DIRECTOR'S MESSAGE

Is it *really* time to start applying for 2022 big game tags already? If you're like me, you're still kicking the dust off your boots from hunting with friends and family last season!

Well, as the old idiom goes: "time flies when you're having fun," and while we as a department are known to have fun from time to time, we want to assure you, the hunter, that despite the Nevada's various natural threats as of late—including drought and wildfires—that we continue to strive to bring you the best hunting opportunities even during these trying times.

As sportsmen and women, we have many successes from the past year and many reasons that despite our challenges, we should continue to hold our heads high. One reason to hold our heads high is the success of the Department's First Come, First Served program. For those who haven't heard of the program, it allows for increased hunting opportunities by reissuing tags that would have gone unused in years past. The program helped us meet management objectives, while increasing your chances at securing a tag. Just how many hunters were able to use the program? For reference, in 2019 and 2020—before the program was adopted—more than 2,000 tags (between 3–4 percent of the total tags) were returned with either no alternate or insufficient time for reissuance and went completely unused. In 2021, there were 11 tags unused, which translates to about 0.04 percent. That amounts to 560 antlered mule deer, 173 antelope horns longer than ears, 102 bull elk, and 7 desert bighorn sheep ram tags were up for grabs that would have gone unused in past years. The end result is more hunting opportunities for you, with nearly 85 percent of First Come, First Served tags going directly to Nevada residents.

In recent years, the Department has implemented our "get online, get outside" mentality, which translates to improved technology resulting in more time spent in the field. We hope that you too see the value in improvements like the First Come, First Served program. We're all about making it easier for you to access the outdoors, both in-person and online.

Speaking of online, I'm happy to announce the launch of our modern, interactive, and user-friendly ndow.org website. The responsive and mobile-friendly design makes it easier for the public to access information about hunting, fishing, boating, and Nevada's wildlife. Head on over to the new site and check it out. We are constantly updating and improving it to enhance your experience.

I wish you the best of luck this year in drawing your desired tag, whether it's your first or 50th time hunting in this great state! If you or friends of family are unsuccessful in the draw this year, visit ndowlicensing.com beginning around August and keep an eye on the First Come, First Served queue. You never know if your favorite hunt might make its way into your crosshairs when you least expect it.

Sincerely,
Tony Wasley – Director, Nevada Department of Wildlife

NEW REGULATIONS KEEP UP TO DATE

KNOW BEFORE YOU GO

In recent years, Nevada has adopted several new hunting regulations. Here are a few that you may not be aware of. Be sure to know before you go!

Keep in mind that these are simply synopsis of the laws. Visit leg.state.nv.us to read the Nevada Revised Statutes in their entirety. It is your responsibility to know and follow the law.

TOP-5 RECENT REGULATION CHANGES

TRAIL CAMERA NAC 503.1485

Trail cameras can be a great way to view game; however, there are laws in place determining their usage. With certain exemptions, it is illegal to place, maintain, or use a trail camera on public land from August 1 - December 31 of each year. It is illegal to use a trail camera July 1 - December 31 of each year if the camera is capable of transmitting images, video, or location of wildlife.

SHED ANTLERS NAC 503.172

Hunting for shed antlers has become popular in Nevada. A person shall not take or gather shed antlers from or on any public land located in Elko, Eureka, Lander, Lincoln, Nye, or White Pine Counties at any time from January 1 - April 30. A shed antler collection certificate is required for collecting May 1 - June 30. NDOW offers a shed-hunting course, which can be accessed at ndow.org.

THERMAL IMAGING/OPTICS NAC 503.145

With increased optic technology comes an increased need to keep the playing field level. A person shall not possess or use electronic night-vision equipment, electronically enhanced light-gathering devices, thermal imaging devices, infrared night-vision equipment, or any other comparable equipment or device used to enhance night-vision while hunting or taking any game mammal or game bird or while locating game mammals or game birds for the purpose of hunting. This does not limit the use of a sight attached to a firearm, bow or crossbow that is powered by a battery contained within the sight, is illuminated by light gathering fiber optics, or uses a radioactive isotope such as a tritium.

