About This Guide

This high-quality guide is brought to you by the Maryland Department of Natural Resources through a partnership with Kalkomey, a trusted leader in outdoor safety education since 1995. In addition to producing this guide, Kalkomey also offers a suite of educational courses to help people enjoy the outdoors safely.

The revenue generated through ad sales in this publication significantly lowers production costs and generates savings. These savings translate into additional funds for other important agency programs and we thank the advertisers for their support.

THE ULTIMATE HUNTING TOOLSET

With advanced mapping and forecasting features that help you find the perfect place and time, HuntWise gives you every tool you need to scout, strategize, and execute hunts like a pro.

START YOUR FREE TRIAL TODAY!

ADVANCED PREDICTIONS

Your predictive guide, utilizing a proprietary algorithm for animal movement predictions to anticipate and intercept whitetail movement.

Nationwide County-by-County whitetail rut phase predictions, guiding your strategic planning for success.

Your wind guide, comparing stands and blinds based on ideal and historical winds and for optimal positioning and placement.

"If I had an app like this when I started hunting, **the amount of 'the one that got away' stories would be far less.** It's going to take years of mistakes and translate them into years of success."

John Dudley
@nockontv

Josh Kurtz
Secretary
Maryland Department
of Natural Resources

Welcome to another season of hunting and trapping in Maryland!

Welcome to another season of hunting in Maryland! Whether you hunt as a pastime or for sustenance, you are contributing to Maryland's economy and conservation efforts. Your effort is preserving a proud tradition and history.

Hunting is one of the earliest organized activities of civilized humans throughout the world. Here in Maryland, the game of these lands have been hunted and trapped for time immemorial, by the Native Americans, including the peoples of the Susquehannock, Piscataway, Nanticoke, Pocomoke, Choptank, Assateague, Patuxent, Accohannock, and other tribes. European colonists would bring their own hunting methods and many wisely adopted the strategies of their indigenous neighbors to make their hunts more successful.

But more people hunting created an imbalance. As a result, some of Maryland's earliest laws were designed for conservation. Maryland's state law books record the first deer season in 1730 and as early as 1775 restrictions were made to protect the deer population. Some of our species nearly became locally extinct in Maryland, including black bear and wild turkeys, before efforts were made to protect them and return them from the brink.

Today, the Department of Natural Resources' Wildlife and Heritage Service uses sound science to ensure an appropriate balance of wildlife population to enable sustainable hunting harvests. We rely on our partnership with Maryland's sportsmen and sportswomen, who play an essential role in our efforts to protect wildlife and their habitats. The hunting and trapping information in this guide is based on regulations and laws developed with your input.

Outdoor activities like hunting and trapping also provide significant economic benefits to our state. Maryland is a great destination for hunting thanks to our location along major animal migration routes and our large swaths of protected forests, fields, and shorelines that provide the habitat that keeps wildlife coming back. Hundreds of thousands of acres of varied terrain provide beautiful backdrops in our wildlife management areas, state parks, and state forests, and we continue to acquire, conserve, and protect lands so that generations of Marylanders can enjoy them.

Many of our most popular species to hunt are highlighted in this year's hunting guide, including the state's annual black bear hunt, entering its 22nd season. Maryland's black bear population is strong and growing thanks in part to improving habitat, regulated hunting seasons, and management decisions guided by science and hands-on field work by our Wildlife and Heritage Service team.

At Maryland's Department of Natural Resources, we take great care to protect the state's wildlife to ensure our unique hunting opportunities are available now and for the next generation of hunters. The department sponsors many opportunities for residents and their friends to learn about and participate in hunting. Hunting programs include the department's youth and mentored hunts, our Becoming an Outdoors Woman programming, managed hunts on our state parks, and many more.

Please familiarize yourself with these regulations and safety guidelines and enjoy your time afield this season. Most importantly, help introduce someone new to this wonderful conservation-minded sport, and help us keep Maryland's hunting heritage alive for generations to come.

Karina Stonesifer
Director of the
Maryland Wildlife
& Heritage Service

Welcome to another exciting year of hunting and trapping in Maryland.

If you are reading this it can only mean one thing, hunting season is upon us. It is that time of the year when excitement fills the air as tales of last year's hunts turn to talk of next season's adventures. For many, hunting is a time to spend time with family and friends, the opportunity to fill the freezer and a chance to enjoy time outside. I have long enjoyed all aspects of hunting, particularly the chance to fill the freezer. This past year threw a bit of a curve ball as I found myself facing some personal health challenges. I was not able to hunt nearly as much as in previous years, but I still found a few opportunities to crawl into my tree stand, albeit with some help.

Even though I didn't harvest any game, I enjoyed my time in the stand as a much-needed respite from the daily stresses of life. Thankfully, our daughter stepped up and did her part to fill the freezer. This was the first year she really connected with hunting and was very motivated to get into her tree stand after school. She identified her target and waited patiently for the

chance to connect, she was successful time and time again and it was exciting to watch her transformation into a more confident hunter. Watching a new hunter come into their own and grow in their hunting and personal confidence offered an entirely new perspective for me.

As an agency, we focus so closely on the number of hunting licenses sold. We watch those metrics closely because they fund the vital conservation work that we are charged with managing. I was reminded this past year that while those numbers are critically important, we shouldn't forget about the bigger picture that hunting provides. The calm it offers after a busy day, spending time with family and friends, helping a new hunter become confident and yes, even filling the freezer. This year as you head to the field, remember to take it all in and please, if possible, take a new hunter. You may find it just as or even more rewarding as harvesting an animal.

I wish you all a safe and happy hunting season.

Hunting safely means staying away from utility equipment.

Protect yourself and others by looking out for power poles and lines.

Structures attached to a transmission tower or pole—or placed underneath a high-voltage line—are dangerous and prohibited. Be sure to follow all hunting safety and sportsmanship guidelines, especially around power equipment.

If you have questions about staying safe near utility equipment, go to firstenergycorp.com/rightofway.

HUNTING LICENSES

Hunting Licenses, Stamps and Permits

Full Season Hunting Licenses **are valid from** the day they are issued through the next July 31. A hunting license year is August 1 through the next July 31.

Be aware that a hunting license holder is required **to have a printed paper copy or electronic copy of their hunting license** in their possession while hunting.

Hunter Education and Safety Requirement

To **hunt or purchase a hunting license** state law **requires:**

- Presentation of a Certificate of Competency in Firearms and Hunting Safety (required of all first time hunters), or
- Certification that you held a hunting license issued prior to July 1, 1977, or
- Certification that you hunted on private property prior to July 1, 1977, and were legally exempt from purchasing a hunting license, or
- Certification that you are purchasing a nonresident 3-day license (pg. 9) and will only hunt waterfowl.

Exceptions: Compliance with the Hunter Education and Safety Requirement does not apply to those who are hunting only waterfowl with a Nonresident 3-day Waterfowl and Small Game License (pg. 9) and those shooting under a Regulated Shooting Area Hunting License who are not hunting wild or free-flying captive-raised mallards (see Regulated Shooting Area Hunting License, pg. 9).

The Natural Resources Police, Outreach Unit **provides the Hunter Education Course** required to obtain the **Certificate of Competency in Firearms and Hunter Safety**. In addition to traditional classroom courses, an online course is available for those age 13 and older that requires a **mandatory** one day Hunter Education Field Day Workshop.

Information about Hunter Education Courses, Boating Safety Education Courses and Trapper Education is **available from the Maryland Natural Resources Police, Outreach Unit**, 305 Marine Academy Drive, Suite 1, Stevensville, MD 21666, 410-643-8502 and by visiting the website at dnr.maryland.gov/nrp/Pages/default.aspx

Note: **RESIDENT Junior Hunters** (under 16 years of age) are entitled to a **one-time FREE annual hunting license, Archery, Sika and Muzzleloader Stamps** upon successful completion of a Hunter Education Course. Please email or fax the form provided by the course instructor (include a daytime phone number) to any Licensing and Registration Service Center (pg. 6). A Maryland resident who completes a Hunter Education Course in another state may contact a Licensing Service Center for the required application form.

Full Season Hunting Licenses

A Full Season Hunting License allows a person to hunt all legal game birds and mammals that are in season. There are **additional stamps or permits required** for hunting deer, migratory game birds, furbearers and bear (see each game section for its requirements).

An Apprentice Hunting License is available for first time hunters or junior hunters who are not ready for a regular hunting license. The Apprentice Hunting License is available to both residents and nonresidents. A person may not purchase an Apprentice Hunting License if they have previously obtained a hunting license in

WHAT'S NEW FOR 2025–2026

- DNR has a new and improved online licensing system called MD Outdoors. It is located at mdoutdoors.maryland.gov. A mobile app version is also available through your device's app store by searching "MD Outdoors mobile app". Your existing DNRid will remain active in the new system. You can use MD Outdoors to purchase licenses and stamps, check in deer and turkeys, print harvest report cards and field tags, and access many of the features available across all DNR units. See page 9.
- The resident Canada goose bag limit has changed in Montgomery County, that portion of Prince George's County west of Route 3 and 301, and that portion of Charles County west of Route 301. The bag limit for resident Canada geese in these areas will follow the bag limit for the Migratory Canada goose season when both seasons are open concurrently. At all other times, the resident Canada goose bag limit will be 5 geese per day. See page 46 for details.
- Hunters who wound a deer may now legally kill the deer after legal hunting hours as part of the recovery. See page 16.
- The black bear hunt lottery has been modified to add a second lottery chance for hunting only in Frederick and Washington counties. Hunters who entered but were not selected in the primary lottery, can opt into the secondary lottery for those two counties. An additional 100 bear hunting permits will be issued for those counties. See page 50.

Maryland that was anything other than an Apprentice Hunting License.

Use of an Apprentice Hunting License requires the following:

- Successful completion of a short, online hunter safety course that is required prior to purchasing this license.
- Appropriate stamps are required to hunt migratory birds (federal and state duck stamps) and deer (Archery, Sika and Muzzleloader Stamps) (pgs 9-10).
- The apprentice hunter must be accompanied and directly supervised by a mentor who is a Maryland resident at least 18 years old who possesses a valid Maryland non-apprentice hunting license.
- The apprentice and mentor hunter must hunt in close proximity so that the mentor can take immediate control of the apprentice hunter's hunting device.
- The apprentice hunter can hunt unaccompanied if the full hunter safety course was taken and a Certificate of Competency in Firearms and Hunting Safety was acquired.

Resident Apprentice

Hunting License\$15
Adult resident hunters age 17 and older, who

never held a Maryland hunting license may purchase this license one time. Junior resident hunters may purchase the license annually through age 16. Junior hunters must take the required online education course each year before purchasing the Apprentice Hunting License.

Nonresident Apprentice

Hunting License\$40
Adult nonresident hunters age 17 and older, who never held a Maryland hunting license may purchase this license one time. Junior nonresident hunters may purchase the license annually through age 16. Junior hunters must take the required online education course each year before purchasing the Apprentice Hunting License.

Resident Regular Hunting License\$35
For Maryland residents age 16 to 64.

Resident Junior Hunting License\$15
For Maryland residents under 16 years of age. Written permission of parent or guardian is required.

Resident Senior Hunting License\$5
For Maryland residents age 65 and above.

It may be purchased in the calendar year in which a resident attains the age of 65.

Senior Lifetime Consolidated License

This license is **no longer available for purchase**. Persons who already hold this license are "grandfathered" and:

- Do not need to purchase the Senior Hunting License, Archery or Muzzleloader Stamps.
- Must buy a Bonus Antlered Deer Stamp to hunt a bonus antlered deer.
- Must purchase a Sika Deer Stamp to hunt sika deer.
- Must purchase a Maryland Migratory Game Bird Stamp to hunt migratory game birds.
- Must obtain a Free Public Hunting Permit (where required).
- Must purchase a Furbearer Permit to hunt or chase furbearers.
- Hunters must keep a record of their confirmation numbers by using the Big Game Harvest Record provided with their license, creating their own record or storing a record electronically on their mobile device. Proof of harvest must be furnished upon request. See Deer and Turkey Tagging and Checking (pgs. 38-42).

ONLINE LICENSE SYSTEM

The web-based MD Outdoors licensing system provides the fastest and greenest way to purchase your hunting license. In addition to our eight Licensing and Registration Service Centers and various sport license agents located throughout the state, this web-based system is available 24/7 for self-service online purchases. Connect to MD Outdoors via our portal at <https://mdoutdoors.maryland.gov>.

If you are an existing COMPASS user and have a DNRid number then nothing changes, you'll login and proceed as you would have in the COMPASS system. If you are a new user, you will supply your personal information. You will receive a free DNRid number and can then print your free DNRid Card. Your DNRid number is all that will be needed to locate your account for future purchases. You may print your license and receipt at the end of your purchase. A confirmation email will be provided shortly after purchase. Hunting and recreational fishing licenses can be reprinted at any time, free of charge. Hunters can print additional Big Game Harvest Records and check your harvest through MD Outdoors.

For hunters who are not Maryland residents and are under 16 years of age. Written permission of parent or guardian is required.

Nonresident Senior Hunting License\$65
For hunters who are not Maryland residents and are age 65 or older. This license may be purchased in the calendar year in which a nonresident attains the age of 65.

Other Hunting Licenses

Nonresident 3-Day Waterfowl and Small Game License\$65

- This license **allows nonresidents of Maryland** to hunt all legal game in season except deer, bear and turkey for three consecutive legal hunting days.
- A **Maryland Migratory Game Bird Stamp is required** to hunt migratory game birds with this license.
- A **Federal Migratory Bird Hunting and Conservation Stamp is required** to hunt waterfowl and coots.
- A **Furbearer Permit is required to hunt, chase or trap furbearers** with a Nonresident 3-Day Waterfowl and Small Game License.
- The **Hunter Education and Safety Requirement** does not apply to hunting **only wild waterfowl with this license.**

Nonresident Trapping License\$50
This license **is required** for nonresidents to trap furbearers (pg. 54–58) in Maryland **in addition** to a Nonresident Hunting License and an Individual Furbearer Permit.

Regulated Shooting Area

Hunting License\$6
This license allows a person to shoot **captive-raised game birds** on a state-licensed Regulated Shooting Area only.

- A **Regulated Shooting Area Hunting License** and the purchase of a **Maryland Migratory Game Bird Stamp** allows a person to shoot tower-released, flighted mallards on a Regulated Shooting Area.
- This license **cannot be used** to hunt wild or free-flying, captive-raised waterfowl on a Regulated Shooting Area.
- To hunt **free-flying, captive-raised mallard ducks or wild waterfowl** on a state-licensed Regulated Shooting Area a hunter **must possess a Maryland hunting license**, the printed validation

showing proof of purchase of the **Maryland Migratory Game Bird Stamp** and **Harvest Information Program certification** and a **Federal Migratory Bird Hunting and Conservation Stamp** or its proof of purchase (if over the age of 15).

- A Regulated Shooting Area Hunting License **is not required** if you have a valid **Full Season Hunting License**.
- Hunters on Regulated Shooting Areas may shoot captive-raised game birds on Sundays.

Stationary Blind and Blind Site License\$20

A Stationary Blind and Blind Site License allows a person to have an **offshore waterfowl blind** or blind site in Maryland public waters. This open licensing process is available only by lottery and online appointments. For more information refer to: <https://dnr.maryland.gov/wildlife/Pages/Licenses/Offshore-Blind-Site-Licensing-Information.aspx>, 410-260-8538

Hunting Stamps

Federal Migratory Bird Hunting and Conservation Stamp at National Wildlife Refuges, U.S. Post Offices and at duckstamp.com \$25

From MD Outdoors OR any Licensing and Registration Service Center (pg. 6) OR a Sport License agent \$29

A Federal Migratory Bird Hunting and Conservation Stamp (federal duck stamp) is required of all hunters 16 years of age or older to hunt brant, coots, ducks and geese (pg. 43).

Maryland Migratory Game Bird Stamp..\$15

A Maryland Migratory Game Bird Stamp is required of all hunters to hunt all migratory game birds in Maryland. The Maryland Migratory Game Bird Stamp is no longer produced as an actual stamp. Hunters must possess a printed validation showing proof of purchase while hunting migratory game birds.

Resident Archery Stamp\$6

Nonresident Archery Stamp \$25
An Archery Stamp is required to hunt deer during the Archery Season (pg. 20–26).

Resident Muzzleloader Stamp\$6

Nonresident Muzzleloader Stamp \$25
A Muzzleloader Stamp is required to hunt deer during the Muzzleloader Season (pg. 20–28).

NOTE: Exceptions to the Archery and Muzzleloader Stamp requirements: Hunters entitled to hunt without a license and hunters with a Senior Lifetime Consolidated License do not need to purchase an Archery or Muzzleloader Stamp.

Resident Bonus Antlered Deer Stamp\$10
Nonresident Bonus Antlered Deer Stamp\$25

A Bonus Antlered Deer Stamp allows hunting license holders to take one additional antlered white-tailed deer during one of the hunting seasons (Archery, Muzzleloader or Firearms), (pg. 20).

Resident Sika Deer Stamp \$10

Nonresident Sika Deer Stamp\$200
An annual Sika Deer Stamp is required to hunt sika deer during any of the deer hunting seasons.

Hunting Permits

Archery Hunting Permit for the Liberty, Loch Raven and Prettyboy ReservoirsFREE

Issued in cooperation of the Maryland Department of Natural Resources, Wildlife and Heritage Service and the City of Baltimore Bureau of Water and Wastewater. Allows archery hunting only on the Liberty, Loch Raven and Prettyboy Reservoirs (pg. 63).

Free Public Hunting PermitFREE

Replaces the former Central and Southern Region Public Hunting Permits. This permit is required for certain public hunting areas in Maryland. To obtain this free permit go to MD Outdoors. Contact either the Gwynnbrook Wildlife Office at 410-356-9272 or the Myrtle Grove Wildlife Office at 301-743-5161 for more information or other options for obtaining the permit.

Individual Furbearer Permit\$5

Group Furbearer Permit\$50
A Furbearer Permit is required to hunt, chase or trap any furbearer (pg. 54–58).

Snow Goose Conservation Order Hunting Season Permit\$5

A Maryland Snow Goose Conservation Order Hunting Season Permit is required to participate in the Light Goose Conservation Order Season (pg. 46).

Hunting Fees

Black Bear Hunt Lottery

Application Fee \$15

A Black Bear Hunting Permit is only available through the Maryland Black Bear Lottery process. The lottery application fee is non-refundable (pg. 50).

Nonresidents Attending College in Maryland

Nonresidents of Maryland who attend college in Maryland may purchase a hunting license at a resident rate upon providing proof of enrollment in a Maryland College. In order

Kent County

Maryland

You're welcome here.

Experience the ultimate hunter's paradise as you explore the picturesque countryside along the upper Chesapeake Bay. Pursue majestic deer, elusive waterfowl, and more, surrounded by breathtaking natural beauty.

PLAN YOUR ADVENTURE

[KENTCOUNTY.COM/VISITORS](https://kentcounty.com/visitors)

Maryland
YOU'RE WELCOME

to complete this purchase you must apply directly to one of the Department's Regional Licensing and Registration Service Centers (pg. 6).

Purple Heart Recipients

Maryland residents who were recipients of the Purple Heart Award are eligible for a discounted hunting license and any associated stamps and permits. This year's discounted rate is 50 percent of the regular price of the license or stamp. These discounted hunting licenses and stamps are **available by either emailing or visiting** (by appointment only) a Licensing and Registration Service Center (pg. 6) or by emailing customerservice.dnr@maryland.gov. Documentation proving the Purple Heart Award was received by the hunter must be provided at the time of purchase. The Purple Heart medal does not suffice as proof of receiving the award. All other requirements apply for obtaining a hunting license and stamps.

Complimentary DAV-POW Hunting Licenses

A Complimentary Lifetime Hunting License is available to Maryland residents certified as a former prisoner of war or a 100 percent service-connected disabled American veteran (Veterans Administration documentation is required).

- This free lifetime hunting license **is available by either emailing or visiting** (by appointment only) a Licensing and Registration Service Center (pg. 6) or by emailing customerservice.dnr@maryland.gov.
- This license **also includes** free, lifetime Archery Stamps, Muzzleloader Stamps, Sika Deer Stamps, and Furbearer Permits.
- The Maryland Migratory Game Bird Stamp and Federal Migratory Bird Hunting and Conservation Stamp **are required to be purchased** annually and **are not included** with this license.
- Deer and turkey hunters must keep a record of their confirmation numbers by using the Big Game Harvest Record provided with their license, creating their own record or storing a record electronically on their mobile device. Proof of harvest must be furnished upon request. See Deer and Turkey Tagging and Checking (pgs. 38–42).

American Veterans Complimentary Hunting License

American veterans who are officially deemed as unemployable by the U.S. Department of Veterans Affairs may be eligible for a complimentary lifetime hunting license.

Members of the Armed Forces Hunting in Maryland

Active duty members of the Armed Forces **stationed in Maryland**:

- are considered residents of Maryland.
- must comply with the **Hunter Education and Safety Requirement** (pg. 8).
- **must purchase** a Resident Hunting License and all required stamps and permits before hunting, **unless** they are on official leave and possess a copy of their official leave orders.
- while hunting **during official leave in Maryland with a copy of their official leave orders**:
 - » do not need to purchase a hunting license or deer stamps.
 - » **must purchase** a Maryland Migratory Game Bird Stamp, a Federal Migratory Bird Hunting and Conservation Stamp and a Furbearer Permit to pursue migratory game birds and furbearers.

