## Message from the FWC by Chairman Rodney Barreto

### Hunter-funded research paves way to a healthy future for Florida's game species

Having up-to-date knowledge about Florida's game species is important for good conservation and the future of hunting, which is why we're excited about the many research projects underway this year throughout the state. With current research spanning topics such as deer population dynamics, wood duck nesting success, snipe genetics, wild turkey ecology and more, there's something of interest for all of Florida's hunters.

We're especially pleased about a new project focusing on gobbling and nesting chronology of wild turkeys in south Florida. This project is a three-year study that began this past winter, at the Okaloacoochee Slough Wildlife Management Area in Hendry County and DeLuca Preserve in Osceola County. The objectives of this research project are to determine the relationship between gobbling, nesting and hunting season dates to ensure Florida's spring turkey hunting season is set to maximize hunter satisfaction and the sustainability of Florida's wild turkey population.

Wild turkeys trapped at the two study sites will allow biologists to gather basic information (weight, size, age, sex, etc.) about each bird. In addition, they'll band all captured birds and outfit a select number of hens with GPS transmitters. Biologists will regularly monitor hens that received GPS transmitters to determine nesting behavior including when and how many nests are initiated and the success of the nesting effort.

This research project is the result of a partnership between the FWC and the University of Florida D.E.E.R. Lab. It is funded by money generated from the sale of turkey permits, as well as contributions from the Fish & Wildlife Foundation of Florida and the Florida State Chapter of the National Wild Turkey Federation.

We invite you to learn more about wild turkey management at [MyFWC.com/Turkey](http://MyFWC.com/Turkey).

## Major changes

Major regulation and rule changes for this season are listed below. There are many other changes not listed here. Hunters are responsible for learning requirements and regulations pertaining to the types of hunting they pursue.

## Hunter safety requirement

Anyone born on or after June 1, 1975 must complete a hunter safety course before purchasing a hunting license enabling them to hunt without supervision. Children under age 16 may hunt with adult supervision without having to take a hunter safety course. Persons 16 and older who have not completed a hunter safety course can request a deferral from the hunter safety certification requirement when purchasing their hunting license. This enables them to purchase a license and hunt within the supervision of a mentoring adult who is at least 21 years old. Persons needing proof of course

completion can print a duplicate certification card at [MyFWC.com/HunterSafety](http://MyFWC.com/HunterSafety).

## Hunter safety course

Everyone born on or after June 1, 1975, must pass an approved hunter safety course before purchasing a Florida hunting license that enables them to hunt without adult supervision. To learn more about these and other programs, visit [MyFWC.com/HunterSafety](http://MyFWC.com/HunterSafety).

## Hunter safety deferral

Anyone 16 years old or older and born after May 31, 1975, can purchase a hunting license and hunt under the supervision of a qualified hunter without having to complete a state's hunter safety certification. When purchasing your hunting license, check the box requesting a deferral from the hunter safety certification requirement. Hunters requesting this deferral need to be supervised by an adult, 21 years old or older, who has a valid hunting license and has met the hunter safety requirement.

New and experienced hunters are encouraged to take a hunter safety course to learn more about conservation and safe, responsible hunting. In addition, successfully completing a hunter safety course is required before anyone 16 years old and older is allowed to hunt without being under the supervision of an adult 21 years old or older.

## Minors Under 16 — Florida law

Anyone under 16 years of age can hunt with an air gun (air or gas-operated) or firearm only when supervised by a parent or an adult who is acting with consent of the minor's parent or guardian.

See **Section 790.22, Florida Statutes** for additional info.

## Legal methods of taking game mammals and resident game birds

### Definition of take

The term shall include taking, attempting to take, pursuing, hunting, molesting, capturing, or killing any wildlife or freshwater fish, or their nests or eggs by any means whether or not such actions result in obtaining possession of such wildlife or freshwater fish or their nests or eggs.