DRONE/UNMANNED AIRCRAFT NAC 503.148

Drones have many uses, but hunting isn't one of them. A person shall not, for the purpose of hunting, locate or observe, or assist a person in locating or observing, any big game mammal, game bird or fur-bearing mammal in a management unit described in NAC 504.210 during the period beginning on July 1 and ending on the last day of February of each calendar year with the use of an aircraft.

ELECTRONIC LICENSE NRS 502.120

Hunters are required to possess a license in the field and have the ability to show it. This includes electronic versions.

Funds raised from licensing and application sales help contribute to the conservation of Nevada's wildlife and habitats.

NEVADA

ELIGIBILITY
INFORMATION

SPECIES ELIGIBILITY:

Applicants may only obtain one tag per species in a year. This means that eligible persons may apply for all categories of a species but only obtain one (1) tag of that species during the current year's season. This includes Silver State and PIW specialty tag options.

SPECIES CATEGORIES:

- Junior, Antlered, and Antlerless Mule Deer
- Antlered, Antlerless, Depredation, and Spike Elk
- Antelope Horns Longer and Horns Shorter Than Ears
- Ram and Ewe Bighorn Sheep, including all subspecies (California, Desert and Rocky Mountain)
- Mountain Goat
- Bear
- Mountain Lion

FAQS:

Q: I am in a waiting period for Antlered Elk, can I apply for the Spike Elk hunt?

A: Yes. Antlered Elk and Spike Elk are considered two separate bonus point and hunt categories.

Q: If I apply for all available elk hunts, how many elk tags can I obtain during the year's season?

A: Only one (1) Elk tag per season regardless of what draw or tag program you receive the tag through.

Q: I am eligible for a Rocky Mountain Bighorn Ram hunt. Can I apply for the Desert Bighorn Ewe hunt?

A: Yes. As long as you are eligible to apply for that hunt.

Q: Can I purchase an Antelope Horns Shorter Than Ears tag through the First Come, First Served program if I drew an Antelope Horns Longer Than Ears tag in the main draw?

A: No. A person is only allowed one (1) tag of the same species during a single year's season.

Q: Will I use my Antlered Elk bonus points if I purchase an Antlerless Elk tag through the First Come, First Served program?

A: No. Your points for Antlerless Elk will be used but not your points for Antlered Elk. Bonus points are also not necessary in order to purchase a tag through the First Come, First Served program.

HOW DOES
THE DRAW
SYSTEM WORK?

All applications, regardless of species or gender, are assigned a random number. Applications with bonus points are assigned additional random numbers by squaring the bonus point total and adding one for the current year (however only the lowest number within the bonus point application is used). Applications are drawn in sequential order starting with the lowest random number then evaluated within the following group order:

GROUP #1

Silver State, Partnership in Wildlife (PIW), and Junior Mule Deer

GROUP #2

Rocky Mountain Bighorn Sheep Ram, California Bighorn Sheep Ram, Nelson (Desert) Bighorn Sheep Ram, Elk Antlered, Elk Depredation Antlered, Antelope Horns Longer than Ears, Mule Deer Antlered, Mountain Goat, and Bear.

GROUP #3

California Bighorn Sheep Ewe, Nelson (Desert) bighorn Sheep Ewe, Elk Antlerless, Elk Depredation Antlerless, Antelope Horns Shorter than Ears, and Mule Deer Antlerless.

GROUP #4

Spike Elk, Management 1-Horned Ram

This allows applicants to put in for all species and gender classifications they wish to hunt, without worry of drawing a less preferred tag over a more preferred, due to changes in eligibility requirements (i.e. because you are now only allowed to draw a single tag for each species or subspecies category). For instance, in this draw order, if you draw an Antlered Elk tag early in the draw process, your application for Antlerless Elk will not be considered. However, you can apply for both Antlered and Antlerless Elk in the same draw and not worry about your Antlerless tag being drawn first before Antlered Elk.

NEVADA BIG GAME SEASONS (CR 21-03)

LIMITS AND HOURS

The limit is one animal per tag and the hunting hours are one-half hour before sunrise to one-half hour after sunset for all big game hunts, unless otherwise specified.

Important: The quotas listed are from the 2021 big game seasons. Big game quotas will not be set until the May 2022 Commission meeting in order to accommodate the most current data on big game herds. New hunts, dates or units added to a hunt are marked in **bold blue italics**.