Any **nonresident** serving in the Armed Forces who is on leave in Maryland, but **not stationed in Maryland**, must purchase a **Nonresident Hunting License** before hunting.

Who May Hunt Without a Hunting License

All Maryland hunters must comply with the Hunter Education and Safety Requirement (pg. 8).

You are not required to possess a Maryland hunting license if you are:

- a resident of Maryland (or their spouse) who owns property and who **hunts only on that property**. This also applies to:
 - » The landowner's children and grandchildren if they are **under the age of 16**.
 - » The landowner's children and grandchildren, and the spouse of the children or grandchildren, regardless of age, if the child, grandchild, or their spouse **lives on the property**, or has **worked on the property** for at least 30 days during the preceding 12 months, or **manages the property**. (Each person must individually qualify under these criteria. To qualify for this exemption, a landowner does not need to live on the property but must be able to prove ownership.)
- A person (or their spouse) who **holds land under lease for agricultural purposes** (or a sharecropper), and **lives on this farmland**, and **hunts only on this farmland**. This also applies to:

- » The lessee's children and grandchildren if they are **under the age of 16**.
- » The lessee's children and grandchildren, and their spouses, if the child, grandchild, or spouse of the child or grandchild, **lives on the property**, or has **worked on the property** for at least 30 days during the preceding 12 months, or **manages the property**.
- A nonresident (or their spouse) who owns a **contiguous piece of farmland** that is in both Virginia and Maryland and the person's primary residence is on the Virginia portion of the property. Thus, they may hunt on the Maryland portion of the property without a Maryland hunting license. This also applies to the owner's children and grandchildren if they are under the age of 16.
- A Maryland resident serving in the **Armed Forces** who is **on official leave** in Maryland (whether stationed in Maryland or outside Maryland) and **possesses a copy of official leave orders** while hunting.
- A person serving in the **Armed Forces** who has a **service-connected disability** and possesses a valid military identification while hunting.
- A person who is a **retired former member of the Armed Services** and hunting on farmland that is in active farming status and owned by the person or the person's spouse, child, child's spouse, parent, grandparent, sibling, niece or nephew. A retired former armed forces member who hunts on farmland without a hunting license **must possess the retired military identification card and written permission** from the owner of the farm property specifying the relationship of the person to the owner of the property.

Be aware that hunters not required to have a license:

- **must obtain** a free **DNRid number** available through MD Outdoors OR any Licensing and Registration Service Center (pg. 6) OR a Sport License agent.
- **must keep a record** of their deer and turkey confirmation numbers by using the Big Game Harvest Record provided with their license, creating their own record or storing a record electronically on their mobile device. Proof of harvest must be furnished upon request. See Deer and Turkey Tagging and Checking (pgs. 38–42).

- must have a **Maryland Migratory Game Bird Stamp** to hunt migratory game birds.
- must possess a proof of purchase of the **Federal Migratory Bird Hunting and Conservation Stamp** to hunt waterfowl and coots.
- must obtain a **Furbearer Permit** to hunt, trap or chase any furbearer.
- are **not required to purchase Archery Deer Stamps, Sika Deer Stamps, Muzzleloader Deer Stamps or Bonus Antlered Deer Stamps.**

Nonresidents of Maryland who own property in the state and hunt on that property **are required to** purchase a Nonresident Hunting License and all other appropriate stamps and permits.

Individuals who are exempt from Maryland hunting license requirements **are subject to all state and federal laws and regulations** relative to hunting and trapping.

Universal Disability Pass

Hunters with mobility impairments may obtain a free Universal Disability Pass that

will allow them to **hunt from a vehicle** in designated areas. Applications are available from the website dnr.maryland.gov/publiclands/Documents/UDisabilityPass.pdf. See Public Hunting Lands (pgs. 60–63) for areas that have provisions for the mobility impaired. Please contact each area for their specific conditions.

Purchasing Your Hunting Licenses, Stamps and Permits

A **DNRid number is required** to obtain hunting and trapping licenses, stamps and permits.

A DNRid Card and number, hunting licenses, stamps, permits and Big Game Harvest Records **are available through:**

- **MD Outdoors** – <https://mdoutdoors.maryland.gov>.
- **Licensing and Registration Service Centers by appointment only** – Hours, addresses and phone numbers are listed on page 6.
- **Sport License Agents** – A list of agents is available at: dnr.maryland.gov/Pages/licensing.aspx and your local Licensing and Registration Service Center can provide the location for Sport License agents near you.

You may obtain a hunting license 24 hours a day, seven days a week through MD Outdoors. You may print your license and receipt at the end of your purchase. A confirmation email will be provided shortly after purchase. You may print or reprint your license then and do so any time through MD Outdoors. The license immediately authorizes your participation in all purchased activities, including deer and turkey hunting. Supporting documents for some privileges will be mailed. Payment can be made by Visa, Master Card or Discover.

You may obtain a **Hunting License Application** by calling a Licensing and Registration Service Center or from the website: <https://dnr.maryland.gov/Pages/dnrforms.aspx>. Complete all applicable sections and mail it with the appropriate fee to any Licensing and Registration Service Center (pg. 6).

Lost or damaged hunting licenses can be reprinted for free. Call any Licensing and Registration Service Center, email customerservice.dnr@maryland.gov or log into your account at MD Outdoors (<https://mdoutdoors.maryland.gov>).

Hunting Regulations and Requirements

General Regulations

- A hunter **must carry personal photo identification** (such as a driver's license) or a secondary form of positive identification while hunting.
- A hunting license holder is required to have a **printed paper copy or electronic copy of their hunting license** in their possession while hunting.
- It is unlawful to hunt any game bird or mammal while **under the influence** of alcohol or any narcotic drug.
- It is unlawful to hunt any animal other than deer on the **first day of Deer Firearms Season** except coyotes.
- It is a violation of law to cast the rays of an artificial light from a vehicle on dwellings or buildings, fields, livestock, orchards, wild mammals and birds, or woods. However, in Baltimore City, Montgomery and Prince George's counties, a person may cast the rays of an artificial light from a vehicle for the sole purpose of observing or photographing wildlife until 9 p.m. A person may not have a hunting device in their possession while casting rays of an artificial light. Note: coyotes, foxes, opossums or raccoons may be hunted on foot at nighttime during open season with the use of a dog and light and hunters may use a light when pursuing and killing a wounded deer after legal shooting hours.
- **Safety Zones:** It is illegal to **hunt, shoot or trap wildlife within 150 yards** of any building or camp occupied by human beings without permission of the owner or occupant. For archery hunters this distance is 100 yards in Anne Arundel County and 50 yards in Allegany, Calvert, Carroll, Cecil, Frederick, Garrett, Harford, Montgomery, St. Mary's, Washington, Wicomico and Worcester

counties. In Harford, archers must use a tree stand when hunting between 50 and 100 yards of any building or camp occupied by human beings. In Howard County, the safety zone for anyone using archery equipment while operating under the authority of a Deer Management Permit or participating in a Managed Hunt Program administered by the County is now 50 yards. In Montgomery and Washington counties, archers must be in an elevated position when hunting between 50 and 100 yards of any building or camp occupied by human beings.

» A person may not shoot at any wild bird or mammal while it is within the safety zone.

- It is unlawful to **discharge a firearm within 300 yards** of a public or nonpublic school while hunting. This prohibition only applies during school hours or when the building is occupied. This safety zone does not apply to colleges, universities or home schools.
- It is **unlawful to tamper with** and remove the catch from **any legally set trap**.

Hunting on Private Property

Written permission is required from the property owner **to hunt or trap** on private property in all counties.

Liability

Any person hunting on private property shall be liable for any damage caused by that person to private property while hunting. The landowner may not be liable for accidental injury or damage to the hunter, whether or not the landowner or the landowner's agent or lessee has given permission to hunt. For additional information regarding landowner liability read Bulletin EB357 (Landowner Liability and Recreational Access) at the University of Maryland Extension's website (<https://extension.umd.edu/resource/landowner-liability-and-recreational-access-eb-357>).

Controlling Hunter Use of Private Property

Posting property boundaries in a conspicuous manner makes it illegal to trespass or for any person to enter without the landowner's permission. Maryland law allows the use of blue paint stripes and/or signs to indicate private property boundaries. Vertical paint marks at least 2 inches in width and 8 inches in length must be centered at least 3 feet, but no more than 6 feet, from the ground or water surface. The paint must be oil-based and bright blue.

Sunday Hunting

- A person who possesses a **Falconry Permit** may hunt specified resident game birds and mammals on Sundays during the open season (pgs. 47 and 58).
- An unarmed person participating in an **organized fox chase** may chase foxes on Sundays.
- Persons hunting on **Regulated Shooting Areas** may shoot captive raised game birds (except free-flying captive-raised waterfowl) on Sundays.
- Persons may hunt **deer** (pg. 24), **turkeys** (pg. 37), **small game** (pg. 52) and **fur-bearers** (pg. 54) **on certain Sundays in certain areas**.

State Owned Lands

- It is illegal to **target shoot on state lands** except in designated areas.
- It is a violation of law to **construct or use permanent blinds or tree stands on state-owned** or controlled properties, unless provided by the Department of Natural Resources. Tree stands and blinds are limited to those of a temporary nature which must be removed at the end of each day.
- It is **unlawful to trap on state lands** without written permission from the controlling agency.
- It is **illegal to place bait** for hunting on state lands.

Fluorescent Color Clothing Requirements and Exceptions

Daylight fluorescent orange or daylight fluorescent pink clothing **promotes hunter safety** because it is easy for other hunters to see outdoors. Except as noted in the exemptions below, a daylight fluorescent color outer garment or hat **must be worn by all** people who hunt any wildlife or accompany, aid or assist a hunter in a field, marsh, wooded area or on the water. Even those who are exempt from this requirement are encouraged to wear fluorescent color clothing when hunting.

Whenever hunting, both hunters and companions **must wear either:**

- a **cap of solid daylight fluorescent orange or daylight fluorescent pink** color worn as an outer garment on the head at all times;
- a **vest or jacket containing** back and front panels of at least 250 square inches of solid daylight fluorescent orange or fluorescent pink color worn as an outer garment at all times; or
- an **outer garment of camouflage daylight fluorescent orange or daylight**

Clint's Cuts

5620 Detrick Road, Mount Airy MD 21771

301-865-5120 ClintsCuts.com

fluorescent pink worn above the waist which contains at least 50 percent daylight fluorescent color.

Persons required to wear fluorescent color clothing that **hunt from a ground blind** that has four sides, a top and is placed 4 feet or less above the ground **must display**, on or within 25 feet of the blind, a cap of solid daylight fluorescent orange or daylight fluorescent pink color or a panel, band, strip, or garment containing at least 250 square inches (approximately 16 inches by 16 inches) of solid **daylight fluorescent orange or daylight fluorescent pink** color.

Be aware that:

- **Property owners and their spouses and children** (while hunting on the property owned) **are required** to wear fluorescent color clothing.
- Those **who hunt with archery equipment** during the Junior Deer Hunt Days, Deer Firearms Season, Deer Muzzleloader Season and Primitive Deer Hunt Days **are required** to wear fluorescent color clothing.
- Deer **archery hunters** hunting in Allegany, Frederick, Garrett and Washington counties during the open **black bear season are required** to wear fluorescent color clothing.

Those exempt from the requirement of wearing fluorescent color clothing are:

- **except as noted above**, a person who hunts deer during the Deer Archery Season.
- a person authorized by a Falconry Permit who hunts game birds or mammals using falcons, hawks or owls.
- a person who hunts or accompanies, aids or assists another person hunting the following species: brant, coot, crow, dove, ducks, furbearing mammals, geese, rails, snipe, wild turkey.

ATTENTION HUNTERS

Commercial computer and cell phone map applications are not to be construed or used as a legal description of public land boundaries. Hunters are personally responsible for following rules and regulations concerning property boundaries and trespassing. Trespassing on private property is a serious crime and punishable under Maryland law. This includes all private property land adjacent to public hunting lands.

SAFETY TIPS

HUNTING SAFETY TIPS

Tree stand accidents are the leading cause of hunter injuries in Maryland. Most tree stand accidents occur in the transition between a climbing device and the tree stand.

- Always practice and understand the manufacturer's recommendations for use of any climbing equipment or tree stand.
- Keep all tree stands, and climbing equipment in good repair.
- Practice with stands, harness, and climbing equipment at ground level first.
- Use only full-body safety harness/fall restraint systems and a lifeline when climbing a tree or in a tree stand.
- Only climb healthy trees. Even live branches may give way under your weight.
- Use three points of contact with the tree or climbing device for a secure hold.
- Climb higher than your stand and step down onto it.
- Wear boots with non-skid soles to prevent slips.
- Use a haul line to get hunting equipment into and out of your stand. Guns should be unloaded and broad heads covered.
- Don't fall asleep in your stand.
- Tell others where you will hunt and when you will return.

FIREARMS SAFETY TIPS

- Treat every gun as if it were loaded.
- Never point a gun at anything you don't want to shoot.
- Always control the muzzle direction in case of a fall.
- Keep the barrel and action clear of obstructions. Carry only the proper ammunition for your firearm.
- Be sure of your target and what is beyond it.
- Unload guns and open the action when not in use.
- Never climb or jump with a loaded gun.
- Never pull the gun toward you by the muzzle.
- Never shoot a bullet at flat, hard surfaces or water.
- Store guns and ammunition safely and securely.
- Never use alcoholic beverages or medications before or during the use of a firearm.

ARCHERY SAFETY TIPS

- Be sure of your target and what is beyond it before you shoot.
- Keep broadheads covered and only knock an arrow or load a bolt when you are ready to shoot.
- Never run, climb or jump with knocked arrow or a bolt loaded in a crossbow.
- Keep hands away from drawn crossbow strings and cables.
- Practice frequently with your hunting arrows and bolts to know your accuracy and distance limitations.
- Always use manufacturer recommended arrow or bolt weights.

TURKEY HUNTING SAFETY TIPS

- Follow all firearms hunting safety recommendations.
- Call out in a loud, clear voice to announce your presence to other approaching hunters.
- Don't wear red, white, blue or black colors that may be mistaken for the colors of a wild turkey gobbler.
- Cover harvested turkeys and decoys when carrying them.
- Stalking turkey sounds may put you and the hunter making them in danger.
- Protect your back from other hunters approaching from behind.

Deer hunting regulations are divided by regions. There are two Deer Management Regions whose dividing line is in Washington County (see map, pg. 18). There are also rules and seasons for archery, firearms (including air guns) and muzzleloader deer hunting.

Junior Deer Hunt Days.....	pg. 20
Antlered White-tailed Deer, Statewide Seasons	pg. 20
Antlerless White-tailed Deer Seasons, Region A	pg. 21
Antlerless White-tailed Deer Seasons, Region B	pg. 22
Sika Deer Seasons.....	pg. 23
Sunday Deer Hunting.....	pg. 24
Archery Deer Hunting Regulations.....	pg. 26
Muzzleloader Deer Hunting Regulations	pg. 27
Firearms and Air Gun Deer Hunting Regulations	pg. 28
Chronic Wasting Disease in Maryland	pg. 30
Managed Deer Hunting Programs	pg. 32
Deer Processors	pg. 35

General Deer Hunting Rules

- A hunter must carry **personal photo identification** (such as a driver's license) or a secondary form of positive identification while hunting.
- **Written permission is required** to hunt on private land.
- A **hunting license is required to hunt deer** (with exceptions). See Hunting Licenses, Stamps and Permits (pgs. 8–13) for Armed Forces information and hunting license costs, exceptions, purchasing, requirements and types.
- An Archery Stamp is required for Archery Deer Season **and when using bows during the Primitive Deer Hunt Days**. A Muzzleloader Stamp is required for Muzzleloader Deer Season **and when using a muzzleloader during the Primitive Deer Hunt Days** (pgs. 20–23).
- A **Sika Stamp is required to take sika deer** (pg. 23).
- There are tagging and checking requirements for all deer harvested. See Deer and Turkey Tagging and Checking for instructions (pgs. 38–42).
- There are **daylight fluorescent color clothing requirements to hunt deer**. See Fluorescent Color Clothing Requirements and Exceptions (pg. 14).
- **Archery equipment may be used** to hunt deer during all of the deer hunting seasons. This includes the Junior Deer Hunt Days. **During the Primitive Deer Hunt Days, hunters may only use long bows and recurve bows.**
- **Muzzleloading firearms may only be used** to hunt deer during the Muzzleloader Season, Firearms Season, Junior Deer Hunt Days and Primitive Deer Hunt Days. During the Primitive Deer Hunt Days, hunters may only use flintlock or sidelock percussion

muzzleloaders. Muzzleloading revolvers are prohibited during the Primitive Deer Hunt Days.

- **Shotguns or rifles and handguns that fire straight-walled cartridges may be used** to hunt deer in all counties during the Firearms Season and Junior Deer Hunt Days.
- **Rifles and handguns that shoot bottleneck cartridges may only be used** to hunt deer during the Firearms Season and Junior Deer Hunt Days in certain counties and areas (see map and description, pg. 19).
- **Air guns** that shoot bullets, arrows or bolts may be used to hunt deer in all counties **during the Firearms Season and Junior Deer Hunt Days only.**
- **Deer harvested must count toward the bag limit of the season** in which they are taken, **please note:**
 - » Deer harvested with archery equipment during the antlerless-only second split of the early Muzzleloader Season in Region B must count toward the Archery Season bag limit.
- Hunters **may not carry archery equipment and muzzleloaders at the same time** when Archery Season and Muzzleloader Season are in concurrently. This includes the Primitive Deer Hunt Days.
- **Telescopic and electronic aiming devices** may be used on all devices legal for hunting deer during the Archery, Muzzleloader and Firearms Seasons and Junior Deer Hunt Days. **Telescopic and electronic aiming devices may not be used during the Primitive Deer Hunt Days.**
- The **antlered white-tailed deer bag limit is statewide**. It applies to both Region A and Region B together.
- **Antlerless white-tailed deer bag limits are separate** and independent for Region A and Region B.

- **Sika deer bag limits are independent** of the white-tailed deer bag limits.
- **Only one antlered white-tailed deer may be taken per day** within the season bag limits. There is no restriction on the number of **antlerless deer that may be taken per day in Region B** within the season bag limit. **Only one antlerless deer may be taken per day in Region A** within the season bag limit.
- Antlered and antlerless deer may be harvested the same day within their prescribed bag limits.
- Daily deer **shooting hours** are one half hour before sunrise to one half hour after sunset with the exception of certain Sundays in certain counties (see Sunday hunting chart, pg. 24).
- **Recorded or electrically amplified calls** or sounds are prohibited for deer hunting.
- **Hunters may dispatch wounded deer after legal shooting hours on the evening the wounding occurs.** The hunter must use a weapon legal for the current season to kill the deer. Artificial lights may be used to assist with dispatching a wounded deer. Hunters must notify the Natural Resources Police by telephone at 800-628-9944 if they suspect they will need to kill a wounded deer they are pursuing after legal shooting hours and must call again when they are finished with the pursuit.
- **Dogs cannot be used** to hunt deer. However, trained tracking dogs may be used to find dead, wounded or injured deer. The dog handler must maintain physical control of the tracking dog at all times and only the hunter and dog handler may carry a hunting device while tracking the deer. Prior to tracking the deer, the hunter must notify the Natural Resources Police by telephone at 800-628-9944.
- Deer may not be hunted while they are **swimming or taking refuge in water.**
- **Fallow deer** (where they are found) may be taken in place of white-tailed deer during each of the deer hunting seasons.
- It is **legal to bait deer except** on state-owned or state-controlled properties.
- A person that intentionally wounds or kills a deer must make **a reasonable attempt to retrieve** and make use of the deer. This includes hunters and persons shooting under the authority of a Deer Management Permit.
- A person **must have written permission** when entering lands owned by another person or organization for the purpose of retrieving a deer. Some publicly owned properties also require permission before a person may access them.

JUNIOR DEER HUNT DAYS AND BAG LIMITS 2025

DATES	REGION/DEER	BAG LIMIT
NOV. 15 STATEWIDE; SUNDAY, NOV. 16 IN CERTAIN COUNTIES (SEE SUNDAY HUNTING CHART, PG. 24.)	Region A White-Tailed Deer	1 antlered or 1 antlerless deer
	Region B White-Tailed Deer	3 deer, no more than 1 may be antlered
	Sika Deer	1 antlered or 1 antlerless deer

(See map for regions, pg. 18.)

Junior Deer Hunt Days are for hunters age 16 or younger only.

To hunt during these days:

- Junior hunters must have a hunting license or be exempt from the license requirement (see Who May Hunt Without a License, pg. 12).
- They must be accompanied in the field by an individual who:
 - is 21 years old or older.
 - possesses a valid Maryland hunting license (an Apprentice Hunting License does not meet this requirement) or is exempt from hunting license requirements.
 - is unarmed.