### Resident game birds and game mammals

Rifles, shotguns, pistols, air guns, longbows, compound bows, recurve bows, crossbows and birds of prey (falcons, hawks and great horned owls) may be used. Hand-held releases may be used. Arrows or bolts used to take deer or wild turkeys must be equipped with broadheads having at least two sharpened edges with minimum widths of 7/8 inch. Only pre-charged pneumatic

## Do you need a duplicate hunter safety card?

You can obtain a duplicate hunter safety card at [MyFWC.com/HunterSafety](http://MyFWC.com/HunterSafety). If you do not have Internet access or are unable to print the duplicate card, contact an FWC regional hunter safety office (see page 5).

(PCP) air guns firing arrows or single bullets can be used in taking deer and turkey. Must be at least .30-caliber for deer and .20-caliber for turkey. PCP air guns are commercially-manufactured air guns that are charged from an external high compression source, such as an air compressor, air tank or external hand pump and are specifically designed to propel a bolt, arrow or other projectile commonly used for hunting.

### Hunting deer with a muzzleloader

Muzzleloading guns firing single bullets must be at least .30-caliber or larger. Muzzleloading guns firing two or more balls must be 20-gauge or larger. Muzzleloading guns designed to allow accelerant (gun powder) to be loaded at the breech may be used during muzzleloading gun seasons.

## Prohibited methods and equipment for taking game mammals and resident game birds

- Fully automatic firearms
- Air guns that are not pre-charged pneumatic (PCP) air guns when taking deer or wild turkey
- PCP air guns firing single bullets that are less than .30-caliber when taking deer and less than .20-caliber when taking wild turkey
- Explosive or drug-injecting arrows
- Taking or attempting to take with live decoys, recorded game calls or sounds, set guns, artificial lights, nets, traps, snares, drugs or poisons
- Shooting from vehicles, powerboats or sailboats moving under power. Motors must be shut off or sails furled, and progress must cease from such motor or sail before taking game.
- Herding or driving game with vehicles, boats or aircraft (including drones)
- Hunting wild turkeys with dogs
- Taking turkeys while they are on the roost
- Taking wild turkeys when the hunter is within 100 yards of a game-feeding station when feed is present
- Taking spotted fawn deer or swimming deer
- Using dogs without collars that identify the owners name and address
- Using dogs on private lands without written landowner permission (see Statewide deer-dog registration on page 18)
- Using dogs not under physical restraint to pursue deer, fox, coyote and wild hog without a collar allowing remote tracking (GPS or telemetry) AND behavior correction

- Shooting or attempting to shoot or harass any bird, fish or other animal from aircraft (including drones), except as specifically authorized by a Federal or State issued license or permit

## Areas closed to hunting

- Taking or attempting to take wildlife is illegal on, upon or from rights-of-way of federal, state or county-maintained roads, whether paved or otherwise, except reptiles and amphibians may be taken without the use of firearms, and raptors may be taken per Rule 68A-9.005, F.A.C. Casting dogs from rights-of-way is considered attempting to take wildlife and constitutes violation of this regulation.
- Discharging firearms over paved public roads, rights-of-way, highways, streets or occupied premises is prohibited.
- Shooting or propelling potentially lethal projectiles over or across private land without authorization to take game is considered criminal trespassing and is a felony.
- Taking deer is prohibited by any method in the Florida Keys.
- Taking deer is illegal in that portion of Collier County lying south of S.R. 84 (I-75), west of S.R. 29, north of U.S. 41 and east of the western boundary of Fakahatchee Strand State Preserve.
- Hunting is prohibited on most sanctuaries and parks.

## Trespassing

The possession of a hunting license does not authorize a person to trespass onto private land. Obtain landowner's permission before entering private land. Trespassing while possessing a firearm or other dangerous weapon is a felony punishable by imprisonment up to five years and/or a fine of up to \$5,000.