Note: Standard dates for opening and closing of seasons are set by calendar date and not based on a Saturday opening and Sunday closing.

BEFORE YOU APPLY

The Department maintains several informational resources on our website at ndow.org to help with planning your hunt including: Hunter Information Sheets (facts on terrain, vegetation, land ownership, hunter access, map references, local services and recommended hunting areas), hunt application advisories, big game demand, hunter success rates, harvest point class and bighorn sheep age and scores.

BIG GAME MAIN DRAW ELECTRONIC TAG RETURN

Within seven (7) days of public release of draw results, the successful tag recipient can choose to electronically return his or her tag at ndowlicensing.com.

IMPORTANT INFORMATION FOR 2022

First Come, First-Served:

The First Come, First Served (FCFS) program that was newly implemented in 2021 offered left over or returned tags with no eligible alternate for purchase to anyone who was eligible to hunt that tag. Suspicious Activity suspensions from the FCFS program will be applied to a customer's account if it is determined that the account is attempting to create an unfair advantage or actively abuse the program. (CR 22-02)

Awarded or Successfully Drawn Tags:

A tag is awarded or successfully drawn at the time of the drawing of an applicant's name, the purchase of an official tag, or the offer, grant, assignment, or any similar action of an official tag. Customers will have 7-days to complete the purchase of their big game tag following their success in the draw. If at the time the 7-days has ended and the applicant has not completed a successful purchase, the customer will be treated as a successful applicant in regards to applied waiting periods and loss of bonus points. The tag will be offered to the next available alternate, subsequent draw or in the FCFS program. (CGR 499 adopted by the Commission Nov. 2021)

Hunt News

- New this year is a Nelson (desert) bighorn ram management "One-Horn" hunt in select unit groups. The shortest horn must be less than half the length of the longest horn. See page 15.
- Depredation antlered elk hunts in Unit 115 must adhere to a five-point antler restriction. See page 17.
- Resident Nelson (desert) bighorn sheep hunt in Unit 132 has been combined with Units 131 and 164.
- The mountain goat hunt in Unit 102 will include Unit 121 because a mountain goat was observed in Unit 121 in 2021.
- California bighorn sheep Ram will now be offered as a Silver State tag. See page 30.

HELICOPTERS AND YOUR HUNT

Each year, the Nevada Department of Wildlife conducts about 1,000 hours of surveys with two Department helicopters to determine the productivity and distribution of wildlife species from mule deer to eagles. Wildlife surveys are essential to harvest regulation, and the Department strives to avoid conducting surveys during hunting seasons. Unfortunately, due to weather and demands associated with optimal survey timing, the Department sometimes must conduct surveys during seasons when a hunt may be ongoing. We are asking hunters to recognize that a survey may occur during any open hunting season, although the Department will strive to avoid this to the best extent possible.

NEVADA MULE DEER HUNTS

RESIDENT

JUNIOR MULE DEER HUNTS

ANTLERED OR ANTLERLESS

Junior youth tag holders can harvest an antlered or antlerless deer. This tag allows the junior hunter to hunt during the archery season when the unit is open for archery only; to hunt with a muzzleloader when the unit is open for muzzleloader only; and to hunt with any legal weapon when the unit is open for any legal weapon. If a junior hunt applicant is unsuccessful in drawing a tag, bonus points will be awarded for the junior hunt.

Note: Any bonus points accrued in the junior hunt will automatically transfer to the antlered deer category at the time the junior hunter becomes ineligible for the junior hunt by either age, or after 5 years of application for the junior hunt.

Junior youth must be 12 years old prior to the opening of each hunt choice applied for (usually Archery), and will not attain their 18th birthday until after the last day of the last season applied for (usually Any Legal Weapon). An eligible junior hunter may apply no more than 5 years.

SPECIALTY TAGS

Specialty tags provide enhanced opportunities for hunters to experience the thrill of the chase outside of the conventional constraints set for the big game units and seasons. Not only are hunters rewarded with the potential for a hunt of a lifetime, but revenues generated from specialty tags are deposited into specific accounts designated solely for wildlife conservation projects that help the habitats, species and ultimately citizens of Nevada. Specialty tags may be awarded through the application and draw process or purchased through an event auction and provide the tag holder perks that include but are not limited to longer season structures, potential to obtain multiple tags in a year for a single species, the ability to utilize any open unit

of our great state, and no loss of bonus points for the acquisition of a tag.