- Junior Deer Hunt Days have a **separate bag limit**. Deer taken by junior hunters during these days do not count towards the regular Archery, Muzzleloader or Firearms seasons bag limits.
- Daily deer **shooting hours** for Junior Hunt Days are one half hour before sunrise to one half hour after sunset.
- Junior hunters are NOT required to comply with the **antler point restriction** during any of the deer seasons (see White-tailed Deer Antler Point Restrictions).

ANTLERED WHITE-TAILED DEER STATEWIDE SEASONS AND BAG LIMITS 2025–2026

SEASON	DATES	BAG LIMIT
	ALL SUNDAY HUNTING DATES ARE IN CERTAIN COUNTIES ONLY; SEE CHART ON PG. 24.	
ARCHERY	Sept. 5–Oct. 15, Sunday Oct. 19–Nov. 28, Dec. 15–Dec. 19, Sunday Jan. 4–Jan. 8, Jan. 9–Sunday Jan. 11 (Region A Only), Jan. 12–Jan. 31 Feb. 2–Feb. 4 for Primitive Deer Hunt Days, see the following regulations.	2 total for all seasons combined No more than 1 in any weapon season A third antlered white-tailed deer may be taken only in Region B as a bonus antlered deer (see requirements below)
MUZZLELOADER	*Oct. 16–Oct. 18, Dec. 20–Jan. 3 Feb. 2–Feb. 4 for Primitive Deer Hunt Days, see the following regulations.	
FIREARMS	Nov. 29–Dec. 13 Jan. 9–Sunday, Jan. 11 (Region B Only)	

* The Bonus Antlered Deer Stamp may not be used during the Oct. 16–18, 2025 Muzzleloader Season. On these same dates, only one (1) deer total (antlered or antlerless) may be taken in Region A. See map for regions, pg. 18.

- All **Junior hunters**, 16 years of age or younger, are NOT required to comply with the antler point restriction during any of the deer seasons.

Primitive Deer Hunt Days

- Hunters **may only use long bows, recurve bows or flintlock and side-lock percussion muzzleloading rifles or handguns** during these days. Muzzleloading revolvers are prohibited during the Primitive Deer Hunt Days.
- The use of draw-locks and telescopic or other electronic aiming devices are prohibited.
- Antlered white-tailed deer taken with a bow during the Primitive Deer Hunt Days** will count towards the regular antlered archery bag limit.
- Antlered white-tailed deer taken with a muzzleloader during the Primitive Deer Hunt Days** will count towards the regular antlered muzzleloader bag limit.
- All deer hunters must wear fluorescent color clothing during the Primitive Deer Hunt Days.

Bonus Antlered Deer

- Hunting license holders may purchase a Bonus Antlered Deer Stamp to take one additional antlered white-tailed deer in Region B, or to take an antlered deer in Region A when they have already harvested an antlered deer in Region B during the same weapon season.
- Hunters may only use one Bonus Antlered Deer Stamp per license year in the season of their choice (Archery, Muzzleloader, or Firearms), except for the Bonus

- The **antlered white-tailed deer bag limit** is statewide and applies to both Region A and Region B together.
- Hunters may only harvest **one antlered white-tailed deer per day** within the season bag limits.
- An antlered white-tailed deer** is defined as a deer with two or more points to one antler, or a deer with one antler three or more inches long, measuring from the top of the skull as the deer is in life.
- An antler point** is defined as any antler projection one inch or more in length and includes the brow tine. The tip of the main beam is also considered a point.
- A **statewide Antler Point Restriction is in effect** on some, but not all, of the antlered white-tailed deer a hunter may harvest during the license year. The Antler Point Restriction includes these regulations:
 - Hunters may harvest one antlered white-tailed deer within the yearly bag limit that does not meet the requirement of having at least three points on one antler. Any additional antlered white-tailed deer taken within the yearly bag limit must have at least three points on one antler.
 - These deer may be taken in any order within the existing bag limit.

Antlered Deer Stamp may not be used during the Oct. 16–Oct 18, 2025 portion of the Muzzleloader Season.

- Those who may hunt without a license (pg. 12) and those who possess an Apprentice Hunting License (pg. 8) **do not need to purchase** a Bonus Antlered Deer Stamp to take the bonus antlered white-tailed deer.
- A Bonus Antlered Deer Stamp **must be purchased** by hunting license holders **prior to pursuing** the bonus antlered deer.
- Hunters may harvest an antlered white-tailed deer in Region B and then **use the Bonus Antlered Deer Stamp to take another antlered white-tailed deer in Region A in the same weapon season. However, hunters in Region A may take no more than one antlered deer in a weapon season and no more than two antlered deer total for all seasons combined.**
- The bonus antlered deer may not be harvested on the same day one is taken under the regular bag limit.
- Hunters **must use the Bonus Antlered Deer Stamp** in order to:
 - Take a second antlered deer in one weapon season, OR;

- In Region B, if the hunter has taken an antlered white-tailed deer in each of two weapon seasons already, they may use the bonus antlered deer stamp to take a third antlered white-tailed deer in a remaining weapon season.

- In no case may a hunter take more than two antlered white-tailed deer in any single weapon season or more than three total for the license year.
- Sika deer may not be taken as bonus antlered deer.

Hunters may harvest one antlered white-tailed deer within the yearly bag limit that does not meet the requirement of having at least three points on one antler. **Any additional antlered white-tailed deer taken** within the yearly bag limit must meet the minimum point restriction.

ANTLERLESS WHITE-TAILED DEER SEASONS AND BAG LIMITS REGION A 2025–2026

SEASON	DATES ALL SUNDAY HUNTING DATES ARE IN CERTAIN COUNTRIES ONLY, SEE CHART ON PG. 24.	BAG LIMIT
ARCHERY	Sep. 5–Oct. 15, Sunday Oct. 19–Nov. 28, Dec. 15–Dec. 19, Sunday Jan. 4–Jan. 31 Feb. 2–Feb. 4 for Primitive Deer Hunt Days, see the following regulations.	Up to two antlerless deer may be harvested during a weapon season but no more than two total for all seasons combined
MUZZLELOADER	All Lands: *Oct. 16–Oct. 18, Dec. 27–Jan. 3 Feb. 2–Feb. 4 for Primitive Deer Hunt Days, see the following regulations.	Only one antlerless deer per day may be harvested in Region A An additional antlerless deer may be taken during the Primitive Deer Hunt Days
FIREARMS	All Lands: Dec. 6–Dec. 13	

*Only one (1) deer total (antlered or antlerless) may be taken in Region A during the Oct. 16–18, 2025 Muzzleloader Season. See map for regions, pg. 18.

- In Region A, hunters may harvest **only two antlerless deer** total during the Archery, Muzzleloader, and Firearms seasons combined. **Up to two antlerless deer** may be harvested during a weapon season but no more than two total for the combined seasons. Only one antlerless deer per day may be harvested in Region A. Hunters may take **one additional antlerless deer** during the Primitive Deer Hunt Days.
- An antlerless white-tailed deer is a** female deer or a male deer with no antlers or spike antlers less than three inches in length, measuring from the top of the skull as the deer is in life.

Primitive Deer Hunt Days

- Hunters **may only use long bows, recurve bows or flintlock and side-lock percussion muzzleloaders** during these days. Muzzleloading revolvers

are prohibited during the Primitive Deer Hunt Days.

- The use of draw-locks and telescopic or other electronic aiming devices are prohibited.
- Antlerless deer taken during the Primitive Deer Hunt Days **do not count against the regular Region A antlerless bag limits.**
- All deer hunters must wear fluorescent color clothing during the Primitive Deer Hunt Days.

Archery Deer Hunting Regulations

- A **hunting license is required** to hunt deer during the Archery Season (with exceptions). See Hunting Licenses, Stamps and Permits (pgs. 8–13) for Armed Forces information and hunting license costs, exceptions, purchasing, requirements and types.
- An **Archery Stamp (pg. 10) is required** to hunt deer during the Archery Season and when using archery equipment during the Primitive Deer Hunt Days except that:
 - » Hunters entitled to hunt without a license and hunters with a Senior Lifetime Consolidated License do not need to purchase an Archery Stamp.
- Persons who hunt with archery equipment during the Muzzleloader Season **must purchase a Muzzleloader Stamp** (see Muzzleloader Deer Hunting Regulations, pg. 27).
- An annual **Sika Deer Stamp** is required to hunt sika deer during any of the deer hunting seasons. (pgs. 10, 23).
- There are tagging and checking requirements for all deer harvested. See Deer

and Turkey Tagging and Checking for instructions (pgs. 38–42).

- **Archery equipment may be used** to hunt deer during the Archery Season, Muzzleloader Season, Firearms Season, Junior Deer Hunt Days and Primitive Deer Hunt Days. Archery hunters **may only use long bows and recurve bows** during the Primitive Deer Hunt Days.
- Deer taken with archery equipment during the Archery Season, Muzzleloader Season, Firearms Season and Junior Deer Hunt Days must count towards the bag limit of the season in which they are taken, please note:
 - » **Antlered** white-tailed deer **taken with a bow during the Primitive Deer Hunt Days** will count towards the regular antlered archery bag limit.
 - » **Region A antlerless** white-tailed deer **taken during the Primitive Deer Hunt Days** **do not count** against the regular Region A antlerless bag limit.
 - » **Region B antlerless** white-tailed deer **taken with a bow during the Primitive Deer Hunt Days** will count towards the regular Region B archery bag limit.

- » **Sika deer taken with a bow during the Primitive Deer Hunt Days** will count towards the regular sika archery bag limit.
- » Deer harvested with archery equipment during the antlerless-only second split of the early Muzzleloader Season in Region B must count toward the Archery Season bag limit.
- Hunters **may not carry archery equipment and muzzleloaders at the same time** when Archery Season and Muzzleloader Season are in concurrently. This includes the Primitive Deer Hunt Days.
- It is **illegal to shoot on, from or across** any public road.
- Archery hunters are not required to wear **fluorescent color clothing** (pg. 14) within the regular Archery Season dates. Archery hunters **are required to wear** fluorescent color clothing when hunting during the:
 - » Junior Deer Hunt Days;
 - » Black Bear Season in Allegany, Frederick, Garrett and Washington counties.
 - » Deer Muzzleloader Season (including the Region B antlerless white-tailed

SINCE 1983

Muzzleloader Season when it overlaps the Archery Season);

- » Deer Firearms Season; and
- » Primitive Deer Hunt Days.

- **Firearms or airguns may not be carried** while hunting deer during the Archery Season **with the following exception.** In Deer Management Region A, persons 21 years old or older may carry a handgun for personal protection against bear while hunting deer during the Archery Season.

- **The handgun:**

- » **May not** be used for hunting any game species while the person is archery hunting for deer;
- » **May not** have a barrel length of more than six inches;
- » **May not** have a telescopic sight or electronic aiming device attached; and
- » **May not** be used to kill wildlife wounded by a vertical bow or crossbow.

Vertical Bow Regulations

- The vertical bow shall have a full draw and **pull of 30 pounds or more** for deer hunting.

- Draw locking devices and release aids are legal on all vertical bows, except during the Primitive Deer Hunt Days.

Crossbow Regulations

- A crossbow used for deer hunting shall have a **draw of 75 pounds or more.**
- All crossbows should have a **working safety.**
- **It is unlawful** to have a loaded crossbow in, on or leaning against any vehicle.
- A cocked crossbow **without a bolt or arrow in the firing position is considered to be unloaded.**
- The use of crossbows is prohibited during the Primitive Deer Hunt Days.

Regulations for Both Vertical Bows and Crossbows

- Arrows or bolts used for deer hunting must have a **sharpened broadhead** with metal points and a minimum width of 7/8 of an inch.
- The use of poisoned or explosive tipped arrows or bolts **is not permitted.**

Muzzleloader Deer Hunting Regulations

- **A hunting license is required** to hunt deer during the Muzzleloader Season (with exceptions). See Hunting Licenses, Stamps and Permits (pgs. 8–13) for Armed Forces information and hunting license costs, exceptions, purchasing, requirements and types.
- **A Muzzleloader Stamp (pg. 10) is required** to hunt deer during the Muzzleloader Season and when using a muzzleloader during the Primitive Deer Hunt Days **except that:**
 - » Hunters entitled to hunt without a license and hunters with a Senior Lifetime Consolidated License do not need to purchase a Muzzleloader Stamp.
- An annual **Sika Deer Stamp** is required to hunt sika deer during any of the deer hunting seasons. (pgs. 10, 23).
- There are tagging and checking requirements for all deer harvested. See Deer and Turkey Tagging and Checking for instructions (pgs. 38–42).

- **Muzzleloading firearms may only be used** to hunt deer during the Muzzleloader Season, Firearms Season, Junior Deer Hunt Days and Primitive Deer Hunt Days. During the Primitive Deer Hunt Days, hunters **may only use flintlock or sidelock percussion muzzleloaders**.
- Deer taken with a muzzleloader during the Muzzleloader Season, Firearms Season and Junior Deer Hunt Days must **count towards the bag limit of the season** in which they are taken, please note:
 - » **Antlered white-tailed deer taken with a muzzleloader during the Primitive Deer Hunt Days** will count towards the regular antlered muzzleloader bag limit.
 - » **Region A antlerless white-tailed deer taken during the Primitive Deer Hunt Days do not count against the regular Region A antlerless bag limit.**
 - » **Region B antlerless white-tailed deer taken with a muzzleloader during the Primitive Deer Hunt Days** will count towards the regular Region B muzzleloader bag limit.
 - » **Sika deer taken with a muzzleloader during the Primitive Deer Hunt Days** will count towards the regular sika muzzleloader bag limit.
- All deer hunters are required to wear **daylight fluorescent color clothing** (pg. 14) during the Muzzleloader Season, Firearms Season and Primitive Deer Hunt Days.
- It is **illegal to shoot on, from or across** any public road.

Muzzleloader Regulations

- Deer may be hunted with a **muzzleloading rifle, muzzleloading shotgun or muzzleloading handgun** (both single shot and revolvers) in all Maryland counties.
- To be considered a muzzleloader, a rifle, shotgun or handgun **must have the projectile loaded from the muzzle**.

Powder can be loaded from the muzzle or the breach. A revolver must be loaded from the front of the cylinder.

- **Flintlock, percussion cap and inline ignition muzzleloaders** are legal hunting devices for deer.
- Only flintlock or sidelock percussion muzzleloaders **may be used during the Primitive Deer Hunt Days. Muzzleloading revolvers are prohibited during the Primitive Deer Hunt Days**
- **Muzzleloading rifles or shotguns used for deer hunting** must be at least .40 caliber in size and must use 60 grains of black powder or more (a black powder equivalent is acceptable) and propel one all lead, lead alloy or copper soft-nosed or expanding bullet or ball at a single discharge.
- **Muzzleloading handguns** used for deer hunting must be at least .40 caliber with a barrel length of at least 6 inches and must use 40 grains of black powder or more (a black powder equivalent is acceptable) and propel one all-lead, lead alloy or copper soft-nosed or expanding bullet or ball at a single discharge.
- Muzzleloaders that use smokeless powder are legal for deer hunting. These muzzleloaders must use the equivalent of 60 grains of black powder in rifles or shotguns, and the equivalent of 40 grains of black powder in handguns. Hunters are encouraged to exercise caution when using these types of muzzleloaders, and never use smokeless powder in a muzzleloader not designed for its use.
- **Sabot loads are legal** for use in muzzleloaders used for deer hunting.
- **Muzzleloaders are considered unloaded** if the ignition system is disabled by removal of the cap, primer, battery or primer powder.

- It is unlawful to have a loaded firearm **in, on or leaning against any vehicle**. This includes a **muzzleloader ready to fire**.

Firearms and Air Guns Deer Hunting Regulations

- A **hunting license is required** to hunt deer during the Firearms Season (with exceptions). See Hunting Licenses, Stamps and Permits (pgs. 8–13) for Armed Forces information and hunting license costs, exceptions, purchasing, requirements and types.
- An annual **Sika Deer Stamp** is required to hunt sika deer during any of the deer hunting seasons. (pgs. 10, 23).
- There are tagging and checking requirements for all deer harvested. See Deer and Turkey Tagging and Checking for instructions (pgs. 38–42).
- Shotguns, rifles and handguns that fire straight-walled cartridges, muzzleloading firearms, air guns and archery equipment **may be used to hunt deer in all counties during the Firearms Season and Junior Hunt Days**.
- **Rifles and handguns that shoot bottleneck cartridges may only be used** to hunt deer during the Firearms Season and Junior Deer Hunt Days in certain counties and areas (see map and description, pg. 19).
- Deer taken with any firearm, muzzleloader, air gun or archery equipment during the Firearms Season **must count toward the Firearms Season bag limit**.
- All deer hunters are required to wear **daylight fluorescent color clothing** (pg. 14) during the Firearms Season dates.
- It is **illegal to hunt any animal other than deer on the first day of Deer Firearms Season except coyotes**.

Make Hunting & Fishing Dreams Come True!

Hunt of a Lifetime is a nonprofit organization that grants hunting and fishing dreams to children, age 21 and under, who have been diagnosed with life threatening illnesses.

If you are interested in helping a child live their dream, please contact us for more information.

Toll Free 814.572.4387 HuntofaLifetime.org

HUNTERS SHOULD BE AWARE OF LEAD POISONING RISKS WHEN USING LEAD PROJECTILES

Even small amounts of lead can cause serious health problems. Young children and pregnant women are particularly susceptible to lead poisoning. Meat from game animals taken with lead fragmenting bullets and shot is a lead poisoning risk. Avoid the use of meat from possibly contaminated wound channels, especially in ground meat. Inspection for and removal of fragments and shot is recommended. To avoid lead contamination further from the impact area, careful shot placement to avoid large bone masses and bullet fragmentation is also recommended.

Finally, hunters are encouraged to investigate and use non-lead ammunition alternatives. Many non-lead centerfire rifle calibers are now available that are proven to be as effective as lead versions. Likewise, steel and non-lead shotgun shells are also readily available for small game and turkey hunting.

DONATE DEER TO FEED THE HUNGRY

- **NO COST** to donate a deer
- Find **BUTCHERS** at FHH.org
- The **MEAT** goes to local food banks
- Please donate **MATURE DEER** only!

- It is **illegal to shoot on, from or across** any public road.
- Deer may not be hunted with a firearm that is loaded with more than **eight cartridges or shells**. Magazines do not have to be physically blocked.
- Except in Dorchester County where #1 buckshot or larger may be used, **firearms used for deer hunting may only shoot one** all lead, lead alloy or copper soft nosed or expanding bullet or ball. Sabots are permitted. Non-expanding full metal jacketed, incendiary and tracer bullets are not permitted.
- It is unlawful to have a loaded firearm **in, on or leaning against any vehicle**. This includes ammunition in the magazine that is currently attached to the firearm or a muzzleloader ready to fire.
- It is unlawful to hunt with **an automatic firearm** capable of firing a series of shots with one continuous pull of the trigger.
- **Firearms or air guns may not be carried** while hunting deer during the Archery Season **with the following exception**. In Deer Management Region A, persons 21 years old or older may carry a handgun for personal protection against bear while hunting deer during the Archery Season. The handgun:
 - » **May not** be used for hunting any game species while the person is archery hunting for deer;
 - » **May not** have a barrel length of more than six inches;
 - » **May not** have a telescopic sight or electronic aiming device attached; and
 - » **May not** be used to kill wildlife wounded by a vertical bow or crossbow.

Rifle Regulations

- The rifles referred to here are **loaded from the breech** of the barrel and use cartridges.
- Rifles used for deer hunting must use ammunition developing a **muzzle energy of at least 1,200 foot pounds**. Consult ammunition guides for ballistics information.
- Bottleneck cartridge rifles may only be used to hunt deer during the Firearms Season and Junior Deer Hunt Days in certain counties and locations (see map, pg. 19), subject to local and county ordinances.
- Straight-walled cartridge rifles may be used to hunt deer during the Firearms Season and Junior Deer Hunt Days in all counties and locations in Maryland, subject to local and county ordinances.

Shotgun Regulations

- The shotguns referred to here are **loaded from the breech** of the barrel and use shells.
- Shotguns used for deer hunting must be **28 gauge or larger**.
- **Shotgun ammunition** used for deer hunting must shoot a single solid projectile **except** in Dorchester County, where #1 buckshot or larger may be used.
- Shotguns may be used to hunt deer during the Firearms Season and Junior Deer Hunt Days in all counties and locations in Maryland, subject to local and county ordinances.

Handgun Regulations

- The handguns referred to here are **loaded from the breech** of the barrel or rear of the cylinder and use cartridges.
- Handguns used for deer hunting must have a **barrel length of six inches or more** and use ammunition which produces a **muzzle energy of 700 foot pounds or more**. Consult ammunition guides for ballistics information.
- Bottleneck cartridge handguns may only be used to hunt deer during the Firearms Season and Junior Deer Hunt Days in certain counties and locations (see map, pg. 19), subject to local and county ordinances.
- Straight-walled cartridge handguns may be used to hunt deer during the Firearms Season and Junior Deer Hunt Days in all counties and locations in Maryland, subject to local and county ordinances.