## Use of firearms by felons

It is illegal in Florida for convicted felons to possess firearms, including muzzleloading guns, unless the convicted felon has had his/ her civil rights restored by the state's Clemency Board or the firearm qualifies as an antique firearm under Florida Statute 790.001(1). Properly licensed convicted felons may hunt with bows, crossbows, air guns or antique firearms per Florida Statute 790 during hunting seasons when such devices are legal for taking game. The 2015 Florida Statutes Title XLVI, Section, 790.001(1) states "Antique firearm means any firearm manufactured in or before 1918 (including any matchlock, flintlock, percussion cap or similar early type of ignition system) or replica thereof, whether actually manufactured before or after the year 1918, and also any firearm using fixed ammunition manufactured in or before 1918, for which ammunition is no longer manufactured in the United States and is not readily available in the ordinary channels of commercial trade." Convicted felons should be aware that being in a location where a firearm is present may constitute constructive possession of that firearm. Constructive possession occurs when the person knows about the firearm and is in a position

to exert control over that firearm or where they have concealed the firearm. Possession may also be joint, that is, two or more persons may jointly possess a firearm, exercising control over it, each person is considered to be in possession.

## Antlerless Deer Permit Program

Persons who own, lease or otherwise have written permission to take deer on properties of at least 640 contiguous acres, or not less than 150 contiguous acres if adjoining land with a current Antlerless Deer or Private Lands Deer Management permit, may apply for antlerless deer permits and tags to authorize the harvest of a specific number of antlerless deer on the enrolled property during the established deer hunting season. A group with adjoining lands may apply together, provided the total combined acreage meets the acreage requirements. For more information, visit [MyFWC.com/Deer](http://MyFWC.com/Deer).

## Florida's CWD Watch

### 866-CWD-WATCH (293-9282)

Chronic wasting disease (CWD) is a contagious disease of the brain and central nervous system that is always fatal to members of the deer family. CWD has not been detected in Florida. You can help guard against CWD by reporting sick or abnormally thin deer or deer dead of unknown causes to the CWD hotline at 866-CWD-WATCH (866-293-9282).

Learn more at [MyFWC.com/CWD](http://MyFWC.com/CWD).

## Wildlife Alert Reward Program

Help conserve our fish and wildlife resources and maintain public safety by reporting hunting, fishing or boating violations to the FWC.

**Call 888-404-3922 or visit [MyFWC.com/WildlifeAlert](http://MyFWC.com/WildlifeAlert).**

The Wildlife Alert program provides financial rewards to concerned citizens when their information leads to citations or arrests for hunting, fishing or boating violations in Florida. Those reporting violations can remain anonymous!

## Wild hogs

On private property with landowner permission, wild hogs may be hunted year-round day or night without restriction (i.e., by all lawful methods with no bag/possession limits, no size limits and no licenses/permits required). They also may be trapped but cannot be transported alive without a Feral Swine Dealer Permit from the Florida Department of Agriculture and Consumer Services, which is available by calling 850-410-0900. Wild hogs can be taken on WMAs only during specified seasons, where permit, method of take and bag limit requirements may apply. For more information on hunting wild hogs on WMAs, consult the specific WMA brochure for the area you want to hunt.

## Shooting hours for resident game birds, crows and game mammals

One-half hour before sunrise to one-half hour after sunset except when hunting wild turkeys during spring turkey season. Shooting hours during spring turkey season on private lands and most WMAs are one-half hour before sunrise to sunset. On some WMAs, spring turkey shooting hours are one-half hour before sunrise to 1 p.m.

## Hunter orange requirement

It is unlawful to hunt deer or to accompany another person hunting deer on public lands unless each person is wearing a minimum of 500 square inches of daylight fluorescent orange material as an outer garment. Such clothing must be worn above the waistline and can include a head covering. This rule does not apply during an archery-only season, or when hunting on private lands at any time.

## Hunting dogs

Dogs may be used as an aid in taking game mammals and birds, wild hogs and furbearers, unless otherwise prohibited. Persons owning or using dogs shall not knowingly or negligently permit such dogs to trail, pursue or otherwise molest wildlife during closed seasons. When using archery equipment and muzzleloaders during their respective archery, crossbow and muzzle-loading gun seasons, the taking of deer by the use or aid of dogs is prohibited. Dogs on leashes may be used to trail wounded game mammals during all seasons. Taking wild turkeys by aid of dogs at any time is prohibited. Hunters, who use dogs for hunting, including bird dogs or retrievers, are required to have their dogs wear collars that identify their owner's name and address. This regulation also requires dog hunters to possess landowners' written permission before

using their dogs to pursue game, wild hogs or furbearers on private property. On private land, rabbit, raccoon, opossum, skunk, nutria, beaver, coyote, wild hog, fox and bobcat may be chased throughout the year with free running dogs.