An applicant can only obtain one tag per species, this includes Partnership in Wildlife (PIW) and Silver State tags. A person can be awarded and purchase a tag of the same species outside of the draw, this includes the Heritage and Dream tag options. Winners of the Dream tag must return their Department awarded tag only if both the Dream and Department tag match in species and category. Ex) A person may keep their Antlerless Elk tag if they are the winner of the Antlered Elk Dream tag. A person must return their Antlered Elk tag if they are the winner of the Antlered Elk Dream tag.

Alternate or party hunt options are not available for any specialty tag. Specialty tag quotas are not restricted by residency except PIW mule deer.

GENERAL APPLICATION INFORMATION

All hunt applications for big game tags must be submitted online at ndowlicensing.com. Applications received by mail will not be accepted. Initial draw results will be posted online at ndowlicensing.com no later than 48 hours after the completion of the draw. Draw results will be made available online once customer accounts have been updated.

A second drawing will be held for all big game tags that remain after the completion of the Main Draw. Eligible residents and nonresidents may apply for any remaining tags during the Second Draw application period, with the exception of the junior Mule Deer hunt tags, which will only be available to eligible resident applicants. Bonus points for ALL big game species will be available for purchase during the Second Draw application period.

Each applicant will need to apply and purchase licenses under their own account. Applications can be edited or withdrawn in a customer's account under the Application and Points sec-

tion up until the close of the application period. Applicants can choose up to five (5) different units and seasons per species and gender so long as there are five (5) different hunt choices available. Utilizing all five (5) choices is highly recommended to maximize an applicant's chances of receiving a tag.

A successful applicant will have seven (7) days to complete the payment of their tag directly following the results of a draw. If at the end of the seven (7) days a payment has not been completed, the successful applicant will be treated as if they received the tag in regard to waiting periods applied and bonus point costs while the tag will be offered to the next available alternate, subsequent draw, or for purchase in the First Come, First Served program.

The completion of a harvest return card is mandatory to any successful tag holder regardless of a successful take during the season. Applicants will be prevented from applying for a species in the following year's application period if they did not submit a return card for a tag held the prior year. Customers can complete the return card found in their account and pay a \$50 fee to lift the penalty and proceed with the current year's application.

HOW WILDLIFE IS THRIVING BECAUSE OF GUNS & HUNTING

Since the late 1930s, hunters, target shooters and the firearms industry have been the nation's **LARGEST** contributors to **conservation**, paying for programs that benefit America's wildlife and all who love the outdoors.

HOW IT WORKS

This System Has Provided

MORE THAN \$12.5 Billion

For Conservation So Far

Where the Money Goes

Buy, develop, maintain and operate wildlife management areas

Research projects focused on wildlife conservation

Hunter safety and education programs

Construction and maintenance of public target shooting ranges

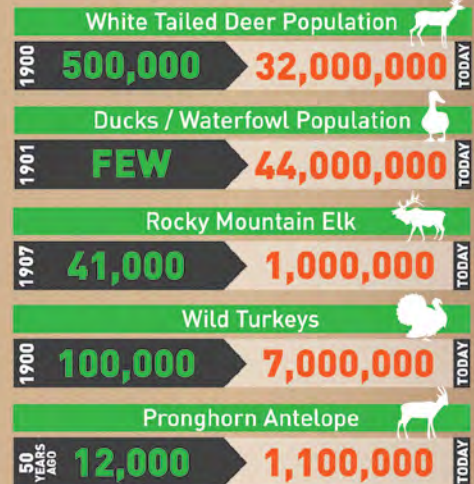

Quick History

• **Early 1900s**
As many wildlife species are dwindling in numbers or disappearing, firearms industry steps forward and asks Congress to redirect excise tax on sale of guns and ammo to help fund wildlife conservation.

• **1937**
Congress passes and President Franklin D. Roosevelt signs the Pittman-Robertson Federal Aid in Wildlife Restoration Act into law.

• **1938 to today:**
Revenue from this act has purchased millions of acres of prime habitat that is maintained by state wildlife agencies. These lands, where game and non-game species flourish, are purchased with sportsmen's dollars but used by all Americans.

