as Bait?

Larvae, Juveniles, Resident Adults
(less than 8 inches long)

Pacific Lamprey Adults
(up to ~3ft long)

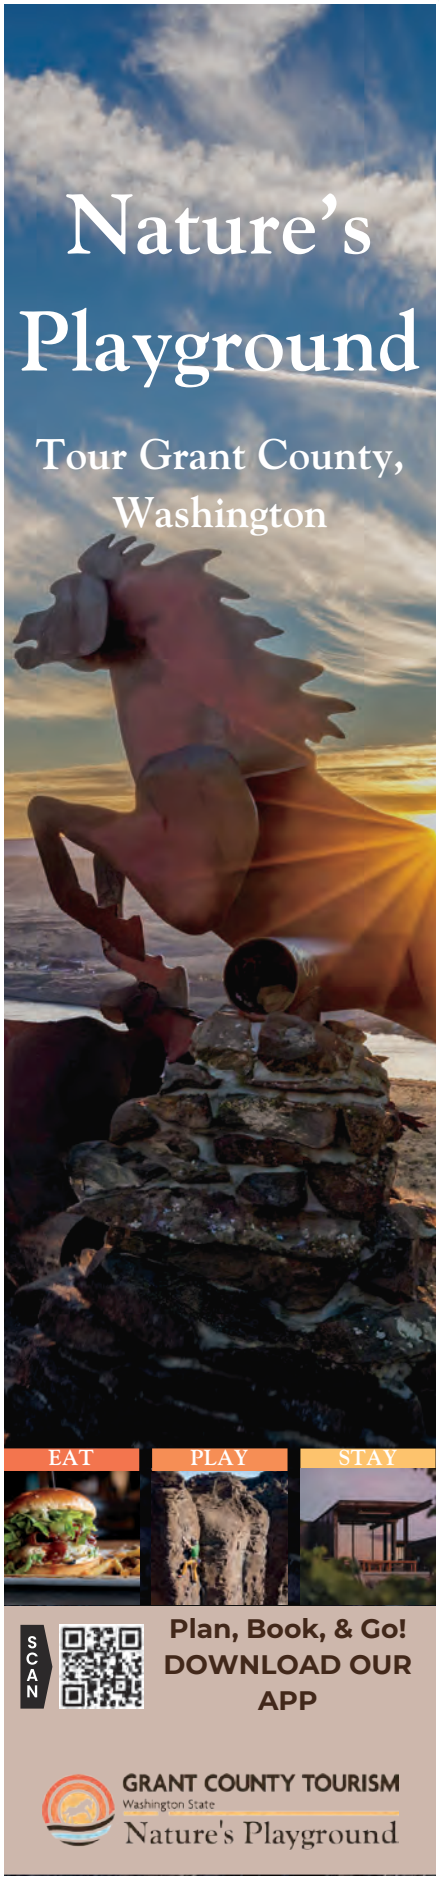

Photos: Yakama Nation Fisheries

Lampreys (often mistaken for eels) are used as bait by anglers in some states. However, **using any lamprey species as bait for recreational fishing or shellfish harvest in Washington is AGAINST THE LAW (WAC 220-310-070).**

Lampreys are native to the Pacific Northwest and contribute to healthy streams. To learn more about the native lampreys of Washington, visit: wdfw.wa.gov/pacific-lamprey and www.pacificlamprey.org

Washington Department of FISH & WILDLIFE

License Information

WHO NEEDS A FISHING LICENSE?

Adult Anglers: If 16 years or older, you are required to have in your possession a valid physical license and catch record cards (CRC), as well as any endorsements needed to fish for specific species and in specific areas. See license information below to determine what documents you need. Federal and state law requires persons 15 or older to give their Social Security Number in order to obtain a license (Federal Law US Code: Title 42, Section 666, Paragraph 13, Section A; and RCW 77.32.014).

You DO NOT need a license to fish for common carp in Moses Lake or Vancouver Lake, to harvest bullfrogs, or to collect relic shells.

Youth Anglers: Youth under 16 years old DO NOT need a fishing license, however CRCs are required for specific species and included with a free youth license. Exception, effective January 1, 2026 anglers age 15 fishing for salmon or steelhead on the Columbia River or its tributaries require the Columbia River Salmon and Steelhead Endorsement. If you elect to getting both, you must have valid physical versions of both in your possession while participating in the activity. See page 16 for more detail on CRCs. WDFW strongly supports and promotes youth fishing. Youth must actively participate and be able to demonstrate the ability to handle the gear by themselves. They must follow all the rules and restrictions for that species and/or body of water and are allowed the same daily limit as an adult. Adults may assist youth but are not required to have a license if they will not be fishing/harvesting themselves. Youth must be present and take part in the entire process.

ARE YOU A RESIDENT OR NON-RESIDENT?

To qualify as a Washington state resident, you must meet certain criteria per WAC 220-220-050.

- Have a valid Washington state driver's license or identification card; **and**
- Have maintained a permanent place of abode within the state for at least 90 days preceding the license purchase; **and**
- Are not licensed to hunt or fish as a resident in another state or country **or**
- Have military identification with a copy of orders showing Washington as your current duty station

DO YOU QUALIFY FOR REDUCED FEES OR ASSISTANCE WITH FISHING?

You may qualify for reduced fees if you are a:

- Resident or non-resident veteran with a service-connected disability of 30% or more
- Resident or non-resident veteran 65 years or older with any service-connected disability
- Resident who permanently uses a wheelchair
- Resident who is blind or visually impaired
- Resident with a developmental disability

You may qualify for assistance with fishing and be issued a designated harvester card.

To determine if you qualify, visit ***https://wdfw.wa.gov/accessibility/eligibility-requirements-disability-status*** or call (360) 902-2464.

To receive reduced fees or assistance, an application must be completed by a licensed MD, ARNP or PA and then processed by WDFW. Applications and more information can be found at ***https://wdfw.wa.gov/accessibility*** or call (360) 902-2464.

HOW TO BUY YOUR FISHING LICENSE AND PARKING PASSES

A 2.9% fee will apply to credit and debit card purchases made through WDFW over the phone or when ordering online through the licensing system.

Purchase online 24 hours a day, 7 days a week at: ***https://fishhunt.dfw.wa.gov***

Over the phone:

- **Customer Service:** (360) 902-2464 – 24 hours a day, 7 days a week
- **Call Toll-Free:** (866) 246-9453 – 24 hours a day, 7 days a week

Documents will arrive within 10 days. You are e-mailed a temporary license to use for 10 days, if there is a valid email address in your WILD profile. However, **there are no temporary catch record cards**. If you need immediate use of a catch record card / license documents, you must visit an authorized dealer ***https://wdfw.wa.gov/licenses/dealers***.

REFUNDS (WAC 220-220-100)

The department will refund when:

- there was a system or dealer error
- a purchase was made within the last 60 minutes
- more than one license, of the same kind, was received in the same year

The department will not issue a refund:

- for which a season has been scheduled and the licensee could have participated in the season, regardless of whether the licensee did in fact participate or not.

LICENSE TYPES

Unless noted, annual licenses include a Catch Record Card (CRC) for salmon, steelhead and sturgeon. Also included is a Vehicle Access Pass for access to all WDFW land and boat launches. For more information on CRCs, see page 16.

Get Outdoors License: Included in the license is an Annual Fish Washington License, endorsements (Two-pole and Puget Sound Crab), Deer + Elk + Bear + Cougar License with discounted Small Game License, Deer, Elk, Bear, Cougar tags + 2 Turkey tags, Migratory Bird Permit and Migratory Bird Hunt Authorization. License available for Washington State residents only.

Fish Washington License: Included in the license is an Annual Combination License — freshwater, saltwater, shellfish harvest (see Shellfish/Seaweed License on same page) and seaweed. Also, 2 endorsements Two-Pole and Puget Sound Dungeness Crab. Your catch record cards for Puget Sound Dungeness crab, salmon, steelhead, and sturgeon are also included. To fish for Halibut, add the Catch Record Card + Halibut for an additional $5.50. License available for Washington State residents only.

Combination License: Allows you to fish in freshwater and saltwater, and harvest shellfish (see Shellfish/Seaweed License on same page) and seaweed. A Catch Record Card (CRC) for salmon, steelhead and sturgeon can be obtained at any time at no additional cost on annual licenses unless noted. Also included, unless noted, is a Vehicle Access Pass for access to all WDFW land and boat launches. For more information on CRCs, see page 16.

Freshwater License: Allows you to fish in freshwater areas only.

Saltwater License: Allows you to fish in saltwater areas only.

Short-Term Combination License: These licenses work just like a Combination License and require the purchase of other endorsements where applicable. A CRC is included. Short-term licenses can now be used for game fish (see definition page 18) for the 8-day period beginning the 4th Saturday in April (April 25–May 2, 2026). These licenses must be used on consecutive days when purchasing a two or three-day license. The license does not include a Vehicle Access Pass.

Shellfish/Seaweed License: Allows you to harvest crawfish, razor clams, red rock crab, goose barnacles, mussels, octopus, oysters, scallops, sea cucumbers, sea urchins, shrimp, softshell and hardshell clams, squid, seaweed, coastal Dungeness crab and Puget Sound Dungeness crab. Puget Sound Dungeness crab also requires a Puget Sound Dungeness Crab Endorsement (see below). No CRC is required, except Puget Sound Dungeness crab. This license does not include a Vehicle Access Pass.

Razor Clam License: This license (available as an annual or three-day short-term license) allows you to harvest razor clams. You do not need this license if you already have a shellfish/seaweed or combination license. No CRC is required. This license does not include a Vehicle Access Pass.

ENDORSEMENTS

Columbia River Salmon and Steelhead Endorsement: Effective January 1, 2026 all anglers age 15 and older fishing for salmon or steelhead on the Columbia River or its tributaries must have this endorsement.

Two-Pole Endorsement: All anglers 16 years and older who want to fish with two poles must have this endorsement. This endorsement can be added to any annual or short-term license for a fee, excluding the shellfish/seaweed or razor clam license. This endorsement allows anglers to use two fishing poles on most freshwater lakes, ponds, a few sections of certain rivers, and a few marine areas. You can **NOT** use two poles in most rivers and marine areas. See individual stream and marine area listings for information where you can use two poles. Look for this icon NO next to the lake listing where two poles cannot be used. This endorsement is not offered to youth anglers. This endorsement is not required on Free Fishing Weekend.

Puget Sound Dungeness Crab Endorsement: All harvesters are required to have this endorsement to harvest Puget Sound Dungeness crab

(within Marine Areas 4 East and 5 through 13, see map page 109). This endorsement can be added to an annual or short-term combination or shellfish/seaweed license. If you buy the Annual Fish Washington package, the Crab Catch Record Card needs to be added manually. With the endorsement you will be issued a complimentary Puget Sound Crab Catch Record Card (CRC) for the summer and winter seasons. The cards must be picked-up at different times of the year for the different seasons. The endorsement and CRC are required to be on your person when fishing for Puget Sound Dungeness crab. There is no fee for youth anglers, but the endorsement and CRC are still required. The CRCs have an administrative fee of $10 if your catch is not reported by the deadline. Reference the bottom of your CRC for more reporting information. **Even if you did not catch any crab, please report by the deadline.**

CATCH RECORD CARDS

Catch Record Card (CRC): All persons are required to have a catch record card (CRC) to record how many salmon, steelhead, Puget Sound Dungeness crab, or sturgeon you have harvested. You must have the CRC on your person while fishing. This item is required during Free Fishing Weekend. Reference the bottom of your CRC for more reporting information. See page 16 for more details on CRC.

Catch Record Card + Halibut: This is issued for a fee when added to an annual Combination or Saltwater fishing license. This CRC is only required if you are fishing for halibut. It is issued at no cost with short-term licenses. It is required on Free Fishing Weekend, and will still have a fee associated with it.

One-day Charter Stamps, Guide Stamps, and Temporary Catch Record Cards: Licensed charters and guides offer fishing services for a fee and can issue a 1-day combination license and catch record card.

KEY FISHING DATES

Free Fishing Weekend: is on June 6–7, 2026. Free Fishing Weekend is open to everyone, including residents and non-residents. On these days, fishing licenses, endorsements and parking passes are not required for some fish. **All shellfish, and fish requiring a catch record card (including sturgeon, salmon, steelhead, and halibut) require a license to be harvested on Free Fishing Weekend. All other rules still apply, including seasons, area, lure or bait restrictions, size and catch limits.** Each year, the Free Fishing Weekend will be the first weekend in June after the first Monday in June.

Lowland Lake Opener: fourth Saturday in April. Hundreds of lakes are stocked. Short-Term Combination licenses may be used.

Trout Derby: from April 25–October 31, 2026. Catch a tagged trout, win a prize. For rules, regulations and more information visit ***https://wdfw.wa.gov/fishing/contests/trout-derby***.

PARKING ON STATE RECREATION LANDS AND WATER ACCESS SITES

Anyone who parks on Washington state recreation lands must use either the WDFW Vehicle Access Pass or the Discover Pass.

License Fees

Note: the fee table below has been implemented in the online versions only, and is not reflected within the printed version of the regulations. License fees are current at the time of publication. During the 2025 legislative session, the legislature adopted SSB 5583 which increases recreational license costs by 38% beginning July 1, 2025; SB 5390 which increases the cost of a Discover Pass beginning Oct. 1, 2025; and HB 2003 which re-establishes the Columbia River Salmon and Steelhead Endorsement fee beginning Jan. 1, 2026. Refer to ***https://fishhunt.dfw.wa.gov*** for up-to-date information.

PERMITS						
Aquatic Invasive Species Prevention Permit	$24	$24	$24	$24	$24	$24

Prices shown include all applicable fees. Purchasing multiple items in the same transaction may result in a reduced cost.
Duplicate licenses are $9.70 (duplicates are required for lost, stolen or mutilated licenses).
[1] Refer to page 14 for reduced fee criteria.
[2] Refer to WDFW Vehicle Access Pass below.
[3] Additional and duplicates are $17.20.
[4] Catch Record Card + Halibut issued with a Short-Term License (1, 2, or 3 Day Combination) is $0.00.
[5] Active duty military can get the Short-Term License for resident rates, even if not stationed in WA.

WDFW Vehicle Access Pass: This access pass is valid for WDFW land only. Most annual hunting, fishing and trapping licenses include a complimentary Vehicle Access Pass, which allows you to park at WDFW wildlife areas, boat launches and other water access sites. If your annual license does not come with a complimentary Vehicle Access Pass, or you would like to access WDFW land without purchasing a license, you must purchase a Discover Pass.

Discover Pass: This pass is valid for Washington State Parks, Washington Department of Natural Resources (DNR) and WDFW land. To park at recreational properties owned or managed by State Parks, or DNR you will need a Discover Pass. This is the only parking pass available for State Parks and DNR lands. However, if parking on WDFW land or using WDFW water access sites, either a Vehicle Access Pass or Discover Pass may be used. For more information on the Discover Pass, visit: ***https://www.discoverpass.wa.gov***.

PERMIT

Aquatic Invasive Species Prevention Permit: This permit is required for all boats registered outside of Washington State.

FISHING CONTESTS

A fishing contest exists when 6 or more licensed anglers (16 years or above) fish competitively for Game Fish. A fishing contest permit is required. A juvenile (14 years or under) fishing event only needs approval from regional office.

For information, or an application for a permit to conduct a fishing contest, visit us on the web at ***https://wdfw.wa.gov/fishing/contests/rules***.

Catch Record Cards

The Catch Record Card is an important management tool for estimating the recreational catch of sturgeon, steelhead, salmon, halibut, and Puget Sound Dungeness crab. A catch record card must be in your possession to fish for these species. **Washington Administrative Code (WAC 220-56-175, WAC 220-69-236) requires all kept sturgeon, steelhead, salmon, halibut, and Puget Sound Dungeness crab to be recorded on your Catch Record Card, and requires all anglers to return their fish Catch Record Card by April 30, or for Dungeness crab by the date indicated on the card, even if nothing is caught or you did not fish.** Please use the instruction sheet issued with your card. Please return Catch Record Cards to: **WDFW CRC Unit, PO Box 43142, Olympia WA 98504-3142**. Use examples below to help complete your card correctly. **Do Not Record Released Catch.** For Catch Record Card Information call (360) 902-2707.

For catch area codes, refer to the next page or the instruction sheet received with your catch record card, or refer to the Westside and Eastside rivers special rules sections within this pamphlet.

REMINDER!

Return your Catch Record Cards by the date printed on the card "With or Without Catch"

Send to:
WDFW CRC Unit, PO Box 43142, Olympia, WA 98504-3142

Immediately after retaining the species below and before fishing again, record catch information in ink.

STURGEON

Did you fish for Sturgeon? __X__ Yes ____ No

Do Not Record Released Sturgeon

A 50" white sturgeon kept from Columbia River below The Dalles Dam on January 15 with a vent behind pelvic fins, would be entered as:

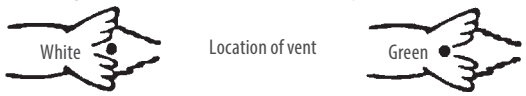

CATCH AREA CODE	MO (1-12)	DAY (1-31)	SPECIES CODE	FORK LENGTH
527	1	15	W	50

Species Codes:

W = White Sturgeon (barbels near snout tip, vent behind pelvic fins)

Green Sturgeon May Not Be fished for or Retained

Green Sturgeon (barbels near mouth, vent between pelvic fins)

Immediately after retaining a white sturgeon and before fishing again, record catch information **in ink**. The annual limit is 2 fish, even if an angler possesses both a Washington and an Oregon license and catch record card. After an annual limit has been retained, catch-and-release fishing is allowed in waters open to sturgeon fishing.

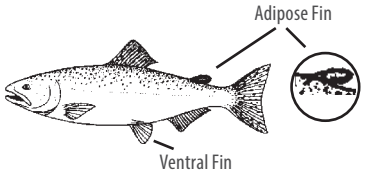

STEELHEAD

Did you fish for Steelhead? __X__ Yes ____ No

Do Not Record Released Steelhead

CATCH AREA CODE	MO (1-12)	DAY (1-31)
830	3	15

A **hatchery** steelhead kept from the Skagit River on March 15 would be entered as above. Release wild steelhead.

Hatchery Fish (adipose or ventral fin clipped and a healed scar at the location of the clipped fin)

Wild Fish (adipose and ventral fins intact)

Immediately after retaining a steelhead and before fishing again, record catch information **in ink**. Additional Catch Cards are available for hatchery steelhead only.

HALIBUT

Did you fish for Halibut? __X__ Yes ____ No

Do Not Record Released Halibut

A halibut kept from Area 5 on May 26 caught from a private boat would be entered as:

CATCH AREA CODE	MO (1-12)	DAY (1-31)	CHARTER PRIVATE*	
5	5	26	C	(P)

Circle boat type: C= Charter P= Private

All halibut kept are required to be recorded on your catch record card in **all Marine Areas**. Immediately after retaining a halibut and before fishing again, record catch information **in ink.**

SALMON

Did you fish for Salmon? __X__ Yes ____ No

Do Not Record Released Salmon

A 19" Chinook salmon kept from the Cowlitz River below Mayfield Dam on Sept. 15 with clipped adipose fin would be entered as:

CATCH AREA CODE	MO (1-12)	DAY (1-31)	Check One Box Per Line For Species Kept							CLIP TYPE	
			CHIN	COHO	CHUM	PINK	SOCK	CHIN JACK	COHO JACK		
561	9	15						✓		(H)	W

H = Hatchery (adipose fin clipped and a healed scar at the location of the clipped fin)

W = Wild (adipose fin intact)

Marine Areas and Adults in Freshwater

CHIN = Chinook/King CHUM = Chum/Dog SOCK = Sockeye/Red

COHO = Coho/Silver PINK = Pink/Humpy

Jacks in Freshwater, Willapa Bay (area 2-1) and Grays Harbor (area 2-2).

CHIN JACK = King jacks or Chinook jacks (12 to less than 24 inches)

COHO JACK = Silver jacks or Coho jacks (12 to less than 20 inches)

Salmon caught under landlocked salmon rules should **not** be recorded.

Immediately after retaining a salmon and before fishing again, record catch information **in ink.**

DUNGENESS CRAB

Did you fish for Crab? __X__ Yes ____ No

Do Not Record Released Crab

Three male Dungeness crab kept from Hood Canal on July 19 would be entered as:

MARINE AREA	MONTH	DAY	CHECK (✓) ONE BOX FOR EACH CRAB KEPT					CRAB KEPT PER DAY
12	7	19	✓	✓	✓			

When you purchase a Puget Sound Dungeness crab endorsement you will be issued a Catch Record Card for the summer reporting period which runs through Labor Day. Catch Record Cards for the winter period which begins the day after Labor Day are available on August 15. All Puget Sound Dungeness crab kept are required to be recorded on your Catch Record Card immediately after capture and before redeploying gear. Record catch information **in ink**. Be sure to make a check mark for each crab kept. The check mark is used by field enforcement officers to ensure each crab kept is immediately recorded. At the end of the fishing trip, or prior to moving to a new marine area, enter the total number of check marks in the **crab kept per day** column. The number should equal the number of checkmarks on that line.

A $10.00 penalty will be added to the cost of your next Puget Sound crab endorsement if you fail to either return your cards by mail or report your catch information on the Internet (https://fishhunt.dfw.wa.gov) by the deadlines printed on the card.

11 Tacoma-Vashon Island
12 Hood Canal
13 South Puget Sound

See map and descriptions in the Marine Section for area definitions.

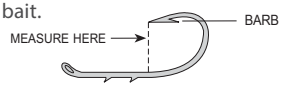

Definitions of Terms

Adult Salmon In freshwater and Marine Areas 2-1 and 2-2, Chinook 24" or more in length; coho 20" or more in length; and pink, chum, and sockeye salmon 12" or more in length, are adults.

Angling (Hook & Line Fishing) Fishing for personal use (not for sale or barter) with a line attached to a pole capable of being held in hand while landing fish, or a hand-operated line without a rod or reel.

Annual Limit The number of fish that may be taken, statewide, during the license year (April 1-March 31).

Anti-Snagging Rule Except when fishing with a buoyant lure (with no weights added to the line or lure), or trolling from a vessel or floating device, terminal fishing gear is restricted to a lure or bait with one single-point hook. Hooks must measure ¾" or less from point to shank, and must be attached to or below the lure or bait. Weights may not be attached below or less than 12" above the lure or bait.

Bait Any substance which attracts fish by scent or flavors, including any lure which uses scent or flavoring to attract fish.

Bass Means largemouth and smallmouth bass.

Bottomfish Includes Pacific cod, Pacific tomcod, Pacific hake, walleye pollock, lingcod, ratfish, sablefish, cabezon, buffalo sculpin, great sculpin, red Irish lord, brown Irish lord, Pacific staghorn sculpin, wolf-eel, giant wry mouth, plainfin midshipman, North Pacific spiny dogfish, sixgill shark, tope shark, and all species of skate, dab, sole, flounder (except Pacific halibut), greenling, shark, rockfish, rattail, and surfperch (except shiner perch).

Buoyant Lure A lure that floats on the surface of fresh water when no additional weight is applied to the line or lure, and when not being retrieved by a line.

Bow-and-Arrow Fishing Any method of taking, or attempting to take, fish by the use of an arrow equipped with a barbed head and a line attached, and propelled by a bow, as in the sport of archery, while the fisher is above the surface of the water.

Catch-and-Release Fishing A type of fishing where all of the fish caught are immediately released back into the water.

Char Bull trout, Dolly Varden, Eastern brook trout, and lake trout. Note: These species are not regulated as trout (for trout definition, see page 21).

Chumming To broadcast, feed, or distribute into freshwater any bait or other substance capable of attracting fish.

Closed Waters All or part of a lake, river, stream, or other body of water, where fishing or harvesting is prohibited.

Daily Limit The maximum number or pounds of fish, shellfish, or seaweed of the required size of a given species or combination of species which a person may retain in a single day.

Descending Device A fish recompression device capable of rapidly returning fish to depth of capture. Must be onboard vessels, and rigged for immediate use, when fishing for or possessing halibut or bottomfish.

Designated Harvester Companion Is a licensed person who only assists with that physical function the harvester with a disability is unable to perform during his or her harvesting activity. The harvester companion card issued by the department must be in the possession of the licensed harvester companion assisting or acting on the behalf of the harvester with a disability while engaged in fishing or harvesting activities.

Emergency Rule (RCW 34.05.350) A rule filed by an agency when the agency determines that immediate action is necessary to change a permanent rule.

Fathom Line (20 or 30) It is unlawful to fish for or possess bottomfish or lingcod seaward of a line approximating 20 or 30 fathoms when fathom restrictions are in place.

Flatfish Includes all species of dabs, sole and flounders (except Pacific halibut).

Fly A lure on which thread, feathers, hackle, foam, rubber, or yarn cover a minimum of half the shank of the hook. Metallic colored tape, metal wire, metal tape, tinsel, mylar, or beadeyes may be used as an integral part of the design of the fly pattern.

Fly Fishing Only In "Fly Fishing Only" waters, anglers may use only the following gear: up to 2 flies, each with a barbless single-point hook, not to exceed ½" from point to shank, knotless nets, and conventional fly line or a conventional "Tenkara" fly line. Other line can be used for backing or leader if attached to conventional "Tenkara" fly line or at least 25 feet of conventional fly line. Anglers may not use: fixed spool reels, bait, or weights.

Food Fish Includes forage fish, halibut, bottomfish, common carp, shad, tuna, mackerel, salmon, and sturgeon.

Forage Fish Includes anchovy, sand lance, herring, sardine, and all species of smelt.

Forage Fish Cast Net A section of netting (maximum mesh size is 1") no larger than 10' in diameter with retrieval cord. May only be used in Marine Areas 1-4, and may only be used for harvesting anchovy and sardine.

Forage Fish Dip Net A section of net not exceeding 36" across the bag frame with a maximum mesh size of ⅝" (when stretched) and attached to a rigid handle. May only be used for harvesting forage fish or squid.

Forage Fish Jig Gear Up to 3 treble hooks or 9 single-point hooks, not exceeding ⅜" between point and shank. May only be used for harvesting forage fish or squid.

Fresh Fish or shellfish that are refrigerated, iced, salted, or surface glazed.

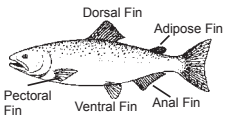

Freshwater Area Those waters within any freshwater river, lake, stream, or pond. On the bank or within 10 yards of any freshwater river, lake, stream, or pond. On or within any boat launch, ramp, or parking facility associated with any freshwater river, lake, stream, or pond.

Frozen Fish or shellfish that are hard frozen throughout.

Gaffing Attempting to take fish by impaling fish with a hook attached directly to a pole or other device.

Game Fish Includes steelhead, bass, burbot (freshwater ling), catfish, crappie, grayling, northern pikeminnow, peamouth chub, yellow perch, tiger muskie, sucker, sunfish, grass carp, trout, char, kokanee, walleye, whitefish, and when landlocked salmon rules apply, Chinook, coho or Atlantic salmon.

Hatchery Salmon Means a Chinook or coho with a clipped adipose fin and having a healed scar at the location of the fin.

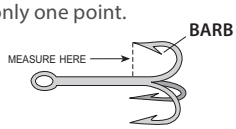

Hatchery Steelhead or Trout Means a steelhead or trout with a clipped adipose or ventral fin and a healed scar at the location of the clipped fin.

Head of a Fish Forward of the rear margin of the gill plate.

Hook A hook may be single-point, double, or treble. See Freshwater or Marine Area gear rules for limitations.

- **Barbless** A hook from which all barbs have been deleted when manufactured, filed off, or pinched down.
- **Single-Point** A hook with only one point.
- **Double** A hook with two points on a common shank.
- **Treble** A hook with three points on a common shank.

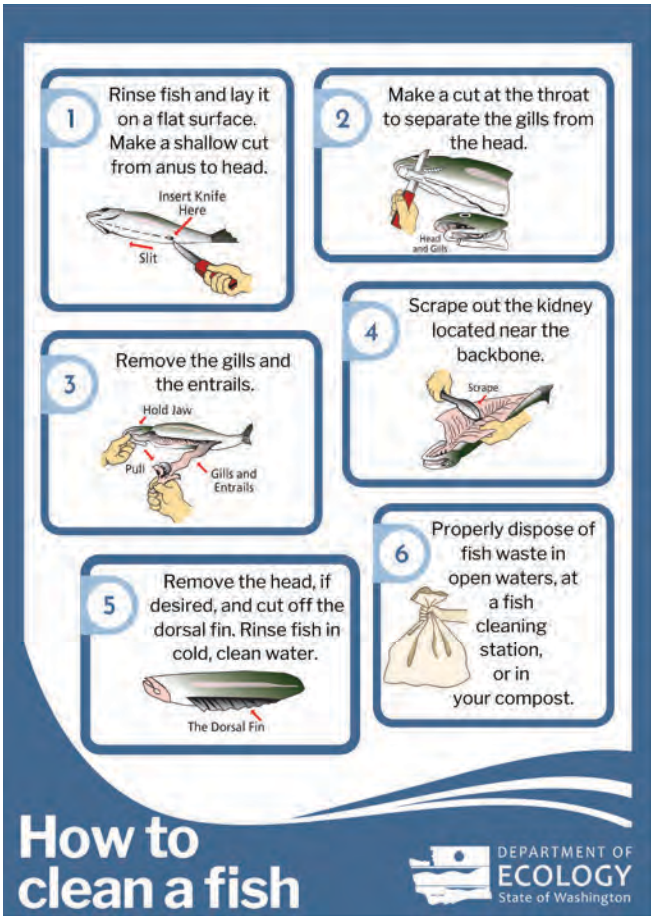

In the Field or In Transit Any place other than at the ordinary residence of the harvester. An ordinary residence is a residential dwelling where a person normally lives, with associated features such as address, telephone number, utility account, etc. A motor home or camper parked at a campsite or a vessel are not considered to be an ordinary residence.

Internal Combustion Motors Prohibited Fishing from a floating device with an internal combustion motor attached is not allowed regardless of whether the motor is in the water or not.

Jack Salmon Chinook and coho salmon that return at a younger age than most members of their species. For freshwater and in Willapa Bay (area 2-1) and Grays Harbor (area 2-2), a jack salmon is a Chinook less than 24" in length or a coho less than 20" in length.

BOAT INSURANCE IS OUR ONLY BUSINESS!

When buying boat or yacht insurance, you will find that there are important differences between the automobile and homeowner's insurance company policies and the **"real thing": Marine Insurance.**

For a quick, free, no obligation quote, contact the marine insurance experts at:

BOAT Insurance Agency

Locally owned for over 30 years by northwest boaters!
We also insure guides and charter boats!

2601 W Marina Place , Suite B, Seattle, WA

800.828.2446 • 206.285.1350

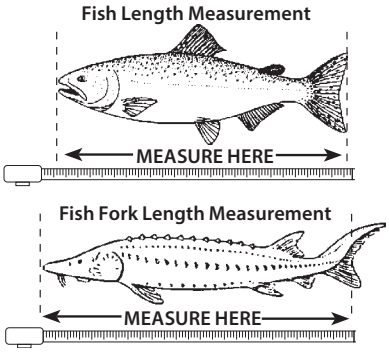

www.boatinsurance.net • email: info2@boatinsurance.net

Juvenile Only Waters open for fishing only to youth under 15 years of age.

Kokanee Freshwater resident sockeye salmon.

Landlocked Salmon Rules Where landlocked salmon rules apply, no sport catch record card is required for salmon, the season, daily limit, and size and gear restriction rules for salmon are the same as trout rules. The angler's combined catch of landlocked salmon and trout applies toward the trout limit.

Length The shortest distance between the tip of the tail and tip of the snout or jaw, whichever extends the farthest, measured while the fish is lying in a prone and normal position, except: **fork length** means the distance from the extreme tip of the snout to the center of the fork of the tail.

License Year April 1–March 31 both dates inclusive.

Lure A manufactured article, complete with hooks, constructed of feathers, hair, fiber, wood, metal, glass, cork, leather, rubber, or plastic, which does not use scent and/or flavoring to attract fish.

Marine Area Those waters contained within the boundaries of Washington State, within Puget Sound, Hood Canal, the Strait of Juan de Fuca, the San Juan Islands, the Strait of Georgia, and the Pacific Ocean, including estuaries seaward of the river or stream mouth (see Mouth definition).

Maximum Size (max. size) The largest size of fish or shellfish that may be kept. For fish, the maximum size refers to the length.

Minimum Size (min. size) The smallest size of fish or shellfish that may be kept. For fish, the minimum size refers to the length.

Motors Prohibited Fishing from a floating device with a motor attached is not allowed regardless of whether the motor is in the water or not.

Mouth Unless otherwise defined, waters of any river or stream, including sloughs and tributaries, upstream and inside of a line projected between the outermost uplands at the mouth. Outermost uplands are lands not covered by water during an ordinary high water.

Night Closure Closed to fishing from one hour after official sunset to one hour before official sunrise.

Other Food Fish Refers to species which occur in our waters irregularly, usually in coastal areas during the summer months and includes opah, swordfish, striped marlin, dolphinfish, barracuda, white sea bass, bonito, California yellowtail, and pomfret.

Possession Limit The number of daily limits allowed to be kept in the field or in transit.

Processed Fish or shellfish that have been subjected to heat (including kippering, smoking, canning, and boiling).

Puget Sound All saltwater areas east of the Bonilla-Tatoosh line, outside the mouth of any river or stream, including the Strait of Juan de Fuca, Strait of Georgia, Hood Canal, and all bays and inlets.

Relic Shell A relic (dead) shell from an animal which died of natural causes and contains no meat or soft parts. A relic shell may be from a classified species of shellfish or from an unclassified freshwater or marine invertebrate. Oyster Shells are not relic shells and are unlawful to remove.

Resident A person who has maintained a permanent place of abode within the state for at least 90 days preceding license purchase, who has established by formal evidence (e.g., a driver's license and voter registration) an intent to continue residing in the state, and who is not licensed to hunt or fish as a resident in another state.

Salmon Includes Chinook, coho, sockeye, chum, pink, and Atlantic salmon.

Salmon, Dolly Varden/bull trout, and Steelhead Handling Rules:

- **Freshwater:** It is unlawful to totally remove a salmon, steelhead, Dolly Varden/bull trout from the water if it is unlawful to retain or if the angler subsequently releases the fish, except within the Columbia River downstream from a line between Rocky Point and Tongue Point.
- **Marine Area 2-2:** East of the Buoy 13 line, salmon required to be released may not be totally removed from the water, except anglers fishing from vessels 30 feet or longer as shown on their state registration or Coast Guard documentation are exempt.
- **Marine Areas 5-13:** It is unlawful to bring wild salmon or a species of salmon aboard a vessel if it is unlawful to retain that salmon. For purposes of this subsection, "aboard" means inside the gunnel of a vessel.

Seaweed Marine aquatic plant species that are dependent upon the marine aquatic or tidal environment, and exist in either an attached or free floating form, and includes but is not limited to marine aquatic plants in the classes *Chlorophyta, Phaeophyta,* and *Rhodophyta*.

Selective Gear Rules Gear is limited to artificial flies with barbless single-point hooks or lures with barbless single-point hooks and bait is prohibited. Up to 3 hooks may be used. Only knotless nets may be used to land fish.

Shellfish Includes Dungeness, red rock, king, and box crab; razor clams, and all other marine clams existing in a wild state; oysters, geoducks, shrimp, California sea cucumbers, sea urchins, scallops, goose barnacles, cockles, mussels, squid, octopus, and crawfish.

Shoreline Fishing Fishing from shore or a structure affixed to the shore or by wading in the water.

Snagging An effort to take fish with a hook and line in a manner that the fish does not take the hook or hooks voluntarily in its mouth.

Spear Fishing Attempting to take fish by impaling the fish on a shaft, arrow, or other device.

Stationary Gear Restriction The line, weight, lure, or bait must be moving (not stationary) while in the water.

Steelhead A sea run rainbow trout over 20" in length.

Stretch Measure The distance between the inside of one knot to the outside of the opposite vertical knot of one mesh when the mesh is stretched vertically.

Trolling Fishing from a vessel or floating device that is underway and under power.

Trout Brown trout, cutthroat trout, golden trout, grayling, rainbow trout (except steelhead), and tiger trout, and from waters designated as Landlocked Salmon Rules Apply Chinook, coho, and Atlantic salmon are included. Note: bull trout, Dolly Varden, Eastern brook trout, and lake trout are regulated as char (see definition for char on page 18).

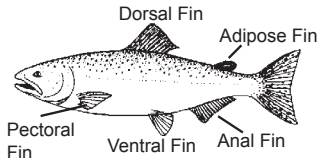

Unclassified Marine Invertebrates Invertebrates not classified as shellfish such as snails, nudibranchs, shore crabs, graceful crabs, sand dollars, starfish, white and red sea cucumbers, limpets, chitons, etc.