Air Gun Regulations

- An **air gun is defined** as any gun that propels a projectile by means of non-ignited compressed air or other gas. Projectiles include bullets, arrows or bolts.
- **Certain air guns may be used** to hunt deer in all counties during the deer Firearms Season only.
- To be legal for deer hunting **an air gun must**:
 - » Shoot one **.40 caliber** or larger bullet or ball at a single discharge which generates at least **400 foot pounds of muzzle energy**; or
 - » Shoot an **arrow or bolt at least 18" in length** with a minimum speed of **300 feet per second** at release with a sharpened broadhead with metal points and a **minimum width of 7/8 inch**.
- The use of poisoned or explosive-tipped arrows or bolts **is not permitted**.

- It is unlawful to have a loaded air gun **in, on or leaning against a vehicle**.
- An air gun with the projectile removed **is considered to be unloaded**.

Chronic Wasting Disease in Maryland

Chronic wasting disease (CWD) is a disease of the brain and nervous system in the deer family (Cervidae). It has been found in the following free-ranging cervids: elk, moose, mule deer, reindeer and white-tailed deer.

This malady is classified as a transmissible spongiform encephalopathy and attacks the brain of cervids, producing small lesions that eventually result in death. The Department of Natural Resources has tested 15,706 deer for chronic wasting disease since 2002, and it was first detected in November 2010. The first infected deer was harvested by a hunter in Allegany County and was most likely part of an outbreak discovered nearby in Hampshire County, West Virginia, in 2005. To date, 285 infected deer have been detected in Allegany, Baltimore, Carroll, Frederick, Howard, Montgomery and Washington counties.

For more specific and up-to-date information on where chronic wasting disease has been found in Maryland, please consult the website at: https://dnr.maryland.gov/wildlife/Pages/hunt_trap/CWD_in_Maryland.aspx.

Concerns over chronic wasting disease **should not stop hunters** from enjoying the hunting season or any venison they may acquire. To date, this encephalopathy has not been shown to be transmissible to humans. However, it is recommended that hunters field dressing or butchering deer take the same precautions as they might to protect against other pathogens or diseases and not consume venison from animals known to be infected. The following **common sense precautionary measures** are recommended for the safe handling, field dressing and processing of venison:

- Avoid shooting or handling a deer that appears sick.
- Wear latex or rubber gloves when field dressing or butchering deer.
- Remove all internal organs.
- Remove the meat from the bones and spinal column if home processing a deer.
- Do not use household knives or utensils when field dressing or home processing a deer.
- Avoid cutting through bones or the spinal column (backbone).
- If you saw off antlers or through a bone or if you sever the spinal column with a knife, be sure to disinfect these tools

prior to using them for the butchering or removal of meat.

- Remove all fat, membranes and connective tissue from the meat. Note that normal field dressing and trimming of fat from meat will remove lymph nodes.
- Always wash hands and instruments thoroughly after dressing and processing game meat.
- Use a 50/50 solution of household chlorine bleach and water to disinfect tools and work surfaces. Wipe down counters and let them dry; soak knives for one hour.

Certain **taxidermists and meat processors** are currently approved to prepare or process deer carcasses or deer parts taken from within the Chronic Wasting Disease Management Area. This provision provides an opportunity for hunters harvesting deer within the disease management area to transport carcasses or other deer parts directly to one of these approved businesses for meat processing, taxidermy services or for preparation for transport to another taxidermist. Approved chronic wasting disease processors are indicated in the *Deer Processors* section (pg. 35). For an up-to-date list of approved processors and taxidermists, please consult the website at: https://dnr.maryland.gov/wildlife/Pages/hunt_trap/CWD_in_Maryland.aspx.

Management of Chronic Wasting Disease

Due to the detection of this disease in Allegany, Baltimore, Carroll, Frederick, Howard, Montgomery and Washington counties, the Department of Natural Resources

has implemented a number of measures to **prevent the unintentional spread** of this contagion to other locations in Maryland or surrounding states. The changes outlined below apply only to the Chronic Wasting Disease Management Area (Allegany, Baltimore, Carroll, Frederick, Howard, Montgomery and Washington counties) on private and public land.

Whole deer carcasses or deer parts **cannot be transported out** of the disease management area except for:

- Meat with no part of the spinal column, backbone or head attached;
- Hindquarters and front shoulders with no spinal column or backbone attached;
- Cleaned hide with no head attached;
- Skull plate cleaned of all meat and brain tissue;
- Antlers with no meat or soft tissue attached;
- Finished taxidermy mounts or tanned hides;
- Whole deer carcasses or parts being transported directly to approved meat processors or taxidermists.

Please check the website (https://dnr.maryland.gov/wildlife/Pages/hunt_trap/CWD_in_Maryland.aspx) for updates on chronic wasting disease surveillance and management in Maryland. Hunter assistance and cooperation is essential to the Department of Natural Resources' efforts to monitor and manage chronic wasting disease in Maryland.

Carcass Importation Ban

The primary objective in the management of chronic wasting disease is **to prevent its spread into new areas**. One possible mode of disease transmission is by the movement and disposal of infected carcasses. In an effort to minimize the risk for disease spread, Maryland along with many other states, has adopted regulations that restrict the importation of whole carcasses and certain carcass parts of deer, moose and elk harvested from states or areas in states that have chronic wasting disease.

A person **may not import the whole carcass** of a dead deer, elk or moose into Maryland from another state or province's designated chronic wasting disease containment, surveillance or management area, unless the final destination of the carcass is within the Maryland Chronic Wasting Disease Management Area or with a chronic wasting disease-approved Maryland processor or taxidermist. Travelers may pass through any part of Maryland with whole carcasses from other state/province chronic wasting disease management areas if the carcasses will not remain in the state for more than 24 hours, and no parts are disposed of or remain in the state. A person **may import only the following parts** of a carcass into Maryland if the final destination is within the state but outside the Chronic Wasting Disease Management Area:

- Meat with no part of the spinal column or head attached;
- Hindquarters and front shoulders with no spinal column or backbone attached;
- Meat without backbone;

The Chronic Wasting Disease Management Area includes Allegany, Baltimore, Carroll, Frederick, Howard, Montgomery, and Washington counties.

- Cleaned hide with no head attached;
- Skull plate cleaned of all meat and brain tissue;
- Antlers with no meat or soft tissue attached;
- Upper canine teeth also known as buglers, whistlers or ivories; and
- Finished taxidermy mount or tanned hides.

Please consult the Chronic Wasting Disease Alliance's website at: cwd-info.org for a complete list of state and province chronic wasting disease containment, surveillance and management areas.

Any person who imports or possesses a cervid carcass or part of a cervid that was tested for chronic wasting disease in another state or province and is notified that the cervid tested positive, **must report the test results** to the Maryland Department of Natural Resources within 24 hours of receiving such notification by telephone at 301-334-4255; or by email to jonathank.trudeau@maryland.gov.

If you hunt deer, elk, moose or other cervids in other states and/or provinces, particularly those in which chronic wasting disease has been detected, **check with the respective fish and wildlife agencies** regarding special regulations or specific advice for hunters. Also check with your home state fish and wildlife agency to ensure that animals lawfully killed elsewhere may be imported and possessed in your state. Additional information can be found at the Chronic Wasting Disease Alliance's website cwd-info.org and the department's website https://dnr.maryland.gov/wildlife/Pages/hunt_trap/CWD_in_Maryland.aspx.

Taking Deer Carcasses Out of Maryland

Because Maryland is considered a chronic wasting disease positive state, deer hunters **must follow carcass importation regulations in other states** when they transport a deer carcass out of Maryland. The surrounding states of Delaware, Pennsylvania, Virginia and West Virginia each have specific regulations as to whether they will allow whole deer carcasses or only parts of carcasses to enter from Maryland. Likewise, the regulations for each of these states vary as to whether they apply to deer from anywhere in Maryland, or just to deer taken within the chronic wasting disease management area. Hunters are strongly encouraged to check state regulations before transporting deer carcasses.

Managed Deer Hunting Programs

Department of Natural Resources Shooter Qualification Card Program

Through the Shooter Qualification Program local sportsman's clubs, shooting clubs and other groups avail their facilities and expertise to **certify hunters** for the program. Hunters who meet certain shooting qualification standards become certified and receive a **Maryland State Shooter Qualification Card** valid for the current hunting license year. This card serves as "proof of proficiency" and enables a qualified hunter to be eligible for many of the managed deer hunts held across Maryland.

Shooter Qualification events are held at different times and locations throughout the year. Many of the organizations that host these events charge a fee. The Department of Natural Resources will issue a press release in the summer announcing the dates for the various qualifications and will list the website addresses of participating sportsmen's clubs and other locations where Shooter Qualifications will be held. The website address for all this information is: dnr.maryland.gov/huntersguide/Documents/shoot_qual_cal.pdf. Hunters interested in participating in managed hunts should contact the organization holding the hunt to learn more about their program and any additional requirements.

The Seneca Creek State Park managed deer hunt in Montgomery County has a limit of 30 hunters. For more information call 410-356-9272 or email gwynnbrook.wma@maryland.gov. The Seneca Creek application can be found on the DNR website at: <https://dnr.maryland.gov/wildlife/Pages/publiclands/wmacentral.aspx>

The Anne Arundel County managed deer hunt has a limit of 140 hunters. For more information call 410-222-2844 or email rpdeer00@aaacounty.org.

Please visit their website for an application form and a complete list of rules and regulations. aaacounty.org/services-and-programs/deer-management-program

The Anne Arundel County Recreation and Parks Department managed deer hunt in Anne Arundel County has these provisions:

- A Shooter Qualification Card and verification that the hunter has complied with the Hunter Education and Safety Requirement are required to participate in this hunt.

- Hunters and hunting dates will be chosen by lottery.
- Hunters must pass background checks and participate in an interview.
- Rifles that fire straight-walled cartridges, Shotguns and Muzzleloaders are the only firearms allowed for these hunts. Ammunition type is restricted.
- MD residency or active duty military with proof of station in MD is required.
- Hunters must provide their own and use a portable tree stand.
- The use of iron sights and/or scopes is required.
- There is a mandatory pre-hunt meeting as well as mandatory scout dates.
- Additional fees apply.

The **Smithsonian Environmental Research Center (SERC) Managed Deer Hunt** in Anne Arundel County has these provisions:

- A Shooter Qualification Card and verification that the hunter has complied with the Hunter Education and Safety Requirement are required to participate in this hunt.
- Hunters will be chosen by lottery. Only one application allowed per hunter. Group applications of up to three hunters will be accepted.
- Shotguns with slugs and straight-walled cartridge rifles are now allowed during Firearms Season hunts. Ammunition and rifle must meet all regulations set forth by MD DNR for Anne Arundel County in the Maryland Guide to Hunting and Trapping.
- Hunters are responsible for their own safety and the use of a tree harness is encouraged.
- The use of scopes is encouraged.
- The use of a portable tree stand is required.
- Must be at least 16 years old to qualify for the hunt. Junior hunters must be accompanied by a guardian.
- Accommodations will be made for hunters with a Universal Disability Pass that will allow them to hunt from a vehicle.
- Pre-hunt mandatory scout dates are Nov. 1st and 2nd, 2025.
- The Smithsonian Environmental Research Center application form can be found at: <https://dnr.maryland.gov/wildlife/pages/publiclands/wmasouthern.aspx>

2025-2026 Lottery Hunt Dates:
 Application Deadline – October 6, 2025
 Lottery Drawing – October 10, 2025
 Mandatory Scout Days – November 1st & 2nd, 2025
 Hunt Day 1 – November 29, 2025
 Hunt Day 2 – December 13, 2025
 Hunt Day 3 – December 27, 2025
 Hunt Day 4 – January 10, 2026
 Hunt Day 5 – January 24, 2026

The **Wye Island Natural Resources Management Area** managed deer hunt in Queen Anne's County has these provisions:

- Hunters will be chosen by lottery for both the October muzzleloader deer hunt and the December firearms deer hunt.
- For more information call 410-827-7577.

ATTENTION SUCCESSFUL DEER HUNTERS!

- You can be eligible to take a tax credit for the qualified expenses of donating processed deer meat to a nonprofit venison donation program.
- An individual can claim a credit of up to \$75 per deer and maximum of \$300 for the butchering and processing expenses for an antlerless deer.
- To qualify, a hunter must comply with applicable state hunting laws and regulations. The actual tax credit will be part of your annual Maryland tax filing.

POTOMAC RIVER BOATING REGULATIONS

A person aboard a vessel, raft or tube shall wear a U.S. Coast Guard Approved Type I, II, III or V personal flotation device at all times while underway on the Upper Potomac River (that portion of the Potomac River and its tributaries above the Maryland/District of Columbia boundary near Little Falls) and its tributaries, during the period beginning at 12:01 a.m. each November 15, and ending at 12 midnight each succeeding May 15. At all other times a vessel, raft or tube shall be equipped with a U.S. Coast Guard approved Type I, II, III or V personal flotation device for each person aboard while underway on the Upper Potomac River and its tributaries.

An individual using a vessel, raft or tube upon any white water portion of any designated stream segment shall wear a U.S. Coast Guard approved Type III or V personal flotation device at all times; see COMAR 08.18.01.08 for a complete listing. Furthermore, an individual using a kayak or covered canoe vessel on a white water portion of a designated stream segment shall wear a safety helmet.

Additionally, no person may use a recreational vessel 16 feet or more in length unless one Type IV throwable personal flotation device is onboard in addition to the total number of wearable personal flotation devices required.

BLACK BEARS IN MARYLAND

Western Maryland (Allegany, Garrett, Frederick and Washington counties) is home to a healthy black bear population. Accordingly, people may find themselves encountering bears, especially in areas with natural or artificial food sources, such as berry patches, oak groves or in areas where bait, such as corn, has been left to attract wildlife. If you encounter a bear, the Department of Natural Resources recommends that you make your presence known by making noise. Clap your hands and speak with a firm voice to be sure the bear knows you are there. Remain upright and do not run. Back away slowly and leave the area. Although black bears are generally shy and run when confronted by people, they are wild animals that should be treated with respect.

For people wishing to carry a form of personal protection, the department recommends the use of bear pepper spray as an effective, legal and safe bear deterrent. It has a large volume and long shelf life and is discharged in an expanding cloud that will reach its target up to 35 feet away. There are a variety of bear pepper sprays on the market that can be purchased at local sporting goods stores or on the internet. When purchasing bear pepper spray, be sure that the label states that it is for use on bears and has been approved by the Environmental Protection Agency.

MARYLAND ARCHERY HUNTER SURVEY COOPERATORS NEEDED

WE NEED YOUR HELP!

Archery hunters are among the most active outdoor enthusiasts in Maryland. The time you spend afield and the experiences you enjoy are of great value to us. The hunting observations you make, day after day and year after year, can be used as a powerful tool to effectively track fluctuations in many different wildlife populations (e.g. deer, bear, turkey, small game and furbearers). Therefore, we are asking you to take the time to become a cooperator and document information about each of your archery hunts. The data you provide will be added to the data already collected by over 300 other archery hunter cooperators and will make the results even stronger.

If you are interested in becoming an Archery Hunter Survey Cooperator, the survey can be accessed through the MD DNR app under the hunting section. You can also download a copy of the survey at dnr.maryland.gov/wildlife/Pages/hunt_trap/bhsurvey.aspx, or contact Joshua Tabora at 240-609-5100 (joshua.tabora@maryland.gov). Cooperators will use the annual survey form to complete during the deer archery season and an annual report of the results will be provided after they are compiled. We appreciate your interest and cooperation.

Deer Processors

The Department of Natural Resources would like to thank the deer processors listed below for their service and cooperation in the Wildlife and Heritage Service's annual collection of information on Maryland deer. Their efforts help supply the data necessary to manage this popular species. We appreciate their support of the stewardship and management of deer.

WILD TURKEY HUNTING

General Turkey Hunting Rules

- A hunter **must carry personal photo identification** (such as a driver's license) or a secondary form of positive identification while hunting.
- **Written permission is required** to hunt on private land.
- A **hunting license is required to hunt wild turkeys** (with exceptions). See Hunting Licenses, Stamps and Permits (pgs. 8–13) for Armed Forces information and hunting license costs, exceptions, purchasing, requirements and types.
- There are **tagging and checking requirements** for all turkeys harvested. See Deer and Turkey Tagging and Checking for instructions (pgs. 38–42).
- It is **illegal to hunt turkeys with the aid of bait or over any baited area**. Feed or bait placed for deer or other wildlife may be considered baiting if turkeys are being hunted. An area is considered by law to be baited for 10 days after the

removal of the bait. Salt and mineral supplements are no longer considered as a source of bait for turkeys.

- It is **illegal to use** recorded or electronically amplified calls, or use motorized or electronic turkey decoys.
- **Daylight fluorescent color clothing** is not required for hunting turkeys. However, turkey hunters are encouraged to wear it as a precaution. Successful turkey hunters are also encouraged to put an orange ribbon on the turkey when carrying it out of the woods. See Hunting Safety Tips (pg. 15) for a guide to courteous and safe turkey hunting.

Turkey Hunting Devices and Regulations

- Shotguns **cannot hold more than three shells** in the magazine and chamber combined. Shotguns capable of holding more than three shells **must be plugged** with a one-piece filler which cannot be removed from the loading end.

- During the Junior Turkey Hunting Days, Spring Season and Winter Season, hunters **may only use** shotguns (loaded with #4 shot or smaller), crossbows, air guns that shoot arrows or bolts or vertical bows.
- In the Fall Season, turkey hunters **may only use** air guns (that shoot arrows, bolts or bullets), crossbows, handguns, shotguns (loaded with #4 shot or smaller or a solid, single projectile), rifles or vertical bows.

Other Hunting Device Regulations

- It is illegal to have a loaded air gun or firearm **in, on or leaning against any vehicle**. This includes ammunition in the magazine or a muzzleloader ready to fire.
- It is unlawful to have a loaded crossbow **in, on or leaning against a vehicle**.
- A cocked crossbow **without a bolt or arrow in the firing position is considered to be unloaded**.
- It is **against the law to shoot on, from or across** any public road.

JUNIOR TURKEY HUNT DAYS AND BAG LIMITS 2026

DATES	AREA	BAG LIMIT
April 11	STATEWIDE	1 bearded turkey per day
Sunday, April 12	in certain counties, see chart	

The **Junior Turkey Hunting Days** are for hunters **age 16 or younger** only. To hunt during these days:

- Junior hunters **must have a Hunting License or be exempt** from the license requirement (see Who May Hunt Without a License, pg. 12).
- Junior turkey hunters **must be accompanied in the field by** an individual who:
 - » Is 21 years old or older;
 - » Possesses a valid Maryland hunting

license (an Apprentice Hunting License does not meet this requirement) or is exempt from hunting license requirements; and

- » Is unarmed.
- **Only bearded turkeys may be harvested** in the Junior Turkey Hunting Days and Spring Season.
- Turkeys taken by junior hunters during these days **count toward the entire Spring Season bag limit**.

- The Junior Turkey Hunting Days bag limit is **one bearded turkey per day**.
- **Daily shooting hours** are one half hour before sunrise to sunset for Junior Turkey Hunting Days, except on Sundays in certain counties. See the Sunday hunting chart for Sunday hours within certain counties.
- **Hunting Devices for the Junior Turkey Hunting Days are only** shotguns (loaded with #4 shot or smaller), crossbows, vertical bows or air guns that shoot arrows or bolts.
- It is **illegal to hunt turkeys with the aid of bait** or to place bait for turkeys during any turkey season.
- **Dogs and organized drives** may not be used.

SPRING TURKEY SEASON AND BAG LIMITS 2026

DATES	AREA	BAG LIMIT
April 18–May 23 (includes Sundays in certain counties, see chart)	STATEWIDE	1 bearded turkey per day, 2 bearded turkeys per season

- **Only bearded turkeys** may be harvested in the Spring Season.
- The Spring Season **bag limit is one bearded turkey per day and two bearded turkeys for the season**.
- Spring Turkey Season **daily shooting hours for April 18 through May 9** are one-half hour before sunrise to noon. See

the Sunday hunting chart for Sunday hours within certain counties.

- Spring Turkey Season **daily shooting hours for May 10 through May 23** are one-half hour before sunrise to sunset, except on Sundays in certain counties. See the Sunday hunting chart for Sunday hours within certain counties.

- **Hunting Devices for Spring Turkey Season are only** shotguns (loaded with #4 shot or smaller), crossbows, vertical bows or air guns that shoot arrows or bolts.
- It is **illegal to hunt turkeys with the aid of bait** or to place bait for turkeys during any turkey season.
- **Dogs and organized drives** may not be used.

FALL TURKEY SEASON AND BAG LIMITS 2025

DATES	AREA	BAG LIMIT
Nov. 1–Nov. 9 (includes Sundays in hunt area counties, see chart)	Allegany, Garrett and Washington counties	Fall and Winter Seasons have a combined bag limit of 1 turkey of either sex

- The **combined bag limit for the 2025 Fall and 2026 Winter Seasons is one** turkey of either sex.
- Fall Turkey Season daily **shooting hours are** one half hour before sunrise to one half hour after sunset.
- Hunting Devices for Fall Turkey Season are only** airguns (that shoot arrows, bolts or bullets), crossbows, handguns, shotguns (loaded with #4 shot or smaller or a solid, single projectile), rifles or vertical bows.
- It is illegal to hunt turkeys with the aid of bait** or to place bait for turkeys during any turkey season. However, **during the fall season only**, it is not considered to be hunting with the aid of bait if a hunter and any turkey that a hunter shoots at are at least 150 yards from any bait legally placed for other species (e.g. corn placed to attract deer).
- Be aware: Fall turkey hunters **are encouraged to wear daylight fluorescent color clothing** especially when other hunting seasons are open at the same time.