THEN & NOW

OTHER WAYS SPORTSMEN CONTRIBUTE

Excise taxes combined with revenue from hunting and fishing license sales fund the majority of state wildlife agency budgets.

\$81 Million
CONTRIBUTED ANNUALLY

Duck stamp proceeds are used by the government to buy or lease wetland habitat for ducks, geese and hundreds of non-game birds and animals.

BIG GAME TAG LIMITS

Except as otherwise provided by regulation, a person may only **obtain** one (1) big game tag per species or subspecies per year, with the following exception:

- An eligible person may obtain Heritage tags, Mule Deer or Pronghorn Antelope Landowner Damage Compensation tags, Elk Incentive tags, and Antlerless Elk Landowner tags in addition to any tags obtained through a draw process.

BIG GAME SECOND DRAW ELIGIBILITY

A second drawing will be held for all mule deer, pronghorn antelope, black bear, elk, mountain goat and bighorn sheep tags that remain after the completion of the big game main draw process. Eligible residents and nonresidents may apply for **any** remaining tags during the big game second draw application period, with the exception of the junior mule deer and antlerless mule deer hunt tags, which will only be available to eligible resident applicants.

BIG GAME HUNT SURVEY

The issuance of a big game tag includes an online big game hunt survey that tag recipients are required to complete, regardless of whether or not they hunted or harvested big game. The big game hunt survey may be submitted online at ndowlicensing.com or by telephone at 1-855-542-6369.

Except as otherwise noted, successful hunters for bighorn sheep ram, mountain goat and bear who have their harvest physically inspected at a Department office will not be required to return a survey. (Refer to pages 14, 16 and 26)

Properly completed big game hunt surveys must be submitted before **5 p.m. (pacific time) on January 31** following the close of the hunt season for which the tag was issued, with the exception of hunts that end on or after January 31, which must be properly completed and submitted before 5pm (pacific time) on February 28 following the close of the hunt season for which the tag was issued.

ALTERNATES

Selecting to be an alternate adds the applicant to a list of hunters willing to accept a tag exactly matching their first-choice application if one should be returned to the Department. Alternates are awarded by lowest assigned draw number provided in the Big Game Main Draw. An alternate can receive a tag anytime from the results released from the main draw up until 14 business days prior to the opening of the tag's hunt season. (NAC 502.4175 and 502.421)

FIRST COME, FIRST SERVED

Following the big game second draw, any remaining tag quotas with no eligible alternate will be available for purchase to eligible cus-

tomers through a first come, first served basis. Remaining Junior Mule Deer, Rocky Mountain Bighorn, and Mountain Goat tags will only be available to eligible resident hunters. All big game application eligibility rules will apply to the purchase of a tag through the FCFS program and will only be available for purchase online at ndowlicensing.com. Customers must be at least 12 years old at the time of a FCFS purchase on a hunt season that is already in progress. Customers will be limited to adding one (1) tag to their cart in a seven (7) day period. A suspicious activity suspension from the FCFS program will be applied to any account found trying to attempt to create an unfair advantage or actively abuse the program. (CR 22-02)

SHOOTING CAN CAUSE WILDFIRES

- ✓ Exploding targets, incendiary rounds and tracer ammunition are illegal on all public lands
- ✓ Don't shoot into rocks or metal objects and place targets in areas free of vegetation

every application that is unsuccessful in the computerized draw for an established species category. The bonus point system grants an applicant one random draw number for each bonus point that has been accumulated going into the drawing for that species category. Each bonus point random draw number is in addition to the application random draw number. The total number of accumulated points is squared and added to the current application to arrive at the total number of random draw numbers that will be assigned to the application for that species category (e.g. Hunter has two bonus points entering draw: $2^2 (2 \times 2=4) + 1$ (for current application) = 5. Applicant receives five random numbers for draw) This system provides applicants with an added chance of receiving a low random number in the draw, hence improving their draw odds, while still providing a chance (no matter how small) for any applicant.