**Remote tracking and behavior correction devices:** All dogs not under physical restraint used for pursuing deer, wild hog, fox, or coyote must be equipped and monitored with devices that allow remote tracking AND behavior correction. Removing, tampering, or otherwise interfering with any collar or tag (including remote tracking and behavior correction devices) of a dog used for hunting without the owner's permission is prohibited.

For more information, contact an FWC regional office (see page 5).

**Deer dogs:** Deer dogs can be trained during closed seasons when dogs are constantly attached to leashes or ropes in the hands of their trainers for training purposes. Deer dogs are permitted to run free for training purposes only during deer-dog training seasons (see page 20). Taking deer or any other wildlife with a gun is prohibited while training deer dogs.

**Statewide deer-dog registration:** Deer hunters using dogs on private properties in Florida must obtain a no-cost registration from the FWC. Registration requirements apply to the deer-dog training season and during any open deer hunting season when it is legal to take deer with dogs. Applications must be submitted no later than 30 days prior to the final day of general gun season in the hunting zone where the property is situated. To comply with the registration rule, deer-dog hunters on private lands must have registration numbers on their dogs' collars; possess copies of the registration; and keep their dogs on registered properties. For more information and to apply go to [MyFWC.com/Deer](http://MyFWC.com/Deer).

**Bird dogs:** On private lands during closed seasons, bird dogs may be trained with pistols firing blanks or balls or by taking pen-raised quail (with shotguns only), when birds have been banded with owners' names prior to releasing them.

**Fox dogs:** Foxes cannot be killed, but may be chased year-round with dogs (see Furbearer regulations on page 30).

## Feeding game

Taking game on lands or waters upon which corn, wheat, grain, food or other substances have been deposited by means other than normal agricultural harvesting or planting is prohibited, except as noted below.

- Non-migratory game may be hunted in proximity of year-round game-feeding stations on private lands, provided the feeding station has been maintained with feed for at least six months prior to taking game.
- Wild turkey may not be taken if the hunter is less than 100 yards from a game feeding station when feed is present.
- Placing, offering or allowing the placement of feed or garbage that is likely to create or creates a public nuisance by attracting bears is prohibited after receiving written notification

from the FWC. The intentional feeding of bears is prohibited.

## Buying or selling game

Buying or selling game is prohibited except as provided for on licensed game farms (see Rule 68A-12.011, F.A.C.) and hunting preserves (see Rule 68A-12.010). When lawfully taken, the feathers or skins of resident game birds or the skins of deer, squirrels, or rabbits may be sold.

## Deer and wild turkey harvest reporting requirements

After harvesting a deer or wild turkey and prior to moving it from the point of harvest, all hunters must record the harvest in their harvest log and report it to the FWC's harvest reporting system within 24 hours of harvest and prior to final processing of the deer or wild turkey, any parts of it being transferred to another party including meat processors and taxidermists, or the deer or wild turkey leaving the state. Hunters can obtain printable harvest logs and get more information on harvest reporting at [MyFWC.com/HarvestReport](http://MyFWC.com/HarvestReport). Harvest may be reported online at [GoOutdoorsFlorida.com](http://GoOutdoorsFlorida.com) or through the Fish|Hunt FL mobile app. Hunters can also report harvest by calling 888-HUNT-FLORIDA (486-8356) anytime day or night. Reporting is not complete until a confirmation number is given and recorded. An FWC Customer ID number is needed when reporting deer or wild turkey harvest and can be found by logging into a customer account or creating a new account at [GoOutdoorsFlorida.com](http://GoOutdoorsFlorida.com).

## Non-native deer

Free-ranging, unprotected non-native deer of either sex may be harvested during established seasons for taking deer and are not subject to antler requirements, bag or possession limits, and harvest reporting requirements.