Unclassified Marine Fish Fish that have not been classified as Food Fish or Game Fish.

WDFW An abbreviation for Washington Department of Fish and Wildlife.

Whitefish Gear Rules Fishing gear is restricted to one single-point hook, maximum hook size 3/16" point to shank (hook size 14), and bait is allowed. All species: Release all fish except whitefish.

Wild Chinook and Coho Wild Chinook and coho have an unclipped adipose fin.

Wild Steelhead and Trout Wild steelhead and trout have unclipped adipose or ventral fins.

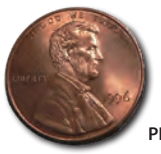

Other General Information Used Throughout the Pamphlet

SPORTFISHING RULE DEVELOPMENT

For information on upcoming sportfishing rule development, please visit our website at ***https://wdfw.wa.gov***. The website will have information on the schedule, how you can participate, and the types of rule changes we will be considering. In addition, you can sign up to receive fishing rule changes and regulatory focused news releases at ***https://wdfw.wa.gov/about/lists***.

FISH TAGGING NOTICE

Researchers throughout the state have released fish including sturgeon, with PIT tags (small glass-encased microchips) injected into the muscle just behind the top of the head. The tag doesn't need to be returned, but check for the presence of a tag if the fish is to be consumed.

PIT Tag Size

Several state and federal agencies (including WDFW), universities and Indian tribes also have released salmon, steelhead, sea-run cutthroat trout, sturgeon, and various marine fish species with acoustic tags in their body cavities. These tags transmit signals that are picked up by special receivers, allowing fishery managers to track the fish. Anglers who find a tag while cleaning their catch should call (360) 902-2700 to report the tag number, species of fish, date and location of their catch.

Acoustic Tag

SPECIAL USE PERMIT

Anglers with "WDFW Disability Status" (see page 14) may apply for a "Special Use Permit" to accommodate their fishing activities. Special Use Permits are customized on a case by case basis to the individual's particular need. For more information, go to: ***https://wdfw.wa.gov/accessibility***

PROHIBITED AQUATIC SPECIES

It is illegal to transport, introduce, or use prohibited aquatic animal and plant species, unless specifically authorized. WDFW encourages citizens to be vigilant in preventing the introduction or spread of prohibited and other non-native species. To report sightings and learn more about what you can do, please call toll free 1-888-WDFW-AIS. For more information on Aquatic Invasive Species, go to ***https://wdfw.wa.gov/species-habitats/invasive***.

LICENSE SUSPENSIONS AND PROPERTY FORFEITURES

Washington State's Fish and Wildlife Enforcement Code (Revised Code of Washington Chapter 77.15) requires the **mandatory** suspension of a person's fishing privileges, for up to five years, if a person is convicted of one of the following violations:

- assaulting a Fish and Wildlife Enforcement Officer, or an employee or agent of the Department performing official duties
- first degree waste of fish and wildlife
- harvesting endangered fish or wildlife
- unlawfully purchasing or using a license

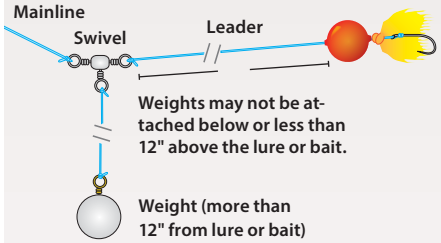

In addition, repeat offenders (any person with three convictions for any kind of violation within ten years) receive a mandatory two-year suspension of all fishing and hunting privileges. The law treats an uncontested notice of infraction, a finding of "committed" on an infraction, or a guilty plea as a conviction that will count toward a potential suspension. You will permanently lose your fishing and hunting privileges if you hunt or fish on a suspended license or face a lifetime or longer term suspension if a violation demonstrates a willful or wanton disregard for the conservation of fish or wildlife. Furthermore, property that is used to violate any fishing and hunting regulations, or that is held with the intention of committing a violation, may be seized for evidence and may ultimately be forfeited to the state.

Anti-Snagging Rule Examples

See definition on page 18.

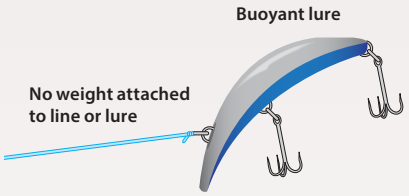

Weighted Gear Example

When using weight, or non-buoyant lures, only 1 single-point hook measuring ¾" or less from point to shank may be used.

Buoyant (floating) Lure Example

Up to 3 hooks measuring ¾" or less from point to shank may be used. Hooks can be single, double, or treble.

Reporting Violations/ Poaching

DIAL 911 to Report a Life Threatening Emergency

For Non-Emergency Violations/ Poaching:

- Call WDFW toll-free 1-877-933-9847 (1-877-WDFW-TIP); or
- Use the dedicated WDFW email address (reportpoaching@dfw.wa.gov); or
- **Text your poaching/violation tip** anonymously to the WDFW poaching hotline 847411 (TIP411).
  1. Start a text message on your phone. On the first line of the message type the key word WDFWTIP. Then add a space and type in the violation information.
  2. Then, from the phone's menu, select **Send To**: and type in 847411 (TIP411), and press send (Note: The text message is sent to a special computer server that will mask your identity and assign an alias); **OR**
- Report the crime on-line to WDFW by using the following web address: ***https://wdfw.wa.gov/about/enforcement/report*** or
- To report fish and wildlife related crimes and incidents, call WILDCOMM at (360) 902-2936, Option 1, OR 1 (877) 933-9847
- For further information see ***https://wdfw.wa.gov/about/enforcement/report***

For Other Fish and Wildlife Enforcement Questions:

Report lost or stolen recreational shellfish gear online at ***https://wdfw.wa.gov/fishing/shellfishing-regulations/gear-rules/lost-gear***

For Aquatic Invasive Species Reports: Call toll-free 1-888-933-9247 (1-888-WDFW-AIS)

Reward Program

Information that contributes substantially to an arrest of another person for violation of Title 77.15 RCW, WAC 220, or WAC 232, including loss of fish, wildlife, or damage to WDFW property, could be eligible for a cash reward. Annually, about $8,000.00 is paid in rewards.

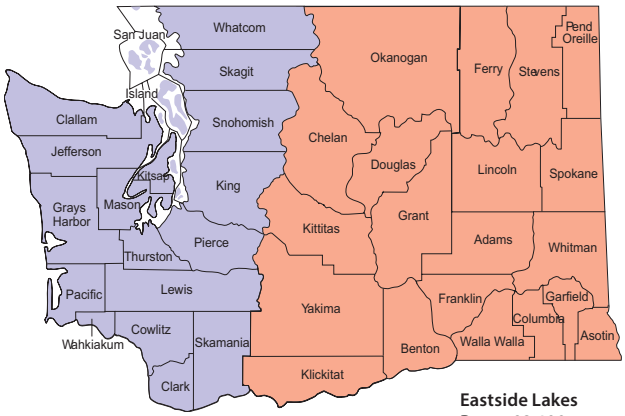

Statewide Freshwater Rules

USING FRESHWATER RULES

1. **Read:** The Statewide Freshwater Rules and Statewide Freshwater Species Rules (pages 23-25). Determine seasons and general rules applying to the species for which you intend to fish.
2. **Check Special Rules for your location:** Special Rules (pages 26-100), list areas where the Statewide Rules have been modified. These are divided into multiple areas: Puget Sound and Coastal Rivers, Columbia Basin Rivers, Westside and Eastside lakes. Rivers lists rivers, streams, and beaver ponds. Lakes lists lakes, ponds, and reservoirs. For the purposes of this pamphlet, the Columbia and Snake are rivers (not reservoirs), and any Special Rules that apply are listed in the Columbia Basin section.

   If a freshwater area is not listed in Special Rules, follow the Statewide Freshwater Rules.
3. **Check for Emergency Rules:** Which can be found by contacting statewide customer service at (360) 902-2700, or by visiting the WDFW website at ***https://wdfw.wa.gov.***

Westside Lakes
Pages 79-91

Eastside Lakes
Pages 92-100

Puget Sound and Coastal Rivers
Pages 26-46

Columbia Basin Rivers
Pages 47-78

UNLESS OTHERWISE LISTED in the Special Rules (pages 26-100): The following Statewide Freshwater Rules and seasons apply (pages 23-25):

AREAS/SEASONS

Areas listed within Special Rules (pages 26-100), show **all** game fish and salmon fishing opportunities for the specific area listed.

All freshwater areas are **closed** to the harvest of any fish not classified as a food fish or game fish (see definitions page 18) except for Northern pike.

Freshwater areas are open 24 hours per day when open.

All freshwater areas are **closed** to fishing for salmon, Dolly Varden/bull trout, lamprey, and grass carp.

Lakes, ponds, and **reservoirs** are **open** to fishing for game fish (except Dolly Varden/bull trout and grass carp) **year-round**.

Rivers, streams and **beaver ponds** are **open** the Saturday before Memorial Day through October 31. Beaver ponds located within or connected to streams listed as open to trout and other game fish follow the same rules as the stream.

TACKLE

Hook and line angling only. Barbed or barbless hooks may be used, and a hook may be single-point, double, or treble, but not more than one line with up to three hooks per angler may be used.

Single-point barbless hooks are required in areas designated as "fly fishing only" or "selective gear rules."

All fishing gear must be kept in immediate control and may not be left unattended while fishing. Rodholders may be used, but the rod must be easily removed without delay; rod may be left in holder while playing the fish.

A club or dipnet may be used to assist landing a legal fish taken by legal gear. A gaff hook may not be used.

It is unlawful to possess a fish taken from freshwater that was not hooked inside the mouth or on the head. The head is defined as any portion forward of the rear margin of the gill plate.

BAIT RULES

It is unlawful to chum, broadcast, feed, or distribute into freshwater any bait or other substance capable of attracting fish unless specifically authorized in Special Rules.

Where use of bait is prohibited, or where lures or flies are used voluntarily, game fish may be caught and released until the daily limit is retained.

It is unlawful to possess or use live aquatic animals as bait, except:

1. Live aquatic animals (other than fish) collected from the water being fished.
2. Live sand shrimp.
3. Live forage fish in the Columbia River (downstream of Rocky Point/Tongue Point).

SPECIAL RULES INSTRUCTIONS

The Special Rules (pages 26-100), list freshwater areas where the Statewide Rules have been modified.

Unless otherwise listed in the Special Rules, you must follow the Statewide Rules.

Areas listed within Special Rules, show **all** game fish and salmon fishing opportunities for the specific area listed.

Common regulation terms and definitions can be found on pages 18, 20, and 21.

The terms **"trout", "char", "all game fish"**, and **"other game fish"** include the trout, char, and game

UNLESS OTHERWISE LISTED in the Special Rules (pages 26-100): The following Statewide Freshwater Rules and seasons apply (pages 23-25):

fish species on the definitions pages 18, 20, and 21, except grass carp.

When landlocked salmon rules apply, landlocked Atlantic, coho, and Chinook salmon are regulated as trout. See definition page 21.

County references after lakes or streams are noted to make it easier to locate the waters listed, or to differentiate between two places with the same name. They do not mean that the rules apply only to the portion of water in that county.

In Grant, Adams, Okanogan, and Douglas counties, you may fish up to the base of all man-made dams or other obstructions (in listed and unlisted areas), except Zosel Dam.

Lakes with this icon have a public boat ramp.

Lakes with this icon are excluded from the Two-Pole Endorsement.

Green Sturgeon
Olive green to dark green in color. There are approximately 8-11 dorsal scutes. Vent between pelvic fins. Scutes behind vent.

White Sturgeon
Gray back shading. There are approximately 11-14 dorsal scutes. Vent behind pelvic fins. No scutes behind vent.

STURGEON

Green Sturgeon may not be retained.

White sturgeon open for catch-and-release fishing during open game fish or salmon seasons.

Catch-and-release fishing only in the Columbia River from Bonneville Dam downstream, and from McNary Dam to Chief Joseph Dam, Snake River from Ice Harbor Dam upstream, coastal and Puget Sound waters including their tributaries.

Annual white sturgeon limit is 2 fish even if the angler holds both a Washington and Oregon license.

Anglers may continue to fish catch-and-release after retaining a daily limit.

After an annual limit has been retained, catch-and-release fishing is allowed in waters open to catch-and-release fishing.

Catch Record Cards are required statewide.

Only one single-point barbless hook and bait is allowed when fishing for sturgeon. In the field, eggs must be retained with intact carcass of fish from which they came. **Night closure in effect for all sturgeon.** Any sturgeon not to be retained must be released immediately. **Sturgeon over 55" fork length cannot be removed totally or in part from the water.**

Tagged sturgeon: Do not remove tags from fish not of legal size or not to be retained, but record: tag number and color, date, location of catch, fish length, your name and address. If fish is retained, remove tag and send with above information to the address below.

Eat Fish, Choose Wisely:
Advice from Department of Health

Access all fish consumption advisory information using the following QR code and your cell phone camera.

Fish offers valuable physical and mental health benefits and DOH recommends eating at least two fish meals per week, from a variety of species and locations. However, there are 49 fish consumption advisories in Washington due to contaminants. To balance the benefits with potential risk we recommend following the meal guidance contained within our advisories. Remember, "Eat fish, choose wisely!"

TIPS TO REDUCE CONTAMINANTS

- Remove skin, organs, and fat before cooking
- Eat a variety of fish
- Eat younger and smaller fish (within legal limits)

CURRENT ADVISORIES (Select)

Chart below is a partial list of advisories. Complete list available online.

WATERBODY	FISH SPECIES	ADVICE
All waterbodies	Northern Pikeminnow	Women of childbearing age and children should not eat
Columbia River – Middle – Bradford Island (Bonneville Dam to Fort Raines)	Bass, Bluegill, Carp, Catfish, Crappie, Sucker, Sturgeon, Walleye, Yellow Perch	Everyone should not eat
Lower Columbia River (former Vanalco Plant)	Clams	Everyone should not eat
Duwamish River (Lower)	All resident fish, shellfish and crab	Everyone should not eat
Lake Whatcom	Smallmouth Bass	Women of childbearing age and children should not eat
Lake Washington	Common Carp, Cutthroat Trout, Largemouth Bass, Northern Pikeminnow, and Smallmouth Bass	Everyone should not eat
Olympic National Park (Lake Ozette)	Largemouth Bass, Northern Pikeminnow	Everyone should not eat
Spokane River (Idaho Border to Upriver Dam)	All species	Everyone should not eat
Wenatchee River (Icicle Creek to Columbia River)	Mountain Whitefish	Everyone should not eat

- Before you fish, check advisories at ***http://www.doh.wa.gov/fishmap*** or call **1-877-485-7316.**

Statewide Freshwater Species Rules

UNLESS OTHERWISE LISTED in the Special Rules (pages 26-100): The following Statewide Freshwater Rules and seasons apply (pages 23-25):

GAME FISH

Possession limit for game fish is 2 daily limits in any form.

Bass

(See DOH advisory, page 24)

May be caught, retained, and released alive from a livewell until a daily limit is in possession.

- **Largemouth Bass:** No min. size in lakes, ponds, and reservoirs. Only largemouth bass less than 12" may be retained, except 1 over 17" may be retained. Daily limit 5. No size restriction/daily limit in rivers, streams, and beaver ponds.
- **Smallmouth Bass:** No min. size in lakes, ponds, and reservoirs. Only 1 smallmouth bass over 14" may be retained. Daily limit 10. No size restriction/daily limit in rivers, streams, and beaver ponds.

Walleye:

Min. size 12" in lakes, ponds, and reservoirs. Daily limit 8. Only 1 over 22" may be retained. May be caught, retained, and released alive from a livewell until daily limit is in possession. No size restriction/daily limit in rivers, streams, and beaver ponds.

Channel Catfish:

No min. size in lakes, ponds, and reservoirs. Daily limit 5.

No min. size/daily limit in rivers, streams, and beaver ponds.

Burbot (Freshwater Ling):

No min. size. Daily limit 5.

Crappie, Northern Pikeminnow, Peamouth Chub, Perch, Suckers, Sunfish, Catfish (Except Channel), Rock Bass, Striped Bass:

No min. size. No daily limit.

Grass Carp:

Closed unless otherwise listed in Special Rules.

Kokanee:

No min. size. Daily limit 10. When fishing with bait, all kokanee that are lawful to possess and are equal to or greater than the minimum size are counted as part of the daily limit whether kept or released.

Tiger Muskellunge (Tiger Muskie):

Min. size 50". Daily limit 1.

Whitefish:

No min. size. Daily limit 15.

Steelhead:

Release all wild steelhead.

Min. size 20". Daily limit 2. Open during salmon or game fish seasons unless as otherwise listed.

Trout

The combined daily limit for an angler that fishes in both rivers and lakes on the same day is 5 trout, no more than 2 may be from rivers.

When fishing with bait, all trout that are lawful to possess and are equal to or greater than the minimum size are counted as part of the daily limit whether kept or released.

- **Brown Trout, Cutthroat Trout, Rainbow Trout, Golden Trout, Tiger Trout, and Grayling:**
  - » **In rivers, streams, and beaver ponds:** Min. size 8". Daily limit 2.
  - » **In lakes, ponds, and reservoirs:** No min. size. Daily limit 5.

Char

- **Lake Trout:** No min. size. No daily limit.
- **Eastern Brook Trout (EBT):** No min. size. No daily limit.
- **Dolly Varden/Bull Trout:** Closed unless otherwise listed in Special Rules.

FOOD FISH

Common Carp:

No min. size. No daily limit. No possession limit. May also be taken by spear or bow-and-arrow. Open only during open game fish or salmon seasons.

Shad:

No min. size. No daily limit. No possession limit. Open only during open game fish or salmon seasons except Apr. 1-May 15: closed in the mainstem Columbia River downstream of Bonneville Dam.

Salmon:

Anglers may not continue to fish for salmon after the adult portion of the daily limit has been retained.

Possession limit — 2 daily limits in fresh form. An additional 40 pounds of salmon may be possessed in frozen or processed form (see pages 18 and 20). Atlantic salmon may be retained during any open trout or salmon fishery. There is no size limit or daily limit for Atlantic salmon.

Forage Fish:

Forage Fish: No min. size. Daily limit is 10 lbs. in the aggregate with herring, sardines, sand lance, anchovies, and all species of smelt (including surf smelt, eulachon, longfin smelt, night smelt, or whitebait). Possession limit — 2 daily limits in fresh form. Additional smelt may be possessed in a frozen or processed form. All smelt caught must be kept and count toward the daily limit. Smelt may be taken by dip net. Each smelt harvester must use a separate container to hold their catch and the container must be in the harvester's presence or identified with the harvester's name. **Statewide closure of eulachon (Columbia River smelt):** Eulachon may not be retained unless authorized by emergency rule. Check the Cowlitz River smelt fishing webpage (***https://wdfw.wa.gov/fishing/regulations/smelt***) for announcements from January through March. Fishing for other smelt species is open in all rivers — except the Columbia River and its tributaries — only during open game fish or salmon seasons, unless otherwise specified in special rules.

White Sturgeon:

Columbia River from Bonneville Dam upstream to McNary Dam including tributaries: Min. size 38" fork length in waters downstream of The Dalles Dam, and min. size 43" fork length in waters upstream of The Dalles Dam. Max. size 54" fork length. Daily limit 1. Possession limit: is 2 daily limits in a fresh, frozen or processed form. Annual limit 2 sturgeon statewide per license year (April 1-March 31). Unless specifically noted in special rules, open only during open game fish or salmon seasons. **Please note rules on page 24.**

Columbia River from Bonneville Dam Downstream, and from McNary Dam to Chief Joseph Dam, Snake River, coastal, and Puget Sound waters including their tributaries: Catch-and-release only. Open only during open game fish or salmon seasons unless specifically noted in special rules. **Please note rules on page 24.**

Green Sturgeon:

It is unlawful to fish for or retain green sturgeon.

OTHER

Lamprey:

It is unlawful to take, fish for, or possess Pacific lamprey, western brook lamprey, or river lamprey or to use any species of lamprey as fishing bait.

Northern Pike:

No min. size. No daily limit. No possession limit. Must be dead before being removed from riparian area (immediate vicinity of water body).

Other Fish Not Classified as Game Fish or Food Fish:

Closed. See definitions on page 18.

Bullfrogs:

(no license required) No min. size. No daily limit. Must be taken by angling, hand-dip netting, spearing (gigging), or with bow-and-arrow.

Puget Sound and Coastal Rivers
Special Rules

SPECIES	DATE	ADDITIONAL RULES
ANDERSON CREEK - KITSAP CO.		
All species		Selective gear rules.
Trout	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit. Except: release cut-throat trout and wild rainbow trout.
Other game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
BAINBRIDGE ISLAND STREAMS - KITSAP CO.		
all streams on Bainbridge Island		
All species		Selective gear rules.
Trout	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit. Except: cutthroat trout and wild rainbow trout: min. size 14".
Other game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
BAKER RIVER - SKAGIT/WHATCOM CO.		
from mouth to the lower Baker Dam		
All species		CLOSED WATERS.
BEAR CREEK - CLALLAM CO.		
(Bogachiel Tributary)		
All species		Only 1 single-point barbless hook allowed. Bait prohibited.
Trout	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit. Except: release wild rainbow trout.
Other game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
BEAR CREEK - CLALLAM CO.		
(Sol Duc Tributary)		
All species		Bait prohibited. Only 1 single-point barbless hook allowed.
Trout	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit. Except: release cut-throat trout and wild rainbow trout.
Other game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
BEAR RIVER - PACIFIC CO.		
from mouth (Hwy. 101 Bridge) to Lime Quarry Rd. (approx. 2 river miles) CRC (305)		
All species	Aug. 16-Nov. 30	Anti-snagging rule. Night closure. Barbless hooks required.
Trout	Sat. before Memorial Day-Mar. 31	Statewide min. size/daily limit. Except: cutthroat trout and wild rainbow trout: min. size 14".
Other game fish	Sat. before Memorial Day-Mar. 31	Statewide min. size/daily limit.
Salmon	Sept. 1-Jan. 31	Min. size 12". Daily limit 6 including no more than 2 adults. Release wild Chinook.
from Lime Quarry Rd. upstream to Longview Fiber Bridge CRC (305)		
All species		Selective gear rules.
	Aug. 16-Nov. 30	Night closure.
Trout	Sat. before Memorial Day-Mar. 31	Statewide min. size/daily limit. Except: cutthroat trout and wild rainbow trout: min. size 14".
Other game fish	Sat. before Memorial Day-Mar. 31	Statewide min. size/daily limit.
BEAVER CREEK - CLALLAM CO.		
from mouth upstream to Beaver Falls		
All species		Bait prohibited. Only 1 single-point barbless hook allowed.
Trout	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit. Except: release cut-throat trout and wild rainbow trout.
Other game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
BEAVER PONDS - KITSAP CO.		
Beaver ponds on Tahuya Peninsula west of Hwy. 3		
Trout	4th Sat. in Apr.-Oct. 31	No min. size. Daily limit 2.
Other game fish	4th Sat. in Apr.-Oct. 31	Statewide min. size/daily limit.
BEAVER PONDS - KITSAP CO.		
Beaver ponds east of Hwy. 3		
Trout	First Sat. in June-Oct 31	No min. size. Daily limit 2.
Other game fish	First Sat. in June-Oct. 31	Statewide min. size/daily limit.
BIG BEAVER CREEK - WHATCOM CO.		
from 1/4 mile upstream of Ross Lake markers to headwaters, including tributary streams and beaver ponds		
All species		Selective gear rules.
Trout	July 1-Oct. 31	Statewide min. size/daily limit. Except: release cut-throat trout and wild rainbow trout.
Other game fish	July 1-Oct. 31	Statewide min. size/daily limit.
BIG BEEF CREEK - KITSAP CO.		
within 100' of the Seabeck Hwy. NW Big Beef Creek Bridge		
All species		Selective gear rules. Internal combustion motors prohibited.
	Aug. 1-Aug. 31	CLOSED WATERS.
Trout	Sat. before Memorial Day-July 31	Statewide min. size/daily limit. Except: release cut-throat trout and wild rainbow trout.
Other game fish	Sat. before Memorial Day-July 31	Statewide min. size/daily limit.
from Seabeck Hwy. Bridge to Lake Symington		
All species		Internal combustion motors prohibited. Selective gear rules.
Trout	Sat. before Memorial Day-Aug. 31	Statewide min. size/daily limit. Except: release cut-throat trout and wild rainbow trout.
Other game fish	Sat. before Memorial Day-Aug. 31	Statewide min. size/daily limit.
from Lake Symington upstream		
All species		Selective gear rules.
Trout	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit. Except: release cut-throat trout and wild rainbow trout.
Other game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
BIG MISSION CREEK - KITSAP/MASON CO.		
All species		Selective gear rules.
Trout	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit. Except: release cut-throat trout and wild rainbow trout.
Other game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
BIG QUILCENE RIVER - JEFFERSON CO.		
from the mouth to the downstream terminus of WDFW public access easement (lat. 47.81675, long. -122.89056) CRC (812)		
All species		Internal combustion motors prohibited. WDFW access easement is from Hwy. 101 Bridge downstream approx. 1 mile on north side of the river only.
	Sat. before Memorial Day-Aug. 15	Selective gear rules.
Trout	Sat. before Memorial Day-Aug. 15	Statewide min. size/daily limit. Except: release cut-throat trout and wild rainbow trout.
Other game fish	Sat. before Memorial Day-Aug. 15	Statewide min. size/daily limit.
Salmon	Aug. 16-Aug. 31	Min. size 12". Daily limit 4. Anti-snagging rule. Night closure. Release all salmon other than coho.
from the downstream terminus (lat. 47.81675, long. -122.89056) of WDFW public access easement to Hwy. 101 Bridge		
All species		WDFW access easement is from Hwy. 101 Bridge downstream approx. 1 mile on north side of the river only. Internal combustion motors prohibited.
	Sat. before Memorial Day-Aug. 15	Selective gear rules.
Trout	Sat. before Memorial Day-Aug. 15	Statewide min. size/daily limit. Except: release cut-throat trout and wild rainbow trout.
Other game fish	Sat. before Memorial Day-Aug. 15	Statewide min. size/daily limit.
Salmon	Aug. 16-Oct. 31	Min. size 12". Daily limit 4. Anti-snagging rule. Night closure. Release all salmon other than coho.

Salmon	Nov. 1-Dec. 31	Min. size 12". Daily limit 6 including no more than 2 adults. Release all salmon other than hatchery Chinook and hatchery coho.
from 400' below the falls to the falls		
All species		CLOSED WATERS.
COLDWATER LAKE INLET AND OUTLET STREAMS - COWLITZ CO.		
all inlet and outlet streams of Coldwater Lake		
All species		CLOSED WATERS.

(Continued on next column)

SPECIES	DATE	ADDITIONAL RULES
COLUMBIA BASIN HATCHERY CREEK - GRANT CO.		
from the hatchery outflow to confluence with Rocky Coulee Wasteway		
All species		Open for juvenile anglers, senior anglers and anglers with a disability who possess a designated harvester companion card only.
All game fish	Apr. 1-Sept. 30	Statewide min. size/daily limit.
COLUMBIA RIVER - where the river coincides with the boundary between Washington and Oregon, the license of either state is valid. Anglers must comply with the laws of the state in which they are fishing. An angler licensed only in Oregon may not fish on the Washington shore or in Washington sloughs or tributaries, except camas slough, where the license of either state is valid from a floating device. An angler fishing the Columbia River is restricted to one daily limit even if licensed by both states. Salmon and steelhead anglers may not possess in the field, fish mutilated so that size, species or fin clip cannot be determined, until the angler has reached their automobile or principle means of land transportation and has completed their daily angling. Anglers may fish with either a saltwater, freshwater, or combination license in the waters of the Columbia River between a line from rocky point, on the Washington shore, to tongue point, on the Oregon shore, and the buoy 10 line described below. For sturgeon rules in the Columbia River tributaries, see rules for adjoining mainstem waters.		
North Jetty CRC (1)		
All species		A saltwater or combination license is required to fish the north jetty.
Trout	Year-round	Catch-and-release.
Other game fish	Year-round	Statewide min. size/daily limit.
Salmon and hatchery steelhead	Year-round	Fishing for salmon and steelhead is open 7 days a week when Marine Area 1 or Buoy 10 areas are open for salmon. The daily limit and minimum size restrictions follow the most liberal regulations of either of these areas. Single-point barbless hooks required for salmon and steelhead.
Sturgeon	Year-round	Catch-and-release. Night closure.
Tuna and mackerel	Year-round	No min. size. No daily limit. Except northern bluefin, skipjack, and yellowfin tuna; daily limit of 2 each.
Herring, smelt, and sandlance	Year-round	No min. size. Daily limit 10 lbs., all species combined. All smelt caught must be kept and count toward the daily limit except CLOSED to eulachon (Columbia River smelt).
Anchovy and sardine	Year-round	No min. size. Daily limit 25 lbs., all species combined. May be taken by a cast net.

SPECIES	DATE	ADDITIONAL RULES
Bottomfish	2nd Sat. in March-3rd Sat. in October	Daily limit is 9 bottomfish regardless of species except surfperch. Subject to individual limits and seasons.
	3rd Sun. in Oct-2nd Fri. in Mar	Closed.
Lingcod	2nd Sat. in March-3rd Sat. in October	No min. size. Daily limit 2.
Rockfish	2nd Sat. in March-Apr. 30	No min. size. Daily limit 7. No yelloweye may be retained.
	May 1-July 31	No min. size. Daily limit 7. No yelloweye, copper, quillback, or vermillion may be retained.
	Aug. 1-3rd Sat. in October	No min. size. Daily limit 7. No yelloweye may be retained.
Surfperch	2nd Sat. in March-3rd Sat. in October	No min. size. Not included in bottomfish limit. Daily limit 12 surfperch. Daily limit 15 shiner perch.
Cabezon	2nd Sat. in March-3rd Sat. in October	No min. size. Daily limit 2.
Sixgill, sevengill, and thresher sharks	Year-round	CLOSED to fishing for, retaining, or possessing. Sixgill shark may not be removed from the water.
Other food fish (marine 1,2,3)	Year-round	No min. size. Daily limit 2 of each species.
All other fish (not listed in special rules)	Year-round	CLOSED to fishing for, retaining, or possessing.
from a true north and south line through Buoy 10 to the Megler Astoria Bridge, except see Youngs Bay Control Zone CRC (519)		
All species		Night closure and barbless hooks required (salmon, steelhead, and sturgeon only).
	Year-round	Anglers may fish with either a saltwater, freshwater, or combination license in the waters of the Columbia River from the Buoy 10 line to a line from Rocky Point on the Washington shore, to Tongue Point on the Oregon Shore.
	Aug. 1-Dec. 31	Each angler aboard a vessel may deploy salmon/steelhead angling gear until the daily salmon/steelhead limit for all anglers aboard has been achieved.
Trout	Year-round	Catch-and-release.
Other game fish	Year-round	Statewide min. size/daily limit.
Salmon and hatchery steelhead	Jan. 1-Last Day of Feb.	Salmon - min. size 12". Daily limit 6 including no more than 2 adult salmon or 2 hatchery steelhead or 1 of each. Release all salmon other than hatchery Chinook.
	Mar. 1-Mar. 31	Salmon min. size 12". Daily limit 6 including no more than 1 adult salmon and 1 hatchery steelhead or 2 hatchery steelhead. Release all salmon other than hatchery Chinook.
	Apr. 1-July 31	Closed.
	Aug. 1-Aug. 6	Chinook - min. size 24". Coho - min. size 16". Daily limit 2 including no more than 1 Chinook. Release all salmon and steelhead other than Chinook and hatchery coho.
	Aug. 7-Aug. 25	Chinook - min. size 24". Coho - min. size 16". Daily limit 2 including no more than 1 Chinook. Release all salmon and steelhead other than hatchery Chinook and hatchery coho.
	Aug. 26-Sept. 6	Chinook - min. size 24". Coho - min. size 16". Daily limit 2 including no more than 1 Chinook. Release all salmon and steelhead other than Chinook and hatchery coho.
	Sept. 7-Sept. 30	Coho - min. size 16". Daily limit 2. Release all salmon and steelhead other than hatchery coho.
	Oct. 1-Oct. 31	Salmon - min. size 12". Daily limit 6 including no more than 2 adults. Release all salmon and steelhead other than hatchery coho.
	Nov. 1-Dec. 31	Salmon - min. size 12". Daily limit 6 including no more than 2 adult salmon or 2 hatchery steelhead or 1 of each. Release all salmon other than hatchery coho.
Shad	Apr. 1-May 15	Closed.
	May 16-Mar. 31	No min. size. No daily limit.

Sturgeon	Year-round	Night closure. Catch-and-release.
SNAKE RIVER TRIBUTARIES - GARFIELD CO.		
Snake River tributaries except Palouse River, Tucannon River, Asotin Creek, and Grande Ronde River		
All species		CLOSED WATERS.
SNIPES CREEK - BENTON CO.		
All species		Selective gear rules.
All game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
SOUTH COLUMBIA BASIN IRRIGATION PE 16.4 SPILLWAY - FRANKLIN CO.		
From the South Columbia Basin Irrigation PE16.4 spillway at the Ringold Springs access downstream 400′ towards the Columbia River (46°30′20.0″N 119°15′28.7″W).		
All species		CLOSED WATERS.
SPOKANE RIVER - SPOKANE CO.		
from Nine Mile Dam upstream to the Idaho/Washington state line		
All species		Selective gear rules.
Trout	Sat. before Memorial Day-Mar. 15	No min. size. Daily limit 2. Release all trout other than hatchery rainbow trout.
Other game fish	Sat. before Memorial Day-Mar. 15	Catch-and-release.
SPRING CREEK - KLICKITAT CO.		
from Hill Rd. upstream to the Goldendale Hatchery		
Trout	Sat. before Memorial Day-Oct. 31	Min. size 8″. Daily limit 5.
Other game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
SPRING CREEK - BENTON CO.		
All species		Selective gear rules.
All game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
SPRUCE CREEK - YAKIMA CO.		
All species		CLOSED WATERS.
STEHEKIN RIVER - CHELAN CO.		
from mouth upstream including tributaries		
All species		Selective gear rules.
All game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit. Except: Release wild cutthroat trout.

(Continued on next column)

SPECIES	DATE	ADDITIONAL RULES
STILLWATER CREEK - COWLITZ/LEWIS CO.		
All species		Selective gear rules, except barbed hooks are allowed.
Trout	Sat. before Memorial Day-Oct. 31	Min. size 14″. Daily limit 2.
Steelhead (hatchery)	Sat. before Memorial Day-Oct. 31	Min. size 20″. Daily limit 3.
Other game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
Salmon	Aug. 1-Oct. 31	Min. size 12″. Daily limit 6. Up to 2 adults may be retained. Release all salmon other than hatchery Chinook and hatchery coho.
SULLIVAN CREEK AND TRIBUTARIES - PEND OREILLE CO.		
All species		Selective gear rules.
Trout	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit. Except: Release cut-throat trout.
Other game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
SWAUK CREEK AND TRIBUTARIES - KITTITAS CO.		
All species		Selective gear rules.
All game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
TANEUM CREEK AND TRIBUTARIES - KITTITAS CO.		
All species		Selective gear rules.
All game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
TEANAWAY RIVER - KITTITAS CO.		
and tributaries except North Fork		
All species		Selective gear rules.
All game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
TEANAWAY RIVER, NORTH FORK - KITTITAS CO.		
mainstem and all tributaries from the mouth to Beverly Creek including Beverly Creek		
All species		Selective gear rules.
Trout	Sat. before Memorial Day-Oct. 31	Catch-and-release.
Other game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
from Beverly Creek to the waterfall at the end of USFS Rd. 9737		
All species		CLOSED WATERS.
THIRTYMILE CREEK - OKANOGAN CO.		
from mouth upstream to falls		
All species		CLOSED WATERS.
TIETON RIVER - YAKIMA CO.		
from mouth to Tieton (Rimrock) Dam and all tributaries		
All species		Selective gear rules.
	Sat. before Memorial Day-Oct. 31	It is permissible to fish up to the base of Tieton (Rimrock) Dam.
All game fish	Sat. before Memorial Day-Oct. 31	Statewide min. size/daily limit.
TIETON RIVER, NORTH FORK - YAKIMA CO.		
From Rimrock Lake to USFS Rd. 740, including that portion of the river that flows through the dry lakebed of Rimrock Reservoir		
All species		Selective gear rules.
All game fish	Sat. before Memorial Day-Aug. 15	Statewide min. size/daily limit.
Clear Lake spillway		
All species		CLOSED WATERS.
from USFS Rd. 740 to Clear Lake Dam		
All species		CLOSED WATERS.
from Clear Lake upstream		
All species		Selective gear rules.
All game fish	Sat. before Memorial Day-Aug. 15	Statewide min. size/daily limit.
all tributaries		
All species		Selective gear rules.
All game fish	Sat. before Memorial Day-Aug. 15	Statewide min. size/daily limit.