BONUS POINT PROGRAM GUIDELINES
NAC 502.4187-4189
AND NAC 502.4225

Residents and nonresident tag applicants receive bonus points for all hunts that have a quota set by the Wildlife Commission when they are unsuccessful in drawing a tag through the computerized random draw system. In addition to deer, elk, antelope, sheep, goat and black bear

applicants also receive bonus points for wild turkey. Prior to applying or during the application process applicants must purchase the hunting or combination hunting and fishing license to earn bonus points.

Bonus points are awarded by specific species categories, each encompassing all separate weapons hunts available in that category. These categories are: antlered mule deer, antlerless mule deer, antlered Rocky Mountain elk, antlerless Rocky Mountain elk (antlerless elk), spike Rocky Mountain elk, Pronghorn antelope whose horns are longer than their ears, Pronghorn antelope whose horns are shorter than their ears, mountain goat and black bear. Rams, from each of the following subspecies: Nelson (desert) bighorn sheep, California bighorn sheep and Rocky Mountain bighorn sheep. Ewes, from each of the following subspecies: Nelson (desert) bighorn sheep, California bighorn sheep and Rocky Mountain bighorn sheep.

Those points cannot be transferred to another person or into another species category.

Applicants are only able to accumulate one bonus point per species category per hunting license. So, if you applied for any legal weapon tag and were unsuccessful, and then applied for an archery tag in a separate draw, and were unsuccessful, you still only accrue one point because these are both in the antlered deer category.

However, if you apply for any legal weapon

tag, and are unsuccessful, and then apply for a doe tag in separate draws, and are unsuccessful, you would receive a bonus point for each because they are in two different categories – antlered deer and antlerless deer. Depredation and management hunts do not earn bonus points.

Those applying as a "party hunt" will have their points averaged (total points of all hunters in the party, divided by the number of hunters) and rounded to the closest whole number. Bonus points are squared by species category, resulting in the number of draw numbers that an individual hunter or hunt party will receive in that drawing.

A hunter's bonus points revert to zero in a particular species category when he is successful at obtaining a tag or fails to apply for two consecutive years.

Because the draw numbers that determine whether or not a hunter draws a tag are generated randomly across all applications, there is no guarantee that a hunter will draw a tag for the species category because he or she may have more bonus points than anyone else.

BONUS POINT PROGRAM EXCEPTIONS
NAC 502.4187

Bonus points are not awarded for depredation hunts or management hunts. (Refer to NACs 502.4188 and 502.4189)

This Year's Wounded Hero: Edward Stockton

This year's wounded hero is Ed Stockton, Vietnam veteran, from Yerington, Nevada. Edward was born July 1945 in Hanford, CA. He attended both grade school and high school in Laton, CA. He was raised hunting and fishing as most kids and participated in sports growing up. He graduated from high school in 1964 and attended Reedley Junior College in Reedley, CA. He played football and baseball and made first team all-league as a flanker in football and 2nd team pitcher in baseball. He was drafted by the US Army and reported to Fresno, CA and he was sworn in on January 19, 1967.

"I went through boot camp at Fort Ord, CA. Once boot camp was over I was transferred to Fort Lewis, WA for advanced training. I thought I was in good shape being an athlete, but I found out I wasn't. I graduated and was given the rank of corporal. A few months later, I reported to Oakland and waited for orders to ship out and after two weeks I received the orders to go to Hawaii. I arrived in Hawaii and was told that my unit was at the airport getting ready to depart for Vietnam. I was fed and was told that I would be taken to my unit later in the afternoon. As it turned out I was left behind in Hawaii and was placed in the 11th Infantry Brigade-Light. This unit was formed in Hawaii and went to Vietnam in December 1967 and became part of the new 23rd Infantry (American) Division.

"While in Vietnam I received word that my father passed away and I was granted leave and was flown home to attend his funeral. I went back to Vietnam and our unit ended up about 17 miles south of Da Nang on LZ Baldy. I was called in and told that I would be home and out of the service by Christmas and was going on R & R to Hong Kong. Five days later I received a wound to the left hand. I was operated on in the field but it was raining too hard to be flown by chopper to Da Nang. Later I was operated on in Japan, March Airforce Base in Riverside, CA and two more times at the Presidio in San Francisco, CA. While at the Lettermen's Hospital, I was awarded the Purple Heart and it was presented to me by Governor Ronald Reagan and his wife Nancy. I was honorably discharged from the Army on April 30, 1969."