WINTER TURKEY SEASON AND BAG LIMITS 2026

DATES	AREA	BAG LIMIT
Jan. 22–24	STATEWIDE	Fall and Winter Seasons have a combined bag limit of 1 turkey of either sex

- The **combined bag limit for the 2026 Winter and 2025 Fall Seasons is one** turkey of either sex.
- Winter Turkey Season daily **shooting hours are** one half hour before sunrise to one half hour after sunset.
- Hunting Devices for Winter Turkey Season are only** shotguns (loaded with #4 shot or smaller), crossbows, vertical bows, or air guns that shoot arrows or bolts.
- It is illegal to hunt turkeys with the aid of bait** or to place bait for turkeys during any turkey season.

SUNDAY TURKEY HUNTING 2025–2026

Sunday hunting is permitted on April 12 (Junior Hunt Day) and **all Sundays during any open turkey season** with these restrictions, in these counties and locations.

COUNTY	LOCATION	SHOOTING HOURS
Calvert, Caroline, Carroll, Charles, Kent, Queen Anne's	Private lands only	Shooting hours are the same as Monday through Saturday
Dorchester	Private and public lands	Shooting hours are the same as Monday through Saturday
Allegany, Cecil, Garrett, St. Mary's, and Washington	Private and designated public lands*	Shooting hours are the same as Monday through Saturday
Talbot	Private lands only	Legal shooting hours on Sundays are from ½ hour before sunrise until 10:30 am
Somerset	Private lands and public land leased to a hunt club only	Legal shooting hours on Sundays are from ½ hour before sunrise until 10:30 am
Wicomico and Worcester	Private and designated public lands*	Legal shooting hours on Sundays are from ½ hour before sunrise until 10:30 am

* **Designated public lands** open to Sunday hunting in **Allegany** (Billmeyer-Belle Grove WMA, Dan's Mountain WMA, Green Ridge SF, McCoolle FMA, Sideling Hill WMA, Warrior Mountain WMA), **Cecil** (C&D Canal Lands, Earlville WMA, Grove Farm WMA, Old Bohemia WMA), **Garrett** (Cunningham Swamp WMA, Garrett SF, Mt. Nebo WMA, Potomac SF, Savage River SF), **St. Mary's** (Salem SF, Saint Inigoes SF), **Washington** (Indian Springs WMA, Prather's Neck WMA, Sideling Hill WMA), **Wicomico** (Ellis Bay WMA, Chesapeake Forest Lands, Johnson WMA, Nanticoke River WMA, Wetipquin WMA), and **Worcester** (Chesapeake Forest Lands, E. A. Vaughn WMA, Hickory Pt. Wildlands, Isle of Wight WMA, Pocomoke SF, Pocomoke River WMA)

DEER AND TURKEY TAGGING & CHECKING

All hunters, including those who may hunt without a license (pg. 12), must complete the tagging and checking procedure for each deer and turkey taken. In order to check in their deer or turkey, hunters must have a DNRid number that is available through MD Outdoors OR any Department of Natural Resources Licensing and Registration Service Center (pg. 6) OR a Department of Natural Resources Sport License Agent.

Before moving a deer or turkey from the place of kill, hunters must do the following:

1. Complete a Deer and Turkey Field Tag at the place of kill in ink and attach it to the animal, or;
2. Check in the animal at the place of kill and receive a confirmation number that can be furnished upon request.
 - » Place of kill is the location where the animal expired and was recovered.

If a confirmation number is obtained at the place of kill, the deer or turkey can be moved/transported untagged. Deer and turkeys cannot be moved or transported untagged if a confirmation number has not been received. Deer and turkeys must also be field tagged when giving, putting, or leaving them in possession of another person, or when left unattended; whether or not a confirmation number has been received. In this case, the tag shall remain attached until the animal is processed by the hunter for consumption, disposed of by a processing facility or left with a taxidermist.

When required, the field tag must be attached to the head of the deer or leg of the turkey. Hunters who plan to have their deer mounted should attach the tag to the antler and not through a hole cut in the ear. Field tags are available in the Maryland Guide to Hunting and Trapping or a tag can be made by the hunter with the appropriate

TURKEY MEASUREMENTS REQUIRED FOR CHECKING

SPURS: measure from the leg to the tip of the spur.

BEARD: measure from the skin to the tip of the beard.

information (hunter name, DNRid number, county of harvest and date of harvest, or a Confirmation Number with the hunter's name when the animal has been checked in).

Within 24 hours of recovering a deer or turkey harvest, hunters must:

1. Register their game with the Department of Natural Resources using one of the following:
 - » MD Outdoors – <https://mdoutdoors.maryland.gov>
 - » the Maryland Big Game Registration Phone Line 888-800-0121
 - » The Department of Natural Resources official mobile app (AccessDNR)TTY users, call through the Maryland Relay. For ease of use, deaf and hard of hearing hunters are encouraged to use the internet check-in site or mobile app.
2. Make a permanent record of their deer or turkey registration by either:
 - » Recording the confirmation number on a Big Game Harvest Record (provided with a hunting license) or creating a hard copy record of their own, or;
 - » Maintaining an electronic record of the confirmation number on a mobile device.

Harvest records, whether recorded electronically or in hard copy format, must be furnished upon request and remain in possession of the hunter.

Please remember:

- Hunters should indicate the actual hunting device used to take the deer or turkey when checking their animal (not the season in which it is taken).
- Hunters must use their DNRid number when checking in a deer or turkey. The DNRid number is printed on all hunting licenses.
- Each deer or turkey checked in will have its own confirmation number. If you have a question or need to retrieve a confirmation number, call your local Wildlife and Heritage Service office (pg. 6).
- A hunter may not remove the head or hide or any part from any deer (except internal organs), or cut the meat into parts, until the deer has been registered and the confirmation number received.
- Hunters are required to furnish the confirmation number to taxidermists and processors/butchers before they can leave their deer or turkey. Hunters may use the Butcher/Taxidermy Tag that is provided in the Maryland Guide to Hunting and Trapping (or a tag with the appropriate information can be made by the hunter) for this purpose.
- If the hunter uses all of the spaces on the Big Game Harvest Record attached to the hunting license, additional Big Game Harvest Records can be created by the hunter or obtained free of charge through MD Outdoors OR any Licensing and Registration Service Center (pg. 6) OR a Sport License Agent.

Maryland

National Wild Turkey Federation

The NWTF is a nonprofit organization whose mission is to conserve the American wild turkey and preserve the country's hunting heritage.

(.88 of your dollars are spent on conservation and 600,000.00 is spent currently on the transmitter program)

Finding a chapter in your local area is the best way to find out about upcoming NWTF events or to get plugged in with the NWTF family flock and learn more about volunteer opportunities, whether for fundraising banquets, outreach events or conservation projects. If there are no local chapters, consider reaching out to inquire about starting a chapter in your hometown.

The key to conserving wild turkeys and preserving our hunting heritage is you! Please consider joining the NWTF!

HABITAT

The Maryland NWTF (MD-NWTF) contributed over \$30,000 in funding for habitat management on public lands across the state of Maryland in 2024-2025. Habitat management projects include the purchase of a combination of lime, fertilizer, and seed in each of the western, central, and eastern shore regions of the state for wildlife opening maintenance, herbicide treatments in the mid-shore and lower shore regions targeting noxious and invasive plant species, and purchase of herbicide spray rigs for trucks and UTVs as well as the purchase of prescribed fire equipment for the central region.

RESEARCH

The Maryland DNR has undertaken a large wild turkey research project investigating how weather, predators, disease, and habitat impact nesting success and survival of females. Gobbler survival, harvest rates, breeding season timing, and other valuable data will also be collected. MD-NWTF has provided \$20,000 towards the purchase of GPS transmitters used for tracking individual wild turkeys and has provided reward band payments to lucky hunters who have harvested a gobbler tagged with a reward band.

SEED PROGRAM

The NWTF Conservation Seed Program helps seed companies distribute outdated commercial seed that can only be used for conservation purposes. The companies dispose of the surplus, treated seeds they can no longer sell by providing it to the NWTF. MD-NWTF participates in the Conservation Seed Program and offers seed at a nominal cost to members through the local chapter system. If you are a member, please get in touch with your local chapter about requesting seed.

OUTREACH

MD-NWTF has allocated over \$18,000 for education and outreach events in 2024-2025. Events include youth field days (JAKES), Women in the Outdoor (WITO), and Wheelin Sportsmen (Wheelin). Marquee events include the Wheelin Sportsmen hunt on Assateague, First Shot spring turkey hunt at Blackwater, and the National Archery in the Schools program. Local chapters host or sponsor events within their area. If interested in finding an outreach event in your area, check out www.nwtf.org/events.

We're making Maryland the best it can be for the people and wildlife who call it home.

DEER AND TURKEY TAGGING & CHECKING

How to Use These Maps

- Maryland counties and their respective Private Land Codes are displayed geographically on pgs. 40–42.
- Find your place of harvest and the corresponding private land code number on the maps, or the public land code number from the chart, and provide the code number at check in.

**A Public or Private
Land Code is Required
for Checking Your
Deer or Turkey.**

To check in your deer or turkey the following will be required:

- Your DNRid number: _____
 - The year of your birth in digits as it appears on your hunting license, e.g., 1955: _____
 - The date of harvest: _____
 - The county code number for the place of harvest: _____
 - The private land code number for the place of harvest (pgs. 40–42): _____
- Or —
- The public land code for the place of harvest (this page): _____

For Deer:

☐ White-tailed ☐ Fallow ☐ Sika

- Button buck, female or antlerless male, or antlered male? _____
- Number of antler points: _____
- Was this deer taken with a shotgun, rifle, vertical bow, crossbow, muzzleloader, handgun or other (air gun, etc.)? _____

For Turkey:

- Was this turkey taken with a shotgun, rifle, vertical bow, crossbow, muzzleloader, handgun or other (air gun, etc.)? _____
- How long is the beard?
☐ <6" or ☐ >6"
- How long are the spurs?
☐ <1/2" or ☐ >1/2"

Record the Confirmation Number on your Big Game Harvest Record.

DEER AND TURKEY TAGGING & CHECKING

Frederick and Worcester County areas where only shotguns or straight-walled cartridge rifles and handguns may be used to hunt deer. Note: bottleneck cartridge handguns can be used throughout Frederick County (see maps at https://dnr.maryland.gov/wildlife/Pages/hunt_trap/FredCty_DeerHuntingZones.aspx).

- That section of **Frederick County** located west of the Monocacy River beginning where Fingerboard Road crosses the river, then by and with the west side of the Monocacy River to the junction by Biggs Ford Road, then by and with the south side of Biggs Ford Road to the junction with Route 15, then by and with the west side of Route 15 to the junction with Sundays Lane, then by and with the south side of Sundays Lane to the junction with Bloomfield Road, then by and with the east side of Bloomfield Road to the junction with Opossumtown Pike, then by and with the south side of Opossumtown Pike to the junction with Walter Martz Road, then by and with the east side of Walter Martz Road to the junction with Christopher's Crossing, then by and with the south side of Christopher's Crossing to the junction with Rocky Springs Road, then by and with the south and east side of Rocky Springs Road to the junction with Kemp Lane, then by and with the east side of Kemp Lane to the junction with Shookstown Road, then by and with the north side of Shookstown Road to the junction with Bowers Road, then by and with the east side of Bowers Road to the junction West Patrick Street, then by and with the north side of West Patrick Street to the junction with Blentlinger Road, then by and with the east side of Blentlinger Road to the junction with Old National Pike, then by and with the south side of Old National Pike to the junction with Maryland Interstate 70, then by and with the north side of Maryland Interstate 70 to the junction with Route 15, then by and with the east side of Route 15 to the junction with Mt. Zion Road, then by and with the north side of Mt. Zion Road to the junction with Elmer Derr Road, and then by and with the north side of Elmer Derr Road to the junction with New Design Road, then by and with the east side of New Design Road to the junction with Manor Woods Road, then by and with the north side of Manor Woods Road to the junction with Buckystown Pike, then by and with the east side of Buckystown Pike to the junction with Fingerboard Road, and then by and with the north side of Fingerboard Road to the crossing over the Monocacy River.
- Those sections of **Worcester County** as follows:
 - » within one mile of any school;
 - » within that portion of South Point lying south of a line beginning at the west end of the Sinepuxent Bay Bridge on State Rt. 611, then by and with the south side of Rt. 611 to the junction of the South Point Road going south for a distance of 0.6 miles to a point opposite the southern boundary of the Ocean City Golf and Yacht Club property on the west side of the road, then by the southern boundary of the Ocean City Golf and Yacht Club to Trappe Creek; and within that portion of the land lying south of a line beginning at the mouth of the St. Martin River northwest to the junction with Shingle Landing Road, then by and with the south side of Shingle Landing Road to the junction with State Rt. 113, then by and with the east side of Rt. 113 to the junction with Rt. 589, then by and with the east side of Rt. 589 to the junction with US Rt. 50, then by and with the north side of Rt. 50 to the junction with Isle of Wight Bay, then by and with the west boundary of Isle of Wight Bay to the junction with the St. Martin River.

See map on page 19 for all shotgun and rifle counties/areas.

How to Use These Maps

- Find your place of harvest and the corresponding private land code number on the maps, or the public land code number from the chart, and provide the code number at check in.

MIGRATORY GAME BIRD HUNTING

Migratory Game Birds are: brant, coots, doves, ducks, geese, rails, snipe and woodcock. Brant, ducks and geese are referred to as waterfowl.

There is no open season for gallinules, harlequin ducks, moorhens or swans.

Federal Migratory Game Bird Hunting Regulations can be viewed at: dnr.maryland.gov/wildlife/Documents/MGB_FederalHuntingRegs.pdf

Offshore Waterfowl Hunting Rules and Regulations (offshore duck blinds, sea duck and offshore waterfowl hunting zones) can be viewed at: dnr.maryland.gov/wildlife/Pages/hunt_trap/offshore_intro.aspx

General Migratory Game Bird Hunting Rules

- Migratory game birds **may not** be hunted on Sundays.
- A hunter **must carry personal photo identification** (such as driver's license) or a secondary form of identification while hunting.
- **Written permission is required** to hunt on private land.
- **A hunting license is required to hunt migratory game birds** (with exceptions). See Hunting Licenses, Stamps and Permits (pgs. 8–13) for Armed Forces information and hunting license costs, exceptions, purchasing, requirements and types.
- **A Maryland Migratory Game Bird Stamp (printed validation, pg. 10) is required of all hunters to hunt all migratory game birds** in Maryland. This includes persons not required to have a hunting license and holders of senior hunting licenses. An actual stamp is no longer produced.
 - » This validation may be obtained through MD Outdoors OR any Licensing and Registration Service Center (pg. 6) OR a Sport License agent.

- **A Harvest Information Program Certification is required of all hunters to hunt all migratory game birds.** The certification is free and issued with the Maryland Migratory Game Bird Stamp. When you purchase your Maryland Migratory Game Bird Stamp, you will be asked the following Harvest Information Program questions that are used for harvest survey sampling only:
 - » Do you plan to hunt brant this coming hunting season?
 - » About how many ducks, geese, doves and woodcock did you bag last season?
 - » Did you hunt coots, sea ducks (eiders, long-tailed ducks and scoters), snipe or rails last season?
- **Hunters must have the printed validation showing proof of purchase of the Maryland Migratory Game Bird Stamp and Harvest Information Program certification in their possession while hunting migratory game birds.**
- **A Federal Migratory Bird Hunting and Conservation Stamp** (pg. 9) is required of all hunters **16 years of age or older** to hunt brant, coots, ducks and geese. This includes persons not required to have a hunting license (see Who May Hunt Without a License, pg. 12). Legal methods of Federal Duck Stamp possession include:
 - » A traditional Federal Duck Stamp may be purchased from National Wildlife Refuges, Post Offices, or at duckstamp.com. Hunters who choose this option must have the physical, signed stamp on their person while hunting.

- » An E-Stamp may be purchased online at duckstamp.com and through MD Outdoors OR any Licensing and Registration Service Center (pg. 6) OR a Sport License agent. Hunters will receive a printed validation showing proof of purchase. This proof of purchase, either printed on a hunting license or separate printed validation must be kept on the hunters person while hunting waterfowl. Waterfowl hunters are no longer required to have the physical Federal Duck Stamp in their possession while hunting.
- » Additionally, hunters that purchase an E-Stamp through duckstamp.com can add the stamp to their mobile wallet (via Apple Pay or Google Pay) and must be kept on the hunters person while hunting waterfowl.
- » The U.S. Department of the Interior intends to mail physical stamps to hunters that purchased an E-stamp by March 10 each year.
- **A Maryland Snow Goose Conservation Order Hunting Season Permit** (pg. 10) is required **to participate in the Light Goose Conservation Order Season**. Hunters must possess the printed validation showing proof of the purchase of this permit while hunting (see Light Goose Seasons and Bag Limits, pg. 46).
- **A Regulated Shooting Area Hunting License** allows you to shoot only captive-raised game birds on a state-licensed Regulated Shooting Area (see Other Licenses, pg. 9). To hunt **free-flying, captive-raised mallard ducks or wild waterfowl** on a state-licensed Regulated Shooting Area, a hunter **must possess** a Maryland hunting license, the **printed validation** showing proof of purchase of the Maryland Migratory Game Bird Stamp and a Federal Migratory Bird Hunting and Conservation Stamp or its proof of purchase (if over the age of 15).
- **A Stationary Blind and Blind Site License** is required to hunt from an **offshore waterfowl blind or blind site** in Maryland public waters (see Other Licenses pg. 9). For all Maryland Offshore Waterfowl Hunting information including riparian landowners refer to: dnr.maryland.gov/wildlife/Pages/hunt_trap/offshore_intro.aspx, 410-260-8538.

MIGRATORY GAME BIRD HUNTING

SPECIAL SEPTEMBER TEAL SEASON AND BAG LIMITS 2025

DATES	BAG LIMIT
Sept. 18, 2025–Sept. 27, 2025	6 teal per day possession limit of 18

The September Teal Season is open in these counties:

- Calvert
 - Caroline
 - Cecil
 - Dorchester
 - Harford
 - Kent
 - Queen Anne's
 - St. Mary's
 - Somerset
 - Talbot
 - Wicomico
 - Worcester; and
 - that part of Anne Arundel County east of Interstate 895, Interstate 97 and Route 3; and
 - that part of Prince George's County east of Route 3 and Route 301; and
 - that part of Charles County east of Route 301.
- The **daily bag limit is six** teal. The bag limit may include blue-winged and green-winged teal. The possession limit is 18.
 - **Shooting hours are** one-half hour before sunrise to sunset for September Teal Season.

DUCK SEASON DATES AND BAG LIMITS 2025–2026 (INCLUDING COOTS)

ZONES	DATES	BAG LIMIT
EASTERN ZONE Regular Duck Season	Oct. 11, 2025–Oct. 18, 2025 Nov. 15, 2025–Nov. 28, 2025 Dec. 16, 2025–Jan. 31, 2026	see listing below
EASTERN ZONE Black Duck Season	Nov. 15, 2025–Nov. 28, 2025 Dec. 16, 2025–Jan. 31, 2026	2 black ducks
WESTERN ZONE Regular Duck Season	Oct. 4, 2025–Oct. 18, 2025 Nov. 22, 2025–Nov. 28, 2025 Dec. 16, 2025–Jan. 31, 2026	see listing below
WESTERN ZONE Black Duck Season	Nov. 22, 2025–Nov. 28, 2025 Dec. 16, 2025–Jan. 31, 2026	2 black ducks

Black ducks may only be taken during the Black Duck Season.

The **Eastern Duck Season Zone** is open in these counties: Anne Arundel, Calvert, Caroline, Cecil, Charles, Dorchester, Harford, Kent, Queen Anne's, Saint Mary's, Somerset, Talbot, Wicomico, Worcester counties; and those portions of Baltimore, Howard, Prince George's, and Montgomery counties **east** of a line beginning at I83 at the Pennsylvania state line, following I83 south to the intersection of I83 and I695 (Outer Loop), south following I695 (Outer Loop) to its intersection with I95, south following I95 to its intersection with I495 (Outer Loop), and following I495 (Outer Loop) to the Virginia shore of the Potomac River.

The **Western Duck Season Zone** open in these counties: Allegany, Carroll, Garrett, Frederick and Washington counties; and: those portions of Baltimore, Howard, Prince George's, and Montgomery counties **west** of a line beginning at I83 at the Pennsylvania state line, following I83 south to the intersection of I83 and I695 (Outer Loop), south following I695 (Outer Loop) to its intersection with I95, south following I95 to its intersection with I495 (Outer Loop), and following I495 (Outer Loop) to the Virginia shore of the Potomac River.

To view a Duck Zone Map, please see: (<https://maryland.maps.arcgis.com/apps/webappviewer/index.html?id=caf337498c1b4da2b2081f542be6d6bc>).