Westside Lakes – Special Rules

UNLISTED LAKES, PONDS, AND RESERVOIRS

These waters offer year-round fishing opportunities and are regulated under the Statewide Freshwater Rules as listed on pages 23-25 with the following exceptions:

- seasonal waters listed under Lake Special Rules pages 79-91, and 92-100
- waters within tribal reservation lands
- waters within national park boundaries (not national forests)
- within boundaries of federal military installations

NOTE ABOUT LAKES

If a lake is owned by a municipality such as a city or county, they have the authority to implement restrictions such as Electric Motors Only, No Motors Allowed, Night Closure, etc. For more information regarding any of these possible restrictions, you may want to contact the County's Department of Parks & Recreation or Sheriff's office before fishing.

Eastside Lakes – Special Rules

UNLISTED LAKES, PONDS, AND RESERVOIRS

These waters offer year-round fishing opportunities and are regulated under the Statewide Freshwater Rules as listed on pages 23-25 with the following exceptions:

- seasonal waters listed under Lake Special Rules pages 79-91, and 92-100
- waters within tribal reservation lands
- waters within national park boundaries (not national forests)
- within boundaries of federal military installations

NOTE ABOUT LAKES

If a lake is owned by a municipality such as a city or county, they have the authority to implement restrictions such as Electric Motors Only, No Motors Allowed, Night Closure, etc. For more information regarding any of these possible restrictions, you may want to contact the County's Department of Parks & Recreation or Sheriff's office before fishing.

All game fish	4th Sat. in Apr.-Oct. 31	Statewide min. size/daily limit. Except: Eastern brook trout count as part of trout daily limit.
WARDEN LAKE - GRANT CO.		
All game fish	4th Sat. in Apr.-Sept. 30	Statewide min. size/daily limit.
WARDEN LAKE, SOUTH - GRANT CO.		
All game fish	4th Sat. in Apr.-Sept. 30	Statewide min. size/daily limit.
WASHBURN ISLAND POND - OKANOGAN CO.		
All species	Apr. 1-Sept. 30	Internal combustion motors may be attached to floating device, but cannot be used.
All game fish	Apr. 1-Sept. 30	Statewide min. size/daily limit.
WASHBURN LAKE - OKANOGAN CO.		
All species		Internal combustion motors prohibited. Selective gear rules.
Trout	4th Sat. in Apr.-Oct. 31	Min. size 18". Daily limit 1.
Other game fish	4th Sat. in Apr.-Oct. 31	Statewide min. size/daily limit.
WATSON LAKE - COLUMBIA CO.		
All species		Fishing from any floating device prohibited.
All game fish	Mar. 1-Nov. 30	Statewide min. size/daily limit.
WENATCHEE LAKE - CHELAN CO.		
CRC (670)		
All species		Selective gear rules.
Kokanee	Year-round	Closed.
Trout	Year-round	Catch and Release.
Steelhead (hatchery)	Year-round	Closed.
Other game fish	Year-round	Statewide min. size/daily limit.
WIDGEON LAKE - GRANT CO.		
All game fish	4th Sat. in Apr.-Sept. 30	Statewide min. size/daily limit.
WILLIAMS LAKE - STEVENS CO.		
All game fish	1st Fri. after Thanksgiving-Mar. 31	Statewide min. size/daily limit.
WILLIAMS LAKE - SPOKANE CO.		
All game fish	4th Sat. in Apr.-Sept. 30	Statewide min. size/daily limit.
WINCHESTER WASTEWAY - GRANT CO.		
that portion within Winchester Game Reserve		
All game fish	Mar. 1-Sept. 30	Statewide min. size/daily limit.
YAKIMA SPORTSMEN'S PARK PONDS - YAKIMA CO.		
All species		Open for juvenile anglers, senior anglers and anglers with a disability who possess a designated harvester companion card only. Two-Pole not allowed.
All game fish	Year-round	Statewide min. size/daily limit.
YOCUM LAKE - PEND OREILLE CO.		
All species		Unlawful to use lead weights or lead jigs measuring 1 1/2" or less along the longest axis. Internal combustion motors prohibited.
All game fish	4th Sat. in Apr.-Oct. 31	Statewide min. size/daily limit.

Rock Bass
Large mouths and reddish eyes. Has five (or more) spines in its anal fin

Green Sunfish
Large mouths and only 3 spines on the anal fin. There are no teeth near the tip of the tongue. It has a dark spot at the base of the last three soft dorsal rays.

Bluegill
The bluegill is olive green to bluish with a blue and orange lower body. It has vertical bars on each side and solid black gill opercular lobes.

Black Crappie
Large rounded dorsal and anal fins. Deep, but narrow bodies, giving a compressed "pancake" appearance.

Yellow Perch
This perch has a greenish to yellow body, a white belly, and vertical dark crossbars on each side. There are no prominent teeth.

Grass Carp
Silvery to olive coloration. Large scales without scales on the head.

ADDITIONAL EASTSIDE LAKES WITH ACCESS AREAS

These year-round lakes have access areas which include a boat launch.

- Alkali Lake (Grant Co.)
- Bennington Lake (Walla Walla Co.)
- Billy Clapp Lake (Grant Co.)
- Burbank Slough (Walla Walla Co.)
- Canal Lake (Grant Co.)
- Curlew Lake (Ferry Co.)
- Clark Pond (Franklin Co.)
- Corral Lake (Grant Co.)
- Dalton Lake (Franklin Co.)
- Davis Lake (Pend Oreille Co.)
- Diamond Lake (Pend Oreille Co.)
- Dog Lake (Yakima Co.)
- Ellen Lake (Ferry Co.)
- Evergreen Reservoir (Grant Co.)
- Fish Lake (Chelan Co.)
- Goose Lake, Upper (Grant Co.)
- Gillette Lake (Stevens Co.)
- Halfmoon Lake (Pend Oreille Co.)
- Heart Lake (Grant Co.)
- Herman Lake (Adams Co.)
- Horseshoe Lake (Pend Oreille Co.)
- Jump-Off Joe Lake (Stevens Co.)
- Lavendar Lake (Kittitas Co.)
- Leader Lake (Okanogan Co.)
- Leo Lake (Pend Oreille Co.)
- Long Lake (Grant Co.)
- Lyle Lake (Adams Co.)
- Mesa Lake (Franklin Co.)
- Mill Pond (Pend Oreille Co.)
- Newman Lake (Spokane Co.)
- Patterson Lake (Okanogan Co.)
- Priest Rapids Reservoir (Grant Co.)
- Rock Lake (Whitman Co.)
- Roses Lake (Chelan Co.)
- Scooteney Reservoir (Franklin Co.)
- Sidley Lake (Okanogan Co.)
- Stan Coffin Lake (Grant Co.)
- Waitts Lake (Steven Co.)
- Wanapum Reservoir (Grant Co.)
- Whitestone Lake (Okanogan Co.)
- Windmill Lake (Grant Co.)

Stop the Spread of Invasive Northern Pike

How To Identify Northern Pike
- Yellow bean-shaped spots
- Yellow-green to gray-green body
- Rounded tail fork
- Scales on cheeks and upper half of gill cover
- 4 to 5 jaw pores

Do not move live Northern Pike

The penalty for moving live Northern Pike includes up to a $5,000 fine and a year in prison (RCW 77.15.250). A person found guilty can also be ordered to pay all costs of capturing, controlling or killing those fish or their progeny (in excess of $100,000).

If you see someone transporting or releasing live fish, please call the Washington State Patrol.

If caught DO NOT RELEASE

Northern Pike are a prohibited species in Washington state. Anglers should kill **ALL** Northern Pike they catch. Harvested Northern Pike must be dead before anglers leave the water where they are caught.

How To Report

Take detailed photos, record the location and report a sighting.

Phone: 1.888.WDFW.AIS (1.888.933.9247)
Online: ***invasivespecies.wa.gov***
App: WA invasives

Trout and Char Identification

Brown Trout
This trout's back is brown or olive with large spots. Sides are light brown to yellowish with large dark spots surrounded by halos of blue-gray. The tail has few spots.

Rainbow Trout
Body color is variable and may be silvery in lakes and reservoirs. Numerous closely grouped spots on dorsal fin and tail. The maxillary (upper jaw bone) does not usually extend beyond the back of the eye.

Westslope Cutthroat Trout
Body color is variable. Numerous closely grouped spots towards the dorsal fin and tail. The maxillary (upper jaw bone) usually extends beyond the back of the eye. Red or orange slash on the underside of the jaw.

Eastern Brook Trout
Dark green or blue with white belly which may become a vibrant orange as the fish nears spawning. Its upper body and dorsal fin have wormlike markings. Its sides have yellow and pink spots with blue rings. The lower fins are white-tipped and the tail is square.

Coastal Cutthroat Trout
Body color is variable. Numerous closely grouped spots on dorsal fin and tail. The maxillary (upper jaw bone) usually extends beyond the back of the eye. May have a red or orange slash on the underside of the jaw.

Catch-and-release ONLY in all marine waters.

Bull Trout

Dolly Varden
These fish are olive green to brown above and on the sides with no worm-like markings. There are cream or pink spots. The tail is slightly forked. Dolly Varden are typically smaller and are only found in a few headwater streams in Western Washington. Bull trout have a longer jaw and are found in Eastern and Western Washington and may also be encountered in marine waters. Bull trout/Dolly Varden can be distinguished from brook trout by lacking black wormlike spots on their dorsal fins.

Steelhead
Steelhead are ocean-run rainbow trout that run in both summer and winter seasons, returning after one to three years at sea.

Kokanee
The non-anadromous (non-migrating) form of sockeye salmon. They have blue backs and silver sides and unlike other salmon and trout, except chum salmon, sockeye and kokanee lack distinct dark spots on their backs and tail fins. In addition, when compared to other trout, they have finer scales, larger eyes, and a deeply forked tail.

Marine Fish Identification

Lingcod
Body dark brown, grey or green with mottling on sides. A single long fin on back with only one notch. Large mouth with large teeth. Can reach 5' in length.

Cabezon
Body olive green to grey with lighter mottling. Two fins on back. Skin flap between nostrils. Small teeth.

Pacific Cod
Brown to grey body with lighter mottling. Three fins on back and a large "whisker" under lower jaw. Also called true cod and grey cod.

Pacific Hake
Body dark or silver grey becoming silvery below. Two fins on back, the second being deeply notched. Black inside mouth. Large mouth with sharp teeth. Also called whiting.

Walleye Pollock
Body brown with mottling, usually with several stripes along the body. Three fins on back. The "whisker" under lower jaw is absent or very small. Large eye with small pupil.

Dogfish Shark
Dark brown upper body with white belly, white spots sometimes on upper body. Single prominent spines in front of each dorsal fin. Lacks an anal fin.

Kelp Greenling (female)
Size: up to 21"
Color: small, reddish-brown to golden spots on a gray to brown body.
Look for: yellowish orange fins.

Kelp Greenling (male)
Size: up to 21"
Color: gray to brownish-olive, with irregular blue spots on the front half of their bodies
Look for: eyelike spot at the end of the soft dorsal fin, just in front of the tail.

Halibut
Size: up to 6'
Color: white on one side; brown-gray on the other.
Look for: large mouth and eyes on right side of body. Three points on tail.

Salmon Identification

OCEAN PHASE

Chinook Salmon

Large black spots on back, dorsal fin, and both the upper and lower lobes of the tail. Black mouth with a **black gum line** and large prominent teeth. Silver pigment on the tail.

Coho Salmon

Black spots on back with spots only on the upper portion of the tail. White mouth with a **white gum line**, a dark tongue, and medium-sized teeth. Average size scales. Silver pigment on the tail.

Chum Salmon

No prominent spots on back or tail (small speckles may be present). White mouth with a **white gum line**, a dark tongue, and well developed teeth. Calico markings (vertical bars), but faint on bright fish. Silver pigment on the tail.

Pink Salmon

Generally large black spots on back and heavy **oval shaped black blotches** on the upper and lower lobes of the tail. White mouth with a black gum line and tongue. **Very small** scales. **No silver pigment** on the tail. Few if any teeth present.

Sockeye Salmon

No prominent spots on back or tail (small speckles may be present). White mouth with a **white gum line**, a dark tongue, and almost toothless. Average size scales. Prominent gold-colored eyes. No silver pigment on the tail. Small teeth.

SPAWNING PHASE

Chinook Salmon

Chinook salmon do not display the conspicuous morphological changes of pink, chum and sockeye salmon during the spawning stage. Typically Chinook turn from silvery bright ocean coloration to a darker bronze color. **Large spots** are found on the back and both lobes of the tail. Mouth is black with a **black to grey gum line**.

Coho Salmon

Mature coho salmon display a greenish-black head with a red to maroon colored body. Spots are found on the back and only **upper lobe** of the tail. The mouth is black with a **white gum line**. Typically male coho display brighter coloration and have a more pronounced elongated hooked snout.

Chum Salmon

Chum salmon display characteristic **olive-green vertical markings** on the sides of the body as they approach spawning. There are no spots on the back or tail. Male chum salmon develop a more elongated snout with large canine-like teeth and also have reddish-purple vertical markings in addition to the olive-green markings.

Pink Salmon

The majority of pink salmon return on odd-numbered years. Pink salmon have large **oblong spots** on the back and both lobes of the tail. Pink salmon, like most other salmon transform from silvery bright ocean coloration to a more dull and darker color. Males develop a pronounced hump as they approach spawning.

Sockeye Salmon

Sockeye turn **brick red to scarlet red** along their body with a greenish head. Female coloration is often more dull colored. There are **no distinct spots** on the back or tail. Sockeye can be found spawning in both lakes, streams, and rivers, while other Pacific salmon spawn in streams and rivers.

Learn more by visiting: ***https://wdfw.wa.gov/species-habitats/species***

ATLANTIC SALMON

Male Atlantic salmon

Female Atlantic salmon

Atlantic salmon have large black spots on the gill covers and back, and rarely any spots on the tail fin. Their scales are large, there is no red stripe along the lateral line, and they have 8-10 anal fin rays. Atlantic salmon may be taken from marine waters during any open salmon season, and from anadromous (not landlocked) freshwater during any open salmon or trout season. Anglers may not, however, continue to fish for Atlantic salmon after a daily limit of another species of salmon has been retained. In landlocked lakes, Atlantic salmon may be taken as part of the trout daily limit. Seasons and size limits in place for trout apply to Atlantic salmon in landlocked lakes. Opportunities to harvest Atlantic salmon beyond those listed in the pamphlet will be announced to the news media. Please report sightings to (360) 902-2700.

CHINOOK, COHO, AND PINK SALMON IDENTIFICATION

Chinook

Jaw – dark mouth and black gums at the base of its large, sharp teeth. Immature Chinook are known as a "blackmouth."

Tail – both the upper and lower lobes of the tail are covered with spots and silver is prominent.

Coho

Jaw – Jaw- mouth is white and the gum line is almost white, but the tongue may be black. The medium-sized teeth are sharp.

Tail – has just a few scattered spots, usually on the upper lobe, with silver streaks. Base of tail is wide.

Pink

Jaw – mouth of a pink is white, but the gums and tongue are black, as they are in a Chinook. It does not have "teeth" on its tongue.

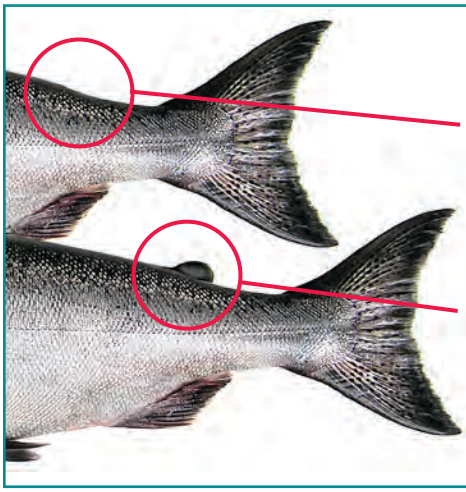

Tail – is covered with large oval spots. It does not have silver on the tail. The scales are very small compared to other salmon.

WILD AND HATCHERY IDENTIFICATION

In order to provide salmon and steelhead fishing opportunities, WDFW and the Tribes have marked salmon and steelhead by clipping the adipose fin (a small fatty fin directly behind the dorsal fin). In areas designated "release wild <insert fish name>", fin-clipped salmon and steelhead are the only fish that may be retained. The picture to the right shows a wild salmon and a fin-clipped or hatchery salmon. Please be careful in releasing wild fish– they are your fishing future! For tips on the best way to release fish, please see page 12. In Marine Areas 5-13, it is illegal to bring a wild salmon or a species of salmon aboard a vessel if it is unlawful to retain those salmon. "Aboard a vessel" is defined as inside the gunwale. In Marine Area 2-2, it is unlawful to totally remove salmon from the water if it is illegal to retain those fish, except anglers fishing from boats 30' or longer are exempt.

Learn more by visiting:
https://wdfw.wa.gov/fishing/management/hatcheries/mass-marking

Hatchery Salmon
Adipose fin has been clipped – leaving a healed scar in its place.

Wild Salmon
Intact adipose fin.

Rockfish Identification

All rockfish caught in Marine Areas 6-13 must be released immediately. See ***https://wdfw.wa.gov/species-habitats/at-risk/species-recovery/rockfish***

Yelloweye Rockfish
Orange-red to yellow body color, bright yellow eye, and fins may be tinged with black. Raspy ridges above eye, rear of anal fin vertical. Also called rasphead rockfish and red snapper. Typically the largest species of rockfish.

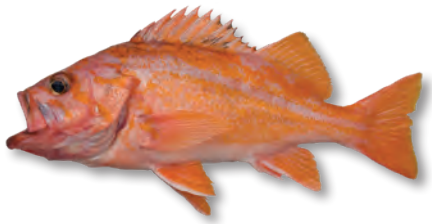

Black Rockfish
Body black or grey in color. Also called seabass and black bass. Large mouth, rounded anal fin.

Blue/Deacon Rockfish
Body is blue or black. Forehead has several diagonal bars. Has a small mouth. The anal fin is vertical or slanted posteriorly.

Vermilion Rockfish
Body dark red and mottled gray. Red mouth and underside of jaw is rough. Fins may be edged with black. Anal fin rounded.

Canary Rockfish
Bright orange or yellow body, mottled with grey. Fins are orange without black edge. Three orange stripes across the head. Chin smooth to the touch. Anal fin sharp and angular.

Quillback Rockfish
Body brown with yellow mottling. High fin on back with yellow mottling. Have freckles on head and throat. Two light saddle patches on top of back.

Copper Rockfish
Body variable in color with light colored stripe along the rear of the lateral line. Two dark bars radiating from eye.

Yellowtail Rockfish
Olive green body with yellow-green fins. May have knob at tip of lower jaw. Rear edge of anal fin vertical.

China Rockfish
Body blue or black spotted with yellow and white. Prominent yellow stripe extending from top of back to along lateral line to caudal fin.

Bocaccio Rockfish
Body orange, olive, or brown. Large mouth extending past rear of eye, and projecting lower jaw.

Tiger Rockfish
Body pink to red with five red to black vertical stripes. Strong ridges between eyes. Two dark bars radiating from eye.

Widow Rockfish
The head is short, with a small mouth. Adults are various shades of brown to orange. Smaller fish are lighter.

PROTECT WASHINGTON'S ROCKFISH

Rockfish are an incredibly diverse and important group of marine fish in our Pacific waters. A number of species are in low abundance in both Puget Sound and the Washington coast. To aid their recovery, fisheries in these areas have ended or been restricted. Read on to learn how you can help conserve Washington's rockfish.
See the WDFW web page for more information:
https://wdfw.wa.gov/fishing/bottomfish/rockfish/mortality.html

IDENTIFY AND REPORT

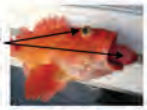

Rockfish can be challenging to identify. Anglers are encouraged to learn key features and use picture references to aid identification.
Accurately identify and report all caught & released rockfish. Data from recreational anglers are critical to scientific evaluations that determine population health. Report all rockfish caught and released to WDFW port samplers.
Support rockfish conservation. Be an informed angler; support the continued survival of rockfish by knowing how to properly identify, report, and, if necessary, release these species.

SEND THAT FISH DOWN

As fish are brought to the surface, gases in the swim bladder expand causing the stomach and eyes to bulge. This is known as **barotrauma.**

Notice the everted stomach and bulging eyes.

Sending fish with barotrauma to their caught depth recompresses them, improving their ability to stay down.
There are several devices that you can use:

DEPTH PRESSURE RELEASE
These devices grasp the fish on the jaw and release automatically once your desired depth is reached.

INVERTED HOOK
An inverted barbless hook is inserted in the lower lip. Once back to depth, release the fish with a sharp jerk on the line.

BOTTOM CONTACT RELEASE
A weight secures the grip as the fish descends. Once the weight contacts the sea floor, it releases the fish.

DO NOT VENT
Puncturing the fish's swim bladder or bulging organs is not recommended as it can cause serious injury or introduce infection.

tips

- **Protect sensitive species by avoiding them-** if you are fishing in an area where you are catching fish you can't keep, it's best to move to another location.
- **Get the rockfish down quickly-** have your descending device ready to use. **Fish returned to depth within 2 minutes have a much better chance of survival.**
- **Avoid rough handling-** avoid dropping fish; touch fish as little as possible. Use a wet towel or wet your hands to avoid removing the protective slime coat.
- **Return fish back to the depth of capture or at least 60 feet.**
- **Use the descending device that works for you-** consider the fishing location, depth, and type of boat you have.

Marine Area Rules

SEASON AND DAILY HOURS:
During an open season, marine waters are open 24 hours per day, except as noted for night closures.

QUOTA MANAGEMENT:
Salmon, halibut, and some shellfish are managed by quotas in many marine areas. These fisheries close when the quotas have been taken. Closures will be announced to local news media.

CHECK FOR EMERGENCY RULES:
Emergency rules may occur throughout the year and will supersede the rules contained in this pamphlet. Changes can be found by contacting statewide customer service (360) 902-2700, or by visiting the WDFW website *https://wdfw.wa.gov.*

Rules listed below are General Rules. Specific Area Rules are listed by area (pages 110-131).

In Washington waters where a saltwater license is valid, each angler aboard a vessel may continue to deploy angling gear or shellfish gear until the daily limit of fish and shellfish for all anglers aboard has been achieved.

SPECIAL RULES

Hatchery Steelhead – May be caught and released until the daily limit is retained. If a fish has swallowed the hook or is hooked in the gill, eye, or tongue, it should be kept if legal to do so. **Wild steelhead** must be released.

Salmon – Single-point barbless hooks and a hand-held rod and line must be used.
In Areas 5-13, it is illegal to bring a wild salmon or a species of salmon aboard a vessel if it is unlawful to retain those salmon. "Aboard a vessel" is defined as inside the gunwale. Also see special Handling Rule for Area 2-2 east of the buoy 13 line.

White Sturgeon – Only one single-point barbless hook and bait is allowed when fishing for sturgeon. Catch-and-release only. Open year-round. Night closure in effect. Sturgeon over 55" fork length cannot be removed totally or in part from the water.

Green Sturgeon – It is unlawful to fish for or retain green sturgeon.

Halibut – Hook and line angling and spearfishing only. A hand-held line is permitted. Only one line with up to two hooks may be used. Halibut may be shot or harpooned while landing. It is unlawful to fish for, retain, possess, or land halibut into a port located within an area that is closed to halibut fishing, except it is lawful to land halibut into a port within Marine Area 4, that were lawfully retained in Marine Area 5.

Bottomfish, Tuna, and Mackerel – Hook and line angling, spearfishing, and bow and arrow fishing only. May not retain, possess, or land bottomfish from Oregon that do not comply with the regulations for the area where the fish are landed. See bottomfish definition page 18.

Rockfish – It is unlawful to fish for, retain, or possess yelloweye rockfish in all Marine Areas. It is unlawful to fish for, retain, or possess rockfish in Areas 6-13.

Forage Fish – Forage fish jig or forage fish dip net only except anchovy and sardine may be taken by a cast net in Areas 1-4. Only one net may be used at a time. Dip net gear must be held by the rigid handle at all times and may not be used from a vessel while under power. Cast net gear must be in immediate control at all times with retrieval cord in hand. Anglers with the reduced-fee license or a Designated Harvester Card may use a forage fish dip net with a hand-operated gate. Jig gear may have up to three treble hooks or nine single-point hooks, not to exceed 3/8" between point and shank. While fishing in Areas 5-11 & 13, a second line using forage fish jig gear may be used to fish for forage fish.
You may use forage fish jig gear in Columbia River waters from the Buoy 10 line to the Rocky Point/Tongue Point line.

Unclassified Marine Fish – **Closed**

Other Food Fish – See definition page 20. Daily limit is 2 of each species.

Shark closure – **Closed** to fishing for, retention, or possession of sixgill, sevengill, and thresher sharks. Sixgill shark may not be removed from the water.

POSSESSION LIMITS

Vessel Limits Marine areas 1-6: Anglers aboard a boat may only possess one daily limit of fish or shellfish in fresh form.

Salmon – Two daily limits of fresh salmon, except 1 daily limit when aboard a vessel in Marine areas 1-6. An additional 40 pounds of salmon may be possessed in a frozen or processed form (see pages 18 and 20).

Steelhead – Two daily limits of hatchery steelhead, except 1 daily limit when aboard a vessel in Marine areas 1-6.

Bottomfish – Two daily limits in any form, except 1 daily limit when aboard a vessel in Marine areas 1-6.

Halibut – Two daily limits in any form, except only one limit while aboard a fishing vessel. Annual limit is 6.
For halibut caught in Canadian waters, contact Department of Fisheries and Oceans Canada (DFO) or visit their website at ***https://www.dfo-mpo.gc.ca/fisheries-peches/recreational-recreative-eng.html*** for updated Canadian regulations.

Tuna – Albacore, and mackerel - No possession limit or daily limit. Yellowfin, skipjack, and Northern bluefin - No possession limit, daily limit 2 each, except possession limit of 1 daily limit when aboard a vessel in Marine areas 1-6.

Shellfish – One daily limit of fresh shellfish. Additional shellfish may be possessed in a frozen or processed form. See page 132 for Shellfish/Seaweed rules and page 134 for the Shellfish Safety Information.

Forage Fish (herring, anchovies, sardines, sand lance, and smelt) – Two daily limits in fresh form, except 1 daily limit when aboard a vessel in Marine areas 1-6. Additional forage fish may be possessed in frozen or processed form. **Closed to fishing for eulachon (Columbia River smelt)**. See description on page 114. Each smelt harvester must use a separate container to hold their catch and the container must be in the harvester's presence or identified with the harvester's name.

TACKLE/GEAR RULES

All Fishing Gear - Must be kept in immediate control, and gear may not be left unattended while fishing.

Hook and Line Angling – Unless noted differently, only one line with up to 2 hooks is allowed.

Barbless Hooks – are required for all **species** in Marine Areas 5-13, except forage fish jig gear. When fishing for **salmon** in Areas 1-13, single-point barbless hooks must be used.

Descending Device – A device used for the rapid descent or recompression of fish. A descending device must be onboard vessels and rigged for immediate use when fishing for or possessing halibut or bottomfish. See ***https://wdfw.wa.gov/species-habitats/at-risk/species-recovery/rockfish*** for more information.

Forage Fish Dipnet - A section of netting (maximum mesh size is 5/8" stretched mesh) distended by a rigid frame not exceeding 36" across and directly attached to a rigid handle. May only be used for forage fish or squid.

Forage Fish Cast Net - A section of netting (maximum mesh size is 1" stretched mesh) no larger than 10' in diameter with retrieval cord. May only be used in Marine Areas 1-4, and may only be used for harvesting anchovy and sardine.

Landing a Fish - A club or dipnet (landing net) may be used to assist landing a legal fish taken by legal gear. A gaff may only be used to land a legally hooked lingcod (in Marine Areas 1-3 and 4 West of Bonilla-Tatoosh line), halibut, tuna, or dogfish shark that will be retained. Halibut may be shot or harpooned while landing.

Downriggers - May be used with a line if the line releases from the downrigger while playing and landing the fish.

Rodholders - May be used; the rod must be easily removed without delay; rod may be left in the holder while playing the fish.

Electric Reels - May be used if designed for sport fishing and attached to a fishing rod.

Spearfishing - The diver must be swimming or floating in the water while spearfishing. The use of explosives or bullets attached to the spear ("bang sticks") is prohibited.

AREA DEFINITIONS AND CODES

(1) **Ilwaco** – west of the Buoy 10 line at the Columbia River mouth, north to Leadbetter Point.

(2) **Westport-Ocean Shores** – from Leadbetter Point north to the Queets River, excluding Willapa Bay and Grays Harbor.

(2-1) **Willapa Bay** – east of a line from Leadbetter Point to Cape Shoalwater (see definition page 111).

(2-2) **Grays Harbor** – east of a line from the outermoust tip of the north jetty to outermost exposed end of the south jetty.

(3) **La Push** – from the Queets River (47°32.31'N) north to Cape Alava (48° 10' N).

(4) **Neah Bay** – from Cape Alava north and inside Juan de Fuca Strait to the Sekiu River.

(5) **Sekiu and Pillar Point** – from mouth of the Sekiu River east to Low Point, mouth of the Lyre River.

(6) **East Juan De Fuca Strait** – from Low Point east to the Partridge Point – Point Wilson line, north to the line from Trial Island (near Victoria B.C.) – Vessel Traffic Separation Buoy "R" – Smith Island to the Lawson Reef Buoy, to Northwest Island, to the Initiative 77 marker on Fidalgo Island.

(7) **San Juan Islands** – all marine waters north of the Trial Island line (described under Area 6) to the United States-Canada boundary.

(8-1) **Deception Pass, Hope Island, and Skagit Bay** – from West Point to Reservation Head eastward through Deception Pass, including all waters of Swinomish Slough and Skagit Bay, and the portion of Saratoga Passage north and west of a line from East Point Light to light on Camano Island (Saratoga Pass Light #4Fl Red 4 Sec.).

(8-2) **Ports Susan and Gardner** – east of East Point Light-Camano Island Light line (described in 8-1 above) and north of the Possession Point-Shipwreck line (described in 9 below).

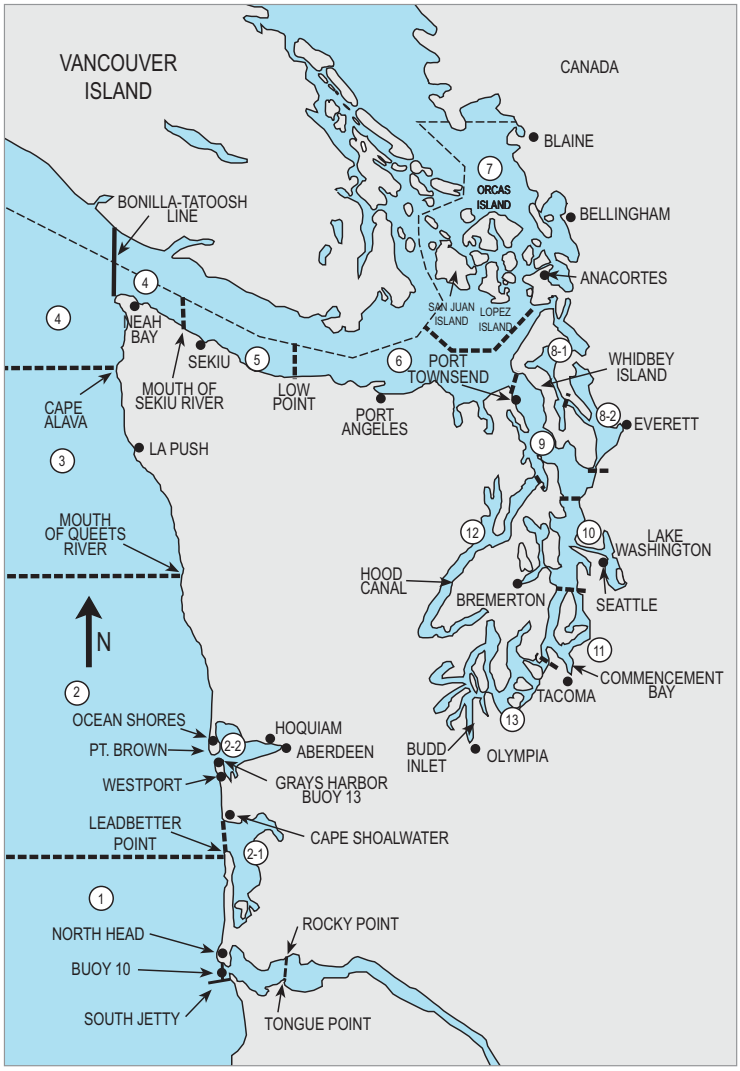

(9) **Admiralty Inlet** – all waters inside and south of the Partridge Point – Point Wilson line, south and west of a line from Possession Point 110° true to shipwreck, north of the Hood Canal Bridge, and north of the Apple Cove Point-Edwards Point line.

(10) **Seattle-Bremerton Area** – south from the Apple Cove Point-Edwards Point line to a line projected true east-west through the north tip of Vashon Island.

(11) **Tacoma-Vashon Island** – south from a line projected true east west through the north tip of Vashon Island to the northernmost Tacoma Narrows Bridge.

(12) **Hood Canal** – all waters south of the Hood Canal Bridge.

(13) **South Puget Sound** – all waters south of northernmost Tacoma Narrows Bridge.

Marine Area 1 - Ilwaco

(West of the Buoy 10 line at the Columbia River mouth, from the state line 46.15, N. Lat., north to Leadbetter Point)

SPECIES	SEASON	ADDITIONAL RULES
Trout	Year-round	Catch-and-release
Steelhead	Year-round	Daily limit 2 hatchery steelhead.
Sturgeon	Year-round	Catch-and-release.
Tuna and Mackerel	Year-round	No min. size. No daily limit except Northern bluefin, skipjack, and yellowfin tuna daily limit of 2 each.
Herring, Sand Lance, and Smelt	Year-round	No min. size. Daily limit 10 lbs., all species combined. All smelt caught must be kept and count toward the daily limit except Closed to eulachon (Columbia River smelt).
Anchovy and Sardine	Year-round	No min. size. Daily limit 25 lbs., all species combined. May be taken by a cast net.
Pacific Halibut	Check the WDFW website at ***https://wdfw.wa.gov/fishing/regulations/halibut*** or call (360) 902-2700 in April for information on Pacific halibut seasons and regulations.	No min. size. Daily limit 1. Annual limit 6. See the Nearshore Halibut Fishery below. Descending device required onboard vessels.
Other Food Fish	Year-round	No min. size. Daily limit 2 of each species. See definition page 20.
All Other Fish	CLOSED	CLOSED to fishing for, retaining, or possessing.
SALMON		
Entire Area	June 25-Sept. 30, 2025	Chinook - min. size 22". Coho - min. size 16". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook. Release wild coho. Possession of salmon onboard a vessel is prohibited on days closed to salmon fishing.
	May-June, 2026	Check the WDFW website at ***wdfw.wa.gov*** or call (360) 902-2700 in late April for information on the 2026 salmon season.
BOTTOMFISH		
	Second Sat. in Mar.-Third Sat. in Oct.	Daily limit is 9 bottomfish (see definition page 18) except surfperch and flatfish. Subject to individual limits and seasons shown below. No bottomfish may be landed in Marine Area 1 if a halibut is onboard during the All-Depth Halibut Fishery, except: sablefish, Pacific cod, all flatfish species, yellowtail, widow, canary, redstriped, greenstriped, silvergray, chilipepper, bocaccio, blue/deacon rockfish, and lingcod north of the OR/WA border. On days when only the Nearshore Halibut Fishery is open for halibut, bottomfish (subject to individual limits and seasons) may be retained when halibut are onboard. Descending device required onboard vessels.
Lingcod	Second Sat. in Mar.-May 31	Daily limit 2. No retention or possession seaward of a line drawn from 46°38.17' N Lat., 124°21.00' W Lon., to 46°33.00' N Lat., 124°21.00' W Lon.,
	June 1-June 15	Daily limit 2.
	June 16-Aug. 31	Daily limit 2. No retention or possession seaward of a line drawn from 46°38.17' N Lat., 124°21.00' W Lon., to 46°33.00' N Lat., 124°21.00' W Lon.,
	Sept. 1-Sept. 30	Daily limit 2.
	Oct. 1-Third Sat. in Oct.	Daily limit 2. No retention or possession seaward of a line drawn from 46°38.17' N Lat., 124°21.00' W Lon., to 46°33.00' N Lat., 124°21.00' W Lon.,
Surfperch	Second Sat. in Mar.-Third Sat. in Oct. Year-round from beach	Not included in bottomfish limit. No min. size. Daily limit 12 surfperch. Except shiner perch daily limit 15: not included in bottomfish limit. When bottomfish is CLOSED: fishing from North Jetty prohibited.
Rockfish	Second Sat. in Mar.-April 30	No min. size. Daily limit 7 including no more than 5 canary. Release yelloweye.
	May 1-July 31	No min. size. Daily limit 7 including no more than 5 canary. Release yelloweye, copper, quillback and vermilion.
	Aug. 1-Third Sat. in Oct.	No min. size. Daily limit 7 including no more than 5 canary. Release yelloweye.
Cabezon	Second Sat. in Mar.-Third Sat. in Oct.	No min. size. Daily limit 1.
Flatfish (Dabs, Sole, Flounder)	Second Sat. in Mar.-Third Sat. in Oct.	No min. size. In addition to the 9 bottomfish daily limit, 5 additional flatfish may be retained.
Sixgill, Sevengill, and Thresher Sharks	CLOSED	CLOSED to fishing for, retaining, or possessing. Sixgill shark may not be removed from the water.