## Dividing deer and wild turkey in the field

Deer and wild turkeys may be dismembered in field or camp, however, tags must be attached to each portion identifying names, addresses, FWC issued customer number of the persons who harvested them with date and location at

which they were taken. These tags must be readily traceable to the portion of the animal bearing sex identification, head and, if applicable, beard.

## Sex evidence

Positive evidence of sex identification, including the head with any antler or antlers, shall remain with deer taken or killed within the state; and the head and beard, if applicable, shall remain on all wild turkey killed during any season when taking unbearded hens is prohibited, if such deer or wild turkey is kept in the field or camp or is in route to the domicile of its possessor or until such deer or wild turkey has been cooked or stored at the domicile of its possessor.

## Transport of game

- A person may at any time possess mounted specimens of lawfully taken game, including the heads, antlers, hides/skins, feathers or feet.
- Lawfully taken game may be shipped by the person who took such game provided that each package shall be marked on the outside to show the names and addresses of both the shipper and the addressee, and the numbers and kinds of game contained therein.

## Motor vehicles

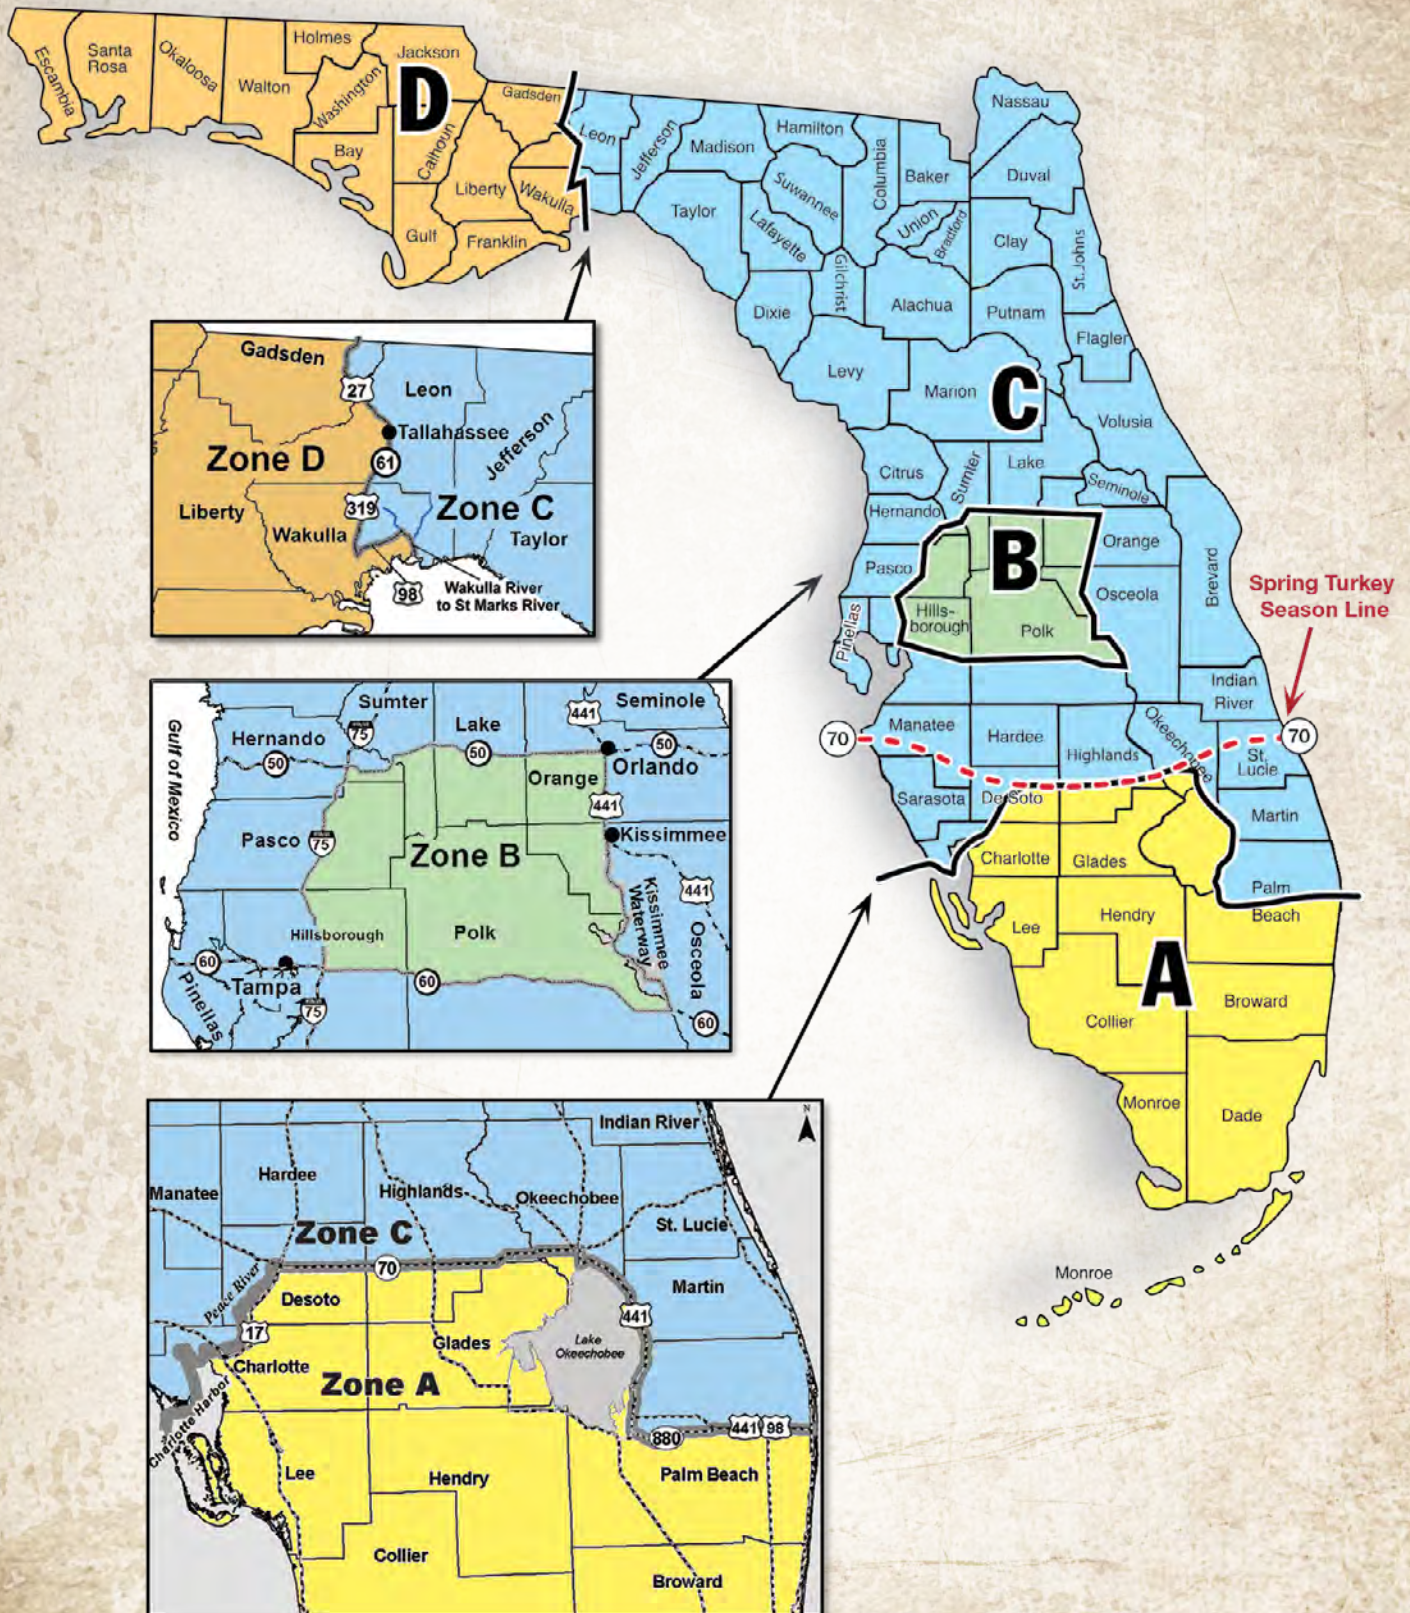

All-terrain vehicles (ATVs) and off-highway motorcycles (OHMs) purchased after July 1, 2002, must be titled with the Department of Highway Safety and Motor Vehicles. ATVs and OHMs must be titled when used for recreational purposes on lands within the state that are available for public use and that are owned, operated or managed by federal, state, county or municipal governmental entities. Applications for title may be made at county tax collectors' offices.