The **daily bag limit** for the Regular Duck Season in **both** the Eastern and Western Duck Zones is:

- 6 ducks, no more than:
 - » 4 mallards (only 2 can be hens)
 - » 3 wood ducks
 - » 2 black ducks (Black Duck Season only)
 - » 2 canvasbacks
 - » 3 pintails
 - » 2 redheads
 - » 1 scaup per day (2 per day from Jan. 9 – Jan. 31)
 - » 1 fulvous tree duck
 - » 1 mottled duck
 - » 4 sea ducks: no more than 3 scoters, 3 long-tailed ducks, or 3 eiders (only 1 eider hen).
- All **other species of ducks** may be taken up to the six duck limit.
- There is no open season for **harlequin ducks**.
- The **possession limit is** three times the daily bag limit.
- **Shooting hours** for all duck and coot seasons are from one-half hour before sunrise to sunset.
- In addition to the duck bag limit hunters may take **15 coots per day**.

SEA DUCKS (Scoters, Long-tailed Duck and Eiders)

- The Special Sea Duck Season is no longer included as an option for states in the federal framework of regulations for migratory game birds. The Maryland Department of Natural Resources has retained the Sea Duck Zone in its entirety and sea ducks can be harvested within that zone, or anywhere else in Maryland, as part of the 6 duck daily bag limit during the regular duck season. The bag limit includes 4 sea ducks with no more than 3 scoters, 3 long-tailed ducks, or 3 eiders (only 1 eider hen). For maps and more information on the Special Sea Duck Zone see: dnr.maryland.gov/wildlife/Pages/hunt_trap/seaducks.aspx
- In the portions of the Special Sea Duck Zone that do not overlap the Offshore Waterfowl Hunting Zone, hunters may only shoot sea ducks. These ducks will count towards their regular daily duck bag limit. Maps of the zones can be found at: <https://maryland.maps.arcgis.com/apps/webappviewer/index.html?id=caf337498c1b4da2b2081f542be6d6bc>
- Prominent locations where the Sea Duck Zone does not overlap the Offshore Waterfowl Zone include the Eastern Bay, and the lower Chester, Choptank, and Little Choptank Rivers.

YOUTH, VETERAN AND MILITARY WATERFOWL HUNTING DAYS AND BAG LIMITS 2025–2026

DATES	BAG LIMIT
Nov. 1, 2025 and Feb. 7, 2026	see listing below

Statewide Youth, Veteran and Military Waterfowl Hunting Days are open for hunters age 16 or younger, military veterans (as defined in section 101 of title 38, United States Code) of any age and members of the Armed Forces on active duty, including members of the National Guard and Reserves on active duty (other than for training).

To hunt during these days:

- Youth hunters, military veterans and active duty military personnel **must have a hunting license or be exempt** from the license requirement (see Who May Hunt Without a license, pg. 12). Military Veterans and Active Duty Military Personnel must also carry appropriate credentials identifying them as such.
- These hunters must possess the printed validation showing proof of purchase of the **Maryland Migratory Game Bird Stamp** and Harvest Information Program certification.

- A **Federal Migratory Bird Hunting and Conservation Stamp** is not required of those under 16 years of age. This stamp is required of those who are at least 16 years old.
- Youth hunters hunting on these days **must be accompanied in the field by** an individual who:
 - » Is 21 years old or older;
 - » Possesses a valid Maryland hunting license (an Apprentice Hunting License does not meet this requirement), or is exempt from hunting license requirements;
 - » Is unarmed;
 - » Is not participating in other waterfowl seasons that are open on the youth days; and
 - » May assist with decoys, call waterfowl and retrieve downed birds.

Note: Active military and honorably discharged veterans at least 21 years old may possess hunting weapons and hunt while also providing assistance to eligible youth hunters.

The **daily bag limit** for each Youth, Veteran and Military Waterfowl Hunting Day is:

- 6 ducks, no more than:
 - » 4 sea ducks (no more than 3 scoters, 3 long-tailed ducks or 3 eiders)
 - » 4 mallards (only 2 can be hens)
 - » 3 wood ducks
 - » 2 black ducks
 - » 2 canvasbacks
 - » 3 pintails
 - » 2 redheads
 - » 2 scaup
 - » 1 fulvous tree duck
 - » 1 mottled duck

- 1 brant
- 1 Canada goose in the Atlantic Population Goose Hunt Zone or
- 5 Canada geese in the Late Resident Goose Hunt Zone
- 15 coots
- 25 light geese
- **Shooting hours** are one-half hour before sunrise to sunset for Youth, Veteran and Military Waterfowl Hunting Days.

BRANT STATEWIDE SEASON AND BAG LIMITS 2025-2026

DATES	BAG LIMIT
Dec. 29, 2025-Jan. 31, 2026	1 per day, possession limit of 3

- The **daily bag limit** is one brant and the **possession limit** is three.
- **Shooting hours** are from one-half hour before sunrise to sunset.

MIGRATORY GAME BIRD HUNTING

EARLY RESIDENT CANADA GOOSE SEASON AND BAG LIMITS 2025 — EASTERN & WESTERN ZONES

DATES	BAG LIMIT
EASTERN ZONE - Sept. 1, 2025–Sept. 15, 2025	8 per day possession limit of 24
WESTERN ZONE - Sept. 1, 2025–Sept. 25, 2025	

The Eastern Zone season is open in these counties:

- Calvert
- Caroline
- Cecil
- Dorchester
- Harford
- Kent
- Queen Anne's
- St. Mary's
- Somerset
- Talbot
- Wicomico
- Worcester; and
- that part of Anne Arundel County east of Interstate 895, Interstate 97 and Route 3; and
- that part of Prince George's County east of Route 3 and Route 301; and
- that part of Charles County east of Route 301.

The Western Zone season is open in these counties:

- Allegany
- Baltimore
- Carroll
- Frederick
- Garrett
- Howard
- Montgomery
- Washington; and
- that part of Anne Arundel County west of Interstate 895, Interstate 97 and Route 3; and
- that part of Prince George's County west of Route 3 and Route 301; and
- that part of Charles County west of Route 301.

- The Eastern and Western Zone **daily bag limit is eight** geese and the **possession limit is 24**.
- Shooting hours** are from one-half hour before sunrise to one half hour after sunset for both zones.
- Shotguns capable of holding more than three shells may be used to take resident Canada geese **during these September seasons only**.

MIGRATORY CANADA GOOSE (ATLANTIC POPULATION) SEASON AND BAG LIMITS 2025–2026

DATES	BAG LIMIT
Dec. 19, 2025–Jan. 3, 2026	1 per day possession limit of 3
Jan. 14, 2026–Jan. 31, 2026	

The Atlantic Population Hunt Zone includes these counties:

- Anne Arundel
- Baltimore
- Calvert
- Caroline
- Cecil
- Dorchester
- Harford
- Howard
- Kent
- Queen Anne's
- Somerset
- St. Mary's
- Talbot
- Wicomico
- Worcester; and
- that portion of Prince George's County east of Route 3 and Route 301; and
- that portion of Charles County east of Route 301.
- that portion of Carroll County east of Route 31 to the intersection of Route 97, and east of Route 97 to the Pennsylvania line; and

- The **daily bag limit is 1** goose (in the Atlantic Population Hunt Zone) and the **possession limit is three**.
- The bag limit may include Canada geese, cackling geese and white-fronted geese.
- Shooting hours** for this season and zone are from one-half hour before sunrise to sunset.

LATE SOUTHERN MARYLAND RESIDENT CANADA GOOSE ZONE SEASON AND BAG LIMITS 2025–2026

DATES	BAG LIMIT
Nov. 22, 2025–Nov. 28, 2025	5 per day, possession limit of 15
Dec. 15, 2025–Dec. 18, 2025	5 per day, possession limit of 15
Dec. 19, 2025–Jan. 3, 2026	1 per day, possession limit of 3
Jan. 5, 2026–Jan. 13, 2026	5 per day, possession limit of 15
Jan. 14, 2026–Jan. 31, 2026	1 per day, possession limit of 3
Feb. 2, 2026–March. 7, 2026	5 per day, possession limit of 15

The Late Resident Southern Maryland Zone includes these counties: **Montgomery County; and that portion of Prince George's County west of Route 3 and Route 301; and that portion of Charles County west of Route 301.**

- Includes Canada geese, cackling geese and white-fronted geese singly or in aggregate.
- Shooting hours for this season and zone are from one-half hour before sunrise to sunset.

LATE WESTERN MARYLAND RESIDENT CANADA GOOSE SEASON AND BAG LIMITS 2025–2026

DATES	BAG LIMIT
Nov. 22, 2025–Nov. 28, 2025	5 per day, possession limit of 15
Dec. 15, 2025–March 7, 2026	5 per day, possession limit of 15

The Late Resident Western Maryland Canada Goose Zone includes these counties: **Allegany, Frederick, Garrett, Washington, and that portion of Carroll County west of Route 31 to the intersection of Route 97, and west of Route 97 to the Pennsylvania line.**

- Includes Canada geese, cackling geese and white-fronted geese singly or in aggregate.
- Shooting hours for this season and zone are from one-half hour before sunrise to sunset.

LIGHT GOOSE STATEWIDE SEASON AND BAG LIMITS 2025–2026

DATES	BAG LIMIT
Oct. 1, 2025–Nov. 28, 2025	25 per day, no possession limit
Dec. 15, 2025–Jan. 31, 2026	
Feb. 7, 2026	

- A **Maryland hunting license (or resident Delaware hunting license) is required** to hunt light geese in Maryland during the Light Goose Season (see Hunting Licenses, Stamps and Permits, pgs. 8–13).
- The **daily bag limit is 25** light geese and there is **no possession limit**.
- The **bag limit may include** greater snow geese, lesser snow geese and Ross's geese.
- Shooting hours** are from one-half hour before sunrise to sunset for the light goose hunting season.

LIGHT GOOSE CONSERVATION ORDER SEASON AND BAG LIMITS 2025–2026

DATES	BAG LIMIT
Dec. 1, 2025–Dec. 13, 2025 Feb. 2, 2026–Feb. 6, 2026 Feb. 9, 2026–Apr. 15, 2026	no daily bag limit, no possession limit

The Light Goose Conservation Order Season Zone includes these counties:

- Anne Arundel
- Baltimore
- Calvert
- Caroline
- Cecil
- Dorchester
- Harford
- Howard
- Kent
- Queen Anne's
- Somerset
- St. Mary's
- Talbot
- Wicomico
- Worcester; and
- that portion of Carroll County east of Route 31 to the intersection of Route 97, and east of Route 97 to the Pennsylvania line; and
- that portion of Prince George's County east of Route 3 and Route 301; and
- that portion of Charles County east of Route 301.

- The **Light Goose Conservation Order Season** provides **additional hunting** opportunities and methods to help reduce light goose over-population.
- A **Maryland hunting license (or resident Delaware hunting license)** is required to hunt light geese in Maryland during the Light Goose Conservation Order Season (see Hunting Licenses, Stamps and Permits, pgs. 8–13).
- **Hunters must possess** the printed validation showing proof of purchase of the **Maryland Migratory Game Bird Stamp** (pg. 10) and Harvest Information Program certification to hunt during the Maryland Light Goose Conservation Order Season.
- A **\$5 Maryland Snow Goose Conservation Order Hunting Season Permit** is required to participate in the Light Goose Conservation Order Season. Hunters must possess the printed validation showing proof of the purchase of this permit while hunting.
- A **Federal Duck Stamp** is not required when hunting during the Conservation Order Season.
- The Light Goose Conservation Order Season and Zone **does not include areas mapped or described as Sea Duck Zone only.**
- There is **no bag limit or possession limit** for the Light Goose Conservation Order Season.
- **Hunters may take** greater snow geese, lesser snow geese and Ross's geese.
- **Shooting hours** are from one-half hour before sunrise to one half hour after sunset during the Light Goose Conservation Order Season.
- Shotguns capable of holding **more than three shells and electronic calls of light geese may be used** during the Light Goose Conservation Order Season.

MOURNING DOVE STATEWIDE SEASON AND BAG LIMITS 2025–2026

DATES	BAG LIMIT
Sept. 1, 2025–Oct. 18, 2025 Oct. 25, 2025–Nov. 28, 2025 Dec. 20, 2025–Jan. 9, 2026	15 per day, possession limit of 45

- The **daily bag limit** is 15 for doves. The **possession limit** for doves is 45.
- **Shooting hours** for the Sept. 1, 2025–Oct. 14, 2025 dove season segment are 12 noon to sunset. For dove season dates after Oct. 19, 2025, shooting hours are one-half hour before sunrise to sunset.

WOODCOCK STATEWIDE SEASON AND BAG LIMITS 2025–2026

DATES	BAG LIMIT
Oct. 25, 2025–Nov. 28, 2025 Jan. 12, 2026–Jan. 28, 2026	3 per day, possession limit of 9

- The **daily bag limit** is three woodcock and the possession limit is nine.
- **Shooting hours** are one-half hour before sunrise to sunset for woodcock.

RAIL STATEWIDE SEASON AND BAG LIMITS 2025

DATES	BAG LIMIT
Sept. 1, 2025–Nov. 20, 2025	see listing below

- **Clapper and King Rails:** The **daily bag limit** is 10 (with no more than one king rail). The **possession limit** is 30 clapper and king rails (with no more than three king rails).
- **Sora and Virginia Rails:** The **daily bag limit** is 25 and the **possession limit** for these rails is 75.
- **Shooting hours** are one-half hour before sunrise to sunset for rails.

COMMON SNIFE STATEWIDE SEASON AND BAG LIMITS 2025–2026

DATES	BAG LIMIT
Sept. 27, 2025–Jan. 29, 2026	8 per day, possession limit of 24

- The **daily bag limit** is eight common snipe and the possession limit is 24.
- **Shooting hours** are one-half hour before sunrise to sunset for common snipe.

FALCONRY, EXTENDED STATEWIDE SEASONS AND BAG LIMITS 2025–2026

In addition to the regular open seasons, the Extended Falconry Season dates are as follows for hunting migratory game birds:

- Mourning Doves: Jan. 10, 2026–Jan. 29, 2026
- Rails: Nov. 21, 2025–Jan. 2, 2026
- Woodcock: Oct. 1, 2025–Oct. 24, 2025
Jan. 31, 2026–Mar. 7, 2026
- Ducks: Feb. 2, 2026–Mar. 7, 2026
- Brant: Feb. 2, 2026–Mar. 7, 2026
- Light Geese: Feb. 21, 2026–Mar. 7, 2026

Bag limits for each species is three per day, with a possession limit of nine.

- Hunting with birds of prey (here referred to as Falconry) is **permitted one half hour before sunrise to sunset**, Monday through Saturday. No Sundays are open to hunt migratory birds.
- A valid hunting license, migratory game bird stamps and a Falconry Permit **are required to hunt migratory game birds with birds of prey.**
- A bird of prey **may be used to hunt migratory game birds during any open season.**

Migratory Game Bird Hunting Rules and Regulations

(For brant, coots, doves, ducks, geese, rails, snipe and woodcock.)

- Daylight fluorescent color clothing is **not required** to hunt migratory game birds **except** woodcock. See Fluorescent Color Clothing Requirements and Exceptions (pg. 14).
- The **daily bag limit** is the maximum number of migratory game birds of a single species or combination (aggregate) of species permitted to be taken by one person in any one day during the open season.
- The **field possession limit** is the one daily bag limit that you may possess while in the field or returning from the field to your principle means of land transportation, hunting camp, or personal abode.
- The **possession limit** is the maximum number of migratory game birds of a single species or combination of species permitted to be possessed by any one person.
- A person may not kill or wound any migratory game bird without making a **reasonable effort to retrieve** the bird and include it in the daily bag limit.
- **Wounded birds** reduced to possession shall immediately be killed and included in your daily bag limit.
- **It is unlawful to completely field dress** or breast-out any migratory game bird (except dove) before transporting the birds from the field. The head or one fully-feathered wing must remain attached to all birds (except doves) while being transported from the field until they have arrived at your personal abode or a migratory bird processing facility.
- If you are giving, putting or leaving migratory game birds at any place or in the possession of another person, you **must tag each bird** with the hunter's signature, address, hunting license number or DNRid number, the total number and species of birds killed and dates the birds were killed. Tagging is required even if someone else is transporting the bird for you or the bird has been left for cleaning, storage (including temporary storage), shipment or taxidermy services.
- **To ship tagged migratory game birds** the package must be conspicuously marked on the outside with the name and address of the person sending the birds, name and address of the person to whom the birds are being sent and number of birds by species contained in the package.
- **It is illegal to take migratory game birds with** air guns shooting bullets, drugs, explosives, traps, fish hooks, nets, pistols, poisons, rifles, snares, stupefying substances or swivel guns.
- **It is against the law to bait** migratory game birds and hunt them by placing a lure or enticement such as salt, corn, wheat, or any other grain or feed.
- An area is considered by law to be baited **for 10 days after removal of the bait**.
- Migratory game birds **may not be hunted over any area where seed has been top sown** or broadcast on top of the soil leaving the seed available to feeding birds. Before hunting can occur on areas where seeds or small grains have been top sown or broadcast as a normal agricultural practice, all seed must have either germinated, or the seed must be covered with soil or completely removed by other means at least 10 days before hunting.
- **Doves may be hunted** in areas where seed producing plants such as corn, sunflowers, wheat and other small grains are manipulated (burned, knocked down, mowed) to attract doves for hunting. In this instance, the 10 day rule does not apply.
- **It is unlawful to hunt waterfowl** with the use or aid of live birds as decoys; although not limited to, it shall be a violation for any person to take wild waterfowl on an area where tame or captive live ducks, geese or swans (live decoys) are present unless the birds are, and have been for a period of ten (10) consecutive days before hunting, removed from the area or confined within an enclosure which substantially reduces the audibility of their calls and totally conceals the birds from the sight of wild migratory waterfowl.
- **Live decoys** may include but are not limited to the following:
 - » Captive-raised and domestic waterfowl that have been released that do not exhibit the natural wariness of man associated with a wild bird.
 - » Waterfowl that do not leave the area when hands are clapped and/or a shotgun is discharged.
 - » Wounded waterfowl that have gone un-retrieved.
 - » Waterfowl whose wings are either pinioned or whose outer primary feathers have been cut or removed to render flight impossible.
 - » Captive-raised domestic ducks and geese (such as Muscovy ducks, Egyptian geese, etc.) may be considered live decoys if they do not exhibit the natural wariness of man associated with a wild bird.
- » Live ducks, geese, or swans that are either tethered or penned at or near a hunting location.
- It is unlawful to sell **taxidermy-mounted migratory game birds for use as decoys**.
- **It is illegal to use common reed** (i.e. Phragmites) in any manner for the construction of hunting blinds on lands owned or controlled by the Department of Natural Resources.
- It is against the law to construct, or cause to be constructed, **permanent hunting blinds** or tree stands and to leave waterfowl decoys set overnight **on lands owned or controlled by the Department of Natural Resources**, except with written permission from the department.
- It is unlawful to hunt wild **migratory game birds on Sunday**.
- It is against the law to **hunt waterfowl from a sink box** (low-floating device with depression that conceals the hunter beneath the surface of the water).
- It is unlawful to hunt waterfowl **from or with the aid or use of a motor vehicle** or any other motor-driven land conveyance or any aircraft.
- It is illegal to hunt waterfowl **from or by means of any motorboat or sailboat unless** the motor has been completely shut off and /or the sails furled and the boat's progress has ceased.
- It is against the law to hunt migratory game birds **while in possession of any electronic calling device** from which bird calls are conveyed or amplified and to use recordings of migratory game bird calls or sounds or electronically amplified imitations of bird calls **except** while hunting light geese during the Conservation Order Season.
- It is unlawful to **drive, rally or chase waterfowl with any motorized conveyance** or any sailboat to put the birds in the range of hunters.
- **Captive-raised mallard ducks may not be released to the wild except** under the authority of a Regulated Shooting Area Permit (see Regulated Shooting Areas Requirements, pg. 9), Retriever Training Permit or a Field Trial Permit issued by the Department of Natural Resources.

Migratory Game Bird Hunting Devices and Regulations

(For brant, coots, doves, ducks, geese, rails, snipe and woodcock.)

- It is unlawful to possess an air gun, rifle or pistol at any time while hunting brant, coots, ducks and geese.
- **Only shotguns and some archery equipment may be used** to hunt migratory game birds.
- It is illegal to have a loaded air gun or firearm **in, on, or leaning against any vehicle**. This includes ammunition in the magazine or a muzzleloader ready to fire.
- It is unlawful to hunt with **an automatic firearm** capable of firing a series of shots with one continuous pull of the trigger.
- It is unlawful to have a loaded crossbow **in, on or leaning against a vehicle**.
- A cocked crossbow **without a bolt or arrow in the firing position is considered to be unloaded**.
- **It is against the law to shoot on, from or across** any public road.