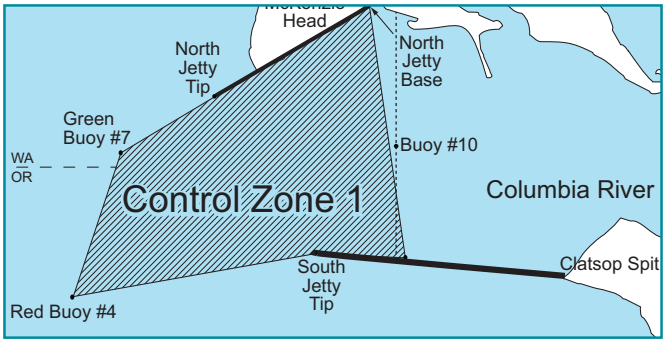

Control Zone 1: An area at the Columbia River mouth bounded on the west by a line running northeast/southwest between the red lighted Buoy #4 (46°13.58'N/124°06.83'W) and the green lighted Buoy #7 (46°15.15'N/124°06.27'W); on the east by the Buoy #10 line which bears north/south at 357° true from the south jetty at 46°14'N/124°03.12'W to its intersection with the north jetty; on the north by a line running northeast/southwest between the green lighted Buoy #7 to the tip of the north jetty (46°15.8'N/124°05.33'W), and then along the north jetty to the point of intersection with the Buoy #10 line; and on the south by a line running northeast/southwest between the red lighted Buoy #4 and the tip of the south jetty (46°14.05'N/124°04.08'W), and then along the south jetty to the point of intersection with the Buoy #10 line, is CLOSED to fishing for salmon at all times except open to fishing from the north jetty when adjacent waters north of the Control Zone are open to fishing for salmon or the Buoy 10 fishery is open.

Buoy 10 seasons: See Columbia River listing in Columbia Basin Rivers-Special Rules section (page 49).

Columbia River North Jetty: fishing for salmon and steelhead is open 7 days a week when Marine Area 1 or Buoy 10 areas are open for salmon. The daily limit and minimum size restrictions follow the most liberal regulations of either of these areas. Single-point barbless hooks required for salmon and steelhead. A saltwater or combination license is required to fish the north jetty

Washington and Oregon Reciprocity Rules: When angling or deploying shellfish gear from a vessel in the concurrent waters of the Columbia River or the Pacific Ocean within 3 miles of shore between Cape Falcon, Oregon, and Leadbetter Point, Washington, either a Washington or an Oregon fishing license is valid. NOTE: When fishing in Oregon waters, you are required to follow Oregon regulations including catch limits even if returning into a Washington port but, any fish or shellfish landed in Washington must conform to the rules in place for the point of landing.

Nearshore Halibut Fishery: Bottomfish may be retained with halibut on board in the Nearshore Halibut Fishery. The nearshore area is defined as waters shoreward of 46°38.17'N. latitude 124°15.88'W. Lon., to the WA/OR border at 46°16.00'N Lat., 124°15.88'W Lon., then connecting to the 40 fathom depth contour in Oregon. Check the WDFW website at: ***https://wdfw.wa.gov/fishing/regulations/halibut*** or call (360) 902-2700 for information on Pacific halibut seasons and regulations.

Marine Area 2 - Westport - Ocean Shores Map

Marine Area 2-1 (Willapa Bay) and Marine Area 2-2 (Grays Harbor)

NOTE: In Areas 2-1 and 2-2, anglers may use either a freshwater, saltwater, or combination license.

Marine Area 2 Definition: from Leadbetter Point north to the Queets River, excluding Willapa Bay and Grays Harbor

Marine Area 2-1 (Willapa Bay) Definition: east of a line from Leadbetter Point (46°39.20' N, 124° 3.516' W) due west to 46°39.20' N, 124° 5.3' W then due north to the westerly most landfall on Cape Shoalwater (46°44.66' N, 124° 5.3' W)

Marine Area 2-2 (Grays Harbor) Definition: east of a line from the tip of the north jetty to exposed end of the south jetty

30 FATHOM LINGCOD DEPTH RESTRICTION

Waters from Queets River south to Leadbetter Pt., as described by the following coordinates:

47°31.70'N, 124°37.03'W,
47°25.67'N, 124°34.79'W,
47°12.82'N, 124°29.12'W,
46°52.94'N, 124°22.58'W,
46°44.18'N, 124°18.00'W,
46°38.17'N, 124°15.88'W

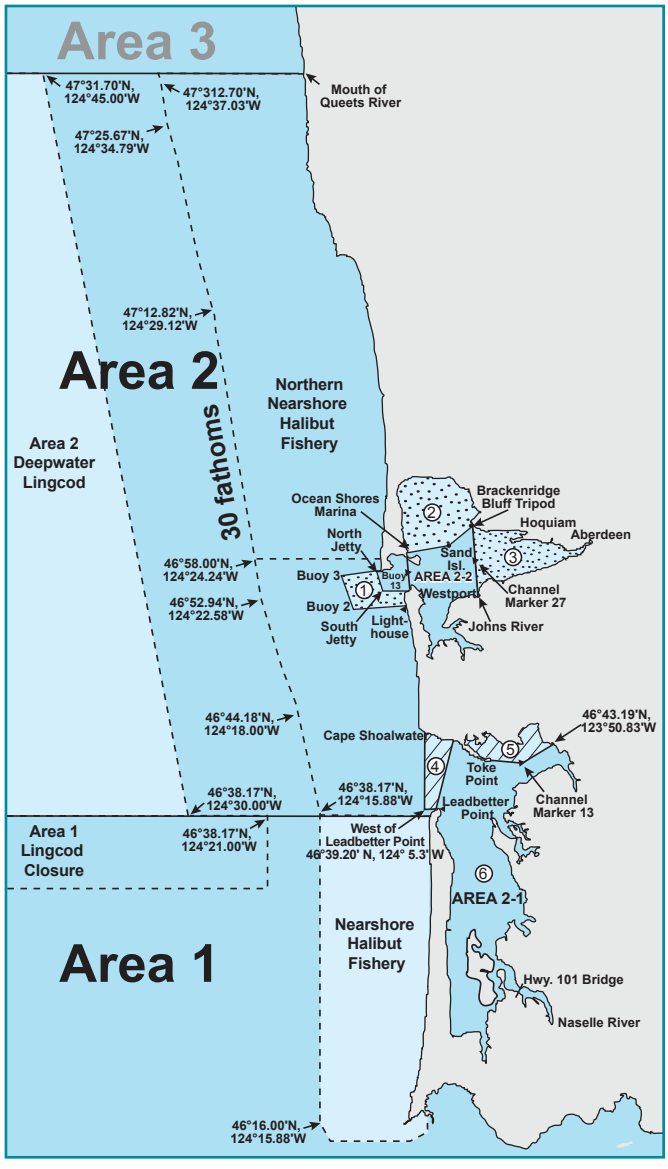

Buoy 13 Line: A line drawn true north-south through Buoy 13 near the entrance of Grays Harbor.

Westport Boat Basin: A portion of Grays Harbor lying inside the boat basin breakwater and inside lines drawn from lighted day markers 10 to 11 and 1 to 2.

Northern Nearshore Halibut Fishery: This area includes the waters from 47°31.70′ N. latitude south to 46°58.00′N. latitude and east of a line approximating 30 fathoms as defined by the following coordinates:

47°31.70′N, 124°37.03′W,
47°25.67′N, 124°34.79′W,
47°12.82′N, 124°29.12′W,
46°58.00′N, 124°24.24′W.

Check the WDFW website at: ***https://wdfw.wa.gov/fishing/regulations/halibut*** or call (360) 902-2700 for information on Pacific halibut seasons and regulations

① **Grays Harbor Control Zone:** An area at the entrance to Grays Harbor bounded by a line from the lighthouse 1 mile south of the south jetty to buoy #2 to buoy #3 to the tip of the north jetty to the tip of the exposed end of the south jetty.

② **Humptulips North Bay Fishery:** Northerly of a line running from the south end of the eastern jetty at Ocean Shores Marina, then to a fishing boundary marker on Sand Island (46°57.52′N, 124°03.36′W) then to the Tripod Station located at 46°59.12′N, 124°00.72′W on Brackenridge Bluff.

③ **East Grays Harbor Fishery:** Easterly of a projected line from the mouth of Johns River (Hwy. 105 Bridge) to the Tripod Station on Brackenridge Bluff (46°59.12′N, 124°00.72′W) through channel marker 27 (green). Does not include the Johns River channel from the Hwy. 105 Bridge to the Coast Seafood dock north of Ocean Spray Cranberry plant.

④ **Willapa Bay Control Zone:** Waters from Leadbetter Point (46°39.20′ N, 124° 3.516′ W) due west to 46°39.20′ N,124° 5.3′ W then due north to the westerly most landfall on Cape Shoalwater (46°44.66′ N, 124° 5.3′ W) and from Leadbetter Point (46°39.20′ N, 124° 3.516′ W) through green marker 11 to landfall.

⑤ **North River Closure:** Waters north of a line from Toke Point channel marker 3 easterly through Willapa Harbor channel marker 13 (green) northeasterly to the power transmission pole located at 46°43.19′N, 123°50.83′W.

⑥ **Marine Area 2-1 (Willapa Bay) Definition:** waters east of a line from Leadbetter Point (46°39.20′ N, 124° 3.516′ W) due west to 46°39.20′ N, 124° 5.3′ W then due north to the westerly most landfall on Cape Shoalwater (46°44.66′ N, 124° 5.3′ W).

Marine Area 2 - Westport - Ocean Shores

Marine Area 2-1 (Willapa Bay) and Marine Area 2-2 (Grays Harbor)

NOTE: In Areas 2-1 and 2-2, anglers may use either a freshwater, saltwater, or combination license.

SPECIES	SEASON	ADDITIONAL RULES
Trout	Year-round	Catch-and-release
Steelhead	Year-round	Daily limit 2 hatchery steelhead.
Sturgeon	Year-round	Catch-and-release.
Tuna and Mackerel	Year-round	No min. size. No daily limit except Northern bluefin, skipjack, and yellowfin tuna daily limit of 2 each.
Herring, Sand Lance, and Smelt	Year-round	No min. size. Daily limit 10 lbs., all species combined. All smelt caught must be kept and count toward the daily limit except Closed to eulachon (Columbia River smelt).
Anchovy and Sardine	Year-round	No min. size. Daily limit 25 lbs., all species combined. May be taken by a cast net.
Pacific Halibut	Check the WDFW website at ***https://wdfw.wa.gov/fishing/regulations/halibut*** or call (360) 902-2700 in April for information on Pacific halibut seasons and regulations. No min. size. Daily limit 1. Annual limit 6. See the Nearshore Halibut Fishery on previous page. Descending device required onboard vessels.	
Other Food Fish	Year-round	No min. size. Daily limit 2 of each species. See definition page 20.
All Other Fish	CLOSED	CLOSED to fishing for, retaining, or possessing.
SALMON		
Area 2 except the Grays Harbor Control Zone below.	June 21-June 28	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 1. Release coho.
	June 29-Sept. 15	Chinook - min. size 22". Coho - min. size 16". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook. Release wild coho.
	May-June, 2026	Check the WDFW website at ***wdfw.wa.gov*** or call (360) 902-2700 in late April for information on the 2026 salmon season.
Grays Harbor Control Zone (See ① on previous page)	June 21-Sept. 15	Open concurrent with the ocean (Area 2) for salmon. Area 2 rules apply.
Area 2-1 (see map previous page) including Willapa Bay Control Zone (See ④ on previous page). See exception for North River Area below (See ⑤ on previous page).	June 21-July 31, 2025	Open concurrent with the ocean (Area 2) for salmon. Area 2 rules apply.
	Aug. 1-Jan. 31	Min. size 12". Daily limit 6 including no more than 2 adults. Release wild Chinook. Anglers may fish with two poles with Two-Pole Endorsement.
North River Area (See ⑤ on previous page)	June 21-July 31, 2025	Open concurrent with the ocean (Area 2) for salmon. Area 2 rules apply.
	Aug. 1-Sept. 30	CLOSED.
	Oct. 1-Jan. 31	Min. size 12". Daily limit 6 including no more than 2 adults. Release wild Chinook. Anglers may fish with two poles with Two-Pole Endorsement.
Area 2-2 (west of Buoy 13 line)	June 21-Sept. 15	Open concurrent with the ocean (Area 2) for salmon. Area 2 rules apply.
Area 2-2 (east of the Buoy 13 line) see exceptions for Humptulips North Bay, East Grays Harbor fisheries, Westport Boat and Ocean Shores Boat basins below	Year-round.	Closed except fisheries listed below. All salmon required to be released may not be totally removed from the water, except anglers fishing from boats 30' or longer as listed on either their state or Coast Guard registration are exempt.
Humptulips North Bay Fishery (see ② on previous page)	Aug. 1-Sept. 15	Min. size 12". Daily limit 1. Release wild Chinook and wild coho.
East Grays Harbor Fishery (see ③ on previous page)	Sept. 16-Nov. 30	Min. size 12". Daily limit 2. Release Chinook.
Westport Boat Basin and Ocean Shores Boat Basin	Aug. 16-Jan. 31	Min. size 12". Daily limit 6 including no more than 4 adults. Release Chinook. Night closure and anti-snagging rule in effect except any hook where the weight is molded directly to the hook such as twitching jigs, swim jigs, or casting jigs are not allowed. Only single-point barbless hooks may be used. Record code 2-2W for Catch Record Card reporting.
BOTTOMFISH		
	Second Sat. in Mar.-Third Sat. in Oct.	Daily limit is a total of 9 bottomfish (see definition page 18) except surfperch and flatfish. Subject to individual limits and seasons shown below. See 30 Fathom Lingcod Depth Restriction on previous page. Descending device required onboard vessels.
Lingcod	Second Sat. in Mar.-Apr. 30	Daily limit 2. No retention or possession seaward of a line drawn from, 47°31.70' N, 124°45.00' W to 46°38.17' N, 124°30.00' W (Area 2 Deepwater Lingcod). See map previous page.
	May 1-May 31	Daily limit 2. No retention or possession seaward of a line approximating 30 fathoms (except when the primary halibut season is open). See 30 Fathom Lingcod Depth Restriction on previous page.
	June 1-June 15	Daily limit 2.
	June 16-Aug. 31	Daily limit 2. No retention or possession seaward of a line drawn from, 47°31.70' N, 124°45.00' W to 46°38.17' N, 124°30.00' W (Area 2 Deepwater Lingcod) except when the primary halibut season is open. See map previous page.
	Sept. 1-Sept. 30	Daily limit 2.
	Oct. 1-Third Sat. in Oct.	Daily limit 2. No retention or possession seaward of a line drawn from, 47°31.70' N, 124°45.00' W to 46°38.17' N, 124°30.00' W (Area 2 Deepwater Lingcod). See map previous page.
Surfperch	Second Sat. in Mar.-Third Sat. in Oct. Year-round from beach	Not included in bottomfish limit. No min. size. Daily limit 12 surfperch. Except shiner perch daily limit 15: not included in bottomfish limit.
Rockfish	Second Sat. in Mar.-Apr. 30	No min. size. Daily limit 7 including no more than 5 canary. Release yelloweye.
	May 1-July 31	No min. size. Daily limit 7 including no more than 5 canary. Release yelloweye, copper, quillback and vermilion.
	Aug. 1-Third Sat. in Oct.	No min. size. Daily limit 7 including no more than 5 canary. Release yelloweye.
Cabezon	Second Sat. in Mar.-Third Sat. in Oct.	No min. size. Daily limit 1.
Flatfish (Dabs, Sole, Flounder)	Second Sat. in Mar.-Third Sat. in Oct.	No min. size. In addition to the 9 bottomfish daily limit, 5 additional flatfish may be retained.
Sixgill, Sevengill, and Thresher Sharks	CLOSED	CLOSED to fishing for, retaining, or possessing. Sixgill shark may not be removed from the water.

Marine Area 3 - La Push

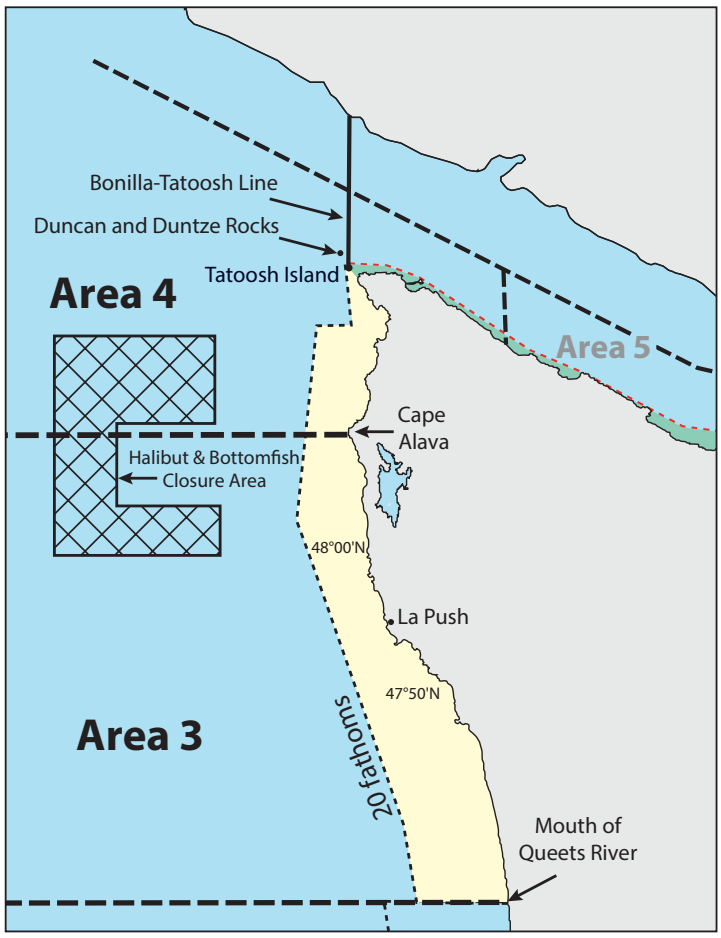

(From the Queets River north to Cape Alava)

SPECIES	SEASON	ADDITIONAL RULES
Trout	Year-round	Catch-and-release
Steelhead	Year-round	Daily limit 2 hatchery steelhead.
Sturgeon	Year-round	Catch-and-release.
Tuna and Mackerel	Year-round	No min. size. No daily limit except Northern bluefin, skipjack, and yellowfin tuna daily limit of 2 each.
Herring, Sand Lance, and Smelt	Year-round	No min. size. Daily limit 10 lbs., all species combined. All smelt caught must be kept and count toward the daily limit except Closed to eulachon (Columbia River smelt).
Anchovy and Sardine	Year-round	No min. size. Daily limit 25 lbs., all species combined. May be taken by a cast net.
Pacific Halibut	Check the WDFW website at ***https://wdfw.wa.gov/fishing/regulations/halibut*** or call (360) 902-2700 in April for information on Pacific halibut seasons and regulations. No min. size. Daily limit 1. Annual limit 6. Descending device required onboard vessels.	
Other Food Fish	Year-round	No min. size. Daily limit 2 of each species. See definition page 20.
All Other Fish	CLOSED	CLOSED to fishing for, retaining, or possessing.
SALMON		
Entire Area	June 21-July 3, 2025	Chinook - min. size 24". Other salmon species - no min. size. Daily limit 1. Release coho.
	July 4 - July 31	Chinook - min. size 24". Coho - min. size 16". Other salmon species - no min. size. Daily limit 2. Release wild coho.
	Aug. 1 - Sept. 15	Chinook - min. size 24". Coho - min. size 16". Other salmon species - no min. size. Daily limit 2. Release chum and wild coho.
	May-June, 2026	Check the WDFW website at ***wdfw.wa.gov*** or call (360) 902-2700 in late April for information on the 2026 salmon season.
BOTTOMFISH		
	Second Sat. in Mar.-May 31	Daily limit is a total of 9 bottomfish (see definition page 18) except surfperch and flatfish. Subject to individual limits and seasons shown below. Descending device required onboard vessels.
	June 1-July 31	Daily limit is a total of 9 bottomfish (see definition page 18) except surfperch and flatfish. Subject to individual limits and seasons shown below. Fishing for or possession is prohibited seaward of the 20 Fathom Depth Restriction except sablefish, and Pacific cod on days open to halibut fishing (See 20 Fathom Depth Restriction next page). Descending device required onboard vessels.
	Aug. 1-Third Sat. in Oct.	Daily limit is a total of 9 bottomfish (see definition page 18) except surfperch and flatfish. Subject to individual limits and seasons shown below. Descending device required onboard vessels.
Lingcod	Second Sat. in Mar.-May 31	Daily limit 2.
	June 1-July 31	Daily limit 2. Fishing for or possession is prohibited seaward of the 20 Fathom Depth Restriction except when halibut is open. (See 20 Fathom Depth Restriction next page).
	Aug. 1-Third Sat. in Oct.	Daily limit 2.
Surfperch	Second Sat. in Mar.- Third Sat. in Oct. Year-round from beach	Not included in bottomfish limit. No min. size. Daily limit 12 surfperch. Except shiner perch daily limit 15: not included in bottomfish limit.
Rockfish	Second Sat. in Mar.-Apr. 30	No min. size. Daily limit 7 including no more than 5 canary. Release yelloweye.
	May 1-May 31	No min. size Daily limit 7 including no more than 5 canary. Release yelloweye, copper, quillback and vermilion.
	June 1-June 30	No min. size. Daily limit 7 including no more than 5 canary. Release yelloweye, copper, quillback and vermilion. Fishing for or possession of rockfish other than boccacio, silvergray, canary, widow and yellowtail is prohibited seaward of the 20 Fathom Depth Restriction except when halibut is open. (See 20 Fathom Depth Restriction next page).
	July 1-July 31	No min. size. Daily limit 7 including no more than 5 canary. Release yelloweye, copper, quillback and vermilion. Fishing for or possession of rockfish other than yellowtail and widow is prohibited seaward of the 20 Fathom Depth Restriction. (See 20 Fathom Depth Restriction next page).
	Aug. 1-Third Sat. in Oct.	No min. size. Daily limit 7 including no more than 5 canary. Release yelloweye.
Cabezon	Second Sat. in Mar.-May 31	No min. size. Daily limit 1.
	June 1-July 31	No min. size. Daily limit 1. Fishing for or possession is prohibited seaward of the 20 Fathom Depth Restriction (See 20 Fathom Depth Restriction next page).
	Aug. 1-Third Sat. in Oct.	No min. size. Daily limit 1.
Flatfish (Dabs, Sole, Flounder)	Second Sat. in Mar.-May 31	No min. size. In addition to the 9 bottomfish daily limit, 5 additional flatfish may be retained.
	June 1-July 31	No min. size. In addition to the 9 bottomfish daily limit, 5 additional flatfish may be retained. Fishing for or possession is prohibited seaward of the 20 Fathom Depth Restriction except when halibut is open. (See 20 Fathom Depth Restriction next page).
	Aug. 1-Third Sat. in Oct.	No min. size. In addition to the 9 bottomfish daily limit, 5 additional flatfish may be retained.
Sixgill, Sevengill, and Thresher Sharks	CLOSED	CLOSED to fishing for, retaining, or possessing. Sixgill shark may not be removed from the water.

Marine Area 3 - La Push (continued)

(From the Queets River north to Cape Alava)

ADDITIONAL RESTRICTIONS

Halibut and Bottomfish Closure Area ("C"-shaped YRCA) Fishing for halibut and bottomfish is closed, and anglers may not fish for salmon with bottomfish aboard in the area described as an eastward facing "C" beginning at:

48°18'N, 125°18'W and continuing to 48°18'N, 124°59'W, then to 48°11'N, 124°59'W, then to 48°11'N, 125°11'W, then to 48°04'N, 125°11'W, then to 48°04'N, 124°59'W, then to 48°00'N, 124°59'W, then to 48°00'N, 125°18'W, and back to the point of origin.

20 Fathom Depth Restriction Bottomfish A line approximating 20 fathoms from the Bonilla-Tatoosh line south to the Queets River in Marine Area 3 and 4 as described by the coordinates below. Pacific cod, sablefish, lingcod, bocaccio, silvergray, canary, widow, and yellowtail rockfish retention is allowed seaward of 20 fathoms when halibut is open.

48°23.90' N, 124°44.20' W,
48°23.60' N, 124°44.90' W,
48°18.60' N, 124°43.60' W,
48°18.60' N, 124°48.20' W,
48°10.00' N, 124°48.80' W,
48°02.40' N, 124°49.30' W,
47°37.60' N, 124°34.30' W,
47°31.70' N, 124°32.40' W.

Note: Duncan and Duntze Rocks are seaward of the 20 fathom line.

Marine Area 4 - Neah Bay **(From Cape Alava north and inside Juan de Fuca Strait to the Sekiu River)**

Bonilla-Tatoosh Line: A line running from the western end of Cape Flattery 48°22.86'N, 124°43.91'W, to Tatoosh Island Lighthouse 48°23.49'N, 124°44.21'W, then in a straight line to Bonilla Point on Vancouver Island 48°35.73'N, 124°43'W. See map on previous page.

SPECIES	SEASON	ADDITIONAL RULES
Trout	Year-round	Catch-and-release
Steelhead	Year-round	Daily limit 2 hatchery steelhead.
Sturgeon	Year-round	Catch-and-release.
Tuna and Mackerel	Year-round	No min. size. No daily limit except Northern bluefin, skipjack, and yellowfin tuna daily limit of 2 each.
Herring, Sand Lance, and Smelt		
West of the Bonilla-Tatoosh Line	Year-round	No min. size. Daily limit 10 lbs., all species combined. All smelt caught must be kept and count toward the daily limit except Closed to eulachon (Columbia River smelt). For smelt: dipnets and jigs may be used 7 days a week.
East of the Bonilla-Tatoosh Line	Year-round	No min. size. Daily limit 10 lbs., all species combined. All smelt caught must be kept and count toward the daily limit except Closed to eulachon (Columbia River smelt). For smelt: jig gear may be used 7 days a week. Dipnets may be used from 6:00 a.m. until 10:00 p.m. Fridays through Tuesdays.
Anchovy and Sardine	Year-round	No min. size. Daily limit 25 lbs., all species combined. May be taken by a cast net.
Pacific Halibut	Check the WDFW website at ***https://wdfw.wa.gov/fishing/regulations/halibut*** or call (360) 902-2700 in April for information on Pacific halibut seasons and regulations. No min. size. Daily limit 1. Annual limit 6. Descending device required onboard vessels.	
Other Food Fish	Year-round	No min. size. Daily limit 2 of each species. See definition page 20.
All Other Fish	CLOSED	CLOSED to fishing for, retaining, or possessing.

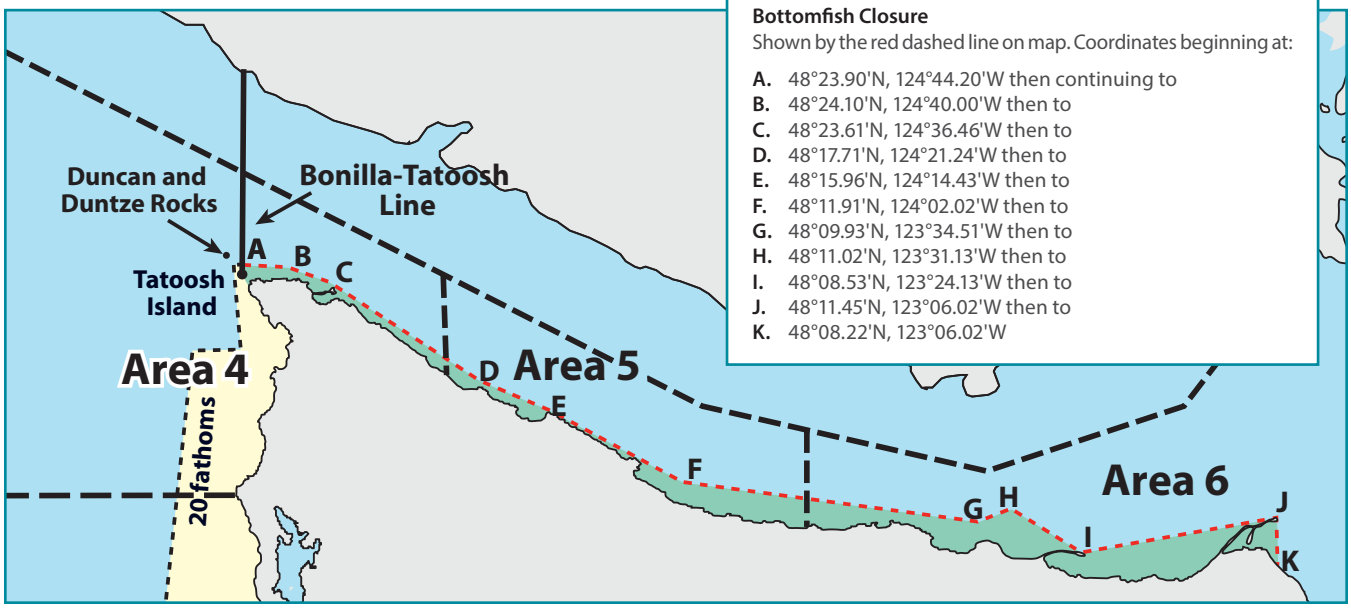

Marine Area 4 - Neah Bay (continued)

SALMON		
West of the Bonilla-Tatoosh Line (See ① on page 117)	June 21- July 3, 2025	Chinook - min. size 24". Other salmon species - no min. size. Daily limit 1. Release coho.
	July 4 - July 31	Chinook - min. size 24". Coho - min. size 16". Other salmon species - no min. size. Daily limit 2. Release wild coho.
	Aug. 1-Sept. 15	Chinook - min. size 24". Coho - min. size 16". Other salmon species - no min. size. Daily limit 2. Release chum and wild coho.
	May-June, 2026	Check the WDFW website at ***wdfw.wa.gov*** or call (360) 902-2700 in late April for information on the 2026 salmon season.
East of the Bonilla-Tatoosh Line to north-south line through Sail Rock (See ② on page 117)	June 21-July 3, 2025	Chinook - min. size 24". Other salmon species - no min. size. Daily limit 1. Release coho.
	July 4 - July 31	Chinook - min. size 24". Coho - min. size 16". Other salmon species - no min. size. Daily limit 2. Release wild coho.
	Aug. 1-Sept. 15	Coho - min. size 16". Other salmon species - no min. size. Daily limit 2. Release Chinook, chum, and wild coho.
	May-June, 2026	Check the WDFW website at ***wdfw.wa.gov*** or call (360) 902-2700 in late April for information on the 2026 salmon season.
From Sail Rock to mouth of Sekiu River (See ③ on page 117) (See exception for Kydaka Point Area below)	June 21-July 31, 2025	CLOSED
	Aug. 1-Sept. 15	Coho - min. size 16". Other salmon species - no min. size. Daily limit 2. Release Chinook, chum, and wild coho.
Kydaka Point Area (See ④ on page 117)	Year-round	CLOSED
BOTTOMFISH		
West of the Bonilla-Tatoosh Line	Second Sat. in Mar.-May 31	Daily limit is a total of 9 bottomfish (see definition page 18) except surfperch and flatfish. Subject to individual limits and seasons shown below. Descending device required onboard vessels.
	June 1-July 31	Daily limit is a total of 9 bottomfish (see definition page 18) except surfperch and flatfish. Subject to individual limits and seasons shown below. Fishing for or possession is prohibited seaward of the 20 Fathom Depth Restriction except sablefish and Pacific cod when halibut is open. (see 20 Fathom Depth Restriction on previous page). Descending device required onboard vessels.
	Aug. 1-Third Sat. in Oct.	Daily limit is a total of 9 bottomfish (see definition page 18) except surfperch and flatfish. Subject to individual limits and seasons shown below. Descending device required onboard vessels.
	Note: Duncan and Duntze Rocks are seaward of the 20 fathom line.	
East of the Bonilla-Tatoosh Line	Year-round	Daily limit is a total of 9 bottomfish (see definition page 18), except surfperch. Subject to individual limits, seasons, and exceptions shown below. Fishing for bottomfish prohibited in waters seaward of the Bottomfish Closure, except lingcod, sablefish, and Pacific cod when halibut is open (see Bottomfish Closure next page). Descending device required onboard vessels.
Lingcod		
West of the Bonilla-Tatoosh Line	Second Sat. in Mar.-May 31	Daily limit 2. See Additional Restrictions on previous page.
	June 1-July 31	Daily limit 2. Fishing for or possession is prohibited seaward of the 20 Fathom Depth Restriction except when halibut is open (see 20 Fathom Depth Restriction on previous page).
	Aug. 1-Third Sat. in Oct.	Daily limit 2.
East of the Bonilla-Tatoosh Line	Second Sat. in Mar.-Third Sat. in Oct.	Daily limit 2. See Bottomfish Closure next page. Fishing for or possession prohibited seaward of the Bottomfish Closure, except when halibut is open (see Bottomfish Closure next page)
Surfperch		
West of the Bonilla-Tatoosh Line	Second Sat. in Mar.-Third Sat. in Oct. Year-round from beach	Not included in bottomfish limit. No min. size. Daily limit 12 surfperch. Except shiner perch daily limit 15: not included in bottomfish limit.
East of the Bonilla-Tatoosh Line	Year-round	Not included in bottomfish limit. No min. size. Daily limit 12 surfperch. Except shiner perch daily limit 15: not included in bottomfish limit.
Rockfish		
West of the Bonilla-Tatoosh Line	Second Sat. in Mar.-Apr. 30	No min. size. Daily limit 7 including no more than 5 canary. Release yelloweye. See Additional Restrictions on previous page.
	May 1-May 31	No min. size Daily limit 7 including no more than 5 canary. Release yelloweye, copper, quillback and vermilion.
	June 1-June 30	No min. size. Daily limit 7 including no more than 5 canary. Release yelloweye, copper, quillback and vermilion. Fishing for or possession of rockfish other than boccacio, silvergray, canary, widow and yellowtail is prohibited seaward of the 20 Fathom Depth Restriction except when halibut is open. See 20 Fathom Depth Restriction previous page.
	July 1-July 31	No min. size. Daily limit 7 including no more than 5 canary. Release yelloweye, copper, quillback and vermilion. Fishing for or possession of rockfish other than yellowtail and widow is prohibited seaward of the 20 Fathom Depth Restriction except when halibut is open. See 20 Fathom Depth Restriction previous page.
	Aug. 1-Third Sat. in Oct.	No min. size. Daily limit 7 including no more than 5 canary. Release yelloweye.
East of the Bonilla-Tatoosh Line	July 1-Aug. 31	No min. size. Daily limit 7. Only blue/deacon, yellowtail, widow, and black may be retained. Fishing for or possession of rockfish other than yellowtail and widow is prohibited seaward of the Bottomfish Closure line. See Bottomfish Closure next page.
	Sept. 1-June 30	No min. size. Daily limit 7. Only blue/deacon, yellowtail, widow, and black may be retained. Fishing for or possession of rockfish is prohibited seaward of the Bottomfish Closure line. See Bottomfish Closure next page.
Cabezon		
West of the Bonilla-Tatoosh Line	Second Sat. in Mar.-May 31	Daily limit 1. See Additional Restrictions on previous page.
	June 1-July 31	Daily limit 1. Fishing for or possession prohibited seaward of the 20 Fathom Depth Restriction (see 20 Fathom Depth Restriction on previous page).
	Aug. 1-Third Sat. in Oct.	Daily limit 1.
East of the Bonilla-Tatoosh Line	Year-round	Daily limit 1. See Bottomfish Closure next page. Fishing for or possession is prohibited seaward of the Bottomfish Closure line.
Flatfish (Dabs, Sole, Flounder)		
West of the Bonilla-Tatoosh Line	Second Sat. in Mar.-Third Sat. in Oct.	No min. size. In addition to the 9 bottomfish daily limit, 5 additional flatfish may be retained. See Additional Restrictions on previous page and Bottomfish Closure on next page.
East of the Bonilla-Tatoosh Line	Year-round	No min. size. Daily limit 9.
Wolf-Eel	Year-round	CLOSED to retention.
Sixgill, Sevengill, and Thresher Sharks	CLOSED	CLOSED to fishing for, retaining, or possessing. Sixgill shark may not be removed from the water.

