

HOW TO USE THESE TABLES

Many Nevada hunting regulations restrict the activities to specific times. The laws and regulations may specify sunrise to sunset, one half hour before sunrise to sunset, one hour before sunrise to two hours before sunset, etc.

Consult the specific regulation pamphlet for the activity you are interested in. These are available at all NDOW offices and most license agents. Then use the sunrise/sunset table for the location nearest to your hunt to determine the legally authorized time to start and/or stop your activity. These tables are accurate in the vicinity specified with less than a two (2) minute error. **These tables are Pacific Standard Time, so do not forget to add one hour for daylight savings time from March 13 - November 6.**

Please Note: A more complete listing of sunrise/sunset tables is available at ndow.org.