Shotguns

- Only shotguns that are **10-gauge or smaller** may be used to hunt migratory game birds.
- Shotguns capable of holding more than three (3) shells **must be plugged** with a one-piece filler which cannot be removed from the loading end. Shotguns **cannot hold more than three shells** in the magazine and chamber combined with the following **exceptions**:
 - » when hunting resident Canada geese during the **September Seasons**.
 - » when hunting light geese during the **Light Goose Conservation Order Season**.
- **Muzzleloading shotguns may be used** to hunt all migratory game birds.
- **It is illegal** to take brant, coots, ducks, geese, rails and snipe with **lead shot** and to possess lead shot while hunting them. This restriction includes muzzleloading shotguns and taking captive-raised mallards on licensed Regulated Shooting Areas.
- **Nontoxic shot** (as determined by the United States Fish & Wildlife Service) **must be used** when hunting brant, coots, ducks, geese, rails and snipe. See https://dnr.maryland.gov/wildlife/Pages/hunt_trap/waterfowl_nontoxic_shot.aspx for current information on nontoxic shot.
- Nontoxic **shot larger than No. T** (20 inches in diameter) **may not be used** to hunt brant, coots, ducks, geese, rails and snipe.

- **Hunters may not use or possess shot-gun pumpkin balls, sabots or slugs** while hunting brant, coots, ducks, geese, rails and snipe.
- Doves and woodcock **may be taken** with lead shot.

Archery Equipment

- **Vertical bows may be used** to hunt migratory game birds.
- **Draw locking devices on vertical bows are not permitted** when hunting brant, coots, ducks and geese.

- **Crossbows may not be used** to hunt brant, coots, ducks and geese.
- Crossbows **may be used** to hunt doves, rails, snipe and woodcock.
- The use of poisoned or explosive tipped arrows or bolts **is not permitted**.

Air Guns

- **Air guns may not be used** to hunt migratory birds, **except** air guns that shoot an arrow or bolt may be used to hunt doves and woodcock.

REPORT YOUR BIRD BANDS ONLINE: WWW.REPORTBAND.GOV

Each year state and federal biologists mark tens of thousands of migratory birds with numbered leg bands. Hunters who report bands recovered from harvested birds receive specific information on when and where the bird was banded while providing important information for migratory bird management. The 1-800 telephone number for reporting bird bands has been discontinued. Hunters who recover a banded migratory bird should now use www.reportband.gov. Anyone reporting a band will need the following information: the band number, hunters name and address and the date and location (nearest town) of the harvest.

BLACK BEAR HUNTING

BLACK BEAR SEASON AND BAG LIMIT 2025

DATES	BAG LIMIT
Oct. 20–25	1 per hunter/1 per hunting team

- Black Bear hunting season is open in **Allegany, Frederick, Garrett and Washington counties only**.
- **Only one black bear** may be harvested by a permittee/subpermittee hunting team for the season.
- **Only one** black bear may be harvested per person for the season.
- Black bear **shooting hours** are one-half hour before sunrise to one-half hour after sunset.

General Black Bear Hunting Rules

- A hunter **must carry personal photo identification** (such as a driver's license) or a secondary form of positive identification while hunting.
 - **Written permission is required** to hunt on private land.
 - A **hunting license is required to hunt black bear** (with exceptions). See Hunting Licenses, Stamps and Permits (pgs. 8–13) for Armed Forces information and hunting license costs, exceptions, purchasing, requirements and types.
 - A **Black Bear Hunting Permit is required** to hunt black bear. The bear hunting permit is only available through the **Maryland Black Bear Lottery** process as follows:
 - » The 2025 Maryland Black Bear Lottery will be open to receive applications July 15 through August 31.
 - » **NEW** - The black bear lottery system will include the opportunity to enter a secondary lottery for Washington and Frederick counties.
 - » Hunters will be able to apply through **MD Outdoors** or at any Sport License Agent (see dnr.maryland.gov/Pages/service_agents.aspx).
 - » Each applicant must pay a **\$15 nonrefundable application fee** and **may only enter once**.
 - » Applicants must comply with the Hunter Education and Safety Requirement (pg. 8).
 - » The random **lottery drawing** will be held on September 3, 2025.
 - Hunters will be able to check lottery results by viewing a list of the winning DNRid's at: <https://dnr.maryland.gov/wildlife> by close of business on Wednesday, September 3, 2025.
 - The Department of Natural Resources will issue a limited number of **Bear Hunting**
- Permits** that will be **valid anywhere in Allegany, Frederick, Garrett and Washington counties** and a **limited number valid only in Frederick or Washington counties**.
- Each successful applicant (permittee) **may designate up to two sub-permittees** who will be allowed to participate in every aspect of the hunt.
- ### Preference Point System for the Bear Hunting Permit
- Preference points provide **additional entries in future drawings**.
 - Applicants receive **one additional entry** in the drawing **for each year** they have been a concurrent applicant.
 - Applicants must apply each year to **retain preference points**. Skipping a year will **forfeit** all preference points.
 - All preference points **will be forfeited** upon receiving a Bear Hunting Permit.
 - An applicant that gives up a Bear Hunting Permit **loses all preference points**.
 - Applicants **will not forfeit** preference points by participating in the hunt as a subpermittee.
- ### Black Bear Hunting Regulations
- Only a member of a bear hunting team **may carry a firearm, air gun or bow** while tracking a wounded bear.
 - A retrieved black bear shall **count toward the bag limit of the hunter** who first killed or wounded the bear.
 - **Dogs cannot be used** to hunt bear. **However**, trained tracking dogs may be used to find a dead or wounded bear. The dog handler must maintain physical control of the tracking dogs at all times and only the hunter may carry a firearm, air gun or bow while tracking the bear. Landowner permission must be obtained before tracking with dogs. Prior to tracking the bear, the hunter must notify the Natural Resources Police at 410-260-8888 with the following information:
 - » The name, address, telephone number and hunting license number of the hunter and dog handler;
 - » The general location of the wounded bear; and
 - » The name of the landowner where the search will be conducted.
 - Hunters **may not sell parts of any bear** that has been killed in Maryland.
 - **Bait, scent attractants and electronic calls are prohibited** for bear hunting and any potential bait must be removed at least 10 days prior to bear hunting.
- It is not considered to be hunting with the aid of bait if a hunter **AND** any bear that a hunter shoots at are at least 150 yards from any bait placed for other species (e.g. corn placed to attract deer) that the hunter knows or should have known is present. Salt and mineral supplements are not considered as a source of bait for this species.
 - Hunters may not chase or disturb any bear that has **taken refuge in a den**.
 - All bear hunters and people assisting bear hunters **must wear daylight fluorescent color clothing** (see Fluorescent Color Clothing Requirements and Exceptions, pg. 14).
 - A **person that assists** with the removal of a dead bear or escorts hunters into or out of a bear hunting area is **not required to possess a bear hunting permit and must be unarmed**.
- ### Black Bear Tagging and Check-In Procedures
- A hunter killing a black bear shall **attach a field tag to the carcass** of the black bear **before moving the carcass** from the place of the kill.
 - The **field tag must include** the hunter's name, hunter's DNRid, date of kill, time of kill and the county of kill. Hunters may create their own field tag or use a Field Tag provided in the Maryland Guide to Hunting and Trapping.
 - Proof of sex shall remain attached to all field-dressed bear carcasses.
 - **The bear carcass may be quartered** or separated into pieces to facilitate retrieval. However, the **head and hide shall remain together** and **proof of sex shall remain attached** to one hindquarter.
 - The bear must be **taken to an official bear checking station within 24 hours**. Questions and requests concerning check-in may be referred to the Wildlife and Heritage Service at Mt. Nebo Wildlife Management Area at 301-334-4255.
 - The field tag will be exchanged **for a black bear possession tag** which will be securely attached to the carcass.
 - Successful black bear hunters **shall forfeit any biological data** or specimens necessary to properly manage this species.
- ### Black Bear Hunting Devices and Regulations
- **Telescopic and laser sights** may be used on all devices legal for hunting bear.
 - It is unlawful to have a loaded firearm **in, on or leaning against any vehicle**. This

includes ammunition in the magazine or a muzzleloader ready to fire.

- Firearms used for bear hunting may only shoot one all-lead, lead alloy, or copper soft-nosed or expanding bullet or ball. Sabots are permitted.
- It is **illegal to shoot on, from or across** any public road.

Rifle Regulations

- Breech-loading rifles used for bear hunting must use ammunition developing a **muzzle energy of** at least 1,200 foot pounds. Consult ammunition guides for ballistics information.

Shotgun Regulations

- The shotguns referred to here are **loaded from the breech** of the barrel and use shells.
- **Shotguns** used for bear hunting must be **28 gauge or larger**.
- **Shotgun ammunition** used for bear hunting must shoot a **single solid projectile**.

Handgun Regulations

- The handguns referred to here are **loaded from the breech** of the barrel or rear of the cylinder and use cartridges.
- Handguns used for bear hunting must have a **barrel length of six inches** or more and use ammunition which produces a **muzzle energy of** 700 foot-pounds or more. Consult ammunition guides for ballistics information.

Muzzleloader Regulations

- Bear may be hunted with a **muzzleloading rifle, shotgun or handgun** (both single shot and revolvers).
- To be considered a muzzleloader, a rifle, shotgun or handgun **must be loaded from the muzzle**, and a revolver must be loaded from the front of the cylinder.
- **Flintlock, percussion cap and inline ignition muzzleloaders** are legal hunting devices for bear.
- **Muzzleloading rifles or shotguns used for bear hunting** must be at least .40 caliber in size and must use 60 grains of black powder or more (a black powder equivalent is acceptable) and propel one all-lead, lead alloy or copper soft-nosed or expanding bullet or ball at a single discharge.
- **Muzzleloading handguns used for bear hunting** must be at least .40 caliber with a barrel length of at least six inches and must use 40 grains of black powder or more (a black powder equivalent is acceptable) and propel one all-lead, lead alloy or copper soft-nosed or expanding bullet or ball at a single discharge.

- **Sabot loads are legal** for use in muzzleloaders used for bear hunting.
- **Muzzleloaders are considered unloaded** if the ignition system is disabled by removal of the cap, primer, battery or primer powder.
- It is unlawful to have a loaded firearm in, on or leaning against any vehicle. **This includes a muzzleloader ready to fire.**

Vertical Bow Regulations

- The **vertical bow** shall have a full draw and **pull of 30 pounds or more** for bear hunting.
- **Draw locking devices** are legal on all vertical bows for bear hunting.
- Vertical bow **release aids** are permitted.

Crossbow Regulations

- A **crossbow** used for bear hunting shall have a **draw of 75 pounds or more**.
- All crossbows should have a **working safety**.
- It is **unlawful** to have a loaded crossbow in, on or leaning against any vehicle.
- A cocked crossbow **without a bolt or arrow in the firing position is considered to be unloaded**.

Air Gun Regulations

- An air gun is defined as any gun that propels a projectile by means of non-ignited compressed air or other gas. Projectiles include bullets, arrows or bolts.
- Certain air guns may be used to hunt bear.
- To be legal for bear hunting an air gun must:
 - » Shoot one .40 caliber or larger bullet or ball at a single discharge which generates at least 400 foot-pounds of muzzle energy; or
 - » Shoot an arrow or bolt at least 18 inches in length with a minimum speed of 300 feet per second at release with a sharpened broadhead with metal points and a minimum width of 7/8 inch.
- The use of poisoned or explosive-tipped arrows or bolts is not permitted.
- It is unlawful to have a loaded air gun **in, on or leaning against a vehicle**.
- An air gun with the projectile removed is **considered to be unloaded**.

Regulations Pertaining to Both Vertical Bows and Crossbows

- Arrows used for bear hunting **must have a sharpened broadhead** with metal points and a minimum width of 7/8 of an inch.
- The use of poisoned or explosive-tipped arrows **is not permitted**.

SMALL GAME HUNTING

SUNDAY SMALL GAME HUNTING 2025–2026

The following small game species may be hunted on all Sundays during their open seasons with these restrictions, in these counties and locations.

Eastern cottontail rabbits, gray squirrels, eastern fox squirrels, red squirrels, quail (closed in Garrett and Allegany counties), ruffed grouse and pheasants.

COUNTY	LOCATION	SHOOTING HOURS
Allegany, Cecil, Garrett, St. Mary's and Washington	Private and designated public lands*	Shooting hours are the same as Monday through Saturday
Calvert, Caroline, Charles, Dorchester, Queen Anne's, and Talbot	Private lands only	Legal shooting hours on Sundays are from ½ hour before sunrise until 10:30 am
Somerset	Private lands and public land leased to a hunt club only	Legal shooting hours on Sundays are from ½ hour before sunrise until 10:30 am
Wicomico and Worcester	Private and designated public lands*	Legal shooting hours on Sundays are from ½ hour before sunrise until 10:30 am

* **Designated public lands** open to Sunday hunting in **Allegany** (Billmeyer-Belle Grove WMA, Dan's Mountain WMA, Green Ridge SF, McCoole FMA, Sideling Hill WMA, Warrior Mountain WMA), **Cecil** (C&D Canal Lands, Earlvile WMA, C&D Canal Lands, Grove Farm WMA, Old Bohemia WMA), **Garrett** (Cunningham Swamp WMA, Garrett SF, Mt. Nebo WMA, Potomac SF, Savage River SF), **St. Mary's** (Salem SF, Saint Inigoes SF), **Washington** (Indian Springs WMA, Prather's Neck WMA, Sideling Hill WMA), **Wicomico** (Ellis Bay WMA, Chesapeake Forest Lands, Johnson WMA, Nanticoke River WMA, Wetipquin WMA), and **Worcester** (Chesapeake Forest Lands, E. A. Vaughn WMA, Hickory Pt. Wildlands, Isle of Wight WMA, Pocomoke SF, Pocomoke River WMA)

Small Game Includes: crows, pheasant, quail, rabbits, ruffed grouse and squirrels.

The Delmarva fox squirrel and snowshoe hare may not be hunted in Maryland.

General Small Game Hunting Rules

- Daily small game shooting hours are one half hour before sunrise to one half hour after sunset. See the Sunday hunting chart for Sunday hours within certain counties.

- A hunter **must carry personal photo identification** (such as a driver's license) or a secondary form of positive identification while hunting.
- Written permission is required** to hunt on private land.
- A **hunting license is required to hunt small game** (with exceptions). See Hunting Licenses, Stamps and Permits (pgs. 8–13) for Armed Forces information and hunting license costs, exceptions, purchasing, requirements and types.
- Daylight fluorescent color clothing is required** to hunt small game except crows (see Fluorescent Color Clothing Requirements and Exceptions, pg. 14).

- The use of decoys, calls and/or recordings **may be used for crow hunting**.
- It is **against the law to hunt any animal other than deer on the first day of Deer Firearms Season, except coyotes**.

Small Game Hunting Devices and Regulations

- Firearms, archery equipment and air guns that shoot bullets, arrows or bolts may be used to hunt small game.
- Shotguns **cannot hold more than three shells** in the magazine and chamber combined. Shotguns capable of holding more than three shells **must be plugged** with a one-piece filler which cannot be removed from the loading end.
- Telescopic and laser sights** may be used on all devices legal for hunting small game.
- It is illegal to have a loaded air gun or firearm **in, on or leaning against any vehicle**. This includes ammunition in the magazine or a muzzleloader ready to fire.
- All crossbows should have a **working safety**.
- It is unlawful to have a loaded crossbow **in, on or leaning against any vehicle**. A cocked crossbow **without a bolt or arrow in the firing position is considered to be unloaded**.
- It is **illegal to shoot on, from or across any public road**.
- It is unlawful to cast the rays of **an artificial light** from a vehicle on woods, fields, orchards, livestock, wild mammals or birds, dwellings or buildings (see General Regulations for exceptions, pg. 14).

SPECIAL OPPORTUNITY FOR NEW, LAPSED AND YOUTH HUNTERS: STOCKED PHEASANT HUNTS

The Maryland Department of Natural Resources will once again be offering "do-it-yourself" hunts for stocked pheasants. Apprentice license holders, junior license holders, new hunters and hunters who have previously held a Maryland hunting license but have let it lapse are eligible to apply. The pheasant hunts will take place on public lands across the state on November 22 and 23, 2025. Application information, days, locations and other resources are available at: https://dnr.maryland.gov/wildlife/Pages/hunt_trap/Mentored-Hunt-Program.aspx.

For additional information please use the web address listed above or contact Chris Markin at Christopher.Markin@maryland.gov.

SMALL GAME SEASONS, BAG LIMITS, LOCATIONS 2025–2026

ALL SUNDAY HUNTING DATES ARE IN CERTAIN COUNTIES ONLY, SEE CHART.

	SPECIES	OPEN SEASON	LOCATION	BAG LIMIT	POSSESSION LIMIT
MAMMALS	EASTERN COTTONTAIL RABBIT	Nov. 1–Feb. 28	All counties	4 per day	8
	SQUIRREL GRAY, RED (PINEY) AND EASTERN FOX	Sept. 6–Feb. 28	All counties	6 per day	12
	DELMARVA FOX SQUIRREL	Closed Season			
BIRDS	QUAIL	Closed Season	Allegany and Garrett counties	—	—
		Closed Season	Lands owned or managed by the Department of Natural Resources east of the Susquehanna River	—	—
		Nov. 1–Jan. 15	Private lands east the Susquehanna River and all lands west of the Susquehanna River, excluding Garrett and Allegany Counties	6 per day	12
	RUFFED GROUSE	Oct. 4–Dec. 31	All counties	2 per day	4
	PHEASANT	Nov. 1–Feb. 28	All counties	2 per day- either sex	4
	CROW	Aug. 15–Mar. 15 Wed. – Sat. only	All counties	No limit	No limit

FURBEARER HUNTING & TRAPPING

SUNDAY FURBEARER HUNTING 2025–2026

The following furbearer species may be hunted on all Sundays during their open seasons with these restrictions, in these counties and locations.

Coyotes, fishers, foxes, opossums, raccoons and skunks.

COUNTY	LOCATION	SHOOTING HOURS
Allegany, Cecil, Garrett, St. Mary's and Washington	Private and designated public lands*	Shooting hours are the same as Monday through Saturday
Calvert, Caroline, Charles, Dorchester and Queen Anne's	Private lands only	Legal shooting hours on Sundays are from ½ hour before sunrise until 10:30 am
Somerset	Private lands and public land leased to a hunt club only	Legal shooting hours on Sundays are from ½ hour before sunrise until 10:30 am
Wicomico and Worcester	Private and designated public lands*	Legal shooting hours on Sundays are from ½ hour before sunrise until 10:30 am

* **Designated public lands** open to Sunday hunting in **Allegany** (Billmeyer-Belle Grove WMA, Dan's Mountain WMA, Green Ridge SF, McCoolle FMA, Sideling Hill WMA, Warrior Mountain WMA), **Cecil** (C&D Canal Lands, Earlville WMA, C&D Canal Lands, Grove Farm WMA, Old Bohemia WMA), **Garrett** (Cunningham Swamp WMA, Garrett SF, Mt. Nebo WMA, Potomac SF, Savage River SF), **St. Mary's** (Salem SF, Saint Inigoes SF), **Washington** (Indian Springs WMA, Prather's Neck WMA, Sideling Hill WMA), **Wicomico** (Ellis Bay WMA, Chesapeake Forest Lands, Johnson WMA, Nanticoke River WMA, Wetipquin WMA), and **Worcester** (Chesapeake Forest Lands, E. A. Vaughn WMA, Hickory Pt. Wildlands, Isle of Wight WMA, Pocomoke SF, Pocomoke River WMA)

Furbearers include: beaver, bobcat, coyote, fisher, gray fox, long-tailed weasel, mink, muskrat, opossum, raccoon, red fox, river otter and skunk

The bobcat may not be taken in Maryland.

Woodchuck and Nutria

The **woodchuck** (groundhog) is classified as an “**unprotected mammal.**” As such:

- A **hunting license and furbearer permit are not required** to hunt woodchucks.
- Woodchucks **may be hunted throughout the year**, including Sundays.
- Hunters **must wear daylight fluorescent color clothing** while hunting woodchucks.
- All **hunting devices legal for other game animals** may be used to hunt woodchucks.

Through the long-term efforts of state and federal agencies, nutria are now considered to be eradicated within Maryland.

Daily furbearer **shooting hours** are one half hour before sunrise to one half hour after sunset (unless otherwise specified).