Marine Area 5 - Sekiu and Pillar Point

(From mouth of the Sekiu River east to Low Point, mouth of the Lyre River) See map on following page.

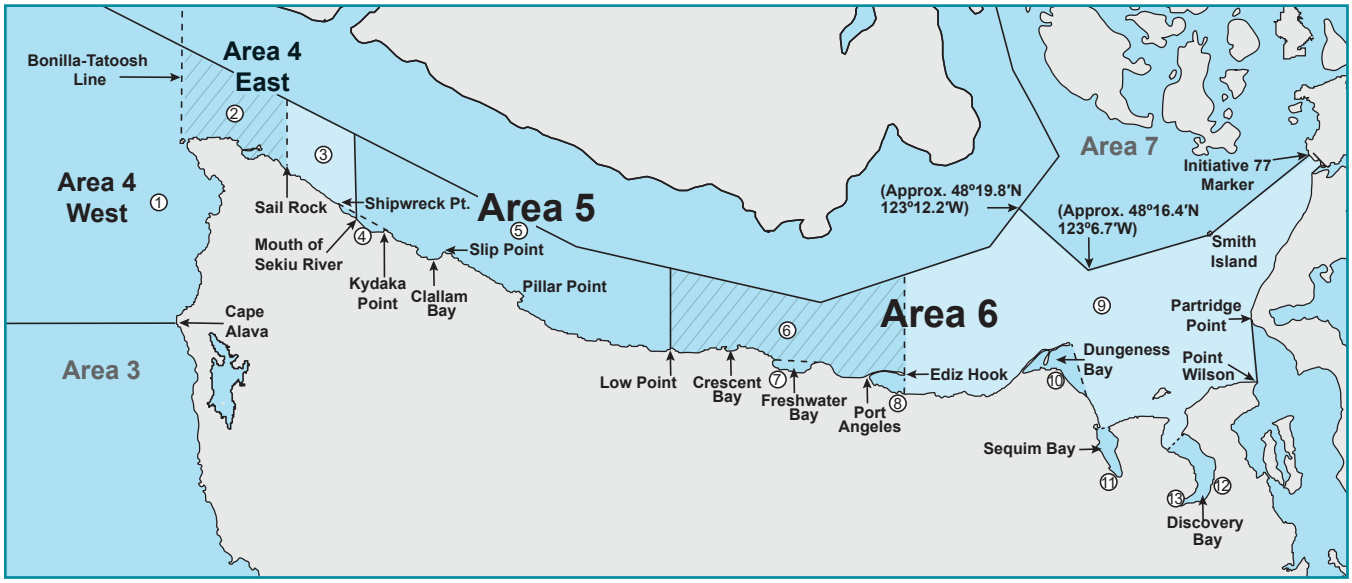

SPECIES	SEASON	ADDITIONAL RULES
Trout	Year-round	Catch-and-release.
Steelhead	Year-round	Daily limit 2 hatchery steelhead.
Sturgeon	Year-round	Catch-and-release.
Tuna and Mackerel	Year-round	No min. size. No daily limit except Northern bluefin, skipjack, and yellowfin tuna daily limit of 2 each.
Herring, Anchovy, Sardine, Sand Lance, and Smelt	Year-round	No min. size. Daily limit 10 lbs., all species combined. All smelt caught must be kept and count toward the daily limit except Closed to eulachon (Columbia River smelt). For smelt: Jig gear may be used 7 days a week. Dipnets may be used from 6:00 a.m. until 10:00 p.m. Fridays through Tuesdays.
Pacific Halibut	Check the WDFW website at ***https://wdfw.wa.gov/fishing/regulations/halibut*** or call (360) 902-2700 in April for information on Pacific halibut seasons and regulations. No min. size. Daily limit 1. Annual limit 6. Descending device required onboard vessels.	
Other Food Fish	Year-round	No min. size. Daily limit 2 of each species. See definition page 20.
All Other Fish	CLOSED	CLOSED to fishing for, retaining, or possessing.
SALMON		
Entire Area except Kydaka Point Area below (See ⑤ on next page)	July 1-Aug. 15	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook plus 2 additional pink may be retained. Release chum, sockeye, wild coho, and wild Chinook.
	Aug. 16-Sept. 26	No min. size. Daily limit 2 plus 2 additional pink may be retained. Release Chinook, chum, sockeye, and wild coho.
	Sept. 27-Oct. 9	No min. size. Daily limit 2. Release Chinook, chum, and sockeye.
	Oct. 10-June 30	CLOSED
Kydaka Point Area (See ④ on next page)	July 1-Aug. 15	CLOSED.
	Aug. 16-Sept. 26	No min. size. Daily limit 2 plus 2 additional pink may be retained. Release Chinook, chum, sockeye, and wild coho.
	Sept. 27-Oct. 9	No min. size. Daily limit 2. Release Chinook, chum, and sockeye.
	Oct. 10-June 30	CLOSED.
BOTTOMFISH		
	Year-round season. Daily limit is a total of 15 bottomfish (see definition page 18) subject to individual limits and seasons shown below. Fishing for or possession of bottomfish is prohibited in waters seaward of the Bottomfish Closure, except sablefish and Pacific cod on days open to halibut. Lingcod retention is permitted seaward of the Bottomfish Closure on days open to both lingcod and halibut (see Bottomfish Closure below). Descending device required onboard vessels.	
Lingcod	May 1-June 15	Hook and line season. Min. size 26". Max. size 36". Daily limit 1. See Bottomfish Closure below.
	May 21-June 15	Spearfishing season. Max. size 36". Daily limit 1.
Surfperch	Year-round	No min. size. Daily limit 10. Except shiner perch daily limit 15: not included in bottomfish limit.
Rockfish		
West of Slip Point	May 1-Sept. 30	No min. size. Daily limit is the first 3 black or blue/deacon rockfish caught. See Bottomfish Closure below
	May 1-June 15	Spearfishing season. No min. size. Daily limit is the first 3 black or blue/deacon rockfish caught. See Bottomfish Closure below.
East of Slip Point	May 1-Sept. 30	No min. size. Daily limit is the first black or blue/deacon rockfish caught. See Bottomfish Closure below
	May 1-June 15	Spearfishing season. No min. size. Daily limit is the first black or blue/deacon rockfish caught. See Bottomfish Closure below.
Pacific Cod, Pollock, Hake	Year-round	No min. size. Daily limit 2 of each species. See Bottomfish Closure below.
Cabezon	May 1-Nov. 30	Min. size 18". Daily limit 1. See Bottomfish Closure below.
Wolf-Eel	Year-round	CLOSED to retention.
Sixgill, Sevengill, and Thresher Sharks	CLOSED	CLOSED to fishing for, retaining, or possessing. Sixgill shark may not be removed from the water.

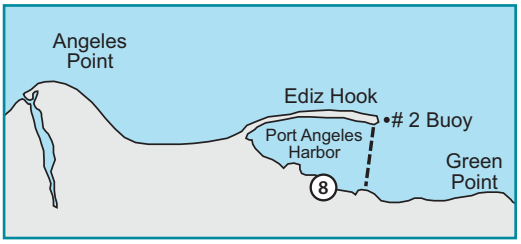

Bottomfish Closure

Marine Area 4, 5 and 6 Map

1. **Marine Area 4 West of the Bonilla-Tatoosh Line**
2. **Marine Area 4 East of the Bonilla-Tatoosh Line to a north-south line through Sail Rock**
3. **Marine Area 4 (East) from Sail Rock to mouth of Sekiu River**
4. **Kydaka Point Area:** Waters south of a line from Kydaka Point westerly approximately 4 miles to Shipwreck Point.
5. **Marine Area 5**
6. **Marine Area 6 Chinook Selective Fishery:** West of a true north/south line through the #2 Buoy immediately east of Ediz Hook
7. **Freshwater Bay Closure - July 1-Oct. 31:** Waters of Freshwater Bay south of a line from Angeles Point westerly approximately 4 miles to Observatory Point (Bachelor Rock) closed to fishing for ALL species.
8. **Port Angeles Harbor:** Waters of Port Angeles Harbor west of a line from the tip of Ediz Hook to the ITT Rayonier Dock.
9. **Marine Area 6 Chinook Release Area:** East of a true north/south line through the #2 Buoy immediately east of Ediz Hook
10. **Dungeness Bay:** Waters of Dungeness Bay inside of a line from Dungeness Spit Lighthouse to the #2 Red Buoy, then to the Port Williams boat ramp.
11. **Sequim Bay:** Waters of Sequim Bay south of a line from the southern end of Gibson Spit to the west end of Travis Spit.
12. **Discovery Bay:** Waters of Discovery Bay south of a line from the Gardiner boat ramp to Beckett Point.
13. **Snow and Salmon Creek Mouth Area:** Waters of Discovery Bay from the mouths of Snow and Salmon creeks to the overhead utility lines that cross Discovery Bay
14. **Herring Closure Area:** Waters south of a line from Ediz Hook to Partridge Point.

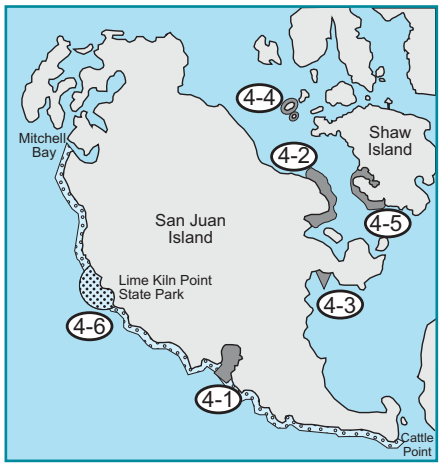

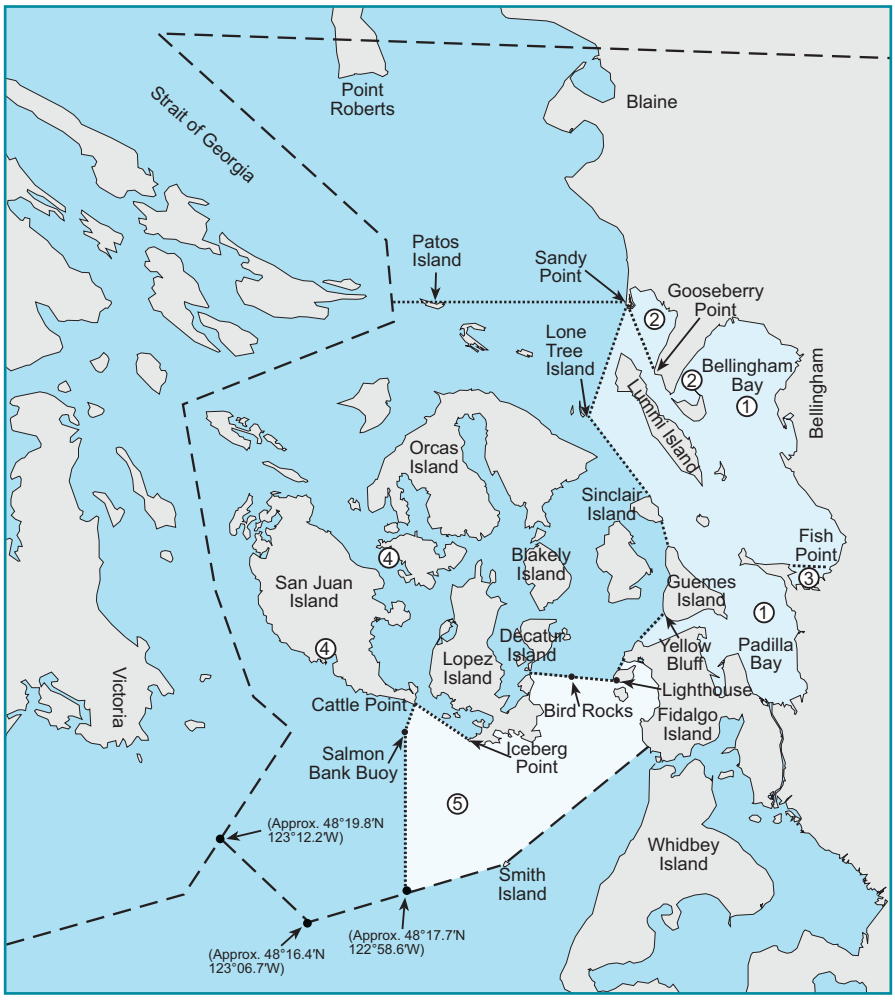

Marine Area 6 - East Juan de Fuca Strait

(From Low Point east to the Partridge Point – Point Wilson line north to the line from Trial Island (near Victoria B.C.) – Vessel Traffic Separation Buoy "R" – Smith Island to the Lawson Reef Buoy to Northwest Island to the Initiative 77 marker on Fidalgo Island and west of the line from Reservation Head to West Point)

SPECIES	SEASON	ADDITIONAL RULES
Trout	Year-round	Catch-and-release.
Steelhead	Year-round	Daily limit 2 hatchery steelhead.
Sturgeon	Year-round	Catch-and-release.
Mackerel	Year-round	No min. size. No daily limit.
Herring, Anchovy, Sardine, Sand Lance, and Smelt	Apr. 16-Jan. 15	No min. size. Daily limit 10 lbs., all species combined. All smelt caught must be kept and count toward the daily limit except Closed to eulachon (Columbia River smelt). For smelt: Jig gear may be used 7 days a week. Dipnets may be used from 6:00 a.m. until 10:00 p.m. Fridays through Tuesdays.
	Jan. 16-Apr. 15	No min. size. Daily limit 10 lbs., all species combined. All smelt caught must be kept and count toward the daily limit except Closed to eulachon (Columbia River smelt). Herring - CLOSED south of a line from Ediz Hook to Partridge Point. (See ⑭ on previous page for boundaries) For smelt: Jig gear may be used 7 days a week. Dipnets may be used from 6:00 a.m. until 10:00 p.m. Fridays through Tuesdays.
Pacific Halibut	Check the WDFW website at ***https://wdfw.wa.gov/fishing/regulations/halibut*** or call (360) 902-2700 in April for information on Pacific halibut seasons and regulations. No min. size. Daily limit 1. Annual limit 6. Descending device required onboard vessels.	
Other Food Fish	Year-round	No min. size. Daily limit 2 of each species. See definition page 20.
All Other Fish	CLOSED	CLOSED to fishing for, retaining, or possessing.
SALMON		
Chinook Selective Fishery West of a true north/south line through the #2 Buoy immediately east of Ediz Hook (See ⑥ on previous page) (See exception for Freshwater Bay below)	July 1-Aug. 15	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook plus 2 additional pink may be retained. Release chum, sockeye, wild coho, and wild Chinook.
	Aug. 16-Sept. 26	No min. size. Daily limit 2 plus 2 additional pink may be retained. Release Chinook, chum, sockeye, and wild coho.
	Sept. 27-Oct. 15	No min. size. Daily limit 2. Release Chinook, sockeye, and chum.
Freshwater Bay (See ⑦ on previous page)	Year-round	CLOSED.
Port Angeles Harbor and Discovery Bay (See ⑧ and ⑫ on previous page)	July 1-Aug. 15	CLOSED.
	Aug. 16-Sept. 26	No min. size. Daily limit 2 plus 2 additional pink may be retained. Release Chinook, chum, sockeye, and wild coho.
	Sept. 27-Oct. 15	No min. size. Daily limit 2. Release Chinook, sockeye, and chum.
Snow and Salmon Creek Mouth Area (See ⑬ on previous page)	Year-round	CLOSED.
Chinook Release Area East of a true north/south line through the #2 Buoy immediately east of Ediz Hook (See ⑨ on previous page)	July 1-Sept. 26	No min. size. Daily limit 2 plus 2 additional pink may be retained. Release Chinook, chum, sockeye, and wild coho.
	Sept. 27-Oct. 15	No min. size. Daily limit 2. Release Chinook, sockeye, and chum.
Dungeness Bay Fishery (See ⑩ on previous page)	July 1-Sept. 30	CLOSED.
	Oct. 1-Oct. 31	No min. size. Daily limit 2 hatchery coho only. Release all other salmon.
BOTTOMFISH		
	Year-round season. Daily limit is a total of 15 bottomfish (see definition page 18) subject to individual limits and seasons shown below. See Freshwater Bay Closure on previous page. See Bottomfish Closure on page 116: west of the easternmost point of Dungeness Spit (48°11.45'N, 123°06.02'W) fishing for bottomfish prohibited seaward as defined by the coordinates of the Bottomfish Closure, and fishing for bottomfish prohibited in waters deeper than 120' east of the easternmost point of Dungeness Spit (48°11.45'N, 123°06.02'W). Descending device required onboard vessels.	
Lingcod	May 1-June 15	Hook and line season. Min. size 26". Max. size 36". Daily limit 1.
	May 21-June 15	Spearfishing season. Max. size 36". Daily limit 1.
Surfperch	Year-round	No min. size. Daily limit 10. Except shiner perch daily limit 15: not included in bottomfish limit.
Rockfish	CLOSED	CLOSED to fishing for, retaining, or possessing.
Pacific Cod, Pollock, Hake	Year-round	No min. size. Daily limit 2 of each species.
Cabezon	May 1-Nov. 30	Min. size 18". Daily limit 1.
Wolf-Eel	Year-round	CLOSED to retention.
Sixgill, Sevengill, and Thresher Sharks	CLOSED	CLOSED to fishing for, retaining, or possessing. Sixgill shark may not be removed from the water.

Marine Area 7 Map

(1) **Bellingham Bay:** Waters of Bellingham and Padilla bays south and east of a line from Sandy Pt. to the northern most point of Lone Tree Island, easterly to the northeast point of Sinclair Island, then from the southeastern most point on Sinclair Island to Clark Pt. and true west from Yellow Bluff (southwest corner of Guemes Island) to Yellow Bluff Reef Range Marker to Washington State Dept. of Transportation ferry terminal dock east of Shannon Pt. and north of the railroad bridges at Swinomish Slough.

(2) **Lummi Indian Reservation and Lummi Bay Closure:** Lummi Bay (waters east of a line from Gooseberry Point to Sandy Point) AND Reservation Closed to non-Indian fishing and/or access.

(3) **Samish Bay Closure:** Waters of Samish Bay lying south of a line running true east from Fish Point.

(4) **San Juan Islands Marine Preserve (False Bay, Friday Harbor, Argyle Lagoon, Yellow and Low Islands, and Shaw Island):** Closed to all shellfish and bottomfish activity (except crabbing in Parks Bay on Shaw Island).

(4-1) **False Bay:** The tidelands and bedlands of False Bay on San Juan Island, including all University of Washington (UW)-owned tidelands beginning at a marker 400′ east of the east entrance of False Bay and extending to the entrance of False Bay, all UW-owned tidelands and bedlands within a line beginning at the UW marker on the shore at the east entrance of False Bay, projected 500 yards offshore, then northwest to a point 500 yards offshore along a line projected from a UW marker on the shore at the west side of a small peninsula at the west entrance of False Bay, then to shore along the line to the marker, and all UW-owned tidelands west of the marker to a UW marker 600′ west of the small peninsula.

(4-2) **Friday Harbor:** Those tidelands and bedlands adjacent to San Juan Island within a line beginning on the shore 500 yards west of Point Caution, then 500 yards offshore, then south and east following the shoreline to the intersection with a line projected from a UW marker located 100′ north of the north entrance of the floating breakwater of the Port of Friday Harbor and projected toward Reid Rock Buoy, then along the line to shore on San Juan Island.

(4-3) **Argyle Lagoon:** Those UW-owned tidelands and all bedlands enclosed by the inner spit of Argyle Lagoon on San Juan Island.

(4-4) **Yellow and Low Islands Preserve:** All tidelands and bedlands within 300 yards of Yellow Island and 300 yards of Low Island.

(4-5) **Shaw Island:** Those tidelands and bedlands within a line beginning at a UW marker on the shore at Hicks Bay 122°58.25′W longitude, then due south 500 yards, then north and west at a distance of 500 yards from shore to the intersection with a line projected 261° true from a UW marker on the shore of Parks Bay, which passes just south of the unnamed island at the north end of Parks Bay, then along the line to the shore of Shaw Island, including all tidelands and bedlands of Parks Bay south of the line.

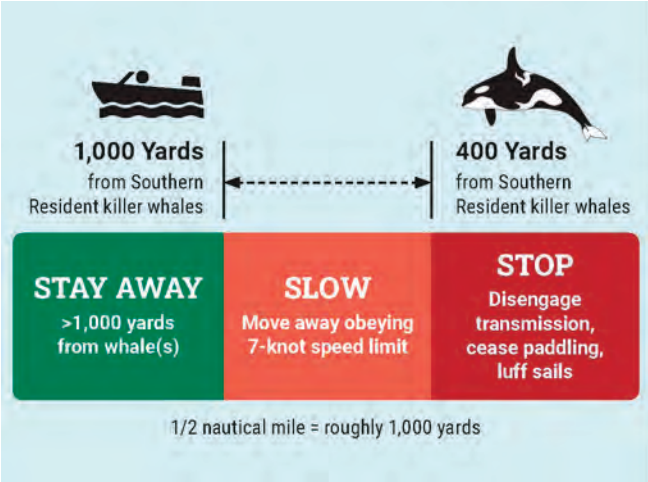

(4-6) **Voluntary Whale Protection Zone:** WDFW encourages anglers to avoid waters extending a quarter-mile from shore from Mitchell Bay to Cattle Point except around Lime Kiln Point where the zone extends a half mile from shore.

(5) **Southern Rosario Strait/Eastern Strait of Juan de Fuca:** Waters of Area 7 in Rosario Strait and the eastern portion of the Strait of Juan de Fuca southerly of a line running true south from the westernmost point on Fidalgo Head to Burrows Island, then westerly and southerly along the shore of Burrows Island to the Burrows Island Lighthouse, then westerly to Bird Rocks, then westerly from Bird Rocks to the southernmost point on Decatur Island, then southerly across Lopez Pass to Lopez Island and following the shore of Lopez Island southerly and westerly to Iceberg Point, then from Iceberg Point to Cattle Point, then south southwest to the Salmon Bank Buoy and then true south from the Salmon Bank Buoy to the Area 7 boundary.

Marine Area 7 - San Juan Islands

(All marine waters north of the Trial Island line described under Area 6 to the United States-Canada boundary)

SPECIES	SEASON	ADDITIONAL RULES
Trout	Year-round	Catch-and-release.
Steelhead	Year-round	Daily limit 2 hatchery steelhead.
Sturgeon	Year-round	Catch-and-release.
Mackerel	Year-round	No min. size. No daily limit.
Herring, Anchovy, Sardine, Sand Lance, and Smelt	Year-round	No min. size. Daily limit 10 lbs., all species combined. All smelt caught must be kept and count toward the daily limit except Closed to eulachon (Columbia River smelt). Herring - Closed year-round north of a line from Sandy Point to Patos Island to the Canadian boundary. For smelt: Jig gear may be used 7 days a week. Dipnets may be used from 6:00 a.m. until 10:00 p.m. Fridays through Tuesdays.
Pacific Halibut	Check the WDFW website at ***https://wdfw.wa.gov/fishing/regulations/halibut*** or call (360) 902-2700 in April for information on Pacific halibut seasons and regulations. No min. size. Daily limit 1. Annual limit 6. Descending device required onboard vessels.	
Other Food Fish	Year-round	No min. size. Daily limit 2 of each species. See definition page 20.
All Other Fish	CLOSED	CLOSED to fishing for, retaining, or possessing.
SALMON		
Entire Area (see exceptions for Lummi Indian Reservation and Lummi Bay, Samish Bay, Yellow and Low Islands Preserve, Southern Rosario Strait/Eastern Strait of Juan de Fuca, and Bellingham Bay below)	July 17 - July 19	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook plus 2 additional pink may be retained. Release chum, sockeye, wild coho, and wild Chinook. Additional Chinook openings may occur based on available quota. Check the WDFW website at ***wdfw.wa.gov***.
	July 20 - July 31	CLOSED.
	Aug. 1 - Sept. 6	No min. size. Daily limit 2 plus 2 additional pink may be retained. Release Chinook, chum, sockeye, and wild coho.
	Sept. 7 - Sept. 30	No min. size. Daily limit 2 plus 2 additional pink may be retained. Release Chinook, sockeye, and chum.
Lummi Indian Reservation and Lummi Bay Area (see ② on previous page for boundaries)	Year-round	CLOSED.
Samish Bay (see ③ on previous page for boundaries)	Year-round	CLOSED.
Yellow and Low Islands Preserve (see 4-4 on previous page for boundaries)	Year-round	CLOSED.
Southern Rosario Strait/Eastern Strait of Juan de Fuca (see ⑤ on previous page for boundaries)	Year-round	CLOSED.
Bellingham Bay (see ① on previous page for boundaries)	July 1-Aug. 15	CLOSED.
	Aug. 16-Sept. 30	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 4.
	Oct. 1-June 30	CLOSED.
BOTTOMFISH		
	Year-round season. Daily limit is a total of 15 bottomfish (see definition page 18) subject to individual limits and seasons shown below. See closures on previous page. Fishing for bottomfish prohibited in waters deeper than 120'. Descending device required onboard vessels.	
Lingcod	May 1 - June 15	Hook and line season. Min. size 26". Max. size 36". Daily limit 1.
	May 21 - June 15	Spearfishing season. Max. size 36". Daily limit 1.
Surfperch	Year-round	No min. size. Daily limit 10. Except shiner perch daily limit 15: not included in bottomfish limit.
Rockfish	CLOSED	CLOSED to fishing for, retaining, or possessing.
Pacific Cod, Pollock, Hake	Year-round	No min. size. Daily limit 2 of each species.
Cabezon	May 1 - Nov. 30	Min. size 18". Daily limit 1.
Wolf-Eel	Year-round	CLOSED to retention.
Sixgill, Sevengill, and Thresher Sharks	CLOSED	CLOSED to fishing for, retaining, or possessing. Sixgill shark may not be removed from the water.

Marine Area 8-1 - Deception Pass, Hope Island, and Skagit Bay

(From West Point to Reservation Head eastward through Deception Pass, including all waters of Swinomish Slough and Skagit Bay, and the portion of Saratoga Passage north and west of a line from East Point Light to light on Camano Island (Saratoga Pass light #4 Fl Red 4 Sec))

SPECIES	SEASON	ADDITIONAL RULES
Trout	Year-round	Catch-and-release.
Steelhead	Year-round	Daily limit 2 hatchery steelhead.
Sturgeon	Year-round	Catch-and-release.
Mackerel	Year-round	No min. size. No daily limit.
Herring, Anchovy, Sardine, Sand Lance, and Smelt	Year-round	No min. size. Daily limit 10 lbs., all species combined. All smelt caught must be kept and count toward the daily limit except Closed to eulachon (Columbia River smelt). For smelt: Jig gear may be used 7 days a week. Dipnets may be used from 6:00 a.m. until 10:00 p.m. Fridays through Tuesdays.
Pacific Halibut	Check the WDFW website at ***https://wdfw.wa.gov/fishing/regulations/halibut*** or call (360) 902-2700 in April for information on Pacific halibut seasons and regulations. No min. size. Daily limit 1. Annual limit 6. Descending device required onboard vessels.	
Other Food Fish	Year-round	No min. size. Daily limit 2 of each species. See definition page 20.
All Other Fish	CLOSED	CLOSED to fishing for, retaining, or possessing.
SALMON		
Entire Area	Aug. 16 - Sept. 30	No min. size. Daily limit 2 plus 2 additional pink may be retained. Release Chinook and chum.
	Oct. 1 - Oct. 12	No min. size. Daily limit 2. Release Chinook and chum.
BOTTOMFISH		
	Year-round season. Daily limit is a total of 15 bottomfish (see definition page 18) subject to individual limits and seasons shown below. See closures on previous page. Fishing for bottomfish prohibited in waters deeper than 120'. Descending device required onboard vessels.	
Lingcod	May 1-June 15	Hook and line season. Min. size 26". Max. size 36". Daily limit 1.
	May 21-June 15	Spearfishing season. Max. size 36". Daily limit 1.
Surfperch	Year-round	No min. size. Daily limit 10. Except shiner perch daily limit 15: not included in bottomfish limit.
Rockfish	CLOSED	CLOSED to fishing for, retaining, or possessing.
Pacific Cod, Pollock, Hake, and Wolf-Eel	Year-round	CLOSED to retention.
Sixgill, Sevengill, and Thresher Sharks	CLOSED	CLOSED to fishing for, retaining, or possessing. Sixgill shark may not be removed from the water.
Cabezon	May 1-Nov. 30	Min. size 18". Daily limit 1.

Marine Area 8-2 - Port Susan and Port Gardner

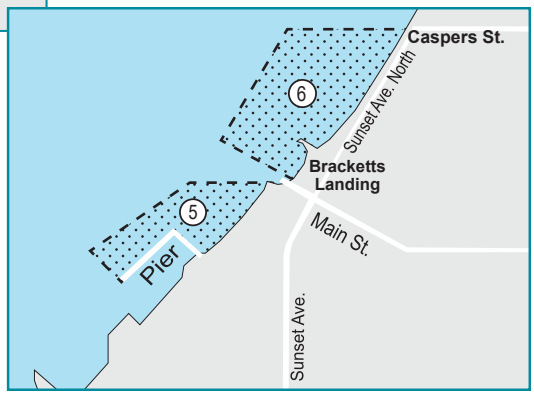

(East of East Point Light-Camano Island Light line (described in Area 8-1) and north of the Possession Point-Shipwreck line)

SPECIES	SEASON	ADDITIONAL RULES
Trout	Year-round	Catch-and-release.
Steelhead	Year-round	Daily limit 2 hatchery steelhead.
Sturgeon	Year-round	Catch-and-release.
Mackerel	Year-round	No min. size. No daily limit.
Herring, Anchovy, Sardine, Sand Lance, and Smelt	Year-round	No min. size. Daily limit 10 lbs., all species combined. All smelt caught must be kept and count toward the daily limit except Closed to eulachon (Columbia River smelt). For smelt: Jig gear may be used 7 days a week. Dipnets may be used from 6:00 a.m. until 10:00 p.m. Fridays through Tuesdays.
Pacific Halibut	Check the WDFW website at ***https://wdfw.wa.gov/fishing/regulations/halibut*** or call (360) 902-2700 in April for information on Pacific halibut seasons and regulations. No min. size. Daily limit 1. Annual limit 6. Descending device required onboard vessels.	
Other Food Fish	Year-round	No min. size. Daily limit 2 of each species. See definition page 20.
All Other Fish	CLOSED	CLOSED to fishing for, retaining, or possessing.
SALMON		
Entire Area (see exception for Tulalip Terminal Area Fishery and Tulalip Bay below)	Aug. 1-Sept. 24	No min. size. Daily limit 2. Release Chinook, chum, and pink.
Tulalip Terminal Area Fishery (see ③ on the next page for boundaries)	May 23-Sept. 1, 2025	Open Fridays through Noon Mondays ONLY. Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2. Release chum and pink. Anglers may fish with two poles with Two-Pole Endorsement.
	Sept. 6-Sept. 21	Open Saturdays and Sundays only. Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2. Release chum and pink. Anglers may fish with two poles with Two-Pole Endorsement.
Tulalip Bay (see ② on the next page for boundaries)	Year-round	CLOSED.
BOTTOMFISH		
	Year-round season. Daily limit is a total of 15 bottomfish (see definition page 18) subject to individual limits and seasons shown below. See closures on previous page. Fishing for bottomfish prohibited in waters deeper than 120'. Descending device required onboard vessels.	
Lingcod	May 1-June 15	Hook and line season. Min. size 26". Max. size 36". Daily limit 1.
	May 21-June 15	Spearfishing season. Max. size 36". Daily limit 1.
Surfperch	Year-round	No min. size. Daily limit 10. Except shiner perch daily limit 15: not included in bottomfish limit.
Rockfish	CLOSED	CLOSED to fishing for, retaining, or possessing.
Pacific Cod, Pollock, Hake, and Wolf-Eel	Year-round	CLOSED to retention.
Sixgill, Sevengill, and Thresher Sharks	CLOSED	CLOSED to fishing for, retaining, or possessing. Sixgill shark may not be removed from the water.
Cabezon	May 1-Nov. 30	Min. size 18". Daily limit 1.

Marine Areas 8-1, 8-2, and 9 Map

1. **Deception Pass (Octopus Protection Area):** CLOSED to the harvest of octopus.
2. **Tulalip Bay Closure:** Waters east of a line from Mission Point to Hermosa Point.
3. **Tulalip Terminal Area Salmon Fishery:** Waters west of a line from Mission Point to Hermosa Point and contained within 2,000′ off shore between the pilings at Old Bowers Resort (48°02.88′N, 122°16.42′W) to 2,000′ from shore (48°02.63′N, 122°16.79′W) and north to 2,000′ from shore (48°04.36′N, 122°19.06′W) of the boundary marker approximately 1.4 miles north of Hermosa Point (48°04.57′N, 122°18.64′W).
4. **Possession Point**
5. **Edmonds Public Fishing Pier:** Waters inside a line from the boundary marker on the north breakwater to the southernmost marker buoy; then to the northernmost marker buoy; then to the north end of the city of Edmonds public beach, CLOSED to fishing for food fish and to the harvest of shellfish except when fishing from the pier.
6. **Brackett's Landing Shoreline Sanctuary Conservation Area:** Bedlands and tidelands owned by the city of Edmonds at Brackett's Landing Shoreline Sanctuary and the water column above them, including all of the area known as Edmonds Underwater Park, CLOSED to fishing for, harvesting, and possession of fish and shellfish.
7. **Northern Hood Canal Fishery:** Waters of Area 9 south of a line from Foulweather Bluff to Olele Point.
8. **Admiralty Head Marine Preserve:** All waters and bedlands below the Extreme Low Water starting at the extreme low tide line at 48°9.46′N, 122°40.88′W at the sign (in Fort Casey State Park), extending 400 yards offshore and northward parallel to the beach for 0.6 nautical miles. CLOSED to all harvest except sea urchins and sea cucumbers.
9. **Keystone Conservation Area:** All waters, bedlands, and tidelands from Extreme High Water (EHW) out to 600′ offshore of EHW that are located between the jetty at Keystone Harbor and the eastern side of the old military wharf (located east of the jetty), CLOSED to fishing for, harvesting, and possession of fish and shellfish.

Keep Clear of Ships in Puget Sound

Ships have the "Right of Way"

- Never cross in front of a ship.
- Do not impede ship traffic lanes.
- Monitor ship traffic on VHF radio

Rules of the road at ***www.pilotage.wa.gov***

Marine Area 9 - Admiralty Inlet

(All waters inside and south of the Partridge Point – Point Wilson line, south and west of a line from Possession Point 110° true to shipwreck, north of the Hood Canal Bridge, and north of the Apple Cove Point-Edwards Point line.)