## Youth and family hunting opportunities

### The FWC offers several opportunities for adults to take youths (age 15 and under) hunting:

- The FWC offers supervised youth quota permit deer hunts at Camp Blanding WMA and at Andrews WMA. During these hunts, permitted youths and their nonhunting supervisors are the only persons allowed on the area.
- A youth deer hunting weekend is available on lands outside of the WMA system for youth 15-years-old and younger. This two-day youth hunt coincides with each zone's muzzleloading gun season.
- A youth waterfowl day is held Saturday, Nov. 11, a week before the start of the regular waterfowl season, and another is held on Saturday, Feb. 10, two weeks after the season ends. Only those 15 years old and under are allowed to hunt while supervised by an adult, 18 years or older.
- Youth waterfowl hunts are held on Ocklawaha Prairie, Guana River, the stormwater treatment areas, A-1 FEB Impoundment and on T.M. Goodwin and Broadmoor Marsh Unit. Quota permits are not required for these hunts. Additional information is provided in the specific WMA brochures.
- Youth small-game hunts are held at Caravelle Ranch, Ross Prairie and Jennings Forest WMAs. Quota permits are not required for these hunts. Additional information is provided in the specific WMA brochures.
- Family quota permit hunts are offered on many WMAs. These hunts provide opportunities for a permitted adult supervisor to hunt with up to two youths.
- Youth spring turkey hunts are held on many WMAs the weekend before the spring turkey season begins. Only those 15 years old and under are allowed to harvest a wild turkey while supervised by an adult.

# Florida is the alligator hunting capital of the world!

The alligator hunting season runs Aug. 15 – Nov. 1 each year. Over 7,300 alligator harvest permits are available this season. Each permit allows the harvest of two alligators.