Furbearer Seasons, Bag Limits, Locations and Resident Requirements	pg. 55
Furbearer Permit and Exceptions and Trapper Education Requirements	pg. 56
Furbearer Hunting and Chasing Regulations	pg. 56
Furbearer Trapping Regulations	pg. 57

General Furbearer Regulations

- A hunter **must carry personal photo identification** (such as a driver's license) or a secondary form of positive identification while hunting.
- **Written permission is required** to hunt or trap on private land.
- A **hunting license is required to hunt or trap** furbearers (with exceptions). See Hunting Licenses, Stamps and Permits (pgs. 8–13) for Armed Forces information and hunting license costs, exceptions, purchasing, requirements and types.
- A **Nonresident Hunting License and Nonresident Trapping License are required** of nonresidents **to trap furbearers** in Maryland (pg. 10).
- A Furbearer Permit **is required to hunt, chase or trap any furbearer in Maryland** (see Furbearer Permit and Exceptions, pg. 56).
- The furbearers that **may be hunted and trapped** are:
 - » coyote
 - » fisher
 - » gray fox
 - » opossum
 - » raccoon
 - » red fox
 - » skunk

- The following species **may only be trapped**:
 - » beaver
 - » long-tailed weasel
 - » mink
 - » muskrat
 - » river otter
- Destroying or disturbing **furbearer dens** is prohibited.
- A permit is required to possess **the meat or skinned carcass of a furbearer** for more than 10 days after the season has closed. Permits can be obtained from the Natural Resources Police (see pg. 6 for addresses).
- The pelt or unskinned carcasses of all **fisher and river otter** harvested must be tagged within 15 days after the season has closed. Fisher and otter pelt tags may be obtained by contacting local offices of either the Wildlife and Heritage Service or Natural Resources Police (pg. 6).
- Trappers are required to submit the whole, skinned carcass of any **river otter harvested in Allegany and Garrett** counties to the Wildlife and Heritage Service. Call 301-777-2136, Western Regional Wildlife Office.
- The pelts or unskinned carcasses of furbearers harvested in Maryland that are transported across the state line must have a “**Fur Shipping Tag**” accompanying them. These tags are available through MD Outdoors or by contacting local offices of either the Wildlife and Heritage Service or Natural Resources Police.
- **On Wildlife Management Areas** in Caroline, Dorchester, Somerset, Wicomico and Worcester Counties: only trapping permit holders or their appointees **can hunt or trap furbearers** between Nov. 15 and March 15.
- **Fox Restrictions:** Some counties have local restrictions governing fox hunting and trapping and the possession of foxes and/or their pelts. For detailed information, contact local law enforcement authorities. The following regulations apply:
 - » In Charles and Dorchester counties, a person may hunt and trap fox or possess the pelt of a fox any time of the year.
 - » It is unlawful to kill a fox being pursued by dogs in Cecil, Harford, Kent and Wicomico counties.
- **Daylight fluorescent color** clothing is not required to hunt or trap furbearers.
- **Sunday hunting for certain furbearers is permitted** with restrictions in some counties and locations. See the Sunday hunting chart.

FURBEARER SEASONS, BAG LIMITS, LOCATIONS AND RESIDENT REQUIREMENTS 2025–2026

ALL SUNDAY HUNTING DATES ARE IN CERTAIN COUNTIES ONLY, SEE CHART.

SPECIES	OPEN SEASON	LOCATION	BAG LIMIT	POSSESSION LIMIT
BEAVER – TRAPPING ONLY	Dec. 15–March 15	All counties except Allegany and Garrett	No limit	No limit
	Dec. 1–Mar. 15	Allegany and Garrett counties	No limit	No limit
BOBCAT	Closed Season			
COYOTE FIREARMS, ARCHERY AND AIRGUN HUNTING	Coyotes may be hunted year-round in all counties, day and night		No limit	No limit
COYOTE AND LONG-TAILED WEASEL TRAPPING	Coyote: Nov. 15–Feb. 28 Long-Tailed Weasel: Nov. 15–Feb. 15	in that portion of the state east of the Chesapeake Bay and the Susquehanna River	No limit	No limit
	Coyote: Nov. 1–Feb. 15 Long-Tailed Weasel: Nov. 1–Feb. 1	in that portion of the state west of the Chesapeake Bay and the Susquehanna River	No limit	No limit
FISHER	Nov. 1–Feb. 1	All counties	2 per day	2 per season
FOX (RED AND GRAY) TRAPPING, FIREARMS, ARCHERY AND AIRGUN HUNTING	Aug. 1–July 31	Charles and Dorchester counties	No limit	No limit
	Nov. 15–Feb. 28	Caroline, Cecil, Kent, Queen Anne's, Somerset, Talbot, Wicomico and Worcester counties	No limit	No limit
	Nov.1–Feb. 15	Allegany, Anne Arundel, Baltimore, Calvert, Carroll, Frederick, Garrett, Harford, Howard, Montgomery, Prince George's, St. Mary's and Washington counties	No limit	No limit
MUSKRAT AND MINK TRAPPING ONLY	Nov. 15–Feb. 15	Allegany, Carroll, Frederick, Garrett, Howard and Washington counties	No limit	No limit
	Jan. 1–March 15	Anne Arundel, Calvert, Caroline, Charles, Dorchester, Montgomery, Prince George's, St. Mary's, Talbot and Wicomico counties	No limit	No limit
	Dec. 15–March 15	Baltimore, Cecil, Harford, Kent, Queen Anne's, Somerset and Worcester counties	No limit	No limit
RIVER OTTER – TRAPPING ONLY	Dec. 15–March 15	All counties except Allegany, Carroll, Frederick, Garrett, Howard, Montgomery and Washington	10 per day	10 per season
	Dec. 15–March 15	Carroll, Frederick, Howard, Montgomery and Washington counties	2 per day	2 per season
	Dec. 1–March 15	Allegany and Garrett counties	1 per day*	1 per season*
	Trappers are required to submit the whole, skinned carcass of any river otter taken in Allegany or Garrett counties. Call 301-777-2136, Western Regional Office.			
RACCOON AND OPOSSUM CHASING - NO KILL	Aug. 1–Oct. 14 March 16–July 31	All counties	—	—
RACCOON AND OPOSSUM FIREARMS, ARCHERY, AIRGUN AND DOG HUNTING	Oct. 15–March 15	Raccoons and opossums may be hunted in all counties, day and night	No limit	No limit
RACCOON, SKUNK AND OPOSSUM TRAPPING	Nov. 15–March 15	in that portion of the state east of the Chesapeake Bay and the Susquehanna River	No limit	No limit
	Nov. 1–March 15	in that portion of the state west of the Chesapeake Bay and the Susquehanna River		
SKUNK – FIREARMS, ARCHERY AND AIRGUN HUNTING	Nov. 1–March 15	All counties	No limit	No limit

FURBEARER HUNTING & TRAPPING

Furbearer Permit and Exceptions and Trapper Education Requirements

Furbearer Permit

- A Furbearer Permit is required to hunt, chase or trap any furbearer.
- A Furbearer Permit (pg. 10) is required of persons participating in the unarmed chasing of fox and raccoons and it is required of those Who May Hunt Without a License (pg. 12) to hunt, chase or trap any furbearer.
- An Individual Furbearer Permit can be purchased by anyone. Those who use it for trapping must meet the conditions of the Trapper Education Requirement listed on this page.
- A representative of an association or group that chases or hunts furbearers may obtain the Group Furbearer Permit. Members or guests of an association or group with a Group Furbearer Permit are not required to have an Individual Furbearer Permit. A Group Furbearer

Permit holder must submit a report to the Department of Natural Resources by September 1 following the end of each permit year.

Furbearer Permit Exceptions

Those who are not required to have a Furbearer Permit are:

- A person who possesses a **Wildlife Damage Control Permit** and is engaging in the control of fur-bearing mammals in accordance with the terms and conditions of the permit.
- A landowner who possesses a **Landowner Wildlife Damage Control Permit**.
- A person who possesses an Apprentice Hunting License.
- A Furbearer Permit is also not required for:
 - » A **landowner** to destroy a muskrat that is damaging an embankment or impoundment.
 - » A **landowner** to hunt or trap a coyote, fox or skunk that is damaging or destroying the personal or real property of the landowner on their land.
 - » The **owner of a marsh** or the owner's employees to hunt any raccoon which destroys a muskrat or its home in a marsh area within the state.
 - » A **landowner** or the landowner's agent to set or use traps or similar devices at any time to trap raccoons or opossums which are damaging property.

Trapper Education Requirement

- Any person who traps or attempts to trap furbearers under the authority of a Furbearer Permit must first obtain a **Certificate of Trapper Education from the Department of Natural Resources (or a designee of the department)**.
- The **Certificate is not required** if the person possesses an apprentice hunting license or held a Furbearer Permit prior to August 1, 2007.
- Any similar certificate **issued by another state is acceptable** as complying with the educational requirements if the privileges are reciprocal for Maryland residents.
- For information about Trapper Education Courses, please contact the **Natural Resources Police, Outreach Unit**, 305 Marine Academy Drive, Suite 1, Stevensville, MD 21666, 410-643-8502 or visit: dnr.maryland.gov/nrp/Pages/trapped.asp
- All trappers are encouraged to participate in a trapper education course. These courses are held statewide.

Furbearer Hunting and Chasing Regulations

- **Firearms, archery equipment and air guns may be used to hunt** coyote, fisher, gray fox, opossum, raccoon, red fox and skunk.
- A hunter pursuing these furbearers must possess a valid Furbearer Permit.
- It is **illegal to shoot** a beaver, long-tailed weasel, mink, muskrat or river otter.
- Some counties have local **restrictions governing fox** hunting, trapping and the possession of foxes and/or their pelts. For detailed information, contact local law enforcement authorities. The following regulations apply:
 - » In **Charles and Dorchester** counties, a person may hunt and trap fox or possess the pelt of a fox any time of the year.
 - » It is unlawful to kill a fox being pursued by dogs in **Cecil, Harford, Kent and Wicomico** counties.
- An unarmed person participating in an **organized fox chase** may chase foxes on Sundays.
- Fox hunting **with the aid of dogs** is prohibited during the deer Firearms Season with the exception of unarmed fox chasing.
- **Daytime and nighttime hunting for foxes** is permitted during the legal harvest season for foxes.
- It is unlawful to hunt any animal other than deer on the first day of Deer Firearms Season, except coyotes.
- **Coyotes** may be hunted, day and night, year-round in all counties.
- **Raccoons** that are destroying muskrats and/or their dens may be hunted any time of the year by owners of the affected marshlands or their employees.
- The **use of artificial light** and/or dogs is permitted while hunting coyotes, foxes, opossums or raccoons on foot.
- Coyotes, fishers, foxes, opossums, raccoons and skunks can be hunted with the aid of **electronic calling devices**.
- **Telescopic and laser sights** may be used on all devices legal for hunting furbearers.
- It is **against the law to shoot on**, from or across any public road.

Firearms

Taking coyote, fisher, gray fox, opossum, raccoon, red fox and skunk with firearms is subject to these regulations:

- A shotgun **may not** hold more than three shells in the magazine and chamber combined.

- **Rifles and handguns** may be used. Full metal-jacketed, incendiary, or tracer bullets **may not be used**.
- **Muzzleloading** rifles, shotguns and handguns may be used. To be considered a muzzleloader, a rifle, shotgun or handgun must be loaded from the muzzle, and a revolver must be loaded from the front of the cylinder. Muzzleloaders are considered unloaded if the ignition system is disabled by removal of the cap, primer, battery or primer powder.
- It is illegal to have a loaded firearm **in, on or leaning against any vehicle**. This includes ammunition in the magazine or a muzzleloader ready to fire.

Archery Equipment

Taking coyote, fisher, gray fox, opossum, raccoon, red fox and skunk with archery equipment is subject to these regulations:

- **Vertical bows** may be used. Draw locking devices and release aids are legal for hunting these furbearers.
- **Crossbows** may be used. All crossbows should have a **working safety**.

- The use of poisoned or explosive-tipped arrows or bolts **is not permitted**.
- It is illegal to have a **loaded crossbow** in, on or leaning against a vehicle.
- A cocked crossbow **without a bolt or arrow in the firing position is considered to be unloaded**.

Air Guns

- Air guns that shoot bolts, bullets, or arrows **may be used** to take coyote, fisher, gray fox, opossum, raccoon, red fox and skunk.
- It is unlawful to have a loaded air gun **in, on or leaning against a vehicle**.
- An air gun with the projectile removed **is considered to be unloaded**.

Unarmed Fox Chasing

Unarmed fox chasing is not included in the statutory definition of hunting. However, it is subject to Department of Natural Resources regulations. Individuals participating in the unarmed chasing of fox must possess an **Individual Furbearer Permit** or be a part of an organized group that possesses a **Group Furbearer Permit** (see pgs. 10 and 56).

Additional permits may also be required to chase foxes on certain public lands. All activities on Department of Natural Resources owned and managed properties are subject to the department public land regulations.

Furbearer Trapping Regulations

- **NEW**—Anyone who uses a snare, trap or another similar device to capture wildlife must include their DNRid number either stamped on the device or affixed by metal tag. Any trap placed on private property that is owned or rented by the person placing the device, is exempt from this requirement.
- **It is unlawful to tamper with** and remove the catch from **any legally set trap**.
- All individuals who trap furbearers must possess a **Furbearer Permit** (pgs. 10 and 56) unless exempt from the requirement.
- **Written permission is required** to trap or hunt on another person's property, including publicly owned properties. See 'Public Hunting lands' (pgs. 60-63) for additional information.

FURBEARER HUNTING & TRAPPING

- It is illegal to set or maintain any **foot-hold, body-gripping or snare trap** within 150 yards of a permanent human residence with the following **exceptions**:
 - » These traps can be used on state, federal or private wetlands.
 - » These traps can be used on lands that qualify for agricultural assessment, timberlands and lands used for reforestation.
 - » Body-gripping traps with a diameter of less than six inches can be used when completely submerged in water.
 - » In Harford and Howard counties: landowners and lessees of privately-owned land may use these traps **on their property** as long as they are not within 150 yards of **another person's permanent residence**.
- **Traps must be checked** once per calendar day except those traps that are set in water or tidal marshes which must be checked once per two days.
- **In tidal areas**, landowners and their agents or lessees have **exclusive rights to muskrats** and other furbearers above the mean low water line.
- Any furbearer caught during the legal trapping season for that species **may be released** on site, but **may not be transported** from the point of capture unless it has been killed.
- Animals caught during the closed season for that species **must be released on site**.

Legal Trapping Devices

Body-gripping traps, box traps, foothold traps and snares are legal trapping devices and are subject to compliance with the following restrictions and conditions:

Body-Gripping Traps

Body-gripping traps with a diameter **greater than eight inches** can be set when partially or totally submerged in water.

Body-gripping traps with a diameter of **eight inches or less** can be set above ground in bogs, flooded non-tidal wetlands, fresh water marshes, tidal wetlands, wooded swamps, in areas where water covers the surface of the soil or in areas where the soil is waterlogged to the surface. In all other areas these traps may be set when partially or totally submerged in water.

Foothold Traps

The use of **toothed or serrated jawed** traps is prohibited. All traps must possess smooth jaws.

Traps set above the waterline must not exceed a maximum jaw spread of $5\frac{3}{4}$ inches. Traps set below the waterline and completely submerged cannot exceed a maximum jaw spread of $7\frac{3}{4}$ inches. (Jaw spread means the distance between the inside of both jaws, when measured across the trap jaws on a line perpendicular to a line drawn through the jaw pivot points when the trap is in the set position.)

In Anne Arundel, Baltimore, Howard, Montgomery and Prince George's counties **foothold traps cannot be set to capture**

furbearers unless completely submerged in water with the following exceptions:

- Traps can be set above the waterline on farmland by the owner(s) of the property, members of owner(s) immediate family that reside on the property and the landowner(s) agent, tenant or lessee.
- Traps can be set above the waterline in response to wildlife control concerns by authorized agents of the Department of Natural Resources, and according to guidelines established by the department.

Snare Traps

It is **illegal** to use, sell, possess, set, place or maintain a **snare trap** in Anne Arundel, Baltimore, Carroll, Cecil, Harford, Montgomery and Prince George's counties.

FALCONRY HUNTING

Falconry Regulations

- Hunting with birds of prey (here referred to as Falconry) is permitted **one half hour before sunrise to one half hour after sunset**, Sunday through Saturday **except**:
 - » Migratory game birds may not be hunted on Sunday.
- A **valid hunting license and a Falconry Permit** are required to hunt with birds of prey.
- A **Maryland Migratory Game Bird Stamp, a valid hunting license and a Falconry Permit** are required to hunt

migratory game birds with birds of prey.

- Falconry Seasons for Migratory Game Birds are listed on page 47.
- The Falconry Season for squirrels (red, gray and eastern fox) is from September 1 to March 31.
- The Falconry Season for ruffed grouse is from October 1 to March 31.
- The Falconry Season for ring-necked pheasant (either sex), bobwhite quail and cottontail rabbit is from November 1 to March 31. All bobwhite quail hunting is prohibited on lands owned or managed by the Department of Natural Resources east of the Susquehanna River.

- Hunters using birds of prey are required to follow the daily **bag limits and possession limits** set for those species being taken.
- Hunters using birds of prey are encouraged, but **not required to wear day-light fluorescent color clothing**.
- Potential falconers should know the possession of birds of prey is closely regulated by federal and state law.

For more information, contact the Permits Coordinator for the Wildlife and Heritage Service at wildlifepermits.dnr@maryland.gov or 301-501-0202.

JUNIOR HUNTER CERTIFICATES

Junior Hunter Certificates are available through the Department of Natural Resources Junior Hunter Certificate Agents. Junior Hunters (age 16 and under) are eligible for these special commemorative certificates for their deer, turkey or bear taken during the 2025–2026 hunting seasons. Certificates are available through the Official Junior Hunter Certificate Agents listed below.

Connect-Discover-Hunt
Maryland Mentored Hunt Program

Interested in learning to hunt or mentoring a new hunter?

Scan the code to get involved!

Scan the QR Code for a First Harvest Certificate

You can receive a certificate for each of your first harvests of many game species.

All hunters are invited to participate including Mentored Hunters.

Use this QR code to access the First Harvest Certificate order form.

Email a photograph to be included on the certificate.

The Maryland Wildlife and Heritage will create the certificate and send you a hard copy and/or electronic copy.

Public Hunting Lands

Public hunting lands consist of Cooperative Wildlife Management Areas, Fishery Management Areas, Maryland-National Capital Park and Planning Commission managed lands, State Forests including Chesapeake Forest Lands, State Parks (which include Natural Environment Areas and Natural Resources Management Areas), Wildlife Management Areas and other county, federal, municipal and state properties that allow hunting. The following bullets and list contain information about those public hunting lands managed by the Department of Natural Resources.

- Hunting and trapping is permitted in accordance with state and federal laws and the restrictions for each area.
- Only temporary stands and blinds may be used and must be removed at the end of each day.

- Target shooting is permitted only at designated shooting ranges.
- The use of hunting dogs is permitted.
- Possession or use of hunting devices is prohibited in state forests and state parks outside of regular open hunting seasons.
- On Chesapeake Forest Lands an individual may not hunt within 150 yards of an occupied building or camp and within 150 feet of any exterior Chesapeake Forest Lands boundary. See dnr.maryland.gov/forests/Pages/chesapeakeforestlands.aspx for maps, conditions, regulations and information on CFLs.
- Maps of public hunting lands are available on the Department of Natural Resources website (dnr.maryland.gov). A consolidated listing of areas for hunters with mobility impairments can also be found on this website at dnr.maryland.gov/publiclands/Pages/accessibleactivities.aspx?activity=AccessibleHunting.

- Hunters should contact the appropriate managing authority for information on public hunting opportunities not listed here, such as National Wildlife Refuges, military installations, or other government-owned properties.
- CFL - Chesapeake Forest Land
- CWMA - Cooperative Wildlife Management Area
- FMA - Fishery Management Area
- MNCPPC - Maryland-National Capital Park and Planning Commission
- NEA - Natural Environment Area
- NRMA - Natural Resources Management Area
- WMA - Wildlife Management Area

ARCHERY HUNTING AT LIBERTY, LOCH RAVEN AND PRETTYBOY RESERVOIRS

Special rules and regulations for hunting are in effect on the Liberty, Loch Raven and Prettyboy Reservoirs. By accepting the permit, the permittee agrees to having read and accepted these rules and regulations governing the Liberty, Loch Raven and Prettyboy Reservoirs established by the City of Baltimore, Director of Public Works.

- Parking or driving motor vehicles of any description except on hard surfaced roads is prohibited.
- No fires are permitted on the watershed areas at any time.
- Hunting is permitted only from one half hour before sunrise to one half hour after sunset.
- No hunting within 50 feet of high water shoreline.
- No hunting is allowed south of Liberty Road (MD Rt. 26) on Liberty Reservoir in Baltimore County.
- Hunters must adhere to all regulations established by the Baltimore City Bureau of Water and Wastewater.
- Hunters are warned against the disposal of refuse and trash on the watershed area, and violators will be prosecuted in accordance with the law.
- Although not recommended by Baltimore City Department of Public Works, the use of patented portable tree stands is permitted.
- Portable tree stands must be removed at the end of each day.
- Masks or other face gear shall be removed upon leaving the woods and when approaching within 100 yards of another person.
- Permits are valid for the entire season for the taking of game, except waterfowl, WITH ARCHERY EQUIPMENT ONLY at Liberty and Prettyboy Reservoirs.
- On Loch Raven Reservoir, the permit is valid for deer hunting only with archery equipment in designated areas.
- It is illegal to bait for hunting.
- On Loch Raven Reservoir hunting is prohibited on the Torrey C. Brown Rail Trail/NCR Trail.
- Deer archery hunters hunting during the Junior Deer Hunting Days, Deer Firearms and Deer Muzzleloader Seasons are required to wear day-light fluorescent color clothing.
- Archery Hunting Permits for Liberty, Loch Raven and Prettyboy Reservoirs are available online at dnr.maryland.gov/wildlife/Documents/Reservoir-Permit.pdf.
- For reservoir hunting questions call 410-356-9272.

ARCHERY HUNTING PERMIT FOR THE LIBERTY, LOCH RAVEN AND PRETTYBOY RESERVOIRS 2025-2026

Complete the information below and keep this section with your hunting license. **This permit must be in your possession while hunting on the above areas.**