SPECIES	SEASON	ADDITIONAL RULES
Trout	Year-round	Catch-and-release.
Steelhead	Year-round	Daily limit 2 hatchery steelhead.
Sturgeon	Year-round	Catch-and-release.
Mackerel	Year-round	No min. size. No daily limit.
Herring, Anchovy, Sardine, Sand Lance, and Smelt	Year-round	No min. size. Daily limit 10 lbs., all species combined. All smelt caught must be kept and count toward the daily limit except Closed to eulachon (Columbia River smelt). For smelt: Jig gear may be used 7 days a week. Dipnets may be used from 6:00 a.m. until 10:00 p.m. Fridays through Tuesdays.
Pacific Halibut	Check the WDFW website at ***https://wdfw.wa.gov/fishing/regulations/halibut*** or call (360) 902-2700 in April for information on Pacific halibut seasons and regulations. No min. size. Daily limit 1. Annual limit 6. Descending device required onboard vessels.	
Other Food Fish	Year-round	No min. size. Daily limit 2 of each species. See definition page 20.
All Other Fish	CLOSED	CLOSED to fishing for, retaining, or possessing.
SALMON		
Entire Area (see exceptions for Edmonds Public Fishing Pier and Hood Canal Fishery below and Admiralty Head Marine Preserve and Keystone Conservation Area)	July 17-July 19	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook. Release chum, wild coho, and wild Chinook. Additional Chinook openings may occur based on available quota. Check the WDFW website at ***wdfw.wa.gov***.
	July 20-July 31	CLOSED.
	Aug. 1-Sept. 30	No min. size. Daily limit 2 plus 2 additional pink may be retained. Release Chinook, chum, and wild coho.
Edmonds Public Fishing Pier (see ⑤ and ⑥ on previous page for boundaries)	Oct. 1-July 31	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook.
	Aug. 1-Sept. 30	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook plus 2 additional pink may be retained. Release chum.
Northern Hood Canal Fishery (see ⑦ on previous page for boundaries)	July 17-July 31	CLOSED.
	Aug. 1-Sept. 23	No min. size. Daily limit 2 plus 2 additional pink may be retained. Release Chinook, chum, and wild coho.
Admiralty Head Marine Preserve and Keystone Conservation Area (see ⑧ and ⑨ on previous page for boundaries)	Year-round	CLOSED.
BOTTOMFISH		
	Year-round season. Daily limit is a total of 15 bottomfish (see definition page 18) subject to individual limits and seasons shown below. See closures on previous page. Fishing for bottomfish prohibited in waters deeper than 120'. Descending device required onboard vessels.	
Lingcod	May 1-June 15	Hook and line season. Min. size 26". Max. size 36". Daily limit 1.
	May 21-June 15	Spearfishing season. Max. size 36". Daily limit 1.
Surfperch	Year-round	No min. size. Daily limit 10. Except shiner perch daily limit 15: not included in bottomfish limit.
Rockfish	CLOSED	CLOSED to fishing for, retaining, or possessing.
Pacific Cod, Pollock, Hake, and Wolf-Eel	Year-round	CLOSED to retention.
Sixgill, Sevengill, and Thresher Sharks	CLOSED	CLOSED to fishing for, retaining, or possessing. Sixgill shark may not be removed from the water.
Cabezon	May 1-Nov. 30	Min. size 18". Daily limit 1.

Pile Perch
Size: up to 17"
Color: dusky to silvery gray, with dark bar in middle of body.
Look for: deeply forked tail and dark spot on gill cover.

Rock Sole
Size: up to 23"
Color: white on one side; top of body brown to green, small mouth.
Look for: right-eyed fish, lateral line arches above the pectoral fin.

Sanddab
Size: up to 16"
Color: one side is off-white; other side is brown with mottling.
Look for: left-eyed fish, squared caudal fin.

Striped Perch
Size: up to 15"
Color: blue and yellow stripes on side of body.
Look for: bright color pattern.

Marine Area 10 Seattle and Bremerton Area

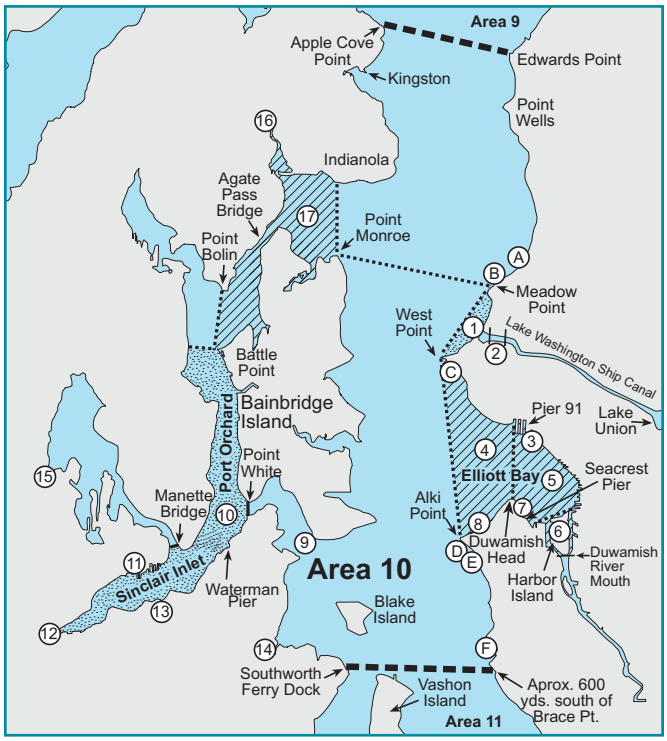

(From the Apple Cove Point-Edwards Point to a line projected true east-west through the north tip of Vashon Island)

Before fishing, check DOH Fish Consumption advisories for Dyes Inlet (Ostrich Bay), Eagle Harbor, King County, Manchester State Park, and Sinclair Inlet, at *http://www.doh.wa.gov/fishmap* or call 1-877-485-7316.

SPECIES	SEASON	ADDITIONAL RULES
Trout	Year-round	Catch-and-release
Steelhead	Year-round	Daily limit 2 hatchery steelhead.

SALMON		
Entire Area (see exceptions for Shilshole Bay, West Elliott Bay, East Elliott Bay, Harbor Island (Duwamish Waterways Sinclair Inlet/Port Orchard, and Agate Pass) (see ⑭ for Curley Creek, ⑮ Chico Creek, and ⑯ Grover Creek mouth closures on next page)	June 1-July 16	No min. size. Daily limit 2. Release Chinook and chum.
	July 17-July 19	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook. Release chum and wild Chinook. Additional Chinook openings may occur based on available quota. Check the WDFW website at ***wdfw.wa.gov***.
	July 20-July 31	No min. size. Daily limit 2. Release Chinook and chum.
	Aug. 1-Sept. 30	No min. size. Daily limit 2 plus 2 additional pink may be retained. Release Chinook and chum.
	Oct. 1-Nov. 15	No min. size. Daily limit 2. Release Chinook.
	Nov. 16-Mar. 31	CLOSED.
	Apr. 1-Apr. 30	Open Wed.-Sat. only. Closed Sun-Tues. Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook. Release chum and wild Chinook.
Shilshole Bay (see ① on next page for boundaries) **West Elliott Bay** (see ④ on next page for boundaries)	June 1-June 30	No min. size. Daily limit 2. Release Chinook and chum.
	July 1-Aug. 31	CLOSED.
	Sept. 1-Sept. 30	No min. size. Daily limit 2 plus 2 additional pink may be retained. Release Chinook and chum.
	Oct. 1-Nov. 15	No min. size. Daily limit 2. Release Chinook.
	Nov. 16-Mar. 31	CLOSED.
	Apr. 1-Apr. 30	Open Wed.-Sat. only. Closed Sun-Tues. Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook. Release chum and wild Chinook.
East Elliott Bay (see ⑤ on next page for boundaries)	June 1-June 30	No min. size. Daily limit 2. Release Chinook and chum.
	July 1-July 31	CLOSED.
	Aug. 1-Aug. 4 (12:00 p.m.)	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 plus 2 additional pink may be retained. Release chum.
	Aug. 4 (12:00 p.m.) - Aug. 14	CLOSED.
	Aug. 15-Sept. 30	No min. size. Daily limit 2 plus 2 additional pink may be retained. Release Chinook and chum.
	Oct. 1-Nov. 15	No min. size. Daily limit 2. Release Chinook.
	Nov. 16-Mar. 31	CLOSED.
	Apr. 1-Apr. 30	Open Wed.-Sat. only. Closed Sun-Tues. Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook. Release chum and wild Chinook.
Harbor Island (Duwamish Waterways) (see ⑥ on next page for boundaries)	June 1-June 30	No min. size. Daily limit 2. Release Chinook and chum.
	July 1-July 31	CLOSED.
	Aug. 1-Aug. 4 (12:00 p.m.)	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2. Release chum. Night closure, anti-snagging rule, and only fish hooked inside the mouth may be retained.
	Aug. 4 (12:00 p.m.) - Aug. 14	CLOSED.
	Aug. 15-Sept. 30	No min. size. Daily limit 2 plus 2 additional pink may be retained. Release Chinook and chum. Night closure, anti-snagging rule, and only fish hooked inside the mouth may be retained.
	Oct. 1-Nov. 15	No min. size. Daily limit 2. Release Chinook. Night closure, anti-snagging rule, and only fish hooked inside the mouth may be retained.
	Nov. 16-Mar. 31	CLOSED.
	Apr. 1-Apr. 30	Open Wed.-Sat. only. Closed Sun-Tues. Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook. Release chum and wild Chinook.
Sinclair Inlet and Port Orchard (see ⑩ on next page for boundaries) (see ⑫ for Gorst Creek and ⑬ Black Jack Creek mouth closures on next page)	June 1-July 15	No min. size. Daily limit 2. Release Chinook and chum.
	July 16-Sept. 30	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 3 plus 2 additional pink may be retained. Release chum and wild Chinook. Anglers may fish with two poles with Two-Pole Endorsement.
	Oct. 1-Nov. 15	No min. size. Daily limit 2. Release Chinook.
	Nov. 16-Mar. 31	CLOSED.
	Apr. 1-Apr. 30	Open Wed.-Sat. only. Closed Sun-Tues. Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook. Release chum and wild Chinook.
Agate Pass Area (see ⑰ on next page for boundaries)	June 1-July 16	No min. size. Daily limit 2. Release Chinook and chum.
	July 17-July 19	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook. Release chum and wild Chinook. Additional Chinook openings may occur based on available quota. Check the WDFW website at ***wdfw.wa.gov***.
	July 20-July 31	No min. size. Daily limit 2. Release Chinook and chum.
	Aug. 1-Sept. 30	No min. size. Daily limit 2 plus 2 additional pink may be retained. Release Chinook and chum.
	Oct. 1-Nov. 15	No min. size. Daily limit 2. Release Chinook.
	Nov. 16-Dec. 31	CLOSED.
	Jan. 1-Mar. 31	Catch-and-release. Fly fishing only. Lead core line prohibited.
	Apr. 1-Apr. 30	CLOSED.
Bremerton Boardwalk, Illahee State Park Pier, Seacrest Pier, and Waterman Pier	Oct 1-July 31	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook.
	Aug. 1-Sept. 30	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook plus 2 additional pink may be retained. Release chum.

Marine Area 10 Seattle and Bremerton Area (continued)

SPECIES	SEASON	ADDITIONAL RULES
BOTTOMFISH		
	Year-round season. Daily limit is a total of 15 bottomfish **(see definition page 18)** subject to individual limits and seasons as shown on previous page. Fishing for bottomfish prohibited in waters deeper than 120'. Descending device required onboard vessels.	
Lingcod	May 1-June 15	**Hook and line season.** Min. size 26". Max. size 36". Daily limit 1.
	May 21-June 15	**Spearfishing season.** Max. size 36". Daily limit 1.
Surfperch	Year-round	No min. size. Daily limit 10. Except shiner perch daily limit 15: not included in bottomfish limit.
Rockfish	CLOSED	CLOSED to fishing for, retaining, or possessing.
Pacific Cod, Pollock, Hake, and Wolf-Eel	Year-round	CLOSED to retention.
Sixgill, Sevengill, and Thresher Sharks	CLOSED	CLOSED to fishing for, retaining, or possessing. Sixgill shark may not be removed from the water.
Cabezon	May 1-Nov. 30	Min. size 18". Daily limit 1.

1. **Shilshole Bay:** Waters of Shilshole Bay southeast of a line from Meadow Point to West Point.

2. **Chittenden Locks Closures:** Waters between Chittenden Locks and the Burlington-Northern Railroad bridge CLOSED to fishing.
   Waters east of a line which is parallel to the Burlington-Northern Railroad bridge and approximately 175' west of the bridge, and which runs through the wooden piling tower structure near the south shore (west of the Chittenden Locks) CLOSED to fishing for food fish .

3. **Elliott Bay Public Fishing Pier:** Waters within 100 yards of the Elliott Bay Public Fishing Pier CLOSED to fishing for food fish and the harvest of shellfish.

4. **West Elliott Bay:** Waters of Elliott Bay east of a line from West Point to Alki Point up to a line from Duwamish Head to Pier 91

5. **East Elliott Bay:** Waters of Elliott Bay east of a line from Duwamish Head to Pier 91 to a line extending from Jack Block Park through the northernmost tip of Harbor Island extending to shore northeast of the North Waterway.

6. **Harbor Island (Duwamish Waterways):** Waters north of an east-west line through the southernmost tip of Harbor Island (Duwamish River Mouth) to a line extending from Jack Block Park through the northernmost tip of Harbor Island extending to shore northeast of the North Waterway.

7. **Seacrest Park Coves 1, 2, and 3 (Octopus Protection Area):** CLOSED to the harvest of octopus.

8. **Alki Beach Junk Yard (Octopus Protection Area):** CLOSED to the harvest of octopus.

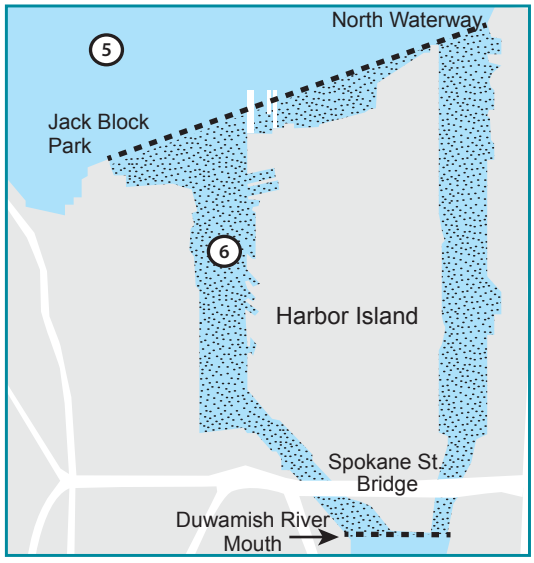

9. **Orchard Rocks Conservation Area:** Waters and bedlands of Rich Passage within a 400 yard radius of Orchard Rocks CLOSED to fishing for, harvesting, and possession of fish and shellfish. Closure does not affect privately owned fish in net pens and the harvest of clams, oysters, and mussels by tideland owners and their families.

10. **Sinclair Inlet and Port Orchard:** Waters of Sinclair Inlet and Port Orchard south of the Manette Bridge in Bremerton, south of a line drawn true west from Battle Point, and west of a line drawn true south from Point White.

11. **Puget Sound Naval Shipyard at Bremerton:** Waters within 150' of the pier head line CLOSED to fishing for food fish at all times.

12 **Gorst Creek**	**July 1-Dec. 31:** Closed to fishing in all waters within channels created by exposed tidelands.
13 **Blackjack Creek**	
14 **Curley Creek**	
15 **Chico Creek**	
16 **Grover Creek**	

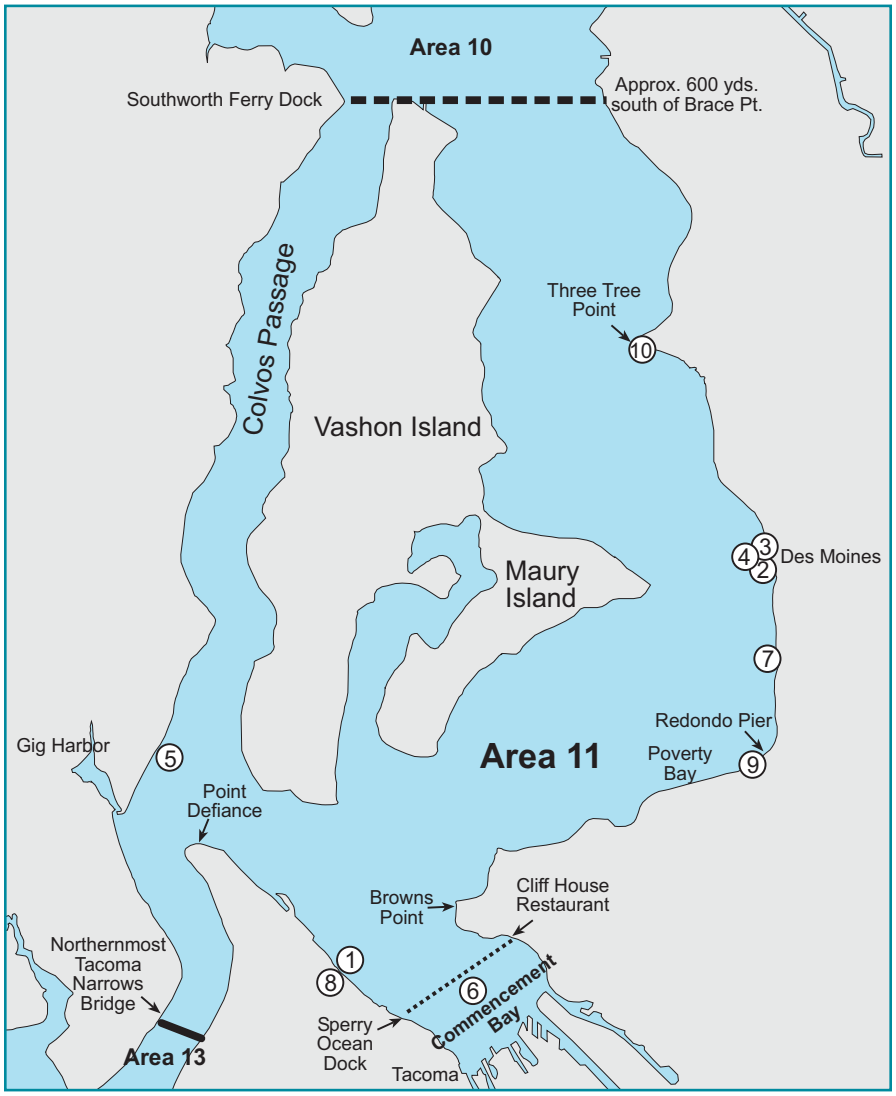

17. **Agate Pass Area:** Waters west of a line from Point Monroe to Indianola and east of a line from Point Bolin to Battle Point.

Seattle Marine Preserves: Note signs at beach entrances. The area from high tide to minus 4.5' (extreme low water) between the coordinates listed below is closed to harvest except for finfish by hook and line. See descriptions on page 142.

- A **Carkeek Park Marine Preserve**
- B **Golden Gardens Marine Preserve**
- C **Discovery Park Marine Preserve**
- D **Richey Viewpoint Marine Preserve**
- E **Emma Schmitz Memorial Marine Preserve**
- F **Lincoln Park Marine Preserve**

Marine Area 11 Map

1. **Les Davis Fishing Pier:** Waters within 100 yards of the Les Davis Fishing Pier, CLOSED to fishing for food fish and to the harvest of shellfish except when fishing from the pier.
2. **Des Moines Fishing Pier:** Waters within 100 yards of the Des Moines Public Fishing Pier, CLOSED to fishing for food fish and to the harvest of shellfish except when fishing from the pier.
3. **City of Des Moines Park Conservation Area:** CLOSED to fishing for, harvesting, and possession of fish and shellfish.
4. **South 239th Street Park Conservation Area:** CLOSED to fishing for, harvesting, and possession of fish and shellfish.
5. **Colvos Passage Marine Preserve:** Area enclosed by a line starting at extreme low water 300′ SW of the southern boundary of Sunrise County Park, Pierce Co. (latitude 47°20.9′N) due east 300′, then southwesterly paralleling the shoreline for 500′, then west to the extreme low water line, then northeasterly along extreme low water line to point of origin, CLOSED to all harvest, except salmon trolling allowed.
6. **Commencement Bay:** Waters east of a line bearing 215° true (195°30′ magnetic) from the Cliff House Restaurant on north shore (approximate position 47°17.85′N, 122°25.90′W) through Sperry Ocean Dock (approximate position 47°16.43′N, 122°27.37′W) Before fishing, check Department of Health (DOH) Fish Consumption Advisory at ***http://www.doh.wa.gov/fishmap*** or call 1-877-485-7316.
7. **Saltwater State Park Marine Preserve:** Those waters, bedlands, and tidelands of Saltwater State Park within a line projected from the northernrmost marker at the DNR high tide line through 122°19.65′W, 47°22.42′N; then to 122°19.74′W, 47°22.44′N; then to 122°19.77′W, 47°22.36′N, then to 122°19.68′W, 47°22.34′N; then to the southernmost marker on the shoreline and back along the high tide line to the northermost marker, CLOSED to all harvest.
8. **Les Davis (Octopus Protection Area):** CLOSED to the harvest of octopus.
9. **Redondo Beach (Octopus Protection Area):** CLOSED to the harvest of octopus.
10. **Three Tree Point (Octopus Protection Area):** CLOSED to the harvest of octopus.

Pacific Herring
Size: up to 10"
Color: silver with dark blue-green back.
Look for: deeply forked tail and lack of adipose fin.

Shiner Perch
Size: up to 8"
Color: greenish back with silvery sides.
Look for: forked tail and 3 broad yellow vertical bars.

Longfin Smelt
Silvery fish 4-5 inches in length. Long pectoral fins.

Eulachon (Columbia River smelt)
Size: up to 12"
Color: bluish on upper half with silvery white sides and belly.
Look for: grooves on gill cover, skinny head, speckled tail.

Surf Smelt
Size: up to 10"
Color: silver with a stripe along the side.
Look for: small adipose fin and stripe on the side.

Marine Area 11 - Tacoma and Vashon Island Area

(From the north tip of Vashon Island to the Northernmost Tacoma Narrows Bridge)

SPECIES	SEASON	ADDITIONAL RULES
Trout	Year-round	Catch-and-release.
Steelhead	Year-round	Daily limit 2 hatchery steelhead.
Sturgeon	Year-round	Catch-and-release.
Mackerel	Year-round	No min. size. No daily limit.
Herring, Anchovy, Sardine, Sand Lance, and Smelt	Year-round	No min. size. Daily limit 10 lbs., all species combined. All smelt caught must be kept and count toward the daily limit except Closed to eulachon (Columbia River smelt). For smelt: Jig gear may be used 7 days a week. Dipnets may be used from 6:00 a.m. until 10:00 p.m. Fridays through Tuesdays.
Pacific Halibut	CLOSED	CLOSED to fishing for, retaining, or possessing.
Other Food Fish	Year-round	No min. size. Daily limit 2 of each species. See definition page 20.
All Other Fish	CLOSED	CLOSED to fishing for, retaining, or possessing.
SALMON		
Entire Area (see exception for Commencement Bay and piers below)	June 1-June 30	Open Wed.-Sat. only. Closed Sun-Tues. Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook. Release chum and wild Chinook.
	July 1-July 16	CLOSED.
	July 17-July 19	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook. Release chum and wild Chinook. Additional Chinook openings may occur based on available quota. Check the WDFW website at ***wdfw.wa.gov***.
	July 20-July 31	CLOSED.
	Aug. 1-Sept. 30	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 plus 2 additional pink may be retained. Release chum and wild Chinook. Chinook retention may close earlier if quota is attained.
	Oct. 1-Nov. 15	No min. size. Daily limit 2. Release Chinook.
	Nov. 16-Mar. 31	CLOSED.
	Apr. 1 -Apr. 30	Open Wed.-Sat. only. Closed Sun-Tues. Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook. Release chum and wild Chinook.
Commencement Bay (see ⑥ on previous page for boundaries)	June 1-July 31	CLOSED.
	Aug. 1-Sept. 30	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 plus 2 additional pink may be retained. Release chum and wild Chinook. Chinook retention may close earlier if quota is attained.
	Oct. 1-Nov. 15	No min. size. Daily limit 2. Release Chinook.
	Nov. 16-Apr. 30	CLOSED.
Des Moines Pier, Les Davis Pier, Point Defiance Boathouse Dock, and Redondo Pier	Oct. 1-July 31	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook.
	Aug. 1-Sept. 30	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook plus 2 additional pink may be retained. Release chum.
BOTTOMFISH		
	Year-round season. Daily limit is a total of 15 bottomfish (see definition page 18) subject to individual limits and seasons shown below. See closures on previous page. Fishing for bottomfish prohibited in waters deeper than 120'. Descending device required onboard vessels.	
Lingcod	May 1-June 15	Hook and line season. Min. size 26". Max. size 36". Daily limit 1.
	May 21-June 15	Spearfishing season. Max. size 36". Daily limit 1.
Surfperch	Year-round	No min. size. Daily limit 10. Except shiner perch daily limit 15: not included in bottomfish limit.
Rockfish	CLOSED	CLOSED to fishing for, retaining, or possessing.
Pacific Cod, Pollock, Hake, and Wolf-Eel	Year-round	CLOSED to retention.
Sixgill, Sevengill, and Thresher Sharks	CLOSED	CLOSED to fishing for, retaining, or possessing. Sixgill shark may not be removed from the water.
Cabezon	May 1-Nov. 30	Min. size 18". Daily limit 1.

Derelict Fishing Gear

Report lost or abandoned commercial nets or pots

There are no penalties associated with reporting lost commercial fishing gear.

The Derelict Fishing Gear Removal Project is a no-fault program. The goals are simply to remove lost and abandoned commercial gear, to help restore Puget Sound, to improve public safety, and to assist species recovery.

Nets are dangerous! Never attempt to remove them. Divers, stay a safe distance away.

Still Fishing After All These Years
Lost and abandoned commercial fishing gear continues to fish, impacting marine animals and destroying their habitat, entangling divers, and damaging propellers and rudders of boats.

What's being done?
Federal, state, tribal, and local governments, NGOs, and grassroots organizations and individuals are collaborating to protect and restore Washington marine resources by locating and removing harmful commercial derelict fishing gear.

How can you help?
Record as much information as you can when you find commercial derelict gear, including:

- Date of sighting
- Type of gear

Marine Area 12 Map

(4) **River Mouth Closures:** July 1-Sept. 30: All waters within channels created by exposed tidelands are CLOSED to fishing for salmon.

- (A) **Dosewallips River**
- (B) **Dukabush River**
- (C) **Hamma Hamma River**
- (D) **Dewatto River**
- (E) **Skokomish River**

(1) **Sund Rock Conservation Area:** Waters, tidelands, and bedlands enclosed by a line originating at the shore of Hood Canal, at the mouth of Sund Creek (47°26.4'N, 123°7.1'W), then due east to 123°6.9'W, then due south to 47°26'N, then due west until it intersects the beach, then north along the ordinary high water line to the point of origin, including all of the underwater feature known as Sund Rock, CLOSED to fishing for, harvesting, and possession of fish and shellfish except tideland owners and their families may still harvest clams, oysters, and mussels from their property.

(2) **Enetai Hatchery Outfall Closure:** Waters within 100 yards of the Enetai Hatchery outfall CLOSED year-round to fishing for food fish.

(3) **Big Beef Closure:** Aug. 1-Nov. 30: Waters within 100' of the Seabeck Hwy. NW Big Beef Creek Bridge CLOSED to fishing for food fish.

(5) **Octopus Hole Conservation Area:** Waters, tidelands, and bedlands of Hood Canal from ordinary highwater to 200 yards due east in an area starting at latitude 47°26.67'N (the first bulkhead south of the sign for Octopus Hole) and extending north 1⁄3 of a mile to 47°27.02'N are CLOSED to harvest, except tideland owners and their families may still harvest clams, oysters, and mussels from their property.

(6) **Waketickeh Creek Conservation Area:** Waters and bedlands from Waketickeh Creek (located 1,000 yards NE of Cummings Pt.) out perpendicular to shore 500 yards, then parallel to shore northeast 1,700 yards, then back to shore along a line perpendicular to shore, excluding the area within 100' of ordinary high water - CLOSED to fishing for, harvesting, and possession of fish and shellfish.

(7) **Tarboo Bay:** Waters of Tarboo Bay north of Broad Spit (northern Dabob Bay).

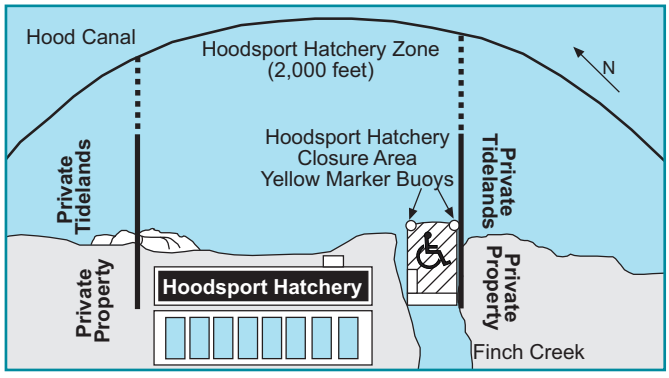

(8) **Quilcene Bay:** Waters north of a true east line from the mouth of Turner Creek to the Toandos Peninsula.

(9) **Skokomish Mouth Area:** Waters north of the City of Tacoma overhead powerlines to an east/west line from the south end of Potlatch State Park day use area (47.359988, -123.157103) to the Union boat launch (47.357698, -123.100571).

Marine Area 12 - Hood Canal

(All waters south of the Hood Canal Bridge)

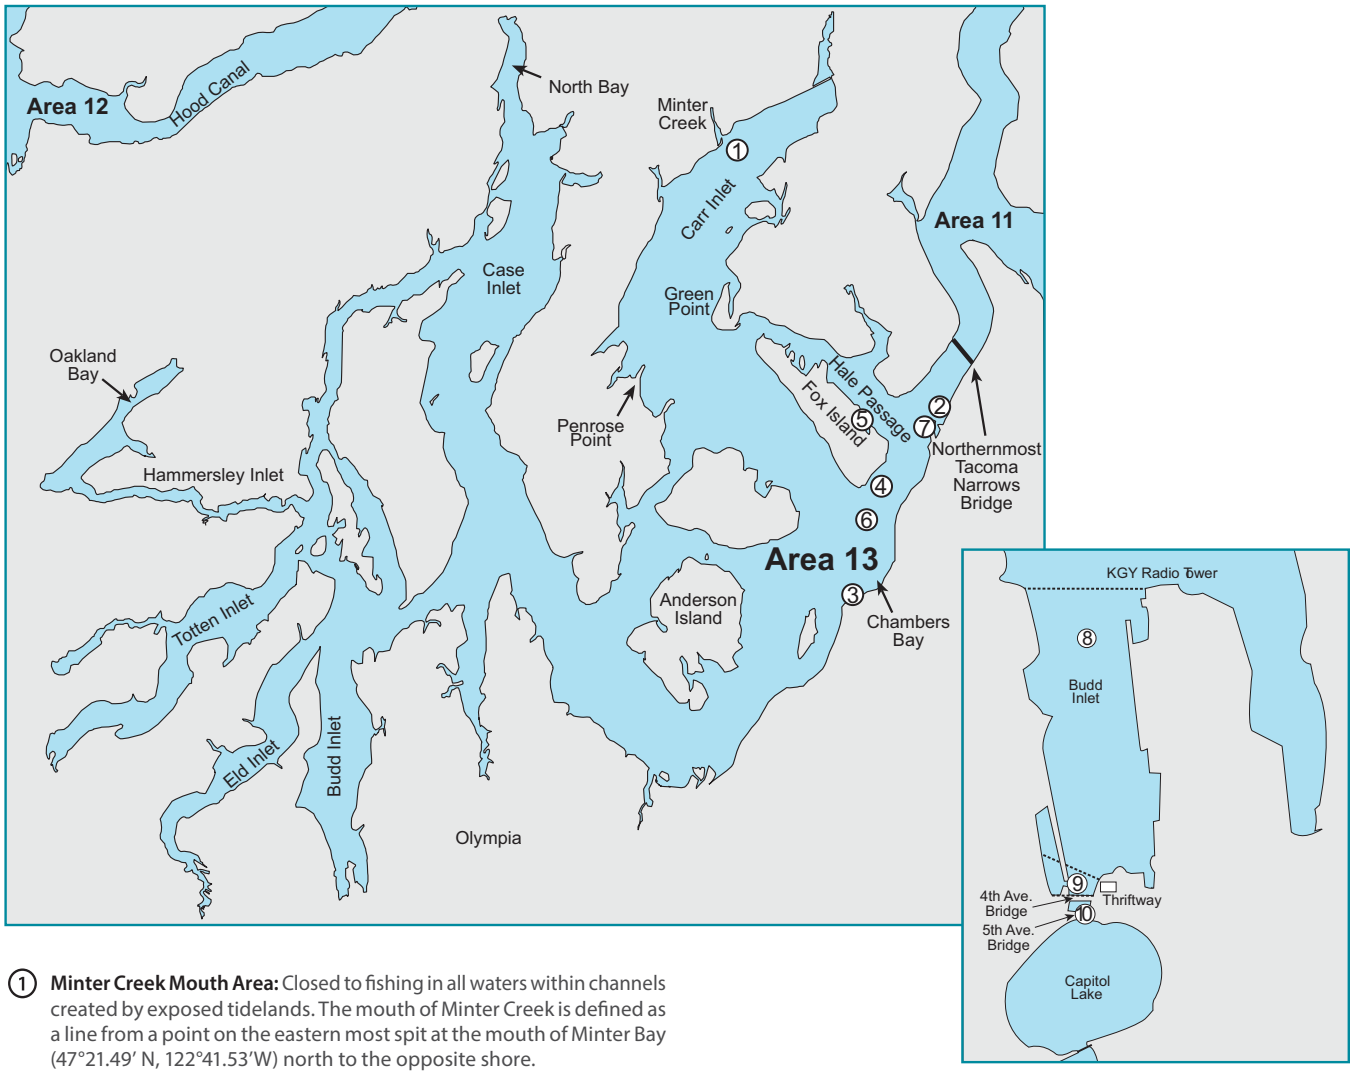

SPECIES	SEASON	ADDITIONAL RULES
Trout	Year-round	Catch-and-release.
Steelhead	Year-round	Daily limit 2 hatchery steelhead.
Sturgeon	Year-round	Catch-and-release.
Mackerel	Year-round	CLOSED to fishing for, retaining, or possessing.
Herring, Anchovy, Sardine, Sand Lance, and Smelt	Year-round	CLOSED to fishing for, retaining, or possessing.
Pacific Halibut	CLOSED	CLOSED to fishing for, retaining, or possessing.
Other Food Fish	Year-round	CLOSED to fishing for, retaining, or possessing.
All Other Fish	CLOSED	CLOSED to fishing for, retaining, or possessing.
SALMON		
North of Ayock Point (see exception for Tarboo Bay below) (see Ⓐ for Dosewalips River, Ⓑ Duckabush River, and Ⓒ Hamma Hamma River mouth closures)	July 1-July 10	CLOSED.
	July 11-July 31	No min. size. Daily limit 4 plus 2 additional pink may be retained. Release Chinook, chum, sockeye, and wild coho. Bait prohibited and only 1 single-point barbless hook measuring 1/2" or less from point to shank is allowed.
	Aug. 1-Sept. 30	No min. size. Daily limit 4 plus 2 additional pink may be retained. Release Chinook, chum, sockeye, and wild coho.
	Oct. 1-Oct. 15	CLOSED.
	Oct. 16-Oct. 31	No min. size. Daily limit 4. Release Chinook and wild coho.
	Nov. 1-Nov. 30	No min. size. Daily limit 4. Release Chinook and coho.
Tarboo Bay (see ⑦ on previous page for boundaries)	July 1-July 10	CLOSED.
	July 11-Sept. 15	No min. size. Daily limit 4 plus 2 additional pink may be retained. Release Chinook, chum, sockeye, and wild coho. Bait prohibited and only 1 single-point barbless hook measuring 1/2" or less from point to shank is allowed.
	Sept. 16-Nov. 30	CLOSED.
South of Ayock Point (see exception for Skokomish Mouth Area below) (see Ⓓ for Skokomish River and Ⓔ Dewatto River mouth closures)	July 1-Sept. 30	Chinook - min. size 20". Other salmon species - no min. size. Daily limit 4 plus 2 additional pink may be retained. Release chum, sockeye, wild Chinook, and wild coho. See Mouth Closures on previous page. Anglers may fish with two poles with Two-Pole Endorsement.
	Oct. 1-Oct. 15	CLOSED.
	Oct. 16-Oct. 31	No min. size. Daily limit 4. Release Chinook and wild coho.
	Nov. 1-Nov. 30	No min. size. Daily limit 4. Release Chinook and coho.
Hoodsport Hatchery Zone (see below for boundaries)	July 1-Sept. 30	No min. size. Daily limit 4 plus 2 additional pink may be retained. Release chum, sockeye, wild Chinook, and wild coho. Night closure.
	Oct. 1-Oct. 15	CLOSED.
	Oct 16-Oct. 31	No min. size. Daily limit 4. Release Chinook and wild coho. Night closure.
	Nov. 1-Nov. 30	No min. size. Daily limit 4. Release Chinook and coho. Night closure.
Skokomish Mouth Area (see ⑨ on previous page for boundaries)	July 1-Sept. 30	Chinook - min. size 20". Other salmon species - no min. size. Daily limit 4 plus 2 additional pink may be retained. Release chum, sockeye, wild Chinook, and wild coho. See Mouth Closures on previous page. Anglers may fish with two poles with Two-Pole Endorsement. Fishing from a floating device only.
	Oct. 1-Oct. 15	CLOSED.
	Oct. 16-Oct. 31	No min. size. Daily limit 4. Release Chinook and wild coho.
	Nov. 1-Nov. 30	No min. size. Daily limit 4. Release Chinook and coho.
BOTTOMFISH		
	See definition page 18.	
Flounders, Sole, and Sanddabs	Year-round	Open north of a true east line from the mouth of Turner Creek to the Toandos Peninsula in waters shallower than 120′ (20 fathoms). Daily limit is a total of 15. See ⑧ on previous page. Descending device required onboard vessels.
Lingcod	CLOSED	CLOSED to fishing for, retaining, or possessing.
Surfperch	CLOSED	CLOSED to fishing for, retaining, or possessing.
Rockfish	CLOSED	CLOSED to fishing for, retaining, or possessing.
Pacific Cod, Pollock, Hake, and Wolf-Eel	CLOSED	CLOSED to fishing for, retaining, or possessing.
Sixgill, Sevengill, and Thresher Sharks	CLOSED	CLOSED to fishing for, retaining, or possessing. Sixgill shark may not be removed from the water.
Cabezon	CLOSED	CLOSED to fishing for, retaining, or possessing.