Random drawings are held to distribute all available alligator harvest permits. Visit [MyFWC.com/Alligator](http://MyFWC.com/Alligator) for details on how to apply. Applications may be submitted at any county tax collector's office, license agent (retail outlet that sells hunting and fishing licenses) or online at [GoOutdoorsFlorida.com](http://GoOutdoorsFlorida.com). There is no cost to apply, but credit card information must be submitted with each application, as applicants will be charged automatically if successful in the drawing. Those awarded a permit will be charged for an alligator trapping license and hide validation tags totaling \$272 for residents and \$1,022 for nonresidents. The cost for those with a Florida Resident Persons with Disabilities Hunting and Fishing License is \$22. The fee for additional alligator harvest permits, if available, is \$62 regardless of residency or disability.

All persons seeking a harvest permit must be at least 18 years of age by Aug. 15. Exemptions for senior citizens do not apply to alligator trapping licenses. All sales are final; no refunds will be provided for any reason. Alligator harvest permits are not transferable. No other hunting

licenses or FWC-issued permits are required. Permits and tags will be mailed within six weeks of drawing results and charges.

An alligator trapping agent license also is available for \$52 and allows a person to assist a permitted trapper with taking alligators. Those with a Florida Resident Persons with Disabilities Hunting and Fishing License are exempt

from paying the fee but still need the license to hunt alligators. An alligator trapping agent license is not required for youth 15 years old and younger. Exemptions for senior citizens do not apply to alligator trapping agent licenses.

To learn more about these alligator hunts, visit [MyFWC.com/Alligator](http://MyFWC.com/Alligator) and click on "Statewide Alligator Harvest Program."