Hoodsport Hatchery Zone: Waters within a 2,000' arc seaward of the yellow marker buoys at the mouth of Finch Creek. Visitors, please be aware that walking or wading onto private property or tidelands adjacent to the hatchery without permission is considered criminal trespass and will be enforced. Please stay within the state-owned tidelands in front of the hatchery complex. The north and south boundaries are clearly marked by signs and floating buoys for your benefit. Closure of these waters may occur if trespassing continues.

Hoodsport Hatchery ADA Access Site: All waters between 2 yellow buoys at the mouth of Finch Creek and the hatchery weir (walkway); and all waters within the channel created by Finch Creek on exposed tidelands, and fishing from any part of the Hoodsport Hatchery structure, CLOSED to fishing yearround, except persons with disabilities who permanently use a wheelchair AND who have a designated harvester companion card may fish from the ADA-accessible site at the Hoodsport Salmon Hatchery, provided such persons follow all applicable rules and regulations of the adjoining waters of Marine Area 12.

Marine Area 13 Map

① **Minter Creek Mouth Area:** Closed to fishing in all waters within channels created by exposed tidelands. The mouth of Minter Creek is defined as a line from a point on the eastern most spit at the mouth of Minter Bay (47°21.49′ N, 122°41.53′W) north to the opposite shore.

② **Titlow Beach Marine Preserve:** All waters due west from the southern end of the Tacoma Outboard Association building near the boat launch ramp to the outer harbor line, then south following the outer harbor line to a line due west from the old ferry landing dock at the 6th Ave. Extension, then following the line to the high water line, then to the point of origin, CLOSED to the harvesting of fish, shellfish, and wildlife, except salmon fishing, using lures only, is permitted from shore or non-motorized craft.

③ **Saltar's Point Conservation Area:** Tidelands owned by the town of Steilacoom at Saltar's Point Beach located between Montgomery Street and Martin Street, and the water column above these tidelands, CLOSED to fishing for, harvesting, and possession of fish and shellfish.

④ **Fox Island Public Fishing Pier**

⑤ **Z's Reef Marine Preserve:** Waters and bedlands beginning at the extreme low water line on the northeast side of Fox Island at 47°14.56′N, 122°35.98′W, then 0.5 nautical mile northwesterly along the extreme low water line to 47°14.96′N, 122°36.37′W, then northeast to the 85′ contour line, southeast along 85′ contour, then southeast along the 85′ depth contour to a point on a due northeast-southwest line through the point of origin, then southwest to the point of origin, CLOSED to all harvest, except for fly fishing for salmon allowed.

⑥ **Toliva Shoal:** June 16-Apr. 30: closed to fishing for fin fish in waters within 500 yards of the buoy on Toliva Shoal.

⑦ **Days Island (Octopus Protection Area):** CLOSED to the harvest of octopus.

⑧ **Northern Budd Inlet:** Waters of Budd Inlet south of a line projected true west from the KGY Radio Station Tower to the western shore of the inlet and north of a line from the northwest corner of the Thriftway Market building to a point 100 yards north of the railroad bridge located on the western side of the inlet.

⑨ **Southern Budd Inlet:** Waters between the Fourth Ave. Bridge and a line from the northwest corner of the Thriftway Market building to a point 100 yards north of the railroad bridge (adjacent to the Fourth Ave. Bridge) located on the western side of the inlet.

⑩ **Fourth Ave. Bridge:** Waters of Budd Inlet at Olympia south of the Fourth Ave. Bridge are CLOSED to fishing year-round.

See Department of Health (DOH) Fish Consumption Advisories on page 24.

Marine Area 13 - South Puget Sound

(All waters south of northernmost Tacoma Narrows Bridge)

SPECIES	SEASON	ADDITIONAL RULES
Trout	Year-round	Catch-and-release.
Steelhead	Year-round	Daily limit 2 hatchery steelhead.
Sturgeon	Year-round	Catch-and-release.
Mackerel	Year-round	No min. size. No daily limit.
Herring, Anchovy, Sardine, Sand Lance, and Smelt	Year-round	No min. size. Daily limit 10 lbs., all species combined. All smelt caught must be kept and count toward the daily limit except Closed to eulachon (Columbia River smelt). For smelt: Jig gear may be used 7 days a week. Dipnets may be used from 6:00 a.m. until 10:00 p.m. Fridays through Tuesdays.
Pacific Halibut	CLOSED	CLOSED to fishing for, retaining, or possessing.
Other Food Fish	Year-round	No min. size. Daily limit 2 of each species. See definition page 20.
All Other Fish	CLOSED	CLOSED to fishing for, retaining, or possessing.
SALMON		
Entire Area (see exceptions for Toliva Shoal, Northern/ Southern Budd Inlet, and Fox Island Public Fishing Pier below) (see Minter Creek Mouth Area ① on previous page) (see marine preserves on previous page)	July 1-July 31	Chinook - min. size 20". Other salmon species - no min. size. Daily limit 2. Release chum, wild coho, and wild Chinook. Anglers may fish with two poles with Two-Pole Endorsement.
	Aug. 1-Sept. 30	Chinook - min. size 20". Other salmon species - no min. size. Daily limit 2 plus 2 additional pink may be retained. Release chum, wild coho, and wild Chinook. Anglers may fish with two poles with Two-Pole Endorsement.
	Oct. 1-June 30	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2. Release chum, wild coho, and wild Chinook. Anglers may fish with two poles with Two-Pole Endorsement.
Toliva Shoal (see ⑥ on previous page for boundaries)	June 16-Apr. 30	CLOSED.
	May 1-June 15	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2. Release chum, wild coho, and wild Chinook. Anglers may fish with two poles with Two-Pole Endorsement.
Northern Budd Inlet (see ⑧ on previous page for boundaries)	July 1-July 31	Chinook - min. size 20". Other salmon species - no min. size. Daily limit 2. Release chum, wild coho, and wild Chinook. Anglers may fish with two poles with Two-Pole Endorsement.
	Aug. 1-Sept. 30	Chinook - min. size 20". Other salmon species - no min. size. Daily limit 2 plus 2 additional pink may be retained. Release chum, wild coho, and wild Chinook. Night closure and anti-snagging rule. Anglers may fish with two poles with Two-Pole Endorsement.
	Oct. 1-Oct. 31	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2. Release chum, wild coho, and wild Chinook. Night closure and anti-snagging rule. Anglers may fish with two poles with Two-Pole Endorsement.
	Nov. 1-June 30	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2. Release chum, wild coho, and wild Chinook. Anglers may fish with two poles with Two-Pole Endorsement.
Southern Budd Inlet (see ⑨ on previous page for boundaries) (see ⑩ on previous page for closure)	July 1-Oct. 31	CLOSED.
	Nov. 1-June 30	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2. Release chum, wild coho, and wild Chinook. Anglers may fish with two poles with Two-Pole Endorsement.
Fox Island Public Fishing Pier	July 1-July 31	Chinook - min. size 20". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook. Release chum.
	Aug. 1-Sept. 30	Chinook - min. size 20". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook plus 2 additional pink may be retained. Release chum.
	Oct. 1-June 30	Chinook - min. size 22". Other salmon species - no min. size. Daily limit 2 including no more than 1 Chinook. Release chum.
BOTTOMFISH		
	Year-round season. Daily limit is a total of 15 bottomfish (see definition page 18) subject to individual limits and seasons shown below. See closures on previous page. Fishing for bottomfish prohibited in waters deeper than 120'. Descending device required onboard vessels.	
Lingcod	May 1-June 15	Hook and line season. Min. size 26". Max. size 36". Daily limit 1.
	May 21-June 15	Spearfishing season. Max. size 36". Daily limit 1.
Surfperch	Year-round	No min. size. Daily limit 10. Except shiner perch daily limit 15: not included in bottomfish limit.
Rockfish	CLOSED	CLOSED to fishing for, retaining, or possessing.
Pacific Cod, Pollock, Hake, and Wolf-Eel	Year-round	CLOSED to retention.
Sixgill, Sevengill, and Thresher Sharks	CLOSED	CLOSED to fishing for, retaining, or possessing. Sixgill shark may not be removed from the water.
Cabezon	May 1-Nov. 30	Min. size 18". Daily limit 1.

Sixgill Shark

Size: up to 15'
Color: dark brown or gray.
Look for: one fin on back situated towards tail. Six gill slits on each side of head.

NOTE: Sixgill Shark may not be removed from the water.

Shellfish and Seaweed Rules

3 STEPS TO SAFE AND LEGAL SHELLFISH HARVEST — IT'S YOUR RESPONSIBILITY!

1. **Know the Rules and the Seasons (You could get a ticket)**
   Is the harvesting season open? Read the rules for size and bag limits. All seasons for clams, mussels, and oysters are beach-specific. For open beach seasons, check the website ***https://wdfw.wa.gov/places-to-go/shellfish-beaches*** or contact the WDFW customer service desk (360) 902-2700 to verify seasons. Beach-specific seasons are also displayed at ***doh.wa.gov/shellfishsafety***. Any emergency rule changes are listed on the WDFW website ***https://wdfw.wa.gov/fishing/regulations/emergency-rules***.
2. **Pollution Closures (You could get sick)**
   Does the beach meet standards for healthy eating? Some closures and advisories are shown on page 135. For more detailed information and current updates, visit the Washington Department of Health website at ***doh.wa.gov/shellfishsafety***, call (360) 236-3330 or the local health department ***doh.wa.gov/localhealth***. County health department phone numbers are published in the government pages of local telephone directories.
3. **Marine Biotoxin Closures and *Vibrio* Warnings (You could get sick or die)**
   Is there an emergency closure due to Shellfish Poisoning (PSP/ASP/DSP) or *Vibrio* bacteria? Water quality conditions can change quickly. On the day you plan to harvest, check the DOH website at ***doh.wa.gov/shellfishsafety***, call (360) 236-3330, or the Shellfish Safety toll-free Hotline at (800) 562-5632.

Photo by Shannon Smith

Two different state agencies are responsible for two different types of recreational shellfish harvest closures. The Washington Department of Fish and Wildlife (WDFW) is responsible for conservation closures or season adjustments. These closures are designed to protect and conserve intertidal shellfish populations. The Washington Department of Health (DOH) is responsible for human health-related closures in response to potentially life-threatening environmental conditions, which result from Paralytic Shellfish Poisoning (PSP)/Amnesic Shellfish Poisoning (ASP)/Diarrhetic Shellfish Poisoning (DSP), *Vibrio* bacteria, or pollution, as described in the Shellfish Safety section on page 134. Permanent WDFW/DOH closures and periodic DOH harvest advisories are shown on page 135.

Clam, Mussel, and Oyster Shellfish Beach Status Key

WDFW SEASON	DOH STATUS	HARVEST STATUS	REASON
Open (✓)	Open (✓)	Safe & Legal	
Closed (X)	Open (✓)	Illegal	Conservation closure or season adjustment
Open (✓)	Closed (X)	Not Safe	Potentially life-threatening environmental conditions
Closed (X)	Closed (X)	Not Safe & Illegal	

Photo by Thomas Ryle

LICENSES

A Combination or a Shellfish/Seaweed License is required for all shellfish and seaweed harvest. A catch record card, and endorsement is required to fish for Dungeness crab in Puget Sound (See License Requirements, page 14).

POSSESSION LIMIT

One daily limit in fresh form. Any additional shellfish in possession must be in a frozen or processed form that clearly distinguishes them from that day's limit.

DESIGNATED HARVESTERS

Persons with a disability must have a designated harvester companion card issued by WDFW if using another harvester to assist them with their catch. The person harvesting the catch on behalf of the licensee with a disability must be in possession of the designated harvester companion card while assisting the person with a disability. Both the harvester and the person with a disability must be licensed. The licensee is also required to be in the direct line of sight of the designated harvester who is harvesting shellfish for them. If this is not possible, the licensee is required to be within ¼ mile of the designated harvester who is harvesting shellfish for them.

TIDELAND OWNERSHIP

Most Puget Sound, Hood Canal, Grays Harbor, and Willapa Bay beaches are privately owned. Shellfish and Seaweed may not be taken from private beaches without the owner's or lessee's permission. Private tideland owners and lessees, and members of their immediate family (grandparents, parents, spouse, siblings, children, and grandchildren) are exempt from personal use daily limits when taking clams, oysters, and mussels harvested for their own personal use from their own tidelands. Daily limits apply for all other shellfish, and seaweed, all other people, and all other beaches. Everyone harvesting shellfish in excess of the daily limit from private beaches for presumed commercial purposes needs a shellfish certification from the Department of Health (see RCW 69.30.010(8)).

Note: Razor clam seasons occur only after clam samples have been tested by Washington Department of Health (DOH) and are found to be safe for human consumption. See page 136.

Abalone Cannot Be Legally Harvested

Pinto abalone are an endangered species in the State of Washington. Harvest of endangered species such as abalone could result in a felony conviction. The fishery for pinto (aka northern) abalone has been closed since 1994 in order to reverse population declines. Even with the closure, populations have continued to collapse. Between 1992 and 2017, monitored abalone populations have fallen by 97%. Efforts are underway to restore this important species and in order for restoration to succeed, we must protect all remaining wild abalone. A suite of partners has created a hatchery program to raise and outplant juvenile abalone, but this program relies on wild abalone as parents for hatchery production. Wild abalone, particularly those found in small groups, are critical for natural spawning and recovery. Abalone are sensitive to any physical disturbance. If you see one, please do not disturb it; all harvest is prohibited.

Every individual is needed for the future of this species. Help us to restore abalone for generations to come!

STOP!

1-800-465-4336 (B.C.)

Shellfish Safety Information

Eating contaminated shellfish or seaweed can cause serious illness or death. The only way to be safe is to "Know Before You Dig". Always check for current beach closures and advisories related to biotoxins, pollution, or other human health concerns the same day you plan to harvest: ***doh.wa.gov/shellfish-safety*** (clickable map), or call the Department of Health at (360) 236-3330 or the local county health department. For biotoxin information only, call the toll-free Biotoxin Hotline at 1-800-562-5632. In addition, some beaches may be posted with warning signs — look for signs as you access the beach.

Always check both the current WDFW season and the DOH health closure status before harvesting any public beach.

BIOTOXIN CLOSURES

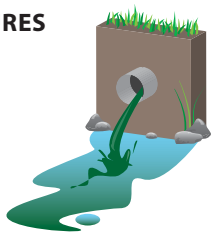

Don't harvest in areas with marine biotoxins, also known as "Red Tide". You could get sick or die.

Paralytic Shellfish Poisoning (PSP) & Amnesic Shellfish Poisoning (ASP) & Diarrhetic Shellfish Poisoning (DSP):

- Can make you sick or cause death
- Can't be destroyed by cooking or freezing
- Are produced by algae and do not always turn the water red
- Can remain in butter and varnish clams longer than in other shellfish species

POLLUTION CLOSURES

Don't harvest in areas that are polluted. You could get sick.

Pollution can come from many sources like sewage drain pipes, failing septic systems, farm practices, boats, and pet waste. Some closures and advisories are listed on page 135. Visit ***doh.wa.gov/shellfishsafety*** for the current beach status.

VIBRIO WARNINGS

Be aware of Vibrio Warnings. You could get sick.

Vibrio Bacteria:

- Cook all shellfish thoroughly to kill bacteria and to avoid getting sick
- Highest risk from May-September, especially in Puget Sound and Hood Canal
- Are naturally occurring bacteria that can multiply rapidly in warm conditions

HELP KEEP OUR WATERS SAFE AND CLEAN

Human and pet waste can make people sick and cause harvest closures. Please do your part to protect our waterways and shellfish beaches:

- Use public toilets. Scoop, bag and trash human waste if no facilities are available.
- Scoop, bag, and trash your pet's waste.
- Pump, don't dump! Use pumpout stations to dispose of boat sewage. Visit ***https://pumpout-washington.org***.

Never Relocate Shells or Shellfish Without a Permit From WDFW!

Like humans and other animals, shellfish can get sick. It is illegal to move shells and shellfish from beach to beach or between state waters without a transfer permit. When you move animals and shells from one area to another, you can accidentally introduce or spread harmful pests and diseases. These movements include unpermitted activities like:

- Storing shellfish harvested from other areas or bought from the store on a beach or off a dock.
- Dumping empty oyster shells back on beaches.
- Transferring shellfish to enhance your beach.
- Releasing any aquatic animals into state waters for any reason.

Help safeguard Washington shellfish. For additional information and transfer permits, visit ***https://invasivespecies.wa.gov/campaigns/safeguard-our-shellfish***.

The 3Cs of Safe Shellfish Harvest

Check For:

- Health closures and advisories (biotoxin, pollution, Vibrio) ***doh.wa.gov/shellfishsafety***
- Harvesting closures (seasons, limits) ***https://wdfw.wa.gov/places-to-go/shellfish-beaches***
- Signs on the beach: Follow posted warnings and closures, and respect private property
- Water color does not indicate shellfish safety.

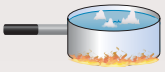

Chill Shellfish – It's Important!

- Harvest shellfish on the outgoing tide
- Put them on ice as soon as possible to prevent bacterial growth
- Rinse your catch in salt (not fresh) water before leaving the beach, quickly cool your catch on ice or in a refrigerator, and cook as soon as possible.

Cook Shellfish in Summer

- Vibrio illnesses occur more frequently during summer (or warm) months

- Cook shellfish to 145° for at least 15 seconds to kill Vibrio bacteria
- Don't rinse cooked shellfish (including crab) with seawater—you could re-contaminate your shellfish.

- Cooking, rinsing, or freezing shellfish **does not** destroy biotoxins or all pollutants.
- Crab can concentrate biotoxins and pollutants in their internal organs (crab butter). Clean crab before cooking. Eat only the meat. Some species of crab/shrimp have consumption recommendations depending on catch location. Details can be found at: ***www.doh.wa.gov/fish***

If you have any concerns about allergies, are taking antacids or other medications, or have a weakened immune system (such as cancer, liver disease, or HIV), ask your doctor before eating shellfish. You may be at greater risk for illness. Shellfish are great and healthy food. Avoid illness — follow the 3 C's. If you think shellfish made you sick, contact your local health department: ***https://doh.wa.gov/community-and-environment/food/local-food-safety-contacts***.

Year-Round Closures — Clams, Oysters, and Mussels

Closures may be subject to change. Always check current WDFW season and DOH water quality status the same day you plan to harvest at ***https://wdfw.wa.gov/places-to-go/shellfish-beaches*** or ***doh.wa.gov/shellfishsafety***

BEACH NAME	COUNTY
Alki Park	King
Alki Point	King
Bay Center Oyster Reserve (Willapa Harbor reserves)	Pacific

Harvest Advisories — Clams, Oysters, and Mussels

The Department of Health (DOH) has harvest advisories or closures on the following beaches. An advisory is placed on a beach that MAY be subject to periodic contamination from pollution sources or MAY intersect polluted areas. Before harvesting shellfish check the Department of Health's website ***doh.wa.gov/shellfishsafety***, call (360) 236-3330, or contact the local county health department. For beach-specific information and other harvest rules and information, check the WDFW website at ***https://wdfw.wa.gov/places-to-go/shellfish-beaches***.

BEACH NAME	COUNTY
Anna Smith Children's Park	Kitsap
Blake Island (avoid marina and mooring buoys)	Kitsap
Bottle Beach	Grays Harbor

WINAS-Maylor Pt West (inside Oak Harbor)	Island

Razor Clam Rules

AREA	SPECIES	SEASON	ADDITIONAL RULES
RAZOR CLAMS (*SILIQUA PATULA*)			
Grows to 6"; fragile, thin elongated shells are covered with shiny, tan lacquer-like skin coating the shell. Found only on Pacific coastal beaches. **Razor clam seasons occur only after clam samples have been tested for marine biotoxins by Washington Department of Health (DOH) and are found to be safe for human consumption.**			
Coastal Beaches	Razor Clams	To Be Announced	No min. size. Daily limit first 15 dug regardless of size or condition (broken clams count towards limit). Each limit must be in a separate container.

- May only be taken by hand, hand-operated shovel, or tube with a minimum outside diameter of 4" (4" x 3" if elliptical).
- All clams dug are part of digger's limit - you may not return any razor clams to the beach or water.
- It is illegal to drive any vehicle or to lead or ride a horse on razor clam beds (westerly of a line 150' waterward of the extreme upper limit of the hard sand area). Pressure from weight of vehicles and digging action of horses' hooves cause clam mortality.
- The person with a disability for whom razor clams are being dug must be in line of sight of the designated harvester or within ¼ mile of the digging site. Both the digger and the person with a disability must be licensed. The person with a disability must have a designated harvester companion card. The designated harvester must have the designated harvester companion card in their possession while assisting the person with a disability. (See page 14).

OCEAN RAZOR CLAM BEACH DESCRIPTIONS

Long Beach: Columbia River north jetty to Leadbetter Point (includes Seaview, Cranberry, Klipsan, Ocean Park, and Oysterville).

Twin Harbors: Northern shore of Willapa Bay (from Toke Point west, not including the beaches within the Shoalwater Bay Indian Reservation) to the Grays Harbor south jetty (includes North Cove, Grayland, and Westport).

Copalis: Grays Harbor north jetty to the Copalis River (includes Ocean Shores, Oyhut, Ocean City, and Copalis).

Mocrocks: Copalis River to the southern boundary of the Quinault Indian Nation (includes Iron Springs, Roosevelt, Pacific Beach, and Moclips).

Kalaloch: Olympic National Park South Beach Campground to Brown's Point (just south of Olympic National Park Beach Trail #3).

PERMANENT RAZOR CLAM RESERVE CLOSURES (AREAS MARKED WITH POSTS AND SIGNS)

Razor clam sanctuaries (Reserves) are ¼ mile sections of coastal ocean beaches located on three beach areas that are used to assist in the management of the razor clam resource. The three areas are marked with metal posts and are signed to designate a "no digging" area. The three areas are:

Copalis Beach — from a point 0.4 miles south of the Ocean City approach (2nd Ave.) and extending south for ¼ mile.

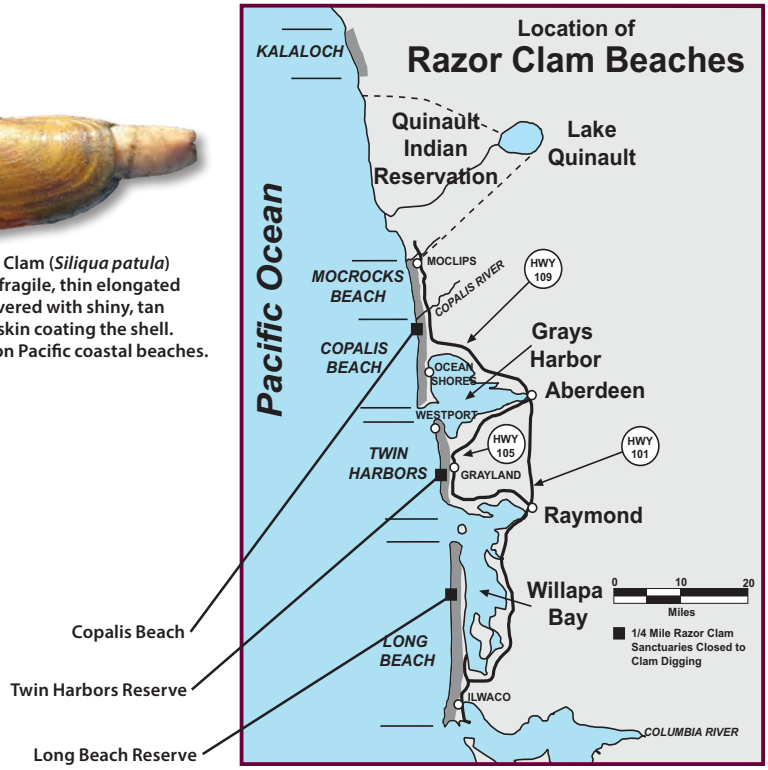

Twin Harbors Reserve — from the middle of the County Line Rd. approach south for ¼ mile.

Long Beach Reserve — beginning 2.7 miles north of the Oysterville approach and extending north for ¼ mile.

Pacific Razor Clam (*Siliqua patula*) Grows to 6"; fragile, thin elongated shells are covered with shiny, tan lacquer-like skin coating the shell. Found only on Pacific coastal beaches.

Shellfish and Seaweed Species Rules

For more detailed information about shellfish, please visit ***https://wdfw.wa.gov/species-habitats/species*** and search by species name. Marine areas subject to seasonal/conservation closures, check the latest emergency rules at ***https://wdfw.wa.gov/fishing/shellfishing-regulations***

AREA	SPECIES	SEASON	ADDITIONAL RULES
ABALONE			
All Areas	Pinto	Closed	Surveys show a continued decline in numbers of all size abalone. The closure is necessary to allow recovery of stocks. Abalone have been listed as an endangered species.
CLAMS, OTHER THAN RAZOR CLAMS			
Always check the local biotoxin status before harvesting via the biotoxin hotline (1-800-562-5632) or *doh.wa.gov/shellfishsafety*. Biotoxins can present hazards in any clam species, and butter and varnish clams can retain elevated levels of biotoxins for extended periods. Clams can be dug by hand or hand-operated fork, pick, rake, or shovel. Each digger must use a separate container. Digging equipment may be shared. The tide and waves do not quickly refill holes created by harvesters. Unfilled harvesting holes and sediment piles can damage clam habitat and kill clams. Clam harvesters must refill holes created while digging. To reduce clam mortality, please push any undersized or discarded clams into the refilled holes. Harvesting seasons vary by beach. **See year-round harvest closures and advisories on page 135 and area closures on pages 140-143 Marine Preserves, Conservation Areas and Shellfish Protection Zones.**			
Public Beaches	Geoducks	See page 132 for season information	No min. size. Daily limit first 3 dug. It is unlawful to thrust any instrument through the neck of a geoduck. It is unlawful to possess only the neck of a geoduck. Geoduck cylinder max diameter is 24" and must be non-mechanized and hand-operated.
	Horse Clams		No min. size. Daily limit first 7 dug regardless of size or condition (broken clams count towards limit).
	All Other Species (Listed Below)		Daily limit no more than 40 clams, not to exceed 10 lbs. in the shell, all species combined (excluding horse clams and geoducks). For species with a minimum size, measure across longest distance of shell.
	Native Littlenecks		Min. size 1½".
	Manilas		Min. size 1½".
	Butters		Min. size 1½".
	Cockles		Min. size 1½".
	Eastern Softshells		No min. size.
	Varnish		No min. size.
	All Other Marine Clams		No min. size.
All Fresh Water Areas	All Species	Closed	

Manila Littleneck Clam
Venerupis philippinarum

Average size is 1-2", up to 2½". Oval elongated shell has concentric and radiating lines. Siphon tips are split. Found to 4" below surface.

(Eastern) Softshell Clam
Mya arenaria

Can grow to 6". Shells are soft, chalky-white with a rough irregular surface. Shell is rounded at the foot end, pointed at the siphon end. Siphon doesn't have leather-like flap on the tip. Found to 18" below surface. Unable to rebury on its own. Push into refilled hole siphon side up.

Native Littleneck Clam
Leukoma staminea

Average size is 1-2", up to 2½". Rounded shell has concentric and radiating lines. Siphon tips are fused. Found 6-10" below surface.

Varnish Clam
Nuttallia obscurata

Up to 3", with shiny brown coating on the outside, purple on the inside of shell. Found 3-12" below the surface.

Cockle Clam
Clinocardium nuttallii

Prominent, evenly-spaced ridges which fan out from the hinge. Mottled, light brown. Can grow to 5". Found on or just below surface.

Horse Clam
Tresus nuttallii (shown)
Tresus capax (not shown)

Large, can grow up to 8". Shell is chalky-white with yellow-brown patches of "skin". The siphon can't be pulled into shell and has a leather-like flap on the tip. Found 1-2 feet below surface. Unable to rebury on its own. Push into refilled hole siphon side up.

Butter Clam
Saxidomus giganteus

Average size is 3-4", up to 6". Shells have no radiating lines and are usually chalky-white or stained blue. The siphon can be pulled into its shell. Usually found 12-18" below surface. Shell gapes slightly at siphon. Unable to rebury on its own. Push into refilled hole siphon side up.

Geoduck Clam
Panopea generosa

Heavy, oblong shell, rounded at one end. Appears cut-off at the other. The siphon has no leather-like flap on the tip and can't be pulled into the shell. Found 2-3 feet below surface. Can weigh up to 10 lbs. Unable to rebury on its own.

AREA	SPECIES	SEASON	ADDITIONAL RULES
CRAB			
See page 144 for crab harvest information and page 147 for crab gear rules.			
CRAYFISH (CRAWFISH)			
All Open Waters	Native Species (Signal Crayfish)	1st Mon. in May-Oct. 31	Min. size 3¼" from tip of rostrum (nose) to tip of tail. Daily limit 10 lbs in shell. All females with eggs or young attached must be immediately returned to the water unharmed. See gear rules on page 147.
	Nonnative Species	1st Mon. in May-Oct. 31	Must be kept in a separate container. Must be dead before being removed from riparian area (immediate vicinity of water body). No daily limit, size, or sex restrictions. See gear rules page 147.

There is only one native crayfish species in Washington — the signal crayfish (*Pacifastacus leniusculus*). This species can be identified by its uniform brownish coloration, white or light coloration of the claw joint ,and the smooth surface of its carapace and claws compared to that of nonnative species. **Native crayfish are the only crayfish that may be removed from the vicinity of the waterbody alive.** If you cannot positively identify your catch as a nonnative species, the daily limit and other restrictions listed above for native crayfish apply.

Native Signal Crayfish
(Pacifastacus leniusculus)

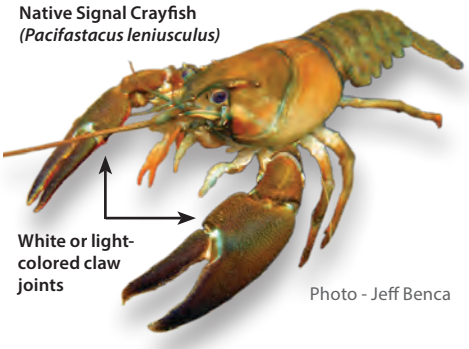

Photo - Jeff Benca

No pronounced bumps or distinct dark tips on claws. Claws can range in color from blue or green with red underneath.

NONNATIVE SPECIES

Red Swamp Crayfish

Photo - Julian Olden

Rusty Crayfish

Photo - Eric Larson

Northern Crayfish

Photo - Julian Olden

How to humanely kill and preserve crayfish: There are two important steps to killing a crayfish quickly and humanely. The first is to chill them in ice or ice slurry for 20-30 minutes, and the second is to pierce their head with a knife.

GOOSE BARNACLES			
Caution: for Shellfish Safety and Department of Health contact information see page 134.			
Puget Sound Public Beaches		Year-round	No min. size. Daily limit 10 lbs. whole or 5 lbs. barnacle stalks. See closures on pages 140-143 **Marine Preserves, Conservation Areas, and Shellfish Protection Zones.**
Pacific Ocean Beaches (Outside Olympic National Park)		Nov. 1-Mar. 31	No min. size. Daily limit 10 lbs. whole or 5 lbs. barnacle stalks.
MUSSELS			
Seasons in Puget Sound are the same as clam seasons on each beach. Harvesting seasons vary by beach. **Caution: for Shellfish Safety and Department of Health contact information see page 134.**			
Puget Sound Public Beaches	Blue, California, Mediterranean	See page 132 for season information	No min. size. Daily limit 10 lbs. in shell. **See year-round harvest closures and advisories on page 135 and area closures on pages 140-143 Marine Preserves, Conservation Areas, and Shellfish Protection Zones.**
Pacific Ocean Beaches (Outside Olympic National Park)	Blue, California, Mediterranean	Nov. 1-Mar. 31	No min. size. Daily limit 10 lbs. in shell.
All Fresh Water Areas	All Species	Closed.	
OCTOPUS			
Must be caught with hands or instrument which does not penetrate the octopus. May be caught incidentally using shellfish pot gear during a lawful shellfish pot fishery or hook and line gear during a lawful hook and line fishery. Chemical irritants cannot be used to take octopus. For Octopus Protection Areas see ***https://wdfw.wa.gov/fishing/management/mpa/octopus-preserve***			
All Waters **except** Marine Area 12, Marine Preserves, Conservation Areas, and Octopus Protection Areas	Giant Pacific	Year-round	No min. size. Daily limit 1. **No chemicals or irritants allowed.** See closures on pages 140-143 **Marine Preserves, Conservation Areas, and Shellfish Protection Zones.**
Marine Area 12, Marine Preserves, Conservation Areas, and Octopus Protection Areas	All Species	CLOSED.	See closures on pages 142-143 **Marine Preserves, Conservation Areas, and Shellfish Protection Zones.**
OYSTERS			
Caution: for Shellfish Safety and Department of Health contact information see page 134. Oysters may only be harvested by hand or with a hand-held manually operated prying tool (no hammers, etc.). Each harvester must use a separate container. Harvesting seasons vary by beach. **See year-round harvest closures and advisories on page 135 and area closures on pages 140-143 Marine Preserves, Conservation Areas, and Shellfish Protection Zones.**			
Public Beaches	All Species	See page 132 for season information	Min. size 2½" measured across longest distance of shell. Daily limit 18. Oysters must be shucked on the beach. Oysters consumed on the beach count toward a limit. Leave shells on the same tideland and tide height where they were taken.

AREA	SPECIES	SEASON	ADDITIONAL RULES
RELIC SHELLS			
All Areas	All Species	Year-round All beaches	Daily limit is 5 pounds of all species combined. Take of oyster shells is prohibited. Removal of shells on State Park beaches prohibited. No license required. See Don't Relocate Shells or Shellfish! information on page 134.
SAND SHRIMP			
Public Beaches	All Species	Year-round	No min. size. Daily limit 10 dozen. May be harvested only by hand or by hand-operated suction devices. See closures on pages 140-143 **Marine Preserves, Conservation Areas and Shellfish Protection Zones.**
SCALLOPS			
Biotoxin Warning: Scallops may retain elevated levels of marine biotoxins. Currently, Department of Health lists all areas closed for the recreational harvest of scallops due to biotoxins. Check the Department of Health Biotoxin Hotline (800) 562-5632 or *doh.wa.gov/shellfishsafety*. See closures on pages 140-143 **Marine Preserves, Conservation Areas, and Shellfish Protection Zones.**			
All Waters	Pink and Spiny	Year-round	Min. size 2" measured across longest distance of shell. Daily limit 40, combined limit for both species. May be harvested only by hand or with a hand-held manually operated prying tool.
	Weathervane	Year-round	Min. size 4". Daily limit 12. Measure across longest distance of the shell.
	Rock	Year-round	No min. size. Daily limit 6. Hammers or mallets may not be used to harvest rock scallops.
SEA CUCUMBERS			
Caution: for Shellfish Safety and Department of Health contact information see page 134. See closures on pages 140-143 **Marine Preserves, Conservation Areas, and Shellfish Protection Zones.** Marine areas subject to seasonal/conservation closures, check the latest emergency rules at ***https://wdfw.wa.gov/fishing/shellfishing-regulations***			
All Waters except for Marine areas 8-1, 8-2, 9, 10, and 12 detailed below	California	July 1-last day in Feb.	No min. size. Daily limit 18. All other sea cucumber species are unclassified marine invertebrates and may not be harvested. See rules for unclassified marine invertebrates (below).
Marine area 8-1	All Species	Closed	
Marine area 8-2	All Species	Closed	
Marine area 9 south of a line projected from Foulweather Bluff to Double Bluff	All Species	Closed	
Marine area 10	All Species	Closed	
Marine area 12	All Species	Closed	
SEA URCHINS			
See closures on pages 136-139 **Marine Preserves, Conservation Areas and Shellfish Protection Zones.**			
All Waters except Marine area 12	Green	Year-round	Min. size 2 ¼" measured across longest distance of shell, not including spines. Daily limit 18.
	Purple	Year-round	Min. size 2 ¼" measured across longest distance of shell, not including spines. Daily limit 18.
	Red	Year-round	Min. size 3 ¼" and max. size 5" measured across longest distance of shell, not including spines. Daily limit 18.
	White	Year-round	Closed.
Marine Area 12	All Species	Year-round	Closed.
SEAWEED			
(Many county and city parks have additional rules or closures. Please check local regulations before harvesting). Wash all seaweed before eating.			
All Areas	All Species	Year-round	Daily limit 10 lbs. wet weight. Illegal to harvest any seaweed if herring eggs are attached.
All State Park beaches are closed to seaweed harvest except Fort Flagler, Fort Ebey, and Fort Worden State Parks, which are open to seaweed harvest from April 16-May 15 only. Seaweed harvesting in State Parks is limited to posted park hours and special State Park rules below: • Bull kelp must be cut a minimum of 24" above the bulb and short stemmed kelps must be cut a minimum of 12" above the anchor point. The anchor point must be left in place at all times. • Only a knife or similar instrument may be used to harvest seaweed. Tearing the plant and use of tined instruments such as rakes or forks is prohibited. • Each harvester must use their own container. Multiple limits may not be combined in the same container. • Each harvester must use a scale to determine when the harvest limit has been reached. **Drying or partial drying prior to weighing is prohibited.**			
SHRIMP			
See pages 146 and 147 for shrimp harvest and gear rules.			
SNAILS			
All Areas	All species	Closed.	
SQUID			
Legal gear is a forage fish jig, a maximum of 4 squid lures, forage fish dip net, or a handheld dip net. Each harvester must have a separate container. See closures on pages 140-143 **Marine Preserves, Conservation Areas, and Shellfish Protection Zones.**			
All Waters	Market Squid and all other species	Year-round	No min. size. Daily limit is 5 qts. or 10 lbs.
	Humboldt Squid	Year-round	Daily limit is 1 squid.
UNCLASSIFIED MARINE INVERTEBRATES			
All Areas	All Species	Closed	See definition page 21. Examples below.

Japanese Oyster Drill Snail
A voracious, invasive predator of marine bivalves. Shell up to 1½" with ornate ridges. Snail and yellow/orange egg capsules commonly attached to shells and living oysters. It is unlawful to transfer this species or its eggs from one beach to another; it is also unlawful to transfer any shellfish or shells from one beach to another without a permit. See "Don't Relocate Shells or Shellfish!" on page 134.

Marine Preserves, Conservation Areas, and Shellfish Protection Zones

#	DESCRIPTION	RULE
1	**Tatoosh Island:** Those waters waters within one-quarter mile of Tatoosh Island.	Closed to harvest of sea cucumber and sea urchin.
2	**Low Point:** Those waters of the Strait of Juan de Fuca in the vicinity of Low Point west of a line projected true north from the shoreline at 123° 48.3'W longitude to the international border, and east of a line projected true north from the shoreline at 123° 52.7'W longitude to the international border at 123° 52.7'W longitude.	Closed to harvest of sea cucumber and sea urchin.
3	**Southern Haro Strait:** Those waters of Haro Strait north of a line projected true west from the southernmost point of Cattle Point on San Juan Island (48° 27.006'N, 122° 57.818'W) to the international border and south of a line projected true west from a point one-quarter mile north of Lime Kiln Light on San Juan Island (48° 31.202'N, 123° 9.162'W) to the international border.	Closed to harvest of sea cucumber and sea urchin.
4	**Northern San Juan Channel:** Those waters of San Juan Channel and Upright Channel within the following lines: North and west of a line from the northernmost point of Turn Island on San Juan Island (48° 32.146'N, 122° 58.279'W) to Flat Point on Lopez Island (48° 33.060'N, 122° 55.181'W) and then projected from Flat Point true west to Shaw Island (48° 33.062'N, 122° 56.509'W) north of a line projected from the northernmost point of Turn Island (48° 32.146'N, 122° 58.279'W) true west to San Juan Island (48° 32.146'N, 122° 59.033'W) west of a line from Neck Point on Shaw Island (48° 35.233'N, 123° 0.744'W) to Steep Point on Orcas Island (48° 36.559'N, 123° 1.387'W) and south of a line from Steep Point on Orcas Island to Limestone Point on San Juan Island (48° 37.348'N, 123° 6.450'W).	Closed to harvest of sea cucumber and sea urchin.
A	**Yellow and Low Islands Preserve:** All tidelands and bedlands within 300 yards of Yellow Island and 300 yards of Low Island.	Closed to all shellfish harvest
B	**Friday Harbor Preserve:** Those tidelands and bedlands adjacent to San Juan Island within a line beginning on the shore 500 yards west of Point Caution, then 500 yards offshore, then south and east following the shoreline to the intersection with a line projected from a UW marker located 100' north of the north entrance of the floating breakwater of the Port of Friday Harbor and projected toward Reid Rock Buoy, then along the line to shore on San Juan Island.	Closed to all shellfish harvest.
C	**Shaw Island Preserve:** Those tidelands and bedlands within a line beginning at a UW marker on the shore at Hicks Bay 122°58.25'W longitude, then due south 500 yards, then north and west at a distance of 500 yards from shore to the intersection with a line projected 261° true from a UW marker on the shore of Parks Bay, which passes just south of the unnamed island at the north end of Parks Bay, then along the line to the shore of Shaw Island, including all tidelands and bedlands of Parks Bay south of the line.	Closed to all shellfish harvest except for crabbing.
D	**Argyle Lagoon Preserve:** Those UW-owned tidelands and all bedlands enclosed by the inner spit of Argyle Lagoon on San Juan Island.	Closed to all shellfish harvest.
E	**False Bay Preserve:** The tidelands and bedlands of False Bay on San Juan Island, including all University of Washington (UW)-owned tidelands beginning at a marker 400' east of the east entrance of False Bay and extending to the entrance of False Bay, all UW-owned tidelands and bedlands within a line beginning at the UW marker on the shore at the east entrance of False Bay, projected 500 yards offshore, then northwest to a point 500 yards offshore along a line projected from a UW marker on the shore at the west side of a small peninsula at the west entrance of False Bay, then to shore along the line to the marker, and all UW-owned tidelands west of the marker to a UW marker 600' west of the small peninsula.	Closed to all shellfish harvest.
F	**Voluntary Whale Protection Zone:** WDFW encourages avoiding waters extending a quarter-mile from shore from Mitchell Bay to Cattle Point except around Lime Kiln Point where the zone extends a half mile from shore.	
5	**Lummi Indian Reservation Closure**	Reservation Closed to non-Indian fishing and/or access.
6	**Deception Pass Octopus Protection Area**	Closed to the harvest of octopus.
7	**Admiralty Head Marine Preserve:** All waters and bedlands below the Extreme Low Water starting at the extreme low tide line at 48°9.46'N, 122°40.88'W at the sign (in Fort Casey State Park), extending 400 yards offshore and northward parallel to the beach for 0.6 nautical miles.	Closed to all shellfish harvest except sea urchins and sea cucumbers.
8	**Keystone Conservation Area:** All waters, bedlands, and tidelands from Extreme High Water (EHW) out to 600' offshore of EHW that are located between the jetty at Keystone Harbor and the eastern side of the old military wharf (located east of the jetty)	Closed to fishing for, harvesting, and possession of fish and shellfish.
9	**Edmonds Public Fishing Pier:** Waters inside a line from the boundary marker on the north breakwater to the southernmost marker buoy; then to the northernmost marker buoy; then to the north end of the city of Edmonds public beach **Brackett's Landing Shoreline Sanctuary Conservation Area:** Bedlands and tidelands owned by the city of Edmonds at Brackett's Landing Shoreline Sanctuary and the water column above them, including all of the area known as Edmonds Underwater Park.	Closed to fishing for, harvesting, and possession of fish and shellfish except when fishing from the Edmonds Public Pier.

(Continued on next page)

Make Hunting & Fishing Dreams Come True!

Hunt of a Lifetime is a nonprofit organization that grants hunting and fishing dreams to children, age 21 and under, who have been diagnosed with life threatening illnesses.

#	DESCRIPTION	RULE
⑩ Ⓐ	**Carkeek Park Marine Preserve:** 122°22.82'W, 47°42.53'N to a sign at 122°22.79'W, 47°42.73'N and 200 yards of beach starting 300 yards north of 122°22.79'W, 47°42.73'N.	The area from high tide to minus 4.5' (extreme low water): Closed to all shellfish harvest. *Note signs at beach entrances.*
Ⓑ	**Golden Gardens Marine Preserve:** 122°24.12'W, 47°41.86'N south to the walkway sign.	
Ⓒ	**Discovery Park Marine Preserve:** 122°25.53'W, 47°39.45'N northeast to the sign at sidewalk and 122°25.35'W, 47°40.06'N to a sign posted at 122°25.07'W, 47°40.19'N.	
Ⓓ	**Elliott Bay Public Fishing Pier:** Waters within 100 yards of the Elliott Bay Public Fishing Pier.	Closed to all shellfish harvest.
Ⓔ	**Alki Beach Seacrest Coves 1, 2, and 3 Octopus Protection Areas**	Closed to the harvest of octopus.
Ⓕ	**Alki Beach Junk Yard Octopus Protection Area.**	Closed to the harvest of octopus.
Ⓖ	**Richey Viewpoint Marine Preserve:** From the north edge of the park at 122°25.15'W, 47°34.50'N to 122°24.82'W, 47°34.34'N	The area from high tide to minus 4.5' (extreme low water): Closed to all shellfish harvest. *Note signs at beach entrances.*
Ⓗ	**Emma Schmitz Memorial Marine Preserve:** The residential property fence at 122°24.44'W, 47°33.89'N south to SW Oregon St.	
Ⓘ	**Lincoln Park Marine Preserve:** The flagpole at 122°24.08'W, 47°31.83'N to the sign posted at 122°23.67'W, 47°31.55'N	
Ⓙ	**Orchard Rocks Conservation Area:** Waters and bedlands of Rich Passage within a 400 yard radius of Orchard Rocks.	Closed to fishing for, harvesting, and possession of fish and shellfish. *Closure does not affect the harvest of clams, oysters, and mussels by tideland owners and their families.*
Ⓚ	**Sinclair Inlet:** The waters of Sinclair Inlet west of a line projected southerly from the easternmost point of Point Turner (47° 33.886'N, 122° 37.397'W) to landfall directly below the Kitsap Transit foot ferry terminal in Annapolis (47° 32.868'N, 122° 36.973'W).	Closed to harvest of sea cucumber and sea urchin.
Ⓛ	**Bainbridge Island:** Those waters of Eagle Harbor west of a line projected from Wing Point (47° 37.241'N, 122° 29.535'W) to Eagle Harbor Creosote Light Number 1 (47° 36.975'N, 122° 29.792'W), then projected true west to the shore on Bainbridge Island (47° 36.975'N, 122° 29.977'W)	Closed to harvest of sea cucumber and sea urchin.
⑪ Ⓐ	**Three Tree Point Octopus Protection Area**	Closed to the harvest of octopus.
Ⓑ	**City of Des Moines Park Conservation Area**	Closed to all shellfish harvest.
Ⓒ	**South 239th Street Park Conservation Area**	Closed to all shellfish harvest.
Ⓓ	**Des Moines Fishing Pier:** Waters within 100 yards of the Des Moines Public Fishing Pier.	Closed to all shellfish harvest except when fishing from the pier.
Ⓔ	**Saltwater State Park Marine Preserve:** Those waters, bedlands, and tidelands of Saltwater State Park within a line projected from the northernrmost marker at the DNR high tide line through 122°19.65'W, 47°22.42'N; then to 122°19.74'W, 47°22.44'N; then to 122°19.77'W, 47°22.36'N, then to 122°19.68'W, 47°22.34'N; then to the southernmost marker on the shoreline and back along the high tide line to the northermost marker.	Closed to all shellfish harvest.
Ⓕ	**Redondo Beach Octopus Protection Area**	Closed to the harvest of octopus.
Ⓖ	**Les Davis Fishing Pier:** Waters within 100 yards of the Les Davis Fishing Pier.	Closed to all shellfish harvest except when fishing from the pier.
Ⓗ	**Les Davis Octopus Protection Area**	Closed to the harvest of octopus.
Ⓘ	**Colvos Passage Marine Preserve:** Area enclosed by a line starting at extreme low water 300' SW of the southern boundary of Sunrise County Park, Pierce Co. (latitude 47°20.9'N) due east 300', then southwesterly paralleling the shoreline for 500', then west to the extreme low water line, then northeasterly along extreme low water line to point of origin.	Closed to all shellfish harvest.
⑫	**Marine Area 12:** All waters south of the Hood Canal Bridge.	Closed to harvest of octopus, sea cucumber and sea urchin.
Ⓐ	**Waketickeh Creek Conservation Area:** Waters and bedlands from Waketickeh Creek (located 1,000 yards NE of Cummings Pt.) out perpendicular to shore 500 yards, then parallel to shore northeast 1,700 yards, then back to shore along a line perpendicular to shore, excluding the area within 100' of ordinary high water.	Closed to fishing for, harvesting, and possession of fish and shellfish.
Ⓑ	**Octopus Hole Conservation Area:** Waters, tidelands, and bedlands of Hood Canal from ordinary highwater to 200 yards due east in an area starting at latitude 47°26.67'N (the first bulkhead south of the sign for Octopus Hole) and extending north ⅓ of a mile to 47°27.02'N.	Closed to fishing for, harvesting, and possession of fish and shellfish. *Closure does not affect the harvest of clams, oysters, and mussels by tideland owners and their families.*
Ⓒ	**Sund Rock Conservation Area:** Waters, tidelands, and bedlands enclosed by a line originating at the shore of Hood Canal, at the mouth of Sund Creek (47°26.4'N, 123°7.1'W), then due east to 123°6.9'W, then due south to 47°26'N, then due west until it intersects the beach, then north along the ordinary high water line to the point of origin, including all of the underwater feature known as Sund Rock.	
⑬ Ⓐ	**Titlow Beach Marine Preserve:** All waters due west from the southern end of the Tacoma Outboard Association building near the boat launch ramp to the outer harbor line, then south following the outer harbor line to a line due west from the old ferry landing dock at the 6th Ave. Extension, then following the line to the high water line, then to the point of origin.	Closed to all shellfish harvest.
Ⓑ	**Days Island Octopus Protection Area**	Closed to the harvest of octopus.
Ⓒ	**Hale Passage:** All waters of Hale Passage and Wollochet Bay within the following lines: All waters of Hale Passage and Wollochet Bay within the following lines: West and north of a line starting at Point Fosdick following longitude 122° 35'W southward to latitude 47° 14'; then true west to Fox Island, and east and north of a line starting at Green Point following longitude 122° 44'W southward to latitude 47° 16.5'N, then true east to Fox Island.	Closed to harvest of sea cucumber and sea urchin.
Ⓓ	**Saltar's Point Conservation Area:** Tidelands owned by the town of Steilacoom at Saltar's Point Beach located between Montgomery Street and Martin Street, and the water column above these tidelands.	Closed to fishing for, harvesting, and possession of fish and shellfish.

Crab Rules

CRAB

When harvesting Dungeness Crab in ***Puget Sound only***, a catch record card (CRC) and a crab endorsement are required. Any harvest after Labor Day **must** be recorded on a winter CRC. Reporting your catch is critical for crab management. Refer to CRC rules on page 16. A $10.00 penalty will be added to the cost of your next Puget Sound crab endorsement if you fail to either return your cards by mail or report your catch information on the Internet (***fishhunt.dfw.wa.gov***) by the deadline printed on each card. Even if you did not catch any crab, report by the deadline. Must release all softshell crab (underside of shell flexes with finger pressure — see below). Fishing instruments must not penetrate the shell. It is unlawful to possess crab in the field without retaining the back shell. **May not** retain any species of crab other than Dungeness, Red Rock, and Tanner. See rules below.

DUNGENESS, RED ROCK, AND TANNER CRAB DAILY LIMITS AND RULES:

Puget Sound Daily Limits/Rules

- **Dungeness Crab:** 5 crabs, 6¼" minimum size, males only, and in hardshell condition.
- **Red Rock Crab:** 6 crabs, 5" minimum size, of either sex, and in hardshell condition.
- **Tanner Crab:** 6 crabs, 4½" minimum size, of either sex, and in hardshell condition. Measure at the widest portion of the shell.

Pacific Ocean Daily Limits/Rules

- **Dungeness Crab:** 6 crabs, 6" minimum size, males only, and in hardshell condition.
- **Red Rock Crab:** 6 crabs, 5" minimum size, of either sex, and in hardshell condition.

Columbia River Daily Limits/Rules

- **Dungeness Crab:** 12 crabs, 5¾" minimum size, males only, and in hardshell condition.
- **Red Rock Crab:** 6 crabs, 5" minimum size, of either sex, and in hardshell condition.

Prior to harvesting, see additional crab gear rules on page 147, and visit *https://wdfw.wa.gov/fishing/shellfishing-regulations/crab* for season openings, closures, and restrictions. See also closures on pages 140-143 **Marine Preserves, Conservation Areas, and Shellfish Protection Zones.**

AREA	SPECIES	SEASON / OPENING DAYS AND TIMES / ADDITIONAL RULES
PUGET SOUND		
Marine Areas 4 (east of the Bonilla-Tatoosh line), 5, 6, 7 South, 7 North, 8-1, 8-2, 9, 10, 11 and 12 (North of Ayock Point). **See the crab map for 7 North and 7 South on next page.**	Dungeness, Red Rock, and Tanner Crab	For seasons go to: ***https://wdfw.wa.gov/fishing/shellfishing-regulations/crab***. The dates for the season will be available in late May or early June to accommodate co-management obligations and complete preseason test fishing and quota setting. **All Dungeness crab kept must be immediately recorded on a catch record card in ink (see page 16).**
Marine Areas 12 (south of Ayock Point), and 13	Dungeness, Red Rock, and Tanner Crab	Closed to crab harvest in 2025.
COLUMBIA RIVER		
East of a line from exposed end of north and south jetty upstream to a line between Tongue Point and Rocky Point	Dungeness and Red Rock Crab	Open year-round to all gear. Crab fishers may fish for crab in Oregon waters under Oregon rules and land into Washington ports of the Columbia River. A resident license from either state is required.
PACIFIC OCEAN		
Grays Harbor, and Marine Areas 1-3 and 4 (west of Bonilla-Tatoosh line)	Dungeness and Red Rock Crab	Open December 1 to September 15 for Pot Gear. Open year-round to other gear.
Willapa Bay	Dungeness and Red Rock Crab	November 15 to September 15 for Pot Gear. Open year-round to other gear.

HOW TO MEASURE FOR MINIMUM SIZE

Caliper measurement at the widest part of the shell just in front of rear-most point or tips.

DUNGENESS CRAB
White-tipped claws, brownish shell

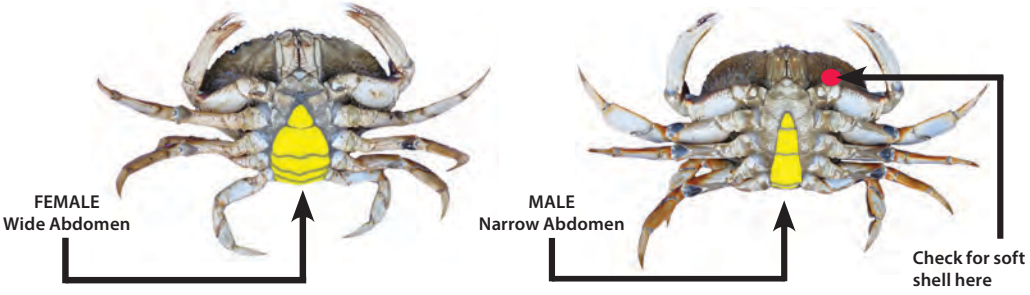

RED ROCK CRAB
Black-tipped claws, reddish shell, shell much wider than long

Photo by ODFW

HOW TO CHECK FOR SHELL HARDNESS

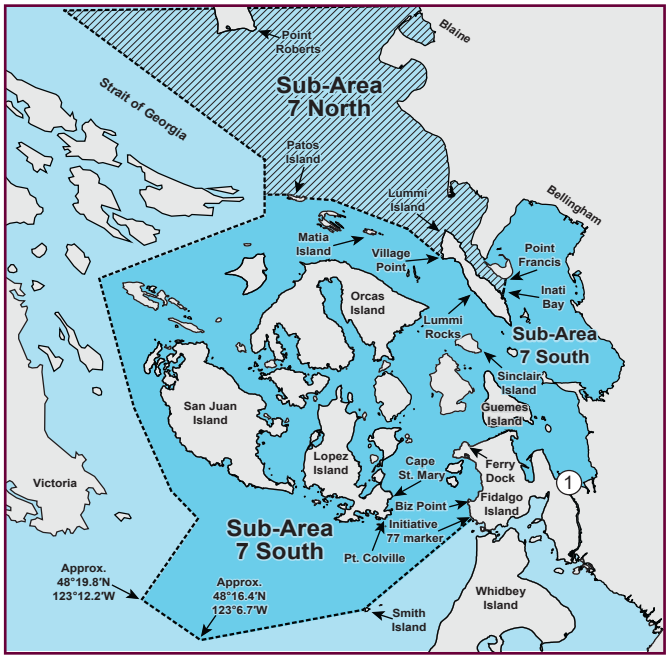

Abdomen of female and male Dungeness

Please refer to marine preserve closure areas on pages 140-141.

CRAB MAP

① **Padilla Bay** - crab fishing within 25 yards of the Burlington-Northern railroad trestles (located at the north end of the Swinomish Slough) is only allowed from one hour before official sunrise to one hour after official sunset.

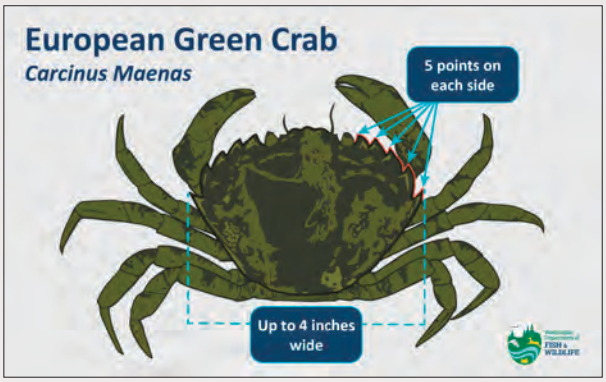

SHRIMP MAP

Help Stop the Spread of Invasive European Green Crabs

The European green crab is a globally damaging invasive species that poses a threat to native shellfish, eelgrass, and estuary habitat critical for salmon and many other species. European green crabs are shore crabs and are found in shallow areas — typically less than 25 feet of water — including estuaries, mudflats, intertidal zones, and beaches.

How To Identify European Green Crabs

- 5 spines (marginal teeth) on the outside of each eye
- 3 rounded lobes between eyes
- Oval shaped carapace can reach up to 4 inches
- Not always green, can be mottled dark brown to dark green with small yellow patches
- Underside ranges from yellow/green to bright red

If caught please REPORT and RELEASE (it is illegal to retain or transport them alive)

European green crabs are classified as prohibited species and it is illegal to retain/harvest them. If you suspect you have found a green crab or molt, please leave the crab where you found it (you may keep a molt) and report a sighting.

How To Report

Take photos of the topside and underside of the crab and record the location. A coin or other object is useful to verify size.

Online form: *wdfw.wa.gov/greencrab*
Mobile app: WA Invasives
Phone: 1.888.WDFW.AIS (1.888.933.9247)
Email: ais@wdfw.wa.gov

Under Washington state regulations *(WAC 220-640-120)*, prohibited invasive species may be killed and retained if the person is certain about species identification and assumes responsibility for correct identification and adherence to state rules and fishing regulations.

Shrimp Rules

SHRIMP

Spot (*Pandalus platyceros*), **Coonstripe** (*P. danae and P. hypsinotus*), **Pink** (*P. eous and P. jordani*).

SHRIMP DAILY LIMITS AND GENERAL RULES

(See gear rules on page 147)

Puget Sound (Marine Areas 5-13 and Marine Area 4 east of the Bonilla-Tatoosh line).

FIRST OPENING DATE WILL OCCUR IN MAY.

- **Daily limit of 80 spot shrimp.**
- If retaining non-spot shrimp, all shrimp heads (spot and non-spot) must be retained in the field until ashore and finished fishing for the day.
- The minimum mesh size for shrimp pots is 1" mesh (see gear rules on page 147).
- **Daily limit of 10 pounds**, heads and tails, of all shrimp species combined (maximum of 80 spot shrimp — if open for spot shrimp).

JUNE 1 THROUGH OCTOBER 15

- The minimum mesh size for shrimp pots is 1" mesh, unless the area is closed for spot shrimp, but open for coonstripe and pink shrimp, then the minimum mesh size for shrimp pots is ½" mesh (see gear rules on page 147).
- In areas closed for spot shrimp, but open for coonstripe and pink shrimp, all spot shrimp caught must be returned to the water immediately.

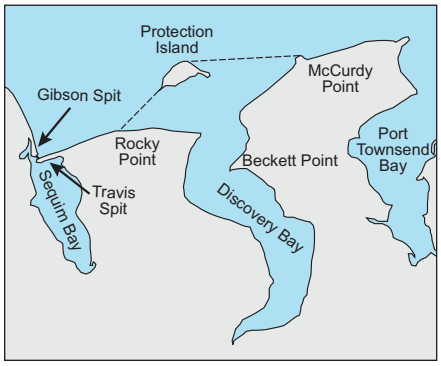

Pacific Ocean (Marine Areas 1-3 and Marine Area 4 west of the Bonilla-Tatoosh line).

- **Daily limit of 25 pounds**, heads and tails, of all shrimp species combined (maximum of 200 spot shrimp). Shrimp heads may be removed, but must be retained while in the field, until ashore and finished fishing for the day.
- The minimum mesh size for shrimp pots is 1" mesh (see gear rules on page 147).

All Areas

- Each harvester must have a separate container for their catch, either in their possession or identified with their name.
- No minimum carapace size.
- Maximum of two shrimp pots per person, and no more than four shrimp pots per boat.

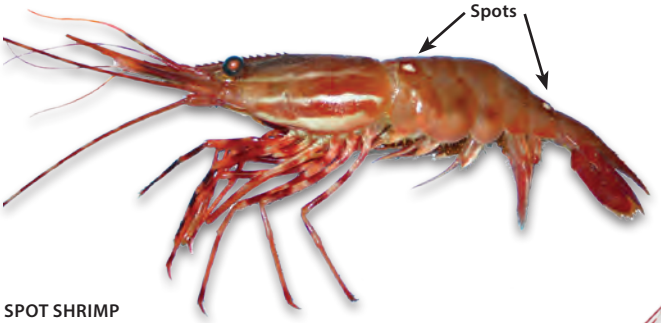

Prior to harvesting, visit *https://wdfw.wa.gov/fishing/shellfishing-regulations/shrimp/areas*, for season closures and restrictions. See also closures on pages 140-143 **Marine Preserves, Conservation Areas, and Shellfish Protection Zones.**

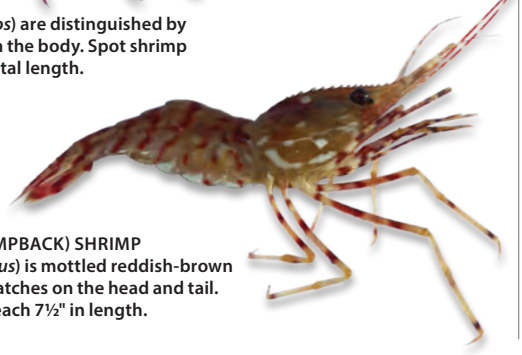

Discovery Bay Shrimp Area: Waters south of a line from McCurdy Point on the Quimper Peninsula to the northern tip of Protection Island then to Rocky Point on the Miller Peninsula and all waters of Discovery Bay.

Season Information

AREA	SPECIES	SEASON / OPEN DAYS AND TIMES / ADDITIONAL RULES
Marine Areas 4 (east of Bonilla-Tatoosh line), **5, 6, 7 East, 7 South, 7 West, 8-1, 8-2, 9, 10, 11, 12, Discovery Bay Shrimp Area**. **Marine Areas 7 East, 7 South**, and **7 West** (see map on previous page).	All Species	For shrimp season open dates and times go to: ***https://wdfw.wa.gov/fishing/shellfishing-regulations/shrimp***. The dates for the upcoming season will be announced and available in late March or early April to accommodate co-management obligations, account for extreme tides, and complete pre-season test fishing and quota setting.
Marine Area 13	All Species	**Closed** to spot shrimp harvest in 2025.
Pacific Ocean Marine Areas 1-3 and 4 (west of Bonilla-Tatoosh line)	All Species	**Year-round.** Open daily. Note: Pacific Ocean shrimp grounds are located a considerable distance from shore (30 miles or more) and as a result are generally inaccessible by the casual sport fisher.

SPOT SHRIMP
(*Pandalus platyceros*) **are distinguished by four white spots on the body. Spot shrimp may reach 10" in total length.**

COONSTRIPE (HUMPBACK) SHRIMP
(*Pandalus hypsinotus*) **is mottled reddish-brown with some white patches on the head and tail. This species may reach 7½" in length.**

PINK SHRIMP
(*Pandalus eous and P. jordani*) **are small (less than 6") and uniformly pink.**

COONSTRIPE (DOCK) SHRIMP
(*Pandalus danae*) **are brownish in color with brown lines and spots on the head and tail. This species may grow to 5½" in length.**

Statewide Gear Rules — Crab, Shrimp & Crawfish

Caution: The requirements below are the minimum established by law. The addition of weights to traps is advised and currents in some locations may also require the use of additional buoys and extra line to prevent the equipment from being lost. Refer to the individual species listings (crab, page 144; shrimp, page 146; and crawfish, page 138) for seasons and other harvest rules. Not all shellfish gear sold in Washington meet the specifications shown on this page. Verify that your pot meets these requirements prior to use.

GENERAL GEAR RULES

Crab, shrimp, and crawfish may be harvested using pots, by hand, or with a dipnet. Hand operated instruments may not penetrate the shell. Additional rules for pot use apply.

One star trap, one ring net, one castable snare, or one pot is considered one unit of gear. The maximum number of units of gear that may be fished per person is:

Puget Sound: (Marine Area 4, east of the Bonilla-Tatoosh line, and in Marine Areas 5-13).

- **Shrimp:** Two pots per person, and no more than 4 shrimp pots may be onboard or fished by any one boat at a time.
- **Crab:** Two units of crab gear per person, and no limit on the number of units of crab gear per boat.

Coastal Waters: (Marine Areas 1-3 and in Marine Area 4, west of the Bonilla-Tatoosh line).

- Two units of crab and/or shrimp gear per person.
- **Exception:** Columbia River - three units of crab gear per person.

Freshwater:

- **Crawfish:** Five units of gear per person.

Statewide Shellfish Pot Rules— Crab, Shrimp, & Crawfish

- Every shellfish pot, ring net, or star trap left unattended in Washington waters must have its own buoy line and a separate buoy that is permanently and legibly marked with the owner's first name, last name, and permanent address (telephone number is voluntary). It is **ILLEGAL** to set or pull unattended shellfish gear with a buoy that does not have your name on it, and only one name and address may appear on each buoy. Any angler may assist the person whose name is on the buoy while he or she is pulling the pot.
- No fisher may set, or pull shellfish gear from a vessel, in Marine Areas 1-13, from one hour after official sunset to one hour before official sunrise. **All shellfish gear must be removed from the water on closed days.**
- Buoys must be constructed of durable material. It is unlawful to use bleach, antifreeze, or detergent bottles, paint cans or any other container. Buoys must be visible on the surface at all times except during extreme tidal conditions. Personal flags and staff, if attached to buoys, can be of any color. Buoy lines must be weighted sufficiently to prevent them from floating on the surface.
- **All crab, shrimp, and crawfish pots must be equipped with a biodegradable device (rot/escape cord) which must be affixed to the pot in at least one of the following ways:**
  1. **Securing the pot lid hook or tie down strap with a single loop of rot cord; or**
  2. **Sewing a 3" by 5" escape panel in the upper half of pot closed with rot cord; or**
  3. **Attaching the pot lid or one pot side (serving as a pot lid) with no more than three single loops of rot cord.**

  Cord used must be untreated 100% cotton, hemp, jute, or sisal no larger than thread size 120 (1/8"). This cord, when attached as described above, must be able to rot away and allow crab, shrimp, crawfish and fish to escape freely if the pot is lost. A derelict crab pot without proper escape cord can attract and kill crabs for years after the pot has been lost.

Crab Gear:

- The minimum mesh size for crab pots is 1½", and all pots must have two 4¼" minimum inside diameter escape rings in the upper half of the pot, except in the Columbia River where the minimum ring size is 4" inside diameter.
- All parts of ring nets and star traps must lie flat on the sea bottom and may not restrict free movement of crab until lifted. Shellfish pots must be covered by water at all times while being fished.
- Crab pots must not exceed 13 cubic feet.
- All crab gear buoys must be half red and half white in color, and both colors need to be visible when fishing.

Shrimp Gear:

- Pots must be constructed of either flexible or rigid mesh material (no liners allowed).
- Entrance tunnels can be made of any size mesh material but must be located on the sides of the pot. The sum of the maximum tunnel widths must not exceed one-half the perimeter of the bottom of the pot.
- Shrimp pots must not exceed 10 feet in perimeter and 18" in height.
- All shrimp pot buoys must be yellow in color.

Shrimp Pot Mesh Size:

1" MINIMUM MESH SIZE

A ⅞" square peg must be able to pass through each mesh opening – see diagram, except for flexible (web) mesh pots, where the opening must be a minimum of 1¾" stretch measure.

- **Puget Sound:** Required for all shrimp pots during the month of May. Required in all areas open for spot shrimp after June 1st.
- **Pacific Ocean:** Year-round in waters seaward of 20 fathoms.

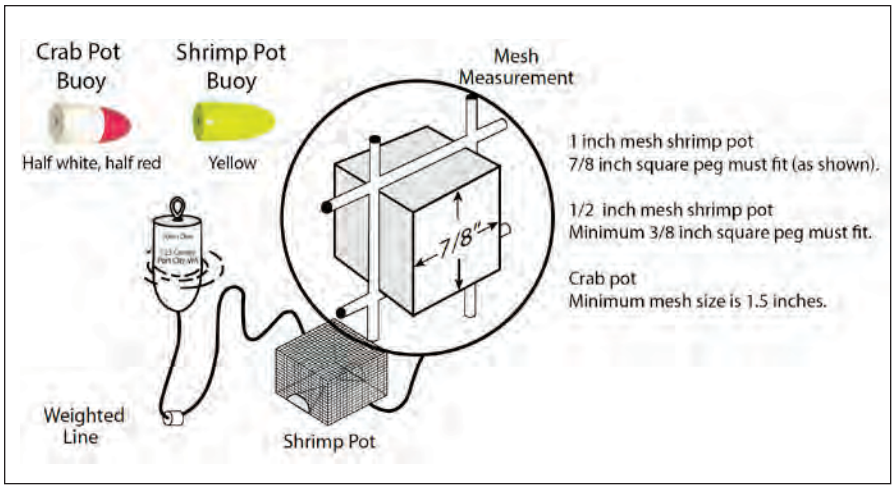

1/2" MINIMUM MESH SIZE

A ⅜" square peg must be able to pass through each mesh opening, except for flexible (web) mesh pots, where the opening must be a minimum of 1⅛" stretch measure.

- **Puget Sound:** Allowed after June 1st in any area closed for spot shrimp, but open for coonstripe and pink shrimp.
- **Pacific Ocean:** Year-round in waters shoreward of 20 fathoms.

Lost Gear:

Do not attempt to retrieve **your lost** shellfish gear without first getting **permission** from the WDFW Enforcement Program **(360) 902-2936**. Permission may be granted verbally or by a permit to retrieve your gear. Salvaging gear belonging to others requires a permit. To report lost shellfish gear, use the Online Reporting Tool ***https://wdfw.wa.gov/fishing/shellfishing-regulations/gear-rules/lost-gear*** or call WDFW at **1-855-542-3935**. If we can recover your gear and it is properly identified, we will attempt to return it. Learn more about how to prevent gear loss by visiting ***https://www.nwstraits.org/our-work/catch-more-crab***.
